Re: ABC Type 42 License Application
Key Kong Bida (Café)

Dear Sir or Madame:

Please find enclosed a copy of the ABC Public Convenience or Necessity resolution request. We are taking this proactive approach with your office to avert and ameliorate any issues that the city may have with our application for a Beer and Wine license to better serve our patrons and the community.

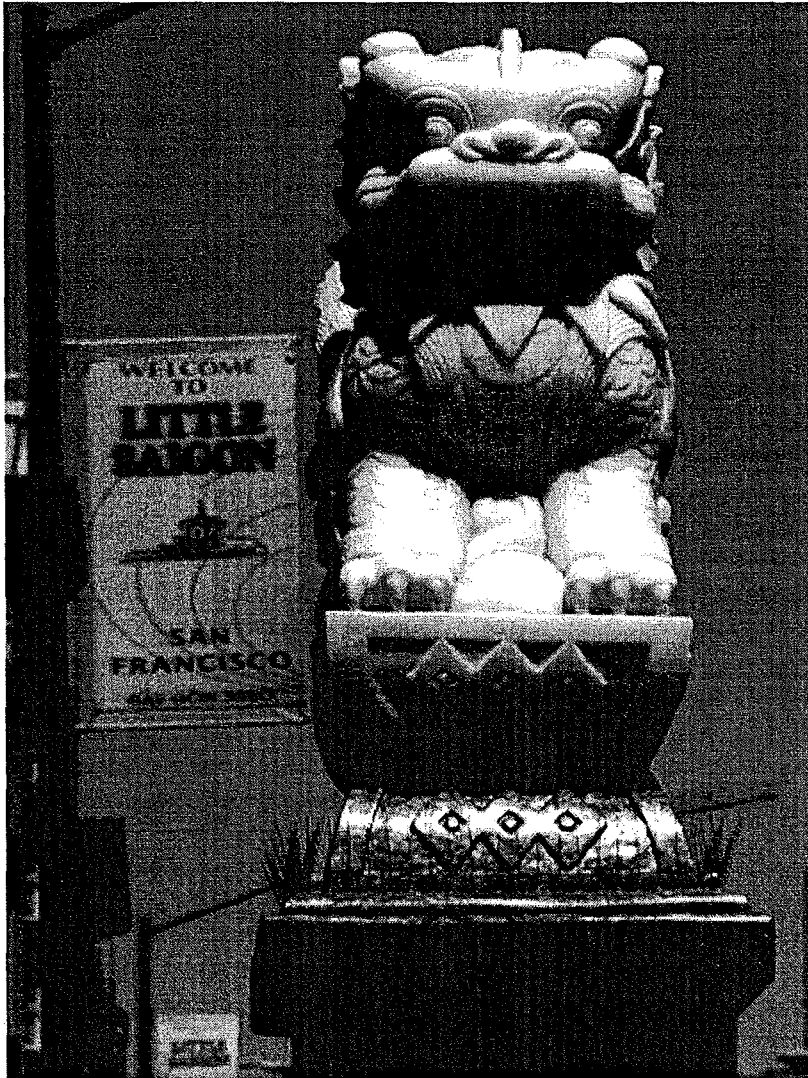

I have been a business man in the Little Saigon area for almost two decades. I have never had a problem the law enforcement. I have proactively in both of my business dealt with the homeless problem in the Little Saigon area and made sure that any ongoing criminal activity did not take place around my business for the my and my patrons protection. I have been successful in theses efforts for almost 20 years and will remain so.

The was a concern dealing with the ABC 'undue concentration' of licenses. I ask that you review our proposal to the City for our response to that issue. We are a fixture in the community had our patrons reflect that changing demographic. We MUST keep pace with this change in the Little Saigon area and need to have the Beer and Wine license to compete and survive. Our business has and will continue to function as a community meeting place for the Vietnamese community and all other diversity in the Tenderloin / Little Saigon neighborhood. We hope that we can have the support of the Board in our efforts to stay relevant in this changing business environment. Thanks in advance.

Respectfully,

(PC-N) AND POSTIVE ABC DETERMINATION**

INTRODUCTION

I, Cuong Thanh Tran, is the majority stock holder of Key Tran, Inc. formed on March 30, 2015 for the purpose of a business model change for the operation and ownership of King Kong Bida (Café) (Bida is Vietnamese for Café) - Little Saigon's Oldest and ONLY Vietnamese owned and operated Billiard Parlor. I am the principal in the application of Key Tran, Inc for a new ABC license type 42 to be located at 745 O'Farrell, San Francisco, CA 94109. Key Tran, Inc. is a Delaware general corporation authorized to do business in the State of California stated in **Exhibit A**.

This affidavit and supporting materials are in support of the issuance of a determination that King Kong Bida (Café) severs a major community resources for the Tenderloin/Little Saigon Neighborhood and is Public Convenience AND Necessity for

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

that neighborhood, in the full spirit that the San Francisco Board of Supervisors expressed when they gave the area the designation of 'Little Saigon' in honor the over 10,000 Vietnamese immigrants that live in the area. King Kong Bida (Café) and its owner has been in business in the neighborhood providing services to the Vietnamese community, economic benefit and a businesses that has gone WITHOUT any law enforcement problems for over 25 years. In light of the new influx of young 'techies' from Google, Uber, FaceBook, Yahoo, AirBnB, and many other new industries in the city the Tenderloin/Little Saigon is in need of a recreational space that is not a restaurant.

A community recreational space that will allow for money to be spent in the businesses WITHIN the Supervisor District 6 and not carried away to the other area of the city. King Kong Bida (Café) serves as a community resource on a daily basis the need of the original Vietnamese community of at least two generations that patronize the facility and utilize the business space as a community meeting area whose numbers exceed that of the nearby official Vietnamese Community Center.

King Kong Bida (Café) is also fast becoming the recreational space of choice for the younger 21 to 30 year old new emigrants to San Francisco that work in the tech industry and live in the Tenderloin/Little Saigon Area. These new patrons have expressed a desire to have a place close by home to play pool, talk with friends and relax. They have indicated that the addition of Beer and Wine at King Kong Bida (Café) would be an added incentive to increase their patronage and their economic investment in District 6 and Little Saigon. As an added benefit, the owner, Cuong Tran has been told often they ,

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

the younger new patrons feel safer in King Kong Bida (Café) at night and during the day due to the fact that 'NO DRUG DEALING OR LOITTERS HANGING OUT IN OR NEAR THE BUSINESS AT ANYTIME'. This safe environment has been the hallmark of the owner ship of the businesses owned by Cuong Tran over the two decades in the area.

The fact that the area of Little Saigon has been changing drastically over the last 5 years with new eateries opening up and other closing down or changing hands and there is NO LIMIT as to the number of beer and wine licenses that may be granted in an area by state law nor regulation (**Exhibit B**) and that there are NO ABC Type 42 licenses in the coverage area near the King Kong Bida (Café) (**Exhibit C**). Coupled with the fact that King Kong Bida has been in business without incident for almost 20 years and has been owned and operated continually by a Vietnamese immigrant that has invested in the Tenderloin/Little Saigon community and District 6 with two successful crime free businesses the public convenience is apparent. When the San Francisco Supervisors formed the Little Saigon area their goal was to preserve the community spirit of the Vietnamese inhabitants of the time which add to the overall character of the City. (**Exhibit D**). The new and old residents of the area are in need of more that a Vietnamese place to eat, they also express an need for a place to relax and meet friends while enjoying a beer or glass of wine - that is what King Kong Bida (Café) hopes to bring to Little Saigon.

Cuong Tran has already successfully held a ABC Beer and Wine license without

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

incident nor law enforcement assistance at this former business *Sao Bien Restaurant* located near the entrance to Little Saigon at 701 Larkin Street (**Exhibit E**). That business was owned and operated by Mr. Tran for almost four years when he sold it and the license was transferred to the new owners who still hold the Beer and Wine License. As with King Kong Bida (Café) , the location was extremely secure for patrons and Mr. Tran, working with the community adhered to all ABC regulations, especially, Section 25612.5 of the California Business and Professions Code. Mr. Tran's former business worked closely with ABC's Retail Operation Standards Task Force (ROSTF) Guidelines. Key Tran, Inc will continue this cooperation with ABC and all relevant agencies. (**Exhibit F**).

In support of granting a favorable PC-N determination on the ABC license, I submit the following:

1. The application sections of the California Code Regulations state:
23958.4. (a) *For purposes of Section 23958, "undue concentration" means the case in which the applicant premises for an original or premises-to-premises transfer of any retail license are located in an area where any of the following conditions exist:*

(1) The applicant premises are located in a crime reporting district that has a 20 percent greater number of reported crimes, as defined in subdivision (c), than the average number of reported crimes as determined from all crime reporting districts within the jurisdiction of the local law enforcement agency.

(2) As to on-sale retail license applications, the ratio of on-sale retail licenses to

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

population in the census tract or census division in which the applicant premises are located exceeds the ratio of on-sale retail licenses to population in the county in which the applicant premises are located.

(2) *With respect to any other license, if the local governing body of the area in which the applicant premises are located, or its designated subordinate officer or body, determines within 90 days of notification of a completed application that public convenience or necessity would be served by the issuance. The 90-day period shall commence upon receipt by the local governing body of (A) notification by the department of an application for licensure, or (B) a completed application according to local requirements, if any, whichever is later.*

*If the local governing body, or its designated subordinate officer or body, does not make a determination within the 90-day period, then the department may issue a license if the applicant shows the department that public convenience or necessity would be served by the issuance. **In making its determination, the department shall not attribute any weight to the failure of the local governing body, or its designated subordinate officer or body, to make a determination regarding public convenience or necessity within the 90-day period.***

(c) *For purposes of this section, the following definitions shall apply:*

(1) *"Reporting districts" means geographical areas within the boundaries of a single governmental entity (city or the unincorporated area of a county) that are identified by*

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

the local law enforcement agency in the compilation and maintenance of statistical information on reported crimes and arrests.

(2) "Reported crimes" means the most recent yearly compilation by the local law enforcement agency of reported offenses of criminal homicide, forcible rape, robbery, aggravated assault, burglary, larceny, theft, and motor vehicle theft, combined with all arrests for other crimes, both felonies and misdemeanors, except traffic citations.

(3) "Population within the census tract or census division" means the population as determined by the most recent United States decennial or special census. The population determination shall not operate to prevent an applicant from establishing that an increase of resident population has occurred within the census tract or census division.

(4) "Population in the county" shall be determined by the annual population estimate for California counties published by the Population Research Unit of the Department of Finance.

(e) The enactment of this section shall not affect any existing rights of any holder of a retail license issued before April 29, 1992, whose premises were destroyed or rendered unusable as a result of the civil disturbances occurring in Los Angeles from April 29 to May 2, 1992, to reopen and operate those licensed premises.

(f) This section shall not apply if the premises have been licensed and operated with the same type license within 90 days of the application.

HISTORICAL PROSPECTIVE OF PC-N, ANALYSIS OF THE DATA AND AREA AROUND KING KONG BIDA (CAFÉ) LOCATED AT 745 O'FARRELL STREET, IN RELATION TO CRIME DATA, LICENSES CONCENTRATION, NEIGHBORING CENSUS TRACTS AND OTHER SAN FRANCISCO SUPERVISOR DISTRICTS.

HISTORICAL PRESPECTIVE:

The California Council on Alcohol Policy that advises state entities publication stated in 2006, in part;

“...Public Convenience or Necessity Legislation:

In 1994, the California legislature enacted AB 2897 (Caldera). Business and Professions Code § 23958.4 (<http://www.leginfo.ca.gov/cgi-bin/displaycode?section=bpc&group=23001-24000&file=23950-23962>) now prohibits the issuance of new alcohol

retail licenses in any area that has an undue concentration of alcohol outlets unless a determination is made that the license would serve public convenience or necessity. The determination of “public convenience or necessity” is either made by the ABC or by a local governing body, depending on the license type. Undue concentration was redefined in this legislation. Subsection (a) of the code defines “undue concentration” in two specific ways:

- 1) Excess Crime - Excess Uniform Crime Reporting (UCR) Part 1 crimes (> 20%) reported within the crime reporting district (similar to the prior definition in law)*

OR

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

2) *Ratios (X number of licenses per X number of residents) A higher alcohol license/population ratio within the census tract/division than the county alcohol license population ratio....”*

It is well known that the enactment of this legislation was in direct response to the then recent Los Angeles riots in South Central Los Angeles after the Rodney King beating by Los Angeles Police Department. In South Central Los Angeles there were more than three liquor stores to a block in the area owned by mostly Korean owners. Somehow the legislature felt that limiting the number of liquor licenses would curtail what is now called police violence. The intent was stated as to lessen crime around the establishments that sold liquor and limit those establishments. In South Central the license types were mostly Off Sale licenses of ‘hard liquor’ eating establishments did not have a significant number of beer and wine licenses at the time (ABC license Query System data, retrieved 5/30/3015).

ANALYSIS OF THE DATA AND AREA AROUND KING KONG BIDA (CAFÉ)
LOCATED AT 745 O’FARRELL STREET, IN RELATION TO CRIME DATA

Key Tran, Inc submit that the intent of the legislature and the actual legislation does not negate granting a license to King Kong Bida (Café) on the basis of ‘undue concentration’ of license type 42 - Beer and Wine only on O’Farrell street between Hyde and Larkin. Further, the well meaning of the legislature to curtail violent crime in cities does not lean itself to the Little Saigon Area of San Francisco, where only ONE intersection of the neighborhood (Southwest and North East corners of Larkin and

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

O'Farrell) where there is open drug selling by what appears to be illegal aliens and in front of a **Off-Sale license establishment. NO, eating establishments has such a problem and there do not exist at this time ANY type 42 on-sale license in the neighborhood** (ABC License Query Data, Retrieved 6/1/2015) (SF Police Department crime Statistics - 2014) (Beyond Cron/San Francisco's Outdated Police Districts Hamper Anti-crime efforts, Randy Shaw, 2013. Retrieved from <Http://www.beyoundchron.org/>).

Key Tran, Inc and King Kong Bida (Café) does not feel that its license application should be penalized for what appears to be confusion about the law enforcement necessary or lack thereof on the aforementioned intersection where open drug dealing exist. The parking street area, which is part of Little Saigon, is or was not in the Tenderloin Police District as seen in the Figure 1 below. Hopefully, that problem which has existed since 1980 has or will be corrected. Nevertheless, the ONLY significant crime in the area within 500 feet of King Kong Bida (Café) is that that is stem from this uncontrolled law enforcement problem and NOT the ABC license holders in the area.

DISTRICT 6

king Kong Bida (Café) is located in the San Francisco Supervisor District 6 shown above in Figure 2. The district is represented by Supervisor Jane Kim. The map also shows that this district also includes the full Tenderloin Neighborhood, the Downtown South Of Market and most of the South Beach and China Basin areas. These are the fastest growing neighborhoods in the entire City of San Francisco. This is also the largest concentration of ABC Licenses Type 42 and other On and Off Sale licenses. This can only be expected with 10,000s of new residents have been and continue to be brought into the District with the location of Tech and Internet business including Google, Yahoo, AirBnB, Intel, Uber and so on. These business and new residents bring

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

much needed revenue to the city and higher rents.

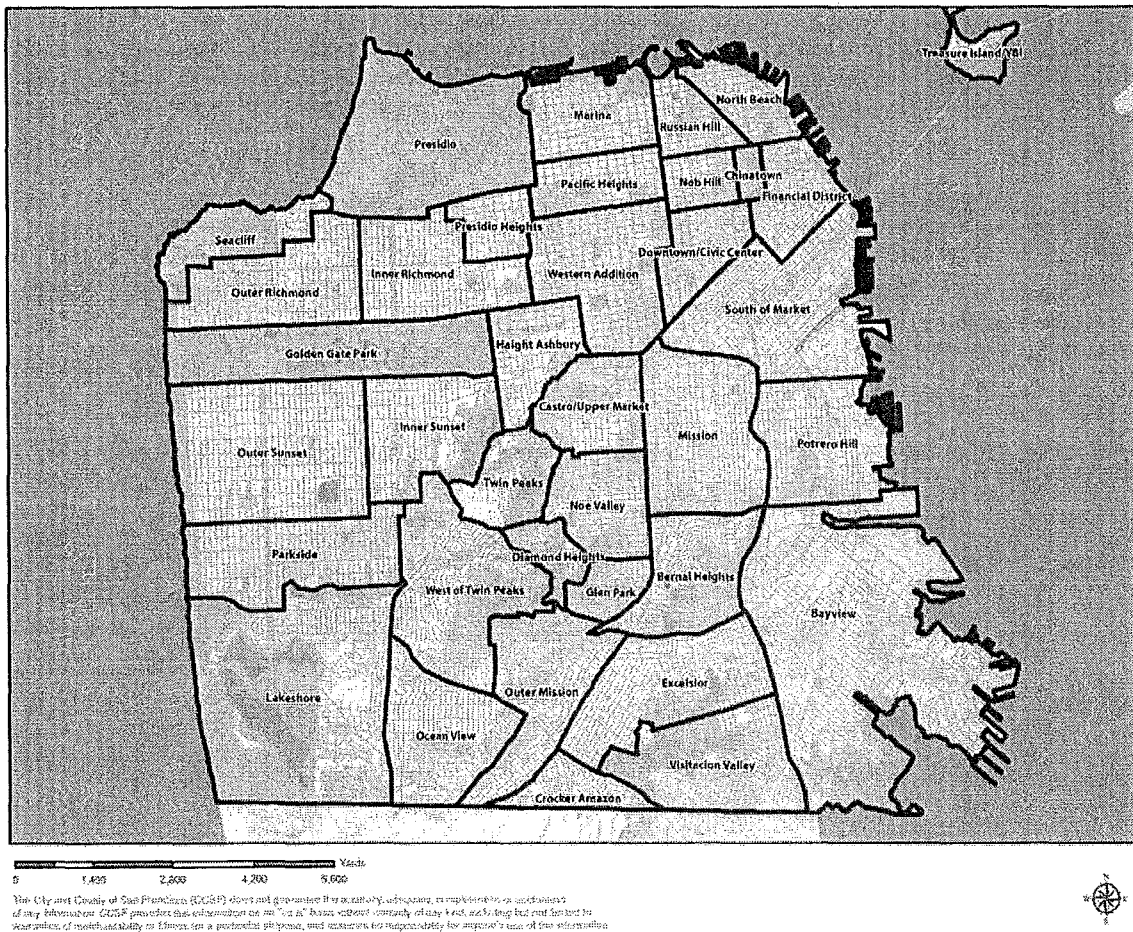

Figure 3 - San Francisco Neighborhoods
http://mapsof.net/uploads/static-maps/districts_map_of_San_Francisco.jpg

This two edge sword means that businesses such as King Kong Bida must revise their business plan to meet the needs of the new patrons. Beer and Wine while playing pool at a billiard hall on the Embarcadero or on in the Metreon on 4th and Howard has the same needs to survive as one in the Little Saigon neighborhood with the same growing pains. King Kong Bida also has the same influx of new residents surrounding it businesses and must update its business model for the 21st century. Patrons are demanding beer and

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

wine in their own little 'neighborhood pool community place. They wish to spend their money across the street from their homes in Little Saigon - than to travel down to the other areas of the city to relax after work. Granted other neighborhoods are more affluent than the Tenderloin/Little Saigon area but that is changing fast with one bed room rents over \$2500 on O'Farrell Street between Polk and Jones Streets. The demographic changes threaten the historical culture of the neighborhood and District 6 but Key Tran, Inc and King King Bida (Café) with the issuance of a ABC Type 42 Beer and Wine License which will make it possible to remain open for another 20 years or more to serve this diverse historical Tenderloin community.

CENSUS TRACT ANALYSIS

Exhibit G attached shows demonstrates the number and concentration in a **macro view** of the area of District 6 that has been issued ABC license of varying types, however, a closer look at the licensed east of Van Ness Ave. and south of Geary will uncover limited if any Type 42 licenses such as the one being sought by King King Bida (Café). (California ABC - License Query System, 6/2015) **Exhibit C give a much clearer micro view of the area around King Kong Bida (Café).** (California ABC - License Query System, 6/2015) The adage of can't see the trees for the forest applies here. On the ABC form 245 there are loads of numbers that seem to not mean very much to an untrained eye. However, a closer look shows that there are NO Type 42 licenses in the Census tract areas adjacent or near King Kong Bida. On the block itself there are NO Type 42 licenses. There are two eating establishments, two longtime bars and two type 48

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

convenience stores nearby. Only ONE of those stores has a crime problem outside of the store due to lack of enforcement of the drug dealing on Larkin and O'Farrell
aforementioned. IT SHOULD BE NOTED THAT THERE IS NO DRUG DEALING
WITH THE MIDDLE TO THE END OF OUR BLOCK ON WITHIN 1000 FEET OF
OUR BUSINESS. This includes Ellis, Hyde, Polk and Geary Streets to any significant
degree. When the drug dealers see a police car approaching and 'if they want to move'
they walk up the street a short distance until the police passes.

ABC form 245 attached states that there are "18 licenses existing in census tract
122.01". That is true if one looks at the stats alone. If one looks at the **Exhibit G** which
depicts that census tract, one would see that of the 18 number 11 of those number are on
Geary Boulevard which is NOT LOCATED in District 6 nor Little Saigon at all and
should not impact any decision. Also, the form's statistical formula has been and still in
under debate as to the proper way to use the basic 'formula' to calculate the real number
of licenses allowed in a census tract. The legislation provides for this problem by giving
the ABC the authority to grant any number of Beer and Wine license it wishes and put
NO limit on that number . (*Public Convenience or Necessity Legislation:*

*In 1994, the California legislature enacted AB 2897 (Caldera). Business and Professions
Code § 23958.4 ([http://www.leginfo.ca.gov/cgi-bin/displaycode?section=bpc
&group=23001-24000&file=23950-23962](http://www.leginfo.ca.gov/cgi-bin/displaycode?section=bpc&group=23001-24000&file=23950-23962)) now prohibits the issuance of new alcohol)*

If one was to use the ABC form 245 calculations and interpret them strictly the
City and County of San Francisco would not be allowed to have any new ABC licenses of

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

any type granted within the city limits due to over "concentration" - the only neighborhood that would be able to secure ABC licenses would be China Basin, South Beach, SoMa and the many residential areas of the city such as the Sunset, Nob Hill and the like. Starbucks new licenses applications would have to be denied along with those being sought nearby the over 30,000 plus new residential units being built in the city. Section 23958.4 B&P rules should be fine tuned for those parts of the state that are experiencing growth such as Silicon Valley and San Francisco.

In short when looking at the area past some dry statistics suggested (not mandated) by the legislature that do not tell the real story of Little Saigon, there is NO concentration of license problem with this application and it should be granted. If it is the intention of the City of San Francisco to preserve the culture and historical aspects of Little Saigon and how best to do that than to allow a Vietnam immigrant businessman, Cuong Tran, to compete in the changing vibrant economy of the neighborhood honoring his countrymen.

ZOINING: The parcel on which King King Bida (Café) sits has been cleared by the City Planning Department for the intended use of on site beer and wine. **Exhibit H.**

CONCLUSION:

In summary, the influx of visitors to the city from the nation and internationally bring more and more to the Tenderloin and its hostels. King Kong Bida (Café has started a promotional campaign with hostels in the District 6 - Little Saigon neighborhood. The business is an excellent safe place for visitors to meet and interact with a cross section of

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

the community and allows for economic benefit to the entire district.

The Northern California Hostels organization on their home page describes the Little Saigon this way "...The first time you take a stroll through the Tenderloin, the San Francisco neighborhood surrounding HI-City Center, you might feel a little disoriented: you thought you were in San Francisco, right? So what's with all the Vietnamese signs, restaurants, and markets? Dragon and HI logo Welcome to Little Saigon, a two-block stretch of Larkin Street, between Eddy and O'Farrell Streets, officially recognized by the city of San Francisco as a neighborhood with the same cultural significance as Chinatown or Japantown. The city gave Little Saigon its moniker a decade ago in recognition of the Tenderloin's active Vietnamese community and huge number of Vietnamese-owned businesses. Today, a pair of dragons sitting atop stone pillars greet visitors crossing the neighborhood's official threshold at Larkin and Eddy Streets. But Vietnamese culture in the neighborhood isn't limited to Little Saigon's technical boundaries. Venture past the dragons, duck through the Tenderloin's doorways, and amble along its streets, and you'll soon feel transported straight from San Francisco to Saigon...."

<http://www.norcalhostels.org/news/exploring-little-saigon-sfs-tenderloin-neighborhood>.

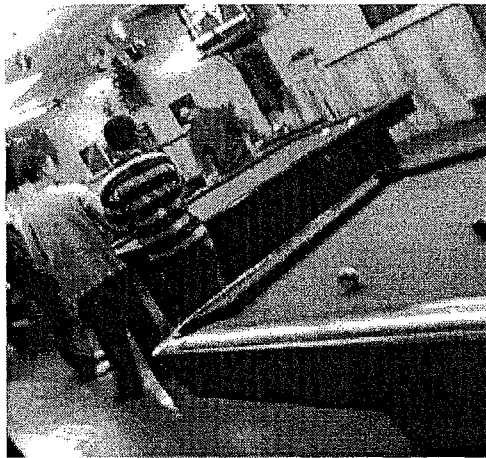

How best to complement that experience with a stop at the local Billiard/Café community hall - King Kong Bida (Café) owned and operated by a real Vietnamese immigrant (not a new transplant) and talk with fellow patrons from Vietnam whose life experiences could add a POSITIVE SAN FRANCISCO TENDERLOIN/LITTLE SAIGON VISITING EXPERIENCE. One that is sorely needed due to the increased

Key Tran, Inc DBA King Kong Bida (Café) -
San Francisco's Little Saigon's Oldest and ONLY Community Billiards Hall

homeless problems in the area.

Neighborhood support: Key Tran, Inc and Cuong Tran has received numerous verbal and written support communiqués from the surrounding community as result of the notifications sent to required radius **Exhibit I** include just two business letter of support received. The patrons of the business, who are also residents of the area are collecting signature in support of the ABC license application at this writing.

Key Tran, Inc, Cuong Tran and the patrons of King Kong Bida (Café) are confident that they meet and exceed all of the requirements of being granted a Public Convenience or Necessity resolution.

REGULATING RETAIL ALCOHOL OUTLETS IN CALIFORNIA: CHALLENGES AND OPPORTUNITIES

While the licensing and land use regulation of retail alcohol outlets in California is complex, local communities and their governments can exert some influence in newly proposed liquor license applications. However, perhaps the greatest challenge is curtailing the sheer number of retail alcohol licenses across the state. While many states place ceilings on the number of liquor licenses in a given community, California is still a state where on-sale beer and wine licenses enjoy no restrictions – see table below.

ordinance, your alcohol problems prevention efforts can be greatly aided by enacting such an ordinance. Additional resources include: <http://health.org/govpubs/PHD822/aar.aspx> and <http://resources.prev.org/documents/AlcoholViolenceGruenewald.pdf>.

“Public convenience or necessity” is an additional tool for local government and communities that directly ties them into the state liquor licensing process. Current state law limits the issuance of new licenses in geographical regions defined as high crime areas or in areas of “undue concentration” of retail alcohol outlets. However, the law also states

A CURRENT SNAPSHOT OF LIMITS IN RETAIL ALCOHOL AVAILABILITY -- CALIFORNIA		
LICENSES	ON-SALE	OFF-SALE
Beer, Wine and Distilled Spirits (“General License”)	1 license for every 2,000 residents	1 license for every 2,500 residents
Beer and Wine Only	No state limit	1 license for every 2,500 residents or 1 license for every 1,250 residents when combined with off-sale general licenses

And because there is no state limit placed upon on-sale beer and wine licenses, communities will continue to see new applications filed with the Department of Alcoholic Beverage Control on a regular basis. Some localities have filled this vacuum by utilizing their local land use powers. Under state law, the ABC may not issue a liquor license if it violates an existing local zoning ordinance (CA Business & Professions Code 23790). Thus, to obtain a state liquor license, the applicant must first have all necessary local zoning permits in order. This statutory scheme gives real power to localities with strong zoning ordinances specific to retail alcohol outlets. When properly constructed and deployed, local zoning laws can be a very powerful tool. It is generally easier to be successful at policy change at the local level than at the state level. Check to see if your city or county has a strong zoning ordinance that directly regulates retail alcohol outlets (bars, restaurants, liquor stores, convenience stores). If your locality does not have such an

these restrictions can be sidestepped in specified circumstances when the state ABC or the local jurisdiction makes a determination that the applicant license proves that the proposed outlet would serve “public convenience or necessity” (PC or N). In other words, “public convenience and necessity” is demonstrated when the liquor license applicant proves that the business operation will provide some kind of benefit to the surrounding community. Thus, in addition to making local zoning decisions about alcohol outlet locations and operations, localities now have formal say into the state liquor license process when they actively utilize their authority to make PC or N determination.

Although this phrase “public convenience or necessity” had been embedded in the “undue concentration” statute well before the adoption of the PC or N law in 1994, neither the ABC Department nor local governing bodies has established definitive and uniform guidelines for defining and applying any version of the “public convenience or necessity” doctrine.

FACT SHEET: ROSTF

RETAIL OPERATING STANDARDS TASK FORCE (ROSTF)

Introduction

In 1994, legislation was enacted to improve the quality of life in local communities. Section 25612.5 of the Business and Professions Code, which took effect January 1, 1995, requires licensed package stores and bars to take affirmative measures to prevent and eliminate nuisance conditions at the premises. The law requires licensees to, among other things, remove litter daily, control graffiti, provide exterior illumination, and keep windows clear of excessive signage.

Shortly after the new law took effect, ABC developed the Retail Operating Standards Task Force (ROSTF). Prior to ROSTF, there was no systematic, pro-active strategy to address public nuisance problems at the point of sale on a community-wide scale. Nuisance conditions were addressed on a case-by-case basis.

ROSTF is one of several strategies ABC uses to carry out its enforcement responsibilities. Other strategies include undercover investigations, other special task forces, and the Decoy Shoulder Tap Program, which targets adults who furnish alcohol to minors. In addition, ABC provides technical assistance to local law enforcement agencies that choose to run minor decoy programs.

Goals and Objectives

The goals of ROSTF are to (a) detect, deter, educate, and bring into compliance those licensees who are in violation of Section 25612.5, and (b) strengthen partnerships with local law enforcement.

Program Components

To achieve its goals, ROSTF relies on the sworn staff members of the local law enforcement agency, local ABC district office, and/or ABC's Special Operations Unit. Components include task force formation, identification of licensed outlets, site visits and documentation, licensee admonishment, and follow up.

- **TASK FORCE FORMATION.** Experienced ABC investigators from the ABC district office or Special Operations Unit team with local law enforcement officers.
- **IDENTIFICATION OF OUTLETS.** Officers identify the licensed package stores and bars in the targeted area.
- **SITE VISIT AND DOCUMENTATION.** Officers document any violations of Section 25612.5 in writing and with photographs.
- **LICENSEE ADMONISHMENT.** Officers advise the licensee or on-duty manager of the provisions of Section 25612.5 and request that he or she correct the identified violations.
- **FOLLOW UP.** Seven to ten days later, officers re-check the licensed premises. If nuisance conditions still exist, officers cite the licensee for violation of Section 25612.5.
- **REPORTING.** If officers find violations during their follow-up visit, a case report is submitted at the local ABC district office for review. An accusation may be filed against the licensee alleging grounds for the suspension or revocation of the ABC license (similar to a complaint in a civil matter). Administrative penalties are decided on a case-by-case basis, with consideration given to the facts of each case and the licensee's prior record.
- **MEDIA.** Media coverage of ROSTF is generally positive and helps bring about voluntary compliance among licensees who may be unaware of the law.

Results and Impact

The program's success can be measured quantitatively by the reduction in alcohol-related arrests, crimes, and calls for service in many jurisdictions. Quantitative measures include the number of criminal citations issued and administrative accusations registered. Qualitative measures include declarations of satisfaction from local law enforcement officers and community members, and visible improvements in the physical conditions of targeted outlets.

Re: ABC Application for 745 O'Farrell Street,

LETTER OF SUPPORT OF LICENSE

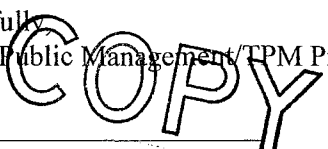

Dear Sir:

My company has property interests (646/660 O'farrell) within the 500 feet radius of the above mentioned business, however, more importantly, I have lived in the area for almost two decades. I am very familiar with the business seeking the license and the owner, Mr. Tran. Even though we did not have a reason to talk until recently, I have observed his operation and the clientele of his business at 745 O'Farrell, Street the full time of his ownership. Unlike some businesses in the 'Tenderloin area - however we wish to call it 'Lower Nob Hill' or Little Saigon - he has maintains a very tight control over his patrons inside and outside of the business. One thing I wish to mention particularly, he NEVER and I repeat NEVER have any customers or non customers hang around the front of this business. He provides electronic and personal security at all time. And we, his neighbors, really appreciate it.

Since receiving the notice of application from Mr Tran, I have personally met him and visited his business and checked it out more thoroughly. I also observed his patrons. I am very please to say that I can offer my complete and unbiased support to him for his liquor license. I am also part of a non profit in the area and they will also be sending a support letter.

Any questions please feel free to contact the undersigned.

Respectfully,
Thomas Public Management/TPM Properties
