LEGISLATIVE DIGEST

[Various Codes - Environmental Health Permit, Fee, and Penalties Revisions]

Ordinance amending the Business and Tax Regulations Code, Health Code, Administrative Code, and Public Works Code to: 1) eliminate Department of Public Health permit requirement for veterinary hospitals and laundry facilities; 2) eliminate the food facility surcharge and certain fees for agricultural inspections; 3) establish fees for regulatory compliance activities for solid waste facilities, refuse service for commercial and residential properties, and licensing of refuse collectors; 4) establish regulatory fee for food safety classes and food safety examinations; 5) increase existing regulatory fees for agricultural inspections, certified farmers' market permits, and hazardous waste management; and 6) increase penalties for violations of tobacco sales ordinances by tobacco retailers.

Existing Law

The Department of Public Health ("DPH"), through the Environmental Health Branch, is responsible under various local codes and state laws for regulating certain business activity to protect the public health. Currently, various provisions of the municipal code authorize DPH to establish permits for regulated businesses and activities, impose permit and license fees to recover administrative costs, and address non-compliance with applicable standards by imposing specified penalties.

Amendments to Current Law

The proposed ordinance would change local licensing/permitting requirements administered by DPH by:

- eliminating permit requirements for veterinary hospitals and laundry facilities;
- eliminating the food facilities surcharge and salad product inspection and imported vegetable fee;
- establishing new fees for licensing and permitting of refuse collectors and solid waste facilities,
- establishing new fees for DPH-provided food safety classes and food safety examinations for food facilities;
- increasing existing local fees for inspection and certificate of agricultural products prior to shipment, farmer's market permits, and hazardous waste management; and
- increasing penalties for non-compliance with local tobacco sales ordinances.

NOTICE IS HEREBY GIVEN That the Board of Supervisors of the City and County of San Francisco's Budget and Appropriations Committee will hold a public hearing to consider the following Ordinance said public hearing will be held as follows, at which time all interested parties may attend and be heard: **File No. 250605.**

Ordinance amending the Park Code to establish the Recreation and Park Department to set fees for recreation programs based on the Department's operating costs for those programs and various other factors; and whether the program is designed for youth, seniors, or persons with disabilities, subject to approval of the Recreation and Park Commission, directing the Commission to update its scholarship policy to provide for further discounts for recreation programs based on financial need; making certain findings of fact; and affirming the Planning Department's determination under the California Environmental Quality Act. If this legislation passes, a \$100 reservation fee shall be held a reservation for each tent site or cabin reserved at Camp Mather. The remaining balance of the reservation fee shall be due 30 days prior to the date of the reservation. The proposed Ordinance would allow the Recreation and Park Department to set recreation program fees based on the estimated operating costs of the programs. The Department generally could set fees intended to cover the programs' full operating costs, but for programs designated for youth, seniors, or persons with disabilities could set fees that recovered only 75% of the operating costs. In addition, the Ordinance urges the Department to set fees for recreation programs based on the community at large based on only 50% of the operating costs. All fees would require approval from the Recreation and Park Commission and, once approved, would be published on the Department's website. The Ordinance also directs the Recreation and Park Commission to update its scholarship policy to provide for further discounts for recreation programs based on financial need. In accordance with Administrative Code, Section 67.7-1, persons who are unable to attend the hearing on this matter may submit written comments prior to the time the hearing begins.
