Item 1  
File 12-0986

Department:  
San Francisco International Airport (Airport)

## EXECUTIVE SUMMARY

### Legislative Objective

- The proposed resolution would approve a new five-year lease between the Airport and the Transportation Security Administration (TSA), for a total of 8,304 square feet of office space, including operating expenses for (a) 7,200 square feet of existing office space on the fifth floor in the International Terminal, (b) 1,104 square feet of new office space on the first floor of Terminal 2, and (c) existing 52 reserved secured parking spaces in the Airport Parking garage, from November 1, 2012 through October 31, 2017.

### Key Points

- On November 20, 2007, the Board of Supervisors approved a five-year lease for TSA to occupy 7,200 square feet of office space on the fifth floor in the International Airport Terminal for administrative offices, including 52 reserved secured parking spaces in the Airport Parking garage, which extended from November 1, 2007 through October 31, 2012. This 7,200 square foot lease is at a fixed five-year rate of \$990,804 annually, which is \$137.61 per square foot per year, for rent and operating expenses. Under this five-year lease, the Airport will receive total revenues of \$4,954,020 ( $\$990,804 \times 5$  years).

### Fiscal Impacts

- Under the proposed 8,304 square foot lease, TSA would pay the Airport a flat five-year rate of (a) \$118,944 per month for a total of \$1,427,328 annually, or \$198.24 per square foot per year for the 7,200 square feet of space in the International Terminal, (b) \$14,135 per month for a total of \$169,620 annually or \$153.64 per square foot per year for the 1,104 square feet of space in Terminal 2, and (c) \$11.45 per square foot per year, or a total of \$95,094 to cover operating expenses for the total 8,304 square feet of space, or an annual total of \$1,692,042.
- Assuming a commencement date of (a) November 1, 2012 for the existing 7,200 square feet of space, and (b) March 1, 2013 for the additional 1,104 square feet of space in order to provide sufficient time to complete tenant improvements, the Airport will receive a total of \$8,399,443 over the five-year term of the proposed lease.
- The proposed 8,304 square foot lease will generate an average of \$203.76 per square foot per year as compared to the existing 7,200 square foot lease at \$137.61 per square foot per year, such that the proposed five-year lease will generate \$3,445,423 or 69.6 percent more than the Airport currently receives from the existing TSA lease.

### Policy Consideration

- Under the proposed lease with TSA, 52 reserved parking spaces on the fourth level of the Domestic Terminal Parking Garage would continue to be provided to the TSA at no additional cost. The Airport's FY 2012-2013 Rates and Charges schedule provides employee parking at \$112 per parking space per month, which would be \$69,888 per year or an estimated total of \$349,440 over five years, for the subject 52 parking spaces.
- The Board of Supervisors adopted a Transit First Policy in order to give priority to public transit investments and services, rather than single-occupant automobiles, in the City's transportation policy. However, the proposed lease with TSA would continue the Airport's practice of providing 52 free, reserved parking spaces at the Airport, for TSA employees. Two Attachments from the Airport address this issue.

### Recommendation

- Approve the proposed resolution.

## MANDATE STATEMENT / BACKGROUND

### Mandate Statement

Section 2A.173 of the City's Administrative Code authorizes the Airport to execute leases of Airport lands and space in Airport buildings, without undergoing a competitive bid process, if the original term of the lease does not exceed 50 years.

City Charter Section 9.118 states that leases, which would result in revenues to the City in excess of \$1,000,000, are subject to Board of Supervisors approval.

### Background

The Transportation Security Administration (TSA) is required, pursuant to the Federal Aviation and Transportation Security Act, to oversee security measures at the San Francisco International Airport, including airline passenger and baggage screening services.

On November 20, 2007, the Board of Supervisors approved a five-year lease for the Transportation Security Administration to occupy 7,200 square feet of Category II<sup>1</sup> space on the fifth floor in the International Airport Terminal for administrative offices, including 52 reserved secured parking spaces in the Airport Parking garage, which extended from November 1, 2007 through October 31, 2012 (File 07-1461; Resolution No. 647-07). This 7,200 square foot lease was at the fixed five-year rate of \$82,567 per month for a total of \$990,804 annually, or \$137.61 per square foot per year, including rent and operating expenses. Over the five-year term, this lease resulted in total revenues of \$4,954,020 (\$990,804 x 5 years) to the Airport.

## DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve and authorize execution of a new lease between the Airport and TSA, for a total of 8,304 square feet of administrative office space, and private vehicle parking, including (a) 7,200 square feet of existing Category II space on the fifth floor in the International Terminal, (b) 1,104 square feet of new Category III space<sup>2</sup> on the first floor of Terminal 2, and (c) existing 52 reserved secured parking spaces in the Airport Parking garage, for a term of five years, from November 1, 2012 through October 31, 2017. Under the proposed lease, TSA would pay the Airport to provide maintenance, janitorial, electricity and water and sewage costs.

Although the term of the proposed lease would commence on November 1, 2012, the rent for the additional 1,104 square feet of office space in Terminal 2, which is currently vacant, will commence the earlier of (a) March 1, 2013, or (b) when the TSA completes its tenant improvements. According to Ms. Diane Artz, Senior Property Manager at the Airport, the TSA tenant improvements include partitioning of the finished space, installing cabinetry, electrical wiring, data and voice communication systems, heating, ventilation and air conditioning

<sup>1</sup> Category II space occupied by TSA is consistent with the Airport's Lease and Use Agreements for office space located on the airline departure level and above.

<sup>2</sup> Category III space occupied by TSA is consistent with the Airport's Lease and Use Agreements for office space located on the airline arrival level and below.

systems and fire protection improvements. These tenant improvements are estimated to cost \$73,400 and would be completed by and fully paid for by TSA.

Under the proposed lease, the existing 52 reserved parking spaces on the fourth level of the Domestic Terminal Parking Garage would continue to be provided to the TSA at no additional cost (see Policy Considerations).

In addition, the proposed lease permits TSA, with prior written approval of the Airport, to install and maintain telecommunications equipment, at TSA's expense. Ms. Artz advises that, to date, TSA has not submitted a request or outlined a specific need for this additional installation.

According to Ms. Artz, the proposed lease was awarded to the TSA on a sole source basis because the TSA is the sole entity mandated by the Federal government to ensure aviation security at all U.S. airports. Ms. Artz advises that the Airport staff negotiated with the Federal General Services Administration (GSA) staff on behalf of the TSA, which requires that Federal government leases cannot include rent adjustments based on unknown data, such as future Consumer Price Index (CPI) increases, because all Federal funds for the entire lease must be encumbered when the lease is approved. As a result, the proposed flat five-year rental rate was determined based on the Airport's FY 2012-13 approved Rates and Charges for Category II and III space and current Operating Costs for janitorial, maintenance and utilities, and then escalated annually based on the Airport's five-year projected operating budget to determine an average rate for the five-year term. On August 12, 2012, the Airport Commission approved the subject lease with TSA (Airport Resolution No. 12-0185).

## FISCAL IMPACTS

As shown in Table 1 below, under the proposed 8,304 square foot lease, the TSA would pay the Airport a flat five-year rate of (a) \$118,944 per month for a total of \$1,427,328 annually, or \$198.24 per square foot per year for the 7,200 square feet of Category II space in the International Terminal, (b) \$14,135 per month for a total of \$169,620 annually or \$153.64 per square foot per year for the 1,104 square feet of Category III space in Terminal 2<sup>3</sup>, and (c) \$11.45 per square foot per year, or a total of \$95,094 to cover operating expenses for the total 8,304 square feet of space. Ms. Artz advises that the proposed fixed five-year operating rate of \$11.45 per square foot annually will fully cover the Airport's costs to provide these services.

<sup>3</sup> This Category III rate includes a one-time Airport surcharge fee of \$21.48 per square foot, or a total of \$23,714 for the 1,104 square feet for construction of basic finishes to this new Category III space for TSA.

**Table 1: Proposed Fixed Five-Year Lease and Operating Expenses**

<b>Leased Space and Operating Expenses</b>	<b>Monthly Rent</b>	<b>Annual Rent</b>	<b>Per Square Foot Per Year</b>
International Terminal (7,200 square feet)	\$118,944	\$1,427,328	\$198.24
Terminal 2 (1,104 square feet)	14,135	169,620	153.64
Operating Expenses (8,304 square feet)	7,924	95,094	11.45
<b>Total</b>	<b>\$141,003</b>	<b>\$1,692,042</b>	

As shown in Table 1 above, once all tenant improvements are completed in the new Terminal 2 space, or March 1, 2013 whichever is earlier, the Airport will receive \$1,692,042 annually under the proposed new five-year lease for 8,304 square feet of space.

As noted above, although the proposed lease will commence on November 1, 2012, the rent for the additional new 1,104 square feet of space in Terminal 2 will not commence until the earlier of (a) March 1, 2013, or (b) when the TSA completes its tenant improvements. Assuming a commencement date of March 1, 2013 for the additional 1,104 square feet of space, over the five-year term of the proposed lease, the Airport will receive a total of \$8,399,443 of revenue, as shown in Table 2 below.

\*Assumes eight months of rent and operating expenses based on completion of tenant improvements in the new 1,104 square feet of space in Terminal 2 effective as of March 1, 2013.

As shown in Table 3 below, currently, under the existing 7,200 square foot lease of space in the International Terminal, TSA pays the Airport at a fixed five-year rate of \$990,804 annually, or \$137.61 per square foot per year, for rent and operating expenses, such that the current lease will result in total revenues of \$4,954,020 (\$990,804 x 5 years) to the Airport.

**Table 3: Comparison of Existing and Proposed Revenues in the Five-Year Leases between the Airport and TSA**

	<b>Leased Space</b>	<b>Average Annual Rental Revenue</b>	<b>Average Revenue per Square Foot per Year</b>	<b>Total Revenue Over 5-Year Lease Term</b>
Existing Lease	7,200 sf	\$990,804	\$137.61	\$4,954,020
Proposed Lease	8,304 sf	\$1,692,029	\$203.76	\$8,399,443

As shown in Table 3 above, under the proposed five-year lease for 8,304 square feet, TSA would pay the Airport a total of \$8,399,443, or an average of \$203.76 per square foot per year, which is \$3,445,423 or 69.6 percent more than the Airport's current five-year total revenue of \$4,954,020 under the existing TSA lease, which reflects an average of \$137.61 per square foot per year. As noted above, the additional 1,104 square feet of space that TSA will lease under the proposed new lease is currently vacant.

## **POLICY CONSIDERATION**

As noted above, under the proposed lease, the existing 52 reserved parking spaces on the fourth level of the Domestic Terminal Parking Garage would continue to be provided by the Airport to the TSA at no additional cost to the TSA. According to Ms. Artz, parking for TSA employees is provided by the Airport without charge given that the functions performed by this Federal agency are essential to Airport operations. The fourth level of the Domestic Terminal Parking Garage is a designated employee parking area for Airport employees and Federal government employees, which contains a total of 766 parking spaces. The Airport's FY 2012-2013 Rates and Charges schedule states that employee parking costs \$112 per parking space per month, which would total \$69,888 per year, or an estimated \$349,440 over five years, of additional revenue for the Airport for the subject 52 parking spaces, if the TSA was to be charged for these parking spaces.

The San Francisco Planning Commission and the Board of Supervisors have adopted a Transit First Policy in order to give priority to public transit investments and services, including bicycling and walking, rather than single-occupant automobiles, in the City's transportation policy. However, the Budget and Legislative Analyst notes that the proposed lease with TSA would continue the Airport's practice of providing 52 free, reserved parking spaces at the Airport, for TSA employees.

In response, Mr. Gary Franzella, Associate Deputy Airport Director, provided Attachment I, which indicates that in addition to the proposed 52 free parking spaces for TSA, (a) the Airport has historically provided free parking for Federal agencies that operate at the Airport, (b) the Airport currently provides 1,021 other parking permits at no charge to other Federal agencies at the Airport, and (c) Covenant Aviation Service, which contracts with the Federal government to provide TSA's security services, has purchased 685 parking permits in the current quarter, for projected Airport parking revenues totaling \$616,500<sup>4</sup> in the current fiscal year. In addition, as shown in Attachment II, provided by Ms. Cathy Widener, Governmental Affairs Manager for the Airport, the Airport is not served by the San Francisco Municipal Transportation Agency, and while BART is an expensive commuting travel option, 45 percent of passengers currently take commercial or ground transportation, including BART, SamTrans, taxis, shared-ride vans and courtesy shuttles to the San Francisco Airport, the highest level at any U.S. Airport.

## **RECOMMENDATION**

Approve the proposed resolution.

<sup>4</sup> 685 parking permits x \$225 per quarter x 4 quarters = \$616,500 annually, which reflects the applicable parking rates at this non-terminal parking lot where Covenant Aviation Service employees park.

Ms. Debra Newman  
Budget Analyst  
1390 Market Street Suite 1150  
San Francisco, CA 94102

Dear Ms. Newman:

The Transportation Security Administration, ("TSA") is one of several Federal Agencies at San Francisco International Airport. Historically Airports have not, to my knowledge, assessed parking fees to Federal Agencies. The TSA, formed in 2003, for security related issues is quite different at San Francisco, compared to other airports, as the main service provided is via Covenant Aviation Security, under contract by the Federal Government.

Under the proposed lease, the same fifty two, (52) reserved parking spaces on the fourth level of the Domestic Terminal Parking Garage would continue to be provided to the TSA at no additional cost. While 52 parking spaces are provided to the TSA; Covenant Aviation Security purchased six hundred and eighty five (685) parking permits for its employees this current quarter.

The following is a summary of parking offered to other Federal Agencies, at no charge, at San Francisco International Airport as well a reference to Covenant Aviation Security:

Federal Agency	Parking Permits	Annual Revenue
Department of Agriculture (USDA)	39	0
Drug Enforcement Agency (DEA)	16	0
Federal Marshalls	135	0
Federal Aviation Administration (FAA)	205	0
Federal Bureau of Investigation (FBI)	10	0
U.S. Customs	616	0
Total - Federal Agencies	1,021	
Covenant Aviation Security	685	\$ 616,500*

## Memorandum

October 17, 2012

**TO:** Debra Newman, Budget Analysts Office  
**FROM:** Cathy Widener, SFO Governmental Affairs  
**RE:** TSA lease item, file no. 12-0986

---

While San Francisco International Airport ("SFO") is a department of the City and County of San Francisco, the airport is located outside of the City's geographical boundaries and is not served by Muni.

SFO is committed to public transit. SFO/BART has one of the largest riderships throughout the BART system and 12% of Airport Commission employees commute by this mode of transportation. SFO is constantly working to provide public transit incentives.

Currently, BART remains an expensive daily option to SFO, with a \$8.00 SFO roundtrip surcharge in addition to the base fare. However, in 2010 the Airport successfully negotiated and implemented an amendment, (Amendment No.1 to BART Lease NO. 97-0081), that reduced the surcharge, (\$3.00 per day versus \$8.00 per day), applicable to City employees as well as the remainder of all employees, issued a badge at the Airport.

Through successful marketing campaigns and outreach, the airport has increased the percentage of air passengers that take commercial or ground transportation to SFO to a 45% level (this includes BART, SamTrans, taxis, shared ride vans and courtesy shuttles.) – the highest of any other airport in the nation.

**Background**

The TSA, an agency of the U.S. Department of Homeland Security, is responsible for ensuring aviation security at all airports, including San Francisco International Airport. On August 21, 2007, pursuant to Commission Resolution No. 07-0195, the Commission approved GSA Lease No. GS-09B-02006, which provided for administrative office space for the TSA in the International Terminal ("IT"). The Board of Supervisors subsequently approved the lease, pursuant to Resolution No. 647-07, on November 19, 2007. The lease has a term of five (5) years and terminates on October 31, 2012.

The lease provides for approximately 7,200 square feet of Category II space on the fifth floor of the South Shoulder Building in the IT and 52 parking spaces for employees. The annual rent is a fixed rent of \$990,803.51 per year for the term of the lease. In addition to terminal rent, the lease requires the Airport to provide janitorial services, re-lamping of light fixtures, electricity, and maintenance of the IT infrastructure and building systems.

The TSA wishes to continue its occupancy of the 7,200 square feet of Category II space in the IT pursuant to the Proposed Lease with a term of five (5) years commencing November 1, 2012. It also wishes to expand the premises by an addition of 1,104 square feet of Category III space in Terminal 2 and will construct all tenant improvements at its sole cost and expense. The Airport will continue to provide 52 parking spaces for TSA employees.

In addition to terminal rental, the Proposed Lease requires the Airport to provide maintenance of the premises, tenant improvements, IT and T2 infrastructure and building systems, and to provide janitorial services and utilities, including electricity and water. The Airport will be reimbursed for the cost of these services by incorporation of an operating cost component into the rental rate, as more fully described below.

**Proposal**

Airport staff has negotiated, and is seeking approval of the Proposed Lease No. GS-09B-03014 for terminal space to accommodate the TSA's continued need for administrative offices. The Proposed Lease provides for the following business terms:

1. **Permitted Use.** Administrative offices.
2. **Commencement Date.** November 1, 2012.
3. **Premises.** Approximately 8,304 square feet comprised of 7,200 square feet of Category II office space on the fifth floor of the South Shoulder Building in the IT ("Parcel A") and 1,104 square feet of Category III office space in Terminal 2 (Parcel B).
4. **Term.** Five (5) years, firm.

5. **Annual Rent.** \$1,692,038.40 per year is fixed for the Term.

A rental rate is comprised of: 1) terminal rent for Category II and III space, the latter being inclusive of a Surcharge Fee for construction of basic finishes to the Category III space, and 2) an operating cost component which reimburses the Airport for providing janitorial services, maintenance of the premises, and utilities (the "Operating Cost").

The rental rate was derived by determining initial costs for the various categories specified below with the exception of the Surcharge Fee, which is fixed per the Airport's Rates and Charges. The initial rates were escalated annually by a specified percentage based on the Airport's five year projected operating budget, and were then averaged over five years to arrive at an average for rent for the respective categories of space and an average for the Operating Cost. The initial costs and average costs are summarized below.

Rate Category	Initial Rate/SF/YR	Average Rate/SF/YR	Annual Rent
Parcel A Rent – Cat II	\$173.06*	\$198.24	\$1,427,328.00
Parcel B Rent – Cat III	\$115.38**	\$132.17	\$145,915.68
Parcel B Surcharge Fee	\$21.48	N/A	\$23,713.92
Operating Cost	\$10.59	\$11.45	\$95,080.80
<b>Total</b>			<b>\$1,692,038.40</b>

\*CAT II for FY 12/13

\*\*CAT III for FY 12/13

6. **Rental Rate.** The rental rate for Parcel A is \$209.69 per square foot per year, which rate includes the Operating Cost component, and the rental rate for Parcel B is \$165.10 per square foot per year, which includes a Surcharge Fee and an Operating Cost component.
7. **Rent Commencement.** Rent for Parcel A will commence on November 1, 2012. Rent for Parcel B will commence upon the earlier of completion of the tenant improvements or March 1, 2013.
8. **Operating Cost.** Provides reimbursement for: a) maintenance of the premises, tenant improvements constructed by the TSA, and terminal infrastructure and building systems, b) janitorial services, and c) utilities, including electricity and water.
9. **Surcharge Fee.** Assessed to recover the cost of alterations and improvements installed by City to convert shell space into basic finished office space, which were constructed during the Airport's Terminal 2 Renovation Project.

10. **Parking.** Fifty two (52) employee parking spaces.

11. **Maintenance.** The Airport will maintain the premises, tenant improvements, IT and T2 infrastructure and building systems.

Airport staff has requested: 1) a Sole Source Exemption and Waiver of the provisions of Chapters 12B and 12C (EBO) of the San Francisco Administrative Code, and 2) a Public Entity Exemption of Sections 12Q and 12P (HCAO and MCO respectively) of the San Francisco Administrative Code from the Office of Contract Administration.

**Recommendation**

I recommend adoption of the accompanying Resolution that: 1) approves Lease GS-09B-03014 with the U.S. Government, with a term of five (5) years, for Category II space in the International Terminal and Category III space in Terminal 2 to be occupied by the U.S. Transportation Security Administration, and 2) directs the Commission Secretary to forward the same to the Board of Supervisors for approval.

- C. Commission credit. If GSA awarded this Lease using a Broker, and the Broker agreed to forego a percentage of its commission to which it is entitled in connection with the award of this Lease, the amount of this credit is referred to as the commission credit.
- D. Common area factor. The CAF is a conversion factor determined by the building owner and applied by the owner to the ANSI/BOMA office area sq. ft. to determine the RSF for the offered space.
- E. Contract. "Contract" and "Contractor" mean "Lease" and "Lessor," respectively.
- F. Days. All references to "day" or "days" in this Lease shall mean calendar days, unless specified otherwise.
- G. FAR/GSAR. All references to the FAR shall be understood to mean the Federal Acquisition Regulation, codified at 48 CFR Chapter 1. All references to the GSAR shall be understood to mean the GSA supplement to the FAR, codified at 48 CFR Chapter 5.
- H. Firm Term/Non-Firm Term. The Firm Term is that part of the Lease term that is not subject to termination rights. The Non-Firm Term is that part of the Lease term following the end of the Firm Term.
- I. Lease term commencement date. The Lease term commencement date means the date on which the lease term commences.
- J. Lease award date. The Lease award date means the date that the Lease is executed by the LCO.

### 3.05 ENERGY INDEPENDENCE AND SECURITY ACT (AUG 2011)

- A. The Energy Independence and Security Act (EISA) establishes requirements for Government leases relating to energy efficiency standards and potential cost effective energy efficiency and conservation improvements.
- B. Unless one of the statutory exceptions listed in paragraph C, below, applies, GSA may award a lease for Space only if the Building has earned the ENERGY STAR® Label conferred by the Environmental Protection Agency (EPA) within the most recent 12 months prior to the due date for final proposal revisions. For example, an ENERGY STAR® Label awarded by EPA on October 1, 2010, is valid for all lease procurements where final proposal revisions are due on or before September 30, 2011. All new buildings being specifically constructed for GSA must achieve an ENERGY STAR® Label within 18 months after occupancy by the Government.
- C. EISA allows a Federal agency to lease space in a building that does not have an ENERGY STAR® Label if:
1. No space is offered in a building with an ENERGY STAR® Label that meets Request for Lease Proposals (RLP) requirements, including locational needs;
  2. The agency will remain in a building it currently occupies;
  3. The Lease will be in a building of historical, architectural, or cultural significance listed or eligible to be listed on the National Register of Historic Places; or
  4. The Lease is for 10,000 RSF or less.
- D. All new buildings being specifically constructed for the Government must achieve the ENERGY STAR® Label within 18 months after occupancy by the Government.

### 3.07 ACCESSIBILITY

The Building, leased space, and areas serving the leased space shall be accessible to persons with disabilities in accordance with the Architectural Barriers Act Accessibility Standard (ABAAS), Appendices C and D to 36 CFR Part 1191 (ABA Chapters 1 and 2, and Chapters 3 through 10). To the extent the standard referenced in the preceding sentence conflicts with local accessibility requirements, the more stringent shall apply.

These temperatures shall be maintained throughout the leased premises and service areas, regardless of outside temperatures, during the hours of operation specified in this Lease. The Lessor shall perform any necessary systems start-up required to meet the commercially equivalent temperature levels prior to the first hour of each day's operation. At all times, humidity shall be maintained below 60 percent relative humidity.

The Government may contract with one or more parties to have inside wiring (or other transmission medium) and telecommunications equipment installed.
- B. The Lessor shall allow the Government's designated telecommunications providers access to utilize existing building wiring to connect its services to the Government's space. If the existing building wiring is insufficient to handle the transmission requirements of the Government's designated telecommunications providers, the Lessor shall provide access from the point of entry into the building to the Government's floor space, subject to any inherent limitations in the pathway involved.
- C. Subject to Lessor prior written approvals, the Lessor shall allow the Government's designated telecommunications providers to affix telecommunications antennae (high frequency, mobile, microwave, satellite, or other emerging technologies), subject to weight and wind load conditions, to roof, parapet, or building envelope as required.

The leased space shall be free of hazardous materials in compliance with all applicable Federal, state, and local environmental laws and regulations including, but not limited to, the following:

A. The leased space shall be free of all asbestos containing materials, except undamaged asbestos flooring in the space or undamaged boiler or pipe insulation outside the space, in which case an asbestos management program conforming to EPA guidance shall be implemented.

B. The Lessor shall provide Space to the Government that is free from actionable mold and free from any conditions that reasonably can be anticipated to permit the growth of actionable mold or are indicative of the possibility that actionable mold will be present ("Indicators").

1. Actionable mold is mold of types and concentrations in excess of that found in the local outdoor air.

2. The Lessor shall be responsible for conducting the remediation in accordance with the relevant provisions of the document entitled "Mold Remediation in Schools and Commercial Buildings" (EPA 402-K-01-001, March 2001), published by EPA, as same may be amended or revised from time to time, and any other applicable Federal, state, or local laws, regulatory standards, and guidelines.

If the results of the Government's inspection indicate that the remediation does not comply with the plan or any other applicable Federal, state, or local laws, regulatory standards, or guidelines, the Lessor, at its sole cost, expense, and risk, shall immediately take all further actions necessary to bring the remediation into compliance.

4. If the Lessor fails to exercise due diligence, or is otherwise unable to remediate an actionable-mold problem, the Government may implement a corrective action program and deduct its costs from the rent.

The mechanical system must operate at a negative pressure compared with the surrounding spaces of at least an average of 5 Pa (pascal) (0.02 inches of water gauge) and with a minimum of 1 Pa (0.004 inches of water gauge) when the doors to the rooms are closed.

**2. 552.270-11 SUCCESSORS BOUND (SEP 1999)**

This lease shall bind, and inure to the benefit of, the parties and their respective heirs, executors, administrators, successors, and assigns.

**3. 552.270-23 SUBORDINATION, NONDISTURBANCE AND ATTORNMENT (SEP 1999)**

- (a) Lessor warrants that it holds such title to or other interest in the premises and other property as is necessary to the Government's access to the premises and full use and enjoyment thereof in accordance with the provisions of this lease. Government agrees, in consideration of the warranties and conditions set forth in this clause, that this lease is subject and subordinate to any and all recorded mortgages, deeds of trust and other liens now or hereafter existing or imposed upon the premises, and to any renewal, modification or extension thereof. It is the intention of the parties that this provision shall be self-operative and that no further instrument shall be required to effect the present or subsequent subordination of this lease. Government agrees, however, within twenty (20) business days next following the Contracting Officer's receipt of a written demand, to execute such instruments as Lessor may reasonably request to evidence further the subordination of this lease to any existing or future mortgage, deed of trust or other security interest pertaining to the premises, and to any water, sewer or access easement necessary or desirable to serve the premises or adjoining property owned in whole or in part by Lessor if such easement does not interfere with the full enjoyment of any right granted the Government under this lease.
- (b) No such subordination, to either existing or future mortgages, deeds of trust or other lien or security instrument shall operate to affect adversely any right of the Government under this lease so long as the Government is not in default under this lease. Lessor will include in any future mortgage, deed of trust or other security instrument to which this lease becomes subordinate, or in a separate nondisturbance agreement, a provision to the foregoing effect. Lessor warrants that the holders of all notes or other obligations secured by existing mortgages, deeds of trust or other security instruments have consented to the provisions of this clause, and agrees to provide true copies of all such consents to the Contracting Officer promptly upon demand.
- (c) In the event of any sale of the premises or any portion thereof by foreclosure of the lien of any such mortgage, deed of trust or other security instrument, or the giving of a deed in lieu of foreclosure, the Government will be deemed to have attorned to any purchaser, purchasers, transferee or transferees of the premises or any portion thereof and its or their successors and assigns, and any such purchasers and transferees will be deemed to have assumed all obligations of the Lessor under this lease, so as to establish direct privity of estate and contract between Government and such purchasers or transferees, with the same force, effect and relative priority in time and right as if the lease had initially been entered into between such purchasers or transferees and the Government; provided, further, that the Contracting Officer and such purchasers or transferees shall, with reasonable promptness following any such sale or deed delivery in lieu of foreclosure, execute all such revisions to this lease, or other writings, as shall be necessary to document the foregoing relationship.
- (d) None of the foregoing provisions may be deemed or construed to imply a waiver of the Government's rights as a sovereign.

**4. 552.270-24 STATEMENT OF LEASE (SEP 1999)**

- (a) The Contracting Officer will, within thirty (30) days next following the Contracting Officer's receipt of a joint written request from Lessor and a prospective lender or purchaser of the building, execute and deliver to Lessor a letter stating that the same is issued subject to the conditions stated in this clause and, if such is the case, that (1) the lease is in full force and effect; (2) the date to which the rent and other charges have been paid in advance, if any; and (3) whether any notice of default has been issued.
- (b) Letters issued pursuant to this clause are subject to the following conditions:
- (1) That they are based solely upon a reasonably diligent review of the Contracting Officer's lease file as of the date of issuance;
  - (2) That the Government shall not be held liable because of any defect in or condition of the premises or building;
  - (3) That the Contracting Officer does not warrant or represent that the premises or

building comply with applicable Federal, State and local law; and

- (4) That the Lessor, and each prospective lender and purchaser are deemed to have constructive notice of such facts as would be ascertainable by reasonable prepurchase and precommitment inspection of the Premises and Building and by inquiry to appropriate Federal, State and local Government officials.

**5. 552.270-25 SUBSTITUTION OF TENANT AGENCY MODIFIED**

The Government may, at any time and from time to time, substitute any Government agency or agencies doing business on the airport premises for the Government agency or agencies, if any, named in the lease. Lessor shall have approval right which approval shall not be unreasonably withheld or delayed.

**6. 552.270-26 NO WAIVER (SEP1999)**

No failure by either party to insist upon the strict performance of any provision of this lease or to exercise any right or remedy consequent upon a breach thereof, and no acceptance of full or partial rent or other performance by either party during the continuance of any such breach shall constitute a waiver of any such breach of such provision.

**7. 552.270-27 INTEGRATED AGREEMENT (SEP 1999)**

This Lease, upon execution, contains the entire agreement of the parties and no prior written or oral agreement, express or implied, shall be admissible to contradict the provisions of the Lease.

**8. 552.270-28 MUTUALITY OF OBLIGATION (SEP 1999)**

The obligations and covenants of the Lessor, and the Government's obligation to pay rent and other Government obligations and covenants, arising under or related to this Lease, are interdependent. The Government may, upon issuance of and delivery to Lessor of a final decision asserting a claim against Lessor, set off such claim, in whole or in part, as against any payment or payments then or thereafter due the Lessor under this lease. **10. 552.270-21 EFFECT OF ACCEPTANCE AND OCCUPANCY (SEP 1999)**

Neither the Government's acceptance of the premises for occupancy, nor the Government's occupancy thereof, shall be construed as a waiver of any requirement of or right of the Government under this Lease, or as otherwise prejudicing the Government with respect to any such requirement or right.

**11. 552.270-6 MAINTENANCE OF BUILDING AND PREMISES—RIGHT OF ENTRY (SEP 1999) (VARIATION)**

Except in case of damage arising out of the willful act or negligence of a Government employee, Lessor shall maintain the premises, including the building, building systems, and all equipment, fixtures, and appurtenances furnished by the Lessor under this lease, in good repair and condition so that they are suitable in appearance and capable of supplying such heat, air conditioning, light, ventilation, safety systems, access and other things to the premises, without reasonably preventable or recurring disruption, as is required for the Government's access to, occupancy, possession, use and enjoyment of the premises as provided in this lease. For the purpose of so maintaining the premises, the Lessor may at reasonable times enter the premises with the approval of the authorized Government representative in charge. Government hereby expressly waives any and all claims for damages, arising or resulting from failures or interruptions of utility services to the premises, including electricity, gas, water, plumbing, sewage, telephone, communications, heat, ventilation, air conditioning, or for the failure or interruption of any public or passenger conveniences, including any failures or interruptions due to force majeure. In the event, damage is a result of Lessor's negligence or willful misconduct, Government shall have a right to abate rent or terminate this Lease.

LESSOR GOVERNMENT

**12. 552.270-10 FAILURE IN PERFORMANCE (SEP 1999) MODIFIED**

The covenant to pay rent and the covenant to provide any service, utility, maintenance, or repair required under this lease are interdependent. In the event of any failure by the Lessor to provide any service, utility, maintenance, repair or replacement required under this lease the Government may, by contract or otherwise, perform the requirement and deduct from any payment or payments under this lease, then or thereafter due, the resulting cost to the Government, including all administrative costs, provided however, the Government shall give prior written notice to Lessor of Lessor's failures and provide Lessor thirty (30) days to cure such failure or such length as may be reasonably required to cure such failure. If the Government elects to perform any such requirement, the Government and each of its contractors shall be entitled to access to any and all areas of the building, access to which is necessary to perform any such requirement, and the Lessor shall afford and facilitate such access. Alternatively, the Government may deduct from any payment under this lease, then or thereafter due, an amount which reflects the reduced value of the contract requirement not performed. No deduction from rent pursuant to this clause shall constitute a default by the Government under this lease. These remedies are not exclusive and are in addition to any other remedies which may be available under this lease or at law.

**13. 552.270-22 DEFAULT BY LESSOR DURING THE TERM (SEP 1999)**

(a) Each of the following shall constitute a default by Lessor under this lease:

- (1) Failure to maintain, repair, operate or service the premises as and when specified in this lease, or failure to perform any other requirement of this lease as and when required provided any such failure shall remain uncured for a period of thirty (30) days next following Lessor's receipt of notice thereof from the Contracting Officer or an authorized representative.
- (2) Repeated and unexcused failure by Lessor to comply with one or more requirements of this lease shall constitute a default notwithstanding that one or all such failures shall have been timely cured pursuant to this clause.

**14. 552.270-7 FIRE AND CASUALTY DAMAGE (SEP 1999)**

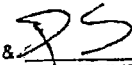

If the entire premises are destroyed by fire or other casualty, this lease will immediately terminate. In case of partial destruction or damage, so as to render the premises untenable, as determined by the Government, the Government may terminate the lease by giving written notice to the Lessor within 15 calendar days of the fire or other casualty; if so terminated, no rent will accrue to the Lessor after such partial destruction or damage; and if not so terminated, the rent will be reduced proportionately by supplemental agreement hereto effective from the date of such partial destruction or damage. Nothing in this lease shall be construed as relieving Lessor from liability for damage to or destruction of property of the United States of America caused by the willful or negligent act or omission of Lessor.

**15. 552.270-8 COMPLIANCE WITH APPLICABLE LAW (SEP 1999)**

Lessor shall comply with all Federal, state and local laws applicable to the Lessor as owner or Lessor, or both, of the building or premises, including, without limitation, laws applicable to the construction, ownership, alteration or operation of both or either thereof, and will obtain all necessary permits, licenses and similar items at Lessor's expense. The Government will comply with all Federal, State and local laws applicable to and enforceable against it as a tenant under this lease; provided that nothing in this lease shall be construed as a waiver of any sovereign immunity of the Government. This lease shall be governed by Federal law.

**16. 552.270-12 ALTERATIONS (SEP 1999) MODIFIED**

The Government shall have the right during the existence of this lease to make alterations, attach fixtures, and erect structures or signs in or upon the premises hereby leased, which fixtures, additions or structures so placed in, on, upon, or attached to the said premises shall be and remain the property of the Government and may be removed or otherwise disposed of by the Government. If the lease contemplates that the Government is the sole occupant of the building, for purposes of this clause, the leased premises include the land on which the building is sited and the building itself. Otherwise, the Government shall have the right to tie into or make any physical connection with any structure located on the property as is reasonably necessary for appropriate utilization of the leased space. All such alterations shall be in accordance with the Airport's Tenant Improvement Guide.

18. 52.204-7 CENTRAL CONTRACTOR REGISTRATION (OCT 2003) (VARIATION)

- (a) Definitions. As used in this clause—

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

"Offeror" means the owner of the property offered, not an individual or agent representing the owner.

"Registered in the CCR database" means that—

- (1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and
  - (2) The Government has validated all mandatory data fields and has marked the record "Active."
- (b) (1) By submission of an offer, the Offeror acknowledges the requirement that a prospective awardee must be registered with D&B and in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation.
- (2) The Offeror shall enter in the appropriate block, on the GSA Form 3518, entitled Representations and Certifications, the legal entity's name and address, followed by the DUNS or DUNS +4 number that identifies the Offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the Offeror is registered in the CCR database.
- (c) If the Offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

This right of examination shall include inspection at all reasonable times of the Contractor's plants, or parts of them, engaged in performing the contract.
- (c) *Cost or pricing data.* If the Contractor has been required to submit cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to—

A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- (d)
  - (1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.
  - (2)

    - (ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.
    - (iii) The certification shall state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."
  - (3) The certification may be executed by any person duly authorized to bind the Contractor with respect to the claim.
- (e) For Contractor claims of \$100,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-certified claims over \$100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.
- (b) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained.
