Neighborhood-based Community Learning Hubs

Board of Supervisor
Joint Select Committee
July 24, 2020

Key Rational

- SFUSD has planned for **distance learning** for the Fall 2020-2021 Academic year
- There were a significant number of children who did not fully benefit from distance learning since Shelter-In-Place Order was issued
- The American Academy of Pediatrics, the CDC and CDE all agree that children need in-person learning to prevent further decline in academic and social-emotional development
- As the City reopens our economy, parents/guardians need safe places for their children to go during the day
- Public transportation is projected to operate **at 30% of normal capacity** by end of August

What is a Community Learning Hub?

- These are neighborhood-based facilities (i.e. Rec Centers, Libraries, CBO facilities, Cultural Centers, City College, and other City owned buildings) that will provide in-person supports for children, and youth.
- Community Hub hours of operation will accommodate working parents. They will include early drop-off and late pick-ups.
- Hubs will be managed and operated by DCYF's CBO partners.
- Hubs will provide CYF access to technology devices to aide in distance learning.
- Hubs will provide social-emotional supports for CYF.

Main Components of CLH

All Community Learning Hubs will be neighborhood-based and led by CBOs.

Impacts of COVID-19 on City College of San Francisco

Joint City, School District, and City College Select Committee
July 24, 2020

Impact on Instruction

- Summer 2020
 - All instruction (credit and noncredit) delivered remotely, mostly with existing online classes
 - Pivoted to continue support for dual enrollment SFUSD classes

Impact on Instruction – Fall 2020

- Current SFDPH guidance prohibits nearly all in-person instruction in higher education institutions
 - Instruction only allowed when students are simultaneously performing essential service (e.g., nursing student in clinical settings)
- Most classes will be remote
 - Remote instruction will include both credit and noncredit classes
- Planning for phased in in-person instruction in certain areas, including:
 - CityBuild
 - Allied Health Programs
 - Construction
- Anticipating additional state and local guidance in next few weeks

Changes in Instructional Policies

- In Spring and Summer 2020, implemented changes in policies to expand access to Excused Withdrawals and Pass/No Pass Grading
 - Excused withdrawals were automatically applied when students dropped.
 - Excused withdrawals have no impact on GPA, academic standing, or course repetition. Full refund of enrollment fees, including Free City students.
 - Pass/no pass option was available to all classes, and window for selecting pass/no pass was expanded
- Awaiting further state guidance before establishing policies for Fall 2020

Faculty Training

- Office of Online Learning has spent the summer conducting mandatory faculty training in successful remote teaching
- Topics include:
 - Use of Canvas (the College's learning management system)
 - Best practices in using Zoom in the remote classroom
 - Creating and curating accessible course content
 - Requirements for Federal and State compliance including Regular and Effective Contact.
 - Basics of online learning pedagogy specific to human presence and equity.
- Over 700 faculty have been trained

RETENTION & OUTREACH PLAN

Due to increasing number of student withdrawals/drops for Spring 2020, Student Affairs led a Retention and Outreach Workgroup

- Collaboration between Student Affairs, Academic Affairs and Institutional Research
- Targeted specific student groups
- Communication Plan: Text, Email and Phone

Retention Plan

- Audit Ed Plans Connect students with counseling
- Connect students with Career Ed Programs or Workforce Specialist
- Determine which students are in cohorted programs, work with Program Coordinators for outreach
 - EOPS, CalWORKs, Puente, WADP
- Course Repeatability
 - Advertise that students can repeat course that they dropped, retake it for a future semester
- Identify Short Term certificate programs that are in high demand right now to leverage FTES

Survey Results

- Students, faculty, staff, and administrators had access to a survey conducted by the RP Group to measure COVID impact
 - Over 1,600 students and
- Local results now available:
 - [Link to student results](#)
 - [Link to faculty/staff/administrator results](#)
- RP Group working on a statewide report in conjunction with CCCCO
 - Expected publication early September
- Office of Distance Education collected feedback from students on Canvas usage to inform summer training.

Our Mission

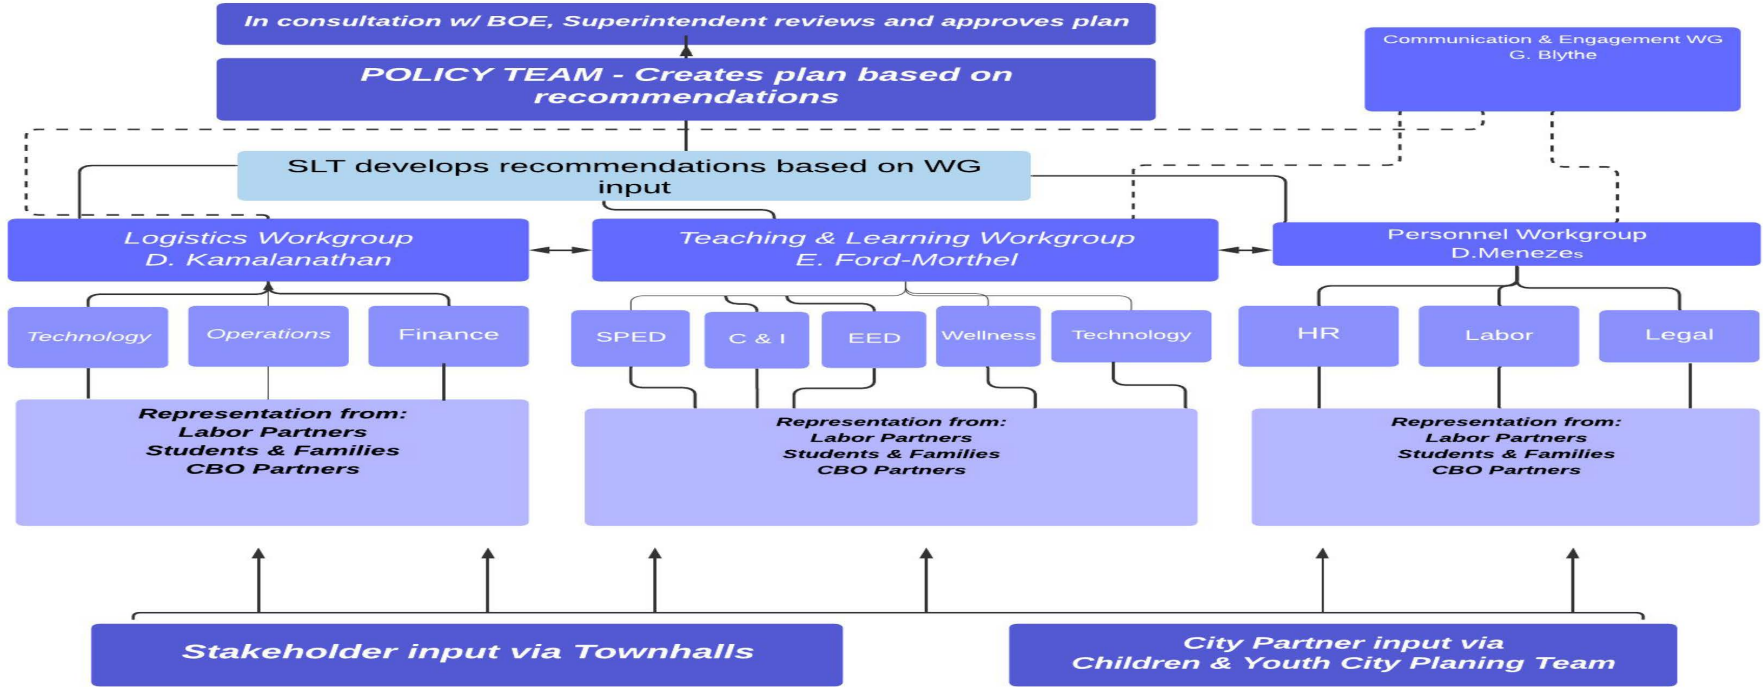

Every day we provide each and every student the quality instruction and equitable support required to thrive in the 21st century.

Goal of Fall Learning Planning Process

The ultimate goal of the process is for the Policy team to get answers to four questions:

- 1) What are our guiding principles for making decisions? (equity, flexibility, health and safety, learning and student well-being)
- 2) What are OUR real possible learning options?
- 3) Do we have the logistics, staff agreement and learning strategies to make any, all, none of the options a reality?
- 4) What is our July 28th recommendation to the Board of Education for what learning looks like beginning August 17th?

[CDPH In-Person Re-Opening Directive](#)

[California Interscholastic Sports Federation](#)

Governor Newsom's July 17 Order to reopening.

Key points:

- Each county must be off the state's watch list for 14 consecutive days to allow schools to reopen
- Guidance addresses protective equipment, cleaning protocols, and staff/teacher preparation

The mandates mark a shift from leaving decisions over closing and reopening schools largely in the hands of local school district officials in consultation with county departments of health. The California Department of Public Health will now play a stronger role in setting the criteria for reopening school facilities. - [EdSource](#)

SFDPH
Preliminary
Guidance for
when schools
re-open for
school Year
20-21

Purpose: To provide guidance on health and safety practices needed to safely resume in-person, onsite instruction at TK-12 schools, *after the San Francisco Health Officer allows schools to reopen in alignment with CDPH directive.*

SB 98: Instructional Minutes

For the 2020–21 school year, the minimum school day for a local educational agency is as follows:

- (a) 180 instructional minutes in kindergarten.
- (b) 230 instructional minutes in grades 1 to 3, inclusive.
- (c) 240 instructional minutes in grades 4 to 12, inclusive.
- (d) 180 instructional minutes for pupils in grades 11 and 12 that are also enrolled part time in classes of the California State University or the University of California for which academic credit will be provided upon satisfactory completion of enrolled courses.
- (e) 180 instructional minutes for any pupil who is also a special part-time student enrolled in a community college.. and who will receive academic credit upon satisfactory completion of enrolled courses.
- (f) 180 instructional minutes for pupils enrolled in a continuation high school.

SB 98- Distance Learning

(2) Distance learning may be offered under either of the following circumstances:

(A) On a local educational agency or schoolwide level as a result of an order or guidance from a state public health officer or a local public health officer.

(B) For pupils who are medically fragile or would be put at risk by in-person instruction, or who are self-quarantining because of exposure to COVID-19.

a) The compulsory education requirements described in Section 48200 continue to apply for the 2020–21 school year.

(b) A local educational agency shall offer in-person instruction to the greatest extent possible.

(c) For the 2020–21 school year, for purposes of the requirement on school districts to offer 180 instructional days per school year pursuant to Section 46208..., an instructional day is a day in which all pupils are scheduled for the length of the day established by the governing board or body of the local educational agency in a classroom under the immediate supervision of a certificated employee or in distance learning that meets the minimum requirements described in this part.

“As schools begin to plan for reopening, they must actively and authentically engage parents and caregivers, families, and students in the decision-making process in order to build trust and credibility for any plans that are implemented. Establish a common protocol for regular and consistent communication to students and families. Consider a data management platform to collect, house, and disaggregate community input data on a regular basis.”

Themes that emerged from the Town Halls across all stakeholder groups

Across multiple stakeholder groups, the top 5 themes can be summarized as regarding:

1. Safety

Examples: testing, asymptomatic transmission, outbreaks, social distancing, vulnerable populations

2. Consistency in distance learning

Examples: district wide distance learning plans to reduce variability across sites, access to training, access to technology, plan for students who are falling behind academically

3. Choice

Examples: working from home, in-person, hybrid, distance learning

4. Equity

Examples: increase support for mental health, increase connection with African American, Hispanic/Latino, SpEd, EL students (among other groups)

5. Social interaction

Examples: more interaction between students, between staff, between students and staff

Top questions that emerged from the Town Halls across all stakeholder groups

Safety

What about district employees who may be at higher risk of infection and cannot return to work safely as others?

What happens if students/or staff members get COVID once school reopens?

How are you going to make sure students who don't normally listen stay 6 feet away?

Distance learning

Will teachers get taught to do distance learning better?

What will grading look like?

How to keep students engaged in learning and feeling valued for their work?

Transportation

How will we go to school if there are no bus lines?

Choice

Can students and teachers choose which option (in person...hybrid...stay home 100%) they feel is best?

Can we choose to do online learning even if district decides to go in-person?

Logistics

- Shared guidance from CDC, CDE, CPH
- Introduced stakeholders to key facilities constraints shaping in person learning opportunities
 - SFUSD's 300 Custodians can clean *and* disinfect about **3.2 million sq ft daily**. SFUSD's total school site square footage is close to 8 million sq ft.
 - Public transportation is projected to operate **at 30% of normal capacity** by end of August.
 - SFUSD's transportation could require **up to double the FY 2021 budget** to serve existing students at currently assigned sites.

Logistics

- Themes running through feedback:
 - Need clear roles & responsibilities for cleaning and disinfecting; how much will educators be asked to do on a daily basis?
 - Concern for differently abled students, and how social distancing might negatively impact their experience
 - Are there ways to support families and kids with “enrichment options” to support distance learning? How can/should outdoor learning occur?

Personnel Working Group Update

Safety and Wellness of our staff was the dominant theme in the personnel working group

- We know that adult-to-adult transmission creates the highest risk for COVID-19 spread
- Taking age as just one example of what makes an adult high-risk for infection, large percentages of our staff are high risk (see next slide).
- Questions and concerns included more data about transmission rates in adult-to-adult versus child-to-adult scenarios and what a scenario would look like where a reopened school site or office has an outbreak.
- We must have clarity in roles and responsibilities in reopening, including:
 - Who is essential and must come back vs. who should work remotely, even among frontline staff?
 - How we will deliver clear training and protocols around best practices that minimize risk of infection for all staff?
 - How we will fully utilize our paraeducators in any reopening scenario?

Staff Age Distribution

- CARES Act: \$13 billion (out of \$3 trillion) was dedicated to nation's public education system
- HEROES Act / next federal relief package stalled in the U.S. Senate
- SFUSD is part of a coalition of urban public schools advocating for additional funds including:
 - \$175 billion in education stabilization funds
 - E-Rate funding to support student connectivity, and
 - \$25 billion between Title I and IDEA to support low-income students and students with disabilities

State Budget

34

State FY 2020-21 budget maintained K-12 budgets at prior year levels, including holding harmless for enrollment / attendance

Does not include a cost of living adjustment for baseline funding (Local Control Funding Formula), costing SFUSD about \$12 million

Includes one-time "learning loss" funds

In absence of additional federal stimulus funds, budget imposes \$12 billion of deferrals of payments to schools

Recommended Direction for Fall 2020

Recommendation
for what learning
looks like on
August 17th

***Distance
Learning initially
(phased return)**

***Gradual Return
/ Hybrid**

- All students will not be in-person on August 17
- Plan for Distance Learning for almost all students (phased return)
- Consider limited in-person school for small groups of priority students at a limited number of physical school locations
- Gradual Hybrid return once science and data suggest safe to do so

Distance Learning Considerations

Considerations for Strengthened Distance Learning from Town Halls & Work Group Sessions:

Build and strengthen relationships between families and students.

Ensure consistent and regular communication between home and school

Set consistent expectations for live interactions with teachers and staff

Instruction must connect students with each other and with instructor

Additional support needed for focal student groups

Instruction needs to be differentiated and attend to different types of learners

Access to technology and connectivity for families and staff; access to printed materials

Capacity building needed for students and families to navigate distance instruction

Attend to health and wellness

SCHOOLS DURING THE COVID-19 PANDEMIC

The purpose of this tool is to assist administrators in making (re)opening decisions regarding K-12 schools during the COVID-19 pandemic. It is important to check with state and local health officials and other partners to determine the most appropriate actions while adjusting to meet the unique needs and circumstances of the local community.

Should you consider opening?

- ✓ Will reopening be consistent with applicable state and local orders?
- ✓ Is the school ready to protect children and employees at **higher risk** for severe illness?
- ✓ Are you able to screen students and employees upon arrival for symptoms and history of exposure?

ANY NO

Are recommended health and safety actions in place?

- ✓ Promote **healthy hygiene practices** such as **hand washing** and **employees wearing a cloth face covering**, as feasible
- ✓ Intensify **cleaning, disinfection**, and ventilation
- ✓ Encourage **social distancing** through increased spacing, small groups and limited mixing between groups, if feasible
- ✓ Train all employees on health and safety protocols

ALL YES

ANY NO

Is ongoing monitoring in place?

- ✓ Develop and implement procedures to check for **signs and symptoms** of students and employees daily upon arrival, as feasible
- ✓ Encourage anyone who is sick to **stay home**
- ✓ Plan for if students or employees get sick
- ✓ Regularly communicate and monitor developments with local authorities, employees, and families regarding cases, exposures, and updates to policies and procedures
- ✓ Monitor student and employee absences and have flexible leave policies and practices
- ✓ Be ready to consult with the local health authorities if there are cases in the facility or an increase in cases in the local area

Planning Drivers v. 1.0

- Individualized Student support
- Extended Learning Options
- Limit contact
- Enforce cleaning & safety precautions
- Supply chain
- Space configurations
- Finance and budget
- Staffing / workforce

Guiding Principles v. 1.0

- Educational equity for each and every student -
- Personalized learning
- Healing informed approach
- Communication & Engagement

Increased Costs + Deep Revenue Cuts = Financial Dilemma

Increased Costs

- Lower class size
- Additional custodians
- Additional school buses
- Health screening
- PPE (e.g., masks, sanitizer, handwashing stations)
- Cleaning supplies
- Other social distancing modifications
- Technology

Revenue Cuts

- Governor would cut K-12 budgets by 10% if no federal stimulus is enacted (pending negotiations w/Legislature)
- City Joint Report Update confirmed additional losses in Local Revenues

“We believe our school districts can’t reopen safely if they have to implement these kinds of cuts”

- State Supt. Tony Thurmond

AASA (national superintendents association) estimates following CDC guidelines will cost \$490/student

- This would be ~\$27 million for SFUSD (pending more detailed analysis)

Community Learning Hubs

Joint City, School District, and City College Select Committee

August 14, 2020

Key Considerations

- SFUSD has planned for **distance learning** for the Fall 2020-2021 Academic year
- There were a significant number of children who did not fully benefit from distance learning since Shelter-In-Place Order was issued
- As the City reopens our economy, parents/guardians need safe places for their children to go during the day
- Public transportation is projected to operate **at 30% of normal capacity** by end of August

“It will take a village to address the wide range of learning needs for our City’s children and youth during the COVID-19 pandemic, and the Community Learning Hubs will provide a much-needed resource for our most vulnerable students.”

—Mayor London N. Breed

What are Community Learning Hubs?

- ✓ Neighborhood-based
- ✓ In-person supports for distance learning
- ✓ Build social-emotional wellbeing
- ✓ 2:20 staff to youth ratio

Starting September 14, Hubs will operate Monday-Friday 8:30am-5:30pm

Priority Student Groups

We have identified a number of priority groups for in person learning. The Teaching and Learning Work Group highlighted four subsets of the population that would benefit from in-person learning first:

- Our youngest learners PK-2
- Students with moderate to severe disabilities
- Vulnerable Populations (homeless, foster youth)
- Students with less than 60% of the time engaged in online learning

Grouping Options/Possibilities for Students

We are identifying different ways to group students, modeling options for scheduling small student cohorts on alternating days, half days or week/month long blocks.

Rethinking the Use of Time and Space

We are rethinking time and space to facilitate in-person learning, a component of our District's [10-Big Shifts](#) as outlined in Vision 2025. Examples being explored include, but are not limited to, outdoor learning facilities, access for targeted student populations, and rotating schedules for students.

UESF / SFUSD MOU Update

Highlights - Memorandum of Understanding with UESF

- Ratified by UESF and approved at the Board of Education on Tuesday, August 11
 - MOU can be found on the SFUSD website: [Special Order of Business](#)
- Teachers will provide no less than one hundred and twenty (120) minutes per day of synchronous instruction/interaction
- 7 hour workday
- A good faith effort to assign unit members to available workspaces as needed

Distance Learning Fall 2020

“An obstacle in distance learning is inconsistency with expectations and implementation of synchronous instruction.”

Digital Distance Learning

Technology can be leveraged for personalized learning experiences, providing student-centered learning opportunities that are scaffolded, student-paced, adaptive, engaging, and flexible so that all students meet rigorous academic standards and effectively communicate, collaborate, create, and think critically as global citizens in preparation for college and career. Through technology-enabled learning, students can have agency, choice, and voice in their learning pathway.

Non-Digital Distance Learning

Non-digital learning serves students uniquely in the teaching and learning environment where a high and deep level of engagement occurs between the students and content through resources to include texts, journals, trade books, leveled texts and other physical materials. As students experience learning through non-digital content, there are multiple and recurring opportunities to revisit content in various ways and connect the learning to themselves, their community and the world.

Daily Instructional Minutes

(informed by Senate Bill 98)

Grades TK - K	(180 minutes)
Grades 1 - 3	(230 minutes)
Grades 4 - 12	(240 minutes)

Teachers will provide no less than hundred and twenty (120) minutes of synchronous instruction, daily in grades TK-12.

Synchronous Instruction/Learning*

A learning event in which students are engaging in learning with an educator at the same time, usually on the computer or telephone.

LIVE!

Asynchronous Instruction/Learning

Learning occurring when the teacher and the students interact in different places and during different times. This may be through a prerecorded video, web based lessons, or a series of self paced assignments & projects.

Supports for Special Student Populations

Students with Individualized Education Plans

Special education students require specialized academic instruction and related services in order to access and thrive educationally. We know that we have to be intentional in our support for students with IEPs to support their needs in distance learning.

English Learners

English learners benefit from routines and consistency across grade levels and teachers. English Learners require Designated and daily Integrated ELD to support their language development needs.

Foster, Homeless, Sheltered & Recently Detained

These students and families are already managing other big transitions during our collective transition and we will work to ensure support is in place to onboard them smoothly, build connections to the school community, and check regularly to address barriers as they arise.

Students who we were challenged to engage

Students who logged on and/or participated in distance learning less than sixty percent of the time during the Spring semester and need a different approach to supporting successful learning for the Fall. .
