

1 [Five-Year Information and Communication Technology Plan - FYs 2018-2022]

2
3 **Resolution adopting the City's Five-Year Information and Communication Technology**
4 **Plan for FYs 2018-2022, pursuant to Administrative Code, Section 22A.6.**

5
6 WHEREAS, San Francisco Administrative Code, Section 22A.6 requires the
7 Committee on Information and Communication Technology (COIT) to submit and the Mayor
8 and the Board of Supervisors to review, amend and adopt in odd-numbered years a five-year
9 ICT plan; and

10 WHEREAS, COIT reviewed and unanimously approved the City's third five-year ICT
11 plan at its meeting held on February 16, 2017; and

12 WHEREAS, The COIT-approved ICT plan outlines guiding priorities the City will focus
13 on in the next five years, outlines a financial strategy to fund these technology needs and lists
14 the currently planned technology projects for each department over the next five years; and

15 WHEREAS, The plan details three strategic IT goals in order to align available
16 resources and the identified department and citywide IT project requests over the next five
17 years; now, therefore, be it

18 RESOLVED, That the Board of Supervisors adopts COIT's proposed information and
19 communication technology plan, with such amendments and revisions as the Board deems
20 appropriate, as the City's five-year ICT plan for FYs 2018-2022, as provided in San Francisco
21 Administrative Code, Section 22A.6.
