Dear Land Use Committee Members,

I urge you to support BOS file 230701, *Citywide Expansion of Allowable Commercial, Restaurant, and*

Retail Uses, which will come before you on Oct. 30th. Small businesses exemplify the diversity and creativity of San Francisco, and we need to support them. This legislation would:

- Allow more business uses in neighborhoods
- Permit business owners to try out different business models through flexible retail
- Allow bars, restaurants, and nighttime entertainment venues to benefit from priority processing, ensuring that they receive a public hearing within 90 days of submitting their application
- Remove burdensome noticing requirements for businesses trying open in eastern neighborhoods, ensuring that more small businesses can benefit from the permitting improvements that were approved by voters under Proposition H

Each city regulation – whether its requiring public notice for a business, getting calendared for a commission hearing, or getting a new permit to combine business uses – takes time and money. The upfront costs of starting a new business can be overwhelming. The legislation before you has common sense recommendations that will help get small businesses up and running without significant delays.

Thank you for your support.

Chair Melgar and Honorable Land Use Committee Members,

Please see the attached comments from the Lower Polk Community Benefit District re: File No. 230701.

We are aligned with the stated direction and amendments of the Office of Small Business as it pertains to the Polk St. NCD and Lower Polk St. NCD and thank the Office, Director Tang and staff for working with the CBD.

Regards,

Chris Schulman
Executive Director
Lower Polk Community Benefit District
www.lowerpolkcbd.org
415-827-0650 cell

San Francisco Board of Supervisors
Land Use Committee
Attention: Chair Melgar
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102-4689

Chair Melgar and Honorable Committee Members:

I am writing to you on behalf of the Lower Polk Community Benefit District (LPCBD) to share our position on the amendments to the zoning changes under FILE NO. 230701, specifically as they pertain to the Polk Street Neighborhood Commercial District NCD and Lower Polk Street NCD.

Firstly, we commend the Office of Small Business (OSB) for their collaborative approach and dedication in reviewing and amending this legislation as it pertains to Polk Street. Their effort to align the legislation with the needs and goals of our community is genuinely appreciated.

We understand the Office of Small Business is recommending amendments to the legislation to remove modifications related to Health Services in the Polk Street NCD. Presuming that this reverts Health Service controls to the current zoning, the LPCBD is in full support of this adjustment.

On the matter of Retail Professional Services and Non-Retail Professional Services, we understand from the Planning Commission's direction and the Office of Small Business's communications, that the proposal to combine these categories will be removed. We support maintaining distinct categories for both. Specifically, within the Polk Street NCD, the LPCBD endorses permitting Retail Professional Services on side streets (except California Street) as a principally permitted (P) use on the ground floor, and designating Non-Retail Professional Services as a non permitted (NP) use on Polk Street and conditional use (C) on the ground floor on side streets (except California Street.) This distinction ensures that the active and vibrant atmosphere of Polk Street is preserved while allowing flexibility and discretion in approving services based on appropriate circumstances on side streets. California Street shares the active use desirability and necessity of Polk.

Furthermore, we are proponents of permitting Flexible Retail on the ground floor in the Polk Street NCD and Lower Polk Street NCD. The adaptability this provision offers allows our community to remain dynamic and responsive to market changes, ensuring local business growth and an inviting atmosphere.

The Lower Polk Street NCD zoning as it pertains to Health Services and Professional Services remains unchanged in proposed amendments to the legislation and we support this direction. We have reviewed the controls in this NCD and believe they are appropriate.

Thank you for your consideration of our position.

Warm regards,

Chris Schulman
Executive Director
Lower Polk Community Benefit District

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Chair Melgar and Honorable Committee Members,

I am writing to offer my comments on BOS File No. 230701, titled "Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses." While I am generally in favor of the ordinance as it pertains to the Polk Street NCD, especially with the communicated amendments by the Office of Small Business, I have concerns about how this ordinance affects Hyde Street located within the Polk St. NCD.

To my understanding, the legislation is slated for amendment by the Office of Small Business in the Polk Street NCD as follows:

- Health Services: NP on Polk Street, Principally Permitted on other streets except California Street (which remains the same as the current zoning).

- Retail Professional Services and Non-Retail Professional Services have been decoupled in the amended ordinance:

 - Retail Professional Services: NP on Polk Street, P on other streets excluding California Street.

 - Non-Retail Professional Services: NP on Polk Street, C on other streets excluding California Street.

I reside on Hyde Street, a block away from the mini-commercial corridor between California and Pine. This particular block is a bustling hub within the Polk NCD that, in my opinion, should be evaluated for a designation of exclusion for Health Services, Retail Professional Services, and Non-Retail Professional Services, similar to the designations for Polk and California Streets. This "Mini-NCD" block is vibrant with a plethora of active businesses, and I believe that there should be a concerted effort to maintain its existing character. Given its importance to the community, it is only fitting that it is accorded a designation that protects it from the introduction of non-active uses. Not to mention, its proximity to St. Francis Hospital – just one block away – puts it at a unique risk of influx by these types of services.

I appreciate your taking the time to consider my feedback.

Warm regards,

Luca Mine-Marinello

Dear Land Use Committee Members,

I am writing today on behalf of the California Nightlife Association (www.calnight.com) to ask you to support BOS file 230701, *Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses*, which will come before you today! CalNight is a statewide organization, but it was founded and has deep roots in San Francisco, the beating heart of our state's nightlife industry.

As a small business owner and nightlife organizer, I'm thrilled to see the City looking at ways to improve and shorten its complicated permitting process for small businesses. In particular, I want to emphasize two components of this legislation that are critical to small businesses like mine:

- This proposal makes it easier and faster to open a small business in SF by making more uses principally permitted on the ground floor. We need to fill the vacant storefronts in our neighborhoods, and allowing more business types to open is a logical first step.
- This proposal would allow bars, restaurants, and nighttime entertainment venues to benefit from the Community Benefit Priority Processing Program (CB3P). Allowing these businesses to get on a Planning Commission agenda for a public hearing within 90 days is critical for bars and restaurants who have lengthy permitting timelines. CB3P ensures that their permit application will be reviewed in a timely manner; it does not change any of the public feedback or noticing requirements.

I'm happy to discuss this further with you if I can be of service!

Thank you kindly,

--

Dear Land Use Committee Members,

I urge you to support BOS file 230701, *Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses*, which will come before you on Oct. 30th. I've been a resident of San Francisco for over 20 years. I am an internationally recognized musician and I'm hoping to further invest in my beloved City as a small business owner. I'm thrilled to see the City looking at ways to improve and shorten its complicated permitting process for small businesses. I'm currently in the process of rebranding Club Deluxe, a former Legacy Business in the Haight Ashbury neighborhood. It's been disappointing to see how, in trying to renew a beloved neighborhood institution, regulations have slowed and confused this process. Opening an entertainment venue in San Francisco is no easy feat.

Among other things, the legislation before you would:

- Incorporate a new California ABC license type, Type 90, into the Planning Code. This change, along with many others, could help small businesses like mine.
- Make it easier and faster to open a small business in SF by making more uses principally permitted on the ground floor. We need to fill the vacant storefronts in our neighborhoods, and allowing more business types to open is a logical first step.
- Allow bars, restaurants, and nighttime entertainment venues to benefit from the Community Benefit Priority Processing Program (CB3P). Allowing these businesses to get on a Planning Commission agenda for a public hearing within 90 days is critical for bars and restaurants who have lengthy permitting timelines. CB3P ensures that their permit application will be reviewed in a timely manner; it does not change any of the public feedback or noticing requirements.

Thank you for your time,

Christian Beaulieu

October 20, 2023

Dear Supervisors Melgar, Preston and Peskin.

The SFCDMA Executive Board is writing today in support of SF BOS File #230701, the ordinance amending the planning code; citywide expansion of allowable commercial, restaurant and retail uses (version 2, substituted 7/25/23). We have watched with interest as this legislation has developed since it was introduced last spring and have been encouraged by how receptive the Office of Small Business has been in seeking and acting on feedback from our members. If there are future versions of this legislation, we anticipate that our support will remain intact and look forward to our members continuing to have the opportunity to learn more about how these changes will help our community.

As small businesses in San Francisco adapt to post-Covid realities such as ever-growing online commerce, significant increases in the cost of doing business, changing customer patterns and a rapidly evolving business climate, we urgently require assistance so that many of our commercial corridors can begin to thrive again. The City's planning code is notorious for its byzantine nature and many regulations which were historically developed with a hyper-local focus, prioritizing public input and implementing multi -step processes that can take many months to accomplish. The unintended consequences of these many regulations are unnecessary barriers for new businesses to lease and occupy a space and restrictions on business owners that wish to make changes in response to new circumstances. All of this leads to vacant storefronts that can cripple a neighborhood. BOS File #230701 seeks to remove barriers and simplify the planning code so that small businesses can do what they do best—innovate and serve the public.

For 73 years, SFCDMA has sought to ensure that neighborhood commercial corridors flourish and provide advocacy, education and resources for our members. We appreciate your attention to this matter and all your efforts to help improve the small business climate in San Francisco.

Sincerely,

Masood Samereie, President

SUBJECT: Support File 230701 Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses

Dear Members of the Board of Supervisors,

This letter is written to express the support of the Castro Community Benefit District for File 230701, Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses. In summary this legislation will:

- 1) Reduce the number of barriers small businesses experience when trying to open a new storefront or expand into a new space;
- 2) Provide small business entrepreneurs greater flexibility to adapt to the changing times caused not only by the pandemic, but also due to shifts in consumer behavior as seen globally;
- 3) Allow more businesses to open without going through the months-long Conditional Use Authorization process by principally permitting more uses throughout the City, and reducing the ability for appeals to cause even longer delays;
- 4) Allow more business use types to open on the ground floor to provide more options in filling vacant commercial ground floor spaces; and
- 5) Address challenges for venues that provide entertainment and/or alcohol, as well as for businesses that offer outdoor patios for patrons.

The Castro Community Benefit District has long been advocating to reduce barriers to small businesses. The Board of Directors believes 230701 will help achieve this.

Please vote to support File 230701, Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses.

If you have any questions, please do not hesitate to contact me at andrea@castrocbd.org.

Thank you.

Sincerely,

A handwritten signature in black ink that reads "Andrea Aiello".
