1. ENGINEER'S LETTER

Pursuant to the Property and Business Improvement District Law of 1994 ("1994 Act"), as augmented by Article 15 to the Business and Tax Regulations Code of the City and County of San Francisco Municipal Code, it is proposed that the Yerba Buena Community Benefit District ("District") be renewed and expanded. If renewed and expanded, assessments would be collected for up to 15 years (July 1, 2015 – June 30, 2030). Expenditure of those collected assessments can continue for up to six months after the end of the assessment collection period (December 31, 2030), at which point the District would then be terminated, if not renewed.

This Engineer's Report presents the plans and specifications describing the improvements, maintenance, and activities, an estimate of the costs of the improvements, maintenance, and activities for the District for the 2015/16 Fiscal Year. The Engineer's Report also includes an assessment diagram showing the area and properties to be assessed, and an assessment of the estimated costs of the improvements, maintenance, and activities, assessing the net amount upon all assessable lots and/or parcels within the District in proportion to the special benefit received.

The following assessment is authorized in order to pay the estimated costs of the District improvements, maintenance and activities to be paid by the assessable real property within the boundaries of the District in proportion to the special benefit received. The following table summarizes the District assessment:

Description	Amount
2015/16 Maximum District Costs:	
Cleaning and Streetscape Improvement Activity Costs	\$1,281,665.91
Safety and Security Activity Costs	1,024,744.40
Branding, Activation and Marketing Activity Costs	434,614.14
Management and Operations	410,811.64
Total 2015/16 Maximum District Costs:	\$3,151,836.09
Less: District Contributions	(\$160,113.27)
2015/16 Maximum District Assessment:	\$2,991,722.82
Total Special Benefit Points	318,947.005*
2015/16 Maximum Allowable Assessment per Special Benefit Point	\$9.38

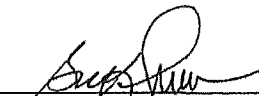

* An explanation of Total Special Benefit Points begins in Section 5 of this Engineer's Report.

The assessment methodology adheres to local and state laws. In making the assessments contained herein pursuant to the 1994 Act, augmented by Article 15 to the Business and Tax Regulations Code of the City and County of San Francisco Municipal Code, Article XIII D of the Constitution of the State of California and the Proposition 218 Omnibus Implementation Act, commencing with Section 53750 of the Government Code (collectively referred to as the "Assessment Law"):

1. I identified all parcels which will have a special benefit conferred upon them from the installation, implementation and maintenance of the improvements, maintenance, and activities described in Section 3.2 to this Engineer's Report (the "Specially Benefited Parcels"). For particulars as to the identification of said parcels, reference is made to the Assessment Diagram, a copy of which is included in Section 8 of this Engineer's Report.
2. I have assessed the costs and expenses to install, implement and maintain the improvements, maintenance, and activities upon the Specially Benefited Parcels. In making such assessment:
 - a. The proportionate special benefit derived by each Specially Benefited Parcel from the installation, implementation and maintenance of the improvements, maintenance, and activities was determined in relationship to the entirety of the costs;
 - b. No assessment has been imposed on any Specially Benefited Parcel which exceeds the reasonable cost of the proportional special benefit conferred on such parcel from the installation, implementation and maintenance of improvements, maintenance, and activities; and
 - c. Any general benefits from the installation, implementation and maintenance of improvements, maintenance, and activities have been quantified and separated from the special benefits and only special benefits have been assessed.

I, the undersigned, respectfully submit the enclosed Engineer's Report and, to the best of my knowledge, information and belief, the Engineer's Report, Assessments, and the Assessment Diagram herein have been prepared and computed in accordance with the Assessment Law.

Assessment Engineer

2. INTRODUCTION

2.1. Background of District

In 2008, property owners established a community benefit district for the Yerba Buena area for a seven year operational term. Based on the success of the original district, property owners, stakeholders, merchants and residents have shown support to renew the district with minor adjustments to District boundaries.

As part of the assessment district formation process, this Engineer's Report has been prepared to support the renewal and expansion proceedings for the Yerba Buena Community Benefit District ("District").

2.2. Reason for the Assessment

Approval of the assessment covered by this Engineer's Report will generate the annual assessment revenue necessary to provide for the cleaning, public safety and security, streetscape improvements, beautification, branding, activation, marketing, advocacy, and management activities more fully described in Section 3.2. The District improvements, maintenance, and activities include all necessary services, operations and administration required to keep the District improvements and area in an operational and satisfactory condition as well as provide for the ongoing maintenance and activities. The implementation and operations of the District improvements, maintenance, and activities shall also include material, vehicle, equipment, capital improvements, and administrative costs associated with the annual administration and operation of the District.

2.3. Process for Establishing the Assessment

The City and County of San Francisco ("City") cannot form the District and establish assessments without complying with the procedures specified in California Constitution Article XIII D (part of Proposition 218). In November 1996, the voters in the State of California passed Proposition 218 which added Article XIII D to the California Constitution imposing, among other requirements, the necessity for the City to conduct an assessment ballot procedure to enable the owners of each property on which assessments are proposed to be imposed, the opportunity to express their support for, or opposition to, the proposed assessment. The basic steps of the assessment ballot procedure are outlined below.

The City must prepare a Notice of Public Hearing ("Notice"), which describes, along with other mandated information, the reason for the proposed assessments and provide a date, time and location of a public hearing to be held on the matter. The City must also prepare an assessment ballot, which clearly gives the property owner the ability to sign and execute their assessment ballot either in favor of, or in opposition to, the proposed assessment. The Notice and assessment ballot are mailed to each affected property owner within the District a minimum of 45 days prior to the public hearing date as shown in the Notice. The City may also hold community meetings with the property owners to discuss the issues facing the District and to answer property owner questions directly.

After the Notice and assessment ballot are mailed, property owners are given until the close of the public hearing, as stated in the Notice, to return their signed and executed assessment ballot. During the public hearing, property owners are given the opportunity to address the Board of Supervisors and ask questions or voice their concerns. After the public hearing, the returned assessment ballots received prior to the close of the public hearing are tabulated, weighted by the proposed assessment amount on each property and the results are announced by the Board of Supervisors.

Article XIID provides that if, as a result of the assessment ballot proceeding, a majority protest is found to exist, the Board of Supervisors shall not have the authority to enact the assessments as proposed. A majority protest exists if the assessments represented by weighted ballots submitted in opposition exceed those weighted ballots submitted in favor of the assessment. All returned ballots are tabulated and weighted according to the financial obligation of each particular parcel, in relation to the total proposed assessments. If there is no majority protest as described above, the Board of Supervisors may approve the District formation and levy the assessments.

3. PLANS AND SPECIFICATIONS

The District will provide for the ongoing cleaning, maintenance, public safety and security, streetscape improvements, beautification, branding, activation, marketing, advocacy, and management activities all located within the boundaries of the District.

3.1. Description of the Boundaries of the District

The parcels subject to the District assessment are located within the City's Yerba Buena area, and include approximately 17 whole or partial blocks. The District boundaries are approximately:

- Market Street from northwest corner of Assessor Parcel No. 3706-048 to 2nd Street (South side only)
- 2nd Street from Market Street to Harrison Street to the southeast corner of Assessor Parcel No. 3763-001 (West side only)
- Harrison Street from 2nd Street to Vassar Place (East and West sides - street and affronting parcels)
- Vassar Place, running on the eastern property line of APN 3763-105, from Harrison Street to Perry Street (no public right of way on Vassar Place included)
- Perry Street from Vassar Place to 4th Street (North side only)
- 4th Street from Perry Street to Harrison Street (East side only)
- Harrison Street from 4th Street to 5th Street (East and West sides - street and affronting parcels)
- 5th Street from Harrison Street to Howard Street (East and West sides – street and affronting parcels)
- 5th Street from Howard Street to northwest corner of Assessor Parcel No. 3705-039 (East side only)
- Mission Street from 5th Street to 4th Street (East and West sides - street and affronting parcels)
- 4th Street from Mission Street to northeast corner of Assessor Parcel No. 3705Z-003 (West side only) and Stevenson Alley (East side only)
- Stevenson Alley to southwest corner of Assessor Parcel No. 3706-048 (South side only)
- Southwest corner of Assessor Parcel No. 3706-048 to the parcel's northwest corner

The District boundaries include two zones of benefit.

The Zone 1 boundaries are approximately:

- Market Street from northwest corner of Assessor Parcel No. 3706-048 to 2nd Street to (South side only)
- 2nd Street from Market Street to Howard Street (West side only)
- Howard Street from 2nd Street to 3rd Street (North side only)
- 3rd Street from Howard Street to Folsom Street (West side only)
- Folsom Street from 3rd Street to 4th Street (North side only)
- 4th Street from Folsom Street to Howard Street (East side only)
- Howard Street from 4th Street to 5th Street (North side only)
- 5th Street from Howard Street to northwest corner of Assessor Parcel No. 3705-039 (East side only)
- Mission Street from 5th Street to 4th Street (East and West sides - street and affronting parcels)
- 4th Street from Mission Street to northeast corner of Assessor Parcel No. 3705Z-003 (West side only) and Stevenson Alley (East side only)
- Stevenson Alley to southwest corner of Assessor Parcel No. 3706-048 (South side only)

- Southwest corner of Assessor Parcel No. 3706-048 to the parcel's northwest corner

The Zone 2 boundaries are approximately:

- 2nd Street from Howard Street to Harrison Street to the southeast corner of Assessor Parcel No. 3763-001 (West side only)
- Harrison Street from 2nd Street to Vassar Place (East and West sides - street and affronting parcels)
- Vassar Place, running on the eastern property line of APN 3763-105, from Harrison Street to Perry Street (no public right of way on Vassar Place included)
- Perry Street from Vassar Place to 4th Street (North side only)
- 4th Street from Perry Street to Harrison Street (East side only)
- Harrison Street from 4th Street to 5th Street (East and West sides - street and affronting parcels)
- 5th Street from Harrison Street to Howard Street (East and West sides – street and affronting parcels)
- Howard Street from 5th Street to 4th Street (South side only)
- 4th Street from Howard Street to Folsom Street (West side only)
- Folsom Street from 4th Street to 3rd Street (South side only)
- 3rd Street from Folsom Street to Howard Street (East side only)
- Howard Street from 3rd Street to 2nd Street (South side only)

Section 8 of this Engineer's Report provides an assessment diagram that more fully provides a description of the District's boundaries and the parcels within those boundaries.

3.2. Description of the District Improvements, Maintenance, and Activities

The installation, implementation and maintenance of the District improvements, maintenance, and activities are provided throughout the District only, and are of direct and special benefit to the parcels within the District.

Cleaning and Streetscape Improvement Program

The District plans to implement a comprehensive program that aims to ensure the maximum possible cleanliness of sidewalks, curbs, fixtures, landscaping, and buildings throughout the District boundaries. Through the utilization of managed services, the Cleaning and Streetscape Improvement Program will strive for a clean and litter-free area that significantly reduces graffiti or other signs of decay. The goal is for property owners, merchants and residents alike to maintain a sense of pride throughout the Yerba Buena area. Cleanliness is crucial to the growth of an aesthetically pleasing and vibrant community.

The District's Cleaning and Streetscape Improvement Program includes regular sidewalk and gutter sweeping, scheduled steam cleanings, power washing, refuse removal, graffiti removal, and streetscape improvements. Streetscape improvements are based upon, but not limited by, the Yerba Buena Street Life Plan ("YBSLP"), a roadmap for enhancing public spaces in the neighborhood. The District will also distribute small annual grants (through its Community Benefit Fund) to community organizations providing services in the District that support the District's mission. The following cleaning and streetscape improvements will be carried out:

Benefit Zone 1

- Regular sidewalk and gutter sweeping – 3 times per day or 21 times per week
- Sidewalk steam cleaning – 2 times per month or 24 times per year
- Spot power washing – As needed; assessed daily
- Frequent trash removal (topping off) – 3 times per day or 21 times per week
- Graffiti removal – Daily
- Tree and plant maintenance, including some weeding and removal of hazardous tree branches – As needed
- Beautification and streetscape improvements – As determined with the continued implementation of the YBSLP

Benefit Zone 2

- Regular sidewalk and gutter sweeping – 2 times per day or 14 times per week
- Sidewalk steam cleaning – 1 time per month or 12 times per year
- Spot power washing – As needed; assessed daily
- Frequent trash removal (topping off) – 2 times per day or 14 times per week
- Graffiti removal – Daily
- Tree and plant maintenance, including some weeding and removal of hazardous tree branches – As needed
- Beautification and streetscape improvements – As determined with the continued implementation of the YBSLP

Safety and Security Program

The District will work with residents, merchants, the San Francisco Police Department (“SFPD”), and community on a variety of safety programs and strategies to prevent crime and increase pedestrian safety throughout the District. The District will provide Community Guides to assist visitors, connect those in need with social services, and report cleaning and safety issues. The SFPD Bike Patrol Officer dedicated to the District will respond to nuisance issues and safety concerns. The District will also distribute small annual grants (through its Community Benefit Fund) to community organizations providing services in the District that support the District's mission.

Benefit Zones 1 and 2

- SFPD Bike Patrol Officer – all areas to serve as a reassuring presence and a visible deterrent – Daily
- Community Guides – Provide assistance to persons or businesses in the District, including but not limited to monitoring public areas; directing visitors to local businesses; contacting the District dispatcher to have areas cleaned; reporting safety issues; and, interacting with merchants to share safety related information or learn about merchants' concerns related to street level activity – Daily

District Branding, Activation and Marketing Program

In order to promote the unique character of the Yerba Buena neighborhood, the District, as directed by the Marketing Committee, will implement a District Branding, Activation and Marketing Program.

The District Branding, Activation and Marketing Program will promote the District's properties and businesses through specially targeted programs and initiatives. In addition, these activities will contribute to the economic and social vitality of the area, and help with the recruitment and retention of businesses and other entities. District stakeholders view marketing activities as especially useful and necessary during a time of economic downturn, and to help the area stabilize itself and grow during prosperous economic times.

The District will also support the creation and production of special events that draw visitors into the District as a means of additional exposure. The District will program special events and conduct

marketing activities in various parts of the District. The District marketing and promotion services will make sure new visitors, employees, patrons, and residents know about area attractions and will help them enjoy their experience in the District. The District plans to include other marketing initiatives as appropriate, and as budget resources allow.

In addition, the District will promote the District as a clean, safe, and vibrant area for businesses, visitors, and residents while also supporting business growth. The District will also distribute small annual grants (through its Community Benefit Fund) to community organizations providing services in the District that support the improvement and activities of the District.

The District Branding, Activation and Marketing Program will carry out the following tasks:

Benefit Zone 1 & 2 (combine)

- Special events – 3 times per year
- Branding, Activation and Marketing – As determined by the Marketing Committee
- Installation of banners highlighting the District

Management and Operations

The District's effectiveness in forming and maintaining relationships with the community is a vital component to the success of the District. A strong community relations effort emphasizes the importance of positive relationships within the Yerba Buena area and encourages maximum community involvement. Active District management will also afford the opportunity to garner other material, grants, and financial support for the Yerba Buena area.

Regular activities, initiatives, resources that support this task include, but are not limited to:

- A dedicated staff who will serve as a focal point persons and advocate for the District
- Office expenses including accounting, rent, utilities, office supplies, insurance, legal, and other professional services related to District activities

4. ESTIMATE OF COSTS

The estimated costs of installation, implementation and maintenance of the District improvements, maintenance, and activities as described in Section 3 are outlined below. Each year, as part of the District assessment levy calculation process, the costs and expenses are reviewed and the annual costs are projected for the following fiscal year.

4.1. Cost Estimate Budget

The Fiscal Year 2015/16 estimated cost budget, from July 1, 2015 through June 30, 2016 for the installation, implementation and maintenance of the District improvements, maintenance, and activities is as follows:

Description	Amount	% of Total 2015/16 Cost Estimate
Cleaning and Streetscape Improvement Activity Costs	\$1,281,665.91	40.7%
Safety and Security Activity Costs	1,024,744.40	32.5%
Branding, Activation, and Marketing Activity Costs	434,614.14	13.8%
Management and Operations	410,811.64	13.0%
Total 2015/16 Cost Estimate Budget	\$3,151,836.09	100.0%

The Fiscal Year 2015/16 estimated cost budget will be funded as follows:

Description of Revenue Source	2015/16 Revenue Amount	% of Total 2015/16 Annual Revenue
Assessment Revenue	\$2,991,722.82	94.92%
Other Revenue(1)	160,113.27	5.08%
Total 2015/16 Annual Revenue	\$3,151,836.09	100.00%

(1) Comprised of additional funds generated from sources such as grants, donations, fees for service contracts, and in-kind donations.

5. SPECIAL AND GENERAL BENEFIT

5.1. Introduction

Pursuant to Article XIID, all parcels that receive a special benefit conferred upon them as a result of the installation, implementation and maintenance of the improvements, maintenance, and activities shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the installation, implementation and maintenance of the improvements, maintenance, and activities.

Article XIID, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Proposition 218 requires that the City separate the general benefit from special benefit, so that only special benefit may be assessed to properties within the District. Furthermore, Article XIID also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

5.2. Identification of Benefit

The ongoing maintenance, servicing and operation of the District improvements, maintenance, and activities will provide benefits to both those properties within the District boundaries and to the community as a whole. The benefit conferred to property within the District can be grouped into three primary benefit categories; aesthetic benefit, safety benefit and economic activity benefit. The three District benefit categories are further expanded upon in each section below.

Cleaning and Streetscape Improvement Benefit

The cleaning and streetscape improvement benefit relates to the increase in the overall aesthetics as a result of the ongoing maintenance, servicing and operation of the improvements, maintenance, streetscape improvements based upon the YBSLP, and activities provided to the District. The sidewalk services, trash services, graffiti abatement, and beautification activities will enhance the overall image and desirability of the properties within the District. The following cleaning and streetscape improvement benefits will be provided as a result of the District improvements, maintenance, and activities:

- Clean sidewalks will enhance the community identity of the Yerba Buena area, which will lead to a stronger and healthier neighborhood corridor. The overall appeal of the District is enhanced when improvements are in place and kept in a healthy and satisfactory condition.
- Uniform and well-maintained improvements, maintenance, and activities will create cohesion throughout the District. This District cohesion will enhance the retail and residential experience as well as encourage maximum use of building and lot area. A uniform maintenance management program will allow for consistent and reliable maintenance throughout the District boundaries.
- Upgraded sidewalk amenities and other improvements, maintenance, and activities will enhance the appearance, desirability and "livability" of the property directly fronting the improvements provided throughout the District.

As a result of continued maintenance of the improvements, maintenance, and activities, the overall "livability" of the District will increase. "Livability" encompasses several qualities and characteristics that are unique to a specific area. The Victoria Transport Policy Institute (VTPI, 2011) expands on the concept of "livability" and the various benefits associated with that designation. The Victoria Transport Policy Institute indicates that the "livability" of an area increases property desirability and business activity. "Livability" is largely affected by conditions in the public realm, places where people naturally interact with each other and their community, including streets, parks, transportation terminals and other

public facilities. "Livability" also refers to the environmental and social quality of an area as perceived by employees, customers and visitors. This includes local environmental conditions, the quality of social interactions, opportunities for recreation and entertainment, aesthetics, and existence of unique cultural and environmental resources.

Safety and Security Benefit

The maintained District improvements and the presence of the Community Guides and a SFPD bike patrol officer dedicated to the District will provide an increased level of safety to the property, businesses, residents, and visitors to the District.

The following safety and security benefits will be provided as a result of the District improvements, maintenance, and activities:

- The improvements, maintenance, and activities will provide for clear and safe access to and from District properties, as well as provide for safe pedestrian passage throughout the District.
- Well-maintained sidewalks, free of trash, provide a separation between vehicle and pedestrian as well as property and pedestrian, which provides a safety benefit for both property and pedestrian. The U.S. Department of Transportation Federal Highway Administration (FHWA, n.d.) notes that annually, around 4,500 pedestrians are killed in traffic crashes with motor vehicles in the United States. Pedestrians killed while "walking along the roadway" account for almost 8 percent of those deaths. Providing safe walkways separated from the travel lanes could help to prevent up to 88 percent of these "walking along roadway" crashes.
- Regular maintenance to the District improvements ensures that the improvements do not reach a state of deterioration or disrepair so as to be materially detrimental to properties adjacent to or in close proximity to the sidewalks.
- Safety for pedestrians involves not only a degree of protection from vehicular accidents, but also from criminal activity. Well monitored areas mitigate crime, especially vandalism, and enhance pedestrian safety.

In 2012, the City's Office of Economic and Workforce Development prepared a report entitled "Impact Analysis of San Francisco's Property & Business Improvement Districts (CBDs/BIDs)". The intent of this analysis was to determine the level of impact these types of districts have on their communities. The analysis noted that after implementing public safety services as part of the district's services, crime levels decreased within these districts 68% of the time (Ellicot & Pagan, 2012).

District Branding, Activation and Marketing Benefit

The branding, activation and marketing activity benefit relates to the increase in the District's economic activity and future property development potential as a result of the District improvements, maintenance, and activities. The branding, activation and marketing activity for property within the District can best be described as the ability for the property within the District to develop, redevelop and operate at the property's highest and best use. Properties within the District will receive the following branding, activation and marketing activity benefits as a result of the District improvements, maintenance, and activities:

- The District will provide a comprehensive marketing plan that will seek to promote District properties as well as attract, retain and expand the retail and business climate throughout the District.
- The enhanced marketing improvements, maintenance, and activities, throughout the Yerba Buena area will encourage new non-residential property development, as well as encourage existing property to renovate and/or expand to the highest and best use of the property. This marketing and economic activity effort will reduce vacancy rates and increase lease rates and utilization of property within the District.
- Well-maintained and safe District areas will encourage an increase in the overall pedestrian activity. The District area will become more pedestrian friendly, thus improving the retail environment by encouraging individuals to shop, dine, and stay within the District boundaries.

Well-maintained and safe sidewalks and public right-of-ways not only make adjacent properties appear more stable and prosperous, but can spur investment in the property. The National Complete Streets Coalition (NCSC, n.d.) notes that street design that is inclusive of all modes of transportation, where appropriate, not only improves conditions for existing businesses, but also is a proven method for revitalizing an area and attracting new development. Washington, DC's Barracks Row was experiencing a steady decline of commercial activity due to uninviting sidewalks, lack of streetlights, and speeding traffic. After many design improvements, which included new patterned sidewalks, more efficient public parking, and new traffic signals, Barrack's Row attracted 44 new businesses and 200 new jobs. Economic activity on this three-quarter mile strip (measured by sales, employees, and number of pedestrians) has more than tripled since the inception of the project.

5.3. Separation of General Benefit

Section 4 of Article XIID of the California Constitution provides that once a local agency which proposes to impose assessments on property has identified those parcels that will have special benefits conferred upon them and upon which an assessment will be imposed, the local agency must next "separate the general benefits from the special benefits conferred," and only the special benefits can be included in the amount of the assessments imposed.

General benefit is an overall and similar benefit to the public at large resulting from the installation, implementation and maintenance of District improvements, maintenance, and activities to be provided by the assessments levied. The installation, implementation and maintenance of assessment funded District improvements, maintenance, and activities provided by the District will be located within the District boundaries only. There will be no installation, implementation and maintenance of assessment funded District improvements, maintenance, and activities located outside of the District boundaries.

The ongoing installation, implementation and maintenance of District improvements, maintenance, and activities will provide cleaning and streetscape improvements, safety and security, and marketing activity benefits to the property within the District. However, it is recognized that the ongoing installation, implementation and maintenance of District improvements, maintenance, and activities will also provide a level of benefit to some property and businesses within proximity to the District, as well as visitors and individuals passing through the District. Pedestrian traffic from property within and outside of the District as well as individuals passing through the District area will be able to utilize the safe and maintained sidewalks and to not only access property located within the District, but also property located within close proximity outside of the District. Therefore, the general benefit created as a result of the District improvements, maintenance, and activities has been considered.

5.4. Quantification of General Benefit

In order for property within the District to be assessed only for that portion of special benefit received from the District improvements, maintenance, and activities, the general benefit provided by the ongoing improvements, maintenance, and activities needs to be quantified. The amount of general benefit that is provided from the District improvements, maintenance, and activities can not be funded via property owner assessments within the District.

As a result of the District improvements, maintenance, and activities, there will be a level of general benefit to pedestrians and others who do not live in or intend to access property within the District. There will be pedestrian traffic generated from property outside of the District that will utilize the maintained sidewalks in order to pass through the District and access property located outside of the District boundaries. In addition to accessing property located outside of the District, there will also be a level of pedestrian activity that will utilize the maintained sidewalks for leisure and fitness activities. Pedestrians will incorporate the maintained and safe sidewalks into their leisure and fitness routines, thus making the District sidewalks serve as a pass through portion of their overall route traveled. The benefit provided to

property and pedestrians, as a result of the maintained sidewalks serving as a pass through corridor, needs to be quantified.

People walk for a variety of reasons, whether the reason is to commute to work, run errands, shop, leisure activities, fitness, or some other purpose. To enhance the overall walking experience, pedestrians will seek out and utilize sidewalk facilities that provide a safe place to walk as well as an environment that provides a certain amount of visual interest. In 2008, the San Francisco County Transportation Authority (SFCTA) conducted a survey (Bent, 2008) to determine the modal choice of patrons visiting the downtown area. According to the results of the survey, approximately 20% of those surveyed responded that walking was their preferred travel mode (Bent, 2008).

San Francisco is comprised of many neighborhoods located throughout the City. To better understand the demographic makeup of these various neighborhoods, the San Francisco Planning Department prepared the San Francisco Socio-Economic Profiles American Community Survey 2005-2009 ("San Francisco Profile") (San Francisco Planning Department, 2011). Portions of the District's boundary lie within the boundaries of the neighborhood areas identified as Financial and South of Market. However, to capture a better understanding of the pedestrian traffic that may utilize the District sidewalks to access adjacent neighborhoods, the neighborhoods of Downtown/Civic Center, Mission, and Mission Bay were also considered in the analysis. Applying the SFCTA survey data of 20% of trips, where the typical travel mode of transportation was walking, to each of the neighborhood population sets, approximately 28,754 people within proximity of the District utilize walking as their typical mode of transportation. The table below provides the number of persons per neighborhood that would utilize walking as the typical mode of transportation:

Neighborhood	Neighborhood Population	Population w/Walking as Typical Mode of Transportation(1)
Downtown/Civic Center	44,240	8,848
Financial	1,780	356
South of Market	31,370	6,274
Mission	57,300	11,460
Mission Bay	9,080	1,816
Totals:	143,770	28,754

(1) Population multiplied by 20%.

To further identify the non-District population within close proximity of the District, the population residing within the District needs to be quantified and excluded from the total walking population figure of 28,754. The District boundaries are contained within the Financial and South of Market neighborhoods. Utilizing the population information and number of housing units provided in the neighborhood profiles (SF Planning Department, 2011) the average household size for the District was calculated. Totalling the populations for each neighborhood and dividing that by the total number of housing units, the estimated persons per household within the District is approximately 2.10. Based on this average household size and the number of residential units within the District, 10,004 people reside within the District boundaries. Applying the SFCTA survey's walking travel mode percentage of 20% to the District population, 2,001 people within the District boundaries use walking as their primary mode of transportation. Therefore, the adjusted total surrounding neighborhood area population, located outside of the District boundaries, that uses walking as the primary mode of transportation is 26,753 people.

Neighborhood	Population	Population w/Walking as Typical Mode of Transportation(1)
Downtown/Civic Center	44,240	8,848
Financial	1,780	356
South of Market	31,370	6,274
Mission	57,300	11,460
Mission Bay	9,080	1,816
Sub-totals:	143,770	28,754
Less District Boundary Population	(10,004)	(2,001)
Non-District Totals:	133,766	26,753

(1) Population multiplied by 20%.

However, in order to obtain a better picture of the overall level of general benefit provided by the District improvements, maintenance, and activities, the pedestrian traffic that utilizes walking as the typical mode of transportation that will seek out and use sidewalks within the District's boundaries to access property outside of the District's boundaries must be considered.

The Summary of Travel Trends, 2009 National Household Travel Survey ("NHTS") prepared by the U.S. Department of Transportation Federal Highway Administration (FHWA, 2011) analyzed the number of person trips by various modes of transportations such as private vehicle, transit, walking, or some other means of transportation. According to the Urban Area data extracted from the 2009 NHTS database, of the annual 31,966 (in millions) total person trips made using walking as the primary mode of transportation (FHWA, 2011), 27.31% of the trips were identified as social, recreational, and other activities not provided within the boundaries of the District.

Applying this percentage of non-District related activity to the non-District surrounding population of 26,753 that utilizes walking as the typical mode of transportation, 7,306 people use the maintained District improvements to engage in general benefit activity.

Description	Population
Non-District population utilizing walking as the typical mode of transportation	26,753
% of SFMTA intercept survey trips representing activities outside of the District	27.31%
Non-District population engaging in general benefit activities	7,306

The number of persons engaging in general benefit activities represents 5.08% of the total neighborhood population, of 143,770 previously identified above, and is therefore considered to be District general benefit.

District General Benefit	5.08%
---------------------------------	--------------

The general benefit provided by the District improvements, maintenance, and activities is 5.08%. Accordingly, 94.92% of the benefits from the District improvements, maintenance, and activities are considered to provide special benefits to the properties within the District and thus could be subject to assessment therein.

5.5. Apportioning of Special Benefit

As outlined above, each of the parcels within the District is deemed to receive special benefit from the District improvements, maintenance, and activities. Each parcel that has a special benefit conferred upon it as a result of the ongoing District improvements, maintenance, and activities is identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the District costs.

Benefit Points Assignment

Cleaning and Streetscape Improvement Benefit Points and Safety and Security Benefit Points Assignment

Benefit points are assigned based upon not only the property's location to the District improvements, maintenance, and activities, but also the property's existing land use designation and pedestrian traffic associated with those different land uses. Those property land uses that are more likely to generate and attract activity receive a greater benefit from the District's improvements, maintenance, and activities when compared to those properties that do not generate as much traffic. District improvements, maintenance, and activities will be provided uniformly throughout each respective zone of service within the District boundaries. These clean and safe areas create an aesthetically pleasing and safe environment for District properties, and those individuals utilizing District property, whether it is to shop, dine, live, utilize services, or visit.

In order to recognize the varying levels of pedestrian traffic generated by the different property land uses within the District, properties are assigned benefit points based upon the likelihood of District pedestrian traffic to shop, dine, visit, or seek out services from the different property land uses throughout the District. The benefit points assigned are weighted based upon the walking trip purpose identified in the 2009 NHTS survey. After reducing the non-District population of 26,753 by the 7,306 people engaged in general benefit, there is a walking trip population of 19,447 with trip purposes attributable to special benefit. Allocating this special benefit population to each of the special benefit trip purposes identified in the 2009 NHTS survey, the special benefit population is allocated as follows:

Trip Purpose	2009 NHTS Survey %(1)	Special Benefit Population
Home	35.97%	9,624
Work	6.34%	1,696
School/Daycare/Religious Activity	4.89%	1,308
Medical/Dental Services	0.64%	171
Shopping/Errands	12.05%	3,224
Family Personal Business/Obligations	6.34%	1,696
Meals	6.46%	1,728
Total Special Benefit Population	72.69%	19,447

(1) Does not include those trip purposes previously identified as general benefit.

To determine the assigned cleaning and streetscape improvement benefit points and safety and security benefit points for each property land use category within the District, the total allocated special benefit population determined in the above table was categorized into each of the three District property land use categories. Work, Shopping/Errands, Family Personal Business/Obligations, and Meals special benefit trip purpose populations were assigned to the Non-Residential Property category, Home was assigned to the Residential Property category, and School/Daycare/Religious Activity was assigned to the Non-Profit / Public Property category. The total allocated special benefit population is summarized into each of the three property land use categories as follows:

Property Land Use	Total Special Benefit Population
Non-Residential Property	8,344
Residential Property	9,624
Non-Profit / Public Property	1,479
Total Special Benefit Population	19,447

Utilizing the Non-Residential Property land uses, including Non-Residential Property-Hotels, Retail, Office And Non-Residential Property-Convention Center, Museum, Cultural, as the base land use category, a cleaning and streetscape improvement benefit point and a safety and security benefit point of 1.00 is assigned. The other property land use categories are assigned cleaning and streetscape improvement benefit points and safety and security benefit points based upon their proportional relationship to the special benefit population for Non-Residential Property. For example, the Residential Property total special benefit population of 9,624 is approximately 1.20 times that of the Non-Residential Property total special benefit population of 8,344. To recognize cleaning and streetscape improvement and safety and security benefits provided to undeveloped property, 0.20 benefit points were assigned for cleaning and streetscape improvement and safety and security benefit. The cleaning and streetscape improvement benefit points and safety and security benefit points are assigned as follows:

Property Land Use	Cleaning and Streetscape Improvement Benefit Points	Safety and Security Benefit Points
Non-Residential Property-Hotels, Retail, Office	1.00	1.00
Non-Residential Property-Convention Center, Museum, Cultural		
Residential Property	1.20	1.20
Non-Profit / Public Property	0.20	0.20
Undeveloped Property	0.20	0.20

Branding, Activation and Marketing Benefit Points Assignment

The District is an established mixed-use use area that features a blend of non-residential, residential, non-profit, and public property with development and redevelopment potential. The potential for properties to develop and redevelop to maximize their use as well as invest in their economic presence, District properties are assigned benefit points for the benefits received from the District's marketing activities. District marketing activities are designed to strengthen the economic landscape within the Yerba Buena area. District branding, activation and marketing activities will be geared towards creating a more vibrant and thriving commercial area, maximize occupancy for both non-residential and residential units, and encourage the use of non-profit and public services, which will support increased activity for existing property and encourage the development or redevelopment of other property.

A District with a variety of non-residential activity contained within a thriving economic area will encourage individuals to stay within the District to shop, dine and take part in other commercial activities instead of seeking similar activities outside of the District. Therefore, non-residential properties are assigned 2.00 marketing activity benefit points to account for increased activity resulting from enhanced marketing activities within and for the District. The Moscone Center and District museums and cultural institutions receive similar benefits, but the Moscone Center and District museums and cultural institutions have dedicated and independent marketing campaigns that draw people to the area. Moreover, San Francisco Travel provides marketing resources for the Moscone Center and District museums and cultural institutions. Therefore, to recognize the independent marketing efforts provided by the Moscone Center and District museums and cultural institutions, 1.50 branding, activation and marketing activity benefit points are assigned to Moscone Center and District museums and cultural institution properties. A vibrant and thriving mixed use area will aid in retaining the long-term occupancy among the residential units

throughout the District as well as strengthen the community brand for the area in which these residents live. To account for the marketing activities that will brand the Yerba Buena community, residential property is assigned 1.00 marketing activity points. Branding, activation and marketing activities will primarily benefit the non-residential and residential property within the District, but there are benefits provided to non-profit and public properties within the District by providing increased exposure for the non-profit and public services available and providing an overall enhanced District area. To account for this branding, activation and marketing activity benefit, non-profit and public properties are assigned 0.50 marketing activity benefit points. Undeveloped properties are assigned 0.25 branding, activation and marketing activity benefit points to recognize the limited benefits received from increased exposure for development potential as a result of branding, activation and marketing activities.

The following table provides the branding, activation and marketing activity benefit points assigned to the various parcel land use categories within the District.

Property Land Use	Branding, Activation, and Marketing Benefit Points
Non-Residential Property-Hotels, Retail, Office	2.00
Non-Residential Property-Convention Center, Museum, Cultural	1.50
Residential Property	1.00
Non-Profit / Public Property	0.50
Undeveloped Property	0.25

The total benefit point assignment for each of the property land use categories is as follows:

Property Land Use	Cleaning and Streetscape Improvement Benefit Points	Safety and Security Benefit Points	Branding, Activation and Marketing Benefit Points	Total Benefit Points
Non-Residential Property-Hotels, Retail, Office	1.00	1.00	2.00	4.00
Non-Residential Property-Convention Center, Museum, Cultural	1.00	1.00	1.50	3.50
Residential Property	1.20	1.20	1.00	3.40
Non-Profit / Public Property	0.20	0.20	0.50	0.90
Undeveloped Property	0.20	0.20	0.25	0.65

Parcel Factors

The method of apportioning benefit to parcels within the District reflects the proportional special benefit assigned to each property from the District improvements, maintenance, and activities based upon the various property characteristics for each parcel as compared to other properties within the District. As part of the special benefit analysis various property characteristics were analyzed including street frontage, building size, land use, etc. Given that the special benefits provided by the District improvements, maintenance, and activities focus on aesthetic benefit, safety benefit and economic activity benefit, it was determined that linear street frontage, building square footage, and land use are the most appropriate parcel factors. Each parcel's linear street frontage, building square footage, and land use have been used as the primary assessment variables for the calculation and assignment of parcel factors.

Benefit Zone

The District intends to provide two varying levels of service. These service levels are not uniform throughout the District, but are uniform throughout each zone of benefit. The District Management Corporation will provide a base level of service throughout the District. The Benefit Zone 2 level of service will equal this base level, and is consistent throughout the boundaries of Benefit Zone 2. Benefit Zone 1 will receive a level of service that is approximately a 50% increase above the base level when compared to Benefit Zone 2. Therefore, to account for this increased level of service Benefit Zone 1 is assigned a zone factor of 1.50 points while Benefit Zone 2 is assigned a zone factor of 1.00 point.

Benefit Zone	Zone Factor
Benefit Zone 1	1.50
Benefit Zone 2	1.00

Land Use

Properties in the District are assigned a land use category, as further outlined below, and may be reassigned if the property's designated land use changes.

Non-Residential Property-Hotels, Retail, Office: Non-Residential Property-Hotels, Retail, Office consists of parcels owned or leased by an entity for profit-making purposes and used for commercial purposes such as hotel, retail, restaurant, commercial parking lots and garages, or office property. This property land use category does not include properties identified as Non-Residential Property-Convention Center, Museum, Cultural properties.

Non-Residential Property-Convention Center, Museum, Cultural: Non-Residential Property-Convention Center, Museum, Cultural consists of parcels owned or leased for purposes related to convention centers, museums, and cultural institutions. Non-Residential Property-Convention Center, Museum, Cultural land use also includes those parcels owned or leased for museum and cultural institution operations.

Non-Profit Property: Non-Profit Property consists of parcels owned or used as follows:

- Includes parcels owned by non-profit entities approved under section 501(c) of the Internal Revenue Service code.
- Includes parcels that are occupied (80% or more of building square footage) by one or more non-profit corporations, as tenants and/or subtenants.
- Includes parcels that are occupied (80% or more of building square footage) by activities that receive a welfare tax exemption or by an affordable housing development regulated by covenants or regulatory agreements with a public agency.
- This land use category does not include the District museum and cultural institution parcels previously identified in the Non-Residential Property-Convention Center, Museum, Cultural land use category.

Public Property: Public Property consists of parcels owned or used as follows:

- Parcels owned by a government entity; for example, police stations, schools, and government-owned office buildings.
- Includes parcels that are occupied (80% or more of building square footage) by one or more public entities, as tenants and/or subtenants.
- Public Property does not include profit parking lots and garages owned by governmental entities and used for profit-making purposes.

Residential Property: Residential Property consists of single family dwellings, duplexes, triplexes, condominiums, and apartment units used exclusively for residential purposes.

Undeveloped and redeveloped properties will be reassigned an appropriate land use category. New building square footage will become assessable for the upcoming fiscal year, if a temporary or final certificate of occupancy has been issued prior to the submittal of the annual assessment database to the City.

By adjusting the assigned special benefit points assigned for each property land use category by parcel factors, a more complete picture of the proportional special benefits received by each parcel within the District is presented. Therefore, linear, and building factors were calculated and assigned for each parcel in the District according to the formulas below:

Linear Factor

Given the linear nature of the cleaning and public safety improvements, maintenance, and activities, each parcel within the District is assigned a linear factor that is equal to the parcel's linear street frontage that receives ongoing District cleaning and public safety improvements, maintenance, and activities.

Linear Factor	=	Parcel's Assigned Linear Street Frontage
---------------	---	---

There are several parcels throughout the District that share the same area footprint, with each of these parcels being assigned a separate Assessor's Parcel Number by the San Francisco Assessor's office. For those areas that include multiple Assessor's Parcels, each Assessor's Parcel's assigned linear street frontage shall be calculated by allocating the total linear street frontage for the area equally to each Assessor's Parcel located on the footprint of that area.

Building Factor

Buildings in the District range from single-story structures to large multi-story structures. In order to create a factor to account for the many variations in the buildings, the minimum lot size for the area was considered. In the Yerba Buena area, the majority of the buildings within the District cover the entire footprint of the lot. Utilizing the minimum square footage of 2,500 prescribed by the City of San Francisco Planning Code Section 121(e)(2) for most lots in zoning use districts other than RH-1(D), a building factor is calculated for each parcel based on the assigned building square footage for the parcel divided by 2,500:

Building Factor	=	Parcel's Assigned Building Square Footage	/	2,500
-----------------	---	--	---	-------

Total Special Benefit Points Calculation

The formula below shows the total special benefit points calculation for each parcel within the District:

Parcel's Total Special Benefit Points	=	Zone Factor	X	(Linear Factor + Building Factor)	X	Total Benefit Points Assignment
--	---	-------------	---	--------------------------------------	---	------------------------------------

Data Considerations and Parcel Changes

The use of the latest Assessor's Secured Roll information has been and shall be used in the future as the basis in determining each parcel's land use, linear street frontage, and building square footage, unless better data was or is available to the City. In addition, if any parcel within the District is determined by the Assessment Roll to be an invalid parcel number, the land use, linear street frontage, and building square footage of the subsequent valid parcels shall serve as the basis in assigning special benefit points.

Total Special Benefit Points

The total special benefit points for the District at this time are 318,947.005. Section 7 of this Engineer's Report provides a detailed special benefit points breakdown for each parcel in the District.

6. METHOD OF ASSESSMENT

6.1. Assessment Budget

In order to assess the parcels within the District for the special benefits received from the ongoing District improvements, maintenance, and activities, the general and special benefits must be separated. As previously quantified in Section 5.4 of this Engineer's Report, the general benefit received from the District improvements, maintenance, and activities is 5.08%. Accordingly, 94.92% of the benefits from the District improvements, maintenance, and activities are considered to provide special benefits to the properties within the District and thus could be subject to assessment therein.

Description	Amount
District Improvements, Maintenance and Activities Cost Estimate	\$3,151,836.09
Less: General Benefit Contribution	(160,113.27)
Total Cost Estimate to be levied in 2015/16	\$2,991,722.82

Assessment Rate per Special Benefit Point

The assessment rate per special benefit point is calculated by dividing the total cost estimate to be levied in 2015/16 by the total special benefit points assigned. The following formula provides the assessment rate per special benefit point calculation:

$$\text{Total Cost Estimate to be levied in 2015/16} / \text{Total Special Benefit Points} = \text{Assessment Rate per Special Benefit Point}$$

$$\$2,991,722.82 / 318,947.005 = \$9.38$$

If the total special benefit points change in future years, the maximum allowable annual assessment rate will not be recalculated. The maximum allowable annual assessment rate, plus the annual cost of living inflator (up to 3%), will remain fixed. Furthermore, pursuant to Proposition 218, the total building square footage for developed and redeveloped parcels will be assessed from the date each respective parcel receives a temporary and/or permanent certificate of occupancy. As a result, the District's total maximum assessment can increase due to development. The total maximum assessment amount, not including the annual cost of living inflator, shall not exceed 5% of the previous year's total maximum assessment as a result of development, and development increases shall not require a vote as the assessment methodology and the maximum allowable assessment rate per benefit point do not change. The actual total annual assessment amount levied will be calculated by multiplying the fiscal year's total special benefit points by the fiscal year's approved maximum annual assessment rate.

The individual assessments are shown on the assessment roll in Section 9 of this Engineer's Report.

6.2. Method of Assessment Spread

The method of assessment is based upon a formula that assigns the special benefit to each parcel, with special benefit points being adjusted by linear, lot and building factors. The formulas below provide a summary of the annual assessment calculation for each parcel in the District.

(A) Parcel's Total Special Benefit Points	=	(B) Zone Factor	X	(C + D) (Linear Factor + Building Factor)	X	(E) Parcel's Benefit Points
---	---	--------------------	---	---	---	-----------------------------------

Benefit Zone	(B) Zone Factor
Benefit Zone 1	1.50
Benefit Zone 2	1.00

(C) Linear Factor	=	Parcel's Assigned Linear Frontage		
(D) Building Factor	=	Parcel's Assigned Building Square Footage	/	2,500

Property Land Use	(E) Total Benefit Points
Non-Residential Property-Hotels, Retail, Office	4.00
Non-Residential Property: Convention Center, Museum, Cultural	3.50
Residential Property	3.40
Non-Profit / Public Property	0.90
Undeveloped Property	0.65

Parcel's 2015/16 Maximum Allowable Assessment ⁽¹⁾	=	(A) x \$9.38 Parcel's Total Special Benefit Points x \$9.38
---	---	--

(1) Subject to a cost of living inflator, beginning Fiscal Year 2016/17.

6.3. Cost of Living Inflator and Potential Future Development

Each fiscal year beginning Fiscal Year 2016/17, the maximum allowable assessment amount may be increased by the lesser of 3.0% or the annual percentage change of the Consumer Price Index for all Urban Consumers, for the San Francisco-Oakland-San Jose area (Series Id: CUURA422SA0, CUUSA422SA0 Not Seasonally Adjusted) ("CPI"). If for any reason the percentage change is negative the maximum allowable assessment would not be decreased by reason of such negative percentage change and would remain at the amount as computed on the previous fiscal year regardless of any CPI adjustment. The annual assessment cannot exceed the actual costs to operate the District in any given year.

Additionally, as a result of continued development, the District may experience an addition or subtraction of assessable building square footage for parcels included and assessed within the District boundaries. Modification of parcel improvements assessed within the District may change upwards or downwards depending upon the amount of total building square footage assessed for these parcels.

Pursuant to Proposition 218, the total building square footage for developed and redeveloped parcels will be assessed from the date each respective parcel receives a temporary and/or permanent certificate of occupancy. As a result, the District's total maximum assessment will likely increase due to development. The total maximum assessment amount, not including the annual cost of living inflator, shall not exceed 5% of the previous year's total maximum assessment as a result of development, and development increases shall not require a vote as the assessment methodology and the maximum allowable assessment rate per benefit point do not change.

7. SPECIAL BENEFIT POINT ASSIGNMENT

The detailed breakdown of the special benefit points assignment for each parcel in the District is shown on the following pages.

**Yerba Buena Community Benefit District
Special Benefit Points Assignment**

Assessor's Parcel Number	Parcel Land Use Classification	Zone Factor	Linear Street Frontage	Linear Factor	Building Square Footage	Building Factor	Total Factors	Assigned Benefit Points	Total Special Benefit Points
3705 -004	Non-Residential: Hotel, Retail, Office	1.50	150.000	150.000	42,805	17.120	167.120	4.00	1,002.720
3705 -005	Non-Residential: Hotel, Retail, Office	1.50	105.000	105.000	6,240	2.500	107.500	4.00	645.000
3705 -006	Non-Profit / Public	1.50	205.000	205.000	86,083	34.430	239.430	0.90	323.231
3705 -007	Non-Residential: Hotel, Retail, Office	1.50	150.000	150.000	58,834	23.530	173.530	4.00	1,041.180
3705 -008	Non-Residential: Hotel, Retail, Office	1.50	235.000	235.000	28,516	11.410	246.410	4.00	1,478.460

8. ASSESSMENT DIAGRAM

An Assessment Diagram for the District is shown on the following pages. The lines and dimensions of each lot or parcel within the District are those lines and dimensions shown on the maps of the Assessor, at the time this report was prepared, and are incorporated by reference herein and made part of this Engineer's Report.

**Assessment Diagram
for the assessment district known as the
Yerba Buena Community Benefit District**

A Property and Business Improvement District
Established in the City and County of San Francisco, State of California,
Under Part 7 of the California Streets and Highways Code
("Property and Business Improvement District Law of 1994," §§36600 et seq.)
and Article 15 of the San Francisco Business and Tax Regulations Code

**Ballot on Assessment for the renewal and expansion of the
property-based business improvement district known as the
“Yerba Buena Community Benefit District”**

«Barcode»

Assessor’s Parcel Number: _____ Address of Parcel: _____

Property Owner’s Name: _____

Property Owner’s Address: _____

Proposed Assessment for this Parcel Beginning 2015-2016 Fiscal Year: _____ of Total: \$ _____

Proposed Range or Inflation Adjustment Formula: The amount of the total annual assessments to be levied and collected for years two through fifteen (fiscal years 2016-2017 through 2029-2030) may be increased from one year to the next by a percentage that does not exceed either the change in the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose Consolidated Metropolitan Statistical Area (the “CPI”), or three percent (3%), whichever is less. In addition, to account for new assessments from potential future development in the District, the assessment for each of years two through 15 of the District may be increased by not more than 5% of the prior year’s assessment, including any CPI adjustment for the prior year, for a total maximum increase of 8%.

Instructions for Completing and Delivering this Ballot

*To express your view on the proposed assessment and the proposed range or inflation adjustment, check above the line before the word “YES” or “NO” below, then sign and date the ballot.

_____ Yes, I approve the proposed annual assessment described above on the parcel identified in this ballot, and I understand that my assessment could be subject to the inflation adjustment formula described above.

_____ No, I do not approve the proposed annual assessment, on the parcel identified in this ballot, nor the inflation adjustment formula described above.

I hereby declare by penalty of perjury that I am a record owner or authorized agent for the record owner of the parcel listed above.

Signature of Owner of Record, or Authorized Agent Date

Print Name of Owner or Authorized Agent: If Agent of Owner, State Authorization

***After completing your ballot, please mail to:**
Director
Department of Elections
P.O. Box _____
San Francisco, CA 94142-2189

To hand deliver, please use the following address:
Director
Department of Elections
City Hall
1 Dr. Carlton B. Goodlett Place, Room 48
San Francisco, CA 94102

Ballots may also be delivered to the Director at the Public Hearing prior to the close of public testimony.

*Ballots may be sent or delivered to the Director at any time, but MUST be received in the mail not later than 12 P.M. (noontime) on the day of the public hearing or in person before the conclusion of the public testimony portion of the public hearing on the proposed assessment and assessment range. That hearing is set for 3:00 p.m. on July 28, 2015. Ballots received after that time will only be counted if the Board elects to continue public comment until a later date.

Department of Elections
City and County of San Francisco

SUBJECT: Notice of Public Hearing and Assessment Ballot Proceeding to consider renewal and expansion of the property-based special assessment district, to be known as the "Yerba Buena Community Benefit District"

The purpose of this notice is to provide you with information about an assessment ballot proceeding and public hearing being conducted by the Board of Supervisors, and its effect on real property that you own. This notice is being sent to you in accordance with Resolution No. ___ - ___, passed by the Board of Supervisors (a copy of which is enclosed), California Government Code Section 53753, and California Constitution Article XIID Section 4(c).

Please be advised of the following:

- The Board of Supervisors will hold a public hearing on the proposed assessment at 3:00 p.m. on July 28th, 2015 or as soon thereafter as the matter may be heard, in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. At this hearing, the Board will hear testimony regarding the proposed assessment. The reason for the assessment is to fund the property-based business improvement district (community benefit district) known as the "Yerba Buena Community Benefit District". The annual assessments would last for 15 years (July 1, 2015-June 30, 2030), the services will be implemented through December 31, 2030. The boundaries of the Yerba Buena Community Benefits District are described in the enclosed Resolution passed by the Board of Supervisors.
- The Yerba Buena Community Benefit District will fund the following services, improvements and activities:
 - 1) Cleaning and Streetscape Improvement
 - 2) Safety and Security
 - 3) Branding, Activation, and Marketing
 - 4) Management and Operations
- Examples of services, improvements, and activities to be funded under the budget category "Cleaning and Streetscape Improvement" includes: regular sidewalk and gutter sweeping, scheduled steam cleanings, power washing, refuse removal, graffiti removal, and streetscape

improvements. Streetscape improvements are based upon, but not limited by, the Yerba Buena Street Life Plan, a roadmap for enhancing public spaces in the neighborhood. The District will also distribute small annual grants (through its Community Benefit Fund) to community organizations providing services in the District that support the District's mission.

- Examples of services, improvements, and activities to be funded under the budget category "Safety and Security" include: working with residents, merchants, the San Francisco Police Department (SFPD) and community on a variety of safety programs and strategies to prevent crime and increase pedestrian safety throughout the District. The District will provide Community Guides to assist visitors, connect those in need with social services, and report cleaning and safety issues. The District will also distribute small annual grants (through its Community Benefit Fund) to community organizations providing services in the District that support the District's mission.
- Examples of services, improvements and activities to be funded under the budget category "Branding, Activation, and Marketing" includes: programs to promote properties and businesses in the District and the creation and production of special events that draw visitors into the District as a means of additional exposure. The District will program special events and conduct marketing activities in various parts of the District. The District marketing and promotion services will make sure new visitors, employees, patrons, and residents know about area attractions and will help them enjoy their experience in the District. The District plans to include other marketing initiatives as appropriate, and as budget resources allow.
- Examples of services, improvements and activities to be funded under the budget category "Management and Operations" includes: a dedicated staff who will serve as a focal point persons and advocate for the District and the management of office expenses including accounting, rent, utilities, office supplies, insurance, legal, and other professional services related to District activities
- The proposed fiscal year 2015-2016 assessment for your parcel is «Voter_Proportional». The duration of the assessment district is 15 ½ years, the authority to levy assessments on your property would be fifteen and a half (15 ½) years, with services to be implemented January 1, 2016 through December 31, 2030. The Yerba Buena CBD assessment will appear as a separate line item on the property tax bill. The final assessment would be collected on your property tax bill for fiscal year 2029-2030. The City will directly bill any Assessor's Parcels which do not regularly receive a property tax bill from the City. The amount of the total annual assessments to be levied and collected for years two through fifteen (fiscal years 2016-2017 through 2029-2030) may be increased from one year to the next by a percentage that does not exceed either the change in the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose Consolidated Metropolitan Statistical Area (the "CPI"), or three percent (3%), whichever is less. In addition, to account for new assessments from potential future development in the District, the assessment for each of years two through 15 of the District may be increased by not more that 5% of the prior year's assessment, including any CPI adjustment for the prior year, for a total maximum increase of 8%.

- The amount of your assessment could also be reduced in a subsequent fiscal year if the amount collected during the prior fiscal year exceeded the costs incurred of providing authorized services in the district. In such a case, your assessment for the subsequent year would be reduced by the share of the excess funds collected that is allocable to your property.
- The maximum amount chargeable to the entire assessment district would be \$ 2,991,722.82 in the first year. The maximum amount assessed to the entire assessment district over the life of the district, assuming the maximum annual CPI adjustment of 3% in years 2 through 15, would be \$55,642,795.04. The maximum amount assessed to the entire assessment district over the life of the district, assuming the maximum annual estimated development and CPI adjustment of 8% in years 2 through 15, would be \$68,347,918.38. The maximum amount assessed to the entire assessment district for each of the fifteen fiscal years is set forth in the following table.

TOTAL MAXIMUM AMOUNT OF ASSESSMENTS ON ALL PARCELS INCLUDED IN THE PROPOSED DISTRICT FOR EACH FISCAL YEAR, IN YEARS 2 THROUGH 15

YEAR	FISCAL YEAR	TOTAL MAXIMUM ANNUAL ASSESSMENT REVENUE BASED ON CURRENT DEVELOPMENT STATUS(1)	TOTAL MAXIMUM ANNUAL ASSESSMENT REVENUE WITH ESTIMATED FUTURE DEVELOPMENT(2)
1	2015/16	\$2,991,722.82	\$2,991,722.82
2	2016/17	\$3,081,474.50	\$3,235,548.23
3	2017/18	\$3,173,918.74	\$3,499,245.41
4	2018/19	\$3,269,136.30	\$3,784,433.91

6	2020/21	\$3,468,226.70	\$4,426,433.79
7	2021/22	\$3,572,273.50	\$4,559,226.80
8	2022/23	\$3,679,441.70	\$4,696,003.61
9	2023/24	\$3,789,824.96	\$4,836,883.72

> Total Parcel Factors x Benefit Zone Factor x Land Use Benefit Point Rate = Total Special Benefit Points

Step 7. Calculate Assessment

> Total Special Benefit Points x Assessment Rate (\$9.38) = Total Annual Assessment
(*\$9.38 Standardized Rate for District)

- In accordance with Section 67.7-1 of the San Francisco Administrative Code, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made a part of the official public record in this matter, and shall be brought to the attention of the Board of Supervisors. Written comments should be addressed to Angela Calvillo, Clerk of the Board, San Francisco Board of Supervisors, Room 244, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102.

ASSESSMENT BALLOT PROCEDURES

Enclosed with this notice, you will find an assessment ballot. Please follow the directions on the assessment ballot to express your view on the proposed assessment. The following is a summary of the procedures governing the return and tabulation of ballots. More detailed information concerning the ballot procedures is set forth in the enclosed "Procedures for the Completion, Return and Tabulation of Ballots," which is also available on the City's website at www.sfelections.org.

1. You may mail or deliver your ballot to the Director of Elections at the Post Office Box location shown on the ballot, or submit the ballot in person at the Department of Elections, located at City Hall Room 48.
2. Ballots may be sent or delivered to the Director of Elections at any time, but MUST be received by the Director of Elections not later than the conclusion of the public input portion of the public hearing on July 28, 2015 in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102, scheduled to commence at 3 p.m. or as soon thereafter as the matter may be heard. Depending on the nature and extent of public testimony, the public input portion of the hearing may not be concluded on that date, but may instead be continued to a later date. At any time prior to the conclusion of the public input portion of the hearing, you may withdraw your ballot and submit a new or changed ballot in place of the ballot previously submitted. If the public input portion of the hearing is continued to a later date, the deadline for submission of ballots will likewise be extended until the close of public input on that date.
3. The Director of Elections will pick up mailed ballots at 12 o'clock noon from the designated Department of Elections Post Office box on the date scheduled for the public hearing. To ensure that mailed ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing, mailed ballots must be received by the Director of Elections by 12 o'clock noon on July 28, 2015. Mailed ballots received after 12 o'clock noon on the date scheduled for the public hearing will only be counted if the public input portion of

the hearing is continued to a later date and the ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing.

4. Only ballots with original signatures - not photocopies of signatures - will be accepted.
5. The Director of Elections will not accept or tabulate a ballot:
 - which is a photocopy without an original signature;
 - which is unsigned;
 - which lacks an identifiable "yes" or "no" vote; or
 - which appears to have been tampered with based upon its appearance or method of delivery.
6. The assessment ballot shall be treated as a disclosable public record during and after the tabulation of the assessment ballots.
7. At the conclusion of the public input portion of the public hearing, the Director of Elections will tabulate the ballots, including those received during the public input portion of the public hearing. If the number of ballots received at the hearing is such that it is not feasible to accurately tabulate the ballots that day, the Board of Supervisors may continue the meeting to a later date for the purpose of obtaining the final tabulation.
8. The Board of Supervisors will not impose the assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. Ballots shall be weighted according to the proposed financial obligation of the affected property.

Should you have any questions, please call or write to: Mr. Cuong Quach, Department of Elections, Room 48, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. Telephone: (415) 554-4342.
