24 District, the establishment of the District will not affect the City's policy to continue to provide
25 the same level of service to the areas encompassed by the District as it provides to other

1 similar areas of the City for the duration of the District, provided, however, that in the event of
2 a significant downturn in citywide revenues, the Board of Supervisors may reduce the level of
3 municipal services citywide, including within the District.
