Item 2 File 23-0473	Department: San Francisco International Airport (Airport)
--------------------------------------	---------------------------------------------------------------------

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolution would (1) approve the issuance of up to \$6,060,195,000 aggregate principal amount of San Francisco International Airport (Airport) Second Series Refunding Revenue Bonds to refinance bonds and subordinate bonds; (2) approve the issuance of up to \$60,525,000 aggregate principal amount of Airport Special Facilities Bonds to refund bonds issued to finance fuel storage and delivery facilities; (3) approve the issuance of up to \$262,530,000 aggregate principal amount of Airport Special Facilities Bonds to refund bonds issued to finance the Airport Hotel; (4) approve revolving lines of credit and term loans in an available principal amount, together with the aggregate outstanding principal amount of subordinate bonds issued as commercial paper notes, up to \$600,000,000; (5) approve the purchase of bonds or subordinate bonds by the Airport; (6) approve maximum interest rates, maturity dates, and number of issues; and (7) approve certain resolutions of the Airport Commission and other related matters.

Key Points

- The proposed resolution would approve the issuance of approximately \$6.1 billion of Airport Refunding Bonds. In addition to the \$1.1 billion in Refunding Bonds that have been authorized but unissued, the Airport would have capacity to issue approximately \$7.2 billion in Refunding Bonds. This is intended to provide the authority for the Airport to issue Refunding Bonds for debt eligible for refunding through 2028.
- Although the proposed resolution also approves refunding Special Facility bonds, at this time, the Airport does not anticipate that refunding those bonds would produce debt service savings for the Airport. However, the Airport has requested this authority to provide financial flexibility and allow for refinancing if interest rates decline.
- The proposed resolution would continue to authorize the Airport to enter into letters of credit and commercial paper notes and, for the first time, authorize revolving lines of credit and term loans, together up to \$600 million.

Fiscal Impact

- The proposed resolution would approve the issuance of approximately \$6.1 billion of Airport Refunding Bonds, \$60.5 million in SFO Fuel Bonds to refinance the fuel distribution system, and \$262.5 million in SFO Hotel Bonds to refinance the Airport Hotel.
- The Airport pays approximately \$3 million per year for letters of credit to support its commercial paper notes. The costs between a letter of credit and revolving line of credit are similar, and the Airport does not expect a significant difference between the cost of revolving lines of credit compared to letter of credit support.

Recommendation

- Approve the proposed resolution.

MANDATE STATEMENT

City Charter Section 4.115 states that the Airport Commission has exclusive authority to plan and issue Airport revenue bonds for Airport-related purposes, subject to the approval, amendment, or rejection of the Board of Supervisors.

City Charter Section 9.107 states that the Airport may issue revenue bonds without voter approval, subject to Board of Supervisors' approval.

Administrative Code Section 2.62 states that such revenue bonds shall bear a rate of interest not to exceed that which may be fixed and prescribed by the Airport Commission, subject to the approval or rejection of the Board of Supervisors.

BACKGROUND

Airport Revenue and Refunding Bonds

The San Francisco International Airport (Airport) issues Airport revenue bonds, as authorized by the 1991 Master Bond Resolution. The 1991 Master Bond Resolution has been supplemented and amended 23 times since its original publication. Since 2008, the Board of Supervisors has authorized the issuance of \$10.8 billion in Airport revenue bonds to finance capital projects (Capital Plan Bonds). The Board of Supervisors last authorized an increase of \$3 billion in bonds in January 2020 (File 19-1124). The Airport has issued approximately \$6.6 billion in Capital Plan Bonds, leaving approximately \$4.2 billion in Capital Plan Bonds that remain authorized by unissued.¹

The Board of Supervisors has authorized the issuance of \$11 billion in Airport bonds to refinance outstanding debt (Refunding Bonds). The Airport has issued approximately \$9.9 billion in Refunding Bonds, which have resulted in net present value debt service savings of approximately \$672.9 million to date, leaving approximately \$1.1 billion in Refunding Bonds that remain authorized but unissued. In April 2023, the Airport Commission approved an Omnibus Resolution which authorized the issuance of an additional \$6.1 billion in Refunding Bonds, as well as other actions described below.

Special Facilities Bonds

SFO Fuel Bonds

In 1997, a consortium of airlines operating at the Airport created SFO Fuel Company LLC for the purpose of leasing, constructing, and operating the fuel systems at the Airport. In 1997 and 2000, the Airport Commission issued Special Facilities Lease Revenue Bonds to finance the costs of acquisition, construction, modification, expansion, and installation of jet fuel storage and distribution systems. In 2010, the Board of Supervisors approved the issuance of \$125 million of Special Facilities Revenue Bonds (SFO Fuel Bonds) to potentially refund the previously authorized bonds (File 10-1579). In 2019, the Airport issued \$125 million in principal amount of SFO Fuel

¹ According to Senior Administrative Analyst Tran, the bond authorization limit is cumulative, so repayment or refinancing of bonds does not increase the Airport's bond issuance capacity.

Bonds to refinance all outstanding fuel bonds and finance two new fuel storage tanks. Debt service on SFO Fuel Bonds is paid by rents that SFO Fuel Company pays to the Airport under its lease agreement, which in turn is recovered by payments charged by SFO Fuel Company to the airlines for its services. According to Tyler Tran, Airport Senior Administrative Analyst, the outstanding principal amount of SFO Fuel Bonds is approximately \$98.3 million.

SFO Hotel Bonds

In 2015, the Board of Supervisors approved the sale of \$243 million of General Airport Revenue Bonds and \$225 million of Hotel Special Facility Revenue Bonds (SFO Hotel Bonds) to finance the construction of a 351-room hotel at the Airport (File 15-0987). Due to an increase in construction costs, in 2017, the Board of Supervisors approved an additional sale of \$35 million of General Airport Revenue Bonds and \$35 million of SFO Hotel Bonds to complete the project (File 17-0696).

The Airport used the proceeds from the General Airport Revenues Bonds to purchase the SFO Hotel Bonds. The Airport has a trust agreement with Bank of New York Mellon Trust Company to hold the SFO Hotel Bonds and transfer debt service payments, which are paid by hotel revenues, to the Airport. In February 2021, the Board of Supervisors approved an Amended Hotel Trust Agreement that reduced the hotel's interest rate due to declining revenues under the COVID-19 pandemic (File 21-0007). Under the Amended Hotel Trust Agreement, debt service payments were suspended from October 1, 2020 through April 1, 2023, and interest rates were reduced from three percent to 0.086 percent through October 1, 2023 and would gradually increase back to three percent by April 1, 2029. According to Senior Administrative Analyst Tran, the outstanding principal amount of SFO Hotel Bonds is approximately \$260 million.

Commercial Paper

The Airport uses commercial paper as short-term financing for capital projects, allowing the Airport to meet construction cash flow requirements prior to issuing longer-term bonds.² The Board of Supervisors has authorized the Airport to issue \$600 million in commercial paper (File 21-0070). According to Senior Administrative Analyst Tran, the Airport's outstanding commercial paper principal amount is approximately \$286 million.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would:

- (1) approve the issuance of up to \$6,060,195,000 aggregate principal amount of Airport Second Series Refunding Revenue Bonds to refinance bonds and subordinate bonds;
- (2) approve the issuance of up to \$60,525,000 aggregate principal amount of Airport Special Facilities Bonds to refund bonds issued to finance fuel storage and delivery facilities;

² Commercial paper is a short-term debt instrument with maturities limited to 270 days. Commercial paper typically has a much lower interest rate than long-term debt. According to Senior Administrative Analyst Tran, the Airport's commercial paper notes are typically repaid or rolled over approximately three to four months after issuance.

- (3) approve the issuance of up to \$262,530,000 aggregate principal amount of Airport Special Facilities Bonds to refund bonds issued to finance the Airport Hotel;
- (4) approve revolving lines of credit, term loans, commercial paper notes, and subordinate bonds with a collective amount not to exceed \$600,000,000;
- (5) approve the purchase of bonds or subordinate bonds by the Airport;
- (6) set maximum interest rates, maturity dates, and number of issues of such capital plan bonds, refunding bonds, subordinate bonds, and special facilities bonds; and
- (7) approve certain resolutions of the Airport Commission and other related matters.

Refunding Bonds

The proposed resolution would approve the issuance of approximately \$6.1 billion of Airport Refunding Bonds. In addition to the \$1.1 billion in Refunding Bonds that have been authorized but unissued, the Airport would have capacity to issue approximately \$7.2 billion in Refunding Bonds. According to Senior Administrative Analyst Tran, this resolution is intended to provide the authority for the Airport to issue Refunding Bonds over the next five years.

According to Senior Administrative Analyst Tran, potential uses of Refunding Bonds may include:

- \$293.4 million in Fixed Rate Bonds eligible for refunding in May 2023;
- \$473.6 million in Fixed Rate Bonds eligible for refunding in May 2024;
- \$802.9 million in Fixed Rate Bonds eligible for refunding in May 2026;
- \$571.6 million in Fixed Rate Bonds eligible for refunding in May 2027;
- \$839.1 million in Fixed Rate Bonds eligible for refunding in May 2028;
- \$654 million in Commercial Paper;³
- \$3.1 billion in advanced refunding of bonds;⁴ and
- \$276.3 million in refunding Variable Rate Bonds.

Special Facilities Bonds

The proposed resolution would approve the issuance of approximately \$60.5 million in SFO Fuel Bonds and \$262.5 million in SFO Hotel Bonds to refinance outstanding bonds issued to finance the fuel storage and delivery facilities and the Airport Hotel. At this time, the Airport does not anticipate that refunding would produce debt service savings for the Airport. However, the Airport has requested this authority to provide financial flexibility and allow for refinancing if interest rates decline.

As the Airport owns the SFO Hotel Bonds, the Airport may either refinance the bonds using the same structure or sell the refunding SFO Hotel Bonds to other investors and use the proceeds to

³ This amount includes the \$600 million maximum commercial paper principal amount and up to \$54 million in interest.

⁴ Advanced refunding is when the proceeds of a refunding issue are held longer than 90 days before being used to pay debt service on the refunding issue and are therefore subject to higher taxes.

refund general Airport revenue bonds that were used to purchase the SFO Hotel Bonds. The Airport has not decided on which approach it would take were it to refund SFO Hotel Bonds.

Credit & Commercial Paper

The proposed resolution would continue to authorize the Airport to enter into revolving lines of credit, term loans, and subordinate bonds issued as commercial paper notes, up to \$600 million. According to Senior Administrative Analyst Tran, this is intended to provide the Airport with an alternative to commercial paper, in the event that the market incentivizes lines of credit over commercial paper for short-term borrowing.

The Airport maintains letters of credit with the following banks:

- State Street Bank and Trust Company (\$100 million, expires May 2, 2024),
- Sumitomo Mitsui Banking Corporation, (\$100 million, expires April 7, 2027),
- Barclays Bank PLC (\$100 million, expires May 24, 2024),
- U.S. Bank National Association (\$100 million, expires November 15, 2023),
- Barclays Bank PLC (\$125 million, expires April 23, 2027), and
- Bank of America, N.A. (\$75 million, expires May 4, 2026)

The Airport intends to replace the U.S. Bank National Association letter of credit that expires in November 2023 with another letter of credit provided by Sumitomo Mitsui Banking Corporation.

Other Terms

The proposed resolution would set the following maximum interest rates for Airport bonds: (1) 12 percent for tax-exempt fixed-rate bonds; (2) 16 percent for taxable fixed-rate bonds; and (3) 18 percent for variable rate bonds. The proposed resolution also limits all Airport bond terms to 40 years. Bond sales may be competitive or through direct placement. These parameters are consistent with past resolutions authorizing Airport revenue bonds (Files 10-1579, 19-1124).

Debt Policy

According to the Airport's debt policy, refunding bonds may only be issued if the net present value of the debt service savings is (a) equal to at least three percent of the remaining principal of the refunded bonds, or (b) equal to at least one percent of the principal remaining principal of the refunded bonds and it is unlikely, in the judgment of the municipal advisors, that a future refunding would realize greater savings.

The debt policy also states that credit facility providers must have long-term credit ratings of at least A2/A/A and short-term credit ratings of P-1/A-1/F1, from at least two rating agencies.

Board of Supervisors Approval

Under City Charter Sections 4.115 and 9.107, the Board of Supervisors approves the Airport Commission's authority to issue Airport revenue bonds, but not each sale (as is the case with general obligation bonds).

FISCAL IMPACT

Refunding Bonds

The proposed resolution would approve the issuance of approximately \$6.1 billion of Airport Refunding Bonds. In addition to the \$1.1 billion in Refunding Bonds that have been authorized but unissued, the Airport would have capacity to issue approximately \$7.2 billion in Refunding Bonds.

According to a good faith estimate prepared by PFM Financial Advisors, the true interest cost for the \$7.2 billion in Refunding Bonds is estimated to be 4.53 percent. With an average 20-year Refunding Bond term length, the total payment amount with interest is estimated to be approximately \$12.7 billion, including an estimated issuance cost of \$23.2 million. This represents debt service savings of approximately \$80.8 million compared to the original terms of the Capital Plan Bonds, or net present value savings of 1.27 percent, consistent with the Airport’s debt policy. Airport bonds are paid by Airport operating revenues.

SFO Fuel Bonds

The proposed resolution would approve the issuance of approximately \$60.5 million in SFO Fuel Bonds to refinance the Airport’s fuel distribution system.

According to PFM’s good faith estimate, the true interest cost for the \$60.5 million in SFO Fuel Bonds is estimated to be 4.54 percent. After paying a cost of issuance of approximately \$0.4 million, the net bond proceeds would be \$60.1 million. With an average 16-year SFO Fuel Bond term length, the total payment amount with interest is estimated to be approximately \$103.7 million. This was included in the Omnibus Resolution to provide financial flexibility in case the Airport needs to restructure the bonds, but it is not expected to provide any debt service savings.

SFO Hotel Bonds

The proposed resolution would approve the issuance of approximately \$262.5 million in SFO Hotel Bonds to refinance the Airport Hotel.

According to PFM’s good faith estimate, the true interest cost for the \$262.5 million in SFO Hotel Bonds is estimated to be 4.53 percent. After paying a cost of issuance of approximately \$1.8 million, the net bond proceeds would be \$260.7 million. With an average 22-year SFO Hotel Bond term length, the total payment amount with interest is estimated to be approximately \$525.5 million. This was included in the Omnibus Resolution to provide financial flexibility in case the Airport needs to restructure the bonds, but it is not expected to provide any debt service savings.

Commercial Paper/ Credit

The proposed resolution would continue to authorize the Airport to enter into letters of credit and commercial paper notes and, for the first time, authorize revolving lines of credit and term loans, together up to \$600 million. According to Senior Administrative Analyst Tran, the Airport pays approximately \$3 million per year for letters of credit to support its commercial paper notes. The costs between a letter of credit and revolving line of credit are similar, and the Airport does not expect a significant difference between the cost of revolving lines of credit compared to letter

of credit support. Borrowing is repaid by rolling over debt or repayment with longer-term debt. Ongoing costs to maintain credit facilities are paid by Airport operating funds.

RECOMMENDATION

Approve the proposed resolution.

FROM: Airport Director

SUBJECT: Bond Resolution Confirming and Extending Prior Commission Resolutions Regarding the Airport's Bonds and Subordinate Bonds, Authorizing Additional Refunding Bonds and Authorizing Bonds to Refund Existing Special Facility Bonds, and Delegating to the Airport Director Authority to Undertake Certain Other Debt-Related Matters

DIRECTOR'S RECOMMENDATION: ADOPT RESOLUTION CONFIRMING AND EXTENDING PRIOR COMMISSION RESOLUTIONS REGARDING THE AIRPORT'S BONDS AND SUBORDINATE BONDS, AUTHORIZING ADDITIONAL REFUNDING BONDS AND AUTHORIZING BONDS TO REFUND EXISTING SPECIAL FACILITY BONDS, AND DELEGATING TO THE AIRPORT DIRECTOR AUTHORITY TO UNDERTAKE CERTAIN OTHER DEBT-RELATED MATTERS.

Executive Summary

The purpose of the attached Bond Resolution (Omnibus Resolution) is to consolidate Airport Commission (Commission) authorizations and approvals received to date into a single resolution. This consolidation will eliminate the process to cross-check multiple resolutions in order to identify and confirm that any particular authorization is in place, and that the terms of that authorization are being observed.

Additionally, the Omnibus Resolution confirms and extends a number of prior authorizations of the Commission with respect to: (1) certain bonds of the Commission; (2) commercial paper; (3) direct purchase transactions; (4) credit and liquidity facilities; (5) lines of credit; (6) fiduciary services agreements; (7) disclosure matters; (8) swap transactions; (9) removal, replacement, and selection of other parties; (10) termination and amendment of agreements; and (11) federal tax law matters. Further detail about each of these categories is listed below.

LONDON N. BREED MAYOR ELEANOR JOHNS PRESIDENT MALCOLM YEUNG VICE PRESIDENT EVERETT A. HEWLETT, JR. JANE NATOLI JOSE F. ALMANZA IVAR C. SATERO AIRPORT DIRECTOR

Capital Plan Bonds Authorizations

The Omnibus Resolution confirms the prior resolutions of the Commission (Capital Plan Bond Resolutions) authorizing the issuance from time to time of \$10.8 billion of bonds to finance capital projects at the Airport (Capital Plan Bonds). The Airport has issued approximately \$6.6 billion of Capital Plan Bonds pursuant to the Capital Plan Bond Resolutions, leaving approximately \$4.2 billion of these Capital Plan Bonds that remain authorized but unissued pursuant to the Capital Plan Bond Resolutions. The Omnibus Resolution does not authorize the issuance of any additional Capital Plan Bonds.

Refunding Bonds Authorizations

The Omnibus Resolution confirms the prior resolutions of the Commission (Refunding Resolutions) authorizing the issuance from time to time of refunding bonds to refinance the Commission's outstanding debt (Refunding Bonds) when beneficial to the Commission. The Director is authorized to refund outstanding bonds with proceeds from issuance of new Refunding Bonds. The Airport has issued approximately \$9.9 billion of Refunding Bonds pursuant to the Refunding Resolutions, which has resulted in net present value debt service savings of approximately \$672.9 million to date, and has allowed the Airport to reduce its counterparty and liquidity provider exposure, to increase the proportion of cash in its debt service reserve funds, and to reduce its exposure to market volatility.

There are approximately \$1.1 billion of Refunding Bonds that remain authorized but unissued pursuant to the Refunding Resolutions. The Omnibus Resolution authorizes the issuance of an additional \$6.1 billion of Refunding Bonds which may be issued over the next five years to realize debt savings or for other purposes. The Director will return to the Commission to approve the sale of individual series of Refunding Bonds.

Variable Rate Bonds Authorizations

The Omnibus Resolution confirms existing authorization of changing of interest period or mode on outstanding variable rate bonds to any other interest period or mode permitted under the Master Bond Resolution, and the remarketing of such outstanding variable rate bonds in a new interest period or mode, and with new terms. The Master Bond Resolution, as supplemented and amended, permits a series of bonds to be issued as variable rate bonds or fixed rate bonds, as approved by the Commission.

Direct Purchase Authorization

The Omnibus Resolution confirms prior resolutions of the Commission authorizing the Director to negotiate with one or more banks, financial institutions, or other similar investors to directly purchase one or more series of 1991 Resolution Bonds or Subordinate Bonds (Direct Purchase Bonds). The Omnibus Resolution reauthorizes the Director to execute one or more Continuing Covenant Agreements or similar agreements with purchasers of Direct Placement Bonds. The Commission has not yet entered into any direct purchase transaction.

Bond Anticipation Notes Authorization

The Omnibus Resolution confirms the prior resolution of the Commission (BAN Resolution) authorizing the issuance from time to time of up to \$400 million of Bond Anticipation Notes (BANs) to provide interim financing in lieu of, or in addition to, the Airport's Commercial Paper Program. The Commission has not yet issued any BANs, so the full authorization of \$400 million remains unissued. The Omnibus Resolution does not increase the authorized amount of BANs.

Commercial Paper Authorizations

The Omnibus Resolution confirms the prior resolutions of the Commission (Commercial Paper Resolutions) authorizing the issuance from time to time of up to \$600 million outstanding at any time of commercial paper notes to finance and refinance capital projects and other expenditures at the Airport (Commercial Paper). The Omnibus Resolution does not increase the authorized amount of Commercial Paper. Commercial Paper notes are issued as needed to meet the Airport's cash flow needs to finance capital projects.

Credit Facilities Authorizations

The Omnibus Resolution confirms the prior resolutions of the Commission (Credit Facilities Resolutions) authorizing the Director to obtain credit and liquidity facilities with respect to the Commission's bonds (Credit Facilities). The Omnibus Resolution reauthorizes various Credit Facilities, such as standby bond purchase agreements, letters of credit, municipal bond insurance and reserve account surety policies, which have been authorized under numerous different resolutions, and approves the form of agreements relating to these Credit Facilities. The Director will come back to the Commission for approval of individual agreements.

Lines of Credit Authorization

The Omnibus Resolution authorizes the Director to enter into one or more revolving lines of credit (Lines of Credit) with banks or financial institutions for any Airport purpose up to a maximum available principal amount, together with aggregate outstanding principal amount of Commercial Paper, not to exceed \$600 million. The Omnibus Resolution also approves the form of agreements relating to these Lines of Credit and authorizes the issuance of Subordinate Bonds in the form of notes in a maximum available principal amount equal to the related Lines of Credit. The Director will return to the Commission for approval of individual lines of credit.

Fiduciary Services Agreements Authorization

The Omnibus Resolution authorizes the Director to select one or more financial institutions or trust companies to serve as trustee or paying agent, or to serve in a similar fiduciary capacity for the bonds. The Omnibus Resolution also approves the form of agreements relating to these fiduciary services. The Director will return to the Commission for approval of individual fiduciary services agreements.

Disclosure Document Authorizations

The Omnibus Resolution reauthorizes the ability of the Director to cause various disclosure documents to be prepared, such as preliminary, final, and supplemental official statements, offering memoranda, private placement memoranda, and other disclosure documents. The Omnibus Resolution also reauthorizes the Director to execute and deliver continuing disclosure agreements and to provide data needed in connection with the Commission's continuing disclosure obligations.

Swap Transaction Authorizations

The Omnibus Resolution confirms prior resolutions of the Commission (Swap Resolutions) authorizing the execution, amendment, termination, and replacement from time to time of interest rate swap transactions (Swap Transactions). The Airport does not have any outstanding interest rate swap. No new Swap Transactions are expected at this time. The Omnibus Resolution does not authorize the execution of any additional notional amount of Swap Transactions.

Other Authorizations

The Omnibus Resolution also includes authorizations of various related matters, including the removal and replacement of other parties, such as underwriters, trustees, remarketing agents, dealers, credit and liquidity facility providers, to agreements otherwise authorized by the Commission, the selection of parties with which to enter into authorized agreements, and the termination and amendment of existing agreements. The Omnibus Resolution also confirms the maximum bond maturity of 40 years, a maximum interest rate of 12% for tax-exempt fixed-rate bonds, 16% for taxable fixed-rate bonds, and 18% for variable rate bonds (excluding bonds held by credit or liquidity providers).

Federal Tax Law

The Omnibus Resolution authorizes the Director to conduct hearings and obtain approvals from the Mayor or Board of Supervisors of the City to satisfy the public hearing and approval requirements with respect to financing of Airport expenditures from proceeds of tax-exempt bonds. The Omnibus Resolution also authorizes the Director to declare expenditures reimbursement from tax-exempt bonds or seek private letter ruling or other official determination from the Internal Revenue Service to assure tax-exempt status on any bonds.

SFO Fuel Bonds Authorization

The Omnibus Resolution authorizes the issuance of up to an additional \$60.5 million of special facility revenue bonds by the Airport to refinance the Airport's fuel distribution system (SFO Fuel Bonds). SFO FUEL COMPANY LLC leases and operates the Airport's fuel storage and distribution system. The Director is authorized to refund outstanding SFO Fuel Bonds with proceeds from issuance of new SFO Fuel Bonds. The Omnibus Resolution authorizes the execution of certain agreements necessary for the refinancing and any related financial

agreements between the Commission and SFO FUEL COMPANY LLC. The Omnibus Resolution also approves the form of agreements relating to the Trust Agreement in connection with the issuance of SFO Fuel Bonds. The Omnibus Resolution authorizes the issuance of up to an additional \$262.5 million of special facility revenue bonds by the Airport to refinance the on-Airport hotel and AirTrain station connected to the hotel (SFO Hotel Bonds).
