9 Board amendment additions are double-underlined;
10 Board amendment deletions are ~~strikethrough-normal~~.

11 Be it ordained by the People of the City and County of San Francisco:

12 Section 1. General Findings.

13 A. In December 2008, the Board of Supervisors established, by Resolution 504-08
14 (File No. 081517) (the "Resolution"), the Tourism Improvement District ("TID") pursuant to the
15 Property and Business Improvement Law of 1994 (California Streets and Highways Code
16 sections 36600 et seq., the "Act"), as augmented by Article 15 of the San Francisco Business
17 and Tax Regulations Code ("Article 15"), which included authorization of a system of
18 assessments levied and payable by hotels within the TID. The Resolution further provided
19 that a portion of the revenues generated by the assessment would be used for upgrade and
20 renovation, and planning for a possible expansion, of San Francisco's Moscone Convention
21 Center, including capital improvements, installation of state of the art technology and
22 structural work to the North, South and West facilities of the Moscone Convention Center (the
23 "Moscone Convention Center Improvement Project"). (The buildings and improvements in
24 San Francisco known as the George R. Moscone Convention Center, including the Moscone
25

1 North, South and West facilities, are the property of the City and County of San Francisco.

2 Funds raised by the TID assessment referred to herein as "Other Funds.")

3 B. In the Resolution, the Board of Supervisors also approved the San Francisco
4 Tourism Improvement District Management Plan, dated December 9, 2008, on file with the
5 Clerk of the Board of Supervisors in File No. 081338 (the "Plan"). In recognition of the
6 significance of the tourism, leisure and convention industry to the overall economic health of
7 the City, and of the critical role that the Moscone Convention Center plays with respect to
8 sustaining growth in this area, the Plan provides that the City would consider authorizing the
9 execution and delivery of Certificates of Participation, the proceeds of which would be used to
10 pay for capital improvements to the Moscone Convention Center that would not be funded by
11 the TID assessment funds.

12 C. Consistent with the Plan, and also in December 2008, in Resolution No. 530-08
13 (File No. 081515), the Board of Supervisors authorized the execution, delivery and sale of
14 Certificates of Participation ("Certificates") for the purpose of financing the Moscone Center
15 Improvement Project in an aggregate amount not to exceed \$45 million. Further, in January
16 2009, the Board of Supervisors, by ordinance 6-09 (File No. 081514), appropriated \$45 million
17 of Certificates to fund the Moscone Center Improvement Project.

18 D. Because of the unique public-private nature of the funding for this renovation
19 and construction project, and because of certain challenges created by the project, including
20 the fact that work on the Convention Center will be performed within certain windows of time
21 when the Convention Center facilities are not otherwise in use by customers, thereby
22 minimizing (a) disruption of those customers events, and (b) the cost to the City in lost
23 revenue if conventions were rescheduled, DPW, in conjunction with the TID, has devised an
24 approach to procurement of construction services, which DPW has determined to be in the
25 best interest of the City, as described below.

1 Section 2. Contracting Procedures.

2 A. Modifications of Article 6.

3 The Board of Supervisors hereby modifies the otherwise applicable bidding and contracting
4 requirements of Administrative Code Section 6.20, et seq. as provided herein, and authorizes DPW to
5 take all necessary steps to procure construction services for the Moscone Convention Center
6 Improvement Project in accordance with the provisions of this Ordinance.

7 B. General Contract.

8 TID is authorized to solicit proposals and award to a qualified general contractor (the "GC") a
9 contract for all necessary construction services in connection with the Project (the "GC Contract"). The
10 fee and general conditions under the GC Contract shall be paid solely from Other Funds, and not out
11 of City Funds. The requirements of Administrative Code Section 6.68. A-G, which provide an
12 alternative procedure for selecting a GC to be paid out of public funds, shall not apply. The City Trade
13 Contracts as described in sections C and D below shall be added to the GC Contract by written
14 modification and may be funded with a combination of City Funds and Other Funds.

15 C. Trade Contracts and Subcontracts.

16 1. For all work to be funded solely with Other Funds, TID and its GC may solicit
17 and award any subcontracts ("Private Trade Contracts") for labor, equipment, material and
18 supplies, on whatever basis they determine to be in the best interest of the Project; provided
19 that (a) no City Funds will be used to make payments for costs incurred under such Private
20 Trade Contracts, and (b) DPW shall review and approve in writing the scopes of work, and
21 any changes in the scopes of work, for all such Private Trade Contracts. For all work to be
22 paid out of City Funds, trade contracts ("City Trade Contracts") shall be awarded by DPW
23 pursuant to the process described below. The City's financial liability for City Trade Contracts
24 shall not exceed the amount of available City Funds.

25

1 2. TID, in cooperation with DPW staff, shall prepare all trade bid packages for City
2 Trade Contracts. TID may delegate its responsibility for preparing and soliciting trade bid
3 packages to the GC.

4 3. Bidding for City Trade Contracts may be limited to no less than three qualified
5 contractors, as determined by TID subject to the approval of DPW staff. The provisions of
6 Administrative Code Section 6.21.A.1 shall not apply, but TID shall advertise requests for
7 qualifications in at least one local newspaper of general circulation not fewer than ten (10)
8 days prior to issuance of bid documents. Bid protest may be required to be received within
9 five (5) calendar days after the date bids are due. DPW shall have the authority to determine
10 and resolve any protest. Should DPW determine that a City Trade Contract is suitable to be
11 performed by a Micro-LBE, DPW shall attempt to obtain bids from no less than three qualified
12 Micro-LBEs. The prequalification process for Micro-LBE shall be informal and shall be as
13 determined by DPW. No formal advertising shall be required. If DPW or its designee
14 determines that there are not three qualified bidders for a particular trade bid package, TID
15 shall use best efforts to obtain competitive bids from all bidders determined to be qualified.
16 Administrative Code Section 6.21.A.9, which requires designation of subcontractors, shall not
17 apply because the City Trade Contractors will become subcontractors to the TID's GC. The
18 DPW staff shall review and approve the bidding of all City Trade Contracts. The City, acting
19 through DPW, reserves the right to reject any contract/supplier proposed by TID to perform a
20 City Trade Contract and require TID to rebid the work.

21 4. DPW shall award the corresponding City Trade Contracts to the responsible
22 bidder submitting the lowest responsive bid.

23 5. DPW is authorized to negotiate and award Trade Contracts as appropriate for
24 the project, up to an amount not to exceed seven and one-half percent of the money in the
25 City Funds. The Director of DPW shall establish a maximum dollar value for each negotiated

1 trade subcontract as appropriate for the project. For clarity, nothing in this Ordinance is
2 intended to modify Administrative Code Section 6.66, which authorizes certain procedures
3 and contracting authority for the Moscone Convention Center delegated to the
4 operator/manager of the convention center facilities; the provisions of this Ordinance shall be
5 construed to be supplemental to the provisions of section 6.66.

6 D. Novation of City Trade Contracts.

7 1. Following award of any City Trade Contracts, DPW is authorized to novate the
8 City Trade Contract to TID and/or the GC, as appropriate. TID shall have the right, in turn, to
9 novate the City Trade Contract to the GC. The intent is for these novated City Trade
10 Contracts to be subcontracts under the GC.

11 2. Following such novation, and following the issuance of a notice to proceed by
12 the City, the City shall bear the cumulative cost of the novated contracts as they are incurred
13 up to the amount of available City Funds. If and to the extent TID pays the GC or any
14 contractor under a City Trade Contract amounts due under a City Trade Contract, the City
15 shall reimburse TID for such amounts paid under a City Trade Contract; provided however,
16 the total payable by the City on account of the City Trade Contracts shall not exceed the
17 available City Funds.

18 3. All changes in scope or cost which affect the novated City Trade Contracts to be
19 paid with City Funds, in whole or in part, shall be reviewed and approved by DPW in
20 consultation with TID, and shall comply with the requirements of Administrative Code Section
21 6.22(H), including the requirement that any cumulative increase or decrease in price in excess
22 of ten percent of the original contract price shall require the approval of DPW. In no event
23 shall the City have any liability for amounts payable under such contracts in excess of
24 available City Funds. TID may take any necessary measures to produce any modifications
25 which are to be paid solely with Other Funds.

1 4. All City Trade Contracts procured prior to the enactment of this ordinance but
2 which otherwise comply with the requirements of this ordinance are hereby approved.

3 E. Assignment of Contract at Conclusion of Moscone Center Improvement Project.

4 Because the Moscone Convention Center is a City-owned facility, upon conclusion of
5 the construction phase of the Moscone Center Improvement Project, the contractual
6 relationships among the parties should provide the City with the legal right to pursue any
7 claims arising from breach of warranties, negligence, latent defects, and the like, with respect
8 to work performed by parties on the Project. Further, the City is better-positioned than the
9 TID to assert any such claims because the TID has no ownership interest in the facility, has a
10 legal existence of limited duration as required by law, and because its funds have already
11 been designated for the purposes set forth in the Plan, including for marketing of the City and
12 for planning of a possible expansion of the Moscone Convention Center facilities, which
13 purposes further the economic interests of the City. Therefore, the TID may assign to the City
14 its legal rights in and to the GC Contract, City Trade Contracts, Private Trade Contracts, and
15 its contracts with the architects, designers and the project manager with regard to design
16 defects, latent construction defects and warranties, provided that in exchange for such
17 assignments the City shall release the TID of liability with respect to design and construction
18 contract claims arising from or related to any acts or omissions of the TID under such
19 contracts.

20 F. LBE Participation.

21 The Executive Director of the Human Rights Commission shall set LBE subcontracting
22 participation goals for the overall CM Contract, taking into account, as applicable, the mix of
23 City Funds and Other Funds used for the Trade Contracts. The goals may be met by any
24 combination of City Trade Contracts and Private Trade Contracts. As City Trade Contracts
25 are intended to become subcontracts under the GC, the provisions of Administrative Code

1 Section 14B.19, governing LBE participation in Integrated Project Delivery contracts shall
2 apply.

3 Section 3. Insurance Requirements.

4 A. Insurance and bond requirements for the GC, the City Trade Contracts, and
5 Private Trade Contracts, as well as for design professionals working on the Project shall be
6 subject to review and approval by the City's Risk Manager.

7 B. Additional Requirements.

8 1. For general liability and automobile liability insurance, the City, its Board
9 members and commissions, and all authorized agents and representatives, and members,
10 directors, officers, trustees, agents and employees of any of them shall be named as
11 additional insureds.

12 2. Certificates of insurance, in form and with insurers acceptable to the City
13 evidencing all required insurance and with proper endorsements from the GC's insurance
14 carrier identifying as additional insured's the parties indicated above, shall be furnished to the
15 City, with complete copies of policies to be furnished to the City promptly upon request.

16 3. Liability insurance shall be on an occurrence basis, and shall provide that the
17 coverage afforded thereby shall be primary coverage (and non-contributory to any other
18 existing valid and collectable insurance).

19 4. Insurance companies shall be legally authorized to engage in the business of
20 furnishing insurance in the State of California.

21 APPROVED AS TO FORM:
22 DENNIS J. HERRERA, City Attorney

23 By: 
24 George K. Wong
25 Deputy City Attorney

City and County of San Francisco

Tails
Ordinance

City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4689

File Number: 101051

Date Passed: September 28, 2010

Ordinance authorizing the San Francisco Department of Public Works to implement an alternative bid process for construction trade packages and to award contracts for construction services, for the renovation of and capital improvements to the Moscone Convention Center.

September 21, 2010 Board of Supervisors - PASSED, ON FIRST READING

Ayes: 10 - Alioto-Pier, Avalos, Chiu, Chu, Daly, Dufty, Elsbernd, Mar, Maxwell and Mirkarimi
Excused: 1 - Campos

September 28, 2010 Board of Supervisors - FINALLY PASSED

Ayes: 10 - Alioto-Pier, Avalos, Campos, Chiu, Chu, Daly, Dufty, Elsbernd, Mar and Maxwell
Excused: 1 - Mirkarimi

File No. 101051

I hereby certify that the foregoing Ordinance was FINALLY PASSED on 9/28/2010 by the Board of Supervisors of the City and County of San Francisco.

Angela Calvillo
Clerk of the Board

Mayor Gavin Newsom
