Re: Liquor License "PCN" Request – 351 California Street – CVS Pharmacy
Our File No.: 6483.13B

Dear Ms. Calvillo:

Our office represents LandMark Retail Group ("Landmark"), the project sponsor of a new CVS Pharmacy and convenience goods store located at the ground floor of 351 California Street (the "Project"). On November 22, 2011, the San Francisco Department of Building Inspection approved and issued a building permit for the Project. Tenant improvements are currently underway to prepare the space for CVS's operation.

CVS now seeks a type-20 off-sale beer and wine license from the California Department of Alcohol Beverage Control ("ABC"). LandMark has filed an application with ABC on behalf of CVS for a license transfer (License No. 516980, See Form ABC-245, enclosed). The license would be transferred from the former Vino Volo, located at 2339 Third Street, to the CVS Pharmacy at 351 California Street. Due to the overconcentration of this type of ABC license in the census tract where the CVS Pharmacy will be located, CVS must obtain a determination by the Board of Supervisors that the public convenience and necessity will be served by the issuance of this license for operations at 351 California Street.

The Project will establish a CVS Pharmacy at 351 California Street in the ground floor of a downtown office tower. The CVS Pharmacy would occupy approximately 9,009 square feet. The CVS Pharmacy would sell prescription drugs, over-the-counter drugs, beauty products and cosmetics, photo finishing, seasonal merchandise, greeting cards, and groceries (such as milk, bread and eggs).

The CVS Pharmacy will offer a wide variety of prescription drugs, groceries, and other convenience goods in a high density area of downtown San Francisco. Adding beer and wine to the offerings of this CVS Pharmacy would serve the public convenience and necessity of the neighborhood by increasing the variety of goods offered at this store. Area workers will have a new store that will provide a convenient, "one-stop" shopping experience. There are relatively few off-sale alcohol retailers in the area considering its high density. Only four retailers with

active licenses are located in the 94104 zip code. There are 13 such retailers in the adjacent 94111 zip code, but that area covers east of 94104 all the way to the bay and covers as far north as Pier 33. The reason there is an "undue concentration" of off-sale licenses is that the subject census tract 117 is relatively large for the downtown area and has one of the smallest populations of all census tracts in San Francisco, due to the lack of residences in the area. (See 2010 census tract information, enclosed.)

Adding beer and wine to the offerings of this CVS Pharmacy would serve the public convenience and necessity of the city of San Francisco by establishing a beer and wine retailer that has vast experience with the sale of alcohol and is a responsible retailer with an effective training and corporate-wide management policy for controlling the sale of beer and wine. CVS's employee training program, approved by the ABC, must be completed by all employees within 14 days of their hire and before they are permitted to operate the registers. CVS has a zero-tolerance policy – any employee knowingly or recklessly selling any age restricted product to a minor or to an adult purchasing product for a minor is subject to disciplinary action up to termination. Security cameras are equipped throughout the store and particularly in the area of beer and wine sales which are monitored by store management, regional loss prevention, CVS corporate, and can be made available to the Police Department upon request. All checkouts are equipped with electronic scan diction systems to control the sale of age restricted products and prompt cashiers to require proper identification before a sale is completed.

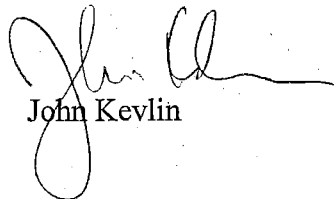

CVS has already engaged the San Francisco Police Department regarding this off-sale license, and they are already developing a list of conditions to the license in order to ensure safe and responsible sale of beer and wine at this location.

For the reasons outlined above, I respectfully request that this letter be forwarded to the City Operations and Neighborhood Services Committee of the Board and that the Committee and the full Board of Supervisors make a determination under California Business & Professions Code §23958.4 that the public need or convenience would be served by the issuance of a type-20 off-sale beer and wine license to this CVS Pharmacy.

Please contact me with any questions you have.

Very truly yours,

CVS – Experience Matters

CVS is a neighborhood-serving business and a leader as a pharmacy health care provider. CVS offers integrated health care solutions across the entire spectrum of pharmacy care, which makes them uniquely positioned to provide greater access, to engage plan members in behaviors that improve their health, and to lower overall health care costs for health plans, plan sponsors, and their members.

At CVS, highly trained pharmacists are available to dispense prescriptions as well as helpful advice. CVS offers customers unparalleled access to quality health care services and caters the individual pharmacy and store to meet the needs of the surrounding community while bringing the same quality and services available at all their stores to each new location.

CVS successfully operates stores in communities throughout the greater Bay Area, where they provide alcohol products to customers as a matter of convenience. CVS has significant and longstanding experience with the sale of alcohol and engages at a local level with policymakers, the San Francisco Police Department, and the individual community members whom they serve to address store-specific agreements and conditions to address concerns raised with regard to off site alcohol sales.

CVS is a responsible vendor and takes the sale of alcohol and related age-restricted products very seriously with an effective training and management policy for controlling the sale of alcohol. As policy, CVS adheres to the following alcohol sales policies:

- **No “nuisance alcohol” sales.** CVS does not sell typical “problem” alcohol products such as individual beverages or “singles”, beer or wine with alcohol content greater than 16% by volume, fortified liquors, sale of single cups or containers that may lead to loitering or consumption on or near the premise, etc. And in San Francisco, CVS has made a commitment to sell beer and wine only unless otherwise approved by the SFPD.
- **Employee alcohol training program.** This program, which is approved by the California Department of Alcohol and Beverage Control, must be completed by all CVS employees within 14 days of their hire and before they are permitted to operate the registers.
- **Alcohol sales procedures.** To prevent sales to anyone under the legal age who may look older than their age, employees must ask for proper identification to verify the age of any buyer under 27 before selling alcohol products. All checkouts are equipped with electronic scan detection systems to control the sale of age-restricted products and prompt cashiers to require proper identification before a sale is completed.
- **Zero tolerance policy.** Any employee knowingly or recklessly selling any age-restricted product to a minor or to an adult purchasing a product for a minor is subject to immediate disciplinary action up to and including termination.
- **Security cameras.** Security cameras are equipped throughout CVS pharmacies and particularly in the area of alcohol sales (which are limited to roughly 2% to 5% of the total floor area of a typical pharmacy). These cameras are constantly monitored by on site management, regional and corporate operations, and will be made available to the SFPD upon request.
- **Store Layout & Design.** The placement of beer and wine products is carefully planned to allow employees and management to monitor activities visually in addition to access to security cameras.
