MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

The San Francisco Public Utilities Commission’s (SFPUC) Power Enterprise is responsible for the generation, procurement, and delivery of power to electric customers of the City, including CleanPowerSF customers, City departments and other public entities, entities providing service on behalf of or in coordination with tenants on City property (i.e., at the Port and Airport), and the Hunters Point Shipyard and other redevelopment projects.

The California Independent System Operator (CAISO)¹ controls and operates the transporting of electric power over California’s electric transmission system. State and Federal regulations govern payments made to the CAISO. The SFPUC does not meet the CAISO requirement for a “scheduling coordinator,” an entity that is allowed to complete power transactions on the CAISO network and is able to make payments to CAISO for power transactions, so SFPUC has contracted for these services.²

In July 2021, SFPUC issued a Request for Proposals (RFP) to award a scheduling coordinator contract. APX, Inc., which had been SFPUC’s existing provider, was the only proposer and met the minimum qualifications specified in the RFP. In March 2022, the Board of Supervisors approved a power scheduling coordination services agreement with APX for a term of five years, from June 2022 through May 2027, and an amount not to exceed \$134,742,800 (File 22-0074).³

According to Sunita Jones, SFPUC Energy Scheduling and Settlements Manager, wholesale energy market prices have increased faster than expected due to supply chain delays, Russia’s invasion of Ukraine, hot weather, and drought conditions impacting hydroelectric energy outputs. According to a January 24, 2023 staff presentation to the SFPUC Commission, forward prices for electricity have increased 200 percent, on average, between June 2021 and December 2022.

¹ CAISO is a nonprofit public benefit corporation that is regulated by the Federal Energy Regulatory Commission (FERC) to manage the flow of electricity across the high-voltage long-distance power lines that make up 80% of California’s power grid. CAISO is responsible for ensuring that there is sufficient, safe, reliable, and equal access to power transmission lines and facilitating competitive wholesale power markets to diversify resources and lower prices.

² According to Section 4.5.3 of the January 2022 CAISO Tariff, the duties of a scheduling coordinator include paying fees to CAISO, submitting qualified bids and interchange schedules for power, coordinating and modifying demand for power at the direction of CAISO, tracking and settling trades, and assuming financial responsibility for all requested transactions. According to Jeremy Spitz, SFPUC Local and Regional Policy and Government Affairs Manager, the primary obstacles to SFPUC achieving scheduling coordinator status are the lack of a real-time operations desk for SFPUC’s energy portfolios and the inability to consistently make timely payments under CAISO’s challenging deadlines.

³ The resolution in File 22-0074 anticipated a start date in April 2022. However, the final contract was not executed by SFPUC until June 1, 2022. Under the terms of the RFP, the total contract term may be extended up to eight years.

These prices include escalation in the cost of electricity generation for the reasons noted above and transmission cost increases, which are approved by the CAISO and Federal Energy Regulatory Commission (FERC).

The rising costs have impacted passthrough payments APX makes to the CAISO on behalf of SFPUC, which pays for the increasing cost of electricity generation and transmission. As a result, the Power Enterprise’s wholesale electricity purchase and sales have exceeded their original projections in FY 2022-23 by \$95.2 million, as shown in Exhibit 1 below.

Exhibit 1: Power Enterprise Electricity Purchases and Sales

	Budget FY FY 2022-23	Projected FY 2022-23	Change
CleanPower Power Purchases	\$251.1	\$284.3	\$33.2
Hetch Hetchy Wholesale Power Sales	18.3	65.0	46.7
Hetch Hetchy Power Purchases	76.7	92.0	15.3
Total	\$346.1	\$441.3	\$95.2

In January 2023, SFPUC executed Amendment No. 1 to the contract, increasing the not-to-exceed amount by \$125,000,000, for a total not to exceed \$259,742,800. Amendment No. 1 did not require Board of Supervisors approval because of the delegated authority provided to SFPUC under Administrative Code Section 21.43 for power contracts with annual expenditures less than \$150 million per year (File 22-0652).⁴

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve Amendment No. 2 to the power scheduling coordination services agreement between SFPUC and APX, increasing the not-to-exceed amount by \$636,000,000, for a total not to exceed \$895,742,800, with no change to the contract term. Other key terms of the contract would not change.

The scope of work under the agreement would not change and includes: (1) submitting day-ahead and real-time interchange schedules and bids to CAISO; (2) managing communications between CAISO and SFPUC schedulers and operators; (3) managing CAISO settlements⁵ and processing payments of CAISO charges; (4) managing CAISO and California Public Utilities Commission (CPUC) Resource Adequacy⁶ requirements; (5) managing access to CAISO systems for meter, outage, settlement, scheduling, and bid/award data; and (6) submitting Settlement Quality Meter Data (SQMD) to CAISO on behalf of SFPUC. Optional services, to be provided at the

⁴ The ordinance providing delegated authority on power contracts was not in effect when the initial APX contract was approved.

⁵ According to Energy Scheduling and Settlements Manager Jones, the settlement process includes calculating the amount owed to CAISO, billing, and invoicing processes.

⁶ State law requires all electric service providers, including CleanPowerSF, to maintain certain quantities of Resource Adequacy (RA) capacity to ensure sufficient electric generation resources are available on the grid to meet unusually high levels of customer demand.

request or SFPUC, include market analyses, energy trading, development of revenue strategies, and training of SFPUC staff.

The proposed contract not-to-exceed amount of \$895,742,800 is approximately a 565 percent increase above the original not-to-exceed amount of \$134,742,800 over the same five-year term. CAISO charges are non-negotiable and certain charges are only posted one day in advance. CAISO charges include the cost of electricity, fees to access the grid, and transmission fees.⁷ According to Energy Scheduling and Settlements Manager Jones, SFPUC was unable to anticipate this increase because CAISO rates had been relatively steady and predictable in past years.

FISCAL IMPACT

The proposed Amendment No. 2 would increase the not-to-exceed amount of the APX contract by \$636,000,000, from \$259,742,800 to \$895,742,800, as shown below in Exhibit 2. The entire increase is to pay for additional pass-through charges related to the cost of electricity generation and transmission.

	Pass-Through	APX Labor	Total
Original	\$130,500,000	\$4,242,800	\$134,742,800
Amendment 1	255,500,000	4,242,800	259,742,800
Amendment 2 (proposed)	891,500,000	4,242,800	895,742,800

Projected annual contract expenditures are shown in Exhibit 3 below. Actual spending on the contract between June 2022 and January 2023 totals \$139 million.

Exhibit 3: Projected Annual Contract Expenditures

Year	CleanPowerSF	Hetch Hetchy Power	Total
Year 1 (6/2022-5/2023)	\$156,000,000	\$49,000,000	\$205,000,000
Year 2 (6/2023-5/2024)	143,000,000	57,000,000	200,000,000
Year 3 (6/2024-5/2025)	91,000,000	64,000,000	155,000,000
Year 4 (6/2025-5/2026)	93,000,000	78,000,000	171,000,000
Year 5 (6/2026-5/2027)	79,000,000	85,000,000	164,000,000
Total	\$562,000,000	\$334,000,000	\$896,000,000

Source: SFPUC. Totals may not add due to rounding.

SFPUC consulted trade industry projections to update the contract's projected spending. The projected expenditures of \$896 million includes approximately \$4.2 million in payments to APX for services provided. The remaining \$892 million are passthrough payments to CAISO. In

⁷ According to SFPUC, the CAISO Energy Cost code settles day-ahead schedules of market participants by paying for supply and charging for demand based on the locational marginal price at the resource locations for each hour. The Grid Management Charge (GMC) is assessed to wholesale market customers to recover CAISO costs. The Transmission Access Charge (TAC) is assessed on behalf of the Participating Transmission Owner (i.e., PG&E, Southern California Edison, etc.) to parties who require access to the CAISO grid.

comparison, SFPUC had originally projected annual passthrough expenditures of \$26.1 million (\$130.5 million of the original pass-through amount divided by the five-year contract term). Energy Scheduling and Settlements Manager Jones notes that SFPUC may receive refunds from collateral payments if actual CAISO costs are less than anticipated.⁸ For example, CleanPowerSF received a refund of approximately \$13 million in September 2022 from its \$17.4 million collateral payment. However, refunds are not deducted from contract spending authority.

Power Enterprise Rates

According to Energy Scheduling and Settlements Manager Jones, high CAISO charges and energy market volatility will likely contribute to power rate increases. The SFPUC FY 2023-24 – FY 2032-33 10-Year Financial Plan anticipates 14 percent increases to Hetch Hetchy Power retail rates and 15 percent increases to CleanPowerSF generation charges⁹ in FY 2023-24. A year ago, Hetch Hetchy Power retail rates were projected to increase by 8.4 percent in FY 2023-24. Similarly, a year ago, CleanPowerSF generation charges were projected to not increase in FY 2023-24. Over the next 10 years, SFPUC anticipates average annual increases of 6 percent to Hetch Hetchy Power retail rates and 1.1 percent to CleanPowerSF generation charges. PUC Financial Planning staff anticipate that even with the rate increases, the typical customer bills will remain lower for Hetch Hetchy and CleanPower customers than if they were PG&E customers.

To enhance transparency and oversight, the Budget and Legislative Analyst also recommends requesting SFPUC to provide quarterly reports to the Board of Supervisors with actual CAISO charges compared with projections and remaining contract expenditure authority through FY 2023-24.

RECOMMENDATIONS

1. Amend the proposed resolution to request quarterly reports from SFPUC showing actual CAISO charges compared with projections and remaining contract expenditure authority through FY 2023-24.
2. Approve the resolution as amended.

⁸ Collateral is a payment required by CAISO to cover the cost of high bills.

⁹ CleanPowerSF generation charges account for approximately one third of customer bills. The remaining amount is for PG&E delivery charges and fees.

Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor’s authorized subcontractors) to perform the Services. Contractor will comply with City’s reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City’s request, must be supervised by Contractor. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 City’s execution of this Agreement constitutes its approval of the subcontractors listed in Appendix B, Calculation of Charges. 4.4.1 Independent Contractor. For the purposes of this Section 4.4, “Contractor” shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor’s performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor’s work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement.

Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this Section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this Section.

The City's approval of any such Assignment is subject to the Contractor demonstrating to City's reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise, of performing each of Contractor's obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Contractor or a sale or transfer of substantially all of the assets of Contractor shall be deemed an Assignment for purposes of this Agreement. Contractor shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

4.6 Warranty. Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at

the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

(c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

(d) Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (i) – (v) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

Article 6 Liability of the Parties

Article 7 Payment of Taxes

Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 **Possessory Interest Taxes.** Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code Section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 **Withholding.** Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations

Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default ("Event of Default") under this Agreement:

(a) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

3.5	Submitting False Claims.	10.10	Alcohol and Drug-Free Workplace

2 Background

2.1 San Francisco Public Utilities Commission

The SFPUC is the City department that provides retail drinking water and wastewater services to San Francisco, wholesale water to three (3) Bay Area counties, and green hydroelectric and solar power to San Francisco's municipal operations.

The mission of the SFPUC is to:

- Serve San Francisco and its Bay Area customers with reliable, high quality, and affordable water, while maximizing benefits from power operations and responsibly managing the resources entrusted to its care;
- Protect public health, public safety, and the environment by providing reliable and efficient collection, treatment, and disposal of San Francisco's wastewater;
- Conduct its business affairs in a manner that promotes efficiency, minimizes waste, and ensures rate payer confidence; and
- Promote diversity and the health, safety, and professional development of its employees.

The SFPUC is comprised of three (3) separate enterprises: Water, Wastewater, and Power. The Water Enterprise is responsible for managing the transmission, treatment, storage, and distribution of potable water to San Francisco's wholesale and retail customers. The Wastewater Enterprise is responsible for managing the collection, treatment, and disposal of San Francisco's wastewater. The Power Enterprise is responsible for managing retail power sales, transmission and power scheduling, energy efficiency programs, street lighting services, utilities planning for redevelopment projects, energy resource planning efforts, and various other energy services.

With regard to the SFPUC Divisions, External Affairs provides Communications and Outreach services, Business Services oversees all financial and accounting matters for the entire SFPUC, and Infrastructure delivers capital improvement programs.

2.2 Reserved (SFPUC Policies)

2.3 SFPUC Power Enterprise

The SFPUC Power Enterprise (AA-/AA long-term bond ratings from Fitch/Standard and Poor's) is a municipal electrical utility servicing approximately 3,500 customer accounts with an annual load of approximately 1,000 gigawatt-hours (GWh). The SFPUC owns and manages the Hetch Hetchy Water and Power (HHP) resource located in the Sierra Nevada mountain range. HHP generation is delivered over HHP transmission facilities to SFPUC wholesale and retail customers.

Most SFPUC loads are in the Greater Bay Area and are served using Pacific Gas & Electric (PG&E) transmission and distribution facilities.

2.4 SFPUC Power Projects

The Hetch Hetchy hydro project has a 406 MW nameplate rating. Typically, it generates up to 360 MW in the spring during peak hours, and in other months, the SFPUC uses it to follow the City's municipal load and Airport Tenant load (~150 MW peak). The SFPUC also has a contract with a 4.5 MW solar project located within San Francisco. The SFPUC buys and sells with third parties to balance its short/long positions and ensure compliance with regulatory requirements.

The SFPUC also manages and administers CleanPowerSF, San Francisco's Community Choice Aggregation program, and its energy portfolio. CleanPowerSF is a partnership between the City and County of San Francisco and PG&E to supply San Francisco electricity customers with affordable and cleaner energy. The City launched CleanPowerSF in May 2016 with the following goals: to provide (1) affordable and reliable electricity services to San Francisco residents and businesses, (2) cleaner energy alternatives advancing the City's Greenhouse Gas reduction goals; (3) investment in local renewable energy projects and jobs; and (4) long-term rate and financial stability. As a program of the Power Enterprise, CleanPowerSF is under the direct administrative oversight of its Assistant General Manager for Power, who in turn reports to the SFPUC General Manager. The program is funded solely by CleanPowerSF ratepayers and does not rely on funding from the Power Enterprise, SFPUC, or the City.

CleanPowerSF serves approximately 380,000 retail customer accounts with an annual energy requirement of approximately 3,000 GWh and peak demand of approximately 500 MW. The program has maintained a participation rate of more than 96% and has attracted more than 7,000 upgrades to its 100% Renewable Portfolio Standards (RPS)-eligible renewable SuperGreen product. CleanPowerSF's supply portfolio is comprised of numerous third-party energy contracts of varying tenor: long-term Power Purchase Agreements (PPAs), mid-term, and short-term transactions. These contracts include Inter-SC Trades (IST) within the CAISO, as-available and dispatchable renewable and energy storage contracts with projects located in the CAISO, and renewable energy carbon-free energy purchases from in-state and out-of-state resources indexed to a CAISO hub.

Although the SFPUC manages and administers both the HHP and CleanPowerSF energy portfolios, the programs service separate retail load and operate as two lines of businesses, maintaining separate financial and accounting records. HHP and CleanPowerSF are separate component units on the Hetch Hetchy Water and Power financial statement.

The SFPUC currently conducts its power operations and services in accordance with multiple agreements and Tariffs, including a CAISO Operating Agreement, the Wholesale Distribution Tariff, and a Scheduling Coordination Agreement with APX Power Markets, Inc. (APX). The APX agreement expires in June 2022 and the SFPUC is currently engaged in a comprehensive strategic

initiative to determine and secure the resources and services required to ensure its economical and uninterrupted operations.

All Proposals must provide 2021 billing rates. The Consultant will only be allowed to escalate its 2021 billing rates based on the annual percentage change of the Consumer Price Index (CPI) for the San Francisco Bay Area for Urban Wage Earners and Clerical Workers.

Based on the information provided in the OPS, SFPUC will calculate an Effective Overhead and Profit Rate (EOPR, or "Average Multiplier") by dividing the Total Actual Labor Cost by the Total Base Labor Cost. The EOPR will be a weighted average of the rates proposed for each firm listed as part of the Proposer's team. **The EOPR may not exceed 3.20. The maximum billing rate is \$220/hour.**

Any Proposer that does not completely fill out the OPS provided in this RFP and/or does not comply with the maximum allowed EOPR will not receive any points for the OPS portion of the proposal evaluation. Furthermore, it is within sole discretion of the SFPUC to reject any proposal that does not comply with the OPS requirements.

All costs to manage and administer the services under the Agreement must be included in each firm's OPR, or "multiplier." Only individuals who are assigned to the proposal or have been approved by the SFPUC Construction Manager to be added to the Agreement, and are performing tasks directly related to the Agreement, will be allowed to charge their time on the approved task orders.

B. Individual Contractor

An Individual Contractor for purposes of the OPS is an individual staff team member proposed by Proposer who is compensated by Proposer under an hourly contract pay rate instead of an hourly base payroll labor rate. An Individual Contractor must be listed as a separate line item in the OPS. The Individual Contractor's name, entity, and hourly pay rate shall be listed, and the hourly pay rate extended to a billing rate with a 1.00 Overhead and Profit Rate pass-through. The Individual Contractor's hourly pay rate must be verifiable by an executed written contract with the Proposer. Markup on an Individual Contractor is limited to 5% of the Individual Contractor's proposed billed cost. The Proposer's markup for an Individual Contractor must be captured in the subconsultant markup box at the bottom of the OPS.

Provision of Individual Contractors for proposed services under the Agreement shall not exceed 3% of the Proposal Total Actual Labor Cost. If Proposer's Individual Contractor is later replaced or substituted after the Contract is executed, the billing rate of any new Individual Contractor must not exceed the billing rate proposed in the OPS for the position. If the Individual Contractor is replaced or substituted with a Prime or Subconsultant employee at an hourly payroll rate, the firm Overhead and Profit Rate applied to the replacement individual's hourly payroll rate must not exceed the Proposal EOPR.

C. Rates and Markups

The Proposer's billing rates and EOPR provided in the OPS will be non-negotiable during the Agreement award process and for the duration of the Agreement. The EOPR will apply to the billing rate of all subconsulting firms not listed in the OPS. If a new subconsulting firm is added during the duration of the Agreement, the new individual firm Overhead and Profit Rate can be no more than the Proposal Effective Overhead and Profit Rate. The EOPR will also apply to all amendments to the Agreement.

SFPUC may require the Proposer to provide certified payroll records documenting the actual salaries of all individuals who will be added to the Project (i.e., individuals not listed in the OPS). The City will only approve project staff substitutions when that change in personnel is requested by the City and/or beyond the control of the Proposer. The City expects individuals listed in the OPS, and for whom résumés and qualifications have been submitted as part of the proposal, to be provided to the project team.

The Proposer shall provide the markup on Subconsultant labor costs as a separate line item in the OPS. Markups are limited to 5% of Subconsultants' actual labor costs. Markups on ODCs or materials for either the Proposer or its Subconsultants are not allowable.

Hourly billing rates shall be the actual hourly base salary rate of each employee utilized for the work multiplied by the firm's proposed overhead rate (including salary burden and fringe benefits) and proposed profit rate. Each firm's proposed OPR, or "multiplier," shall apply to all

proposed staff and substituted, new, or added staff for the duration of the contract and shall include all miscellaneous and incidental costs of work other than those as specifically defined below as direct reimbursable expenses.

D. Other Direct Costs

Direct reimbursable expenses (ODCs) shall include actual direct costs (with no markup) of expenses directly incurred in performing the work. **All ODCs are subject to pre-approval in writing by the SFPUC Manager.**

The following items will be eligible for reimbursement as ODCs:

- Task-specific out-of-town travel as requested by SFPUC (“out-of-town” shall mean outside the nine Bay Area counties: San Francisco, Alameda, Marin, Santa Clara, Sonoma, Contra Costa, Napa, San Mateo, and Solano). Out-of-town travel must be non-routine.
 - Rental vehicle: traveler must select the most economical contractor and type of vehicle available and acquire any commercial rate or government discount available when the vehicle is rented.
 - Personal vehicle use: SFPUC will pay Consultant on a per mile basis as established by the United State Internal Revenue Service and only for that portion of travel that is outside the nine Bay Area counties and non-routine. Should the travel begin or end on a normal workday, the Consultant must subtract commuting mileage from total mileage to calculate reimbursable mileage. The Consultant must submit to the City an approved mileage log and expense report with its monthly invoices.
 - Project vehicle rental/lease cost, gasoline, tolls and parking. The Consultant must request the project vehicle and receive pre-authorization by the SFPUC staff. The SFPUC will only reimburse the business portion of the vehicle use. Vehicle mileage log and expense report are required for consideration of reimbursement. Since auto insurance is already part of the contract, SFPUC will not reimburse any additional insurance costs. Commuting to Moccasin from Contractor’s temporary home is not eligible for reimbursement.
- Specialty printing (“specialty” as used herein shall mean large volume printing and color printing and requires prior written approval by SFPUC project staff and documentation of the written approval by the SFPUC must be included with the invoice);
- Task related permit fees; and
- Expedited courier services when requested by SFPUC staff and task-specific Safety equipment.

Anything not listed above is not eligible for reimbursement and therefore should be included in the Proposer’s EOPR if compensation for these expenses is desired. They include, but are not limited to:

- All other travel expenses such as parking, bridge tolls, public transit, vehicle mileage within the nine Bay Area Counties, and travel from Consultant’s home office to SFPUC facilities not requested by SFPUC;
- Non-routine travel from Contractor’s home office to SFPUC facilities or to Moccasin;
- Contractor staff relocation costs;
- Any labor charges or pass-throughs including, but not limited to, administrative and clerical staff time;
- Telephone calls and faxes originating in the firm’s home office, standard computer use charges, computer hardware or software (other than the specialty hardware or software mentioned above), communication devices, and electronic equipment;
- All meals, including refreshments and working lunches with SFPUC staff;
- Equipment to be used by SFPUC staff;
- Ergonomic office equipment; and
- Postage and courier services that are not requested by SFPUC staff.

5.2.8 CMD Local Business Enterprise Forms

All proposals submitted must include the completed CMD Local Business Enterprise (LBE) Forms (CMD Attachment 2). Attach the completed CMD LBE Forms included in Appendix C: Form 2A, , Form 3, Form 4, and Form 5.

5.2.9 Additional Attachments: City Requirements Forms

All proposals submitted must include the following:

- 1) CMD/12B & 12C Form: Attach the completed CMD Form 12B-101 included in Appendix D. See RFP Section 10.3 for more information.
- 2) Other Required City Forms: Attach the completed Minimum Compensation Ordinance (MCO) Declaration, Health Care Accountability Ordinance (HCAO) Declaration, and First Source Hiring Program (FSHP) Agreement included in Appendices E, F, and G, respectively. See RFP Sections 10.4, 10.5, and 10.6 for more information.
- 3) Chapter 12X Certification, included in Appendix H.
- 4) Release of Liability Form included in Appendix I.

6 Evaluation and Selection Criteria

This section describes the process for analyzing and evaluating the Proposals. SFPUC and CMD staff first perform an Initial Screening process as described in Section 6.1. Proposals that pass the Initial Screening process will proceed to the Evaluation Process described in Section 6.2.

6.1 Initial Review

SFPUC and CMD staff will review each proposal for initial determinations on responsiveness. Elements reviewed will include, without limitation: proposal completeness, compliance with format requirements, compliance with minimum qualification requirements, verifiable references, compliance with LBE requirements, and responsiveness to the material terms and conditions of the Agreement (Appendix A, Professional Services Agreement (P-600)).

SFPUC will not score Proposals during the Initial Review. Initial review will provide a pass/fail determination as to whether a proposal meets the threshold requirements described above. SFPUC will deem non-responsive any proposal that fails to meet these requirements. SFPUC will not include any Proposal deemed non-responsive in the Evaluation Process described in Section 6.2 below. The City reserves the right to request clarification from Proposers prior to rejecting a proposal for failure to meet the Initial Review requirements. SFPUC will limit clarifications to exchanges between the City and a Proposer for the purpose of clarifying certain aspects of the Proposal, and will not provide a Proposer the opportunity to revise or modify its Proposal.

6.2 Overall Evaluation Process

The evaluation process will consist of the below phases with the following allocation of points:

Technical Written Proposal	900
Overhead and Profit Schedule	100
TOTAL	1000

The maximum total score for the evaluation process will be one thousand (1000) points.

The Selection Panels, including the Technical Panel and the Community Benefits Panel, will be comprised of individuals who are knowledgeable on the subject matter, and may include staff from the SFPUC, other City agencies, and/or other utilities or organizations. SFPUC/City will not include staff closely involved with the preparation of this RFP and the development of the scope of services on the Selection Panel.

6.2.1 Written Proposal Evaluation

The Written Proposal Evaluation consists of separate evaluations of both the Technical Written Proposal and the Community Benefits Submittal. SFPUC will total the scores for the Technical Written Proposal and the Community Benefits Submittal.

The assigned CMD Contract Compliance Officer will assess proposal compliance with LBE requirements and assign a rating bonus to the written proposal score, if applicable.

SFPUC will tabulate the written proposal scores, or CMD-adjusted written proposal scores (if applicable), and rank the Proposers starting with the Proposer receiving the highest score, then continuing with the Proposer receiving the second highest score, and so on.

6.2.1.1 Technical Written Proposal

The Technical Panel will evaluate and score written proposals using the following point scale:

EVALUATION CRITERIA	RFP SECTION(S)	POINTS
Proposer Format and Organization (Including Cover Letter and Executive Summary)	5.2.2, 5.2.3	50
Qualifications Summary	5.2.4	200
Task Description	5.2.5	350
Work Approach	5.2.6	300
Total Points:		900

6.2.2 Overhead and Profit Schedule Evaluation

SFPUC will score Proposals based on their proposed Effective Overhead and Profit Rate (EOPR, or “average multiplier”) for this Project.

SFPUC may reject the data provided in the and exclude it from the score tabulation if SFPUC finds it to be inconsistent with any of the information provided in the Proposal. For example, classification of team members presented in the Work Approach must be consistent with classification of team members listed in the OPS.

SFPUC will allocate up to **100** points for the Overhead and Profit based on the following table:

Effective Overhead and Profit Rate (EOPR, or “Average Multiplier”)	Point(s)
---	----------

< or equal to 2.50	100
2.51 - 2.60	90
2.61 - 2.70	80
2.71 - 2.80	70
2.81 - 2.90	60
2.91 – 3.00	50
3.01 - 3.10	40
3.11 - 3.20	30
> 3.20 *	0

* The maximum allowable Effective Overhead and Profit Rate is **3.20**.

The CMD Contract Compliance Officer will assign a rating bonus to the combined OPS score, if applicable. SFPUC will tabulate the OPS Scores, or CMD-adjusted Fee Schedule scores (if applicable).

6.3 Final Scoring

The SFPUC will tabulate written proposal, and OPS scores and then rank Proposers, starting with the Proposer receiving the highest total score, then continuing with the Proposer receiving the second highest total score, and so on. SFPUC will identify the Proposer with the highest total score as the highest-ranked Proposer eligible to proceed with the award of an Agreement.

7 Award of an Agreement

7.1 Agreement Preparation

The SFPUC General Manager will make a recommendation to the SFPUC Commissioners, subject to approval by the San Francisco Board of Supervisors pursuant to City Charter Section 9.118, to award an Agreement to the highest-ranked Proposer.

Failure by the Proposer to obtain compliance with City requirements and execute an Agreement within two (2) weeks of the date of the Board of Supervisors' approval of the Commission's authorization to execute the Agreement may result in the General Manager's executing an Agreement with the next highest ranked Proposer. The SFPUC, at its sole discretion, may select another Proposer and may proceed against the original Consultant for damages.

SFPUC will issue a Notice of Contract Award (NCA) after the selected consultant obtains all necessary City approvals, submits required documents, executes the Agreement, and the Controller certifies the Agreement.

7.2 Standard Agreement Language

By submitting a proposal, Proposers acknowledge that they have read, understand, and agree, if selected, to enter into the City's Agreement as set forth in Appendix A, without changes to its terms and conditions. SFPUC will not negotiate the terms of the Agreement, including the overhead and profit rate and billing rates listed in the submitted OPS. By submitting its proposal, Proposer agrees to the terms of the Agreement and agrees not to propose negotiation of any of its terms.

7.3 Agreement Administration

SFPUC may direct Consultant to perform contract services in phases. The SFPUC will determine the work to be conducted under each phase and authorize the start of each phase in accordance with the overall agreed upon project schedule.

The City strictly prohibits the Consultant from commencing performance of work under the Agreement until the SFPUC issues a written Notice to Proceed (NTP). The City shall not be liable for payment for any work performed by the Consultant prior to the City's issuance of an NTP.

In accordance with San Francisco Administrative Code Chapter 6, no proposal is accepted and no contract in excess of \$110,000 is awarded by the City until such time as the SFPUC General Manager recommends the contract award and the Commission then adopts a resolution awarding the contract.

8 Terms and Conditions

8.1 Errors and Omissions in RFP

Proposers are responsible for reviewing all portions of this RFP, including all appendices. Proposers are to promptly notify the SFPUC, in writing, upon discovery of any ambiguity, discrepancy, omission, or other error in the RFP. Modifications and clarifications will be made by addenda as specified in Section 8.3 of this RFP. The City is not obligated to issue addenda in response to any request submitted after ~~deadline to submit questions~~.

8.2 Inquiries Regarding RFP

All requests for information concerning the RFP, whether submitted before or after the pre-submittal conference, must be in writing and submitted via the [SFBid website](#). Substantive replies will be memorialized in written addenda to be made part of this RFP. All addenda will be posted on the [SFBid website](#). This RFP will only be governed by information provided through written addenda. With the exception of CMD or City contracting inquiries, no questions or requests for interpretation will be accepted after 8/6/2021.

If any new and/or substantive information is provided in response to questions raised at the pre-submittal conference, it will be memorialized in a written addendum to this RFP and posted on the [SFBid website](#).

For questions concerning CMD certification requirements for equal benefits, Proposers should refer to the CMD website at <http://www.sfgov.org/cmd>.

Direct all inquiries regarding business tax registration procedures to the Tax Collector's Office at (415) 554-4400.

8.3 Interpretation and Addenda/Change Notices

Any interpretation of, or change in, the RFP will be made by addendum and shall become a part of the RFP and of any Agreement awarded. Change Notices in the form of Addenda will be posted on the [SFBid website](#).

The SFPUC will make reasonable efforts to post in a timely manner any modifications to the RFP on the [SFBid website](#). Notwithstanding this provision, the Proposer shall be responsible for ensuring that its proposal reflects any and all addenda posted by the SFPUC prior to the proposal due date regardless of when the proposal is submitted. Therefore, the City recommends that the Proposer check the SFBid website before submitting its proposal to determine if the Proposer has read all posted addenda. The SFPUC will not be responsible for any other explanation or interpretation.

8.4 Objections to RFP Terms

Should a prospective Proposer object on any ground to any provision or legal requirement set forth in the RFP (including all Appendices and all Addenda), including but not limited to Objections based on allegations that: (i) the RFP is unlawful in whole or in part; (ii) one or more of the requirements of the RFP is onerous, unfair or unclear; (iii) the structure of the RFP does not provide a correct or optimal process for the solicitation of the Services; (iv) the RFP contains one or more ambiguity, conflict, discrepancy or other error; or (v) the RFP unnecessarily precludes alternative solutions to the Services or project at issue, the prospective Proposer must provide timely written notice of Objection as set forth below.

a) An Objection must be in writing and must be received by the City no later than 5:00 p.m. on the 10th working date prior to the deadline for proposal submittal (as that deadline may be adjusted by Addenda). If an Objection is mailed, the prospective Bidder bears the risk of non-delivery within the required time period. Objections should be transmitted by a means that will objectively establish the date of receipt by the City. Objections or notices of Objections delivered orally (e.g., by telephone) will not be considered.

b) Objections must be delivered to:

San Francisco Public Utilities Commission

Contract Administration Bureau

RE: **PUC.PRO.0152 Power Scheduling Coordination and Related Support Services**

525 Golden Gate Avenue, 8th Floor

San Francisco, CA 94102

c) The Objection shall state the basis for the Objection, refer to the specific requirement or portion of the RFP at issue, and shall describe the modification to the RFP sought by the prospective Proposer. The Objection shall also include the name, address, telephone number, and email address of the person representing the prospective Proposer.

d) The City, at its discretion, may make a determination regarding an Objection without requesting further documents or information from the prospective Proposer who submitted the Objection. Accordingly, the initial Objection must include all grounds of objection and all supporting documentation or evidence reasonably available to the prospective Proposer at the time the Objection is submitted. If the prospective Proposer later raises new grounds or evidence that were not included in the initial Objection, but which could have been raised at that time, then the City may not consider such new grounds or new evidence.

e) Upon receipt of a timely and proper Objection, the City will review the Objection and conduct an investigation as it deems appropriate. As part of its investigation, the City may consider information provided by sources other than prospective Proposer. At the completion of its investigation, the City will provide a written determination to the prospective Proposer

who submitted the Objection. If required, the City may extend the proposal submittal deadline to allow sufficient time to review and investigate the Objection, and issue Addenda to incorporate any necessary changes to the RFP.

f) Objections not received within the time and manner specified will not be considered. A Proposer's failure to provide the City with a written Objection as specified above on or before the deadline specified above shall constitute a complete and irrevocable waiver of the ground(s) of objection and forfeiture of the Proposer's right to raise such ground(s) of objection later in the procurement process, in a Government Code Claim, or in other legal proceedings.

g) A Proposer may not rely on an Objection submitted by another Proposer, but must timely pursue its own Objection.

8.5 Reserved (Signature Requirements)

8.6 Term of Proposal

By submitting a proposal for consideration, the Proposer agrees that: (1) the proposed services and prices constitute an offer that is irrevocable for 120 calendar days from the proposal due date, and that the City may accept the offer at any time after submission through the end of the 120th calendar day following the deadline for submission of proposals; and (2) the quoted prices are genuine and not the result of collusion or any other anti-competitive activity.

8.7 Revision of Proposal

Notwithstanding the forgoing, a Proposer may withdraw or revise a proposal on the Proposer's own initiative at any time before the deadline for submission of proposals. The Proposer must submit the revised proposal in the same manner as the original proposal. A revised proposal must be received on or before the proposal due date.

In no case will a statement of intent to submit a revised proposal or the commencement of a revision process extend the proposal due date for any Proposer.

A Proposer may withdraw his/her Proposal prior to the proposal submission time by following prompts on the SFBid website. Once withdrawn, a Proposer may submit a revised proposal through SFBid ahead of the proposal deadline.

At any time during the proposal evaluation process, the SFPUC may require a Proposer to provide oral or written clarification of its proposal. The SFPUC reserves the right to make an award without receiving or accepting any clarifications of proposals received.

8.8 Errors and Omissions in Proposal

Failure by the SFPUC to object to an error, omission, or deviation in the proposal will in no way modify the RFP or excuse the Proposer from full compliance with the specifications of the RFP or any Agreement awarded pursuant to the RFP.

8.9 Financial Responsibility

The SFPUC accepts no financial responsibility for any costs incurred by a Proposer in either responding to this RFP, participating in oral presentations, or negotiating an Agreement with the SFPUC. The proposals in response to the RFP will become the property of the SFPUC and may be used by the SFPUC in any way it deems appropriate.

8.10 Proposer's Obligations Under the Campaign Reform Ordinance

Proposers must comply with Section 1.126 of the San Francisco Campaign and Governmental Code, which states:

No person who contracts with the City and County of San Francisco for the rendition of personal services, for the furnishing of any material, supplies or equipment to the City, or for selling any land or building to the City, whenever such transaction would require approval by a City elective officer, or the board on which that City elective officer serves, shall make any contribution to such an officer, or candidates for such an office, or committee controlled by such officer or candidate at any time between commencement of negotiations for such contract until (1) the termination of negotiations for such contract; or (2) three months have elapsed from the date the contract is approved by the City elective officer, or the board on which that City elective officer serves.

If a Proposer is negotiating for a contract that must be approved by an elected local officer or the board on which that officer serves, during the negotiation period the Proposer is prohibited from making contributions to:

- The officer's re-election campaign;
- A candidate for that officer's office; and
- A committee controlled by the officer or candidate.

The negotiation period begins with the first point of contact, either by telephone, in person, or in writing, when a Proposer approaches any City officer or employee about a particular contract, or a City officer or employee initiates communication with a potential Proposer about a contract. The negotiation period ends when a contract is awarded or not awarded to the Proposer. Examples of initial contacts include: (i) a vendor contacts a City officer or employee to promote himself or herself as a candidate for a contract; and (ii) a City officer or employee contacts a Proposer to propose that the Proposer apply for a contract. Inquiries for information

about a particular contract, requests for documents relating to a RFP, and requests to be placed on a mailing list do not constitute negotiations.

Violation of Section 1.126 may result in the following criminal, civil, or administrative penalties:

1. Criminal: Any person who knowingly or willfully violates Section 1.126 is subject to a fine of up to \$5,000 and a jail term of not more than six months, or both.
2. Civil: Any person who intentionally or negligently violates Section 1.126 may be held liable in a civil action brought by the civil prosecutor for an amount up to \$5,000.
3. Administrative: Any person who intentionally or negligently violates section 1.126 may be held liable in an administrative proceeding before the Ethics Commission held pursuant to the Charter for an amount up to \$5,000 for each violation.

For further information, Proposers should contact the San Francisco Ethics Commission at (415) 581-2300.

8.11 Sunshine Ordinance

In accordance with San Francisco Administrative Code Section 67.24(e), Proposers' bids, responses to RFP's and all other records of communications between the City and persons or firms seeking contracts shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person's or entity's net worth or other proprietary financial data submitted for qualification for a contract or other benefits until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

8.12 Public Access to Meetings and Records

If a Proposer is a non-profit entity that receives a cumulative total per year of at least \$250,000 in City-funds or City-administered funds and is a non-profit organization as defined in Chapter 12L of the San Francisco Administrative Code, the Proposer must comply with Chapter 12L. The Proposer must include in its proposal: (1) a statement describing its efforts to comply with the Chapter 12L provisions regarding public access to Proposer's meetings and records, and (2) a summary of all complaints concerning the Proposer's compliance with Chapter 12L that were filed with the City in the last two years and deemed by the City to be substantiated. The summary shall also describe the disposition of each complaint. If no such complaints were filed, the Proposer shall include a statement to that effect. Failure to comply with the reporting requirements of Chapter 12L or material misrepresentation in Proposer's Chapter 12L submissions shall be grounds for rejection of the proposal and/or termination of any subsequent Agreement reached on the basis of the proposal.

8.13 Reservations of Rights by the City

The issuance of this RFP does not constitute an agreement by the City that any contract will actually be entered into by the City. The City expressly reserves the right at any time to:

1. Waive or correct any defect or informality in any response, proposal, or proposal procedure;
2. Reject any or all proposals;
3. Reissue an RFP;
4. Prior to submission deadline for proposals, modify all or any portion of the selection procedures, including deadlines for accepting responses, the specifications or requirements for any materials, equipment or services to be provided under this RFP, or the requirements for contents or format of the proposals;
5. Procure any materials, equipment or services specified in this RFP by any other means;
or
6. Determine that no project will be pursued.

8.14 No Waiver

No waiver by the City of any provision of this RFP shall be implied from any failure by the City to recognize or take action on account of any failure by a Proposer to observe any provision of this RFP.

9 Contract Monitoring Division (CMD) Requirements

9.1 Chapter 14B Local Business Enterprise Subconsulting Participation Requirements and Good Faith Outreach Requirements

The requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the “LBE Ordinance”) shall apply to this RFP.

9.1.1 LBE Subconsulting Participation Requirements

The LBE subconsulting participation requirement for this Project is **waived**.

9.1.2 LBE Prime/JV Participation

Micro LBE, Small-LBE, SBA-LBE Rating Bonus

Micro LBE, Small-LBE, SBA-LBE Rating Bonus

Pursuant to Chapter 14B.7, rating bonuses will be applied at each phase of the selection process under this RFP as the anticipated Agreement is in excess of \$400,000 and less than or equal to \$10,000,000.

Rating Bonus Application for SF Small- and Micro-LBEs

- a) A 10% rating bonus to a Small- or Micro-LBE firm; or a JV exclusively among Small and/or Micro-LBE firms;
- b) A 7.5% rating bonus to a JV where participation by a Small- and/or Micro-LBE firm equals or exceeds 40%;
- c) A 5% rating bonus to a JV where participation by a Small- and/or Micro-LBE firm equals or exceeds 35% (but is less than 40%).

Rating Bonus Application for SBA-LBEs

- a) Pursuant to Section 14B.7(E), a 5% rating bonus will be applied to any proposal from an SBA-LBE, except that the 5% rating bonus will not be applied at any stage if it will adversely affect a SF Small- or Micro-LBE proposer or a JV with LBE participation.
- b) SBA-LBEs are not eligible for the rating bonus when joint venturing with a non-LBE firm. However, if the SBA-LBE joint ventures with a Small- or Micro-LBE, then the joint venture will be entitled to the joint venture rating bonus only to the extent of the Small- or Micro-LBE participation described above.

If applying for a rating bonus as a JV: The Small- and/or Micro-LBE must be an active partner in the JV and perform work; manage the job and take financial risks in proportion to the required level of participation stated in the proposal; be responsible for a clearly defined portion of the

work to be performed; and share in the ownership, control, management responsibilities, risks, and profits of the JV. Proposer must describe the portion of the Small- and/or Micro-LBE JV's work in detail separately from the work to be performed by the non-LBE JV partner. The Proposal must designate the Small- and/or Micro-LBE JV's specified portion of the contract work that constitutes a commercially useful function.

9.1.3 LBE Forms

All response packages submitted must include the following Contract Monitoring Division (CMD) Forms contained in the CMD Attachment 2:

- Form 2A – CMD Contract Participation
- Form 3 – CMD Non-Discrimination Affidavit
- Form 4 – CMD Joint Venture Form (if applicable)

Form 5 – CMD Employment Form. Failure to complete, sign, and submit each of the required CMD/LBE forms may result in the response package being deemed non-responsive and rejected. Direct all inquiries concerning the CMD LBE program to Linda Rainaldi, the CMD Contract Compliance Officer for the SFPUC, at (415) 554-3106 or Linda.Rainaldi@sfgov.org.

The City strongly encourages proposals from qualified LBEs. Certification applications may be obtained by calling CMD at (415) 581-2310 or by visiting the CMD website at <http://www.sfgov.org/cmd>.

9.2 Chapters 12B and 12C Requirements (Equal Benefits)

Effective June 1, 1997, Chapter 12B of the San Francisco Administrative Code was amended to prohibit the City from entering into contracts or leases with any entity that discriminates in the provision of benefits between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of employees. All proposing firms should be in the process of becoming compliant with Chapter 12B if not already compliant. The Contract Monitoring Division (CMD) has developed rules of procedure and various resource materials explaining the equal benefits program. These materials are available by calling the CMD Equal Benefits Section at (415) 581-2310 or by visiting the CMD website at <http://www.sfgov.org/cmd>.

If you have any questions concerning the CMD 12B/12C Forms, you may call the CMD Equal Benefits Unit at (415) 581-2310.

Should any of the required insurance be provided under a claims-made form, Proposer shall maintain such coverage continuously throughout the term of the Agreement and, without lapse, for a period of three years beyond the expiration of the Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

Should any required insurance lapse during the term of the Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by the Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate the Agreement effective on the date of such lapse of insurance.

Before commencing any operations under the Agreement, Proposer shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of the Agreement.

Approval of the insurance by City shall not relieve or decrease the liability of Contractor hereunder. If a subconsultant will be used to complete any portion of the agreement, the Proposer shall ensure that the subconsultant shall provide all necessary insurance and shall name the City and County of San Francisco, the San Francisco Public Utilities Commission, and their respective officers, agents, and employees and the Proposer listed as additional insureds.

10.2 Standard Agreement

The Consultant will be required to enter into the Agreement, substantially in the form of the Agreement for Professional Services, attached hereto as Appendix A. Submission of a proposal shall indicate Proposer's Agreement to all terms of the Agreement.

Proposers are urged to pay special attention to the requirements of Administrative Code Chapters 12B and 12C, Nondiscrimination in Contracts and Benefits; the Minimum Compensation Ordinance; the Health Care Accountability Ordinance; the First Source Hiring Program; and applicable conflict of interest laws, as specified in RFP Sections 10.3, 10.4, 10.5, 10.6, and 10.9, and Section 12, respectively, as well as Article 11 in the attached Agreement.

10.3 Nondiscrimination in Contracts and Benefits

As outlined above, the Consultant will be required to agree to comply fully with and be bound by the provisions of Chapters 12B and 12C of the San Francisco Administrative Code. Generally, Chapter 12B prohibits the City and County of San Francisco from entering into contracts or leases with any entity that discriminates in the provision of benefits between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of employees. The Chapter 12C requires nondiscrimination in contracts in public accommodation. Additional information on Chapters 12B and 12C is available on the CMD's website at <https://www.sfgov.org/cmd>.

10.4 Minimum Compensation Ordinance for Employees (MCO)

The Consultant will be required to agree to comply fully with and be bound by the provisions of the Minimum Compensation Ordinance (MCO), as set forth in S.F. Administrative Code Chapter 12P. Generally, this Ordinance requires contractors to provide employees covered by the Ordinance who do work funded under the contract with hourly gross compensation and paid and unpaid time off that meet certain minimum requirements.

Additional information regarding the MCO, including the amount of hourly gross compensation currently required under the MCO, is available on the City website at www.sfgov.org/olse/mco. Note that the hourly gross compensation rate may increase on January 1 of each year and that contractors will be required to pay any such increases to covered employees during the term of the contract. See Article 11 in the Agreement for requirements.

10.5 Health Care Accountability Ordinance (HCAO)

The Consultant will be required to agree to comply fully with and be bound by the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in Administrative Code Chapter 12Q. Contractors should consult the Administrative Code to determine their compliance obligations under this chapter. Additional information regarding the HCAO is available on the web at www.sfgov.org/olse/hcao.

10.6 First Source Hiring Program (FSHP)

If the contract is for more than \$50,000, the First Source Hiring Program (Admin. Code Chapter 83) may apply. Generally, this ordinance requires contractors to notify the First Source Hiring

Program of available entry-level jobs and provide the Workforce Development System with the first opportunity to refer qualified individuals for employment.

Contractors should consult the San Francisco Administrative Code to determine their compliance obligations under this chapter. Additional information regarding the FSHP is available on the web at <http://oewd.org/first-source> and from the First Source Hiring Administrator, (415)701-4848.

10.7 City Vendor and Subconsultant Registration

Consultant must become an “Approved Supplier” in order to enter into an Agreement with the SFPUC/City. Approved Suppliers are entities that have met all the compliance requirements necessary to conduct business with the City, such as business tax registration and Chapter 12B compliance.

Vendors that are not currently doing business with the City must register within the City’s financial and procurement system to become an Approved Supplier. *Please note: The City also requires all Subconsultants working under a Selected Proposer to register with the City’s financial and procurement system. However, Subconsultants are not required to be compliant with the City’s vendor requirements.*

Please go to the City’s vendor portal, [SF City Partners](https://sfcitypartner.sfgov.org/Vendor) (<https://sfcitypartner.sfgov.org/Vendor>) to register.

Consultants must become Approved Suppliers, and Subconsultants must be registered, **within two weeks** of the posting of the highest-ranked Proposer, in order for award of Agreement to [occur / remain in effect].

10.8 Business Tax Registration

In accordance with San Francisco City Ordinance 345-88, all vendors conducting business with the City are required to maintain a valid business tax registration number. Agreements will not be awarded to the Consultant unless business tax registration fees are paid in full by the time the Agreement is awarded. Proposer may contact the Tax Collector's office at 415-554-4470 to confirm that business tax registrations fees have been paid in full. Each Consultant must provide a taxpayer ID. Vendor may register their business for tax purposes by filling out the Business Registration online application: <https://newbusiness.sfgov.org/vendor/>.

10.9 Conflicts of Interest

The Consultant will be required to agree to comply fully with and be bound by the applicable provisions of state and local law related to conflicts of interest as discussed in greater detail under Section 12 of this RFP.

10.10 Administrative Code 14B Reporting Requirements

10.11 Contractor must submit all required payment information using the SFPUC's online system as required by CMD to enable the City to monitor Contractor's compliance with the LBE subcontracting commitments. Contractor shall pay its LBE subcontractors within three (3) working days after receiving payment from the City, except as otherwise authorized by the LBE Ordinance. Failure to submit all required payment information in the system with each payment request may result in the Controller withholding 20% of the payment due pursuant to that invoice until the required payment information is provided. Following the City's payment of an invoice, Contractor has ten (10) calendar days to acknowledge all subcontractors have been paid in the online system.

Administrative Code Chapter 12X Requirements

Subject to certain exceptions, Proposers are hereby advised that this Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits the City from entering into a contract with a contractor that has its headquarters in a state that has enacted a law or laws that perpetuate discrimination against LGBT people and/or has enacted a law that prohibits abortion prior to the viability of the fetus, or a contractor that will perform any or all of the work on the contract in such a state. Chapter 12X requires the City Administrator to maintain a list of such states, defined as "Covered States" under Administrative Code Sections 12X.2 and 12X.12. The list of Covered States is available on the website of the City Administrator. Proposers will be required to certify compliance with Chapter 12X as part of its proposal, unless the City determines that a statutory exception applies. Each Proposer must certify compliance with this requirement as directed (see Appendix H).

11 Protest Procedures

11.1 Protest of Non-Responsiveness Determination

After receipt of proposals, the SFPUC, with the assistance of CMD, will conduct an Initial Screening of submitted proposals as set forth in Section 6.1 of this RFP. If staff determines that a proposal should be rejected because it is either non-responsive to RFP requirements or is otherwise unacceptable (i.e., fails to meet Minimum Qualifications Requirements set forth in the RFP), then the City will issue a Preliminary Notice of Proposal Rejection to the applicable Proposer(s).

If a Proposer believes that the City has improperly determined that its proposal should be rejected, Proposer may submit a written notice of protest within five (5) working days of the SFPUC's issuance of a Preliminary Notice of Proposal Rejection. Such notice of protest must be received by the SFPUC prior to 5:00 p.m. on or before the fifth (5th) working day following the SFPUC's issuance of the Preliminary Notice of Proposal Rejection. The notice of protest must include a written statement specifying in detail each and every one of the grounds asserted for the protest. The protest must be signed by an individual authorized to represent the Proposer, and must cite the law, rule, local ordinance, procedure or RFP provision on which the protest is based. In addition, the Proposer must specify facts and evidence sufficient for the SFPUC to determine the validity of the protest.

The City, at its discretion, may make a determination regarding a protest without requesting further documents or information from the Proposer who submitted the protest. Accordingly, the initial protest must include all grounds of protest and all supporting documentation or evidence reasonably available to the prospective Proposer at the time the protest is submitted. If the Proposer later raises new grounds or evidence that were not included in the initial protest, but which could have been raised at that time, then the City may not consider such new grounds or new evidence.

Upon receipt of a timely and proper protest, the City will review the protest and conduct an investigation as it deems appropriate. As part of its investigation, the City may consider information provided by sources other than the Proposer. The City may also consider supplemental correspondence or other information relating to the original ground(s) of Protest submitted by a protesting Proposer to the extent the City determines that such information will assist it in resolving the Protest. At the completion of its investigation, the City will provide a written determination to the Proposer who submitted the protest.

The City will not consider any protests not received within the time and manner specified. If a Proposer does not protest a Preliminary Notice of Proposal Rejection within the time and in the manner specified above, then the City's determination set forth in the Preliminary Notice will

become final. A Proposer's failure to protest as specified above on or before the deadline specified above shall constitute a complete and irrevocable waiver of the ground(s) of protest and a forfeiture of the Proposer's right to raise such ground(s) of protest later in the procurement process, in a Government Code Claim, or in other legal proceedings.

11.2 Protest of Agreement Award

As soon as the SFPUC finalizes Proposer rankings, the SFPUC will post the results on the [SFBid Website](#).

Within five (5) working days of the SFPUC's posting of the highest ranked Proposer on the [SFBid Website](#), any Proposer that has submitted a responsive proposal and believes that the City has unfairly selected another Proposer for award may submit a written notice of protest.

The notice of protest must include a written statement specifying in detail each and every one of the grounds asserted for the protest. The protest must be signed by an individual authorized to represent the Proposer, and must cite the law, rule, local ordinance, procedure or RFP provision on which the protest is based. In addition, the Proposer must specify facts and evidence sufficient for the City to determine the validity of the protest. All protests must be received by the SFPUC before 5:00 p.m. on or before the fifth (5th) working day following the SFPUC's posting of the highest ranked Proposer; the City will not consider untimely protests.

The City, at its discretion, may make a determination regarding a protest without requesting further documents or information from the Proposer who submitted the protest. Accordingly, the initial protest must include all grounds of protest and all supporting documentation or evidence reasonably available to the Proposer at the time the protest is submitted. If the Proposer later raises new grounds or evidence that were not included in the initial protest, but which could have been raised at that time, then the City may not consider such new grounds or new evidence.

Upon receipt of a timely and proper protest, the City will review the protest and conduct an investigation as it deems appropriate. As part of its investigation, the City may consider information provided by sources other than the Proposer. The City may also consider supplemental correspondence or other information relating to the original ground(s) of Protest submitted by a protesting Proposer to the extent the City determines that such information will assist it in resolving the Protest. At the completion of its investigation, the City will provide a written determination to the Proposer who submitted the protest.

The City will not consider any protests not received within the time and manner specified.

If a Proposer does not protest the SFPUC's posting of the highest ranked Proposer on the SFBid website within the time and in the manner specified, above, then the City's selection will become final and SFPUC staff may proceed to recommend the highest ranked Proposer for

award by the Commission. A Proposer's failure to protest as specified above on or before the time specified above shall constitute a complete and irrevocable waiver of the ground(s) of protest and forfeit the Proposer's right to raise such ground(s) of protest later in the procurement process, in a Government Code Claim, or in other legal proceedings.

11.3 Delivery of Protests

If a protest is mailed, the protestor bears the risk of non-delivery within the deadlines specified herein. Protests should be transmitted by a means that will objectively establish the date the City received the protest. SFPUC will not consider protests or notice of protests made orally (e.g., by telephone). Protests must be delivered to:

12 Conflict of Interest

The Consultant will be required to agree to comply fully with and be bound by the applicable provisions of state and local laws related to conflicts of interest, including Section 15.103 of the City's Charter, Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California. The Consultant will be required to acknowledge that it is familiar with these laws; certify that it does not know of any facts that constitute a violation of said provisions; and agree to immediately notify the City if it becomes aware of any such fact during the term of the Agreement.

Individuals who will perform work for the City on behalf of the Consultant might be deemed consultants under state and local conflict of interest laws. If so, such individuals will be required to submit a Statement of Economic Interests, California Fair Political Practices Commission Form 700, to the City within ten calendar days of the City notifying the Consultant that the City has selected the Proposer.

12.1 Obligations

It is the obligation of the Proposer as well as their Subconsultants to determine whether or not participation in that contract constitutes a conflict of interest. While city staff maintains records regarding award and execution of contracts, it does not have access to specific information concerning which entities, partners, sub-consultants or team members perform specific work on these contracts. A conflict of interest or an unfair advantage may exist without any knowledge of the SFPUC. The database of our records concerning work performed by various sub-consultants is available for reference to consultants making their own determination of potential conflicts. Proposers have sole responsibility for compliance with these requirements. A court makes the final determination of whether an actual conflict exists. The guidelines below are provided to assist Proposers; however, the City is not providing legal advice in providing the information and assumes no responsibility or liability arising from Proposer's reliance on this information. The guidelines below address conflicts under the aforementioned laws but there are other laws that affect qualifications for a contract.

12.2 Work

There are many phases of work pertaining to city contracts. Potential conflicts arise out of progressive participation in various phases of that work. Set forth below are general guidelines regarding when participation in a specific phase of work may create a conflict. Because an actual determination regarding whether a conflict exists depends upon the specific facts of each situation, Proposers should treat the general guidelines set forth below only as a starting point. The guidelines do not constitute legal advice. A Proposer should consult with its legal counsel to determine whether a potential conflict exists.

1. **RFI/RFQ/RFP/Bid Documents.** Any entity that participates in the development of any of these documents has participated in “making the contract” for the work. For these purposes “participating in making” has the same meaning as under Government Code Section 1090 and the term “entity” includes any parent, subsidiary or other related business.
2. **General Program Management Services.** Because these advisory services necessarily assist in general definitions of the program and projects, conflict would likely exist in participation in the design, construction management , and/or construction phase of any project.
3. **Preplanning.** Participation in preplanning work, which may include the needs assessment report, since it is an initial phase, would likely be limited only by previous participation in preparation of RFI/RFQ/RFP or bid documents.
4. **Planning.** The planning phase of any project establishes the facts pertaining to the project and possible options for consideration.
 - a) **Alternative Analysis Report.** This phase proposes to decision-makers the various alternatives in project scope, cost, schedule, and environmental impact necessary to make a determination of the proper project. Firms may have a conflict of interest in subsequent design work if they participated in the decision-making process of selecting an alternative.
 - b) **Conceptual Engineering Report.** This document defines the project and shapes the design contract. Participation in this phase may likely be in conflict with any future design services.
5. **Environmental Review.** Similar to the planning phase, this phase of work gathers information from other sources resulting in a definition of the project for the purposes of reviewing the environmental effects of the work. Firms participating in environmental review would likely not have a conflict in participating in subsequent phases.
6. **Final Engineering Design.** Documents produced under this phase constitute the definition of the construction contract. Participation in this phase would likely be in conflict with participation in any subsequent phases, such as construction management or general construction.
7. **Construction Management.** This work consists of review, assessment, and recommendation for actions based on interpretation of contract documents. No firm participating in one contract with SFPUC can review any of its own work performed under another contract. Conflicts would likely arise if any firm participates in either preparation of final engineering design or in preparing any documents enumerated in a contract for construction or in preparing any documents the SFPUC requires a Proposer to rely on in the preparation of its bid. Participation in this phase also would likely be in conflict with participation in the construction phase.
8. **Construction.** It is unlikely that participation in construction contracts, including alternative delivery projects, would result in conflicts on subsequent contracts. Restrictions on

participation in construction contracts may be stipulated in other federal, state, or local laws.

9. **Alternative Delivery.** To the extent that an alternative delivery method is used (e.g., design-build or construction manager/general contractor), the restrictions on design or construction management services mentioned herein would apply to those phases of the alternative delivery project.
10. **General.** Work associated with gathering, assessing, or reviewing technical data such as geotechnical investigations, site surveys, condition assessments, or cost estimating would likely have conflicts with other work only if the firms were in a position to review their own work.
11. **Administrative Services.** Any subconsultant or vendor providing general administrative services such as communications, reprographic, janitorial or security services during one phase of a project will not be precluded from providing similar services during later phases of the same project.

12.3 Other General Restrictions Applicable to this RFP

A firm cannot be a Prime Consultant on more than one (1) proposing team. In addition, if a designated Prime Consultant intends to be listed as a subconsultant on another competing proposal, the Prime Consultant must fully disclose such intent to the affected parties 30 days prior to the due date for Proposal submittal. Failure to comply with these restrictions may result in the rejection of one or more affected Proposals. A Prime Consultant cannot participate in more than one interview.

12.4 Consultation with Counsel

The SFPUC strongly advises any proposing/bidding firm to consult with their legal counsel to determine whether or not a conflict of interest exists. It is the responsibility of the proposing/bidding firm to make that determination. The SFPUC will not advise consultants on conflict of interest matters.

Agreement No. PRO.0152 (Agreement) was approved by the San Francisco Public Utilities Commission (SFPUC) pursuant to Resolution No. 22-0014 on January 11, 2022.

Board of Supervisors Approval

The Agreement was approved by the San Francisco Board of Supervisors pursuant to Resolution No. 79-22 on March 14, 2022.

Pursuant to San Francisco Administrative Code Chapter 21.43, the General Manager of the SFPUC may purchase power and related products using contracts requiring expenditures of 10 million dollars or more including amendments to such agreements with an impact of greater than \$500,000, so long as the contract term, including any amendments, does not exceed 25 years and the annual expenditure for all agreements entered under this section does not exceed 150 million dollars per year. Amendment No. 1 to the Agreement is being issued under this authority.

Overview

The SFPUC requires the services of a qualified consultant to assist the SFPUC with power scheduling coordination services for the SFPUC’s participation in the markets of the California Independent System Operator (CAISO). In order for the SFPUC to provide service to its electric customers, it must wheel electric power over the transmission system that is controlled by the CAISO, pursuant to a state law enacted in 1996. The CAISO tariff requires that only entities that have been certified as Scheduling Coordinators may interact with the CAISO to schedule all power that is transported or wheeled over the transmission system.
