1 [Resolution of Intention - Downtown Community Benefit District]

2
3 **Resolution declaring the intention of the Board of Supervisors to establish a property-**
4 **based business improvement district known as the “Downtown Community Benefit**
5 **District” and levy a multi-year assessment on all parcels in the district; approving the**
6 **management district plan and engineer’s report and proposed boundaries map for the**
7 **district; ordering and setting a time and place for a public hearing of the Board of**
8 **Supervisors, sitting as a Committee of the Whole, on July 16, 2019, at 3:00 p.m.;**
9 **approving the form of the Notice of Public Hearing and Assessment Ballot Proceeding,**
10 **and Assessment Ballot; directing environmental findings; and directing the Clerk of the**
11 **Board of Supervisors to give notice of the public hearing and balloting, as required by**
12 **law.**

13
14 WHEREAS, The Property and Business Improvement District Law of 1994 (California
15 Streets and Highways Code, Sections 36600 et seq., “1994 Act”), authorizes cities to
16 establish property and business improvement districts within business districts to promote the
17 economic revitalization and physical maintenance of such business districts; and

18 WHEREAS, Section 36603 of the 1994 Act recognizes the authority of Charter cities to
19 adopt ordinances providing for different methods of levying assessments for similar or
20 additional purposes from those set forth in the 1994 Act; and

21 WHEREAS, Article 15 of the San Francisco Business and Tax Regulations Code
22 (“Article 15”) augments certain procedural and substantive requirements relating to the
23 formation of property and business improvement districts and the assessments on real
24 property or businesses within such districts; and

1 WHEREAS, The 1994 Act and Article 15 authorize the City to levy and collect
2 assessments on real property within such districts for the purpose of providing improvements
3 and promoting activities and property-related services that specially benefit parcels of real
4 property located within such districts; and

5 WHEREAS, Article XIID of the California Constitution and Section 53753 of the
6 California Government Code impose certain procedural and substantive requirements relating
7 to assessments on real property; and

8 WHEREAS, The 1994 Act and Article 15 impose additional procedural and substantive
9 requirements relating to assessments on real property within a proposed property and
10 business improvement district, also known as a community benefit district ("CBD"); and

11 WHEREAS, The Board of Supervisors finds that the property-related services, activities
12 and improvements to be funded with assessments on real property within the proposed district
13 will confer special benefits on the assessed properties over and above the general benefit to
14 the public at large from such services, activities and improvements; and

15 WHEREAS, The property owners who will pay 30% or more of the total amount of
16 assessments on properties within the proposed district signed and submitted to the Clerk of
17 the Board of Supervisors a petition ("Petition") requesting that the Board of Supervisors
18 establish the property-based community benefit district known as the "Downtown Community
19 Benefit District," and levy assessments on properties located in the proposed district to fund
20 property-related services, activities and improvements within the district; and

21 WHEREAS, A Management District Plan entitled "Downtown Community Benefit
22 District Management Plan" ("Management District Plan") containing information about the
23 proposed district and assessments required by Section 36622 of the 1994 Act, including but
24 not limited to a map showing all parcels located in the district, a description of the boundaries
25 of the district, the name of the district, the amount of the proposed assessment for each

1 parcel, the total annual amount chargeable to the entire district, the duration of the payments,
2 the property-related services, activities and improvements to be funded by the assessments
3 for each year and the maximum cost thereof, the method and basis upon which the
4 assessments are calculated in sufficient detail to allow each property owner to calculate the
5 amount of the assessment to be levied against his or her property, a statement that no bonds
6 will be issued, the time and manner of collecting the assessments, and a list of the properties
7 to be assessed (including assessor parcel numbers), is on file with the Clerk of the Board of
8 Supervisors in File No. 190426, which is hereby declared to be a part of this Resolution as if
9 set forth fully herein; and

10 WHEREAS, A detailed engineer's report supporting the assessments within the
11 proposed district, prepared by Edward V. Henning, California Registered Professional
12 Engineer No. 26549, entitled "Downtown Community Benefit District Engineer's Report"
13 ("Engineer's Report") is on file with the Clerk of the Board of Supervisors in File No. 190426,
14 which is hereby declared to be a part of this Resolution as if set forth fully herein; and

15 WHEREAS, A Proposed Boundaries Map, submitted pursuant to California Streets and
16 Highways Code Section 3110, is on file with the Clerk of the Board of Supervisors in File
17 No. 190426, which is hereby declared to be a part of this Resolution as if set forth fully herein;
18 now, therefore, be it

19 RESOLVED, That the Board of Supervisors declares as follows:

20 Section 1. Pursuant to Section 36621(a) of the 1994 Act and Article 15, the Board of
21 Supervisors declares its intention to establish the property and business improvement district
22 known as the "Downtown Community Benefit District" ("District") for a period of fifteen and one
23 half (15 1/2) years, and to levy and collect assessments against all parcels of real property in
24 the District for 15 of those years, commencing with FY2019-2020, subject to approval by a
25 majority of the property owners in the District who cast assessment ballots, which ballots shall

1 be weighted according to the proportional financial obligations of the affected properties. No
2 bonds will be issued. District operations are expected to commence on or about
3 January 1, 2020, following collection of the assessments for FY2019-2020 and disbursement
4 of the assessment proceeds to the nonprofit owners' association that will administer the
5 property-related services, activities and improvements in the District pursuant to
6 Section 36651 of the 1994 Act and a written agreement with the City.

7 Section 2. Nonpayment of assessments will have the same lien priority and delinquent
8 payment penalties and be subject to the same enforcement procedures and remedies as the
9 ad valorem property tax. All delinquent payment of assessments will be subject to interest
10 and penalties. The City Treasurer and Tax Collector will enforce imposition of interest and
11 penalties and collection of assessments pursuant to the 1994 Act, Article 15 and the San
12 Francisco Business and Tax Regulation Code Article 6, as each may be amended from time
13 to time.

14 Section 3. The Board of Supervisors hereby approves the Management District Plan
15 and Engineer's Report, including the estimates of the costs of the property-related services,
16 activities and improvements set forth in the plan, and the assessment of said costs on the
17 properties that will specially benefit from such services, activities and improvements. The
18 Clerk of the Board shall make the Management District Plan, Engineer's Report and other
19 documents related to the District and included in the record before the Board of Supervisors
20 available to the public for review during normal business hours, Monday through Friday 8:00
21 a.m. through 5:00 p.m., excluding legal holidays.

22 Section 4. The Board of Supervisors hereby approves the Proposed Boundaries Map
23 showing the boundaries of the District. The proposed District contains approximately 669
24 identified parcels located on approximately 43 whole or partial blocks.

25 Specifically, the exterior District boundaries are:

- 1 • Eastern Boundary: From the southwestern parcel of the intersection of Howard
2 Street and the Embarcadero running northward along the west side of the
3 Embarcadero to the parcel at (APN) 3714-019.
- 4 • Southern Boundary: Parcels on the south side of Market Street, not included in the
5 Transbay/East Cut CBD, have been included in the Downtown CBD boundaries.
6 This is to prevent any parcels from being excluded from either CBD. The only
7 parcel not included on the south side of Market is the Federal Reserve building
8 because, based upon CBD billing experience in San Francisco, the General
9 Services Agency refuses to pay into the assessment district, and therefore should
10 not receive the special benefits funded from the CBD. The boundaries are
11 therefore as follows: From the southwestern parcel of the intersection of Howard
12 Street and the Embarcadero, running westward to the parcel at the northeastern
13 corner of the intersection of Howard and Spear Street. Continuing northward along
14 the eastern side of Spear Street to Market Street. Continuing westward on Market
15 Street and running south to mid-block Market to Mission on the west side of Main
16 Street. Continuing along a line which includes all the parcels that border the current
17 East Cut Community Benefit District westward to 2nd Street. Continuing northward
18 along the western side of 2nd Street to Market Street, continuing westward down
19 the middle of Market Street to the parcel at the northeastern parcel at the
20 intersection of Kearny Street and Market Street.
- 21 • Northern Boundary: From the northern side of the Hyatt hotel at the northeastern
22 parcel at the intersection of Market Street and Drumm Street, running westward
23 along the southern side of Sacramento Street up to the intersection of Sacramento
24 and Battery Street. Then moving northward, up west side of Battery until reaching
25 Washington Street, then heading one block west bound (south side only) to

1 Sansome. Continuing northbound on Sansome (including only the west side of the
2 Street), to the intersection of Sansome and Pacific Avenue. Then heading west
3 bound on Pacific including only the parcels along the south side of Pacific until the
4 boundaries reach the intersection of Pacific and Montgomery. From that point, the
5 CBD includes parcels on both sides of Pacific Avenue up to the parcels just east of
6 the two parcels at Columbus and Pacific. Those two parcels (0176-016 and 0163-
7 012) have not been included because they are included in a study of the expansion
8 of the current Top of Broadway CBD, and because the 1994 Act prohibits the same
9 parcel from being included in two separate property-based assessment districts.

- 10 • Western Boundary: From the parcel at the northeastern corner of the intersection of
11 Market Street and Kearny Street, continue northbound along the east side of
12 Kearny Street to the parcel at the southeastern corner of the intersection of
13 Sacramento Street and Kearny Street. Continue eastward to mid-block to the parcel
14 APN 0227 - 011 and run on the west side of that parcel up to mid-block on Clay
15 Street. Include the western side of the parcels APN 0208 -026 – 028, 29-61 to the
16 middle of the intersection of Washington and Montgomery Streets. Continue along
17 the middle of the street of Montgomery Street up to Jackson Street, head west to
18 mid- block and include the parcels on both sides of Pacific Avenue, excluding all
19 parcels fronting along Columbus Avenue as those parcels are anticipated to be
20 included in an expansion of the Top of Broadway CBD.

21 Reference should be made to the detailed maps and the lists of parcels identified by
22 Assessor Parcel Number that are contained in the Management District Plan, in order to
23 determine which specific parcels are included in the Downtown Community Benefit District.

24 Section 5. A public hearing on the establishment of the District, and the levy and
25 collection of assessments starting with FY2019-20 and continuing through FY2033-2034, shall

1 be conducted before the Board of Supervisors sitting as a Committee of the Whole on
2 July 16, 2019, at 3:00 p.m., or as soon thereafter as the matter may be heard in the Board's
3 Legislative Chamber, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco,
4 California, 94102. At this public hearing, the Board of Supervisors will hear public testimony
5 regarding the proposed formation of the District, assessments, and boundaries of the District,
6 including testimony from all interested persons for or against establishment of the District, the
7 extent of the District, the levy of the assessments, the furnishing of specific types of property-
8 related services, improvements and activities, and other matters related to the District. The
9 Board of Supervisors may waive any irregularity in the form or content of any written protest,
10 and at the public hearing may correct minor defects in the proceedings. All protests submitted
11 by affected property owners and received prior to the conclusion of the public testimony
12 portion of the public hearing shall be tabulated to determine whether a majority protest exists.

13 Section 6. The Board of Supervisors hereby approves the form of the Notice of Public
14 Hearing and Assessment Ballot Proceeding, and Assessment Ballot, which are on file with the
15 Clerk of the Board of Supervisors in File No. 190426; which are hereby declared to be a part
16 of this Resolution as if set forth fully herein.

17 Section 7. The proposed property-related services, improvements and activities for the
18 District include Civil Sidewalks/Mobility Management, District Identity and Streetscape
19 Improvements, Program Management and Reserve.

20 **Civil Sidewalks/Mobility Management.** Civil Sidewalks/Mobility Management include,
21 but is not limited to, sidewalk and gutter sweeping, sidewalk steam cleaning, trash removal,
22 graffiti removal, tree and vegetation maintenance, public space maintenance, maintenance of
23 existing and new public spaces, responding to quality of life issues, implementing the "Live
24 Well, Live Safe" program, advocacy for increased resources to improve traffic management at
25 major intersections throughout the District, additional traffic and mobility efforts such as

1 shared of improved parking, possible community valet program, and updated commercial and
2 other special parking zones and curb cuts.

3 **District Identity and Streetscape Improvements.** District and Streetscape
4 Improvements include, but is not limited to, branding of the Financial District, Jackson Square
5 and the Downtown CBD parcels on the south side of Market Street so a positive image is
6 promoted to the public and the new tenants, funding website development and updates,
7 funding an App development, management and coordination of special events, hiring a social
8 media company, hiring a public relations firm, installation of holiday and seasonal decorations,
9 creating unique banner programs to tie the district together, funding and planning public art
10 displays, funding logo development, funding public space design and improvements, creating
11 programs that fund business attractions workshops and fairs to attract future tenants.

12 **Program Management and Reserve.** Program Management and Reserve includes,
13 but is not limited to, staff and administrative costs, advocacy for improved traffic management
14 with the SFMTA, paying for Directors and Officers as well as General Liability Insurance,
15 office related expenses, financial reporting and accounting expenses, legal work related costs,
16 relations with other CBDs and the City, delinquencies, City and County fees, reserves.

17 Section 8. Within the area encompassed by the proposed District, the City currently
18 provides services at the same level provided to other similar areas of the City. It is the intent
19 of the Board of Supervisors to continue to provide the area encompassed by the District with
20 the same level of services provided to other similar areas of the City; formation of the District
21 will not affect the City's policy to continue to provide the same level of service to the areas
22 encompassed by the District as it provides to other similar areas of the City during the term of
23 the District.

24 Section 9. The annual total assessments proposed to be levied and collected for the
25 first year of the District (FY2019-2020) is estimated to be \$ 3,873,491.14. The amount of the

1 total annual assessments to be levied and collected for years two through fifteen
2 (FYs 2020-2021 through 2033-2034) may be increased annually by the amount not to
3 exceed 5% per year with approval of the Owners' Association Board of Directors.

4 Assessments may also increase over time if changes to the parcels result in the parcels being
5 assigned additional benefit points.

6 Section 10. Environmental Findings. Following the approval of this Resolution, the
7 Planning Department shall determine whether the actions contemplated in this Resolution are
8 in compliance with the California Environmental Quality Act (California Public Resources
9 Code, Sections 21000 et seq.), and respond in writing to the Clerk of the Board of Supervisors
10 prior to the Board's public hearing on the establishment of the District on July 16, 2019,
11 at 3:00 p.m.

12 Section 11. The Clerk of the Board is directed to give notice of the public hearing as
13 provided in California Streets and Highways Code, Section 36623, California Government
14 Code, Section 53753, California Constitution Article XIID Section 4, San Francisco Charter,
15 Section 16.112, and San Francisco Administrative Code, Section 67.7-1.

DOWNTOWN COMMUNITY BENEFIT DISTRICT MANAGEMENT DISTRICT PLAN, SAN FRANCISCO, CA

***Including the Historic Financial District and Jackson Square
of San Francisco and South Side of Market Street***

Formed under the California Streets and Highway Code Section 36600 et seq. Property and Business Improvement District Law of 1994, Augmented by Article 15 of the San Francisco Business and Tax Regulations Code

Submitted to:

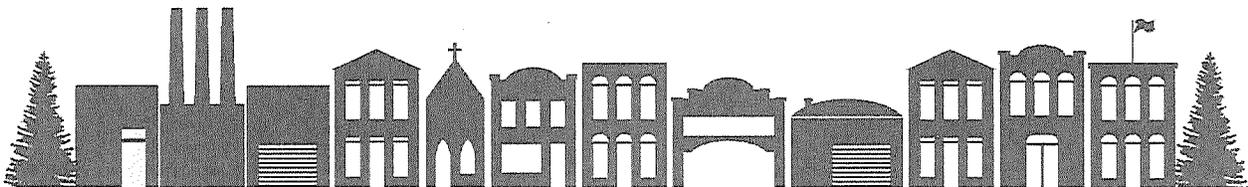

The Downtown CBD Steering Committee, the Property Owners of the
Financial District, Jackson Square and South Side of Market Street
& San Francisco Board of Supervisors

Prepared by:

The Downtown CBD Steering Committee and New City America, Inc.

SECTION 1: EXECUTIVE SUMMARY OF THE DOWNTOWN COMMUNITY BENEFIT DISTRICT (DCBD)

The proposed Downtown Community Benefit District (“DCBD”), has been in development for well over ten years. Initiated in 2007, the original Financial District CBD was stopped short by the Great Recession of 2008. Developed by a coalition of property and business owners, the Downtown Community Benefit District includes two of the oldest continuous business districts in the City (Financial and Jackson Square) and will fund special benefit services over and above what the City and County of San Francisco (the “City”) already provides.

The DCBD is a proposed property-based assessment district designed to improve and convey special benefits to properties within the historic and central business district of the City. It will be established pursuant to state law, the Property and Business Improvement District Law of 1994 (the “1994 Act”), as augmented by Article 15 of the San Francisco Business and Tax Regulations Code (“Article 15”).

To guide the DCBD for the next fifteen years, the Downtown CBD Steering Committee has developed a Management Plan that responds to today’s changing needs for additional services beyond what the City is currently providing. The DCBD will provide new improvements and activities, including cleaning, maintenance of order, branding, and traffic management services. Each of the activities is designed to meet the goals of the improvement of the parcels within the Financial District and Jackson Square by enhancing the appearance and safety of the District, increasing building occupancy and lease rates, encouraging new business development, and attracting ancillary businesses and services.

Summary of the Downtown CBD Management Plan

The DCBD is being formed for a fifteen-year term. Upon receipt of petitions signed by property owners representing at least 30% of the DCBD budget, the City may initiate a ballot procedure to establish the DCBD. The balloting is scheduled to occur sometime in the summer of 2019.

Location	The DCBD is located in the historic Financial District and Jackson Square predominantly north of Market Street on the eastern end of the City; additionally, a portion of the District encompasses parcels on the south side of Market Street and along Stuart and Spear Streets.
-----------------	---

Services and Activities	<p>The services and activities include special benefit services including, but are not limited to:</p> <ul style="list-style-type: none"> • Providing daily cleaning services and bringing a sense of order to the public rights-of-way; • Responding to the impacts of homelessness and vagrancy throughout the district; • Securing the safe passage of pedestrians to and from the Muni/BART stations; • Supplementing and creating a new identity that will allow this historic area of the City to remain competitive with the massive new developments south of Market Street; • Seeking ways to provide additional traffic control officers, over and above those currently provided by the SFMTA • Marketing and promoting the area to create new demand; • Retaining staff to oversee all the new services and to ensure best practices are employed.

Total District Revenues	\$4,001,491.14	100%																												
Method of Financing	<p>Levy of assessments on real property that will benefit from improvement and activities funded by the DCBD as well as non-assessment sources</p>																													

Benefit Zones	The Downtown CBD shall have two benefit zones based upon two distinct land uses in the proposed district
Assessments	<p>Annual assessments are based upon an allocation of program and activity costs and a calculation of building square footage for all commercial buildings, City properties, and for all residential condominiums/time shares. The estimated annual maximum assessment rates for the first year of the DCBD are as follows:</p> <p><i>-Zone 1: \$0.10 per building square foot per year for all developed parcels, including but not limited to commercial, residential, and publicly-owned properties)</i></p> <p><i>-Zone 2: \$0.08 per square foot of lot size for any empty, undeveloped parcels in the Downtown CBD.</i></p>
Annual Increase	<p>Assessment rates may increase in an amount not to exceed 5% per year. The determination of annual adjustments in assessment rates will be subject to the review and approval of the Owners' Association of The Downtown Community Benefit District. In addition, the special benefit is allocated to parcels within the CBD via a benefit point system. Such benefit points are calculated based on two objective "parcel criteria," which are undeveloped lot square footage and building square footage. The benefit points assigned to parcels in the district may change over time to reflect changes to the parcel criteria. Each parcel's assessment will be calculated by multiplying that parcel's total benefit points by a defined dollar amount. Assessments for years 2- 15 may increase annually by the amount not to exceed 5% per year with approval of the Owners' Association Board of Directors. Assessments may also increase over time if changes to the parcels result in the parcels being assigned additional benefit points.</p>
City Services	The City has established and documented the base level of pre-existing City general benefit services. The Downtown Community Benefit District will not replace any pre-existing general benefit services
Collection	Assessments will appear as a separate line item on the property owners' annual property tax bills.

District Governance	<p>The DCBD shall be administered by a newly formed non-profit public benefit corporation (Owners' Association) which will seek to generate additional revenue based upon grants and other activities. This new management corporation shall provide and oversee the day-to-day operations of the services identified in this management district plan.</p>
District Continuation	<p>Article 15 requires the submission of petitions signed by property owners in the proposed district who will pay at least 30% of the total assessments. Petitions are submitted to the San Francisco Board of Supervisors and the City will then mail ballots to all affected property owners. The majority of ballots returned in support, as weighted by assessment to be paid, must exceed those ballots returned in opposition in order for the Board of Supervisors to consider adoption of a Resolution of Formation to establish the DCBD.</p>
Duration	<p>The DCBD shall have a 15-year term commencing January 1st, 2020.</p>

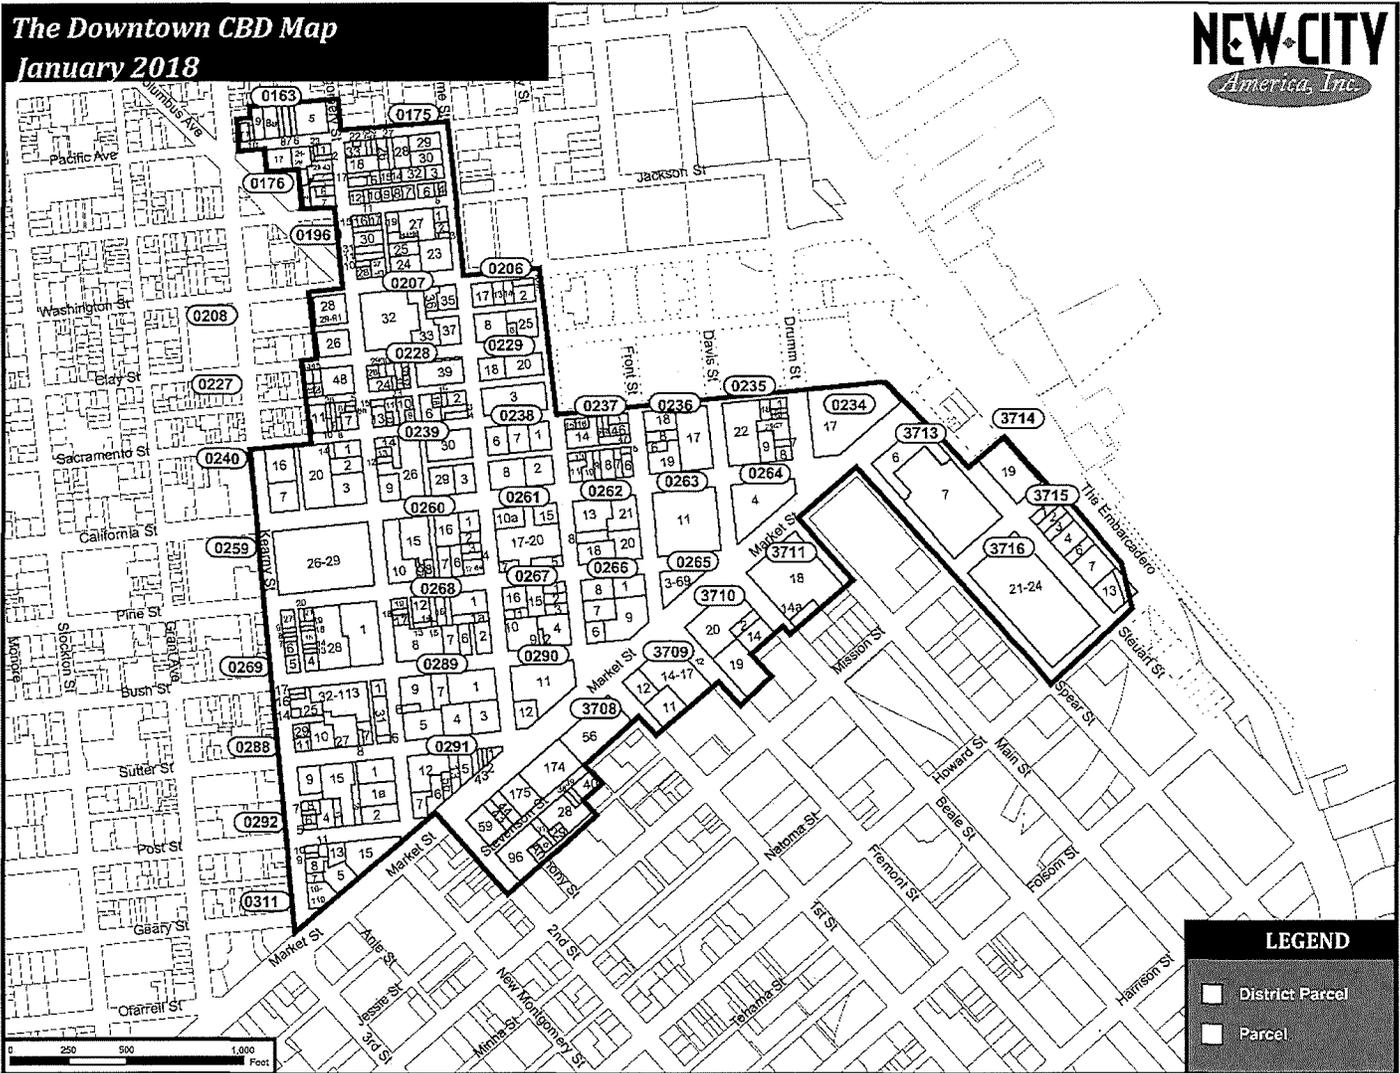

SECTION 2: THE DOWNTOWN COMMUNITY BENEFIT DISTRICT BOUNDARIES

The DCBD shall include approximately 43 whole and partial blocks in the historic Financial District and Jackson Square north of Market Street as well as a few parcels on the south side of Market Street. The proposed district includes approximately 669 parcels owned by 471 property owners. It encompasses all the commercial parcels, residential condominiums/timeshares and City-owned parcels within the boundaries of the management plan. Specifically, the district boundary is as follows:

- **Eastern Boundary:** From the southwestern parcel of the intersection of Howard Street and the Embarcadero running northward along the west side of the Embarcadero to the parcel at (APN) 3714-019.
- **Southern Boundary:** *Parcels on the south side of Market Street, not included in the Transbay/East Cut CBD, have been included in the Downtown CBD boundaries. This is to prevent any parcels from being excluded from either CBD. The only parcel not included on the south side of Market is the Federal Reserve building because, based upon CBD billing experience in San Francisco, the General Services Agency refuses to pay into the assessment district, and therefore should not receive the special benefits funded from the CBD. The boundaries are therefore as follows:* From the southwestern parcel of the intersection of Howard Street and the Embarcadero, running westward to the parcel at the northeastern corner of the intersection of Howard and Spear Street. Continuing northward along the eastern side of Spear Street to Market Street. Continuing westward on Market Street and running south to mid-block Market to Mission on the west side of Main Street. Continuing along a line which includes all the parcels that border the current East Cut Community Benefit District westward to 2nd Street. Continuing northward along the western side of 2nd Street to Market Street, continuing westward down the middle of Market Street to the parcel at the northeastern corner of the intersection of Kearny Street and Market Street.
- **Northern Boundary:** From the northern side of the Hyatt hotel at the northeastern parcel at the intersection of Market Street and Drumm Street, running westward along the southern side of Sacramento Street up to the intersection of Sacramento and Battery Street. Then moving northward, up west side of Battery until reaching Washington Street, then heading one block west bound (south side only) to Sansome. Continuing northbound on Sansome (including only the west side of the Street), to the intersection of Sansome and Pacific Avenue. Then heading west bound on Pacific including only the parcels along the south side of Pacific until the boundaries reach the intersection of Pacific and Montgomery. From that point, the CBD includes parcels on both sides of Pacific Avenue up to the parcels just east of the two parcels at Columbus and Pacific. Those two parcels (0176-016 and 0163-012) have not been included because they are included in a study of the expansion of the current Top of Broadway CBD, and because the 1994 Act prohibits the same parcel from being included in two separate property-based assessment districts.
- **Western Boundary:** From the parcel at the northeastern corner of the intersection of Market Street and Kearny Street, continue northbound along the east side of Kearny Street to the parcel at the southeastern corner of the intersection of Sacramento Street and Kearny Street. Continue eastward to mid-block to the parcel APN 0227 – 011 and run on the west side of that parcel up to mid-block on Clay Street. Include the western side of the parcels APN 0208 -026 – 028, 29-61

to the middle of the intersection of Washington and Montgomery Streets. Continue along the middle of the street of Montgomery Street up to Jackson Street, head west to mid-block and include the parcels on both sides of Pacific Avenue, excluding all parcels fronting along Columbus Avenue as those parcels are anticipated to be included in an expansion of the Top of Broadway CBD.

The Downtown CBD Map
January 2018

SECTION 3: THE DOWNTOWN CBD ACTIVITY AND IMPROVEMENT PLAN

Background and Feasibility Study of the Downtown CBD

In the spring of 2017, a group of property owners in the Financial District began to meet to discuss how to improve the Financial District and how, if something was not done, the historic district could lose its competitive edge. Long considered the heart and soul of San Francisco's business community, as well as the oldest continuous business district on the West Coast, the western Financial District realized that they would be at a competitive disadvantage of attracting and keeping quality tenants if they did not get organized and create a fund to pay for special services throughout the district.

Large meetings of property owners and their representatives began in the early summer of 2017 held at the SF Chamber of Commerce offices. Almost 70 property owners and business owner participated in the Steering Committees in the summer and fall of 2017. At no time did attendance at these meetings drop below 30 people.

In recent years much has changed with regards to economic conditions in and around the Financial District. According to the San Francisco Business Times, the South of Market (SoMa) neighborhood has recently been ranked as San Francisco's most valuable district. As SoMa begins to attract more tenants, the Financial District could lose its edge and tens of thousands of square feet of new tenants if does not promote its assets relative to new developments around Transbay and Mission Bay.

1. *The vehicular access crossing Market Street has historically been problematic.*

The daily crossing of Market Street is frustrating and discourages new businesses and tenants from moving in north of Market Street. A special traffic control patrol placed at key intersections both north and south of Market for 2 – 3 hours in the afternoon on Mondays through Fridays would do much to expedite this commute to the benefit of Financial District and Jackson Square property owners.

2. *Cities throughout the United States have well branded names of the various districts that make up their respective cities.* Downtown is the oldest continuous business district in the City, yet both Jackson Square and the Financial District lack a well-established name or promoted brand.

3. *The historic Downtown buildings are breathtakingly beautiful and represent the greatest concentration of such buildings in the state.* There are many opportunities for well-designed and managed public spaces in the Downtown, but the key element here is "managed." It is known that the best way to attract and keep high caliber tenants and employees in great cities is with great public spaces.

4. ***Street behavior has been a growing problem for years in both all areas of Downtown.*** Additional eyes and ears onsite and throughout the district will help ensure safety and prevent criminal activities. Building owners and managers need more help to ensure that this activity does not occur outside of their doors.

5. ***There are many people on the streets and sidewalks in need of medical attention, particularly the mentally ill.*** The District needs a better way to ensure that help is provided to people in need, to keep the District attractive to current and potential tenants.

Based upon these discussions, a survey was mailed and e-mailed in August 2017 to all property owners and distributed by the CBD Steering Committee members to solicit support for the concept of a new CBD to cover the Financial District, Jackson Square, and portions of the Southside of Market Street. Meetings were held, open to the public, on the following dates:

February 17th, 2017

June 2nd, 2017

June 22nd, 2017

July 29th, 2017

Survey mailed out in early August

August 25th, 2017

September 29th, 2017

October 27th, 2017

December 1st, 2017

January 26th, 2018

Sporadically throughout 2019 to give updates on the petition drive

During this process, responses came in from property owners representing over 30% of the proposed assessment in the district. Based upon thorough discussions of the property owners, a rate of \$0.10 per square foot of building square footage for all buildings in the proposed district, was set to fund the proposed special benefit services funded by the new Downtown CBD. The survey asked a number of questions regarding the priority special benefit services that property owners would be willing to pay for. Originally the boundaries included many parts of the Port properties, Embarcadero Center, city parks, Embarcadero Plaza, and other properties that are formally considered part of Chinatown. The monthly meetings held discussions on priority services, frequency of services, benefit zones and finalized boundaries. The final boundaries are included on the map on page 8 of this Management Plan. Based upon the responses, the priority services of the majority of responding property owners included:

1. *Addressing unsafe and/or undesirable behavior in the public right-of-ways;*

2. *Providing daily sidewalk gutter sweeping as well as regular steam cleaning services;*

3. *Representing District concerns in efforts to secure improved traffic control management services on Market Street as well as for the streets north of Market Street;*
4. *Sponsoring and underwriting special events to improve the identity of the Financial District, Jackson Square, and DCBD parcels on the south side of Market Street to bring positive attention to the district;*
5. *Marketing and promotion services that bring new visitors and customers and attract new businesses and residents to the Financial District, Jackson Square and the City CBD parcels on the south side of Market Street.*

Based upon the final boundaries and prioritized services, the following data was used to determine the scope and frequency of services.

Data in District

- | | | |
|----|----------------------------|--------------------|
| a. | Building Square Footage: | 38,679,073 sq. ft. |
| b. | Lot size (empty lots only) | 69,798 sq. ft. |

Number of Benefit Zones 2

- Zone 1: All developed parcels in the proposed district:
- Zone 2: Any empty, undeveloped parcels in the proposed district;

Note: Upon a building receiving a certificate of completion, a parcel will no longer be considered empty or undeveloped and will henceforth be assessed as part of Benefit Zone 1.

Identification of Special Benefit Services

As the district grows and problems and issues change from year-to-year, certain special benefit services in categories of similar services might be prioritized one year and deemphasized the next year. We have created these categories of special benefit services to give property owners enough guidance on which services would be prioritized in general, but also give them the flexibility, on a day-to-day basis, to move those similar types of services around as the need arises. The proposed categories of special benefit services for the Downtown Community Benefit District are as follows:

1. CIVIL SIDEWALKS/MOBILITY MANAGEMENT:

Examples of this category of special benefit services may include, but are not limited to:

- Hiring employees or service providers to perform regular sidewalk and gutter sweeping, and regular sidewalk steam cleaning
- Removing trash overflow from current receptacles, performing enhanced trash disposal (over and above city services)
- Timely graffiti removal, within 24 hours as necessary

- Tree and vegetation maintenance (over and above city services)
- Public space maintenance and set up
- Maintenance of existing and new public spaces
- Hiring non-profit or private case workers to respond to homeless issues, aggressive panhandling, and mentally ill people. This may include hiring of 10B PD bike patrols and/or a camera system.
- Consider implementation of a new innovative “Live Well, Live Safe” program which deals with behavior among all elements of the district
- Removal or consolidation of news racks throughout the district.
- Advocacy for increased resources to improve traffic management at major intersections throughout the District and to facilitate cross traffic from the Financial District and Jackson Square to the freeways.
- Additional traffic and mobility efforts such as shared or improved parking, possible community valet program, and updated commercial and other special parking zones and curb cuts.

Summary of Civil Sidewalk Special Benefit Services

One of the top priorities for DCBD owners is “enhanced” maintenance efforts. In order to deal with cleaning issues, sidewalk attendants will be providing a multi-dimensional approach that may consist of CBD-identified, uniformed, radio-equipped personnel sweeping litter, debris, and refuse from sidewalks, gutters, and public spaces of the District. Additionally, they may clean all sidewalk hardscape such as trash receptacles, benches, and parking meters.

The sidewalk attendants can remove graffiti using solvent and pressure washing. The District will maintain a zero-tolerance graffiti policy. All tags will aim to be removed within 24 hours of notification.

The *Live Well, Live Safe* program is a new approach to dealing with disorder within the CBD boundaries which will provide services for individually-assessed parcels in the form of patrolling personnel, nighttime patrol, and safety attendants. The purpose of this service is to prevent, deter, and report illegal activities taking place on the streets, sidewalks, storefronts, public spaces, and parking lots. The presence of the attendants is intended to deter illegal activities such as public urination, indecent exposure, trespassing, drinking in public, prostitution, illegal panhandling, illegal vending, and illegal dumping. The employees will act as the “eyes and ears” of the District. They will supplement, not replace, other ongoing police, security, and patrol efforts within the District. The sidewalk attendants will also maintain communication with current private security firms within the boundaries of the CBD as well as with the San Francisco Police Department area patrols and report illegal activities to them.

Summary of CBD Mobility Management Special Benefit Services

The CBD Owners’ Association will seek to hire SFMTA or city authorized traffic control officers at every heavily impacted intersection within the CBD boundaries on all workdays, year-round.

These special benefit and supplemental services will ensure the safety of visitors and residents in District properties, and will improve freeway access, which will make the office tenants, residents, retail and restaurants/bars, far more attractive to all stakeholders in the Financial District, parcels south of Market Street and Jackson Square.

Individuals who attempt to leave their office building from the Financial District, Jackson Square and parcels within the boundaries south of Market Street, on weekdays are painfully aware how difficult it is to cross from north to south on Market Street. SFMTA (or its successor agency), traffic control officers, which manually direct traffic at the major intersections on Market Street during huge event days, allow for safe and easy passage on both sides of Market. However, these officers are not present at every intersection in the Financial District, nor are they present every day.

2. DISTRICT IDENTITY AND STREETScape IMPROVEMENTS

Examples of this category of special benefit services may include, but are not limited to:

- Branding of the Financial District, Jackson Square and the Downtown CBD parcels on the south side of Market Street so a positive image is promoted to the public and to new tenants
- Funding website development and updating
- Funding an App development
- Management and coordination of special events
- Hiring a social media company
- Hiring a public relations firm
- Installation of holiday and seasonal decorations
- Creating unique banner programs to tie the district together
- Funding and planning public art displays
- Funding logo development
- Funding public space design and improvements
- Creating programs that fund business attraction workshops and fairs to ensure that all Downtown CBD building owners have a good inventory of prospective tenants to choose from

Summary of the Function of District Identity Special Benefit Services

The Downtown CBD including the Financial District, Jackson Square and the parcels within the boundaries on the south side of Market Street, increasingly need an ongoing funded program to promote the CBD as the most attractive and dynamic location to office and dine in the entire Bay Area. This is the oldest and most established business district with the greatest concentration of significant architecture in California. The problems that currently exist in the Downtown CBD area are resolvable with the right funding and leadership.

The programs and activities listed above will tell the story of the DCBD and create demand by branding this area, reveal its assets as the transportation hub of the Bay Area, and highlight the many opportunities that exist here.

The area currently lacks a website, social media presence, and ongoing public relations. The alleys and streets near some of the more significant architecture in the District can provide excellent venues for outdoor activities.

PROGRAM MANAGEMENT

Examples of this category of special benefit services may include, but are not limited to:

- Staff and administrative costs
- Advocacy for improved traffic management with the SFMTA
- Paying for Directors and Officers as well as General Liability Insurance
- Office related expenses
- Rent expenses
- Financial reporting and accounting expenses
- Legal work-related costs
- Relations with other CBDs and the City

CONTINGENCY/CITY AND COUNTY FEES/RESERVE

Examples of these special benefit services and costs include, but are not limited to:

- Delinquencies
- City and County fees
- Reserves

Summary of Program Management and the Reserve

The Downtown CBD District Owners' Association will be responsible for the day-to-day operations of the district, will advocate on behalf of the management corporation, oversee employees and service providers, employ professional staff and/or consultants, interact with the City and County and the other surrounding CBDs, and utilize best practices in its efforts to improve the overall CBD district as quickly as possible. The Contingency/Reserve will be set aside to ensure that any budget shortfalls are accommodated for year-to-year, and if the collections of assessments is lower than this plan allocates for the Contingency, those surplus funds can be allocated for special projects or in the same percentage of service categories of special benefit services as outlined in this plan.

4: THE DOWNTOWN COMMUNITY BENEFIT DISTRICT ASSESSMENT BUDGET

The following chart outlines the maximum assessments for the DCBD for calendar year 2020.

EXPENDITURES	BUDGET	% of Budget
Civic Sidewalks/Mobility Management	\$ 3,000,000.14	77.45%
District Identity, Marketing and public space development and management	\$200,000.00	5.16%
Program Management	\$ 550,000.00	14.20%
Contingency	\$ 123,491.00	3.19%
TOTAL ASSESSMENT REVENUES	\$3,873,491.14	100%
Assessment Revenues	\$3,873,491.14	96.80%
Other Revenues/General Benefit Contribution	\$ 128,000.00	3.20%
Total District Revenues	\$4,001,491.14	100%

Annual Budget Adjustments:

Many historic buildings in the CBD area are under ordinances that prevent their demolition. There are a handful of vacant lots or parking lots that currently exist in the area. The ratio of building square footage to lot size, an excellent indicator of the build out and maturity of a district, reaches a ratio of over 9 to 1 (building to lot size). This density is nearly unprecedented in the state of California and anywhere else in the United States.

The assessments that fund the special benefits in the proposed CBD are predominantly based upon building square footage. Since the district is nearly fully built out, and there are many historic structures within the Downtown CBD, new growth will be limited, but the area may continue to grow denser within the current building stock, so there must be a mechanism put in place to allow for annual budget increases.

Though it is anticipated that the District Owners' Association will act in an entrepreneurial manner by seeking grants, donations, and revenues from activities and programs, these additional non-assessment district funds may not be enough to offset the new demand of the Downtown CBD. Therefore, this plan allows for the District Owners' Association to increase the annual budget by a total amount not to exceed 5% per year. The determination of annual

adjustments in assessment rates will be subject to the review and approval of the District Owners' Association.

Each year, the DCBD will pay for its activities with a combination of assessment and non-assessment funds. The assessments will be proportioned among the parcels based on special benefit via a benefit point system. Such benefit points are based on objective "parcel criteria" which are undeveloped lot size and building square footage. The benefit points assigned to parcels in the district may change over time to reflect changes to the parcel criteria. Each parcel's assessment will be calculated by multiplying that parcel's total benefit points by a defined dollar amount.

Assessments for years 2- 15 may increase annually by the amount not to exceed 5% per year with approval of the DCBD Owners' Association Board of Directors. The Board of Directors will be representative of the property owners themselves in order to ensure that the DCBD is managed properly and is responsive to the property owners' needs. The provision allowing for the increase is a maximum increase, assuming no change in development status, and will be reviewed and considered annually.

The budgeted amounts for Civil Sidewalks/Mobility Management and District Identity special benefit services may be reallocated between categories from year-to-year based upon the district's changing needs and budgets developed by the Owners' Association. The reallocation between these three service categories shall not exceed 10% per year based upon the first year's budget estimate.

15-Year Maximum Assessment Budget

The following table shows the DCBD's maximum annual budget for the 15-year life term, adjusting it by the maximum 5% inflation factor:

YEAR	FISCAL YEAR	MAXIMUM ANNUAL ASSESSMENT
1	FY 2019-2020	\$3,873,491.14
2	FY 2020-2021	\$4,067,165.70
3	FY 2021-2022	\$4,270,523.98
4	FY 2022-2023	\$4,484,050.18
5	FY 2023-2024	\$4,708,252.69
6	FY 2024-2025	\$4,943,665.32
7	FY 2025-2026	\$5,190,848.59
8	FY 2026-2027	\$5,450,391.02
9	FY 2027-2028	\$5,722,910.57
10	FY 2028-2029	\$6,009,056.10
11	FY 2029-2030	\$6,309,508.90
12	FY 2030-2031	\$6,624,984.35
13	FY 2031-2032	\$6,956,233.57
14	FY 2032-2033	\$7,304,04.25
15	FY 2033-2034	\$7,669,247.51

Future Development

The above tables are based on the district’s current development status and do not account for possible increases to assessments due to changes to the parcel characteristics that are used to allocate special benefits (e.g., building square footage). The amount of each parcel’s assessment will depend on the existing assessment rates as well as the specific characteristics of the parcel, as explained in further detail in Section 6. Thus, changes to a parcel may result in corresponding revisions to the assessments.

SECTION 5: PUBLIC SECTOR PARTICIPATION IN THE DOWNTOWN CBD

Current City Services

The Board of Supervisors, by adopting this plan, will confirm its intention to ensure a baseline level of general benefit services in the district. Assessment funds will pay for special benefit services that are above and beyond those services provided by the City.

Assessment of City and Public Parcels within the City CBD

Proposition 218 states that *no parcel is exempt from assessments if that parcel receives special benefit from the improvements and activities*. This includes government and public use parcels owned by the City. The public parcels that exist in the District will all specially benefit from the Downtown CBD activities to make the District cleaner, safer, more attractive, and economically vibrant. Specifically, these parcels specially benefit from: graffiti removal, regular sidewalk and gutter sweeping, enhanced trash removal, patrolling of their sidewalks by sidewalk attendants, connecting the homeless to available resources, power washing the sidewalks and public spaces, beautifying the public rights-of-way, and increased business attraction and development.

Public parcels subject to assessment will have their building square footage assessed to fund the special benefit services, similar to other Benefit Zone 1 parcels. Please see Section 6: "Assessment Methodology of the Downtown Community Benefit District" for further discussion.

The publicly-owned parcels within the Downtown CBD boundary and their respective assessments are indicated in the table below.

APN	Legal Owner	Site Street	Assessment
0206 017	CITY & COUNTY OF SAN FRANCISCO	532 SANSOME ST	\$ 1,500.00
3708 031	CITY & COUNTY OF SAN FRANCISCO		\$ 4,464.00
Total:			\$ 5,964.00

SECTION 6: ASSESSMENT METHODOLOGY OF THE DOWNTOWN COMMUNITY BENEFIT DISTRICT

OVERVIEW

This Management District Plan provides for the levy of assessments to fund services and activities that specially benefit real property in the DCBD. These assessments are not taxes for the general benefit of the City, but instead pay for special benefits to the assessed parcels.

FACTORS USED IN ASSESSING THE BENEFITTING PARCELS

The DCBD property owners have emphasized that the assessment formula must be fair and balanced, and that it must result in assessments that do not exceed the cost of the proportionate special benefits received by each parcel, as required by law.

The method used to determine proportional special benefit is measured by each parcel's building square footage (or lot size, in the case of vacant lots). These factors are used to determine the proportional special benefit that each parcel receives. Building square footage is relevant to the use of a property and is utilized to measure short and mid-term impacts.

Building Square Footage Defined: Building square footage is defined as the gross building square footage as determined by the outside measurements of a building or in the case of a residential condo/time share, the actual building square footage of that specific residential parcel.

Lot size Defined: Lot size is defined as the gross land identified for a parcel on the City and County of San Francisco's parcel maps. Lot size is only assessed under this plan in when a parcel does not currently have any improvements.

Analysis of Special Benefits in the Downtown CBD

All special benefits derived from the assessments outlined in this report are for property-related activities that are specifically intended for and directly benefiting each individually-assessed parcel in the Downtown CBD. The special benefit must affect the individual assessable parcel in a way that is particular and distinct from its effect, relative to other non-assessed parcels and that real property in general and the public at large do not share. No parcel's assessment shall be greater than the reasonable cost of the proportional special benefits it will receive.

The CBD will provide special benefits in the form of:

- Funding cleaner sidewalks, streets and common areas
- Responding to real and perceived public safety improvements
- Greater pedestrian traffic
- Enhanced rental incomes
- Increased voice for District in efforts to improve traffic and parking conditions

- Creating greater demand on property and buildings in the district
- Designing and funding new and improved public spaces within the boundaries of the CBD
- Funding branding and marketing for the buildings in the area
- Facilitating well-managed CBD programs and services

Specifically, the Downtown CBD provides special benefits from each of the activities as defined below.

Civil Sidewalks/Mobility Management:

The enhanced safety activities make the area more attractive for businesses, customers, residents, and ultimately private investment. Once economic investment occurs within the district, pedestrian traffic and commercial activity will increase. The special benefit to assessed parcels from these services includes improved safety, increased lease rates and tenant occupancy due to an increase in commercial activity, and an increase in customers that follow from having a safer environment.

The maintenance and beautification activities specially benefit assessed parcels within the DCBD by providing a clean and aesthetically appealing public right-of-ways. This is achieved through sidewalk sweeping and power washing, litter and graffiti removal, and trash removal. In addition, the beautification activities specially benefit each assessed parcel by providing wayfinding signage, sidewalk seating, holiday décor, planters, etc. These activities create the environment needed to achieve the CBD’s goals.

Enhancing pedestrian and vehicular traffic in the DCBD is one of the key special benefits reflected in the CBD survey of property owners. The CBD steering committee anticipates enhancing mobility within the district, whether it be vehicular, on bicycles, scooters or walking. The District will also work with the City to increase SFMTA traffic control officers to expedite traffic north and south of Market Street and within the boundaries of the CBD. This will improve safety and help make the District more competitive with adjacent business districts. This would be a clear special benefit to commercial office building owners, tenants, and their employees, as well as to the residents and visitors walking and driving through the area.

District Identity

Downtown property owners need a new mechanism to market and promote the District. San Francisco is the world center of social media and a major hub of the technology industry; yet the City’s oldest business district, has no districtwide social media presence. The CBD will fund these efforts giving special benefit to all of the buildings whether office, hotel, residential, institutional, or non-profit uses.

The CBD Downtown area has some of the most attractive buildings, public right-of-ways, and alleys in the entire City. These are opportunities for social gathering places at lunch, breaks, and after work. Other cities, including New York City, Chicago, Houston, Philadelphia, San Diego, Austin, and Denver, have demonstrated that activated public spaces lead to increased rents and higher occupancy rates. Data shows that wherever there are new public spaces developed or

activated (Bryant Park and the High Line in NYC Rittenhouse Square in Philadelphia, Millennium Park in Chicago, the Piazza Della Famiglia in San Diego), those public spaces will become gathering places and will be marketed and promoted through social media, public relations and branded with the district logo to create the sense of place. In addition, a website that promotes vacancies in the district will help all property owners and landlords attract new tenants and help tenants attract new employees.

Special Benefit Conclusion

The special benefit to parcels from the proposed DCBD activities and improvements described in this report is proportionate to the total amount of the proposed assessment to each parcel owner.

Analysis of General Benefit in the Downtown CBD

As required by the State Constitution Article XIIID Section 4(a), the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that merely provide general benefits are deducted from the cost assessed on each specially benefitted parcel. General benefits are benefits funded by the DCBD activities and improvements that are not special in nature and are not “particular and distinct”, nor over and above the benefits that other parcels receive. This analysis will evaluate and determine the level of general benefits for (1) parcels inside of the Downtown CBD, (2) parcels outside of the Downtown CBD, and (3) the public at large may receive.

General Benefit to Parcels Inside the Downtown CBD

The DCBD provides funds for activities and improvements that are designed and created to provide special benefits to each parcel within the District. All of the parcels will specially benefit from the cleaner and safer public right-of-ways, increased mobility management, improved district identity, and program management. Thus 100% of the benefits conferred on these parcels are distinct and special in nature and 0% of the DCBD activities provide a general benefit to the parcels in the District boundary.

General Benefit to Parcels Outside of The Downtown CBD

All of the CBD activities and improvements are provided solely to each of the individual assessed parcels in the CBD boundary. Each of the CBD activities is performed in the public right-of-ways (sidewalks) adjacent to all specially benefitted parcels or tenants in the CBD. None of the surrounding parcels outside the District will directly receive any of the CBD activities. Any benefits these surrounding parcels may receive are incidental to providing special benefits to the assessed parcels, and thus any cost associated with the incidental benefits are not reduced from the cost of providing special benefit for those parcels in the district.

General Benefit to the Public-At-Large

In addition to general benefit analysis to the parcels outside of the DCBD boundary, there may be general benefits to the public-at-large, i.e., those people that are either in the CBD boundary and not specially benefitted from the activities, or people outside of the CBD boundary that may benefit from the CBD activities. *In the case of the DCBD, the public-at-large are those people that*

are within the CBD boundary that do not pay an assessment and do not specially benefit from the CBD activities.

To calculate the general benefit to the public-at-large, we determine the degree to which each CBD activity budget may benefit the general public. We conclude that program management and contingency do not provide any general benefits, because those services are tailored towards administering the District for the special benefits of the assessed parcels. Any benefit to the general public from these activities is, at most, incidental to the provision of special benefits.

By contrast, Civil Sidewalks/Mobility Management services do provide some limited general benefits. The civil sidewalks activities provide some general benefits because the general public may appreciate the enhanced level of maintenance and security, as well as well managed public spaces and public art, as they pass through the Downtown CBD. Similarly, efforts with respect to mobility management may result in traffic improvements that will ultimately benefit the assessed parcels as well as the general public, since many people pass through the District without ever contributing to the business activities within the District. These activities may vary from year to year but are expected to provide some level of general benefit. For similar reasons, we also conclude that the District Identity activities may provide some general benefits.

To quantify these general benefits, we first determine a relative benefit factor for the Civil Sidewalks/Mobility Management and District Identity activities. The relative benefit factor is a unit of measure that compares the special benefit that the assessed parcels receive compared to the general benefit that the general public receives. To determine the relative benefit factor for the DCBD, we used previous studies that conducted intercept surveys in San Francisco (Union Square and West Portal), Los Angeles (Historic Downtown, Leimert Park, Arts District, Downtown Industrial, Fashion District and Venice Beach), and San Diego (Little Italy, Downtown San Diego, Barrio Logan).

These surveys indicate the percentage of people within a district who did not live in the area or engage in consumer or business activity. The surveys generally found that on average 2 - 5% of the respondents within the district boundary were not engaging in such activity, and therefore, were not receiving any special benefits. We assigned a relative benefit factor of 0.04 (4%) to reflect the differences between these study areas and the Downtown CBD.

Based on New City America's familiarity with these districts and how they compare to the DCBD, and its professional experience in writing over 50 similar assessment district plans, it is reasonable to conclude that this relative benefit factor properly accounts for the general public in the District that is not specially benefitted. The relative benefit factor is then multiplied by the Downtown CBD activity's budget to determine the overall general benefit for the Sidewalk Operations, District Identity and Traffic Management activities.

The following table illustrates this calculation based upon the percentage these two special benefit categories represent relative to the overall budget for The Downtown CBD:

Special Benefit Activity	Budgeted Amount - % of the total budget	Relative Benefit Factor	General Benefit Factor (Column 1 x Column 2)
Civil Sidewalks/Mobility Management	\$3,000,000 77.45%	4%	\$ 120,000
District Identity	\$ 200,000 5.16%	4%	\$ 8,000
Total dollar amount of all three services	\$3,200,000	4%	\$ 128,000
Total percentage of the overall budget	82.61%		3.304%

This analysis indicates that \$ 128,000 of the Civil Sidewalks/Mobility Management and District Identity special benefit activities may be attributed to general benefit to the public at-large and must be raised from sources other than special assessments.

Total General Benefits

Using the sum of the three measures of general benefit described above, we find in year one that \$ 128,000 of that year's budget (4.0% of the two special benefit categories listed above is equal to 3.304% of the total Downtown CBD special assessment budget of \$3,873,491.00) may be providing general benefits and therefore will need to be funded from sources other than special assessments.

Benefit Zones:

The Downtown CBD intends to ensure each parcel's special assessment is equitable relative to the special benefits received. In order to accomplish this, two different benefit zones will be formed within the District. DCBD acknowledges two types of land uses: 1) commercial/non-profit, city owned, residential/time share parcel building square footage in the District and 2) empty, undeveloped parcels in the district. The methodology that the Downtown CBD Steering Committee adopted is based upon the following:

Zone 1: All commercial/non-profit/institutional/apartment buildings/city owned buildings and residential/time share parcels in the district will pay at the rate of \$0.10 per square foot for the gross building area to fund all the special benefit services that are delivered to the parcels in the district. The CBD Steering Committee would like to have the same type and frequency of services delivered throughout the district uniformly, so there are no variations in building square

footage costs. Linear frontage will not be assessed since the DCBD is nearly completely built out, with little or no opportunity for redevelopment due to the maximum heights of buildings already in place, or the historical features of the buildings prevent them from being redeveloped. Therefore, the common property variable which will fund the special benefit services will only be building square footage.

Zone 2: There are very few, empty, undeveloped parcels in the proposed Downtown CBD. These undeveloped, empty parcels shall pay \$0.08 in assessments in the CBD. The parcels are assessed on lot size rather than building square footage, and at a rate of \$0.08 rather than \$0.10, to account for the fact that they are undeveloped and therefore deriving approximately 20% less special benefit on a per-foot basis as the occupied parcels.

Exemptions:

No specially benefitting parcels, regardless of taxable or tax-exempt property tax status, will be exempt from the assessments funding the special benefit services of the Downtown CBD. Special benefit services will not be provided to any parcels outside of the boundaries of the district.

Assessment Calculation

As previously discussed in this report, assessments are based on two parcel characteristics: building square footage for developed lots, and lot square footage of undeveloped lots. Based on these characteristics, the database of the Downtown CBD as a whole is as follows:

Property Variable	Total in District	Revenue Generated by Zone
Building Sq. Ft. (Zone 1)	38,679,073 sq. ft.	\$ 3,867,907.30
Lot size (Zone 2) (undeveloped empty parcels only)	69,798 sq. ft.	\$ 5,584.84

Calculation of Assessments

Based on the activities provided, approximately 99.86% or \$3,867,907.00 of the total special assessments are allocated from Zone 1 or the developed building square footage in the district, Zone 2 generates \$5,584.00, or around .14%.

Costs of assessments from the two benefit zones for the Downtown CBD:

Property Variable	Annual Cost per property variable and Zone	Total in District	Revenue Generated by Zone
Building Sq. Ft. (Zone 1)	\$0.10 per sq. ft.	38,679,073 sq. ft.	\$3,867,907.30
Lot Sq. Ft. (Zone 2)	\$0.08 per sq. ft.	69,798 sq. ft.	\$5,584.84

Sample Parcel Assessment:

Zone 1 parcel: \$0.10 x the actual gross building square footage = Annual CBD assessment (\$0.10 x 230,000 sq. feet = \$23,000.00 per year); *actual residential condominiums/time share building square footage = Annual CBD assessment (\$0.10 x 1,000 of building square feet = \$100.00 per year);*

Zone 2 parcel \$0.08 x the actual lot size of the empty, undeveloped parcel

Note: Upon a building receiving a certificate of completion, a parcel will no longer be considered empty or undeveloped and will henceforth be assessed as part of Benefit Zone 1.

Budget Adjustment

As noted above, assessments for years 2- 15 may increase annually by the amount not to exceed 5% per year with approval of the DCBD Owners’ Association Board of Directors. Individual assessments may also increase over time if changes to the parcels result in the parcels being assigned additional benefit points.

Time and Manner for Collecting Assessments

As provided by state law, the DCBD assessment will appear as a separate line item on the property owners’ annual property tax bills, or by a special manual bill prepared by the District and either paid in one lump sum or in two equal installments. Laws for enforcement and collection of property taxes also apply to the DCBD assessment.

Disestablishment

State law provides for an annual 30-day window for the property owners to petition to disestablish a district, starting each year on the anniversary of when District was first established. If the property owners who pay more than 50 percent of the assessments submit a written petition for disestablishment within the annual 30-day window, the Board of Supervisors shall adopt a resolution of intention to disestablish the district, notify the property owners, and hold a public hearing before voting on whether or not to disestablish the district. In addition, the Board of Supervisors may disestablish a district at any time by supermajority vote of no fewer than eight members.

Duration

The DCBD shall have a 15-year term commencing January 1st, 2020. The district shall sunset on December 31st, 2034. Any major modifications, or new or increased assessments, during the term of the district that are not consistent with the provisions of original Management District Plan will require a new mail ballot process.

Bond Issuance

No bonds will be issued to finance improvements.

SECTION 7: THE DOWNTOWN CBD GOVERNANCE

Following the submission of petitions and ballot and public hearing, the Board of Supervisors may elect to establish the DCBD and authorize the levy of assessments.

The City may also contract with a non-profit organization to handle the day-to-day operations of the Downtown CBD. The non-profit organization will act as the Owners' Association and governing board for the district. This Management District Plan refers to the Owners' Association as the DCBD Owners' Association. The role of the Owners' Association will be consistent with similar CBDs and management organizations throughout California and the nation. Among other things, it will determine budgets and assessment adjustments, and monitor service delivery. It is anticipated that the Owners' Association will be set up as a public benefit corporation, or a 501c3.

The DCBD Owners' Association Board of Directors will represent a cross section of property owners and businesses found throughout the district. The goal and spirit of the board's composition is to have a majority of the board be property owners, but also include representatives from businesses, and governments that pay assessments. At least 50% of the members be property owners that pay the CBD assessment and a minimum of 20% of the board representatives are required to be non-property-owning business owners within the District boundary.

SECTION 8: IMPLEMENTATION TIMELINE

The DCBD will have a fifteen-year term from January 1, 2020 to December 31, 2034. To meet the service start date of January 1, 2020, the formation needs to adhere to the following schedule:

Formation Schedule	Dates
Management plan submitted to the Mayor's office for review	January 2018
Plan approved, plan summarized, and sent out to all property owners with the petitions requesting endorsement of the services, costs and term	Late March 2018
Petition drive coordinated through the Steering Committee to reach the necessary 30% of weighted support of the CBD property owners. Presentations and meetings held with property owners	April 2018
Petition drive completed, submit petitions to the Office of Economic and Workforce Development (OEWD)	April 2019
Board of Supervisors reviews the application through its committee structure and then to the full Board for Resolution of Intention, ballots mailed out to all CBD property owners	Late May, early June 2019
Ballots out to property owners for a minimum of 45 days, ballots must be signed and checked in the box for support or opposition, to be counted at the public hearing listed in the notice	July 2019
Continue meeting with property owners during the balloting phase	June – July 2018
Board of Supervisors holds public hearing and tabulates ballots	Late July 2019

ENGINEER’S CERTIFICATION

Re: Downtown Community Benefit District – Assessment Engineer’s Report

To Whom It May Concern:

This Report is prepared pursuant to Article XIID of the California State Constitution (Proposition 218) and the State of California Property and Business Improvement District Law of 1994 and augmented by Article 15 of the San Francisco Business and Tax Regulations Code.

The Downtown Community Benefit District (“DCBD”) will provide activities either currently not provided or are above and beyond what the City of San Francisco provides. These activities will specially benefit each individual assessable parcel in the DCBD. Every individual assessed parcel within the DCBD receives special benefit from the activities identified under Section B of this Report. Only those individual assessed parcels within the DCBD receive the special benefit of these proposed activities; parcels contiguous to and outside the DCBD and the public at large may receive a general benefit, as outlined in Section E. The cost to provide general benefits, if any, will be funded from sources other than special assessments.

The duration of the proposed DCBD is fifteen (15) years, commencing January 1, 2020. An estimated budget for the DCBD improvements and activities is set forth in Section D. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners’ Association. Funding for the DCBD improvements and activities shall be derived from a property-based assessment of each specially benefitted parcel in the DCBD. A detailed description of the methodology for determining the proportional special benefit each individual assessable parcel receives from the service and the assessment for each parcel is set forth in Section F.

I hereby certify to the best of my professional knowledge and experience that each of the identified benefiting properties located within the proposed Downtown Community Benefit District will receive a special benefit over and above the benefits conferred on the public at large and that the amount of the proposed assessment is proportional to, and no greater than the benefits conferred on each respective property.

Prepared by Edward V. Henning, California Registered Professional Engineer # 26549

SECTION A: LEGISLATIVE AND JUDICIAL REVIEW

Property and Business Improvement District Law of 1994

State Law as augmented by Article 15 of the San Francisco Business and Tax Regulations Code is the legislation that authorizes the City and County of San Francisco to levy assessments upon the real property for the purposes of providing improvements and activities that specially benefit each individual assessed parcel in the DCBD. The purpose of the DCBD is to encourage commerce, investment, business activities and improve residential serving uses. In order to meet these goals, CBDs typically fund activities and improvements, such as, enhanced safety and cleaning, and enhancing the environment. Unlike other assessment districts which fund the construction of public capital improvements or maintenance thereof, CBDs provide activities and improvements “to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts.” (Streets and Highways Code Section 36601(b)). The improvements and activities funded through the DCBD are over and above those already provided by the City within the DCBD’s boundaries. Each of the DCBD activities or improvements is intended to increase building occupancy and lease rates, to encourage new business development, attract residential serving businesses and services, and improve the quality of life for its residents.

Specifically, the State Law defines “Improvements” and “Activities” as follows:

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years..."¹

"Activities" means, but is not limited to, all of the following:

- (a) Promotion of public events which benefit businesses or real property in the district.*
- (b) Furnishing of music in any public place within the district.*
- (c) Promotion of tourism within the district.*
- (d) Marketing and economic development, including retail retention and recruitment.*
- (e) Providing safety, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.*
- (f) Activities which benefit businesses and real property located in the district.²*

Article XIID of the State Constitution

In 1996, California voters approved Proposition 218, codified in part as Article XIID of the State Constitution. Among other requirements, Article XIID changes the way local agencies enact local taxes and levy assessments on real property. It states, in relevant part, that:

(a) An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

¹ California Streets and Highways Code, Section 36610.

² California Streets and Highways Code, Section 36613.

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.

(b) All assessments shall be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California.³

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."⁴

Judicial Guidance

Since the enactment of Article XIII D, the courts have rendered opinions regarding various aspects of Article XIII D. The notable portions of cases that apply to assessment districts in general and this Downtown CBD in particular are noted below.

"The engineer's report describes the services to be provided by the District (1) security, (2) streetscape maintenance (e.g., street sweeping, gutter cleaning, graffiti removal), and (3) marketing, promotion, and special events. They are all services over and above those already provided by the City within the boundaries of the District. And they are particular and distinct benefits to be provided only to the properties within the District, not to the public at large—they 'affect the assessed property in a way that is particular and distinct from [their] effect on other parcels and that real property in general and the public at large do not share.'"⁵

"...separating the general from the special benefits of a public improvement project and estimating the quantity of each in relation to the other is essential if an assessment is to be limited to the special benefits."⁶

"...the agency must determine or approximate the percentage of the total benefit conferred by the service or improvement that will be enjoyed by the general public and deduct that percentage of the total cost of the service or improvement from the special assessment levied against the specially benefitted property owners."⁷

"...even minimal general benefits must be separated from special benefits and quantified so that the percentage of the cost of services and improvements representing general benefits, however slight, can be deducted from the amount of the cost assessed against specially benefitting properties."⁸

The contents of this Engineer's Report are prepared in compliance with the above noted authorizing legislation, the State Constitution and the judicial opinions.

SECTION B: PROGRAMS, IMPROVEMENTS AND ACTIVITIES

Identification of Special Benefit Services

As the district grows and problems and issues change from year-to-year, certain special benefit services in categories of similar services might be prioritized one year and deemphasized the next year. We have created these categories of special benefit services to give property owners enough guidance on which services would be prioritized in general, but also give them the flexibility, on a day-to-day basis, to move those similar types of services around as the need arises. The proposed categories of special benefit services for the Downtown Community Benefit District are as follows:

1. CIVIL SIDEWALKS/MOBILITY MANAGEMENT:

Examples of this category of special benefit services may include, but are not limited to:

- Hiring employees or service providers to perform regular sidewalk and gutter sweeping, and regular sidewalk steam cleaning
- Removing trash overflow from current receptacles, performing enhanced trash disposal (over and above city services)
- Timely graffiti removal, within 24 hours as necessary
- Tree and vegetation maintenance (over and above city services)
- Public space maintenance and set up
- Maintenance of existing and new public spaces
- Hiring non-profit or private case workers to respond to homeless issues, aggressive panhandling, and mentally ill people. This may include hiring of 10B PD bike patrols and/or a camera system.
- Consider implementation of a new innovative “Live Well, Live Safe” program which deals with behavior among all elements of the district
- Removal or consolidation of news racks throughout the district.
- Advocacy for increased resources to improve traffic management at major intersections throughout the District and to facilitate cross traffic from the Financial District and Jackson Square to the freeways.
- Additional traffic and mobility efforts such as shared or improved parking, possible community valet program, and updated commercial and other special parking zones and curb cuts.

Summary of Civil Sidewalk Special Benefit Services

One of the top priorities for DCBD owners is “enhanced” maintenance efforts. In order to deal with cleaning issues, sidewalk attendants will be providing a multi-dimensional approach that may consist of CBD-identified, uniformed, radio-equipped personnel sweeping litter, debris, and refuse from sidewalks, gutters, and public spaces of the District. Additionally, they may clean all sidewalk hardscape such as trash receptacles, benches, and parking meters.

The sidewalk attendants can remove graffiti using solvent and pressure washing. The District will maintain a zero-tolerance graffiti policy. All tags will aim to be removed within 24 hours of notification.

The *Live Well, Live Safe* program is a new approach to dealing with disorder within the CBD boundaries which will provide services for individually-assessed parcels in the form of patrolling personnel, nighttime patrol, and safety attendants. The purpose of this service is to prevent, deter, and report illegal activities taking place on the streets, sidewalks, storefronts, public spaces, and parking lots. The presence of the attendants is intended to deter illegal activities such as public urination, indecent exposure, trespassing, drinking in public, prostitution, illegal panhandling, illegal vending, and illegal dumping. The employees will act as the “eyes and ears” of the District. They will supplement, not replace, other ongoing police, security, and patrol efforts within the District. The sidewalk attendants will also maintain communication with current private security firms within the boundaries of the CBD as well as with the San Francisco Police Department area patrols and report illegal activities to them.

Summary of CBD Mobility Management Special Benefit Services

The CBD Owners’ Association will seek to hire SFMTA or city authorized traffic control officers at every heavily impacted intersection within the CBD boundaries on all workdays, year-round. These special benefit and supplemental services will ensure the safety of visitors and residents in District properties, and will improve freeway access, which will make the office tenants, residents, retail and restaurants/bars, far more attractive to all stakeholders in the Financial District, parcels south of Market Street and Jackson Square.

Individuals who attempt to leave their office building from the Financial District, Jackson Square and parcels within the boundaries south of Market Street, on weekdays are painfully aware how difficult it is to cross from north to south on Market Street. SFMTA (or its successor agency), traffic control officers, which manually direct traffic at the major intersections on Market Street during huge event days, allow for safe and easy passage on both sides of Market. However, these officers are not present at every intersection in the Financial District, nor are they present every day.

2. DISTRICT IDENTITY AND STREETScape IMPROVEMENTS

Examples of this category of special benefit services may include, but are not limited to:

- Branding of the Financial District, Jackson Square and the Downtown CBD parcels on the south side of Market Street so a positive image is promoted to the public and to new tenants
- Funding website development and updating
- Funding an App development
- Management and coordination of special events
- Hiring a social media company
- Hiring a public relations firm

- Installation of holiday and seasonal decorations
- Creating unique banner programs to tie the district together
- Funding and planning public art displays
- Funding logo development
- Funding public space design and improvements
- Creating programs that fund business attraction workshops and fairs to ensure that all Downtown CBD building owners have a good inventory of prospective tenants to choose from

Summary of the Function of District Identity Special Benefit Services

The Downtown CBD including the Financial District, Jackson Square and the parcels within the boundaries on the south side of Market Street, increasingly need an ongoing funded program to promote the CBD as the most attractive and dynamic location to office and dine in the entire Bay Area. This is the oldest and most established business district with the greatest concentration of significant architecture in California. The problems that currently exist in the Downtown CBD area are resolvable with the right funding and leadership.

The programs and activities listed above will tell the story of the DCBD and create demand by branding this area, reveal its assets as the transportation hub of the Bay Area, and highlight the many opportunities that exist here.

The area currently lacks a website, social media presence, and ongoing public relations. The alleys and streets near some of the more significant architecture in the District can provide excellent venues for outdoor activities.

PROGRAM MANAGEMENT

Examples of this category of special benefit services may include, but are not limited to:

- Staff and administrative costs
- Advocacy for improved traffic management with the SFMTA
- Paying for Directors and Officers as well as General Liability Insurance
- Office related expenses
- Rent expenses
- Financial reporting and accounting expenses
- Legal work related costs
- Relations with other CBDs and the City

CONTINGENCY/CITY AND COUNTY FEES/RESERVE

Examples of these special benefit services and costs include, but are not limited to:

- Delinquencies
- City and County fees
- Reserves

Summary of Program Management and the Reserve

The Downtown CBD District Owners’ Association will be responsible for the day-to-day operations of the district, will advocate on behalf of the management corporation, oversee employees and service providers, employ professional staff and/or consultants, interact with the City and County and the other surrounding CBDs, and utilize best practices in its efforts to improve the overall CBD district as quickly as possible. The Contingency/Reserve will be set aside to ensure that any budget shortfalls are accommodated for year-to-year, and if the collections of assessments is lower than this Report allocates for the Contingency, those surplus funds can be allocated for special projects or in the same percentage of service categories of special benefit services as outlined in this Report.

SECTION C: DISTRICT BOUNDARIES

The DCBD shall include approximately 43 whole and partial blocks in the historic Financial District and Jackson Square north of Market Street as well as a few parcels on the south side of Market Street. The proposed district includes approximately 669 parcels owned by 471 property owners. It encompasses all the commercial parcels, residential condominiums/timeshares and City-owned parcels within the boundaries of the management Report. Specifically, the district boundary is as follows:

- **Eastern Boundary:** From the southwestern parcel of the intersection of Howard Street and the Embarcadero running northward along the west side of the Embarcadero to the parcel at (APN) 3714-019.
- **Southern Boundary:** *Parcels on the south side of Market Street, not included in the Transbay/East Cut CBD, have been included in the Downtown CBD boundaries. This is to prevent any parcels from being excluded from either CBD. The only parcel not included on the south side of Market is the Federal Reserve building because, based upon CBD billing experience in San Francisco, the General Services Agency refuses to pay into the assessment district, and therefore should not receive the special benefits funded from the CBD. The boundaries are therefore as follows:* From the southwestern parcel of the intersection of Howard Street and the Embarcadero, running westward to the parcel at the northeastern corner of the intersection of Howard and Spear Street. Continuing northward along the eastern side of Spear Street to Market Street. Continuing westward on Market Street and running south to mid-block Market to Mission on the west side of Main Street. Continuing along a line which includes all the parcels that border the current East Cut Community Benefit District westward to 2nd Street. Continuing northward along the western side of 2nd Street to Market Street, continuing westward down the middle of Market Street to the parcel at the northeastern parcel at the intersection of Kearny Street and Market Street.

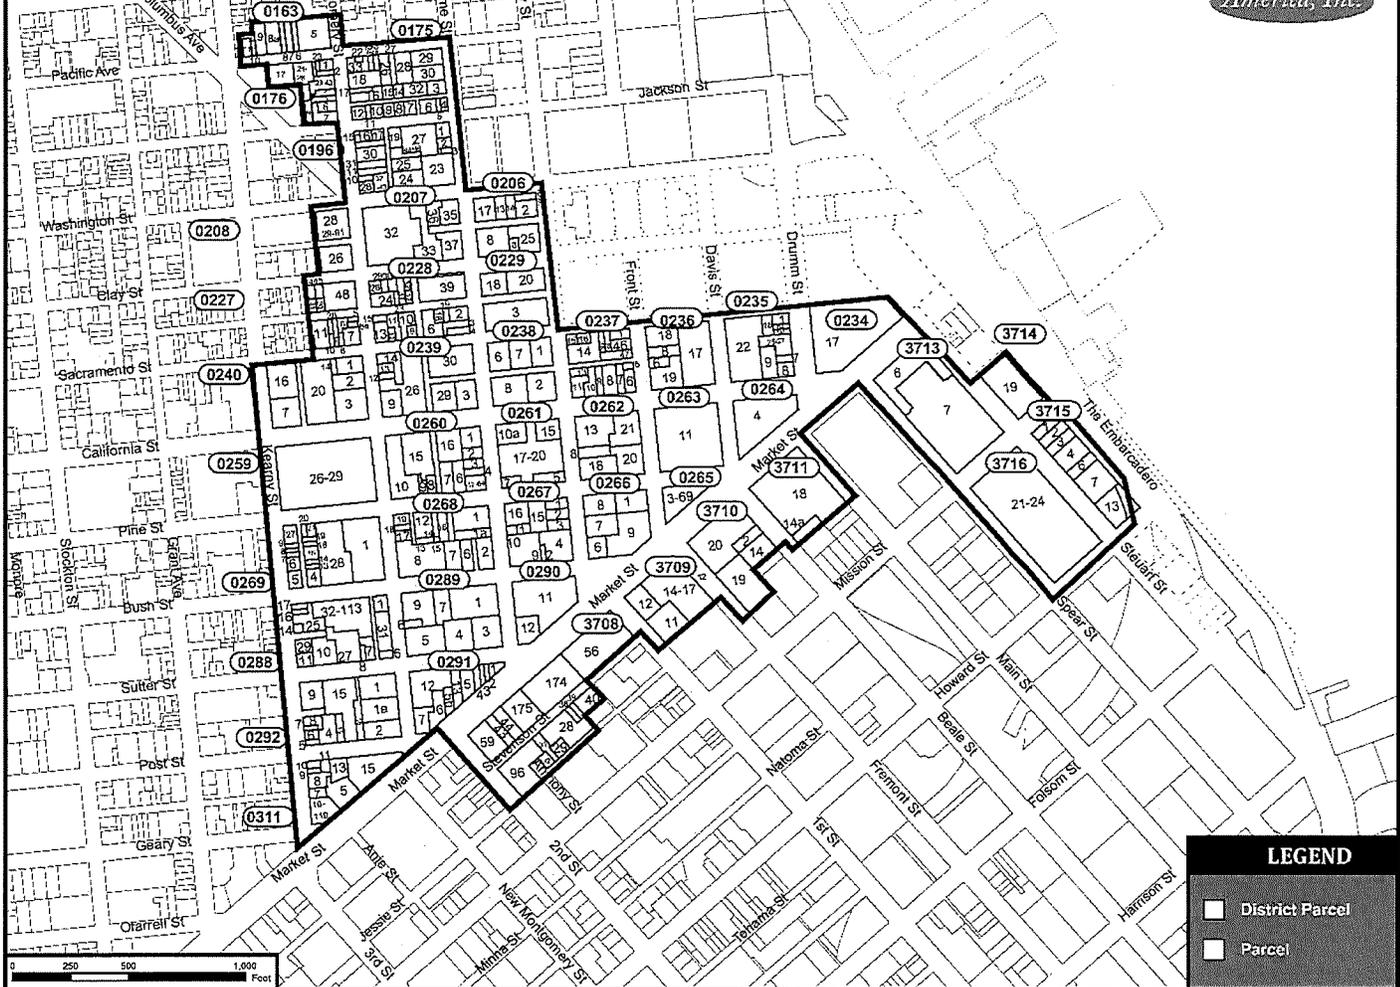

Northern Boundary: From the northern side of the Hyatt hotel at the northeastern parcel at the intersection of Market Street and Drumm Street, running westward along the southern side of Sacramento Street up to the intersection of Sacramento and Battery Street. Then moving northward, up west side of Battery until reaching Washington Street, then heading one block west bound (south side only) to Sansome. Continuing northbound on Sansome (including only the west side of the Street), to the intersection of Sansome and Pacific Avenue. Then heading west bound

on Pacific including only the parcels along the south side of Pacific until the boundaries reach the intersection of Pacific and Montgomery. From that point, the CBD includes parcels on both sides of Pacific Avenue up to the parcels just east of the two parcels at Columbus and Pacific. Those two parcels (0176-016 and 0163-012) have not been included because they are included in a study of the expansion of the current Top of Broadway CBD, and because the 1994 Act prohibits the same parcel from being included in two separate property-based assessment districts.

Western Boundary: From the parcel at the northeastern corner of the intersection of Market Street and Kearny Street, continue northbound along the east side of Kearny Street to the parcel at the southeastern corner of the intersection of Sacramento Street and Kearny Street. Continue eastward to mid-block to the parcel APN 0227 – 011 and run on the west side of that parcel up to mid-block on Clay Street. Include the western side of the parcels APN 0208 -026 – 028, 29-61 to the middle of the intersection of Washington and Montgomery Streets. Continue along the middle of the street of Montgomery Street up to Jackson Street, head west to mid-block and include the parcels on both sides of Pacific Avenue, excluding all parcels fronting along Columbus Avenue as those parcels are anticipated to be included in an expansion of the Top of Broadway CBD.

DOWNTOWN COMMUNITY BENEFIT DISTRICT – ENGINEER’S REPORT

The Downtown CBD Map
January 2018

SECTION D: PROPORTIONAL BENEFITS

Article XIII D Section 4(a) of the State Constitution states that “The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of the public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided.”

Determining the proportionate special benefit among the parcels of real property within the proposed assessment district which benefit from the proposed improvements, services, and activities is the result of a four-step process:

1. Defining the proposed activities,
2. Determining which parcels specially benefit from the proposed activities,
3. Determining the amount of special benefit each parcel receives,
4. Quantifying the amount of general benefit the DCBD activities may provide,
5. Determining the proportional special benefit a parcel receives in relation to the amount of special benefit all other parcels in the DCBD receive.

Each identified parcel within the Downtown CBD will be assessed based upon each parcel’s unique characteristics in relationship to all other specially benefitted parcels’ characteristics. Due to the proportionate special benefits received by each parcel from the DCBD services, each parcel will be assessed a rate which is commensurate with the amount of special benefits received.

Special Benefit Factors

The method used to determine proportional special benefit is measured by each parcel’s building square footage (or lot size, in the case of vacant lots). These factors are used to determine the proportional special benefit that each parcel receives. Building square footage is relevant to the use of a property and is utilized to measure short and mid-term impacts.

Building Square Footage Defined: Building square footage is defined as the gross building square footage as determined by the outside measurements of a building or in the case of a residential condo/time share, the actual building square footage of that specific residential parcel.

Lot size Defined: Lot size is defined as the gross land identified for a parcel on the City and County of San Francisco’s parcel maps. Lot size is only assessed under this Report in when a parcel does not currently have any improvements.

SECTION E: SPECIAL AND GENERAL BENEFITS

State Law, Proposition 218, and judicial opinions require that assessments be levied according to the estimated special benefit each assessed parcel receives from the activities and improvements. Article XIII D Section 4(a) of the California Constitution in part states that “only special benefits are assessable,” which requires that we separate the general benefits, if any, from the special benefits provided by the proposed activities and improvements.

As of January 1, 2015, the State Legislature amended the State Law to clarify and define both special benefit and general benefit as they relate to the improvements and activities these districts provide. Specifically, the amendment (Section 36615.5 of the Streets and Highways Code) defines special benefit as follows: “‘Special benefit’ means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed.”

In addition, the amendment (Section 36609.5 of the Streets and Highways Code) defines general benefit as follows: “‘General benefit’ means, for purposes of a property-based district, any benefit that is not a ‘special benefit’ as defined in Section 36615.5.”

Furthermore, the amendment (Section 36601(h)(2)) states: “Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.”

Analysis of Special Benefits in the Downtown CBD

All special benefits derived from the assessments outlined in this report are for property-related activities that are specifically intended for and directly benefiting each individually-assessed parcel in the Downtown CBD. The special benefit must affect the individual assessable parcel in a way that is particular and distinct from its effect, relative to other non-assessed parcels and that real property in general and the public at large do not share. No parcel’s assessment shall be greater than the reasonable cost of the proportional special benefits it will receive.

The CBD will provide special benefits in the form of:

- Funding cleaner sidewalks, streets and common areas
- Responding to real and perceived public safety improvements
- Greater pedestrian traffic
- Enhanced rental incomes
- Increased voice for District in efforts to improve traffic and parking conditions
- Creating greater demand on property and buildings in the district
- Designing and funding new and improved public spaces within the boundaries of the CBD
- Funding branding and marketing for the buildings in the area
- Facilitating well-managed CBD programs and services

Specifically, the Downtown CBD provides special benefits from each of the activities as defined below.

Civil Sidewalks/Mobility Management:

The enhanced safety activities make the area more attractive for businesses, customers, residents, and ultimately private investment. Once economic investment occurs within the district, pedestrian traffic and commercial activity will increase. The special benefit to assessed parcels from these services includes improved safety, increased lease rates and tenant occupancy due to an increase in commercial activity, and an increase in customers that follow from having a safer environment.

The maintenance and beautification activities specially benefit assessed parcels within the DCBD by providing a clean and aesthetically appealing public right-of-ways. This is achieved through sidewalk sweeping and power washing, litter and graffiti removal, and trash removal. In addition, the beautification activities specially benefit each assessed parcel by providing wayfinding signage, sidewalk seating, holiday décor, planters, etc. These activities create the environment needed to achieve the CBD’s goals.

Enhancing pedestrian and vehicular traffic in the DCBD is one of the key special benefits reflected in the CBD survey of property owners. The CBD steering committee anticipates enhancing mobility within the district, whether it be vehicular, on bicycles, scooters or walking. The District will also work with the City to increase SFMTA traffic control officers to expedite traffic north and south of Market Street and within the boundaries of the CBD. This will improve safety and help make the District more competitive with adjacent business districts. This would be a clear special benefit to commercial office building owners, tenants, and their employees, as well as to the residents and visitors walking and driving through the area.

District Identity

Downtown property owners need a new mechanism to market and promote the District. San Francisco is the world center of social media and a major hub of the technology industry; yet the City’s oldest business district, has no districtwide social media presence. The CBD will fund these efforts giving special benefit to all of the buildings whether office, hotel, residential, institutional, or non-profit uses.

The CBD Downtown area has some of the most attractive buildings, public right-of-ways, and alleys in the entire City. These are opportunities for social gathering places at lunch, breaks, and after work. Other cities, including New York City, Chicago, Houston, Philadelphia, San Diego, Austin, and Denver, have demonstrated that activated public spaces lead to increased rents and higher occupancy rates. Data shows that wherever there are new public spaces developed or activated (Bryant Park and the High Line in NYC Rittenhouse Square in Philadelphia, Millennium Park in Chicago, the Piazza Della Famiglia in San Diego), those public spaces will become gathering places and will be marketed and promoted through social media, public relations and branded with the district logo to create the sense of place. In addition, a website that promotes vacancies in the district will help all property owners and landlords attract new tenants and help tenants attract new employees.

Special Benefit Conclusion

The special benefit to parcels from the proposed DCBD activities and improvements described in this report is proportionate to the total amount of the proposed assessment to each parcel owner.

Analysis of General Benefit in the Downtown CBD

As required by the State Constitution Article XIIID Section 4(a), the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that merely provide general benefits are deducted from the cost assessed on each specially benefitted parcel. General benefits are benefits funded by the DCBD activities and improvements that are not special in nature and are not “particular and distinct”, nor over and above the benefits that other parcels receive. This analysis will evaluate and determine the level of general benefits for (1) parcels inside of the Downtown CBD, (2) parcels outside of the Downtown CBD, and (3) the public at large may receive.

General Benefit to Parcels Inside the Downtown CBD

The DCBD provides funds for activities and improvements that are designed and created to provide special benefits to each parcel within the District. All of the parcels will specially benefit from the cleaner and safer public right-of-ways, increased mobility management, improved district identity, and program management. Thus 100% of the benefits conferred on these parcels are distinct and special in nature and 0% of the DCBD activities provide a general benefit to the parcels in the District boundary.

General Benefit to Parcels Outside of The Downtown CBD

All of the CBD activities and improvements are provided solely to each of the individual assessed parcels in the CBD boundary. Each of the CBD activities is performed in the public right-of-ways (sidewalks) adjacent to all specially benefitted parcels or tenants in the CBD. None of the surrounding parcels outside the District will directly receive any of the CBD activities. Any benefits these surrounding parcels may receive are incidental to providing special benefits to the assessed parcels, and thus any cost associated with the incidental benefits are not reduced from the cost of providing special benefit for those parcels in the district.

General Benefit to the Public-At-Large

In addition to general benefit analysis to the parcels outside of the DCBD boundary, there may be general benefits to the public-at-large, i.e., those people that are either in the CBD boundary and not specially benefitted from the activities, or people outside of the CBD boundary that may benefit from the CBD activities. *In the case of the DCBD, the public-at-large are those people that are within the CBD boundary that do not pay an assessment and do not specially benefit from the CBD activities.*

To calculate the general benefit to the public-at-large, we determine the degree to which each CBD activity budget may benefit the general public. We conclude that program management and contingency do not provide any general benefits, because those services are tailored towards

administering the District for the special benefits of the assessed parcels. Any benefit to the general public from these activities is, at most, incidental to the provision of special benefits.

By contrast, Civil Sidewalks/Mobility Management services do provide some limited general benefits. The civil sidewalks activities provide some general benefits because the general public may appreciate the enhanced level of maintenance and security, as well as well managed public spaces and public art, as they pass through the Downtown CBD. Similarly, efforts with respect to mobility management may result in traffic improvements that will ultimately benefit the assessed parcels as well as the general public, since many people pass through the District without ever contributing to the business activities within the District. These activities may vary from year to year but are expected to provide some level of general benefit. For similar reasons, we also conclude that the District Identity activities may provide some general benefits.

To quantify these general benefits, we first determine a relative benefit factor for the Civil Sidewalks/Mobility Management and District Identity activities. The relative benefit factor is a unit of measure that compares the special benefit that the assessed parcels receive compared to the general benefit that the general public receives. To determine the relative benefit factor for the DCBD, we used previous studies that conducted intercept surveys in San Francisco (Union Square and West Portal), Los Angeles (Historic Downtown, Leimert Park, Arts District, Downtown Industrial, Fashion District and Venice Beach), and San Diego (Little Italy, Downtown San Diego, Barrio Logan).

These surveys indicate the percentage of people within a district who did not live in the area or engage in consumer or business activity. The surveys generally found that on average 2 - 5% of the respondents within the district boundary were not engaging in such activity, and therefore, were not receiving any special benefits. We assigned a relative benefit factor of 0.04 (4%) to reflect the differences between these study areas and the Downtown CBD.

Based on 30 years of assessment engineering practice, it is the opinion of this Assessment Engineer that it is reasonable to conclude that this relative benefit factor properly accounts for the general public in the District that is not specially benefitted. The relative benefit factor is then multiplied by the Downtown CBD activity’s budget to determine the overall general benefit for the Sidewalk Operations, District Identity and Traffic Management activities.

The following table illustrates this calculation based upon the percentage these two special benefit categories represent relative to the overall budget for The Downtown CBD:

Special Benefit Activity	Budgeted Amount - % of the total budget	Relative Benefit Factor	General Benefit Factor (Column 1 x Column 2)
Civil Sidewalks/Mobility Management	\$3,000,000 77.45%	4%	\$ 120,000
District Identity	\$ 200,000 5.16%	4%	\$ 8,000
Total dollar amount of all three services	\$3,200,000	4%	\$ 128,000
Total percentage of the overall budget	82.61%		3.304%

This analysis indicates that \$ 128,000 of the Civil Sidewalks/Mobility Management and District Identity special benefit activities may be attributed to general benefit to the public at-large and must be raised from sources other than special assessments.

Total General Benefits

Using the sum of the three measures of general benefit described above, we find in year one that \$ 128,000 of that year’s budget (4.0% of the two special benefit categories listed above is equal to 3.304% of the total Downtown CBD special assessment budget of \$3,873,491) may be providing general benefits and therefore will need to be funded from sources other than special assessments.

Benefit Zones:

The Downtown CBD intends to ensure each parcel’s special assessment is equitable relative to the special benefits received. In order to accomplish this, two different benefit zones will be formed within the District. DCBD acknowledges two types of land uses: 1) commercial/non-profit, city owned, residential/time share parcel building square footage in the District and 2) empty, undeveloped parcels in the district. The methodology that the Downtown CBD Steering Committee adopted is based upon the following:

Zone 1: All commercial/non-profit/institutional/apartment buildings/city owned buildings and residential/time share parcels in the district will pay at the rate of \$0.10 per square foot for the gross building area to fund all the special benefit services that are delivered to the parcels in the district. The CBD Steering Committee would like to have the same type and frequency of

services delivered throughout the district uniformly, so there are no variations in building square footage costs. Linear frontage will not be assessed since the DCBD is nearly completely built out, with little or no opportunity for redevelopment due to the maximum heights of buildings already in place, or the historical features of the buildings prevent them from being redeveloped. Therefore, the common property variable which will fund the special benefit services will only be building square footage.

Zone 2: There are very few, empty, undeveloped parcels in the proposed Downtown CBD. These undeveloped, empty parcels shall pay \$0.08 in assessments in the CBD. The parcels are assessed on lot size rather than building square footage, and at a rate of \$0.08 rather than \$0.10, to account for the fact that they are undeveloped and therefore deriving approximately 20% less special benefit on a per-foot basis as the occupied parcels.

Exemptions:

No specially benefitting parcels, regardless of taxable or tax-exempt property tax status, will be exempt from the assessments funding the special benefit services of the Downtown CBD. Special benefit services will not be provided to any parcels outside of the boundaries of the district.

SECTION F: PROGRAM, IMPROVEMENT AND ACTIVITY COSTS

The following chart outlines the maximum assessments for the DCBD for calendar year 2020.

EXPENDITURES	BUDGET	% of Budget
Civic Sidewalks/Mobility Management	\$ 3,000,000.14	77.45%
District Identity, Marketing and public space development and management	\$200,000.00	5.16%
Program Management	\$ 550,000.00	14.20%
Contingency	\$ 123,491.00	3.19%
TOTAL ASSESSMENT REVENUES	\$3,873,491.14	100%
Assessment Revenues	\$3,873,491.14	96.80
Other Revenues/General Benefit Contribution	\$128,000.00	3.20%
Total District Revenues	\$ 4,001,491.14	100%

Annual Budget Adjustments:

Many historic buildings in the CBD area are under ordinances that prevent their demolition. There are a handful of vacant lots or parking lots that currently exist in the area. The ratio of building square footage to lot size, an excellent indicator of the build out and maturity of a district, reaches a ratio of over 9 to 1 (building to lot size). This density is nearly unprecedented in the state of California and anywhere else in the United States.

The assessments that fund the special benefits in the proposed CBD are predominantly based upon building square footage. Since the district is nearly fully built out, and there are many historic structures within the Downtown CBD, new growth will be limited, but the area may continue to grow denser within the current building stock, so there must be a mechanism put in place to allow for annual budget increases.

Though it is anticipated that the District Owners’ Association will act in an entrepreneurial manner by seeking grants, donations, and revenues from activities and programs, these additional non-assessment district funds may not be enough to offset the new demand of the Downtown CBD. Therefore, the Management Plan allows for the District Owners’ Association to increase the annual budget by a total amount not to exceed 5% per year. The determination of annual adjustments in assessment rates will be subject to the review and approval of the District Owners’ Association.

Each year, the DCBD will pay for its activities with a combination of assessment and non-assessment funds. The assessments will be proportioned among the parcels based on special benefit via a benefit point system. Such benefit points are based on objective “parcel criteria” which are undeveloped lot size and building square footage. The benefit points assigned to parcels in the district may change over time to reflect changes to the parcel criteria. Each parcel’s assessment will be calculated by multiplying that parcel’s total benefit points by a defined dollar amount.

Assessments for years 2- 15 may increase annually by the amount not to exceed 5% per year with approval of the DCBD Owners’ Association Board of Directors. The Board of Directors will be representative of the property owners themselves in order to ensure that the DCBD is managed properly and is responsive to the property owners’ needs. The provision allowing for the increase is a maximum increase, assuming no change in development status, and will be reviewed and considered annually.

The budgeted amounts for Civil Sidewalks/Mobility Management and District Identity special benefit services may be reallocated between categories from year-to-year based upon the district’s changing needs and budgets developed by the Owners’ Association. The reallocation between these three service categories shall not exceed 10% per year based upon the first year’s budget estimate.

15-Year Projected Assessment Budget

The following table shows the DCBD’s projected annual budget for the 15-year life term, adjusting it by the maximum 5% inflation factor:

YEAR	FISCAL YEAR	MAXIMUM ANNUAL ASSESSMENT
1	FY 2019-2020	\$3,873,491.14
2	FY 2020-2021	\$4,067,165.70
3	FY 2021-2022	\$4,270,523.98
4	FY 2022-2023	\$4,484,050.18
5	FY 2023-2024	\$4,708,252.69
6	FY 2024-2025	\$4,943,665.32
7	FY 2025-2026	\$5,190,848.59
8	FY 2026-2027	\$5,450,391.02
9	FY 2027-2028	\$5,722,910.57
10	FY 2028-2029	\$6,009,056.10
11	FY 2029-2030	\$6,309,508.90
12	FY 2030-2031	\$6,624,984.35
13	FY 2031-2032	\$6,956,233.57
14	FY 2032-2033	\$7,304,04.25
15	FY 2033-2034	\$7,669,247.51

Future Development

The above tables are based on the district’s current development status and do not account for possible increases to assessments due to changes to the parcel characteristics that are used to allocate special benefits (e.g., building square footage). The amount of each parcel’s assessment will depend on the existing assessment rates as well as the specific characteristics of the parcel. Thus, changes to a parcel may result in corresponding revisions to the assessments.

SECTION G: ASSESSMENT METHODOLOGY

As previously discussed in this report, assessments are based on two parcel characteristics: building square footage for developed lots, and lot square footage of undeveloped lots. Based on these characteristics, the database of the Downtown CBD as a whole is as follows:

Property Variable	Total in District	Revenue Generated by Zone
Building Sq. Ft. (Zone 1)	38,679,073 sq. ft.	\$ 3,867,907.30
Lot size (Zone 2) (undeveloped empty parcels only)	69,798 sq. ft.	\$ 5,584.84

Calculation of Assessments

Based on the activities provided, approximately 99.86% or \$3,867,907.30 of the total special assessments are allocated from Zone 1 or the developed building square footage in the district, Zone 2 generates \$5,584.84, or around .14%..

Assessments Rates, Quantities and Assessment Revenue By Benefit Zone

Property Variable	Annual Cost per property variable and Zone	Total in District	Revenue Generated by Zone
Building Sq. Ft. (Zone 1)	\$0.10 per sq. ft.	38,679,073 sq. ft.	\$3,867,907.30
Lot Sq. Ft. (Zone 2)	\$0.08 per sq. ft.	69,798 sq. ft.	\$5,583.84

Budget Adjustment

Assessments for years 2- 15 may increase annually by the amount not to exceed 5% per year with approval of the DCBD Owners’ Association Board of Directors. Individual assessments may also increase over time if changes to the parcels result in the parcels being assigned additional benefit points.

Sample Parcel Assessment:

Zone 1 parcel: \$0.10 x the actual gross building square footage = Annual CBD assessment (\$0.10 x 230,000 sq. feet = \$23,000.00 per year); *actual residential condominiums/time share building square footage = Annual CBD assessment (\$0.10 x 1,000 of building square feet = \$100.00 per year);*

Zone 2 parcel \$0.08 x the actual lot size of the empty, undeveloped parcel

Note: Upon a building receiving a certificate of completion, a parcel will no longer be considered empty or undeveloped and will henceforth be assessed as part of Benefit Zone 1.

Current City Services

The Board of Supervisors, by adopting the Management District Plan, will confirm its intention to ensure a baseline level of general benefit services in the district. Assessment funds will pay for special benefit services that are above and beyond those services provided by the City.

Assessment of City and Public Parcels within the City CBD

Proposition 218 states that *no parcel is exempt from assessments if that parcel receives special benefit from the improvements and activities.* This includes government and public use parcels owned by the City. The public parcels that exist in the District will all specially benefit from the Downtown CBD activities to make the District cleaner, safer, more attractive, and economically vibrant. Specifically, these parcels specially benefit from: graffiti removal, regular sidewalk and gutter sweeping, enhanced trash removal, patrolling of their sidewalks by sidewalk attendants, connecting the homeless to available resources, power washing the sidewalks and public spaces, beautifying the public rights-of-way, and increased business attraction and development.

Public parcels subject to assessment will have their building square footage assessed to fund the special benefit services, similar to other Benefit Zone 1 parcels. Please see Section 6: “Assessment Methodology of the Downtown Community Benefit District” for further discussion.

The publicly-owned parcels within the Downtown CBD boundary and their respective assessments are indicated in the table below.

APN	Legal Owner	Site Street	Assessment	Percent of Total
0206 017	CITY & COUNTY OF SAN FRANCISCO	532 SANSOME ST	\$ 1,500.00	0.0387%
3708 031	CITY & COUNTY OF SAN FRANCISCO		\$ 4,464.00	0.1199%
Total			\$ 5,964.00	0.1586%

Budget Adjustment

Assessments for years 2- 15 may increase annually by the amount not to exceed 5% per year with approval of the DCBD Owners’ Association Board of Directors. Individual assessments may also increase over time if changes to the parcels result in the parcels being assigned additional benefit points.

Time and Manner for Collecting Assessments

As provided by state law, the DCBD assessment will appear as a separate line item on the property owners’ annual property tax bills, or by a special manual bill prepared by the District and either paid in one lump sum or in two equal installments. Laws for enforcement and collection of property taxes also apply to the DCBD assessment.

Disestablishment

State law provides for an annual 30-day window for the property owners to petition to disestablish a district, starting each year on the anniversary of when District was first established. If the property owners who pay more than 50 percent of the assessments submit a written petition for disestablishment within the annual 30-day window, the Board of Supervisors shall adopt a resolution of intention to disestablish the district, notify the property owners, and hold a public hearing before voting on whether or not to disestablish the district. In addition, the Board of Supervisors may disestablish a district at any time by supermajority vote of no fewer than eight members.

Duration

The DCBD shall have a 15-year term commencing January 1st, 2020. The district shall sunset on December 31st, 2034. Any major modifications, or new or increased assessments, during the term of the district that are not consistent with the provisions of original Management District Plan will require a new mail ballot process.

Bond Issuance

No bonds will be issued to finance improvements.

MEMORANDUM

Date: April 9th, 2019

To: City of San Francisco, c/o Mr. Chris Corgas MOEWD

From: Marco Li Mandri, President - New City America, Inc.

This memo shall serve as the findings from the review of petitions attributable to the proposed formation of the Financial District/Jackson Square or "Downtown" Community Benefit District ("District"). The District includes 669 parcels for a total assessment of \$3,873,491.14. New City America, Inc. has reviewed 121 parcel petitions related to the proposed renewal of the District in the amount of \$1,169,272.30 representing 30.19% of the District assessment were executed in favor of the proposed renewal of the District.

Description	Number of Parcels	Assessment Amount	% of Total Assessment
Petitions in favor of District Formation	113	\$1,169,272.30	30.19%
Petitions opposed to District Formation	8	\$299,822.50	7.74%
Total Executed Petitions	121	\$1,469,549.80	37.93%

Therefore, we have met the required threshold for the "Downtown" or Financial District/Jackson Square CBD to trigger the balloting process. We hope to have this balloting completed by the end of July 2019.

Please get back to me should you have any questions. Thanks Chris

AFFIDAVIT of Identification (Property Owner)

I, _____, the undersigned, declare that I am authorized to cast a ballot for the following parcel identified as: _____, as either (1) the sole owner or agent, or (2) co-owner or agent to payment of the assessment which will be levied for the proposed Property and Business Improvement District to be known as the "Downtown Community Benefit District."

I declare under penalty of perjury under the laws of the State of California that this declaration made this ____ the day of _____, 20 __, in the City and County of San Francisco, is true and correct.

Signature Property Owner/Co-Property Owner/Authorized Agent

Print Name Business Owner/Co-Owner/Authorized Agent

Ballot on Assessment for the establishment of the property-based business improvement district known as the "Downtown Community Benefit District"

«Barcode»

Assessor's Parcel Number: _____ Address of Parcel: _____

Property Owner's Name: _____

Property Owner's Address: _____

Proposed Assessment for this Parcel Beginning 2019-2020 Fiscal Year: _____ of Total: \$ _____

Proposed Range or Inflation Adjustment Formula: The City will calculate each parcel's assessment using a formula based on the following parcel characteristics: building square footage or lot square footage. The assessment may be updated if the parcel characteristics change. In addition, assessments may also increase in an amount not to increase 5% from year to year.

Instructions for Completing and Delivering this Ballot

*To express your view on the proposed assessment and the proposed range or inflation adjustment, check above the line before the word "YES" or "NO" below, then sign and date the ballot.

_____ Yes, I approve the proposed annual assessment described above on the parcel identified in this ballot, and I understand that my assessment could be subject to the inflation adjustment formula described above.

_____ No, I do not approve the proposed annual assessment, on the parcel identified in this ballot, nor the inflation adjustment formula described above.

I hereby declare by penalty of perjury that I am a record owner or authorized agent for the record owner of the parcel listed above.

Signature of Owner of Record, or Authorized Agent _____ Date

Print Name of Owner or Authorized Agent: If Agent of Owner, State Authorization

***After completing your ballot, please mail to:**
Director
Department of Elections
P.O. Box _____
San Francisco, CA 94142-2189

To hand deliver, please use the following address:
Director
Department of Elections
City Hall
1 Dr. Carlton B. Goodlett Place, Room 48
San Francisco, CA 94102

Ballots may also be delivered to the Director at the Public Hearing prior to the close of public testimony.

*Ballots may be sent or delivered to the Director at any time, but MUST be received in the mail not later than 12 P.M. (noontime) on the day of the public hearing or in person before the conclusion of the public testimony portion of the public hearing on the proposed assessment and assessment range. That hearing is set for 3:00 p.m. on July 16, 2019. Ballots received after that time will only be counted if the Board elects to continue public comment until a later date.

 Department of Elections
 City and County of San Francisco

SUBJECT: Notice of Public Hearing and Assessment Ballot Proceeding to consider establishment of the property-based special assessment district, to be known as the "Downtown Community Benefit District"

The purpose of this notice is to provide you with information about an assessment ballot proceeding and public hearing being conducted by the Board of Supervisors, and its effect on real property that you own. This notice is being sent to you in accordance with Resolution No. ____ - ____, passed by the Board of Supervisors (a copy of which is enclosed), California Government Code Section 53753, and California Constitution Article XIID Section 4(c).

Please be advised of the following:

- The Board of Supervisors will hold a public hearing on the proposed assessment at 3:00 p.m. on July 16th, 2019 or as soon thereafter as the matter may be heard, in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. At this hearing, the Board will hear testimony regarding the proposed assessment. The reason for the assessment is to fund the property-based business improvement district (community benefit district) to be known as the "Downtown Community Benefit District". The annual assessments would last for 15 years (July 1, 2019 – June 30, 2034) the services, activities, and improvements will be implemented through December 31, 2034. The boundaries of Downtown Community Benefit District are described in the enclosed Resolution passed by the Board of Supervisors.
- The Downtown Community Benefit District will fund the following services, activities, and improvements:
 - 1) Civil Sidewalks/Mobility Management
 - 2) District Identity and Streetscape Improvements
 - 3) Program Management
 - 4) Contingency/City and County Fees/Reserve
- Examples of services, activities, and improvements to be funded under the budget category "Civil Sidewalks/Mobility Management" include: sidewalk and gutter sweeping, sidewalk steam cleaning, removing trash overflow, graffiti removal, tree and

vegetation maintenance, public space maintenance and set up, addressing quality of life issues through implementing a “Live Well, Live Safe” program, advocating to increase resources to improve traffic management at major intersections, facilitating cross traffic from the Financial District and Jackson Square to the freeways, possible community vale program, and updated commercial and other special parking zones and curb cuts.

- Examples of services, activities, and improvements to be funded under the budget category “District Identity and Streetscape Improvements” include: branding of the Financial District, Jackson Square and the Downtown CBD parcels on the south side of Market Street, funding website development and updates, funding App development, management and coordination of special events, hiring a social media company, hiring a public relations firm, installation of holiday and seasonal decorations, creating unique banner programs to tie the district together, funding and planning public art displays, funding logo development, funding public space design and improvements, creating programs that fund business attraction workshops and fairs.
- Examples of services, activities, and improvements to be funded under the budget category “Program Management” include: staff and administrative costs, advocacy for improved traffic management with SFMTA, playing for Directors and Officers as well as General Liability Insurance, office related expenses, rent expenses, financial reporting and accounting expenses, legal work related costs, relations with other CBDs and the City.
- Examples of services, activities, and improvements to be funded under the budget category “Contingency/City and County Fees/Reserve include: delinquencies, City and County Fees, and reserves.
- The proposed fiscal year 2019-2020 assessment for your parcel is «Voter_Proportional». The duration of the assessment district is 15 ½ years, the authority to levy assessments on your property would be fifteen (15) years (July 1, 2019 – June 30, 2034) with services to be implemented January 1, 2020 through December 31, 2034. The Downtown Community Benefit District assessment will appear as a separate line item on the property tax bill. The final assessment would be collected on your property tax bill for fiscal year 2033-2034. The City will directly bill any Assessor’s Parcels which do not regularly receive a property tax bill from the City. The amount of the annual assessment for years 2 through 15 would be subject to annual adjustment by an amount not to 5%. The amount of your assessment could also be reduced in a subsequent fiscal year if the amount collected during the prior fiscal year exceeded the costs incurred of providing authorized services in the district. In such a case, your assessment for the subsequent year would be reduced by the share of the excess funds collected that is allocable to your property.

The maximum amount chargeable to the entire assessment district would be a maximum of \$3,873,491.14 in the first year. The maximum amount assessed to the entire assessment district over the life of the district (*assuming the maximum annual adjustment of 5% in years 2 through 15*) would be a maximum of \$7,669,247.51. The maximum amount assessed to the entire assessment district for each of the fifteen fiscal years is set forth in the following table.

TOTAL MAXIMUM AMOUNT OF ASSESSMENTS ON ALL PARCELS INCLUDED IN
THE PROPOSED DISTRICT FOR EACH FISCAL YEAR, ASSUMING MAXIMUM
ANNUAL CPI INCREASE OF 5% IN YEARS 2 THROUGH 15 ONLY

YEAR	FISCAL YEAR	MAXIMUM ANNUAL ASSESSMENT
1	FY 2019-2020	\$3,873,491.14
2	FY 2020-2021	\$4,067,165.70
3	FY 2021-2022	\$4,270,523.98
4	FY 2022-2023	\$4,484,050.18
5	FY 2023-2024	\$4,708,252.69
6	FY 2024-2025	\$4,943,665.32
7	FY 2025-2026	\$5,190,848.59
8	FY 2026-2027	\$5,450,391.02
9	FY 2027-2028	\$5,722,910.57
10	FY 2028-2029	\$6,009,056.10
11	FY 2029-2030	\$6,309,508.90
12	FY 2030-2031	\$6,624,984.35
13	FY 2031-2032	\$6,956,233.57
14	FY 2032-2033	\$7,304,04.25
15	FY 2033-2034	\$7,669,247.51

(1) The total maximum amount assessed to property owners within the Downtown CBD each Fiscal Year.

The first year annual assessment rate for each parcel is calculated at:

- **Building Square Footage (Zone 1):** \$0.10 per square foot for all commercial/non-profit/institutional/apartment buildings/city owned buildings and residential/time share parcels
- **Lot Square Footage (Zone 2):** \$0.08 per square foot for empty lots or undeveloped parcels

In accordance with Section 67.7-1 of the San Francisco Administrative Code, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made a part of the official public record in this matter, and shall be brought to the attention of the Board of Supervisors. Written comments should be addressed to Angela Calvillo, Clerk of the Board, San Francisco Board of Supervisors, Room 244, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102.

ASSESSMENT BALLOT PROCEDURES

Enclosed with this notice, you will find an assessment ballot. Please follow the directions on the assessment ballot to express your view on the proposed assessment. The following is a summary of the procedures governing the return and tabulation of ballots. More detailed information concerning the ballot procedures is set forth in the enclosed "Procedures for the Completion, Return and Tabulation of Ballots," which is also available on the City's website at www.sfelections.org.

1. You may mail or deliver your ballot to the Director of Elections at the Post Office Box location shown on the ballot, or submit the ballot in person at the Department of Elections, located at City Hall Room 48.
2. Ballots may be sent or delivered to the Director of Elections at any time, but **MUST** be received by the Director of Elections not later than the conclusion of the public input portion of the public hearing on July 16, 2019 in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102, scheduled to commence at 3 p.m. or as soon thereafter as the matter may be heard. Depending on the nature and extent of public testimony, the public input portion of the hearing may not be concluded on that date, but may instead be continued to a later date. At any time prior to the conclusion of the public input portion of the hearing, you may withdraw your ballot and submit a new or changed ballot in place of the ballot previously submitted. If the public input portion of the hearing is continued to a later date, the deadline for submission of ballots will likewise be extended until the close of public input on that date.
3. The Director of Elections will pick up mailed ballots at 12 o'clock noon from the designated Department of Elections Post Office box on the date scheduled for the public hearing. To ensure that mailed ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing, mailed ballots must be received by the Director of Elections by 12 o'clock noon on July 16, 2019. Mailed ballots

received after 12 o'clock noon on the date scheduled for the public hearing will only be counted if the public input portion of the hearing is continued to a later date and the ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing.

4. Only ballots with original signatures - not photocopies of signatures - will be accepted.
5. The Director of Elections will not accept or tabulate a ballot:
 - which is a photocopy without an original signature;
 - which is unsigned;
 - which lacks an identifiable "yes" or "no" vote; or
 - which appears to have been tampered with based upon its appearance or method of delivery.
6. The assessment ballot shall be treated as a disclosable public record during and after the tabulation of the assessment ballots.
7. At the conclusion of the public input portion of the public hearing, the Director of Elections will tabulate the ballots, including those received during the public input portion of the public hearing. If the number of ballots received at the hearing is such that it is not feasible to accurately tabulate the ballots that day, the Board of Supervisors may continue the meeting to a later date for the purpose of obtaining the final tabulation.
8. The Board of Supervisors will not impose the assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. Ballots shall be weighted according to the proposed financial obligation of the affected property.

Should you have any questions, please call or write to: Mr. Cuong Quach, Department of Elections, Room 48, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. Telephone: (415) 554-4342.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT

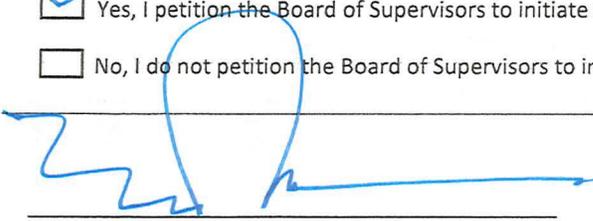

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

8. Indemnification

- a) Agency agrees to exercise its best judgment in the preparation and placing of all advertising and publicity for Clients with a view to avoiding any claims, proceedings or suits being made or instituted against Agency or Client. It is mutually agreed, however, that Client will indemnify and defend Agency against any loss Agency may incur as the result of any claim, suit, or proceedings made or brought against Agency based on any advertising or publicity which Agency prepared for Client based on information provided by Client, and which Client approved prior to publication or broadcast. Client will indemnify and defend Agency against any loss Agency may incur as a result of any such claim, suit or proceeding made or brought against Agency based upon (i) information Client provides Agency and which Client approves in writing before its publication (or broadcast) unless due to Agency's negligence; and (ii) any advertising element which is furnished by Client to Agency and which allegedly violates the personal or property rights of any other party. If any action or proceeding is brought against Agency by reason of any such claims, Client, upon notice from Agency shall defend such action or proceeding at Client's sole cost by counsel reasonably satisfactory to Agency. The foregoing indemnity shall be a payment obligation and not merely a reimbursement obligation, it being understood that Client and Agency have a "contrary intention" with respect to the provisions of paragraph 2 of Section 2778 of the California Civil Code

9. Damages for Hiring Agency Employees

- a) Client agrees that during the term of this Agreement or for twelve (12) months thereafter, Client is prohibited from directly or indirectly retaining the services (whether as an employee, independent contractor or otherwise) of any employee of the Agency (or ex-employee within twelve months of the employee's termination from the Agency) who has provided services to Client on behalf of Agency.

10. General Provisions

- a) The Agency will devote its best efforts to furthering the Client's interests and to making the Client's programs successful. The Client will aid the Agency in doing so by making available to the Agency all needed information and materials pertaining to the Client's products and services and by cooperating with the Agency as necessary.
- b) The Agency can't and will not be held accountable for any claims made by the client.
- c) Entire Agreement. This Agreement supersedes any and all other agreements, either oral or in writing between the parties hereto with respect to the terms and conditions of this Agreement, and contains all of the covenants and agreements between the parties with respect to same. Each party to this Agreement acknowledges that no representation, inducements, promises, or agreements, orally or otherwise, have been made by any party, or anyone acting on behalf of any party, which are not embodied herein, and that no other agreement, statement, or promise not contained in this Agreement shall be valid or binding on either party, except that any other written agreement dated concurrent with or after this Agreement shall be valid as between the signing parties thereto.
- d) No Waiver. The failure of either party to insist on strict compliance with any of the terms, covenants or conditions of this Agreement by the other party shall not be deemed a waiver of that term, covenant or condition, nor shall any waiver or relinquishment of any right or power at any one time or times be deemed a waiver or relinquishment of that right or power for all or any other times under this Agreement.
- e) Severability. If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

5. Confidential Information

- a) Agency recognizes that it may be necessary for Agency to receive Confidential or Proprietary Information with regard to this Agreement. This Confidential and Proprietary Information has been compiled by the Client at great expense and over a great amount of time. The Confidential and Proprietary Information is the sole and exclusive property of the Client. In performing the services under this Agreement, Agency may be provided or may otherwise come into the possession of proprietary information, customer databases, customer leads, customer information, product and service information, and other confidential information regarding the business and services of Client (hereinafter, the "Confidential Information") all of which are valuable to Client or are required by law or good business practices to be held confidential. Agency agrees to receive, hold and treat all Confidential Information received from Client as confidential and secret and agrees to use its best efforts to protect the confidentiality and secrecy of such Confidential Information. Agency agrees to only divulge Confidential Information to its employees/contractors who are required to have such knowledge in connection with the performance of their obligations under this Agreement, and Agency shall not disclose, directly or indirectly, any Confidential Information whatsoever, including without limitation, for its own benefit or any third party's benefit. Confidential Information does not include information which (i) was or becomes generally available to the public, (ii) was or becomes available on a non-confidential basis, provided that the source of such information was not bound by a confidentiality agreement in respect thereof, (iii) was within Agency's possession prior to being furnished by or on behalf of Client, provided that the source of such information was not bound by a confidentiality agreement in respect thereof, or (iv) the information is a duplication of materials that Agency already possesses.
- b) Upon termination of this Agreement, Agency shall return all copies of Confidential Information, return all original documents and publicity materials within five (5) days after this Agreement terminates.

6. Independent Agency

- a) It is the intention that the Agency shall have independent contractor status and not be an employee for any purpose, including, but not limited to, the application of the Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the California State Revenue and Taxation Code relating to withholding at the source of income, Workers' Compensation Insurance, 401K plans, and other benefit payments and their liability claims. Agency shall retain sole and absolute discretion in the manner and means of carrying out its activities and responsibilities under this Agreement. This Agreement shall not be considered or construed to be a partnership or joint venture, and the Client shall not be liable for any obligations incurred by Agency unless specifically authorized in writing.

7. Proprietary Information

- a) Client shall have sole and exclusive ownership of all right, title and interest in and to Client's Proprietary Information and Materials, including any derivative works thereof, including ownership of all copyrights, trademarks, service marks, patents, and trade secrets pertaining thereto (collectively, the "Proprietary Information"). Agency may use Client's Confidential and Proprietary Information and Materials, subject only to the rights and privileges expressly granted by Client. Copyrights or trademarks to all content prepared by the Agency for the benefit of Client shall be vested in Client, except where previous copyrights or trademarks may exist in purchased or licensed material.

**PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

Timing of Collection

The County places the initial BID assessment on the tax bill in January. Therefore, any property owner who did not pay his assessment to the City's Division of Licenses and Assessment will be assessed on his property tax bill in January. However, the City needs to file its information with the County in September of the previous year in order for the assessment to make the next January bill. This timing is critical, because if the City cannot submit the information to the County by September, the assessment will not be assessed on the tax bill until January of two succeeding calendar years.

The assessment billing cycle should be designed to allow unpaid assessments to be referred to the County by September of each year. Ideally, bills would be issued by the City no later than mid-August to allow adequate time for the unpaid assessments to be filed by September.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"Downtown Community Benefit District"** (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").

2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.

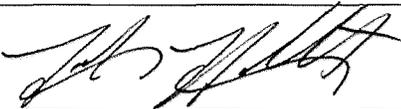

3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").

4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

Alum Rock Park, founded in 1872, is California's oldest municipal park.

There were 3,863 housing units at an average density of 3,207.3 per square mile (1,238.4/km²), of which 2,393 (64.9%) were owner-occupied, and 1,293 (35.1%) were occupied by renters. The homeowner vacancy rate was 1.8%; the rental vacancy rate was 3.2%. 9,541 people (61.4% of the population) lived in owner-occupied housing units and 5,823 people (37.5%) lived in rental housing units.

2000

As of the census^[9] of 2000, there were 13,479 people, 3,345 households, and 2,736 families residing in the CDP. The population density was 12,044.7 people per square mile (4,646.7/km²). There were 3,411 housing units at an average density of 3,048.0/sq mi (1,175.9/km²). The racial makeup of the CDP was 44.14% White, 2.23% African American, 1.71% Native American, 8.70% Asian, 0.39% Pacific Islander, 36.89% from other races, and 5.94% from two or more races. Hispanic or Latino of any race were 66.99% of the population.

Alum Rock Chapel.

There were 3,345 households out of which 44.5% had children under the age of 18 living with them, 57.4% were married couples living together, 16.2% had a female householder with no husband present, and 18.2% were non-families. 13.0% of all households were made up of individuals and 6.2% had someone living alone who was 65 years of age or older. The average household size was 3.98 and the average family size was 4.17.

In the CDP, the population was spread out with 30.6% under the age of 18, 10.7% from 18 to 24, 32.5% from 25 to 44, 17.2% from 45 to 64, and 9.1% who were 65 years of age or older. The median age was 30 years. For every 100 females there were 105.0 males. For every 100 females age 18 and over, there were 103.0 males.

The median income for a household in the CDP was \$54,567, and the median income for a family was \$53,872. Males had a median income of \$31,485 versus \$28,154 for females. The per capita income for the CDP was \$15,359. About 8.2% of families and 10.9% of the population were below the poverty line, including 9.6% of those under age 18 and 11.8% of those age 65 or over.

Government

In the California State Legislature, Alum Rock is in the 15th Senate District, represented by Democrat Jim Beall, and in the 27th Assembly District, represented by Democrat Ash Kalra.^[10]

In the United States House of Representatives, Alum Rock is in California's 19th congressional district, represented by Democrat Zoe Lofgren.^[11]

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").

2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.

3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").

4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. “Property and Business Improvement District Law of 1994” as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 “Business Improvement District Procedure Code”).
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOWNTOWN COMMUNITY BENEFIT DISTRICT

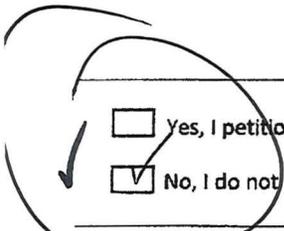

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Downtown Community Benefit District" (hereafter "Downtown CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Downtown CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2018 – June 30, 2033). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2033), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to establish the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District.
