22 WHEREAS, The City and County of San Francisco (the "City") requires that prevailing
23 wage rates be paid on work performed under City contracts, as follows:
24
25

1 (1) *Public Works Contracts.* Charter, Section A7.204(b), requires that City contracts
2 for public work or improvement provide that persons directly or indirectly performing work
3 under the contract be paid not less than the highest general prevailing rate of wages in private
4 employment for similar work, and Administrative Code, Section 6.22(e), provides that
5 contractors and subcontractors performing a public work or improvement for the City shall pay
6 workers on such projects the highest general prevailing rate of wages, plus per diem wages
7 and wages for holiday and overtime work, for various crafts and kinds of labor as paid in
8 private employment in San Francisco;

9 (2) *Janitorial Services Contracts.* Administrative Code, Section 21C.2, requires that
10 City contracts for janitorial services to be performed at facilities owned or leased by the City
11 provide that any individual performing janitorial services under the contract be paid not less
12 than the prevailing rate of wages, including fringe benefits or an equivalent amount, as paid in
13 private employment for similar work in the area in which the contract is being performed;

14 (3) *Parking Lot/Garage/Auto Storage Facility Contracts.* Administrative Code, Section
15 21C.3, requires that leases, management agreements, and other City contracts for the
16 operation of a public off-street parking lot, garage, or storage facility for automobiles on
17 property owned or leased by the City provide that any individual working at the parking lot,
18 garage, or storage facility, including but not limited to individuals engaged in washing,
19 polishing, lubrication, rent-car service, parking vehicles, cashiers, attendants, checking coin
20 boxes, non-attendant parking lot checking, daily ticket audit, traffic directors and shuttle driver,
21 shall be paid not less than the prevailing rate of wages, including fringe benefits or an
22 equivalent amount, as paid in private employment for similar work in the area where the lease,
23 management agreement, or contract is being performed;

24 (4) *Theatrical Services Contracts.* Administrative Code, Section 21C.4, requires that
25 contracts, leases, franchises, permits, or agreements awarded, let, issued, or granted by the

1 City require that any individual engaged in theatrical or technical services related to the
2 presentation of a show, including but not limited to workers engaged in rigging, sound,
3 projection, theatrical lighting, videos, computers, draping, carpentry, special effects, and
4 motion picture services be paid not less than the prevailing rate of wages, including fringe
5 benefits or an equivalent amount, as paid in private employment for similar work in the area
6 where the contract, lease, franchise, permit, or agreement is being performed;

7 (5) *Solid Waste Hauling Contracts.* Administrative Code, Section 21C.5, requires that
8 every contract awarded by the City for the hauling of solid waste generated by the City in the
9 course of City operations require that any individual engaged in the hauling of solid waste be
10 paid not less than the prevailing rate of wages, including fringe benefits or an equivalent
11 amount, as paid in private employment for similar work in the area where the contract is being
12 performed;

13 (6) *Moving Services Contracts.* Administrative Code, Section 21C.6, requires that City
14 contracts for moving services to be performed at any facility owned or leased by the City
15 provide that any individual performing moving services be paid not less than the prevailing
16 rate of wages, including fringe benefits or an equivalent amount, as paid in private
17 employment for similar work in the area where the contract is being performed;

18 (7) *Contracts for Trade Show and Special Event Work.* Administrative Code, Section
19 21C.8, requires that contracts, leases, franchises, permits, or agreements awarded, let,
20 issued, or granted by the City for the use of property owned by the City require that any
21 individual engaged in exhibit, display, or trade show work at a special event be paid not less
22 than the prevailing rate of wages, including fringe benefits or an equivalent amount, as paid in
23 private employment for similar work in the area where the contract, lease, franchise, permit, or
24 agreement is being performed;

1 (8) *Contracts for Broadcast Services.* Administrative Code, Section 21C.9, requires
2 that contracts, leases, franchises, permits, or agreements awarded, let, issued, or granted by
3 the City for the use of property owned by the City require that any individual engaged in
4 broadcast services on City property be paid not less than the prevailing rate of wages,
5 including fringe benefits or the matching equivalents thereof, paid in private employment for
6 similar work in the area in which the contract, lease, franchise, permit, or agreement is being
7 performed;

8 (9) *Loaders and Unloaders, and Related Drivers.* Administrative Code, Section
9 21C.10, requires that contracts, leases, franchises, permits, or agreements awarded, let,
10 issued, or granted by the City for the use of property owned by the City require that 1) any
11 individual engaged in loading or unloading, on City property, of materials, goods, or products
12 into or from a commercial vehicle in connection with a show or special event, and 2) any
13 individual engaged in driving a commercial vehicle into which or from which materials, goods,
14 or products are loaded or unloaded in connection with a show or special event, be paid not
15 less than the prevailing rate of wages, including fringe benefits or an equivalent amount, as
16 paid in private employment for similar work in the area where the contract, lease, franchise,
17 permit, or agreement is being performed;

18 (10) *Security Guards.* Administrative Code, Section 21C.11, requires that 1) contracts
19 issued by the City, as defined therein, require that any individual performing security guard
20 services at any facility or on any property owned or leased by the City be paid not less than
21 the prevailing rate of wages, including fringe benefits or an equivalent amount, as paid in
22 private employment for similar work in the area where the contract is being performed, and
23 that 2) contracts, leases, franchises, permits, or agreements awarded, let, issued, or granted
24 by the City for an event on City property require that any individual performing security guard
25 services be paid not less than the prevailing rate of wages, including fringe benefits or an

1 equivalent amount, as paid in private employment for similar work in the area where the
2 contract, lease, franchise, permit, or agreement is being performed; and

3 WHEREAS, Administrative Code, Section 21C.1, provides that, in the case of any
4 contract for Services wherein motor bus service is to be rendered to the general public on any
5 facility owned by the City, or in the case of any contract for the transportation within the
6 boundaries of the City of any Commodities owned or in the possession of the City, the
7 Purchaser, on recommendation of the department head concerned and approval of the Mayor
8 or the Mayor's designee or the board or commission in charge of such department upon the
9 ground that the public interest would be best served by requiring the inclusion of such a
10 provision in the contract, may require that any person performing labor thereunder shall be
11 paid not less than the highest general prevailing rate of wages, including fringe benefits or the
12 matching equivalents thereof, paid in private employment for similar work in the area in which
13 the contract is being performed, on the condition that the notice inviting offers under
14 Administrative Code, Section 21.2 calls attention to the requirements of any such provision;
15 and

16 WHEREAS, For the foregoing purposes, Administrative Code, Sections 6.22(e) and
17 21C.7(c)(1), respectively, require the Board of Supervisors (the "Board") annually to fix and
18 determine the prevailing rate of wages, including such rate of wages paid for holiday and
19 overtime work, paid in private employment in San Francisco for the various crafts and kinds of
20 labor used on public works and construction projects; for janitorial services; for work in public
21 off-street parking lots, garages, or automobile storage facilities; for theatrical and technical
22 services related to the presentation of shows; for solid waste hauling services; for moving
23 services; for trade show and special event work; for broadcast services; for loading and
24 unloading; for security guard services; and for motor bus service contracts; and

1 WHEREAS, To aid the Board in the aforementioned determinations of prevailing wage
2 rates, Administrative Code, Sections 6.22(e) and 21C.7(c)(1), respectively, require the Civil
3 Service Commission (“the Commission”) to furnish to the Board relevant data as to prevailing
4 wage rates; and

MANDATE STATEMENT

Charter Section A7.204 requires contractors that have public works or construction contracts with the City to pay employees the highest general prevailing rate of wages for similar work in private employment. The Charter allows the Board of Supervisors to exempt payment of the prevailing wage for wages paid under public works or construction contracts between the City and non-profit organizations that provide workforce development services.

Administrative Code Sections 6.22(E)(3) and 21C.7(c)(1) require the Board of Supervisors to annually set prevailing wage rates for employees of businesses having City contracts. Table 1 below identifies the (a) specific Administrative Code Sections, (b) the dates each Administrative Code Section was last amended by the Board of Supervisors, and (c) the types of City contracts, leases, and/or operating agreements in which the businesses are required to pay prevailing wages.

Table 1: List of City Contractors Required to pay the Annual Prevailing Wage

Administrative Code	Date of Most Recent Amendment	Type of Contract
Section 6.22 (E)	May 19, 2011	Public works or construction
Section 21.C.1	January 7, 2011	Motor bus services
Section 21C.2	May 28, 2014	Janitorial and window cleaning services
Section 21C.3	May 28, 2014	Public off-street parking lots, garages and vehicle storage facilities
Section 21C.4	February 2, 2012	Theatrical performances
Section 21C.5	February 2, 2012	Solid waste hauling services
Section 21C.6	February 2, 2012	Moving services
Section 21C.8	June 19, 2014	Trade show and special event work
Section 21C.9	February 10, 2016	Broadcast service workers on City property
Section 21C.10	October 14, 2016	Loading, unloading and driving commercial vehicles on City property
Section 21C.11	October 28, 2016	Security guard services in City contracts and for events on City property

BACKGROUND

Businesses that have contracts with the City, lease City property, or have permits for or other access to temporary use of City property must pay prevailing wage rates to employees. Each year, the Board of Supervisors is required to establish the prevailing wage rates for workers engaged in construction, janitorial, parking, theatrical, motor bus, solid waste hauling, moving, trade show, security guard, broadcast services, and loading unloading and driving commercial vehicles on City property.

To assist the Board of Supervisors in determining the prevailing wage rates, the Civil Service Commission is required to furnish the Board of Supervisors, on or before the first Monday of November of each year, relevant prevailing wage rate data. The Civil Service Commission submitted the report to the Board of Supervisors on October 17, 2018.

Administrative Code Section 6.22(E) states that the Board of Supervisors is not limited to the data submitted by the Civil Service Commission to determine the prevailing wage rates for public works construction, but may consider other information on the subject as the Board of Supervisors deems appropriate. If the Board of Supervisors does not adopt the prevailing wage rates, the wage rates established by the California Department of Industrial Relations for the year will be adopted.

The Civil Service Commission's relevant prevailing wage rate data provided to the Board of Supervisors is based on a survey by the City's Office of Labor Standards Enforcement and includes collective bargaining agreements that have recently been negotiated.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would fix prevailing wage rates for employees of private businesses having the following contracts, leases, or operating agreements with the City or perform services on City property:

- Public works and improvement project contracts,
- Janitorial services contracts,
- Public off-street parking lots, garages, or storage facilities for vehicles on property owned or leased by the City,
- Theatrical or technical services related for shows on property owned or leased by the City,
- Hauling of solid waste generated by the City in the course of City operations,
- Moving services under City contracts at facilities owned or leased by the City,
- Exhibit, display or trade work show services at a special event on City-owned property,
- Broadcast services on City property,
- Loading, unloading, and driving of commercial vehicles on City property in connection with shows or special events,
- Security guard services, and
- Motor bus services.

The Administrative Code requires that the Civil Service Commission provide prevailing wage data to the Board of Supervisors that includes both the basic hourly wage rate and the hourly rate of each fringe benefit, including medical and retirement benefits.

- Prevailing wage rates for various crafts and labor classifications under public works projects are established by the California Department of Industrial Relations, usually based on collective bargaining agreements that cover the employees performing the relevant craft or type of work in San Francisco.

- Prevailing wage rates for contracts for other services and classifications covered by the Administrative Code, as recommended by the Civil Service Commission, are based on the collective bargaining agreements that cover work performed in San Francisco between employers and the respective labor unions.

Attachment I to this report provides an alphabetical list of all crafts covered by the City's prevailing wage rate requirements.

FISCAL IMPACT

Attachment II to this report, prepared by the Budget and Legislative Analyst, summarizes (a) the types of contracts, leases, or operating agreements required to pay prevailing wages, (b) the respective collective bargaining agreements and labor unions, (c) the amount of the hourly wage rate increases in 2019 as compared to 2018, (d) the amount of the hourly fringe benefit rate increases in 2019 as compared to 2018, and (e) the proposed prevailing hourly wage rates.

Potential impact on the costs of future contractor bids

Under the proposed resolution, private businesses that have contracts with the City, and perform public works construction, janitorial services, parking, theatrical, moving, solid waste hauling services, trade show work, broadcasting services, loading and unloading, security guard services, and motor bus services in San Francisco, would be required to pay their employees at least the prevailing wage rates as shown in Attachment II of the report.¹ Increases in the prevailing wage rates could result in increased costs of future City contracts. However, any increased contract costs to the City as a result of the proposed prevailing wage rates are dependent on future City contractors' bids, and the extent to which such higher wage rates result in higher bids submitted by City contractors. Therefore, such potential increased costs to the City cannot be estimated at this time.

POLICY CONSIDERATION

Administrative Code Section 21C.7 provides for the Board of Supervisors to approve the prevailing rate of wages for covered classifications each calendar year. While the Civil Service Commission provides prevailing wage data to the Board, the Board of Supervisors is not limited to consideration of the data provided by the Civil Service Commission.

The prevailing wage rates for parking employees, as submitted by the Civil Service Commission, are based on wage rates in the collective bargaining agreement between Teamsters Local 665 and New South Parking, which covers workers at San Francisco International Airport parking facilities. Parking employees at City-owned parking facilities under the jurisdiction of the San

¹ The 2019 prevailing wage rates under S.F. Admin Code 21C no longer include wages for foreperson classifications. According to Mr. Benjamin Weber, Office of Labor Standards Enforcement, the foreperson classifications were removed because they pertain only to union contracts and the distinction is not enforceable from a prevailing wage standpoint. Since the prevailing wage is a minimum wage, the foreperson wage exceeds the prevailing wage and does not prevail.

Francisco Municipal Transportation Agency (SFMTA) are covered under the collective bargaining agreement between Teamsters Local 665 and a consortium of companies that operate parking facilities in San Francisco, including City-owned parking facilities², which expired in November 2018. As of the writing of this report, the collective bargaining agreement between Teamsters Local 665 and the consortium of companies operating parking facilities in San Francisco, including City-owned parking facilities is under negotiation.

The prevailing wage rate for parking employees as submitted by the Civil Service Commission would apply to employees of City-owned parking facilities. Even if the wage rate and benefits negotiated by Teamsters Local 665 and the parking consortium are lower than those submitted by the Civil Service Commission.³ As noted above, the Board of Supervisors has the option to approve the prevailing wage rates as submitted by the Civil Service Commission or consider other data to approve the prevailing wage rates. Therefore, approval of the proposed resolution is a policy matter for the Board of Supervisors.

RECOMMENDATION

Approval of the proposed resolution is a policy decision for the Board of Supervisors.

² The operators included in this agreement are ABM Parking Services, IMPARK & IMCO, Standard Parking & Central Parking, City Park, California Parking, Pacific Park Management, Parking Concepts Inc., LAZ Parking of California, Ace Parking Mgt., Inc. ProPark America, Douglas Parking, Portsmouth Sq. Garage, Encore Hospitality Services, Savoy Corporation, Parking Company of America, and R&R Parking.

³ If the collective bargaining agreement between the Teamsters Local 665 and the parking consortium provides for wage rates and benefits that are higher than the prevailing wage rate, the higher rate would apply. If the collective bargaining agreement provides for wage rates and benefits that are lower than the prevailing wage rate, the prevailing wage rate would apply to parking employees of City-owned or leased facilities but not to parking employees of private facilities under the agreement.

GENERAL SERVICES AGENCY
OFFICE OF LABOR STANDARDS ENFORCEMENT
PATRICK MULLIGAN, DIRECTOR

DATE: October 3, 2018
TO: The Honorable Civil Service Commission

SUBJECT: CERTIFICATION OF THE HIGHEST PREVAILING RATE OF WAGES OF THE VARIOUS CRAFTS AND KINDS OF LABOR PAID IN PRIVATE EMPLOYMENT IN THE CITY AND COUNTY OF SAN FRANCISCO

RECOMMENDATION: ADOPT REPORT; FORWARD TO BOARD OF SUPERVISORS

Section 6.22 of the Administrative Code requires that the Civil Service Commission furnish the Board of Supervisors data as to the highest general prevailing rate of wages of the various crafts and kinds of labor as paid in private employment in the City and County of San Francisco. The attached General Prevailing Wage Determinations made by the Director of Industrial Relations, State of California (DIR) pursuant to the California Labor Code reports the highest prevailing rate of wages of the various crafts paid in private employment in the City and County of San Francisco (**please see Attachments 1-4**).

In addition to the classifications and crafts addressed by the DIR's General Prevailing Wage Determinations, San Francisco Administrative Code Section 21C requires that prevailing wages be paid for 10 additional crafts and classifications. These classifications, Admin Code Sections, date passed by the Board of Supervisors are as follows:

- Motorbus Contract (S.F. Admin. Code 21C.1, passed June 2, 1999)
- Janitorial Services (S.F. Admin. Code 21C.2, passed August 6, 1999)
- Workers in Public Parking Lots and Garages (S.F. Admin. Code 21C.3, passed January 24, 2003)
- Theatrical Workers (S.F. Admin. Code 21C.4, passed May 6, 2004)
- Hauling of Solid Waste (S.F. Admin. Code 21C.5, passed December 12, 2006)
- Moving Services (S.F. Admin. Code 21C.6, passed July 22, 2004)
- Trade Show and Special Event Work (S.F. Admin. Code 21C.8, passed June 19, 2014)
- Broadcast Services (S.F. Admin. Code 21C.9, passed February 10, 2016)
- Loaders and Unloaders (S.F. Admin. Code 21C.10, passed October 4, 2016)
- Security Guard Services (S.F. Admin. Code 21C.11, passed October 28, 2016)

Administrative Code Section 21C.7 requires that the Civil Service Commission provide data on two components for each of these classifications: (1) the basic hourly wage rate and (2) the hourly rate of each fringe benefit, which together equal the hourly prevailing rate of wages.

The Office of Labor Standards Enforcement (OLSE) has adjusted the information included in this report to align with the DIR's process for establishing prevailing wage rates. Rather than submitting a Collective Bargaining Agreement document for each classification for review by the Civil Service Commission and potential adoption by the Board of Supervisors, OLSE has compiled wage and fringe benefit tables that mirror those developed by the DIR for statewide

classifications. To further mirror the DIR process, OLSE has included predetermined increases in wage and benefit rates as reflected in the relevant collective bargaining agreement (**please see Attachment 5**).

The prevailing wage rate tables included in Attachment 5 for the classifications in Administrative Code Section 21C are based on the following collective bargaining agreements:

Motorbus Contract (S.F. Admin. Code 21C.1): Collective Bargaining Agreement between Bauer's Intelligent Transportation, Inc. and Teamsters Local Union No. 665 in effect from October 1, 2016 to September 30, 2019.

Janitorial Services (S.F. Admin. Code 21C.2):

- a) Collective Bargaining Agreement between the San Francisco Maintenance Contractors Association and Service Employees International Union Local 87, in effect from August 1, 2016 through July 31, 2020, reflecting the prevailing wage rates for individuals performing janitorial services.
- b) Collective Bargaining Agreement between the San Francisco Window Cleaning Contractors Association and Window Cleaners Union – SEIU USWW, AFL-CIO in effect from April 1, 2017 to March 31, 2020, reflecting the wage and benefits levels for individuals performing window cleaning services.

Workers in Public Parking Lots and Garages (S.F. Admin. Code 21C.3): Collective Bargaining the Garage and Parking Lot Agreement between New South Parking California, G.P. and Teamsters Local Union No. 665 in effect from December 1, 2016 to November 30, 2019.

Theatrical Workers (S.F. Admin. Code 21C.4): Project Agreement between the Concept Services Inc. and Local 16 of the International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts in effect from July 1, 2016 through December 31, 2018.

Hauling of Solid Waste (S.F. Admin. Code 21C.5): Collective Bargaining Agreement between Recology Sunset & Recology Golden Gate and Sanitary Truck Drivers and Helpers Union Local 350, IBT, in effect from January 1, 2017 until December 31, 2021.

Moving Services (S.F. Admin. Code 21C.6): Agreement between the Galindo Installation and Moving Services and the Northern California Regional Council of Carpenters and the Carpenters 46 Northern California Counties Conference Board regarding furniture movers and related classifications, in effect from September 1, 2017 to August 31, 2019.

Trade Show and Special Event Work (S.F. Admin. Code 21C.8): Collective Bargaining Agreement between Freeman Expositions Inc and Painter and Allied Trades District Council 36, on behalf of Sign Display and Allied Crafts Local Union 510, in effect from April 1st 2018 to March 31, 2021.

Broadcast Services (S.F. Admin. Code 21C.9): Collective Bargaining Agreement between KELLEYCORE d/b/a SAMMCO and the International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists, and Allied Crafts of the United States, Its Territories and

Canada, AFL-CIO, CLC and its Local 119 / Bay Area Freelance Association, in effect from April 1, 2017 to March 31, 2020.

Loaders and Unloaders (S.F. Admin. Code 21C.10): Collective Bargaining Agreement between Freeman Exposition Inc., GES/Global Experience Specialists, Curtin Convention & Exposition Services, Inc. and all other signatory employers within the greater San Francisco Bay Area and Teamsters Local 2785, Local 287 and Local 70. This Agreement is in effect from April 1, 2017 through March 31, 2020.

Security Guard Services (S.F. Admin. Code 21C.11): Collective Bargaining Agreement between Allied Universal Security Services, G4S Secure Solutions (USA) Inc, Securitas Security Services USA, Inc., U.S. Security Associates, Cypress Security, Professional Technical Security Services, Inc., and ProGuard Private Security and Security Employers and Services Employees International Union, United Services Workers West, in effect from June 1, 2017 through June 30, 2021.

OLSE recommends that the Civil Service Commission certify the State Department of Industrial Relations Director's General Prevailing Wage Determination Report and Collective Bargaining Agreements, which reflect the highest prevailing rate of wages paid various crafts and kinds of labor paid in private employment in the City and County of San Francisco.

If the Civil Service Commission certifies these rates, companion legislation effectuating such proposed changes should be drafted by the City Attorney and transmitted to the Board of Supervisors concurrently with the certification.

Sincerely,

Patrick Mulligan
Director

Office of Labor Standards Enforcement

**IMPORTANT NOTICE TO AWARDING BODIES AND
OTHER INTERESTED PARTIES CONCERNING THE NEW
AMENDMENTS TO LABOR CODE SECTION 1720(a)**

The passage of Senate Bill 975 (Chapter 938), effective January 1, 2002, codifies existing Department of Industrial Relations' administrative decisions on appeal and determinations regarding the above referenced statute. This statute, among other things, also expands the definition of "public funds" for purposes of the Prevailing Wage Law and adds "installation" to the definition of construction. Chapter 938 also provides for certain specified exemptions to the new definition of "public funds."

In accordance with SB 975, its terms will be strictly enforced for all public works projects advertised for bids on or after January 1, 2002, except for those projects that that would have been covered under the Department's public works coverage determinations or decisions on appeal made precedential prior January 1, 2002, in which case there is an independent basis for enforcement of projects advertised for bid prior to January 1, 2002.

RE: Prevailing Wage Determination - Soils and Materials Tester (SMT) On Site

Dear Ms. Robbins:

Please find enclosed the response of Operating Engineers Local Union No. 3 in support of a Prevailing Wage Determination for a Soils and Materials Tester as set forth in the Master Construction Agreement for Northern California.

The data enclosed, we believe, justifies and establishes the Scope of Work Conforming to SB1999 for a Soils and Materials Tester performing on-site work in Northern California.

We respectfully request that a conclusive determination be made that the wage rates and fringe benefit rates applicable to this classification are the prevailing wage for this type of work within the geographical jurisdiction established in the Master Agreement and are consistent with the requirements of SB1999.

Your continuing assistance is appreciated. If there are any further questions, do not hesitate to contact myself or Dean Dye at 510/748-7400.

Sincerely,

**DEPARTMENT OF INDUSTRIAL RELATIONS
STATE OF CALIFORNIA
CLARIFICATION REQUEST - SOILS & MATERIALS TESTER (SMT)
WITH
OPERATING ENGINEERS LOCAL 3'S RESPONSES**

1. Summarize the intent of the coverage of the SMT classification in your No. CA Master Agreement, which serves as the basis for the prevailing wage determination.

All visual, physical and non-destructive testing that is done at a jobsite, on-site lab, fabrication site (yard), or off-site lab used exclusively for covered work.

2. Define the following and indicate if done by the SMT classification:

- a) Magnetic particle testing -- used for welding, laminations and other steel inspections; done by SMT
- b) Non-destructive inspection -- used for welding, laminations and other steel inspections; done by SMT
- c) Ultrasonic testing -- used for welding, laminations and other steel inspections; done by SMT
- d) Keying -- excavation at the toe of a slope; done by equipment operator
- e) Benching -- process of removing noncompacted or "soft" soil in order to properly place the compacted soil on unyielding materials; done by equipment operator
- f) Scarifying -- process of ripping or otherwise preparing the existing surface; done by equipment operator
- g) "Rolling of slopes" -- process of compacting the slope to the required density (also called "back rolling"); done by equipment operator
- h) One-pointer -- test made to roughly determine the weight and maximum density of the soil being used as fill material; done by SMT
- i) "Correction for rock" -- used during a compaction test to mathematically remove all oversize rock from the equation; done by SMT

3. Does lab work fall within the jurisdiction of the SMT? Does the on/off site location of the lab make a difference?

Lab work done offsite normally does not fall under the Construction Inspectors jurisdiction. If a field lab is set up at the project site in the field, it then falls under the Construction Inspectors jurisdiction.

4. What is the civil engineer's job when working with the SMT? Is the civil engineer covered under the scope of the SMT sections of the collective bargaining agreement (CBA)?

A Civil Engineer generally provides direction, plan interpretation and engineering type decisions. They may be either on- or off-site (depends on the nature of the project). They generally do not do the Construction Inspector type work; but if they do, then it is covered work.

5. The MLA (p.5) lists employees excluded from coverage. Does this imply that engineers and architects, project managers, off-site laboratory workers are excluded?

Engineers, Architects, Project Managers, off-site Lab Workers, as long as they do not perform the Construction Inspector work, would not be covered.

6. Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers Agreement? If so, how is work performed?

We (OE3) consider Mechanical Inspectors to be covered by our CBA, therefore the prevailing wage (at the SMT rate) would be paid. Electrical should be covered work by the electrical craft.

7. Regarding manufacturing sites, if inspectors visit plants, is that inspection of the plant and its processes covered under the Agreement, is that the intent of SB1999?

Steel fab shops, concrete and asphalt batch plants, prestressed yard and fabrication shop, etc. (such as those for piles & girders, gul lam beams) is covered work under the intent of SB1999, including mechanical and electric.

8. Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?

Concrete, Steel, Painting and Electrical Inspectors are covered work. Also Inspectors such as Roofing, Mechanical (HVAC), Suspended Ceiling, Plumbing, Geotechnical (unless registered Geologists/Engineer is specifically required by the plans & specs) Masonry, Fireproofing, Gul lam beams, Shotcrete, etc. In essence all inspection as required by the Uniform Building Code (UBC) is considered covered work.

9. Is visual observation inspection covered? For example: Using tape measures...

The Construction/Special Inspector shall observe the work for conformance....." is part of the UBC requirements. The majority of inspection work is visually by nature. Slump of concrete, length of weld, depth of footings, pile caps, width of footings, pile caps etc. are but a short list of work that a Construction Inspector would use a tape measure for.

10. What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer Agreement?

A Geotechnical Engineer normally would be a registered person with a college degree. They may be a Geologist/Engineer in training also. Geotechnical Engineer performs/supervises the analyses, design and documents preparation associated with the geotechnical aspects of the project. They would not normally be covered, unless doing Construction Inspector work.

A Geotechnical Inspector ascertains through inspection and/or testing that the Geotechnical Engineer's requirements/recommendations are complied with. A Geotechnical Inspector would normally be covered.

11. Is a Project Manager whose duties include weekly meetings, approving, contracts, managing engineers, managing subcontracts and preparing monthly reports be covered under the CBA?

A Project Manager, (who would normally not be doing construction inspection work) would not be covered.

12. Is a Resident Engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry, and HVAC tests, and acting as a liaison between contractors and engineers be covered?

Resident Engineers, normally a professional registered person is not covered unless doing Construction Inspector work (such as performing soils, concrete, masonry & HVAC tests).

13. Is the SMT an apprenticeable classification?

Yes.

14. Is inspection of bridges and piers covered under the SMT classification under Operating Engineers Local #3's agreement?

Yes.

The following, in addition to the above, are also considered covered inspection work: high strength bolting; shearwall & diaphragms; metal connectors, anchors or fasteners for wood construction; piling; drilled piers; caissons; bolts installed in concrete; post tensioning steel; pre-stressed steel. Also includes, but not limited to, underground construction (sewers, gas lines, drainage devices, water lines, backfilling, welding, bedding). SMT rates apply.

Re: **Building Construction Inspector (BCI) and Field Soils and Material Tester (FSMT) Classifications**

Dear Ms. Robbins:

Pursuant to your request for clarification contained in your November 20, 2001 correspondence we submit the following:

1. *What is the difference between the Building Construction Inspector (BCI) and the Field Soils and Materials Tester (FSMT) classifications? There appears to be some overlap of duties. Could you summarize the intent of the coverage between Southern California Contractors Association, Inc. and the International Union of Operating Engineers Local No. 12, which serves as the basis for the prevailing wage determination?*

As stated in our June 5, 2001 correspondence to your office, a Building Construction Inspector (BCI) is a licensed inspector who generally works under the direction of a registered civil engineer. The BCI is used when higher stresses are involved, e.g., welding, reinforced concrete, masonry, non-destructive testing and other related disciplines. The term "building inspector" or "construction inspector" has the same meaning as "special inspector." The BCI classification is meant to include inspection of all structures, including but not limited to, residential and commercial buildings, bridges, piers, warehouses, oil/water tanks, docks, refineries, heavy highway construction, underground construction, water works, sewers, water reclamation, flood control, dams, dredge, etc.

A field soils and material tester (FSMT) performs a variety of duties. They include special grading, excavation filling, soils used in construction, concrete sampling, density testing and various types of verification tests.

Occasional overlap of duties may occur between the BCI and FSMT, such as taking concrete specimens in the field, however, one must look at the overall scope of work/duties to determine the proper prevailing wage/rate classification.

2. *How is grading inspection different when performed by a BCI or by a FSMT?*

"Grading inspection is generally the work of a FSMT. The City of Los Angeles certifies/licenses grading inspectors whose duties are similar, but more stringent than those of the FSMT. The grading inspector in the Los Angeles area is covered under the BCI classification/wage rate.

3. *Please define the following and identify which classification performs this work:*

- a) *Magnetic particle testing*
- b) *Nondestructive inspection*
- c) *Ultrasonic testing*
- d) *Keying*
- e) *Benching*
- f) *Scarifying*
- g) *"Rolling of slopes"*
- h) *One-pointer*
- i) *"Correction for rock"*

a) b) c) Magnetic and ultrasonic testing are two different forms of non-destructive testing (NDT). They use mechanical devices to check defects in structures such as welds. The use of magnetic and ultrasonic waves in the evaluation process does not cause any damage to the structure, hence, the term non-destructive testing. Other forms of non-destructive testing include radiography (x-rays) and penetrant testing. All of this work is that of the BCI.

d) Keying in is benching into existing material while filling up an adjacent fill, to bind the two areas (materials) together, eliminating the chance of a soft or uncompacted area in between the two materials or areas. A "stair-step" procedure is usually used.

e) Benching is using a piece of equipment (usually a dozer) to cut into existing material while filling up an adjacent fill, to bind the two areas (materials) together. This eliminates the chance of soft or uncompacted area in-between the two materials or areas. A "stair-step" procedure is usually used.

f) Scarifying is a procedure performed by equipment that rips up existing material approximately one foot deep, then processing that material by watering and mixing it.

g) Rolling of Slopes is a compaction technique used on the slopes of a new fill area. The time required for compaction on the slope of a fill is the same as the required compaction on the top of the fill.

h) A One-Pointer is one test made on the soil by a field soils and material tester (or FSMT).

i) Correction for Rock is a calculation made for oversized rock in soil, done by a field soils and material tester (FSMT).

Items a, b and c are performed by the BCI. Items d, e, f, g, h and i are performed by the FSMT.

To perform items a, b, and c, the individual would have to obtain certification as required by the agency. If certified, for example, in "Ultrasonic Testing," one could perform FSMT work and then move to BCI work if certified to do so.

4. *Does lab work fall within the jurisdiction of the BCI? Does the on/off site location of the lab make a difference?*

No, lab work is not covered. If a lab is located on-site and the individual stays "inside" the lab, there is no coverage. However, if the individual goes on-site and performs "field work," then he or she is covered for all hours worked.

5. *What is the civil engineer's job when working with the BCI or FSMT? Is the civil engineer covered under the scope of the BCI or FSMT sections of the collective bargaining agreement (CBA)?*

The civil engineer usually acts in a supervisory role, directing the BCI or FSMT activities. The civil engineer work would not be covered unless he or she performs "field work."

6. *The Master Labor Agreement (page 5) lists employees excluded from coverage. Does this imply that engineers, architects, project managers and off-site laboratory workers are excluded?*

Yes.

7. *Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers agreement? If so, how is work performed?*

Not covered.

8. *When inspectors visit manufacturing sites, is the inspection of the plant and its processes covered under the agreement? Is that the intent of SB 1999?*

Yes, pursuant to the agreement. The intent of SB1999 was to further define coverage in the public work arena.

9. *Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?*

Geotechnical, yes. Concrete, yes. Painting, no. Steel, yes. Electrical, no.

10. *Is visual observation inspection (e.g., using tape measures) covered?*

Yes. Visual inspection is a component of the Inspector's duties.

11. *What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer agreement?*

A Geotechnical Inspector is "on-site" performing the "field work" and is covered. The

Geotechnical Engineer is usually "in-house," a supervisory position, "off-site."

12. *Is a project manager whose duties include weekly meetings, approving contracts, managing engineers, managing subcontracts and preparing monthly reports covered under the CBA?*

No.

13. *Is a resident engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry and HVAC tests, and acting as a liaison between contractors and engineers covered?*

When a Resident Engineer logs correspondence among contractors and subcontractors, the work is not covered. When the Resident Engineer acts as a liaison between contractors and engineers, the work is not covered. When performing soil, concrete or masonry tests, the work is covered. HVAC tests are not covered.

14. *Is the BCI an apprenticeable classification?*

Yes.

15. *Is the FSMT an apprenticeable classification?*

Yes.

16. *Is inspection of bridges and piers covered under the BCI and/or FSMT classifications under your agreement?*

Yes. Please see the coverage language in the CBA. Both classifications are covered pertaining to bridge work.

We hope the information provided herein is beneficial to you. Please call this office if you should have any questions.

Sincerely,

Fred C. Young, Financial Secretary

**IMPORTANT NOTICE TO AWARDING BODIES AND OTHER INTERESTED PARTIES
CONCERNING INSPECTION, FIELD SURVEYING AND SOILS TESTING**

The passage of Senate Bill 1999 (Chapter 881), effective January 1, 2001, codifies existing Department of Industrial Relations administrative decisions, determinations and regulations concerning the above referenced work. This work when done on or in the execution of a "Public Works" project requires the payment of prevailing wages. In accordance with SB 1999, Inspection and Testing determinations will be strictly enforced for all public works projects advertised for bids on or after January 1, 2001. Field surveying determinations have been and will continue to be enforced for all public works projects.

The classifications that perform this work have been published in the Director's General Prevailing Wage Determinations for over 20 years and can be found on the Basic Trades pages (Building Inspection, Soils Testing) and on the individual county sheets (Field Surveying). For the basic trades, please use the following determinations:

In addition, Director's precedential Public Works coverage determinations concerning inspection and testing work will be enforced for all public works projects advertised for bids on or after the dates the precedential decisions were designated as such. For determinations of the applicability of prevailing wage requirements to other work covered by SB 1999, please contact the Division either via fax number or by mailing your request to the address indicated above. Requests of this nature should include all of the relevant documents including, but not limited to, the contract for the work and a detailed description of the work to be performed. Future clarifications regarding the scope and application of Senate Bill 1999, if needed, will be posted on the DLSR website and mailed to those on the Prevailing Wage mailing list.

**Important Notice to Awarding Bodies and Other Interested Parties
Regarding Shift Differential Pay in the Director's General Prevailing Wage Determinations**

Dear Public Official/Other Interested Parties:

The Director's General Prevailing Wage Determinations includes shift differential pay for various crafts used on public works projects. This notice is to clarify the worker's eligibility to receive the shift differential pay when working on a public works project. Please note that not all crafts have shift differential pay published in the Director's General Prevailing Wage Determinations.

When a worker is required to work a regular shift, he/she must be paid the applicable craft rate from the Director's General Prevailing Wage Determinations for the construction activity he/she is performing. However, when a worker is required to work a shift outside of normal working hours, he/she must be paid the shift differential pay according to the shift he/she is working. For example, if only one shift is utilized for the day, and the work being performed is during the hours typically considered to be a swing (second) shift or graveyard (third) shift, the worker employed during the hours typically considered to be a swing shift or graveyard shift must be paid the shift differential pay for the shift he/she is working. If multiple shifts are used for the day, the worker working on the second or third shift must be paid according to the shift he/she is working.

Please refer to the contract provisions posted on the Internet at www.dir.ca.gov/DLSR/PWD for the working hours applicable to the craft/classification published in the Director's General Prevailing Wage Determinations, which has a swing shift and/or a graveyard shift.

Sincerely,

Based upon the attached communications dated February 20, 2002, from Bill Quirk of the Communications Workers of America to Chuck Cake, Acting Director of the Department of Industrial Relations, the Office of the Director has determined the following:

Effective March 21, 2003, for all projects advertised for bids as of this date and prospectively which involve voice, data, and video communications work, the scope of work for this determination is clarified to exclude conduit work except in cases involving conduit runs of less than or equal to ten (10) feet within telecommunications rooms/closets.

Dear Chuck,

I hope the information below will help you.

For C7 licensed contractors with whom CWA holds a collective bargaining agreement in the State of California, I believe the following statement covers 95 % of work performed by our members.

The scope of work that CWA members perform requires the running of conduit from time to time. This conduit work is typically coincidental to Telecommunications work and normally in telecommunications rooms / closets. Usually the conduit run is not longer than 10 feet.

Sincerely,

Bill Quirk

RE: Enforcement of Prevailing Wage Obligations for On-Haul and Off-Haul Trucking By Owner-Operators Not Employed by Material Suppliers

Dear Interested Parties:

This notice is in response to the various letters I have received regarding enforcement of prevailing wage obligations for owner-operator truck drivers hauling material and equipment to and from public works sites.

It has been this Department's policy that owner-operators, including owner-operator truckers, performing public work must be paid prevailing wages.¹ It appears, however, and as some of you have acknowledged, the majority of the Department's enforcement of prevailing wage obligations has concerned owner-operators (of any kind) performing work within a public works site.²

In light of the Department's enforcement experience and its current consideration of appropriate wage rates for owner-operators performing on-haul and off-haul trucking, enforcement of prevailing wage obligations for such work is stayed pending DLSR's establishment of the appropriate rates, including a formula for applying them to the unique circumstances of owner-operator compensation.³

In addition, the rates established by DLSR for owner-operator truckers performing off-haul and on-haul deemed to be public work will be applicable to all work advertised for bid on or after the date of the rates issued by DLSR.⁴

Sincerely,

/s/John M. Rea
Acting Director

¹ Under *O. G. Sansone Co. v. Department of Transportation* (1976) 55 Cal.App.3d 434, 458, 127 Cal.Rptr. 799, this excludes owner-operators employed by material suppliers.

² Almost all prevailing wage complaints involving owner-operators performing on-haul and off-haul trucking appear to have come in after the request for a determination or after the issuance of the determination.

³ Labor Compliance Programs are required to enforce prevailing wage obligations in a manner consistent with the enforcement policies of DLSE (title 8, California Code of Regulations, section 16434). Thus, Labor Compliance Programs are directed to observe the same stay policy as described herein.

⁴ Consistent with the Department's enforcement policy, if an awarding body does not advertise the public works project for bid, other benchmarks events, including the first written memorialization of the agreement concerning the public works elements of project or the contract governing the award of public funds will be utilized instead. See e.g., Baldwin Park Market Place, City of Baldwin Park, Public Works Case No. 2003-028, October 16, 2003.

REGARDING THE DETERMINATIONS ISSUED ON FEBRUARY 22, 2007 FOR
METAL ROOFING SYSTEMS INSTALLER (PAGES 2J - 2J-15)**

Dear Public Official/Other Interested Party:

The Division of Labor Statistics and Research (DLSR) found through the Metal Roofing Systems (Commercial Construction) Statewide Wage and Benefits Survey that there is insufficient or no data to establish a mode for metal roofing in **Alpine, Colusa, Del Norte, Glenn, Imperial, Inyo, Kern, Kings, Lake, Mariposa, Merced, Modoc, Mono, Nevada, Plumas, San Benito, San Luis Obispo, Santa Cruz, Sierra, Sutter, Tehama, Trinity, and Tuolumne** counties. The Director of Industrial Relations determined that the minimum acceptable rate for metal roofing in these counties would be one of the four rates which DLSR publishes as prevailing through broad areas of California (i.e. the Carpenter, Iron Worker, Roofer and Sheet Metal Worker rates published in the General Prevailing Wage Determinations).

These will remain the minimum rates unless and until the rate is successfully challenged, in the context of a specific job with payroll evidence that another rate prevails, under Labor Code Section 1773.4 (for a specific project) or should another party submit payroll data showing that there is a single rate prevailing in a broad labor market which includes these counties or for one of these counties, via petition meeting the requirements of under Title 8, California Code of Regulations section 16302. We will require, as the survey did, actual payroll data linked to a project on which a metal roof was installed by the worker paid that rate. Please note that in the successfully challenged county(ies), a wage and benefits survey will be conducted to determine the prevailing wage rate for this type of work.

**IMPORTANT NOTICE
TO AWARDDING BODIES AND INTERESTED PARTIES
REGARDING OVERTIME ON PUBLIC WORKS**

The Department has received several inquiries regarding whether it would be appropriate to refer to the contract provisions for a craft, classification, or type of worker in cases where the prevailing wage is based on a collective bargaining agreement to determine the overtime requirements for public works.

Contract provisions that allow for employees to work alternative workweek schedules in which they may work more than 8 hours per day without overtime pay do not apply to work performed on public works. The laws and regulations governing prevailing wages require that employees of contractors on public works be paid not less than 1-1/2 times the basic rate of pay for all hours worked in excess of 8 hours per day and 40 hours during any one week. In addition, overtime compensation may be required at a higher rate than 1-1/2 times the basic rate of pay, for less than 40 hours in a standard workweek, or for less than 8 hours in a calendar workday as specified in the prevailing wage determination. Contractors are required to pay overtime pursuant to Labor Code sections 1810-1815 and as indicated in the prevailing wage determination. Therefore, please refer to Labor Code sections 1810-1815 and the prevailing wage determination and not the contract provisions for each particular craft, classification, or type of worker to obtain the applicable requirements for overtime hours and rates of pay.

REGARDING PREVAILING WAGE DETERMINATIONS
FOR RESIDENTIAL PROJECTS**

The Division of Labor Statistics and Research (DLSR) will no longer issue residential wage rates as special prevailing wage determinations pursuant to the California Code of Regulations Section 16202. Effective January 26, 2009, the DLSR will make available on demand residential prevailing wage determinations for those crafts/classifications which are on file with the DLSR to any interested party upon request. This does not alter the basis for determination, it only improves the availability of these determinations to the regulated public.

As defined under the California Code of Regulations Section 16001(d), residential projects consist of single-family homes and apartments up to and including four stories. The residential determinations will apply only to the residential portion of the project meeting this definition. Construction of any structures or ancillary facilities on the project that does not meet this definition requires the payment of the general prevailing wage rates found in the Director's General Prevailing Wage Determinations.

To obtain residential determinations, please fax a request to (415) 703-4771 or send to the following address:

Department of Industrial Relations
Division of Labor Statistics and Research
P.O. Box 420603
San Francisco, CA 94142-0603

It is anticipated that residential determinations will be updated semi-annually as are the Director's General Prevailing Wage Determinations. An important notice will go up on DLSR's website when residential determinations are updated. If you are obtaining residential determinations and your project is not immediately advertised for bids, please refer to these important notices to make sure you are using the residential determinations in effect at the time a project is advertised for bids.

If you have any questions, please contact the Division of Labor Statistics and Research at the aforementioned address or call (415) 703-4780 and ask for the Prevailing Wage Analyst of the Week.

REGARDING THE GENERAL PREVAILING WAGE DETERMINATIONS FOR THE
CRAFT OF DRIVER (ON/OFF-HAULING TO/FROM CONSTRUCTION SITE)**

The Department of Industrial Relations ("Department") conducted a wage investigation to determine the prevailing wage rate(s) for the craft of Driver (On/Off-Hauling to/from a Construction Site). Based on the results of this investigation, the Department has issued statewide prevailing wage determinations for the classifications of Dump Truck Driver and Mixer Truck Driver (see pages 2L-1 through 2L-6 and pages 2K-1 through 2K-16, respectively). These determinations will be applicable to public works projects advertised for bids on or after March 4, 2009.

The Department determined that the Dump Truck Driver rates found in the Teamsters Master Labor Agreement for on-site construction also set the prevailing rate for On/Off-Hauling to/from a Construction Site for Marin, Napa, Solano, Sonoma, and Yolo Counties. Based on the results of this investigation, this on-site determination does not apply to any other counties for On/Off-Hauling to/from a Construction Site. To find the applicable rate(s) for the Dump Truck Driver classification in Marin, Napa, Solano, Sonoma, and Yolo Counties, please refer to the prevailing wage determination for the craft of Teamster (Applies only to Work on the Construction Site) found on pages 55, 56, and 56A of the Director's General Prevailing Wage Determinations.

For CD recipients, please note the correction that determination NC-23-261-4-2005-1 for the craft of Driver (On/Off-Hauling to/from a Construction Site), page 59, is no longer applicable to public works projects advertised for bids on or after March 4, 2009. To obtain the current determinations for this craft, please visit our website at <http://www.dir.ca.gov/DLSR/PWD/Statewide.html> on or after March 4, 2009, or contact the Prevailing Wage Unit at (415) 703-4774.

On February 22, 2010, the Division of Labor Statistics and Research issued the “Notice Regarding Advisory Scope of Work for the Southern California Carpenters’ General Prevailing Wage Determination.”

In reviewing the notice on our website, the carpenters notice contains a typographical error in the last sentence of paragraph 1, “the minimum rate of pay for work in question is performed by Electricians: Inside Wiremen...”

The correct wording should be as follows, “*the minimum rate of pay for the work in question is – Electricians: Inside Wiremen...*”

**IMPORTANT NOTICE
TO AWARDING BODIES AND INTERESTED PARTIES REGARDING
THE PREVAILING WAGE RATES BELOW THE CALIFORNIA MINIMUM WAGE**

In accordance with Labor Code Sections 1770, 1773, and 1773.1, the Director of the Department of Industrial Relations is responsible for determining the prevailing wage rates for each worker employed on public works projects of more than one thousand dollars (\$1,000).

Effective January 1, 2016, the minimum wage in California will increase to ten dollars (\$10.00) per hour. The Director's prevailing wage determinations shall not be below the California minimum wage. Each employer is required to pay at least the California minimum wage for the basic hourly rate in all cases where the published prevailing wage rate is below the California minimum wage. Any and all employer payments required by these determinations must also be paid.

If the California minimum wage is increased in the future to an amount above that shown in a prevailing wage determination, the basic hourly rate in that determination automatically increases to the new minimum wage.

IMPORTANT NOTICE

RE: Electronic Certified Payroll (eCPR) Reporting On Public Works Projects

Dear Interested Parties:

This notice is in response to the numerous inquiries DIR has received regarding the difficulty that many contractors and subcontractors are having with the eCPR requirements effective January 1, 2016. See Labor Code § 1771.4(a)(3).

Effective immediately, enforcement of the eCPR requirement is hereby temporarily stayed pending outreach, education and upgrades to the eCPR system that will allow contractors and subcontractors to more easily submit CPRs into DIR's system. DIR is currently exploring an alternative reporting format that will facilitate compliance with the eCPR requirements for contractors and subcontractors that are having difficulty. DIR anticipates that the upgrades should be completed by June 2016.

This notice **only** applies to the obligation to submit CPRs into DIR's eCPR system. Awarding bodies must still ensure that contractors and subcontractors are registered under DIR's contractor registration system and in compliance with all other prevailing wage laws including, but not limited to, Labor Code section 1776 (Reporting of Certified Payroll Records).

This notice also does not affect the ability or obligation of labor compliance personnel, or rights of other interested parties, to request and obtain certified payroll records (hard copies in the absence of electronic records).

SUMMARY OF IMPORTANT NOTICES CONCERNING BURGLAR ALARM AND FIRE ALARM INSTALLATION

Dear Public Officials/Other Interested Parties:

The Department has issued several important notices between June 27, 2002, and October 27, 2015, specifying the prevailing rate of pay for the installation of burglar and fire alarms. The tables on the following two pages provide a summary of the applicable rates of pay for burglar and fire alarm installation by county as of September 23, 2016. The information in these tables summarizes but **does not** alter the applicable rates of pay issued in the aforementioned important notices.

Please note that minimum rate of pay determinations are issued on a “project-by-project basis.” If you have a public works project in one of the counties listed in the tables that indicates “project-by-project basis,” you may request a minimum rate of pay determination prior to the bid advertisement date of the project by sending a written request to the address below. Each request should include all the relevant documents that would assist the Department in issuing a determination. These documents include but are not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

Please refer to the county determinations to find the rates associated with the craft(s)/classification(s) referenced in the tables. The scope of work for each classification is posted on the Internet at <http://www.dir.ca.gov/oprl/DPreWageDetermination.htm>. This information may also be requested from the Office of the Director – Research Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:

**IMPORTANT NOTICE
TO AWARDING BODIES AND INTERESTED PARTIES REGARDING
THE PREVAILING WAGE RATES BELOW THE CALIFORNIA MINIMUM WAGE**

In accordance with Labor Code Sections 1770, 1773, and 1773.1, the Director of the Department of Industrial Relations is responsible for determining the prevailing wage rates for each worker employed on public works projects of more than one thousand dollars (\$1,000). Under Labor Code Section 1773.9, the prevailing rate is defined as the basic hourly rate being paid to a majority of workers engaged in a particular craft, classification or type of work within the locality and in the nearest labor market.

Effective on January 1, 2018, the Director’s prevailing wage determinations shall not be below the California minimum wage of \$11.00 per hour. Each employer is required to pay at least the California minimum wage, \$11.00, for the basic hourly rate in all cases where the published prevailing wage rate is below the California minimum wage. Any and all employer payments required by these determinations must also be paid.

DEPARTMENT OF INDUSTRIAL RELATIONS
Office of the Director – Research Unit
455 Golden Gate Avenue, 9th Floor

**IMPORTANT NOTICE TO AWARDING BODIES AND ALL INTERESTED PARTIES
REGARDING A CORRECTION TO
THE DIRECTOR'S GENERAL PREVAILING WAGE DETERMINATIONS**

Dear Public Official/Other Interested Parties:

CRAFT: Fire Safety and Miscellaneous Sealing

CLASSIFICATION: Asbestos Worker: Fire Safety Technician – Class I (0-2000 hrs)

DETERMINATION: SC-3-5-4-2017-1

LOCALITIES: Imperial, Inyo, Kern, Los Angeles, Mono, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura counties.

Determination SC-3-5-4-2017-1 issued in the 2018-2 publication of the general prevailing wage determinations contains an error.

The Vacation/Holiday amount for Asbestos Worker: Fire Safety Technician – Class I (0-2000 hrs) is incorrect.

The correct Vacation/Holiday amount should be **\$0.90**, instead of \$0.95.

With the exception of the above correction, all of the wage rates and other conditions found in the above referenced prevailing wage determinations remain unchanged.

Re: Resolution Fixing Prevailing Wage Rates Pursuant To Administrative Code,
Sections 6.22(e) and 21C.1-21C.11

Dear Ms. Calvillo:

On behalf of the Civil Service Commission, I am submitting the original and four copies of the proposed Resolution pertaining to the fixing of prevailing wage rates as noted above.

Please note that in the "Whereas" clause beginning at page 6, line 5, the Resolution references and incorporates the Office of Labor Standards Enforcement ("OLSE") report concerning the various types of work covered by the proposed Resolution, which report was adopted by the Commission at its October 15, 2018 meeting. The report includes data to be forwarded by the Commission to the Board of Supervisors. By this letter, on behalf of the Commission, I am forwarding to the Clerk's Office the OLSE report.

Please also note that in the same "Whereas" clause, at page 6, line 8, of the proposed Resolution, it will be necessary for the Clerk's Office to insert the File Number for this matter.

Thank you for processing this submission and for making the necessary arrangements for a timely hearing on the proposed Resolution.

Very truly yours,

DENNIS J. HERRERA
City Attorney
