11 Board amendment additions are double underlined.  
Board amendment deletions are ~~strikethrough-normal~~.

12 Be it ordained by the People of the City and County of San Francisco:

13 **SEC 1. Findings**

14 In 2003, the San Francisco Board of Supervisors adopted resolution 296-03 to support  
15 the development of projects for electric power generation from ocean energy in San Francisco  
16 Bay.

17 Consistent with the City's policy of supporting the implementation of renewable energy  
18 projects, this grant will help fund a renewable energy project that uses energy generated from  
19 the ocean's wave action that will help the City meet its growing energy needs from a clean,  
20 renewable, locally available source, and serve as a catalyst for other large-scale, innovative  
21 renewable energy projects not only around the state and country, but also for the rest of the  
22 world.

23 Wave energy has been used around the world since the early 1900s, but never at the  
24 large, environmentally friendly scale available today.

1 Building on advances in the wind and off-shore oil industries, wave power generation  
2 has advanced significantly with improvements in technologies.

3 The cost of electricity generated from the ocean's wave action, assuming incentives  
4 similar to those provided to other renewable resources, is estimated to be competitive with  
5 current wind and natural gas generation costs.

6 With the aid of the Sidney E. Frank Foundation Grant, the San Francisco Department  
7 of the Environment and San Francisco Public Utilities Commission (PUC) are developing a  
8 small-scale pilot project to test the applicability of the best available ocean energy technology  
9 in our waters, and to understand the potential environmental impacts.

10  
11 **Section 2. Authorization to Accept and Expend Funds.**

12 The Board of Supervisors hereby authorizes the Department of the Environment to  
13 accept and expend on behalf of the City and County of San Francisco \$200,000 in funds from  
14 the Sidney E. Frank Foundation to engage key stakeholders in a process to build support for a  
15 wave energy project off of the coast of San Francisco.

16 The Department of the Environment is further authorized to furnish whatever additional  
17 information or assurances the funding agency may request in connection with this grant, and  
18 to execute any and all agreements necessary to carry out the purpose of the grant.

19 The grant budget includes provision for indirect cost of \$33,243.

20 The term of the Sidney E. Frank Foundation grant is from March, 2008 through  
21 February, 2009.

1 Section 3. **Grant-funded Positions; Amendment to FY 2007-2008 Annual Salary**  
2 **Ordinance.**

3 The hereinafter designated sections and items of Ordinance No. 175-07 (Annual Salary  
4 Ordinance, FY 2007-2008) are hereby amended to add one (1) (0.30 FTE) position in the  
5 Department of the Environment, and shall read as follows:

6 Department: ENV-22  
7 Program: CIP - ENERGY  
8 Subfund: 2S-ENV-GNC  
9 Index Code: 220118

<u>Amendment:</u>	<u># of Pos.</u>	<u>Class and Item No.</u>	<u>Compensation</u> <u>Schedule</u>
<i>Add</i>	<i>0.30 FTE</i>	<i>9922 Public Service Aide</i>	<i>\$1,377B\$1,377</i>
