Re: Request for Resolution of Public Convenience or Necessity – Olympic Club 524 Post St.

Dear Board of Supervisors:

On August 4, 2021, The Olympic Club (the “Club”) applied with the Department of Alcoholic Beverage Control (“ABC”) for a Type 21 (Off-Sale General License) at 524 Post St., San Francisco 94102. The Type 21 will be transferred to the Club’s premises via a person-to-person, premises-to-premises transfer application with ABC. Because the census tract has an “undue concentration” of off-sale licenses under Section 23958.4 of the California Business and Professions Code, we are requesting a determination by the San Francisco Board of Supervisors that public convenience or necessity will be served by issuance of the Type 21 license to the Olympic Club at its Post St. location.

The Olympic Club founded in 1860 opened its doors at 524 Post Street in 1893 and is an historic and cultural icon in the city. It burned down in the 1906 Earthquake and reopened its doors in 1912. Recently, the Club underwent a renovation to modernize and retrofit the building, which preserved its historic significance and beauty for generations to come. The Club has more than 11,000 members that offers 16 sports. It is more than a place to work-out or enjoy physical activity, is the Club a community that links past, present and future. In a growing variety of ways, Olympians of all ages continue to create memories with their families and friends at the Club. Currently, the Club holds a Type 51 Club license with ABC, which does not permit the sale of alcohol in manufacturer-sealed containers for off-premises consumption. During COVID, ABC issued regulatory relief which permitted the Club (as well other types of licensees in California) to add this off-sale capability to its license privileges. This program was very popular with our members, and we would like to continue it for our members and the local community.

Like all hospitality and club organizations, the Club has faced many challenges not only with COVID, but also changing demographics and consumer tastes. As such, the Club is exploring economic opportunities which can provide it with additional revenue sources and experiential offerings to its members. Not only will the ability to sell alcoholic beverages to-go generate revenue for the Club, but it will also allow us to continue to create great jobs for people in our city and offer additional services to our members and their guests.

The Club has been a positive member of the community for over 160 years, and is committed to serving our members, neighbors, and the community in a responsible manner.

THE OLYMPIC CLUB

For the reasons set forth above, we respectfully request that the Board of Supervisors make a finding that issuance of the Type 21 license to the Club will serve public convenience or necessity.
