Supervisors:

re: Support the SFMTA Charter Amendment

Too much power and money corrupts and seeks more power and more money. It is time to turn the tap off and give the voters a chance to change the power structure of the SFMTA. The Prop E experiment has failed to produce the anticipated results. It has created a monster with an insatiable appetite for power and money.

You probably get more complaints about the SFMTA than anything other than the homeless and crime on the streets. You may not be able to fix the homeless problem or stop car breaking and the physical violence that comes with crowded living conditions, but, you can do something about the SFMTA. All you have to do is support the Peskin/Safai Charter Amendment.

Give us a less powerful, more responsive Transportation Department. We want a Muni system that works with the public. We want accountability and a department we can trust. Supervisors Peskin and Safai are working on a Charter Amendment that would be a good first step in turning the department back into a public service organization that gets us where we need to go instead of trying to determine how we get there. Once they get the present figured out we can think about the future. The future of transportation is now. If it doesn't work today, it will not work tomorrow.

Please support the Peskin-Safai SFMTA Charter Amendment.

Sincerely,

Mari Eliza
