REVISED LEGISLATIVE DIGEST
(Amended in Committee, 9/14/2020)

[Planning Code, Zoning Map - Rezone Certain Industrial Parcels]

Ordinance amending the Planning Code by revising Zoning Use District Maps ZN01, ZN08, and ZN10 to rezone certain parcels in Industrial Use Districts to Production, Distribution, and Repair and other Use Districts; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare under Planning Code, Section 302.

Existing Law

Currently, certain parcels in Zoning Use District Maps ZN01, ZN08, and ZN10 are zoned M-1 (Light Industrial), M-2 (Heavy Industrial), P (Public), and RH-1 (Residential, House, One-Family), RH-DTR (Rincon Hill Downtown Residential).

Amendments to Current Law

The ordinance would amend Zoning Use District Maps ZN01, ZN08, and ZN10 to rezone these certain parcels to PDR-1-B (Production Distribution and Repair- Light Industrial Buffer), PDR-1-G (Production Distribution and Repair- General), and PDR-2 (Core Production Distribution and Repair). This ordinance would also rezone a limited number of these parcels to P (Public), RH-1 (Residential, House Districts, One Family), RH-DTR (Rincon Hill Downtown Residential), MUG (Mixed Use- General), and UMU (Urban Mixed Use).

Self Storage uses are generally not permitted in PDR districts. This ordinance provides that a Self Storage use is principally permitted, and is exempt from the retail limits of Section 210.3A, provided that the Self Storage use also includes at least 0.8 Floor Area Ratio of ground floor PDR uses, on any lot in the Eastern Neighborhoods Plan Area that was in an M-2 District on October 31, 2019 and was rezoned to a PDR-2 District by this ordinance. The limited exception for certain Self-Storage uses in this ordinance shall expire by operation of law on June 1, 2030.

Background Information

This Legislative Digest reflects amendments made by the Land Use Committee of the Board of Supervisors on September 14, 2020. These amendments include modifications to the requirements for certain Self-Storage uses to be principally permitted in PDR-2 Districts, and a modification to the operative date of this ordinance.

Following the expiration of this section, the City Attorney shall cause this Section to be removed from the Municipal Code.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. Given that the City's economy has changed, and sensitive uses have sprawled into new areas, the City's zoning map must respond. Rezoning properties in the City's eastern half to newer, more relevant zoning districts allows the City an adequate response.
2. **General Plan Compliance.** The proposed Ordinance is consistent with the following Objectives and Policies of the General Plan:

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

Policy 1.3

Locate commercial and industrial activities according to a generalized commercial and industrial land use plan.

The proposed Ordinance seeks to further the existing commercial and industrial land use plan by rezoning specific properties to appropriate zoning districts based on their location in the City, their relation to other

existing uses and zoning districts, and their current use. The proposed Ordinance aligns with the principles of (1) maintaining a functional area for production, distribution and services and another for residential purposes and the community facilities closely related to residential activities; (2) defining the working areas of the City so as to increase its efficiency as a specialized center of management, production, service or distribution; and (3) relating the working areas to the trafficways and transit systems so as to minimize time and distance in the journey to work from each of the community areas of the city and from within the San Francisco Bay Region. These three principles are integral elements of citywide land use planning for commerce and industry.

3. **Planning Code Section 101 Findings.** The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

The proposed Ordinance would not have a negative effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail because the Ordinance generally seeks to rezone industrially used property.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

The proposed Ordinance would not have a negative effect on housing or neighborhood character because the Ordinance proposes to rezone industrially used properties to an industrial zoning district.

3. That the City's supply of affordable housing be preserved and enhanced;

The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing as the Ordinance seeks to rezone industrially zoned property to an appropriate industrial zoning district.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking because the Ordinance seeks to rezone property used for industrial purposes to an appropriate industrial zoning district.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors would not be impaired as the Ordinance generally proposes to rezone industrially used properties to an appropriate industrial zoning district.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake because the Ordinance seeks to amend the Zoning Map.

7. That the landmarks and historic buildings be preserved;

The proposed Ordinance would not have an adverse effect on the City's Landmarks and historic buildings because the Ordinance generally rezones property to match its current use.

8. That our parks and open space and their access to sunlight and vistas be protected from development;

The proposed Ordinance would not have an adverse effect on the City's parks and open space and their access to sunlight and vistas since the Ordinance generally seeks to rezone property for industrial purposes.

4. **Planning Code Section 302 Findings.** The Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the proposed amendments to the Planning Code as set forth in Section 302.

NOW THEREFORE BE IT RESOLVED that the Commission hereby APPROVES WITH MODIFICATION the proposed Ordinance as described in this Resolution.

I hereby certify that the foregoing Resolution was adopted by the Commission at its meeting on April 23, 2020.
