In addition, OJP requires the Subrecipient (and any Second-Tier Subrecipients) to put in place specified controls prior to using federal funds under this Grant Subaward to acquire or transfer any property identified on the "controlled equipment" list. The details of the requirement are posted on the OJP website at https://www.ojp.gov/funding/explore/prohibited-

Should a question arise as to whether a particular use of federal funds by Subrecipients (and any Second-Tier Subrecipients) would or might fall within the scope of an appropriations or law restriction, Subrecipients are to contact Cal OES for guidance, and may not proceed without the express prior written approval of Cal OES.

4. Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by the DOJ in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this Grant Subaward.

The Part 200 Uniform Requirements were first adopted by DOJ on December 26, 2014. For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the OJP website at https://ojp.gov/funding/Part200UniformRequirements.htm.

In the event that a Grant Subaward-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the Subrecipient is to contact Cal OES promptly for clarification.

5. Requirement to Report Actual or Imminent Breach of Personally Identifiable Information

Subrecipients (and any Second-Tier Subrecipients) must have written procedures in place to respond in the event of an actual or imminent "breach" (OMB M-17-12) if they:

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this Grant Subaward, the Subrecipient is to contact the Cal OES for guidance.

11. Compliance with Applicable Rules Regarding Approval, Planning, and Reporting of Conferences, Meetings, Trainings, and Other Events

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of

federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Questions about E-Verify should be directed to DHS. For more information about E-Verify visit the E-Verify website (https://www.e-verify.gov/).

18. Restrictions and Certifications Regarding Non-disclosure Agreements and Related Matters

No Subrecipients (and any Second-Tier Subrecipients) under this Grant Subaward, or entity that receives a procurement contract or subcontract with any funds under this Grant Subaward, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended, and shall not be understood by the agency making this Grant Subaward, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

- a. In accepting this Grant Subaward, Subrecipients (and any Second-Tier Subrecipients):
 - Represent that they neither require, nor have required, internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
 - 2) Certify that, if they learn, or are notified, that they have, or have been, requiring their employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, they will immediately stop any further obligations of Grant Subaward funds, will provide prompt written notification to Cal OES, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by Cal OES.
- b. If Subrecipients are authorized under this award to make Second-Tier Subawards, procurement contracts, or both:

- 1) Subrecipients represent that:
 - a) No other entity (whether through a Second-Tier Subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) that they pass funds to either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
 - b) Appropriate inquiry has been made, or otherwise Subrecipients have an adequate factual basis, to support this representation; and
- 2) If learned or notified that any Second-Tier Subrecipient, contractor, or subcontractor entity that receives funds under this Grant Subaward is, or has been, requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, they will immediately stop any further obligations of Grant Subaward funds to or by that entity, will provide prompt written notification to Cal OES, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by Cal OES.

19. All Grant Subawards Must Have Specific Federal Authorization

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements for authorization of any Grant Subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "Grant Subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any Grant Subaward are posted on the OJP website at https://ojp.gov/funding/Explore/SubawardAuthorization.htm (Award condition: All subawards ("subgrants") must have specific federal authorization), and are incorporated by reference here.

20. Requirements Related to System for Award Management and Universal Identifier Requirements

Subrecipients (and any Second-Tier Subrecipients) must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at https://www.sam.gov/. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

Subrecipients also must comply with applicable restrictions for Second-Tier Subawards, including restrictions on Grant Subawards to entities that do not acquire and provide (to Subrecipients) the unique entity identifier required for SAM registration.

The details of the Subrecipients' obligations related to SAM and to unique entity identifiers are posted on the OJP website at https://ojp.gov/funding/Explore/SAM.htm (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This condition does not apply to a Grant Subaward to an individual who received the Grant Subaward as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

21. Restrictions on "Lobbying"

In general, as a matter of federal law, federal funds awarded by OJP may not be used by Subrecipients (and any Second-Tier Subrecipients), either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by Subrecipients (and any Second-Tier Subrecipients), to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a Subrecipient (or any Second-Tier Subrecipient) would or might fall within the scope of these prohibitions, the Subrecipient is to contact Cal OES for guidance, and may not proceed without the express prior written approval of Cal OES.

22. Specific Post-award Approval Required to Use a Noncompetitive Approach in any Procurement Contract that would Exceed \$250,000

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$250,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP website at https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$250,000)), and are incorporated by reference here.

23. Requirements Pertaining to Prohibited Conduct Related to Trafficking in Persons (including reporting requirements and OJP Authority to Terminate Grant Subaward)

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of Subrecipients (and any Second-Tier Subrecipients), or individuals defined (for purposes of this condition) as "employees" of Subrecipients (and any Second-Tier Subrecipients).

The details of the Subrecipients' obligations related to prohibited conduct related to trafficking in persons are posted on the OJP website at https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

24. Reporting Potential Fraud, Waste, and Abuse, and Similar Misconduct

Subrecipients (and any Second-Tier Subrecipients) must promptly refer to Cal OES any credible evidence that a principal, employee, agent, Subrecipient, contractor, subcontractor, or other person has, in connection with funds under this Grant Subaward-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

Potential fraud, waste, abuse, or misconduct involving or relating to funds under this Grant Subaward should must also be reported to Cal OES. Additional information is available from the DOJ OIG website at https://oig.justice.gov/hotline.

25. Discrimination Findings

Subrecipients (and any Second-Tier Subrecipients) assure that in the event that a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the ground of race, religion, national origin, sex, or disability against a recipient of victim assistance formula funds under this Grant Subaward, Subrecipients will forward a copy of the findings to the Office for Civil Rights of OJP.

26. Limited English Proficiency and Compliance with Title VI and the Safe Streets Act

Subrecipients (and any Second-Tier Subrecipients) must ensure that Limited English Proficiency persons have meaningful access to the services under this Grant Subaward. National origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with Title VI and the Safe Streets Act, Subrecipients (and any Second-Tier Subrecipients) are required to take reasonable steps to ensure that LEP persons have meaningful access to their programs. Meaningful access may entail providing language assistance services, including oral and written translation when necessary. The U.S. Department of Justice has issued guidance for grantees to help them comply with Title VI requirements. The guidance document can be accessed on the Internet at www.lep.gov.

A. Problem Statement

The City and County of San Francisco is the financial and cultural core of a metropolitan area composed of nine Bay Area counties with a combined population that exceeds 7 million people. The City and County of San Francisco, the only city-county dual jurisdiction government in California, covers approximately 46 square miles and is home to an estimated 815, 201 people (U.S. Census Bureau, July 2021). It is estimated that by 2030, one-quarter of California's population will be older adults. San Francisco is a diversity city with people of various backgrounds and experiences, it is also home to an aging population. Based on the most recent Census, San Francisco's population includes 18% of adults over the age of 65 and 6% are adults under 65 years of age with a disability. It is estimated that nearly 30% of San Francisco residents will be 60 or older by 2030.

The San Francisco District Attorney's Office (SFDA) Victim Services Division (VSD) is committed and dedicated to continuing to provide support to elderly and dependent adult crime victims/survivors through our Elder Abuse Program (EAP). Our elder abuse advocates are trained to provide services through a trauma-informed lens and incorporate strategies to support elderly and dependent adult crime victims/survivors. These populations can be considered

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

vulnerable groups that face barriers and may need additional support for a variety of reasons. Some of the barriers to accessing services and participating in the criminal justice system are cultural and language barriers, a lack of a support system, fear of retaliation, isolation, feelings of shame, dependency on the suspected abuser, denial, cognitive impairments, and lack of knowledge of services and systems. With this population, there are individuals who experience polyvictimization at the hands of their support system or strangers. EAP advocates work closely with elderly and dependent adults to establish understanding on our services and criminal process, recognition of any red flags, and to establish linkages to the appropriate community resources.

Crimes against the elderly and dependent adults continue to be underreported due to several reasons including the barriers listed above. Due to this challenge, our office realized the importance of educating communities on crimes against the elderly and dependent adults and continues its efforts to participate in outreach opportunities. In San Francisco, elderly and dependent adults who have been victimized can be categorized into various crime types. At the end of October 2023, our division identified and supported 1,176 elderly victims/survivors. The most common victimization types were assault (11%), neglect by a caregiver or loved one (9%), and robbery (6%).

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

In San Francisco, there are various organizations that provide services to elderly and dependent adults such as elder justice service providers, long-term care programs, legal assistance providers, and victim/survivor service providers. Through the collaboration of city departments and community-based organizations, there are three gaps in services that have been identified: 1) social support systems, 2) navigation of services, and 3) use of technology.

Based on data from the Department of Aging and Adult Services (DAAS) in San Francisco, 30% of older adults are socially isolated, living alone. While working with these populations, we've identified a lack of social support systems (family, friends, etc.) which can impact the ability for these victims/survivors to access resources and seek out support. As providers, we need to collaborate with one another to connect socially isolated victims/survivors to the appropriate services to ensure their needs are met. Through collaboration, agencies can partner and take a wraparound approach when assessing and providing services.

Another gap is the navigation of services due to the various challenges that these populations face. One of the barriers in accessing and understanding services is due to language needs. In San Francisco, over the past two decades, the older adult population has shifted to be a population of immigrants, with over 50% speaking a primary language other than English. Another barrier is the lack of

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

knowledge on resources that these populations may be eligible for. Older and dependent adults have fixed incomes that limit their options, and they may be hesitant to seek out services. As of 2016, the U.S. Social Security Administration found that the average social security benefits are \$15,214 per year with the average cost for a single older renter to meet basic needs in San Francisco is \$31,488. As organizations work with victims/survivors, they should assess and connect them to other resources, establishing a network of providers.

With the Covid-19 pandemic, there was an increase in the use of technology. With the shift to remote work, many organizations shifted their programming and services to reflect this societal change. Even though, in-person services have slowly started to be offered, there is a need to support elders and dependent adults with the technology by providing information on technology, assisting in the usage of technology, and meeting the demands for hardware to use technology.

Our division promotes the physical and mental well-being of victim survivors by prioritizing their safety. Our elder abuse advocates focus on providing services and educating these populations. Through presentations, advocates educate victim survivors on staying safe in the community, how to file report police reports, and considerations during daylights savings changes.

B. Plan

The Victim Services Division (VSD) under the San Francisco District Attorney's (SFDA) Office plans to continue to strengthen our elder abuse program by identifying and serving elderly and dependent adult victim survivors.

Advocates will continue to provide direct services to all crime victims/survivors. These services include crisis intervention, such as safety planning and relocation, comprehensive assessment of needs, assistance in applying to the California Compensation Board (CalVCB) for compensation and working with VSD in-house Claims Unit to secure approval of those applications, assessment of and getting approval for any immediate/emergency financial need through internal emergency funding, linkage to CBOs for medical, dental, mental health treatment, and case management services. Specifically for the elderly population, the advocates will continue to assess and provide referrals for inhome care, advanced care directive, housing, legal and financial management services when needed. For those cases that are charged, advocates will continue to provide victims/survivors with information on the criminal justice system, court accompaniment, and arranging for special accommodations such as language interpreter and transportation to and from court. Advocates also coordinate with prosecutors and inspectors on challenges such as physical

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

disabilities, vision loss, and/or hearing loss that may require additional time and support during court proceedings. During this grant subaward performance, we plan to identify and support at least 1,000 elderly and dependent adult crime victims/survivors.

This grant will fund 1.5 FTE victim advocates dedicated to providing direct services to the elderly and dependent adult crime victim population in San Francisco. The advocates hold bachelor's degrees and demonstrate language fluency in Chinese (Cantonese and Mandarin) and Spanish that reflect the need of the communities in San Francisco. Advocates work on uncharged and charged cases involving elder abuse. Our division receives referrals via various avenues such as from SFDA office staff, law enforcement agencies, city departments, community-based organizations (CBOs), and victims/survivors themselves. To further support advocates as they do the work, they participate in training opportunities via national and local organizations to learn about trends and new strategies to support these populations.

VSD recognizes that elder abuse issues intersect across many sectors which includes service providers from many disciplines. Advocates collaborate with government agencies such as Adult Protective Services, Department of Public Health, law enforcement agencies, and community-based organizations such as

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

Institute on Aging and Self-Help for the Elderly, to coordinate and problem-solve on cases that are shared. VSD continues to be a part of the San Francisco Elder Abuse Forensic Center meetings, that are biweekly case conferences to share best practices and streamline service planning for victims/survivors and the Elder Abuse Multidisciplinary Team Meetings, where advocates can provide an overview of our services while emphasizing our trauma-informed approach and the rights of victim survivors. The meetings are attended by the following agencies/organizations in San Francisco: Adult Protective Services, the Public Guardian's Office, Long-Term Care Ombudsman, the District Attorney's Office, and the Police Department. Cumulatively, we meet over 10 times a year.

Education and outreach to community members and other organizations will continue to be a focus for our division. VSD, we will continue our outreach efforts by hosting/cohosting one event per quarter in the community. Our efforts include presentations on our services or other topics related to public safety and the criminal justice system, tabling at community events such as National Night Out and San Francisco's Sunday Streets, and honoring elders on World Elder Abuse Awareness Day. VSD plans on launching campaigns to outreach to the elderly population at large, educating them on the importance of making police reports, on our services, and sharing crime prevention strategies. VSD has

Subrecipient: San Francisco, City & County

translated its brochure into eight languages, including Spanish, Chinese, Tagalog, and other Asian languages. The brochures in various languages will be one part of VSD's outreach effort to establish connections with different communities. The other part is to partner with CBOs that could serve as a cultural navigator for VSD advocates to truly provide culturally congruent services. With the Covid-19 pandemic there was an increase in the use of technology, our division would like to expand our education efforts to provide internet safety and internet navigation presentations to the elder population at various settings throughout the city.

As a part of VSD's intake process, advocates work with victim survivors to assess needs and support in prioritizing needs based on the victim's perspective. Advocates then coordinate with the victims/survivors, their support system, and other organizations to support their needs. VSD's advocates can coordinate communication by phone, email, text messages, letters, and in-person meetings in our offices or in a safe community space. Due to our operational agreements, there are several organizations where we have a direct referral process. While working with these populations, it is common that the victim survivor requests for a support person or a provider to be a part of the process and communicate with the advocate. In these cases, we have releases of information that the victims/

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

survivors can complete that give advocates permission to be in communication with certain parties.

Advocates will continue to participate in case review opportunities through their team meetings. Advocates take turns presenting cases to one another and sharing the following: case background, case status, services needed, successes, challenges, and an opportunity to problem solve with the team. Through these opportunities, advocates can share their work and experiences, while also learning from one another and getting suggestions on how to further provide support to elderly and dependent adult victims/survivors.

As a part of our coordination of services, we plan to continue to build and maintain partnerships with city departments and community-based organizations who are experts in providing support to the elderly and dependent adults. VSD intends to establish a wider referral network to support these populations. The VSD leadership team has begun to establish connections and work out referral protocols with various providers such as RAMS, Department of Homelessness and Supportive Housing, Balance, and the Coalition of Agencies Serving the Elderly, to develop best culturally congruent and trauma-informed practices in case referrals and coordination for elderly and dependent adult crime victims/survivors. Our partnerships are memorialized through operational

Subrecipient: San Francisco, City & County

agreements that range from 2-5 years. A component of our partnerships is to establish cross training opportunities and identify ways to maintain our partnerships such as cohosting events and establishing direct referral processes between our organizations.

Advocates would provide the following direct support services to elderly and dependent adult victims/survivors that align with the program components of this RFP:

- 1. Provide information on the California Victim Compensation Board (CalVCB) including eligibility requirements and restrictions. Assist in completing and submitting CalVCB applications while helping victims/survivors over the phone, in-person, or via a video conferencing platform. Staff will support in gathering the proper documentation, monitor the claim, and follow up with the victims/survivors as needed.
- 2. Provide an overview of Marsy's Rights to ensure that victims/survivors are aware of their rights and are empowered to determine how they would like to participate. This information can be discussed in-person, advocates also offer electronic and hard copies for future reference. On charged cases, offer case updates, victims/survivors can determine how they would like to receive them and how often. Conduct referrals to city agencies and

Subrecipient: San Francisco, City & County

community-based organizations to support with employment, legal assistance, mental health services, childcare services, support groups, case management, daily management programs, address confidentiality programs, etc. We plan on updating our resources list annually to confirm services are still available and that we have up-to-date contact information. We plan on continuing to have monthly in-service meetings that include presentations from other organizations to provide a refresher to staff.

- 3. Support victims/survivors through crisis intervention in-person and over the phone to assess safety, establish safety plans, and identify appropriate referrals for immediate, short-term emotional, and/or physical care.
 Advocates will provide information and referrals for the following crisis lines, friendship lines, individual counseling, support groups, and other forms of activities that can support the healing process for victim survivors. Currently, we work with the Trauma Recovery Center and the Institute of Aging for support with emotional needs. These organizations and many others are experts on resources, and we value their willingness to collaborate with our division.
- 4. Connect and refer victims/survivors to organizations that support housing needs such as landlord tenant issues, eviction notices, transitional housing,

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

shelters, etc. Staff partner with the Department of Aging and Adult Services to identify short-term in-home care, supervision services, and residential care facilities. As a division, we will continue to support with applying for the CalVCB and in cases where victim survivors are not eligible or do not qualify for CalVCB, advocates will identify community resources and internal emergency funding. Advocates will offer resources to victim survivors that they can access 24 hours a day, seven days a week.

5. Support with the navigation and understanding of the criminal justice system, victims' rights, court updates, and referrals to victims/survivors in-person and via other forms of communication, determined by what is best for the victim survivor. Orientation of the criminal justice system will include the stages of the criminal process, the criminal justice agencies involved, and terminology. We strive for staff to support with court updates, attending meetings for emotional support with law enforcement or prosecution, court hearings, coordinate transportation, provide information on requesting restitution, and assist with victim impact statements. Staff will support victims/survivors with civil (such as civil restraining orders, family law issues, etc.), immigration, housing (evictions, landlord tenant issues, etc.) and other types of legal needs by linking victim survivors to the appropriate resources. Our office

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

- strives to establish more OAs with legal organizations to create more partnerships and a wider network to refer victim survivors.
- 6. Refer to appropriate organizations that can provide financial management support and health insurance counseling such as Balance and HICAP.
 Balance is an outside referral agency that provides the following programs: debt and budget counseling, credit report review, student loan counseling, homeownership counseling, and rental counseling. HICAP offers health insurance counseling, information, and assistance with Medicare programs.
 Our division will continue to use internal emergency funding as needed for support with the expenses of medical bills, mental health services, food, personal needs, and gift cards.
- 7. Actively engaging in advocacy based on the victim's needs and requests.
 Staff will assess the needs of victims/survivors to determine the most
 appropriate referrals based on needs. Victim survivors can be connected to
 social services through city departments, informed of the U-Visa process and
 agencies that can support with next steps, interviews with prosecution and/or
 law enforcement agencies, financial management organizations, and offered
 interpreter services for VSD communications, court communications, and any
 additional settings.

8. Brainstorm and identify transportation options for victims/survivors. Advocates will continue to use the following modes of transportation: our partnership with a local taxi company, paratransit options, public transportation, and other providers. These forms of transportation can be used for various reasons such as personal needs, safety concerns, and participation in the prosecution of cases.

VSD will continue to have an internship program that actively recruits from local colleges and universities. These interns are volunteers, and they typically can volunteer for the summer period or nine months. Interns go through an interview and background check before acceptance into this program and receive appropriate orientation before starting. These volunteer interns assist the VSD elder abuse advocates in working with victims/survivors, including but not limited to incourt advocacy, linking to community resources and compensation benefits, in addition to outreach events in the community. They are supervised by the Unit Supervisor that they are assigned to while the overall operation of the program is overseen by the Deputy Director of VSD. The interns their volunteer hours on a monthly timesheet.

VSD) has been serving victim/survivors for over 40 years. The mission of the VSD is to support victims/survivors in mitigating the trauma of crime, navigation of the criminal justice system, and assisting in rebuilding their lives by upholding transparency, offering options, and connecting victims/survivors to resources. Advocates provide services to marginalized victims/survivors through a traumainformed lens while collaborating with victims/survivors to establish understanding, assess safety and security, make appropriate referrals, and complete state compensation claims. Currently, the division has 24 Advocates, 3 Associate Advocates, and 7 Claims Staff. As of the end of October 2023, VSD has served 8,393 victims/survivors. Our division has a diverse staff who speak a variety of languages such as Cantonese, Mandarin, French, Spanish, and Tagalog. All advocates participate in onboarding and training opportunities to fulfill responsibilities and serve victims/survivors through a trauma-informed lens. Our division launched a 40hour internal training for new staff in the beginning of 2023 which includes a

deep dive into the role of the advocate, special populations, soft skills, and

services. Staff participate in other 40-hour trainings such as the entry level and

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

advanced advocate training. Advocates receive additional training based on the needs of the target population they serve such as the Adult Protective Services mandated reporter training.

2) Our team has advocates that work with the elderly and dependent adult population and provide a variety of services such as case management support, attending community meetings such as multidisciplinary team meetings, identifying challenges and developing protocols to better serve these populations, educate victims/survivors and the community on elder and dependent adult abuse, present information on CalVCB and support with CalVCB needs, and participate in the collection of data and case narratives to demonstrate VSD's work to the Office for Victims of Crime (OVC) and Cal OES. Through the various services provided by staff, we ensure to provide the described mandatory services for direct victims/survivors as well as the optional services for victims such as support attending restorative justice conferences and assistance with funeral/burial arrangements via CalVCB, other city agencies, or VSD's emergency internal funding.

Advocates consider external resources to further support victims/survivors. Staff provide information to victims/survivors on the California Victims Legal Resource Center (VLRC) who are seeking information on rights and resource referrals and

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

on the State of California Department of Justice Victims' Services Unit who are seeking support with capital and non-capital cases. As a part of expanding our network of services, VSD has established operational agreements with various city agencies and community-based organizations. We hope to continue expanding the number of agreements to better serve these populations. VSD will continue providing services to elderly and dependent adult crime victims/survivors with the hope to expand this portion of our program. 3) Our division has experience collaborating and partnering with other city agencies and nonprofit organizations to expand the scope of services. As mentioned above, we strive to establish more operational agreements to maintain our engagement and partnerships with other agencies. Advocates assess the needs of the victim/survivor and with the victim's/survivor's consent will make referrals for a variety of needs. Our division participates in cross-training opportunities with organizations to learn and share about new trends, services, and any changes. Staff also attend community meetings that are attended by other providers, these meetings are an opportunity to network, share any updates regarding our division, and learn about new resources. We will continue to attend these meetings and look for additional opportunities to engage with providers.

- 4) Our division is experienced in working with victims/survivors who experience systemic and personal barriers. Some of the barriers are lack of trust in the criminal justice system, mobility challenges, language barriers, and social and cultural challenges. Advocates incorporate a holistic, trauma-informed approach to support victims/survivors by incorporating flexibility, convenience, and creativity to meet their needs. This can include but is not limited to meeting in safe community spaces, providing written information for future reference, offering reminders, assisting with coordinating transportation, considering language needs, incorporating support systems and providers, and identifying the best ways to communicate.
- 5) The division's existing protocol for responding to elder and dependent adult victims/survivors is through our referral process. We receive referrals from law enforcement agencies, hospitals, city agencies, community-based organizations, therapists, and victims/survivors themselves. Once we receive a referral, the case is reviewed by our administrative team and supervisors for the case to be assigned to the appropriate team. When an advocate receives an assignment, they have 24 hours to input the case into our management system and conduct the first outreach attempt. Once connected with the victim/survivor, advocates can communicate by phone, in-person, or via video conferencing calls.

Grant Subaward #: XE23 01 0380

Subrecipient: San Francisco, City & County

Advocates can meet victims/survivors in our office or safe community spaces if a victim/survivor is not able to get to our office or has a preference on a meeting space. Advocates are expected to work with victims/survivors to assess their needs and determine next steps. Advocates can provide information on community resources and direct referrals for a variety of resources. When linking victims/survivors to resources, advocates can conduct three-way calls with the victim or reach out to the provider directly if the victim/survivor has signed a release of information.

6) The advocates that support the elderly and dependent adult victims/survivors are required to meet the qualifications set by San Francisco's Department of Human Resources. The minimum qualifications for the 8129 positions with SFDA VSD are a minimum of one year of training, education, and/or experience in social welfare, behavioral science, criminology, or a closely related field. The desired qualifications are a bachelor's degree in social work, psychology, sociology or a related field, experience with trauma recovery, advocacy, the criminal justice system, or a related field, and the ability to speak another language is preferred.

The Tahirih Justice Center, San Francisco Bay Area Office (Tahirih) is a nonprofit service provider. Tahirih opened in San Bruno in 2017, building on 20+ years of experience of its parent organization's experience, to protect immigrant survivors seeking justice in the U.S. from gender-based harm, including multiple forms of crime, in the San Francisco Bay Area. Tahirih's San Bruno-based team of 10 provides immigration legal services and holistic social services to immigrant survivors in the region.

The San Francisco District Attorney's Office (SFDA), Victim Services Department strives to make the criminal justice system humane and accessible by providing support and assistance to victims and their families in the aftermath of a crime, during criminal prosecution, and after a verdict has been reached.
