Lieutenant Baxter
San Francisco Fire Department

Re: Roof Prop Donation

Dear Lieutenant Baxter,

As firefighters at Sonoma Valley Fire Department, we saw a need for a safer, more efficient training tool and developed our Roof Prop to give fellow firefighters valuable hands-on training, while remaining in service at their assigned stations. With the use of our Prop, fire departments are able to conduct realistic training scenarios and simulations of cutting ventilation holes in a safe and controlled environment. Our Props not only serve as a fire vent mimic, but extend to training in wall breaching, roll-up door cutting, and window bailout. We take great pride in knowing that our product helps to create more confident and knowledgeable first responders.

We manufacture our Roof Prop units right here in the Bay Area, and as a gesture of support and appreciation for the San Francisco Fire Department, we would be pleased if you would accept our donation of one of our 12' x 16' Free Standing Roof Props, valued at \$22,417.00. JNJ Roof Prop will also provide the labor to install, a \$2,000.00 value. The Prop can be placed at the station or training facility of your choice, as long as there is a mounting pad upon which we are able to install.

It is our hope that our Roof Prop unit will be a valuable addition to your training program.

Sincerely,

James D. Barreto
