3 **Resolution commending the completion of the BART-SFO Airport Extension.**

4 WHEREAS, The Bay Area Transit District (BART), in partnership with the United States
5 Department of Transportation, the Federal Transit Administration U.S. DOT/FTA, the San

12 Senate Transportation Committee; and

13 WHEREAS, San Francisco voters approved Proposition I in 1994 directing San
14 Francisco officials to take "all actions necessary to extend BART service into San Francisco
15 International Airport terminal area" thus ensuring a station on the east side of Highway 101;
16 and

17 WHEREAS, The BART to SFO extension contains 8.7 miles of new rail track, including
18 6.1 miles of subway, 1.2 miles of aerial, 1.4 miles of at-grade track, and four new stations:
19 South San Francisco Station, San Bruno Station, San Francisco International Airport Station,
20 and Millbrae/Caltrain Intermodal Station; and

21 WHEREAS, The BART to SFO extension completes the first ever direct transit link to
22 San Francisco International Airport and eliminates approximately 100,000 auto trips per day to
23 SFO on the highway, significantly easing and reducing traffic congestion, fuel congestion and
24 air pollution; and

25

1 WHEREAS, The BART extension provides rail connections to CalTrain, resulting in a
2 180-mile regional rail system by linking the Bay Area's two commuter rail operators; and

3 WHEREAS, BART ridership will triple on the Peninsula, encouraging movement of
4 commerce into San Francisco to support local businesses and generating thousands of new
5 temporary and permanent jobs; and

6 WHEREAS, The BART extension opens new opportunities for transit-related economic
7 development in host cities and along BART corridors in San Francisco; and

8 WHEREAS, The BART Board of Directors successfully approved to 119 agency
9 agreements and fostered partnerships with the local government through joint use facilities
