

FILE NO. 240629

Petitions and Communications received from May 30, 2024, through June 6, 2024, for reference by the President to Committee considering related matters, or to be ordered filed by the Clerk on June 11, 2024.

Personal information that is provided in communications to the Board of Supervisors is subject to disclosure under the California Public Records Act and the San Francisco Sunshine Ordinance. Personal information will not be redacted.

From the Office of the Mayor (MYR), pursuant to Charter, Section 4.114, making the following nomination to the following body. (1)

- Nomination to the Port Commission
- o Stephen Engblom, term ending - May 1, 2028

From the Mayor's Office of Housing and Community Development (MOHCD), pursuant to Administrative Code, Section 1.60, submitting a Housing Trust Fund Five-Year Report for the reporting period of Fiscal Years (FY) 2018-2019 through 2022-2023. Copy: Each Supervisor. (2)

From the San Francisco Youth Commission, submitting a Motion to support the proposed Resolution supporting California State Assembly Bill No. 1975, introduced by Assembly Member Mia Bonta (D-66), co-authored by Assembly Members Joaquin Arambula, Isaac Bryan, Mike Gipson, Chris Holden, Corey Jackson, Reggie Jones-Sawyer, Kevin McCarty, Tina McKinnor, Akilah Weber, and Lori Wilson, to make medically supportive food and nutrition interventions a covered benefit under the Medi-Cal program. File No. 240564. Copy: Each Supervisor. (3)

From the San Francisco Human Services Agency (HSA), pursuant to Administrative Code, Chapter 21G.3(c), submitting HSA's Sole Source Grant Report for Calendar Year (CY) 2023. Copy: Each Supervisor. (4)

From the Office of the Treasurer and Tax Collector (TTX), pursuant to California State Government Code, Section 53646, submitting Monthly Pooled Investment Report for April 2024. Copy: Each Supervisor. (5)

From the Office of the City Administrator (ADM), submitting a response to a Letter of Inquiry issued by Supervisor Rafael Mandelman at the April 19, 2022, Board of Supervisors meeting. Copy: Each Supervisor. (6)

From various departments, pursuant to Administrative Code, Section 12B.5-1(d)(1), submitting approved Chapter 12B Waiver Request Forms. 7 Forms. Copy: Each Supervisor. (7)

From the California Fish and Game Commission, submitting a notice of proposed changes in regulations pertaining to marine logbooks and fishing block charts; a notice of proposed changes in regulations pertaining to white sturgeon sport fishing; a notice of proposed changes in regulations pertaining to commercial California halibut and white seabass set gill nets; and a notice of proposed changes in regulations pertaining to inland sport fishing. Copy: Each Supervisor. (8)

From John Daniels, regarding San Francisco Municipal Transportation Agency (MTA) Board of Directors Resolution No. 240507-048 approving a contract with the San Francisco Bicycle Coalition Education Fund for the amount of \$1,494,736 over a five-year period to provide education classes and outreach services. Copy: Each Supervisor. (9)

From San Franciscans for Urban Nature, regarding artificial lighting on the Bay Bridge. Copy: Each Supervisor. (10)

From Eugene Chow, regarding sales tax rates. Copy: Each Supervisor. (11)

From members of the public, regarding the proposed Ordinance amending the Planning Code to clarify the Wawona Street and 45th Avenue Special Use District's height limit and principal permitted use for purposes of the Local Coastal Program; amending the Local Coastal Program to add the Wawona Street and 45th Avenue Cultural Center Special Use District; amending the Local Coastal Program to designate the principal permitted use within the City's Coastal Zone for purposes of appeal to the California Coastal Commission. File No. 240228. 35 Letters. Copy: Each Supervisor. (12)

From The Art Law Firm, regarding the removal of an art installation at the San Francisco International Airport (SFO). Copy: Each Supervisor. (13)

From Joe Kunzler, regarding graffiti at City Hall. Copy: Each Supervisor. (14)

From Nor Cal Carpenter's Union, regarding rezoning. Copy: Each Supervisor. (15)

From Gregg Johnson and Carloyn Duty, regarding the proposed Ordinance amending the Police Code to create a two-year pilot program, during which retail food and tobacco establishments in a high-crime area of the Tenderloin police district are prohibited from being open to the public from 12:00 a.m. to 5:00 a.m. File No. 240407. Copy: Each Supervisor. (16)

From Tulika Wagle, regarding the Motion concurring in the December 17, 2021, Proclamation by the Mayor Declaring the Existence of a Local Emergency in connection with the sudden increase in drug overdoses in the Tenderloin. File No. 211320; Motion No. M21-183. Copy: Each Supervisor. (17)

From Bay Area Barns and Trails (BABT), regarding Chaparral Corporation and horseback riding in Golden Gate Park. Copy: Each Supervisor. (18)

From JVS Bay Area, Mission Hiring Hall, Upwardly Global, Mission Bit, and Self Help for the Elderly, regarding the proposed Budget and Appropriation Ordinance appropriating all estimated receipts and all estimated expenditures for Departments of the City and County of San Francisco as of June 1, 2024, for the Fiscal Years (FYs) ending June 30, 2025, and June 30, 2026. File No. 240595. Copy: Each Supervisor. (19)

From members of the public, regarding the proposed Resolution approving the list of projects to be funded by Fiscal Year (FY) 2024-2025 Road Maintenance and Rehabilitation Account funds as established by California Senate Bill 1, the Road Repair and Accountability Act of 2017. 2 Letters. File No. 240416. Copy: Each Supervisor. (20)

From members of the public, regarding the proposed Ordinance amending the Administrative Code to streamline contracting for Vision Zero transportation projects by authorizing the Municipal Transportation Agency and the Department of Public Works to expedite contracts by waiving application of the Environment Code and provisions relating to competitive bidding, equal benefits, local business enterprise utilization, and other requirements, for construction work and professional and other services relating to Vision Zero projects, for a period of three years. 48 Letters. File No. 240501. Copy: Each Supervisor. (21)

From Aaron Goodman, regarding various topics. 2 Letters. Copy: Each Supervisor. (22)

From members of the public, regarding the proposed Motion rejecting the Mayor's nomination for the reappointment of Debra Walker to the Police Commission, for a term ending April 30, 2028. 7 Letters. File No. 240392. Copy: Each Supervisor. (23)

From members of the public, regarding an e-bike incentive program proposal. 117 Letters. Copy: Each Supervisor. (24)

From members of the public, regarding pedestrian safety at the intersection of Fulton Street and Arguello Boulevard. 2 Letters. Copy: Each Supervisor. (25)

From Beth Bromfield, regarding John F. Kennedy Drive. Copy: Each Supervisor. (26)

From members of the public, regarding the proposed Ordinance amending the Planning Code to revise the definition of Laboratory to include Biotechnology, and to make Laboratory uses, as defined, a not permitted use in the Urban Mixed Use zoning district. 8 Letters. File No. 240641. Copy: Each Supervisor. (27)

From Margaret Barry, regarding San Francisco Municipal Transportation Agency (MTA) impacts on merchant corridors. Copy: Each Supervisor. (28)

From members of the public, regarding the San Francisco Planning Department's (CPC) Expanding Housing Choice, Housing Element Zoning Program. 2 Letters. Copy: Each Supervisor. (29)

MEMORANDUM

Date: June 6, 2024
To: Members, Board of Supervisors
From: Angela Calvillo, Clerk of the Board
Subject: Mayoral Nomination - Port Commission

On June 5, 2024, the Office of the Mayor submitted the following complete nomination package. Pursuant to Charter, Section 4.114, this nomination shall be subject to confirmation by the Board of Supervisors at a public hearing and vote within 60 days (August 5, 2024).

Nomination to the Port Commission:

- **Stephen Engblom** - term ending May 1, 2028

Pursuant to Board Rule 2.18.2, the Clerk of the Board shall refer this motion to the Rules Committee and work with the Rules Committee Chair to schedule this nomination for a hearing.

c: Supervisor Hillary Ronen - Rules Committee Chair
Alisa Somera - Legislative Deputy
Victor Young - Rules Clerk
Anne Pearson - Deputy City Attorney
Tom Paulino - Mayor's Legislative Liaison
Jesse Mainardi - Director of Boards and Commissions

Notice of Nomination

June 5, 2024

San Francisco Board of Supervisors
City Hall, Room 244
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Honorable Board of Supervisors,

Pursuant to Section 4.114 of the Charter of the City and County of San Francisco, I make the following nomination:

Stephen Engblom, for appointment to the Port Commission for a four-year term ending May 1, 2028. This seat was formerly held by Ed Harrington, whose term has expired.

I am confident that Mr. Engblom will serve our community well. Attached are his qualifications to serve, which demonstrate how his appointment represents the communities of interest, neighborhoods and diverse populations of the City and County of San Francisco.

I encourage your support and am pleased to advise you of this appointment nomination. Should you have any question about this nomination, please contact my Director of Boards and Commissions, Jesse Mainardi, at 415.554.6588.

Sincerely,

A handwritten signature in blue ink that reads "London Breed".

London N. Breed
Mayor, City and County of San Francisco

HOUSING TRUST FUND FIVE-YEAR REPORT 2019-2023

Ordinance 230-12

Mayor's Office of Housing and Community Development

TABLE OF CONTENTS

Executive Summary.....	1
Affordable Housing Development	2
Downpayment Assistance Loan Programs.....	4
Housing Stabilization Programs	5
Complete Neighborhood Program	6

EXECUTIVE SUMMARY

In November 2012, San Francisco voters passed Proposition C to amend the City Charter and create the Housing Trust Fund (HTF). By this action, the City committed to a specific Housing Trust Fund contribution annually: \$20 million in 2013 as the Year 1 baseline, and an additional \$2.8 million over the previous year’s amount annually until the Housing Trust Fund reaches a total of \$50.8 million in 2024. Thereafter, the \$50.8 million shall be adjusted based on the annual percentage increase or decrease in the City’s General Fund discretionary revenues until 2043, at which time the Housing Trust Fund expires.

San Francisco Administrative Code §1.60 (Ord. 230-12) requires the Mayor’s Office of Housing and Community Development (MOHCD) to submit a report on the implementation and impacts of the Housing Trust Fund every five years, including an evaluation of programs and any recommendations for improvements. The first report was issued covering Fiscal Years 2013-14 through 2017-18; this report covers Fiscal Years 2018-19 through 2022-23.

The Housing Trust Fund has proven to be critical especially over the past five years as the local, state, and federal economies continue to weather impacts of the COVID-19 pandemic. State funding has become more competitive since 2018, and Housing Trust Fund contributions are even more crucial now in helping projects secure financing.

The Housing Trust Fund has four express purposes:

1. To create, acquire, and rehabilitate rental and ownership housing affordable for households earning up to 120% of the Area Median Income (AMI)*¹, including acquiring land for the development of affordable housing;
2. To provide down payment assistance for moderate-income homebuyers earning up to 120% AMI and first-responders such as police officers and firefighters (the “Down Payment Assistance Loan Program”);
3. To assist eligible households earning up to 120% AMI avoid foreclosure or eviction or improve the safety, accessibility or efficiency of their homes (the “Housing Stabilization Program”); and
4. To fund neighborhood improvements such as streetscapes, childcare facilities, and pedestrian safety projects (the “Infrastructure Grant Program”).

Since the Housing Trust Fund’s inception, MOHCD has expended, through June 30, 2023, approximately \$270 million toward these purposes. For the five-year reporting period of July 1, 2018, through June 30, 2023, MOHCD has expended approximately \$161 million of that total amount including: \$66.5 million for multifamily affordable housing development; \$13.3 million for downpayment assistance; \$44.6 million for housing stabilization programs; and \$3.1 million for neighborhood improvements. (See Table 1 on page 2 for details.)

1. Area Median Income (AMI) is updated every year by the Federal Department of Housing & Urban Development (HUD). HUD uses data from the census and the American Community Survey. They calculate 100% AMI for a family or 4 for cities and regions across the entire United States. In 2023, 120% AMI for a family of four is \$172,900.

Table 1: Housing Trust Fund Five-Year Report Executive Summary

AFFORDABLE HOUSING DEVELOPMENT

Program Description

MOHCD provides funding through a variety of programs to create and preserve affordable housing at a wide range of income levels. This primarily includes providing capital financing through loans to nonprofit organizations for the construction of new affordable housing and the acquisition and rehabilitation of existing housing that is then converted into permanently affordable. These funds are combined with other sources—such as loans from private financial institutions, state funding programs, and federal low-income housing tax credits—to support the development of projects that nearly always include units specifically set aside for San Francisco’s most vulnerable populations, including people exiting homelessness, seniors, people living with disabilities, and individuals and families at risk of homelessness.

MOHCD’s Housing Preservation programs provide permanently affordable housing throughout San Francisco by acquiring and rehabilitating multifamily buildings that are vulnerable to market pressure and property sales and increased evictions. Acquired properties are rehabilitated and converted to permanently affordable housing with rents at an average of 80% AMI, and available to families earning up to 120% AMI. MOHCD also funds and supports the rehabilitation of its existing portfolio of affordable housing projects to ensure that all projects receiving MOHCD financing provide safe and sanitary housing that is financially sound and sustainable for decades to come.

Evaluation of Impacts

For this reporting period, the Housing Trust Fund, in conjunction with other non-HTF fund sources, supported the development and preservation of 32 buildings and more than 1,350 homes for households earning less than 120% AMI. (See Table 2 below for details.)

MOHCD does not manage the construction of affordable housing or its ongoing operations. MOHCD provides financing and technical assistance to nonprofit organizations that lead this work. With the direct funding that MOHCD provides from the Housing Trust Fund, these nonprofits are able to bridge gaps in financing to ensure projects are delivered.

Additionally, by providing a dedicated source of funding, the Housing Trust Fund ensures ongoing funding for affordable housing production, even during emergencies or events that require unexpected General Fund expenditures. During the COVID-19 pandemic, when Mayor Breed and the City prioritized investing General Fund dollars in emergency operations to prevent the spread of COVID-19 and keep communities safe, the Housing Trust Fund ensured that projects in the affordable housing pipeline were still moving forward, providing much needed permanent housing and supporting jobs in construction and housing operations. As the City's economy continues to recover from the pandemic, the Housing Trust Fund continues to deliver affordable housing that serves a wide range of households so people can exit homelessness, seniors and people with disabilities can remain stably housed, and professionals such as teachers, educators, first responders, healthcare workers, transit operators, and others can afford to live in San Francisco.

Recommendations for Program Improvements

MOHCD does not have any recommendations for improvements for this reporting period. The program is operating successfully.

DOWNPAYMENT ASSISTANCE LOAN PROGRAMS

Program Description

The Downpayment Assistance Loan Program (DALP) provides deferred payment loans up to \$500,000 to qualified low- and middle-income (up to 200% AMI) first-time homebuyers to buy a market-rate principal residence in San Francisco. Housing Trust Funds are used to fund DALP loans serving households at 120% AMI and below. The DALP is a silent second loan that requires no monthly payments for 30 years. The principal amount plus an equitable share of appreciation are due and payable at the end of the term, or are repaid upon sale or transfer.

The First Responder Downpayment Assistance Program provides qualified Police, Sheriff, and Fire Department homebuyers up to \$500,000 toward the purchase of their first San Francisco market-rate home.

Additionally, beginning in FY21-22, Housing Trust Funds were used to implement the Teacher Next Door program, which offers up to \$40,000 in assistance through a forgivable loan to SFUSD middle-income educators working in the San Francisco Unified School District, for the purchase of their first home.

Evaluation of Impacts

Between FY18-19 and FY22-23, 47 households received downpayment assistance loans sourced from the Housing Trust Fund. (See Table 3 on page 5 for details.)

31 households received downpayment assistance through general Downpayment Assistance Loan Program (DALP) for the purchase of a market-rate home. Six households received the Teacher Next Door forgivable loans. Among these, four purchased market-rate homes and one purchased a Below Market Rate (BMR) home. Ten Police, Sheriff, and Fire Department employees received downpayment assistance loans through the First Responder DALP for the purchase of market-rate homes.

Table 3: Downpayment Assistance Loan Programs

Program	FY18-19	FY19-20	FY20-21	FY21-22	FY22-23	Total	# Households	AMIs Served
Downpayment Assistance Loan Program	\$3,834,662	-	-	\$4,842,261	\$903,360	\$9,580,283	31	Up to 120% AMI
First Responders Downpayment Assistance	\$999,978	-	-	\$2,187,493	\$499,672	\$3,687,143	10	Up to 200% AMI
Teacher Next Door Downpayment Assistance	-	-	-	\$20,000	\$180,000	\$200,000	6	Up to 200% AMI
TOTAL	\$4,834,640			\$7,049,754	\$1,583,032	\$13,467,426	47	

Recommendations for Improvements

MOHCD does not have any recommendations for improvements for this reporting period. The program is operating successfully.

HOUSING STABILIZATION PROGRAMS

Program Description

Preventing the displacement of San Franciscans from their homes is both affordable housing preservation and cultural preservation. MOHCD funds community-based organizations through grants and operating subsidies to deliver essential anti-displacement and housing stabilization services.

Over the past five years, MOHCD modified its housing stabilization programs to focus on key investment areas and provide equitable support for renters and homeowners. Currently, Housing Trust Fund dollars support MOHCD’s work in six areas related to housing stabilization: eviction legal assistance, including the Tenant Right to Counsel program; housing counseling, education, and outreach; tenant-landlord mediation and technical assistance; ongoing tenant-based subsidies; converting market-rate housing to permanently affordable through acquisition and preservation programs; and emergency assistance for homeowners and renters. The Housing Trust Fund has thus effectively helped prevent thousands of San Franciscans from displacement through evictions or foreclosures by funding these housing stabilization programs.

Eviction Legal Assistance

In June 2018, San Francisco voters passed the No Eviction Without Representation Act to establish the Tenant Right to Counsel program, which provides free legal assistance for residents facing eviction and free full-scope legal assistance for eligible cases.

Housing Counseling, Education, and Outreach

This program expands equitable access to affordable housing opportunities through technical assistance for residents searching for housing. Programs also help residents successfully submit applications for City-funded affordable housing. HTF dollars also fund tenants’ rights efforts, including accessible, multilingual educational materials and resources to ensure that tenants are fully aware of their rights under local, state, and federal laws.

Tenant-Landlord Mediation and Technical Assistance

Providing professional mediation services for tenants and landlords facing conflicts prevents evictions because it de-escalates tensions between tenants and landlords, provides accurate and thorough information about both tenants’ and landlords’ rights and legal requirements, and connects tenants with appropriate resources to secure housing elsewhere should the conflict be irresolvable. These services are provided through multiple neighborhood-based CBOs.

Emergency Assistance

Unexpected loss of income or increase in household costs all too often force families and individuals to the brink of eviction and homelessness. Through its CBO partners, MOHCD funds a range of emergency assistance programs for renters and homeowners to remain stably housed and prevent community displacement. HTF funding supports the Homeowner Emergency Loan Program (HELP), which assists low-income homeowners avoid foreclosure by providing no-interest loans to pay for unaffordable HOA special assessments or mortgage and property tax arrears.

Evaluation of Impacts

In the first five years of HTF's implementation, MOHCD's housing stabilization programs focused on low- and moderate-income homeowners. MOHCD has expanded these programs to equitably serve renters, given that an estimated 65% of San Franciscans are renters, and the majority of these households that earn less than 80% AMI are considered rent burdened, as detailed in the Housing Element 2022 Update. Additionally, renters of color and other historically disadvantaged or vulnerable households (e.g., transgender, LGBTQ+, seniors, people with disabilities, and formerly incarcerated individuals) are disproportionately affected by evictions and severe rent burdens, especially in the private rental market where buildings are more vulnerable to market pressure.

Additionally, lower-income single-family homeowners—which are disproportionately households of color—often do not have the resources to pay for special assessments, significant one-time emergent needs.

Table 4: Housing Stabilization Programs

Program	FY18-19	FY19-20	FY20-21	FY21-22	FY22-23	Total
Housing Counseling and Assistance	\$1,110,378	\$1,181,408	\$1,467,410	-	\$234,941	\$3,994,137
Eviction Defense/Prevention and Tenant Housing Stabilization	\$2,971,165	\$3,352,916	\$5,633,464	\$8,437,579	\$8,241,704	\$28,636,828
Existing Homeowner Loans	\$191,985	\$175,676	\$151,809	\$116,996	\$15,942	\$652,408
TOTAL	\$4,519,830	\$7,917,780	\$8,489,888	\$10,346,839	\$13,370,757	\$44,645,094

Recommendations for Program Improvements

An ongoing challenge for the right to counsel program has been the difficulty in identifying sufficient attorneys with the skills necessary to provide full scope legal representation, given the challenging job market and the fact that nonprofit salaries are not very competitive with those salaries available to attorneys in the private sector. The program does need to be able to be sufficiently resourced to be able to be able to attract and retain attorneys sufficient to meet the ongoing need for this service.

COMPLETE NEIGHBORHOOD PROGRAM

Program Description

The Housing Trust Fund's Complete Neighborhood Program (CNP) provides grants and loans to nonprofit organizations for community improvement capital projects that serve low-income families and individuals. In addition to protecting and expanding services like career centers, family supports, childcare, job training, and other supportive programs, capital funds are used to ensure that these facilities are accessible and meet health and safety standards. Funded projects are solicited through a public, competitive procurement process on an annual basis as funds are available.

Evaluation of Impacts

Housing Trust Fund dollars have provided a reliable source of financing for projects to use as leverage or match in securing additional funding. As construction and other development costs have increased in recent years, this ensures project delivery.

The implementation of CNP also helps achieve geographic and racial equity goals. When requesting funding, nonprofits must include state goals and objectives for advancing racial equity in the project's neighborhood and report on these goals after funds are spent. Specific demographic information is published in MOHCD's Annual Report.

Table 5: Complete Neighborhood Programs

Fiscal Year	Agency	Amount Funded	Project Description	Sup. District*
2018 - 2019	San Francisco Parks Alliance	\$41,674	Fabricate and Install Garden Sheds	10
2018 - 2019	San Francisco Parks Alliance	\$22,000	Trail Maintenance	7
2018 - 2019	San Francisco Parks Alliance	\$301,087	Design and Build Public Pathway	9
2018 - 2019	Mission Kids	\$350,000	Design and Engineering for a Childcare Center	9
2019 - 2020	Lower Polk Community Benefit District	\$50,000.00	Design of Cable Car Terminus at California and Van Ness	5
2019 - 2020	Ingleside Community Fund	\$119,300.00	Public Gateway Arch	7

* Supervisorial district listed is from the fiscal year listed.

Recommendations for Improvements

MOHCD does not have any recommendations for improvements for this reporting period.

YOUTH COMMISSION MEMORANDUM

TO: Alisa Somera, Legislative Deputy Director

CC: Angela Calvillo, Clerk of the Board

FROM: 2023-2024 San Francisco Youth Commission

DATE: Tuesday, June 4, 2024

RE: SUBJECT: YOUTH COMMISSION REFERRED LEGISLATION BOS FILE # 240564

At its in-person meeting on Monday, June 3, 2024 took the following action on BOS FILE # 240564:

- Motion to Support Referred Legislation BOS File # 240564 [Supporting California State Assembly Bill No. 1975 (Bonta) - Medi-Cal: Medically Supportive Food and Nutrition Interventions]
Resolution supporting California State Assembly Bill No. 1975, introduced by Assembly Member Mia Bonta (D-66), co-authored by Assembly Members Joaquin Arambula, Isaac Bryan, Mike Gipson, Chris Holden, Corey Jackson, Reggie Jones-Sawyer, Kevin McCarty, Tina McKinnor, Akilah Weber, and Lori Wilson, to make medically supportive food and nutrition interventions a covered benefit under the Medi-Cal program.
- Commissioner's had concerns about the accessibility of cooking when it comes to medically supportive foods and would like to see an investment in expanding accessible cooking and purchasing pre-made meals for those who don't have the accessibility to cook.

Please do not hesitate to contact Youth Commissioners or Youth Commission staff (415) 554- 6446 with any questions. Thank you.

4 **Assembly Member Mia Bonta (D-66), co-authored by Assembly Members Joaquin**
5 **Arambula, Isaac Bryan, Mike Gipson, Chris Holden, Corey Jackson, Reggie Jones-**
6 **Sawyer, Kevin McCarty, Tina McKinnor, Akilah Weber, and Lori Wilson to make**
7 **medically supportive food and nutrition interventions a covered benefit under the Medi-**
8 **Cal program.**

9
10 WHEREAS, Many Californians, including San Franciscans, live with chronic health
11 conditions that are proven to be manageable and even preventable if given access to specific
12 and medically prescribed nutritional interventions; and

13 WHEREAS, These chronic illnesses disproportionately impact communities of color
14 and low-income residents facing food insecurity, food deserts, and a fundamental lack of
15 access to fresh foods; and

16 WHEREAS, Access to healthy foods, nutrition, and nutrition education are proven and
17 essential public health interventions that can be taken by healthcare providers to help prevent
18 and treat a long list of chronic health conditions; evidence has shown that where medically
19 supportive food has been prescribed and monitored by a physician, there have been
20 significant improvements in a person's medical outcomes and overall quality of life; and

21 WHEREAS, Providing patients with proper food and nutrition to individuals with chronic
22 health conditions has also resulted in significantly reducing healthcare costs; and

23 WHEREAS, The State of California has already officially endorsed the concept of
24 nutrition as an important factor in measuring health outcomes and health equity, incorporating
25

1 medically supportive food and nutrition interventions in the California Advancing and
2 Innovating Medi-Cal (CalAIM) initiative; and

3 WHEREAS, Despite the inclusion of these measures in State programs, they remain
4 optional, allowing individual managed health care plans to voluntarily opt in to the provision of
5 such services, resulting in many Medi-Cal beneficiaries who will not be eligible because their
6 plans may not include medically supportive food and nutritional interventions as a covered
7 benefit; and

8 WHEREAS, The Food is Medicine Initiative, led by Assembly Member Mia Bonta,
9 would provide medically supportive food and nutritional interventions as a permanent, covered
10 benefit under the Medi-Cal program, subject to federal approval and the issuance of final
11 guidance by the State Department of Health Care Services, and would require those
12 interventions to be offered to patients if determined to be medically necessary by a healthcare
13 provider or healthcare plan; and

14 WHEREAS, The inclusion of medically supportive food and nutritional services as a
15 required covered benefit of Medi-Cal would be a groundbreaking and strategic step toward
16 addressing the root causes of health disparities and chronic illness in California, and a model
17 for such health interventions to the rest of the nation; and

18 WHEREAS, This bill would “require the Department to define the qualifying medical
19 conditions for purposes of the covered interventions, and a health care provider, to the extent
20 possible, to match the acuity of a patient’s condition to the intensity and duration of the
21 covered intervention and to include culturally appropriate foods;” now, therefore, be it

22 RESOLVED, That the San Francisco Board of Supervisors supports Assembly Bill No.
23 1975 (AB 1975) and urges the California State Assembly to pass this legislation; and, be it

24 FURTHER RESOLVED, That the Clerk of the Board of Supervisors of the City and
25 County of San Francisco will transmit a copy of this Resolution to San Francisco's State five

1 Legislative Delegation, City and County of San Francisco State Lobbyist, California Governor
2 Gavin Newsom and the bill's primary sponsors, Assembly Members Bonta, Arambula, Bryan,
3 Gipson, Holden, Jackson, Jones-Sawyer, McCarty, McKinnor, Weber, and Wilson.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on a book value basis of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution. The full Investment Policy can be found at <https://sftreasurer.org/banking-investments/investments>

Totals may not add due to rounding.

Subject: FW: Response to Low Value Contracts Letter of Inquiry from Supervisor Mandelman
Date: Tuesday, June 4, 2024 11:44:00 AM
Attachments: [Chapter 21 Low-value Contract Memo Final Response.pdf](#)
[Clerk's Memo.pdf](#)

Hello,

Please see attached for **updated** communication from the Office of the City Administrator in response to a Letter of Inquiry issued by Supervisor Mandelman at the April 19, 2022, Board of Supervisors meeting. The previously distributed response included a minor typo that has been corrected.

Sincerely,

Joe Adkins
Office of the Clerk of the Board
San Francisco Board of Supervisors
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102

Subject: FW: Response to Low Value Contracts Letter of Inquiry from Supervisor Mandelman

Hello,

Please see below and attached for communication from the Office of the City Administrator in response to a Letter of Inquiry issued by Supervisor Mandelman at the April 19, 2022, Board of Supervisors meeting.

Sincerely,

Joe Adkins
Office of the Clerk of the Board
San Francisco Board of Supervisors

Subject: Response to Low Value Contracts Letter of Inquiry from Supervisor Mandelman

Hello, Clerk Calvillo and Alisa,

Attached please find both the original Letter of Inquiry related to Low Value Contracts that we received from Supervisor Mandelman, as well as our response.

This response is one part of an ongoing conversation between our Government Operations, Office of Contract Administration, and Central Office teams and Supervisor Mandelman about contracting process improvements; we look forward to continuing the effort.

Warmly,
Sophie

Improving the Process for Chapter 21 Low-value Procurements Recommendations

CITY & COUNTY OF SAN FRANCISCO

May 2024

Office of the City Administrator

Table of Contents

Topic	Slide #
Executive Summary	3 - 8
Terminology	9 - 10
The City's Contracting Context	11 - 15
Recommendations	
<i>Recommendation 1: Improve the Informal Procurement Process</i>	16 - 19
<i>Recommendation 2: Simplify Terms & Conditions</i>	20 - 25
<i>Recommendation 3: Reconcile Contracting Requirements</i>	26 - 29
<i>Recommendation 4: Standardize Future Procurement Legislation</i>	30 - 33
<i>Recommendation 5: Increase Interdepartmental Coordination</i>	34 - 37
Appendices	38 - 41

Challenge

The City's current contracting processes create a high level of administrative burden for both City staff and suppliers, making it more difficult for the City to fulfill its mission and serve the public.

- For City staff, an excessive amount of time is spent navigating complicated procurement processes and guiding suppliers through compliance requirements. This can take time away from strategic or performance management activities.
- For suppliers, the City's requirements make doing business with the City confusing and cost-prohibitive. Small and local businesses experience high barriers to entry, which can run counter to the City's goals of local investment and equitable contracting.

Root Causes

The City's current contracting challenges are the result of a complex, decentralized policy environment.

- Many of the City's contracting policies have prescriptive requirements, and some cannot be changed without legislative action. These policies have accumulated over time¹ without consideration of how they interact with other existing laws.
- Numerous City departments and divisions oversee discrete segments of procurement processes, making it difficult for City staff and suppliers to understand and monitor the full lifecycle of a contract. A contract can only move as fast as its slowest process.

Results

The City's procurement processes make executing a \$100,000 contract just as difficult as executing a \$5,000,000 contract.

- Over the past 5 years, thousands of contracts for \$200k or less – accounting for 59% of the contract volume but only about 2% of the City's total contract spend – had to comply with similar compliance processes as multi-million dollar contracts.
- This means that City staff and suppliers are spending a disproportionate amount of time and resources on a relatively small share of the City's spend.

¹ The San Francisco Municipal Codes include the word "contract" and "procurement" more than 8,700 times.

Background

The COVID-19 pandemic highlighted several significant challenges with core City processes like hiring, contracting, and financial operations as City staff and programs had to adapt to emergency response and remote work. These challenges impacted San Francisco's recovery on service delivery and implementation of new initiatives.

To address these challenges, in FY22-23 the Mayor created the Government Operations Recovery Initiative (Gov Ops) to focus on improving the City's core functions. With support from the Board of Supervisors, the goal of the Gov Ops initiative is to make our City's government more efficient, equitable, and effective. This included the formation of a new team within the City Administrator's Office focused on procurement and contract reform.

In the past two years, this new team has made key administrative and operational improvements while also working with policymakers to prioritize and implement a number of changes to the City's contracting processes. A few highlights of this work include issuing a report on policy alternatives to Ch 12X Banned States (December 2022), launching an SF.gov website centralizing contracting information (February 2023), developing a one-stop-shop for contracting waivers and forms (April 2023), creating a team to assist departments with their contracting needs (May 2023), and issuing a report on competition in City contracting (June 2023).

Letter of Inquiry

In April 2022, Supervisor Mandelman issued a letter of inquiry to the City Administrator's Office asking the City Administrator to draft recommendations to improve the Chapter 21 procurement process for low-value contracts.

- This report is in direct response to Supervisor Mandelman's letter of inquiry and incorporates the large body of work that CAO has been engaged in as part of the City's procurement reform efforts.
- This report aims to tackle the complex policies and business processes that hinder the City's ability to procure goods and services effectively and efficiently, while also applying a lens of how the City can make it easier to contract with small and local businesses.
- This report contains five overall strategic recommendations. In addition to improving the process for low-value contracts, some recommendations may also help improve the City's overall procurement framework.

Recommendation 1: Improve the Informal Procurement Process

- The City Administrator's Office (CAO) should work with the Office of Contract Administration (OCA) and the Contract Monitoring Division (CMD) to update informal procurement process guidelines, including how the City can maximize the Micro LBE Set-Aside and SF First programs.

Recommendation 2: Simplify Terms & Conditions

- CAO should partner with the City Attorney's Office (CAT) and Risk Management to make the City's standard Terms & Conditions (T&Cs) for low-value contracts more readable and user-friendly.
- The Board of Supervisors could conduct a comprehensive review of the T&Cs, with an eye towards amending legislation to update the City's standard T&Cs.

Recommendation 3: Amend Legislation to Update and Reconcile Contracting Requirements

- The Board of Supervisors could consider amending legislation to update and reconcile the City's contracting requirements, many of which were designed under different administrative or policy conditions and have not been re-visited since.

Recommendation 4: Explore Standardization in Future Procurement Legislation

- CAO should partner with CAT to develop a legislation template for any future, proposed procurement-related legislation.
- Prior to enacting any new legislation that may impact City contracting, the Board of Supervisors should consider requesting an administrative review to understand the potential impact on the City's overall procurement process and incorporate recommendations into the legislation.

Recommendation 5: Increase Coordination Across Departments that Interact with Suppliers

- CAO should convene City departments responsible for different aspects of supplier experiences to regularly align on policy and administrative processes to ensure that suppliers can experience greater cohesion in their interactions with the City.

The City's procurement and contracting terminology are nuanced and complicated.¹ Definitions have been included to clarify key concepts.

Note: The first three key terms – minimum competitive amount, informal procurement, and low-value procurement – overlap conceptually and are nearly interchangeable. Their use depends on what a speaker is trying to emphasize.

- **Minimum Competitive Amount (MCA):** The MCA is the threshold above which goods or services need to be *formally* procured (conversely, anything under the MCA threshold can be procured *informally*). The MCA is tied to the Urban Consumer Price Index and is updated every 5 years, with the next update scheduled for January 2025. The MCA is explicitly defined in the Administrative Code and is currently set at \$200k for professional services and commodities. (*See slide 40 in the appendix for the list of MCA thresholds.*)
- **Informal procurements:** Informal procurement refers to instances where the contract amount will be less than the MCA and are subject to Office of Contract Administration and Contract Monitoring Division guidelines. (*See Chapter 21 Rules and Regulations, Definitions.*) An informal procurement should first be conducted as a Micro LBE set-aside or through the SF First program.
- **Low-value procurements:** No formal definition of “low-value procurements” exists in the Administrative Code. This report uses the professional services and commodities MCA of \$200k as the definition of low-value procurements.

¹ The confusing terminology is itself a challenge that needs addressing beyond the scope of this report.

Other Acronyms and Abbreviations

- **BOS:** Board of Supervisors
- **CAO:** City Administrator's Office
- **CAT:** City Attorney's Office
- **CIO:** Chief Information Officer
- **CMD:** Contract Monitoring Division
- **HCAO:** Health Care Accountability Ordinance
- **LBE:** Local Business Enterprise
- **MCO:** Minimum Compensation Ordinance
- **OCA:** Office of Contract Administration
- **PO:** Purchase Order
- **SME:** Subject Matter Expert
- **T&Cs:** Terms and Conditions

Who is responsible for executing procurement in the City?

The City's Administrative Code authorizes different departments to execute different types of procurements.

OVERSIGHT BODY	TYPE OF PROCUREMENT	AUTHORIZING ADMIN CODE
Office of Contract Administration	Professional and general services, commodities	Chapter 21
Chapter 6 Departments and Commissions (Public Works, Public Utilities Commission, SFO, MTA, SF Port, Rec & Park)	Construction	Chapter 6
All Departments (with rules and regulations issued by the City Purchaser)	Grants	Chapter 21G
Real Estate, Enterprise Departments	Property Contracts	Chapter 23
City Departments and Commissions (MOHCD, OCII, OEWD, TIDA, SF Port, Public Utilities Commission, Rec & Park, MTA)	Construction with Development Agreements	Chapter 56
Departments with special authority as defined in code or charter (e.g., Department of Public Health, MTA)	Special Purchasing Authorities	Multiple

Who else creates or administers contracting requirements?

In addition to the departments that preside over the solicitation and approval of contracts, the Administrative Code also tasks different departments with creating and administering different parts of the contracting process.

Department	Contracting Requirement
Treasurer & Tax Collector	Business Tax Registration
Civil Service Commission	Services Contracts Review & Approval
Risk Management	Insurance Requirements
Department of Technology	CIO Review and Cyber Security Approval
Contract Monitoring Division	Local Business Enterprise Program, Equal Benefits
Office of Economic and Workforce Development	First Source Hiring Program
Committee on Information Technology	Surveillance Ordinance
Office of Labor Standards Enforcement	Labor Rules and Regulations (Minimum Compensation, Healthcare Accountability, Prevailing Wage)
Controller's Office	Bidder and Supplier Registration
Department of the Environment	Green Purchasing Requirements
City Attorney	Terms & Conditions

What challenges does the City's approach to contracting create?

Impact on City Operations

Process Pain Points

- **Complexity limits competition** in City bidding, as businesses may choose not to work with the City given how difficult it is to participate. For example, in FY23, approximately 46% of the solicitations that the Office of Contract Administration issued received only a single response or zero responses.
- **Lengthy processes and delays** can jeopardize projects so there may be an incentive for workarounds. It can take 1+ year from the time of issuing a solicitation to an actual project start date.
- Processes are decentralized, which **weakens opportunities for accountability** and change.

Staffing Challenges

- Complexity requires **heavy staff resourcing** to run a procurement process.
- There is a **steep learning curve for new staff**, which can take away from strategic and performance management activities and leads to inconsistencies.
- **Vacancies are hard to fill** with long ramp up periods to get staff fully trained. Without the staffing resources to oversee procurement, contracting backlogs also grow.

Impact on Businesses and Nonprofits

High barriers to entry

- The City's **array of requirements is hard to understand and navigate**, so businesses and non-profits must invest a lot of time and resources to work with us.
- In particular, **small businesses may not have the resources to navigate** all of the City's business processes and legal requirements. This limits the City's ability to use its buying power to support the local economy, as many local businesses may not be able to participate.

Less transparency & accountability

- The City's processes are decentralized with **no single, central source of information** and highly decentralized program administration, making it difficult to understand where you are in the process and who is accountable.
- The City provides a **poor experience for suppliers and vendors**. In response to these challenges, there has been consistent and active advocacy for change from businesses and non-profits.

What does procuring low value contracts currently look like?

A one-size-fits-all approach:

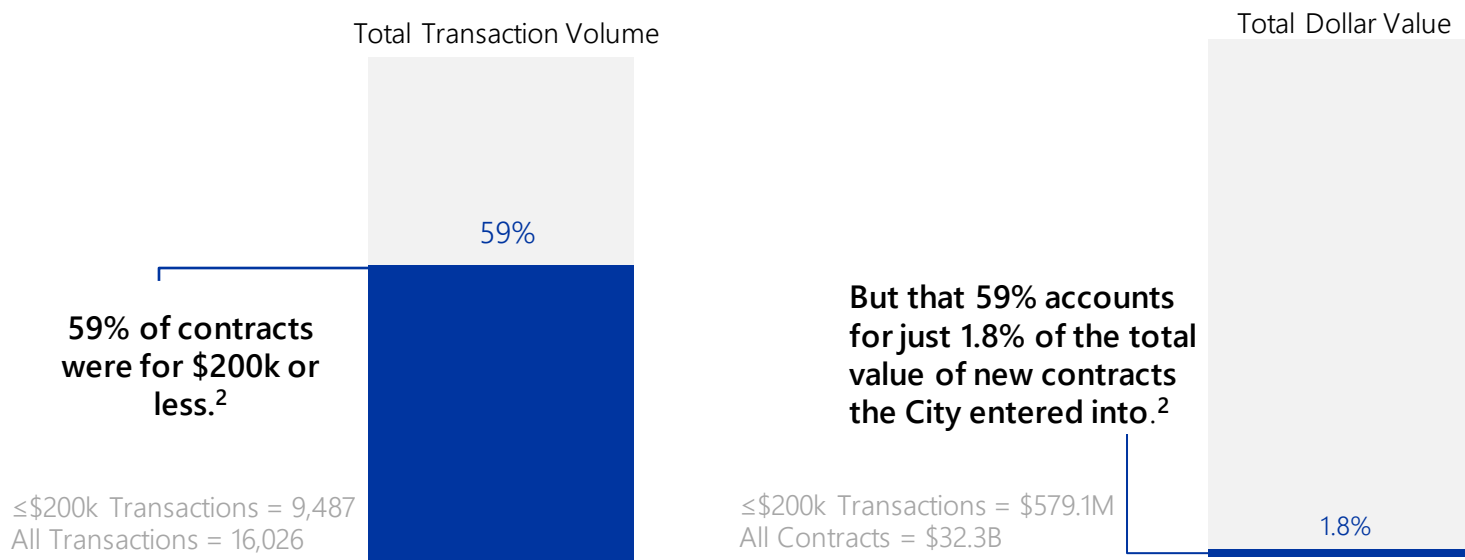

- Even though the City has an existing “informal” process for procurements up to the Minimum Competitive Amount (MCA), the City’s many requirements make informal procurements just as time and resource intensive as competitive formal solicitations.
- All contracts require the same approval process regardless of value. For example, it is often just as complicated to execute a \$100,000 contract as it is to execute a \$5,000,000 contract.
- Contracts must generally use the same Terms and Conditions (T&C) language, including similar liability and indemnification language, regardless of what is being purchased.
- Most contracts (with limited exceptions) require that the supplier demonstrate compliance with a range of contracting requirements or obtain a waiver.
- Even though City staff spend much of their time on compliance activities, the complexity of the City's procurement framework may create incentives for workarounds in order to get through onerous processes. Improving processes could allow for more transparency and accountability.

Context: Contracts for \$200k or Less

Over the past 5 years, the thousands of contracts entered into PeopleSoft for \$200k¹ or less accounted for 59% of the total number of contracts the City entered into. However, cumulatively, these contracts only accounted for ~2% of the City's total contract spend.

These low value contracts had to comply with similar compliance processes as multi-million dollar contracts. This means that City staff and suppliers are spending a disproportionate amount of energy and resources on a relatively small share of the City's spend. Therefore, improving the low value procurement process will allow staff to focus their time on entering into and administering contracts where the City focuses most of our buying power.

For example, from FY2019 – FY2023:

¹ This report uses the Minimum Competitive Amount for professional services and commodity procurements as the definition for low value procurement. The MCA is currently set at \$200k. | ² These figures exclude purchases made via Prop Q and stand-alone purchase orders.

Recommendation 1: Improve the Informal Procurement Process

- CAO should work with OCA and CMD to update informal procurement process guidelines, including how the City can maximize the Micro LBE Set-Aside and SF First programs.

Recommendation 1: Analysis and Rationale

Procurements under the Minimum Competitive Amount are supposed to be considered “informal” per the City's Administrative Code. However, informal procurements are often just as rigorous and time-consuming as formal solicitations.

- Departments are required to establish formal scoring panels and evaluation criteria during the informal process.
- Informal procurements include additional steps and considerations around solicitation design and outreach that do not necessarily apply to formal procurements.

The City could incentivize greater use of the Micro LBE Set-Aside and SF First programs by clarifying and improving processes, systems, and LBE outreach mechanisms.

- The Micro LBE Set-Aside and SF First programs are two types of informal procurements. These programs could be updated to both simplify informal procurement processes and expand contracting opportunities to the City's LBE community.
- CAO and CMD could collaborate to explore the current challenges that City staff have in implementing Set-Asides and SF First and develop revised program processes that maximize efficiency and contracting equity.
- Additionally, CMD is currently pursuing an evaluation of the overall 14B program. This evaluation can help surface insights from both City staff and suppliers about how the Set Aside and SF First programs could improve the informal procurement process while upholding the City's values around fairness and transparency in procurement.

Proposal evaluation is another resource-intensive part of the City's procurement framework.

Issuing guidance on evaluation panel best practices – rather than prescribing requirements – could move the City closer towards right-sizing the amount of time and resources that go into low-value procurements.

- For example, the City could allow a greater share of individuals from a single department to serve on panels.
 - Current City regulations cap the share of panelists coming from a single department at 50%.
 - Depending on the size of the panel, this could necessitate recruiting many individuals from other departments to serve as panelists. This is difficult because evaluation is a time-intensive responsibility when departments are already resource-constrained.
- To preserve impartiality, the City should continue to maintain its ethics and conflicts of interest policies and all evaluators should be reminded of ethics considerations before serving on a selection panel.

Recommendation 2: Simplify Terms & Conditions

- **CAO should partner with the CAT and Risk Management to make the City's standard T&Cs for low-value contracts more readable and user-friendly.**
- **The Board of Supervisors could conduct a comprehensive review of the T&Cs, with an eye towards amending legislation to update the City's standard T&Cs.**

Recommendation 2: Analysis and Rationale

21

Recommendations: 1. Informal Process | 2. **Terms & Conditions** | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

The City's current T&Cs are long, dense, and difficult to understand – particularly for small businesses.

Example:

Article 7. Payment of Taxes

Contractor to Pay All Taxes. Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

This contract term uses 479 characters (89 words) to tell the contractor: pay your taxes.

Recommendation 2: Analysis and Rationale

Individually, each of the City's T&C are well-intentioned, but in aggregate, they become difficult to manage, effectively layering on an additional premium to the cost of doing business with the City.

(c) The Pollution Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.5 Other Insurance Requirements

(a) Thirty (30) days' advance written notice shall be provided to the City of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to City. Notices shall be sent to the City address set forth in Section 11.1 entitled "Notices to the Parties."

(b) Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

(c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

(d) Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

(e) Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

(f) If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

5.2 Indemnification. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in

The City's standard T&Cs are about 31 pages long. Some cities and counties have terms and conditions that are closer to 5 – 20 pages.

Recommendation 2: Examples of Terms & Conditions

This table illustrates regulations specific to the City that have been embedded into contract terms and conditions. Suppliers must also comply with federal and state-wide regulations, such as maintaining accessible workspaces and prohibitions on working with minors.

There are over 20 City terms and conditions in the City’s contract template that cannot be changed without amending the City’s Administrative Code, including the examples below:

Requirement/Regulation	Applicable Contracts
Admin Code 12F: MacBride Principles – Northern Ireland	All
Env Code 16: Food Services Waste Reduction	Food services
Admin Code 101: Sugar-Sweetened Beverage Prohibition	All
Admin Code 12Y: Slavery Era Disclosure	Textiles, financial services, insurance services
Admin Code 12L: Public Access to Nonprofit Records and Meetings	All nonprofit contracts
Env Code 24: Packaged Water Prohibition	All
Env Code 8: Tropical Hardwood and Virgin Redwood Ban	Wood or wood products
Env Code 13: Preservative Treated Wood Products	Wood or wood products
Env Code 5: Print Services and/or Writing Paper Products	Printing services or writing paper products
Env Code 5: Collection of Recyclable Materials	Janitorial services + the City owns or leases at least 50% of the building

CAO should work with CAT and Risk Management to analyze and simplify the T&Cs language for Chapter 21 low-value contracts.

- CAT can provide context on how the various terms and conditions were conceived, what purpose they serve, and whether certain terms can be retired or updated.
- Both CAT and Risk Management can advise on whether revisions to the T&C opens the City up to additional risk and whether that risk is something that the City can tolerate or manage through other means.
- In addition to a simplified template, the revised T&C can help reduce the time it takes to negotiate contract terms with potential suppliers.

Recommendation 2: Analysis and Rationale

In addition to simplifying contract language, a policy option for the Board of Supervisors to consider is to conduct a comprehensive review of the City's T&C to determine which contract terms can be revised or removed.

- While simplifying the contract language will make contract documents more readable, changes to language alone will not lessen the burden of the City's requirements.
- Legislative action is required for reducing the number of contractual requirements for City suppliers.
- Moreover, while updating previously legislated contracting requirements will help simplify the City's current terms and conditions, a balance will need to be struck between changing past requirements and administering newly legislated changes as policymakers enact new laws.

Recommendation 3: Amend legislation to update and reconcile contracting requirements

- The Board of Supervisors could consider amending legislation to update and reconcile the City's contracting requirements, many of which were designed under different administrative or policy conditions and have not been re-visited since.

Recommendation 3: Analysis and Rationale

The many policy and administrative variations in contracting requirements are often cited as one of the most challenging aspects of City contracting.

- Contracting requirements are administered by different program departments and have different administrative requirements, thresholds, and triggers (see slide 28):
 - Thresholds range from \$0k to \$350k.
 - Requirements are applied based on varying triggers such as type of purchase (service or commodity) and by different durations (per contract or per fiscal year);
 - Different programs have different waiver and exemption criteria and processes.
- Inconsistencies between how different contracting requirements are articulated in policy and code documents often leads to interpretive questions that require multiple City staff to resolve – even for simple inquiries.
- The differing requirements also require the City to build highly customized IT systems to administer contracting requirements. This adds to customization costs, maintenance needs, and administrative burden.
- Suppliers and City staff must spend significant time, effort, and expenses to manage and document compliance with different program departments. This takes away from time that could be otherwise spent on performance management and other strategic activities.

Recommendation 3: Examples of Contract Requirements

Examples of Contracting Requirements' Thresholds, Basis, and Applicability

Program	Threshold	Basis	Applicable Chapters
Article 131/132: Equal Benefits	\$5,000	Fiscal Year	6, 21, 21G, 23
Article 141: Salary History	\$10,000	Fiscal Year	6, 21
Article 111: Minimum Compensation Ordinance	\$25,000/\$50,000	Fiscal Year	6, 21, 23 (Services Only)
Article 121: Healthcare Accountability Ordinance	\$25,000/\$50,000; \$75,000 ¹	Contract OR Fiscal Year	6, 21, 23 (Services Only)
Article 142: Criminal History	\$5,000	Fiscal Year	6, 21, 21G, 23
Article 151: Sweat-free	\$25,000	Contract	21 (Textiles Only)
14B: Bid Discounts/Rating Bonuses	\$10,000	Contract	6, 21
14B: LBE Subcontracting	\$100,000; \$500,000 ²	Contract	6, 21 (Professional Services)
83: First Source Hiring	\$50,000/\$350,000 ³	Contract	6, 21, 21G
Civil Service Review	\$0	Contract	6, 21 (General + Professional Services)

¹ The \$25,000 HCAO contract threshold applies to for-profit businesses, the \$50,000 for non-profits. But, regardless of whether it is for-profit or nonprofit, if a supplier receives a cumulative of \$75,000 or more from the City in a fiscal year, the HCAO applies. For example, if a for-profit receives 2 contracts each worth \$40,000 in a year, for a cumulative of \$80,000, the HCAO would apply.

² \$100,000 is the subcontracting threshold for Chapter 6 and 21 professional services contracts; \$500,000 is the subcontracting threshold for Chapter 6 construction contracts and Chapter 6 and 21 general services contracts.

³ The \$50,000 First Source contract threshold applies to professional and general services, the \$350,000 to Chapter 6 construction contracts.

Recommendation 3: Analysis and Rationale

A policy option for the Board of Supervisors to consider is amending legislation to reconcile various aspects of the City's contracting requirements.

- Potential areas for reconciliation include:
 - Definitions
 - Triggers for contract dollar amount, duration, and employee count
 - Applicability and non-applicability requirements
 - Waiver and exemption criteria
- Subsequent to any legislative changes, the City Administrator's Office should work with departments to update their systems, forms, and workflows to bring greater cohesion to the City's overall procurement process.

Recommendation 4: Ensure standardization in future procurement legislation

- **CAO should partner with CAT to develop a legislation template for any future, proposed procurement-related legislation.**
- **Prior to enacting any new legislation that may impact City contracting, the Board of Supervisors should consider requesting an administrative review to understand the potential impact on the City's overall procurement process and incorporate recommendations into the new legislation.**

Recommendation 4: Analysis and Rationale

The City has enacted many important contract policies to reduce inequalities and protect the health, well-being, and financial security of its constituents.

- Taken individually, the requirements for each policy are straightforward. Yet taken as a whole, achieving compliance with the full set of requirements is highly complex, costly, and confusing for suppliers.
- Because of their complexity, these policies can also create a high barrier of entry for smaller businesses. This runs counter to the City's goals of local investment and equitable contracting.
- If the City continues to add new policies without re-visiting its legal and regulatory foundations, procurement processes will be further overwhelmed.

Recommendation 4: Analysis and Rationale

The City can take proactive measures to balance future policy development with the need to procure goods and services.

Any future contracting-related legislation should use standard terms, definitions, and concepts to ensure that it fits into a cohesive procurement framework.

- This can be achieved through a procurement legislative template developed and maintained by CAT.
- The template could include standardized language on key procurement concepts, such as:
 - Definitions
 - Applicability and policy triggers
 - Waiver justifications
 - Exemptions

Recommendation 4: Analysis and Rationale

Before voting on future legislation that impacts procurement, the Board of Supervisors should consider requesting an administrative review to understand how the proposed law would fit into or alter the City's overall contracting framework.

- **The administrative review should include implementation, standardization, and resource considerations such as:**
 - How the new requirements would affect the ability of suppliers and small businesses to access City contracting opportunities;
 - How the new requirement interacts with existing laws;
 - Whether the City has available resources to effectively administer and enforce any new requirements;
 - What changes to the City's business processes would need to be made to administer the new requirements, especially as they pertain to any tools, forms, or IT systems that need to be created or maintained; and
 - When the change should be implemented, taking into consideration the communication and training that is required for all City departments and suppliers. Timing of implementation is particularly important given the number of newly legislated changes that departments must build into their business processes.
- **Recommendations from the review can then be incorporated into the proposed legislation to ensure that the new policy can be effectively implemented.**

Recommendation 5: Increase Departmental Coordination

- CAO should convene City Departments that are responsible for different aspects of supplier experiences to regularly align on policy and administrative processes, with the goal of ensuring that suppliers can have a more cohesive experience in their interactions with the City.

Recommendation 5: Analysis and Rationale

The City’s various contracting requirements are administered by different program departments.

- Because responsibilities are delegated to various agencies, there is no centralized source of information for suppliers.
- Decentralization has led to a lack of standardization in how contracting requirements are administered, which is confusing for both staff and suppliers.

CITY PROCUREMENT & SUPPLIER COMPLIANCE REQUIREMENTS	PROGRAM DEPARTMENT
Services Contracts	Civil Service Commission
Insurance Requirements	Risk Management
Technology Contracts – CIO Review and Cyber Security Approval	Department of Technology
Local Business Enterprise Program	Contract Monitoring Division
Equal Benefits	Contract Monitoring Division
First Source Hiring Program	Office of Economic and Workforce Development
Surveillance Ordinance	Committee on Information Technology
Labor Rules and Regulations (MCO, HCAO, Prevailing Wage)	Office of Labor Standards Enforcement
Bidder and Supplier Registration	Controller’s Office
Green Purchasing Requirements	Department of the Environment
Terms and Conditions	City Attorney

Recommendation 5: Analysis and Rationale

36

Recommendations: 1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

Issues arise even before suppliers can submit a bid on one of the City's various bidding portals. Suppliers must expend time and resources to navigate the City's complex ecosystem of departments and agencies.

Quotes from OCA CivicBridge Supplier Survey (Aug 2021):

The red tape and bureaucracy makes the process inaccessible to underrepresented and marginalized community members.

I received emails from different points of contact with the city. All were helpful, however it was unclear if they were sometimes automated messages or if the messages specifically applied to me. I had to follow up with people directly, which ended up being the most sure-footed way to know whether I was processed appropriately in the system or not.

Recommendation 5: Analysis and Rationale

Greater coordination between City departments would increase the City's accountability to suppliers and reduce the likelihood that willing and able suppliers disengage from the City's processes.

- City staff are experts in their program areas – but they may be less familiar with other departments' programs and the City's overall procurement and contracting framework.
- City staff need a centralized space to convene and align on policy, processes, and technology.
- While this would not lead to a centralization of responsibilities, it would help with internal awareness building, support better communications between the City and suppliers, and help City staff become better stewards of the procurement process.

Appendices

Member, Board of Supervisors
District 8

City and County of San Francisco

RAFAEL MANDELMAN

April 12, 2022

City Administrator Carmen Chu
1 Dr. Carlton B. Goodlett Place
City Hall Room 362
San Francisco, CA 94102

Dear Administrator Chu,

The City's procurement process is complex, time-consuming, and requires intensive resources both from City staff and potential partners who want to work with the City. Creating a procurement process for low-value contracts that is faster and more efficient would allow City staff to prioritize their efforts on higher risk procurement items. Additionally, a transparent, streamlined and less-costly procurement process would encourage more competition and will support the City's small businesses, who may not have the resources to navigate the complexity of the City's current procurement and contracting requirements.

Pursuant to the unlimited power of inquiry assigned to the Board of Supervisors in the San Francisco City Charter, I hereby ask the City Administrator to draft a recommendation on a new procurement process for low-value Chapter 21 contracts. The recommendation for a new procurement process should encompass the full life-cycle of the contract, starting from the solicitation process and ending with contract expiration.

I look forward to your response to this letter of inquiry and request that your office draft the recommendation within six months, by October 12, 2022. Thank you for your collaboration and ongoing reform efforts to ensure the City's services are inclusive, efficient, and equitable for everyone.

Sincerely,

A handwritten signature in black ink, appearing to read "RJM".

Rafael Mandelman
Member, San Francisco Board of Supervisors

cc: Mayor London Breed

Appendix B: Minimum Competitive Amount

The table below lists the Minimum Competitive Amount (MCA) for each purchasing category.

Administrative Code	Purchasing Category	MCA / Threshold Amount
Chapter 21, 6	Professional Services Commodities	\$200,000
Chapter 21	General Services	\$1,000,000
Chapter 6	Construction	\$1,000,000

BOARD OF SUPERVISORS
CITY & COUNTY OF SAN FRANCISCO

OFFICE OF THE CLERK OF THE BOARD

Email: Angela.Calvillo@sfgov.org

April 29, 2022

Via Email: Carmen.Chu@sfgov.org

Carmen Chu, City Administrator
1 Dr. Carlton B. Goodlett Place, Room 362
San Francisco, CA 94102

Dear City Administrator Chu,

At the April 19, 2022, Board of Supervisors meeting, Supervisor Mandelman issued the attached inquiry to the Office of the City Administrator. Please review the attached introduction form and letter of inquiry, which provides the Supervisor's specific request.

The inquiry, in summary, requests the Office of the City Administrator to draft the following:

A recommendation on a new procurement process for low-value Chapter 21 contracts. The recommendation for a new procurement process should encompass the full life-cycle of the contract, starting from the solicitation process and ending with contract expiration.

Please contact Ross Green, Legislative Aide to Supervisor Mandelman, at Ross.Green@sfgov.org for response and/ or questions related to this request, and copy BOS@sfgov.org on all communications to enable my office to track and close out this inquiry. Please provide your response no later than October 12, 2022.

For questions pertaining to the administration of this inquiry, do not hesitate to contact me in the Office of the Clerk of the Board at (415) 554-5184.

Very Truly Yours,

A handwritten signature in blue ink that reads "Angela Calvillo".

Angela Calvillo
Clerk of the Board
San Francisco Board of Supervisors

CC: Mayor London Breed

Subject: 7 Approved Requests to Waive 12B Requirements
Date: Thursday, June 6, 2024 2:07:00 PM
Attachments: [7 Approved Requests to Waive 12B Requirements.pdf](#)

Hello,

Please see below and attached for 7 approved requests to waive 12B requirements.

Requester: Stephanie Hon

Department: DPH

Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)

Supplier ID: 0000012360

Requested total cost: \$6,435,005.00

Short Description: UCSF SPR provides services to reduce unnecessary institutional care of high-risk individuals with serious mental illness who are TAY or AOA.

Requester: Connie Jozami

Department: DPH

Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)

Supplier ID: 0000011707

Requested total cost: \$4,750.00

Short Description: Safeway- food cards to encourage and incentivize participation in client feedback sessions for clients who obtain mental health and substance use services

Requester: Sarah Lew

Department: DPH

Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)

Supplier ID: 0000011707

Requested total cost: \$9,500.00

Short Description: Safeway: Gift cards for purchase of food are distributed to Team Lily patients as incentives and enablers to improve adherence

Requester: Sarah Lew

Department: DPH

Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)

Supplier ID: 0000009968

Requested total cost: \$9,800.00

Short Description: Target: Gift cards for purchase of food, diapers, formula, and other items are distributed to Team Lily patients as incentives and enablers to improve adherence

Requester: Connie Jozami

Department: DPH

Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)

Supplier ID: 0000011707

Requested total cost: \$750.00

Short Description: Safeway - cards for participating in 90-minute focus group session and provide feedback about our services during the Mental Health Plan External Quality Review

Requester: Leon Ho
Department: DPH
Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)
Supplier ID: 0000014051
Requested total cost: \$6,000.00
Short Description: Wheelchair repair and parts

Requester: Michael Gabriel
Department: CON
Waiver Justification: 12B.5-1(d)(1) (No Vendors Comply)
Supplier ID: 0000012556
Requested total cost: \$1,452.00
Short Description: ABL80 PM Zone 1-3 Preventative Maintenance

TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 713, 1050, 1050(b), 6653, 6653.5, 7075, 7078, 7920, 7923, 7924, 8022, 8026, 8046, 8046.1, 8047, 8254, 8259, 8587.1, 9054, 9055 of the Fish and Game Code, and to implement, interpret or make specific Sections 51, 150, 713, 1050, 2365, 6650, 6651, 6652, 6653, 6653.3, 6654, 6656, 6680, 7050, 7055, 7056, 7071, 7850, 7852.2, 7857, 7923, 7924, 8022, 8026, 8043, 8046, 8250, 8250.5, 8254, 8587.1, 9002, 9005, 9006, 9010, 9054, 9055, and proposes to amend sections 120.7, 122, 165, 190, 705.1, Title 14, California Code of Regulations (CCR), relating to marine logbooks and coastal charts.

Informative Digest/Policy Statement Overview

Unless otherwise specified, all section references in this document are to Title 14, CCR.

The California Department of Fish and Wildlife (Department) is recommending that the California Fish and Game Commission (Commission) amend sections amend subsections 120.7(m), 122(e), and 165(a)(1)(C), add new Subsection 190(f) and repeal Subsection 705.1(d) to provide a universal and up to date reference of Marine Logbooks and Fishing Block Charts in all forms where fishing blocks are reported.

The Department produces charts defining areas of fishing activity, commonly referred to as “fishing blocks.” These charts, with some modifications made over time, have been in consistent use for reporting fishing activity locations for all marine commercial fisheries. Some ambiguity has existed for decades, and correction is needed to collect accurate information as initially intended.

The proposed changes include:

- Section 705.1 removes subsection “(d) Maps of department origin blocks also known as fishing blocks” which incorporates by reference the three charts: Northern California Fisheries (September 2015); Central California Fisheries (September 2015); and Southern California Fisheries (April 2016). The charts will instead be referenced in Section 190 with a universal provision applicable to all forms requiring fishing origin block number data.
- Section 190 adds subsection “(f) Fishing Block Charts” which will specify that when a Department form requires that the origin block number be specified, this location number shall be referenced on the California Fisheries Chart Series, as prescribed by the Department at <https://wildlife.ca.gov/Fishing/Commercial/MFSU>. Providing this provision within Section 190 adds clarity and consistency to record reporting requirements for all commercial fisheries.
- Section 165 amends subsection (a)(1)(C) by deleting the phrase “(incorporated by reference in Section 705.1)” and replacing it with “(specified in Section 190(f))”. The charts will be referenced in Section 190 with a universal provision applicable to all forms requiring fishing origin block number data.
- Section 122 amends subsection (e), Records. The amendment will strike out this outdated version of the block chart, amend text for clarity. and specify a revised form, not including the charts, which will then be subject to the universal provisions of Section 190, Fishing Activity Records.
- Section 120.7 amends subsection (m) Logbooks. The amendment will amend text for clarity, delete a sentence which is redundant relative to provisions covered in Section 190,

and specify a revised form, not including the charts, which will then be subject to the universal provisions of Section 190, Fishing Activity Records.

Proposed revision to forms incorporated by reference include:

- Forms DFW 120.7 and DFW 122 will need revision so that one universal version of block chart as proposed in Section 190 is used in all forms.
- Commercial Dive Fishing Log DFW 120.7 revision will remove the charts from the instructions on the form, clarifying that the log will then be subject to the universal provisions of Section 190, Fishing Activity Records with the newly proposed subsection 190(f). The revised form will also update office addresses, nomenclature for field names, and include fields for “Species” and “Fish Ticket Number.”
- Daily Lobster Log DFW 122 revision will remove the charts from the instructions on the form, clarifying that the log will then be subject to the universal provisions of Section 190, Fishing Activity Records. The revised form will also update an office address and nomenclature for some field names. “Landing receipt” is changed to “Fish Ticket” to reflect potential submissions via the electronic fish ticket (E-tix) or landing receipts associated with the catch. The “F & W Vessel Number” is proposed for update to “CDFW Boat Registration Number” to more accurately reflect terminology used in lobster fishing.

Benefit of the Regulations

The goal of these regulations is to update fisheries charts to improve the quality of the data used by the Department in its ocean fisheries management recommendations resulting in net benefits to stakeholders.

The current reference for block codes creates ambiguity in the information collected. Corrections are needed in order to collect the information at the resolution initially intended. The proposed changes are necessary for the betterment of fishery management decisions based on this information. Additionally, the proposed changes will improve spatial resolution to a level that will allow for correct distinction between catch originating in U.S. versus foreign waters and between inshore and offshore waters of California.

Consistency and Compatibility with Existing Regulations

The proposed regulations are neither inconsistent nor incompatible with existing state regulations. Article IV, Section 20 of the State Constitution specifies that the Legislature may delegate to Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has delegated to the Commission the power to adopt regulations governing aspects of the commercial marine fishing logs (California Fish and Game Code sections 8026, 8254, and 9054). No other state agency has the authority to adopt regulations governing marine logs. The Commission has reviewed its own regulations and finds that the proposed regulations are consistent with other marine fishing regulations and marine protected area regulations in Title 14, CCR, and therefore finds that the proposed regulations are neither inconsistent nor incompatible with existing state regulations.

Public Participation

Comments Submitted by Mail or Email

It is requested, but not required, that written comments be submitted on or before August 1, 2024 at the address given below, or by email to FGC@fgc.ca.gov. Written comments mailed,

or emailed to the Commission office, must be received before 12:00 noon on August 9, 2024. If you would like copies of any modifications to this proposal, please include your name and mailing address. Mailed comments should be addressed to Fish and Game Commission, PO Box 944209, Sacramento, CA 94244-2090.

Meetings

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at the Mountain Side Conference Center, 10001 Minaret Road, Conference Room 4, Mammoth Lakes, California on **Wednesday June 19, 2024**, and may continue on **Thursday June 20, 2024**. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at the River Lodge Conference Center, 1800 Riverwalk Drive, Fortuna, California on **Wednesday, August 14, 2024**, and may continue on **Thursday, August 15, 2024**. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

Availability of Documents

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikethrough format can be accessed through the Commission website at www.fgc.ca.gov. The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller-Henson, Executive Director, Fish and Game Commission, 715 P Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Melissa Miller-Henson or Jenn Bacon at FGC@fgc.ca.gov or at the preceding address or phone number. **Paulo Serpa, Senior Environmental Scientist, Department of Fish and Wildlife, has been designated to respond to questions on the substance of the proposed regulations. Mr. Serpa can be reached at (805) 729-5309 or MFSU@Wildlife.ca.gov.**

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The Commission does not anticipate that the proposed action will have significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed changes provide clarification of existing regulations that aid in the continued preservation of marine resources, while continuing to maintain commercial and sport fishing opportunities and thus, the prevention of adverse economic impacts.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate adverse impacts on the creation or elimination of jobs within the state. The Commission does not anticipate adverse impacts on the creation of new business, the elimination of existing businesses or the expansion of businesses in California. The proposed changes are to provide clarification of existing regulations that are not anticipated to change the level of fishing activity and thus the demand for goods and services related to marine resource harvest that could impact the demand for labor, nor induce the creation of new businesses, the elimination, nor the expansion of businesses in California. The Commission does not anticipate any benefits to the health and welfare of California residents or to worker safety.

The Commission anticipates benefits to the State's environment indirectly through improved accuracy in information collected for the betterment of fisheries management, which improves fish stocks and the marine coastal ecosystem.

(c) Cost Impacts on a Representative Private Person or Business:

The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

No changes to costs or savings to state agencies or in federal funding are anticipated by the proposed clarification of existing regulations. The Department program implementation and enforcement are projected to remain the same with a stable volume of marine resource harvest activity.

(e) Nondiscretionary Costs/Savings to Local Agencies:

None.

(f) Programs Mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

This email was sent to board.of.supervisors@sfgov.org from the California Natural Resources Agency utilizing govDelivery. California Natural Resources Agency, 715 P Street, Sacramento, CA 95814

TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 205, 265, 270, 275, 315, and 399, of the Fish and Game Code, interpret or make specific sections 110, 200, 205, and 265, proposes to amend sections 5.79, 8.80, 27.90, and 29.72, Title 14, California Code of Regulations (CCR), relating to white sturgeon fishing.

Informative Digest/Policy Statement Overview

Unless otherwise specified, all section references in this document are to Title 14, CCR.

The California Department of Fish and Wildlife (Department) is recommending that the California Fish and Game Commission (Commission) amend sections 5.79, 5.80, 27.90 and 27.92 to protect the white sturgeon population until a long-term regulation can be implemented.

The proposed changes to the white sturgeon (*Acipenser transmontanus*) sport fishing regulations aim to continue the one fish annual bag limit, reduced size limit, per-day vessel limit, and fishing closures established by emergency regulatory action on October 13, 2023 (Office of Administrative Law file #2023-1106-01E, 2024-0508-02EE). The existing emergency regulations are set to expire in November 2024, following planned second readoption of the emergency regulations in August. It is anticipated that a standard rulemaking with long-term changes to the white sturgeon fishery will be received by the Commission in summer 2024. The proposed amendments in this current rulemaking are necessary to protect the white sturgeon population until the long-term regulation can be implemented.

Proposed Changes to the Regulation

- Section 5.79: Amend white sturgeon report card and tagging requirements for inland waters.
- Section 5.80: Amend white sturgeon open season and daily and annual bag limit.
- Section 27.90: Amend white sturgeon open season and daily and annual bag limit for areas west of the Carquinez Bridge.
- Section 27.92: Amend white sturgeon report card and tagging requirements for ocean waters.

Benefit of the Regulations

The goal of these regulations is to continue the harvest restrictions that will protect the remaining population while new long-term regulations are developed, providing opportunity for surviving fish to spawn unmolested.

The Commission anticipates benefits to the state's environment through this regulatory action to make near-term the emergency action directed at reducing exploitation rate and protecting reproduction of the species is necessary until more updated management actions for the fishery are enacted that will adequately protect the remaining white sturgeon population in the long-term. Based on fishery data, the white sturgeon population was already overexploited under current regulations, and updated regulations were needed and are being considered.

Consistency and Compatibility with Existing Regulations

Article IV, Section 20 of the State Constitution specifies that the Legislature may delegate to Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has delegated to the Commission the power to regulate sport fishing in waters of the state (Fish and Game Code sections 200, 205, and 315). The Commission has reviewed its own regulations and finds that the proposed regulations are consistent with other recreational fishing regulations in Title 14, CCR, and therefore finds that the proposed regulations

are neither inconsistent nor incompatible with existing state regulations. The Commission has searched the California Code of Regulations and finds no other state agency regulations pertaining to temporarily prohibiting harvest of white sturgeon due to population decline.

Public Participation

Comments Submitted by Mail or Email

Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on August 9, 2024. If you would like copies of any modifications to this proposal, please include your name and mailing address. Mailed comments should be addressed to Fish and Game Commission, PO Box 944209, Sacramento, CA 94244-2090.

Meetings

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at the Mountain Side Conference Center, 10001 Minaret Road, Conference Room 4, Mammoth Lakes, California, Mammoth Lakes, California on **Wednesday June 19, 2024**, and may continue on **Thursday June 20, 2024**. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at the River Lodge Conference Center, 1800 Riverwalk Drive, Fortuna, California, which will commence **Wednesday, August 14, 2024**, and may continue on **Thursday, August 15, 2024**. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

Availability of Documents

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikethrough format can be accessed through the Commission website at www.fgc.ca.gov. The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller-Henson, Executive Director, Fish and Game Commission, 715 P Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Melissa Miller-Henson or Jenn Bacon at FGC@fgc.ca.gov or at the preceding address or phone number. **Dr. John Kelly, Statewide Sturgeon Coordinator, Department of Fish and Wildlife, has been designated to respond to questions on the substance of the proposed regulations. Dr. Kelly can be reached at sturgeon@wildlife.ca.gov.**

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any

person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) **Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:**

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. A bag limit maintains the existing economic climate because the reduction is not significant enough to alter fishing behavior beyond reducing daily harvest.

(b) **Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:**

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California. This proposed action should allow for ongoing fishing activity similar to current and historical levels which would not affect the demand for jobs or the demand for goods and services. The Commission does not anticipate any benefits to the health and welfare of California residents, or worker safety. The Commission anticipates benefits to the State's environment by sustainably managing California's sportfishing resources.

(c) **Cost Impacts on a Representative Private Person or Business:**

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. No change in fees, nor gear or equipment requirements are introduced for the recreational White Sturgeon fishery.

(d) **Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:**

No costs or savings to state agencies or costs/savings in federal funding to the state are anticipated. The Department's existing level of monitoring and enforcement activities is expected to be unchanged by the proposed regulation. However, the Department anticipates a continuation of the reduction in White Sturgeon Report Cards sales revenue since the emergency had been implemented. Card sales revenue losses are estimated to be about \$20,000 in the 2024 license year.

(e) **Nondiscretionary Costs/Savings to Local Agencies:**

None.

(f) **Programs Mandated on Local Agencies or School Districts:**

None.

(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Subject: The SFMTA's \$1.5 million grant to the SF Bicycle Coalition

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To the SFMTA Board of Directors:

I've just learned of the MTA Board's approval of a \$1.5 million grant to the San Francisco Bicycle Coalition, and I am outraged by this.

Firstly, The City's budget is strained at this time.

Secondly, Municipal Railway service is what the Board needs to spend that \$1.5 million on.

Thirdly, the SF Bicycle Coalition is an extremist anti-automobile lobbying organisation that advocates the

expropriation of traffic lanes and on-street parking for bicyclists.

It goes without saying that bicyclists do NOT pay road taxes, for which the year sticker on the back of our cars' licence plates is proof of payment of that tax. Therefore, your agency's willingness to remove traffic lanes and street parking for bicycle lanes at the literal expense of motorists is entirely wrong.

This grant is a disgraceful misappropriation of taxpayers' money, and all of you and CEO Tumlin ought to be ashamed of yourselves for approving this grant to a political lobbying organisation such as the SF Bicycle Coalition. If the SFMTA has not disbursed those funds, you ought to rescind this grant.

Very truly yours,

John Daniels

RE: Bay Bridge Artistic Artificial Lighting Proposal

Dear Bay Area Toll Authority Oversight Committee,

San Franciscans for Urban Nature (SFUN) is a group of community members who support protecting nature in our city. As such, we are very concerned about the proposed LED artificial lighting project on the Bay Bridge, as initiated by Illuminate.

It is unfortunate that inexpensive lighting has become available at the same time as our planet's ecosystems are facing existential challenges due to climate change. The over-use of artificial lighting contributes to the irreparable damage that is being done to our environment. According to the Dark Sky Michigan, "The inappropriate or excessive use of artificial light – known as light pollution – can have serious environmental consequences for humans, wildlife, and our climate." ¹

This damage has been widely documented and includes but is in no way limited to the following statements:

- Light pollution "poses a serious threat to nocturnal wildlife, having negative impacts on plant and animal physiology." ²
- Artificial light affects the seasonal rhythm of plants around U.S. cities. ³
- San Francisco is on the path of the Pacific Flyway, and as such, thousands of birds pass over the city at night. ⁴ Birds can be drawn off course due to night time artificial lighting, resulting in disorientation and collisions during bird migration. ⁵
- Too much artificial lighting can have an impact on birds' lifecycles and nesting patterns. ⁶
- Artificial light at night "disrupts a wide range of natural processes. Recent research has shown significant impacts of coastal lighting reducing foraging of intertidal invertebrates, disrupting marine food webs, suppressing movement of juvenile fishes, increasing predation on nesting seabirds. . ." ⁷
- Not only birds but also insects are impacted by the presence of artificial nighttime lighting, resulting in clustering around lights until they are exhausted; this has contributed to the decline of the insect population.⁸ Insects are vital to the health of the food chain.⁹
- Bats can be impacted by light pollution at night when they are hunting, resulting in failed feedings and potential collisions and mortality. ¹⁰
- Artificial lighting impacts the skies over San Francisco, providing a glow on foggy nights that contributes to blocking out the night sky.

* * *

SFUN requests that you reconsider this project

The proposed Bay Lights are not needed for either safety or illumination. Considering the cumulative potential damage to birds and other wildlife – as well as to humans - and the message that artificial attractions are more important than protecting the environment, we recommend that the Bay Area Toll Authority ‘dim down’ or even better, ‘turn off’ this project. An environmentally beneficial project would value the natural beauty and habitat of San Francisco Bay at night while creating programs that not only educate people about the value of Dark Skies but also support quality habitat.

Sincerely,

Katherine Howard

Hello,

Please see attached for 32 letters regarding File No. 240228, which is Item No. 3 on today's Land Use and Transportation Committee agenda.

File No. 240228: Ordinance amending the Planning Code to clarify the Wawona Street and 45th Avenue Special Use District's height limit and principal permitted use for purposes of the Local Coastal Program; amending the Local Coastal Program to add the Wawona Street and 45th Avenue Cultural Center Special Use District; amending the Local Coastal Program to designate the principal permitted use within the City's Coastal Zone for purposes of appeal to the California Coastal Commission; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1, and findings of public necessity, convenience, and welfare under Planning Code, Section 302. (Engardio, Peskin)

Sincerely,

Joe Adkins

Dear Supervisors Peskin, Preston, and Melgar,

I am writing to express my strong opposition to the proposed ordinance (file #240228), which poses a significant threat to our neighborhood and San Francisco's Coastal Zone.

This ordinance, sponsored by Supervisors Peskin and Engardio, presents several critical concerns:

Traffic and Parking Impacts: The ordinance exacerbates the already severe traffic and parking issues in the Sunset/Parkside area.

Great Highway Closure: It compounds the traffic problems caused by the closure of the Great Highway to vehicles.

Horizontal "Outzoning": This compounded the effects of upzoning by horizontally "outlining" the Sunset/Parkside neighborhood.

Lack of Community Input: The ordinance amends the Local Coastal Program without adequate community education and input.

Appeals to the Coastal Commission: It effectively prevents "principal permitted use" appeals of projects in the SF Coastal Zone to the Coastal Commission

Entertainment Center Project: It prevents an appeal to the Coastal Commission for a proposed 6-story entertainment center across from the Zoo, which needs more parking.

Height Formalization: It is a 100-foot height for the entertainment center

project.

2700 Sloat Boulevard Project: It prevents an appeal to the Coastal Commission for the 2700 Sloat Boulevard project, initially proposed as 50 stories and lacking adequate parking.

Neighborhood Impact: It fundamentally changes the Sunset/Parkside district as we know it.

I urge you to vote against this ordinance to protect our neighborhood and the Coastal Zone. Our community deserves thoughtful planning and development that considers the impact on residents and the environment.

Thank you for your attention to this critical matter.

Sincerely,
Victoria Bautista

This ordinance, sponsored by Supervisors Peskin and Engardio, presents several critical concerns:

Traffic and Parking Impacts: The ordinance exacerbates the already severe traffic and parking issues in the Sunset/Parkside area.

Great Highway Closure: It compounds the traffic problems caused by the closure of the Great Highway to vehicles.

Horizontal "Outzoning": This compounded the effects of upzoning by horizontally "outlining" the Sunset/Parkside neighborhood.

Lack of Community Input: The ordinance amends the Local Coastal Program without adequate community education and input.

Appeals to the Coastal Commission: It effectively prevents "principal permitted use" appeals of projects in the SF Coastal Zone to the Coastal Commission

Entertainment Center Project: It prevents an appeal to the Coastal Commission for a proposed 6-story entertainment center across from the Zoo, which needs more parking.

Height Formalization: It is a 100-foot height for the entertainment center

project.

2700 Sloat Boulevard Project: It prevents an appeal to the Coastal Commission for the 2700 Sloat Boulevard project, initially proposed as 50 stories and lacking adequate parking.

Neighborhood Impact: It fundamentally changes the Sunset/Parkside district as we know it.

I urge you to vote against this ordinance to protect our neighborhood and the Coastal Zone. Our community deserves thoughtful planning and development that considers the impact on residents and the environment.

Thank you for your attention to this critical matter.

Sincerely,
Igor Vlasoff

Date: Friday, May 31, 2024 12:20:43 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

I strongly oppose ordinance (file 240228) the Local Coastal program amendment! This will impact our neighborhood without giving the tax paying residents a say in anything.

Having lived in quiet and peace for over 40 years, up until the last 4 years at Kirkham and the Great Highway. I have seen the dunes eroded, and garbage and sand all over blowing in the wind. Now with the highway closed on the weekends these dumb events have been created as if the highway was a park. Golden Gate Park is a park and the highway is a highway that takes the pressure off the adjoining neighborhood streets. 20,000 cars a day use the great highway!

Now you have all these rich tech people and developers that have total disregard for our coast and shoreline. There is no parking so they drive down here and park in front of our homes! Total disregard for this is (was) a family neighborhood. You are forcing families out of San Francisco! The families of San Francisco are who built this city. Tall buildings downtown for people who live and work down there, and neighborhoods where the families live. School enrollment is down which tell you that the city government is pushing families out to other cities. The indigenous generational families are being pushed out. Build an 8 story building next to my home and I will move. You will have taken my home away from me in my family neighborhood. We will slowly all leave and you will have a dead city. Our school system is broke and broken, and you want to have weekend parties on the Great Highway? Spend the money on the teachers and the schools. SFMTA has half the city torn up tearing out the heart of the city spending money like water. You are building an empty ghetto. Not all people want to live on top of each other. If you do, go back where you came from!

Without proper coastal zoning is an invitation for the developers to move in and build baby build. Ocean view condos because we need more housing? For who???

This is the Donald Trump mentality! Will it be OK to have the Trump Weiner Tower? Scott Weiner is all happy to get developer money for his political ambition and campaigns. Build baby build. Is this what you think is best? Do the right thing.

Tony Villa SF Native

Dear Supervisors Peskin, Preston, and Melgar,

I am writing to express my strong opposition to the proposed ordinance (file #240228), which poses a significant threat to our neighborhood and San Francisco's Coastal Zone.

This ordinance, sponsored by Supervisors Peskin and Engardio, presents several critical concerns:

Traffic and Parking Impacts: The ordinance exacerbates the already severe traffic and parking issues in the Sunset/Parkside area.

Great Highway Closure: It compounds the traffic problems caused by the closure of the Great Highway to vehicles.

Horizontal "Outzoning": This compounded the effects of upzoning by horizontally "outlining" the Sunset/Parkside neighborhood.

Lack of Community Input: The ordinance amends the Local Coastal Program without adequate community education and input.

Appeals to the Coastal Commission: It effectively prevents "principal permitted use" appeals of projects in the SF Coastal Zone to the Coastal Commission

Entertainment Center Project: It prevents an appeal to the Coastal Commission for a proposed 6-story entertainment center across from the Zoo, which needs more parking.

Height Formalization: It is a 100-foot height for the entertainment center

project.

2700 Sloat Boulevard Project: It prevents an appeal to the Coastal Commission for the 2700 Sloat Boulevard project, initially proposed as 50 stories and lacking adequate parking.

Neighborhood Impact: It fundamentally changes the Sunset/Parkside district as we know it.

I urge you to vote against this ordinance to protect our neighborhood and the Coastal Zone. Our community deserves thoughtful planning and development that considers the impact on residents and the environment.

Thank you for your attention to this critical matter.

Sincerely,
Rebecca Tico

Dear Supervisors,

Please see the below communication regarding No. 41 (File No. 240228) on today's agenda.

File No. 240228 - Ordinance amending the Planning Code to clarify the Wawona Street and 45th Avenue Special Use District's height limit and principal permitted use for purposes of the Local Coastal Program; amending the Local Coastal Program to add the Wawona Street and 45th Avenue Cultural Center Special Use District; amending the Local Coastal Program to designate the principal permitted use within the City's Coastal Zone for purposes of appeal to the California Coastal Commission; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1, and findings of public necessity, convenience, and welfare under Planning Code, Section 302.

Thank you,

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

TO: Board of Supervisors members

FROM: Eileen Boken, President
Sunset-Parkside Education and Action Committee (SPEAK)

RE: Planning Code, Local Coastal Program Amendment - Wawona Street and 45th Avenue Cultural Center Special Use District - File #240228

Position: Strongly OPPOSING.

The proposed ordinance is apples and oranges.

The title refers only to the SUD.

However, the summary on page 1 lines 6 - 8 goes far beyond the SUD to amend the criteria to appeal to the Coastal Commission for the City's entire Coastal Zone.

This is reiterated on page 3 line 2 which states "The City's LCP for both the SUD and all other zoning districts".

On page 5 lines 4 - 5 there are stated purposes which are different from development controls on page 5 lines 11 - 12.

The major difference in development controls includes "General Office".

On page 5 line 19 it states "The applicable height limit shall be 100 feet".

Based on the Planning Department memo to the Commission dated January 22, 1970 and the Planning Commission hearing on March 12, 1970, the rationale and process for upzoning the area on Sloat across from the Zoo to 100 feet is more than questionable.

Mortimer Fleischhaker, Jr was a member of the Planning Commission at this time and supported the proposal.

It's unclear what, if any, role this played in establishing the permanent Ocean Beach Variable Special Height District.

He did not speak directly about Sloat Boulevard in his Commissioner's comments even though the rezoning was directly across from what was then Fleischhaker Zoo.

Page 6 lines 8 - 9 state the principal permitted use for the project shall be "Commercial" despite the fact that the United Irish Cultural Center is a 501(c)3.

Page 6 lines 10 - 11 states community center with related "office" which reiterates page 5 lines 11 - 12.

There is no express prohibition against leasing office space to either a non-profit or

for-profit entity and whether that lease could be for a local or international entity.

There is also no express prohibition against flipping entitlements.

On page 3 line 1 it states "Coastal Commission staff have recommended".

This was repeated by Planning Department staff at the Planning Commission hearing on May 2, 2024.

This is inconsistent with communications between Coastal Commission staff and SPEAK.

At the Planning Commission hearing, they also said the quiet part out loud.

An attorney for Reuben and Junius representing the project sponsor stated that he was part of the meetings between the Planning Department staff and the Coastal Commission staff regarding this proposed ordinance.

After the close of public comment, Commission President Diamond asked Deputy City Attorney Yang if this ordinance passed would the [2700 45th Avenue] project be appeal able to the Coastal Commission.

The response was "no".

In August 2023 SPEAK filed an appeal of the Coastal Zone Permit for the 2700 - 45th Avenue project with the San Francisco Board of Appeals.

The original hearing date was scheduled for September 13, 2023.

This appeal has yet to be heard.

This is due to three continuances granted to the Planning Department not the project sponsor/permit holder.

The current hearing date is almost a year later and is now scheduled for July 17 of this year.

This proposed ordinance is clearly an end run around SPEAK's appeal.

SPEAK's appeal currently could be appealed to the Coastal Commission.

Ivar Satero, Director, SFO Airport

By email

Re: SFO Airport, Request for Investigation, D'lisa Creager, Creager Studios

Dear Mr. Ivar Satero:

All California artists should be treated fairly, equally and without bias in and at public facilities, including the San Francisco International Airport ["SFO"] and by its officials and representatives.

The undersigned Firm represents the artist Dr. D'lisa Creager and Creager Studios. Airport Dimensions ["Dimensions"] commissioned the artist to create an artwork installation for "The Club SFO" sited for its leasehold at SFO [the "Club"]. The commissioned artwork consists of a multipart complex art sculpture that D'lisa created and designed as a one-of-a-kind specifically for the site, completed timely, and installed late last year at the Club [the "Art Installation"].

Dimensions comments about the "Art Installation" include: *"This looks great;" "This is perfect!" "We're excited...to...display your wonderful pieces in the main lobby of the lounge [at Club SFO];" "We're excited...to display...your amazing pieces at Club SFO"; "so excited we are installing the sculpture in its intended home [at Club SFO];" "[we are] proceeding with the original 3 large wire sculptures, and are SO HAPPY!!! (emphasis and caps in original); "WOWWWWWWW!!! This [installation] is gorgeous. Made me tear up! ...You are so talented. (emphasis and caps in original)."*

Notwithstanding such accolades, D'lisa was informed on the eve of the Club's scheduled public opening that you--or those working in concert with you or at your request--conveyed to Dimensions that its SFO lease would be jeopardized if the Art Installation was not immediately removed—a removal without explanation to the artist. The artist was given mere days notice about the removal although she and Dimensions worked for years on the commission--planning, creation, specifications, fabrication and the actual Art Installation—all of which, step by step, her client and SFO approved and authorized. Understandably, D'lisa is concerned and flummoxed at this overnight turnaround that has serious detriment to the artist's career, damages her honor and reputation, impacts her oeuvre, and potentially destroys her livelihood.

Dr. Creager is further informed that just before the removal decision and after Dimensions' own lawyers had earlier objected to the removal, you initiated and secretly convened a ZOOM meeting with multiple art museum directors from San Francisco and the Bay Area focused on the Art Installation--without notice or invitation to the artist. The result of this clandestine ZOOM meeting and concerted group effort of public officials, government appointees, and museum executives is, and was, a decision that Dimensions, a private company, would—despite its prior objections--remove immediately the approved and admired Art Installation from the Club.

We do not yet know who said what at this meeting—at which no process was in place for the artist—but Dimensions indicated to D'lisa that it understood if it did not remove the Art Installation, the company's SFO tenancy would suffer, and the tenant would be subject to other SFO actions if it did not comply.

Not only was this ZOOM meeting (and perhaps others) withheld from the artist, but apparently at or in conjunction with the concerted action to effectuate removal of D'lisa's Art Installation, she is informed you and/or one or more

of the ZOOM group or their agents told Dimensions its financial investment commissioning the Art Installation would be covered and replaced by a “freebie” artwork of another artist. How did the “freebie” art bypass the multiyear SFO approval process imposed on D'Lisa's Art Installation?

We are in receipt of a Mutual Release prepared by Dimensions' law firm Jackson Walker that the artist release “San Francisco International Airport” from liability and execute an NDA. That law firm did not inform me they represent you or SFO. Please disclose the relationship of SFO and you to that law firm as it relates to this matter, and if SFO authorized that law firm to act on its behalf.

If the information provided to my client is incorrect, this is an invitation to clarify what occurred and the basis for your intervention in an official capacity on behalf of SFO as SFO Director, or on your own, and why. We have sought facts and explanations from Dimensions and its lawyers, but they have shut down communication and refused to respond. We seek an explanation as to why SFO is actively involved in removal of first amendment content privately commissioned by a company on leased premises without explanation as to why and on what basis, and SFO's role in facilitating a free art replacement that appears to have served as inducement.

Based on preliminary review of the facts available to us, the chronology, the secrecy, the timing, the lack of transparency, the abrupt removal demand, the lack of process, the government involvement—and the horse-trading away of one artist's artwork for another's—are troubling along many vectors. You and those acting with you, including SFO, have undertaken conduct and action the result of which seriously damages the artist's reputation and honor, and interferes not only with the Dimensions contract but also her future contracts and business opportunities, creative networks and creative output, and undermines her ability to earn a livelihood.

I look forward to a prompt reply to find a path forward to resolve this situation before further damage to the artist, the artwork, and her career. Regardless, a formal investigation seems appropriate and is indicated on this record to ascertain and publicly disclose what occurred, and protect other artists from such treatment, and this is a formal request to those copied to do so.

We believe an independent investigation is in the interest of all Californians, and those who traverse the airport.

Sincerely,

/s/

Dear Supervisors;

In the past, I have condemned unparliamentary conduct towards you and Clerk Angela as that has arisen. I heard via X/Twitter your Mayor's kind, thoughtful words. I want to add my voice of condemnation on the graffiti on your hollowed City Hall. Same City Hall of a certain badazz Supervisor who kicked NRA azz for all of us.

I also want you to know that I am monitoring the City Clowncil Death Squad. I can assure you the CCDS are being trolled by great patriots reminding them of the ships the Nazis sunk in World War II when they invoke the USS *Liberty* tragedy for their sinful attacks. The CCDS has no response.

My point? Hit the haters between the eyes with straight truth. Like a Stefani. Because unless you're Catherine Stefani, you'll never be as cool and brave and strong as calling the NRA terrorists and holding off the CCDS in combat.

Finally, I am grateful the skies are closed at the SFBOS to hateful scoundrels.

Thank you;

Joe A. Kunzler

Re: Expanding San Francisco's Rezoning Proposal

Dear President Sue Diamond, Vice-President Kathrin Moore, Commissioner Derek Braun, Commissioner Joel Koppel, Commissioner Theresa Imperial, Commissioner Lydia So, Commissioner Gilbert Williams:

We are writing to express our support—pending inclusion of strong labor standards that will uplift the entire construction workforce—for expanding San Francisco's required rezoning to facilitate the development of much needed mid-sized apartment buildings in more of the city. Expanding rezoning is essential for San Francisco to meet our housing needs. Strong labor standards will ensure that rezoning will uplift working class San Franciscans.

We urge the following principles be the foundation for expanded rezoning:

- 8 stories within ¼ mile, and 5 stories within ½ mile, of BART, CalTrain, Muni rail, and high ridership bus stops such as the 38R, 5R, and 49.
- 8 stories within 1/8 mile of higher education facilities and major hospitals.
- 5 stories within 1/8 mile of large parks with an area of 4 or more city blocks.
- Density decontrol in all residential districts, including midblock and RH-1, 1(D), 2,3, regardless of parcel size. Eliminating density limits could produce up to four story apartment buildings without additional height increases.
- No changes to the priority equity geographies.
- Construction labor standards including prevailing wages, health care, apprenticeship opportunities coupled with rigorous compliance mechanisms, modeled on recently enacted state housing legislation e.g. AB2011.

Rezoning is necessary to produce 36,000 of our 82,000 units required by our Regional Housing Needs Assessment. Construction labor standards that incentivize the use of “high road contractors” that can tap into and expand our existing apprenticeship pipeline are critical to filling the skilled labor needs that this housing production will require. Strong labor standards add to the environmental, social equity, and quality-of-life benefits that expanded rezoning will bring.

We urge the city to incorporate each of these principles in the next rezoning draft. These principles ensure we create a sustainable and vibrant city for generations to come.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jay Bradshaw', with a long horizontal flourish extending to the right.

Jay Bradshaw

Hello,

Please see below and attached for communication from Gregg Johnson and Carolyn Duty, regarding File No. 240407.

File No. 240407: Ordinance amending the Police Code to create a two-year pilot program, during which retail food and tobacco establishments in a high-crime area of the Tenderloin police district are prohibited from being open to the public from 12:00 a.m. to 5:00 a.m.; and authorizing the Department of Public Health to impose administrative fines for violation of the hours restriction, declaring an establishment's operation in violation of the hours restriction to be a public nuisance, authorizing enforcement actions by the City Attorney, and creating a private right of action for persons harmed by a violation of the hours restriction. (Mayor)

Good afternoon, Madam Chair, Supervisor Peskins and Supervisor Preston.

My name is Gregg Johnson and for the past several years I have worked side by side with many individuals who make up the Tenderloin. Being a 5th generation member of a proud family who has not only worked for this city, but my grandmother turned away nobody because of a lack of money. My values are rooted in this history and today is no different. We have heard from members of the community and business owners. It would seem that everyone has a dog in this fight. This is what I know.

It has taken aggressive action and the knowledge of Federal, State, and local officials to bring pressure to bear upon open air drug sales and usage in the Tenderloin. We were told more than a year ago that we cannot expect to see results overnight. But standing here today, I am telling this committee that we can see NOW what did could not then. There is not one person in this room who will publicly admit that they condone the violence we have seen in the Tenderloin. Likewise, there is no law-abiding citizen here who will admit that they feel safe walking the streets of TL from 12midnight to 5am. And if my grandmother were standing here, she would say that it's the devil's time.

I escorted my dad's sister to an old haunt she loves (the Black Cat) a couple weekends ago – she lives in Bayview and retired from Emporium's when it closed. Sunday morning, we went to Glide. This committee has a letter from her. I told her that we are working to change not simply the image or perception of the Tenderloin but to let everyone know that we are not only here, but we are open for business. I'm here today to say that I am aware of the amount of federal and state money that is received into and being spent within this neighborhood. I have been researching it for a long time and while it is not part of this statement today, I will say that I do not believe that any business operating in the TL will go out of business by closing from 12 to 5am. I walk past street vendors because I am not going to support illegal activities. When I walk into a store to make a purchase, the last thing that I am expecting is to purchase a product that was stolen from Walgreens they did not completely remove the tag. The seller of that product to me is among this audience today. This is why I have not been back into your store.

How many of us, did not think we would see a major improvement in open air drug sales? It did not happen overnight, and the plan of the mayor should be allowed to be put in place, tweaked, take hold, while we support, comment, and offer suggestions on ways to improve. This is not an unreasonable request but a way of being a sense of normalcy back to a neighborhood that has gone too far long without it. None of us can turn back the hands of time to 50 years ago but know that the next 50 will rest squarely on the shoulders of those who will not come to grips with reality and stop putting profits over public safety. My grandmother would tell me, if you are not apart of the solution – you must be a part of the problem.

Subj: Letter is support of community organizers and the Honorable Mayor Breed's pilot plan to curtail business hours to assist in combating the drug sales/usage and reduce nighttime violence.

"It's time to put an end to the shenanigans of people who believe they can do as they please at the taxpayer's expense." The Tenderloin is too rich in history to nothing!

Madam Chair, and Supervisors Preston and Peskins

My name is Carolyn Duty. I am 79 years young, and I use the pronouns She, Her and Hers. I was employed for thirty-six (36) years by Emporium-Capwell, also known as Weinstock, Capwell, Broadway, Emporium. I retired only because of their closure in 1995. I grew up in the Hunter's Point/Bayview area and spent many nights listening to jazz in either the Fillmore or the Tenderloin. My in-laws were partners in the Black Cat from 1955 to 1963. My brother's son returned here in 2017 after a career with Exxon Oil Company. Between 1996 and 2000, my brothers, sisters, nephews and nieces, cousins and grand children sold their property in San Francisco and moved to Richmond, Vallejo, and Vacaville where they purchased homes in sub-divisions. My oldest brother served this city as a DPW worker for more than 30 years and today several of my nephews work for the city.

This past weekend was the first time in more than 20 years that I visited the Tenderloin with my nephew who talked me into making the excursion and I actually enjoyed myself. I spent a few moments talking to someone I thought had moved on, but she is a fighter and a good soul. The purpose for this letter is to let this commission know that the Tenderloin is worth saving. My nephew assured me that the Tenderloin is much safer today than 3 years ago and I did not believe him. We have lost so much of this city during the past decade and people like my nephew risk it all and I had to ask why. He said, "because it's worth saving for those who will come after me". So, because he showed me a lovely evening Saturday and took me to Sunday services at Glide I stand in support of him, his efforts and those he volunteers with.

Thank you for taking the time to read and consider my letter

Sincerely,
Ms. Carolyn Duty

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am a resident of District 9, and I am joining GLIDE, ACLU of Northern California, Harvey Milk Democratic Club, Alice B Toklas Democratic Club, the Latinx Democratic Club, the No New SF Jail Coalition, DSA SF, and dozens of other organizations in urging you to vote no on the Mayor's "Proclamation of Local Emergency – Drug Overdoses in the Tenderloin" (File No. 211320) this Thursday.

The Emergency Ordinance is a massive power grab that allows the Mayor to unilaterally increase funding for tried and failed policing, bringing back the drug war and turning back the clock on the progress we have made with efforts arising from Black Lives Matter. We should focus our resources on sustainable, evidence-based solutions that keep people healthy and out of the legal system by providing meaningful services to those suffering from substance abuse challenges, including housing, treatment, job training, and employment.

Please oppose the Mayor's Proclamation of a Local Emergency in the Tenderloin. Thank you!

Mr. Phil Ginsburg, General Manager
 San Francisco Recreation and Park Department
 501 Stanyan Street San Francisco, CA 94117

Dear Phil Ginsburg,
 Bay Area Barns and Trails (BABT) is disheartened to learn of the issues related to Chaparral Corporation and the subsequent loss of riding opportunities in Golden Gate Park.

In 2020, BABT's Grant Program helped provide funds to repair Bercut Arena. It is our great hope that the children and residents of San Francisco will have horseback riding opportunities, and that RPD will move swiftly to find a new operator.

It is clear there is a large demand from San Francisco residents for horse-back riding opportunities. However, without the basic infrastructure to keep horses, a future operator may face difficulties.

BABT strongly advocates for an investment by the City to create suitable horse-keeping areas. We believe in order for a new operator to be successful, the City should assist with and implement the following:

- Provide areas for the horses that meet the Standards of Equine Care. Specifically, 12' x 12' covered stalls with attached paddocks and sufficient turn-out areas.
- Help fund the acquisition and installation of stalls, paddocks and turn-out areas.

By slightly expanding the footprint of the barn area used by Chaparral, and installing prefabricated stalls with paddocks, an affordable solution could be put in operation. Attached is a suggestion of how the area near Bercut Arena could be improved, along with an estimate for 20 stall/paddock kits from SC Barns.

For many years, BABT followed the efforts to renovate the Equestrian Center at Golden Gate Park Stables. Unfortunately the stables are now used as a parking lot. Do any funds remain from 2009 when San Francisco Parks Trust raised \$1.4 million from private sources for the renovation of the stables or from Proposition G and 40? If so, can those funds be used to install stalls with paddocks and turn-out areas to improve living conditions for the horses and increase the potential for a new operator to succeed?

We hope the City will honor its commitment to keep riding opportunities available for San Franciscans. Please keep BABT informed of the next steps, and let us know how we can assist.

Sincerely,
 Karen Johnson | Executive Director, Bay Area Barns and Trails | 415-999-1479
www.bayareabarnsandtrails.com

Cc: Mayor London Breed, SF Board of Supervisors, Board of Bay Area Barns and Trails.

Existing Area: Chaparral's stall structures are the 2 white rectangles on the lower left.

Suggested Improvements: Install twenty 12' x 12' covered stalls with attached 12' x 12' paddocks. Add turn-out paddocks near the barn area, and add a turn-out area near the arena for horses in-between lessons. Pipe panels from the 2 abandoned arenas above and below Golden Gate Park Stables could be harvested for re-use to provide much of the fencing.

SC Barns Estimate: \$72,000 for 20 stall shedrow kits with 12' x12' basic shelters; stall front with swing grilltop dutch door; 12 x12 paddocks with gate panels on the ends. Kits can be installed by the customer, or installed by SC Barns for \$74,000. Total for 20 stall & paddock kits with SC Barns installing = \$146,000

Subject: Save Workforce Funding - Stop OEWD Budget Cuts!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello Supervisor Chan and members of the Budget and Appropriations Committee:
 I am reaching out on behalf of grantees of the Office of Economic and Workforce Development Sector Training programs: TechSF, Hospitality and HealthCare Academy. We are community-based organizations that serve job seekers who have been systematically

excluded from the workforce into careers that are in high demand and provide family-sustaining wages. The funding we receive from OEWD is vital, however, we are extremely concerned about what the proposed cuts in Mayor Breed's budget might mean for the future of these programs and the communities we serve.

Mayor Breed's budget seeks to cut over \$21 million each of the next two years from OEWD, reducing its budget by 13.3% in FY 2024-2025 and 16% in FY 2025-2026, and slashing nearly \$23 million from the City Grant Program next year alone. This constitutes one of the largest cuts to direct service programs of any city department and community-based organizations such as ours will bear the brunt.

We urge the Board of Supervisors to reject the proposed cuts to OEWD and the City Grant Program and continue investing in workforce development programs that have been proven to improve the lives of thousands of San Franciscans and their families. Please see the attached letter in advance of the June 13 hearing and reach out if you have any questions or would like further information about how these cuts may impact our organizations.

Thank you,

Gabriela Jimenez

1 Dr Carlton B Goodlett Pl
San Francisco, CA 94102

RE: Budget FY 24/25 and FY 25/26 - Reduction in OEWD Community Grant Funding

Dear Supervisor Chan and members of the Budget & Appropriations Committee:

We represent the grantees of the Office of Economic and Workforce Development Sector Training programs: TechSF, Hospitality and HealthCare Academy. We are community-based organizations that serve job seekers who have been systematically excluded from the workforce into careers that are in high demand and provide family-sustaining wages. The funding we receive from OEWD is vital, however, we are extremely concerned about what the cuts proposed in Mayor Breed's budget might mean for the future of these programs and the communities we serve.

Mayor Breed's budget seeks to cut over \$21 million each of the next two years from OEWD, reducing its budget by 13.3% in FY 2024-2025 and 16% in FY 2025-2026, and slashing \$22 million from the City Grant Program next year alone. This constitutes one of the largest cuts to direct service programs of any city department and community-based organizations such as ours will bear the brunt.

Many sector partners depend heavily on this grant funding to operate and these proposed funding cuts will result in devastating impacts to our organizations and the communities we serve. If these cuts are approved, it will likely cause layoffs of program staff, elimination of training programs, and a drastic decrease in the number of San Franciscans served through these programs. The consequences of these cuts will reach far beyond those directly impacted and may slow down the local economy due to a shortage of skilled workers and hinder the ecosystem of programs that are integral to the recovery of downtown.

Now more than ever, we are seeing an increase in demand for our services and the City of San Francisco must maintain its investment in workforce training programs that have a proven track record of building a diverse pipeline of highly skilled workers in the tech, hospitality, and healthcare sectors.

On behalf of OEWD Sector Partners, we respectfully request that the Board of Supervisors reject the proposed cuts to OEWD and the City Grant Program and continue investing in workforce development programs that have been proven to improve the lives of thousands of San Franciscans and their families.

Re: Public Comment: Objection to Approve Project List - California Senate Bill 1 Local Streets and Road Program - Road Maintenance and Rehabilitation Account Funds - FY2024-2025] File #240416

President Peskin and Supervisors,

The following is my public comment objecting to approval of this item. There are a total of 212 proposed projects listed to be funded, but not one of the proposed road maintenance and rehabilitation projects is in District 4. There are potholes, pavement problems and road maintenance needs throughout the Outer Sunset that need to be addressed. I oppose approval of this project unless it is amended to include District 4.

Respectfully submitted,
Judi Gorski

I Oppose the proposed Ordinance Allowing SFMTA to Bypass Current Rules/Regulations in entering Contracts for City Contracting

Message: Dear Supervisors.

The ordinance put forth by Supervisor Chan amending the Administrative Code which would allow SFMTA to bypass important rules and best practices for entering into contracts is unconscionable.

The rules set forth in the Administrative Code governing contracts include competitive bidding, the Environmental Code, equal benefits, local business enterprise utilization and other important safeguards against corruption, fraud, and waste. The provisions in the Administrative Code should not be waivable or optional; they exist to protect the taxpayer, local business, local talent and presumably the environment.

Amending the Administrative Code is a drastic step towards granting an incompetent agency power they should not have. SFMTA simply is not an agency that can or should be trusted to enter into contracts without oversight or rules to guide the process and ensure best practice.

We are all currently feeling the consequences of unprecedented fiscal irresponsibility by our City government with a deficit that is threatening the operations of almost every department in the city.

Now is not the time to allow an agency with a known track record for shoddy data and over-budget projects to enter into contracts with no accountability and fewer protections to the process.

This ordinance's built in expiration date of 3 years provides little comfort to taxpayers as SFMTA has a habit of making things that are "temporary" permanent. It would be better not to go down this path of AMENDING a code then to try to re-establish it in the future. Once SFMTA can ignore all sensible elements to negotiating and entering into a contract it is safe to say it will remain that way indefinitely.

The failure of SFMTA to achieve its Vision Zero goals has less to do with streamlining a contract process and everything to do with their poor planning, lack of interest in community feedback, and little understanding of the city streets and how they are used. Vision Zero requires more than knee-jerk reactions and piecemeal projects, and until competence and data replaces ideology and fiction, no amount of streamlining any process will bring us closer to achieving safer streets or the goals of vision zero.

I urge you to abandon this ordinance and require SFMTA to continue to respect and adhere to the very necessary protections in our Administrative Code. Taxpayers, small businesses, and local workers can no longer bear the brunt of SFMTA's unproductive and community damaging projects.

The failure of SFMTA to achieve its Vision Zero goals has less to do with streamlining a contract process and everything to do with their poor planning, lack of interest in community feedback, and little understanding of the city streets and how they are used. Vision Zero requires more than knee-jerk reactions and piecemeal projects, and until competence and data replaces ideology and fiction, no amount of streamlining any process will bring us closer to achieving safer streets or the goals of vision zero.

I urge you to abandon this ordinance and require SFMTA to continue to respect and adhere to the very necessary protections in our Administrative Code. Taxpayers, small businesses, and local workers can no longer bear the brunt of SFMTA's unproductive and community damaging projects.

I Oppose the proposed Ordinance Allowing SFMTA to Bypass Current Rules/Regulations in entering Contracts for City Contracting

Message: Dear Supervisors.

The ordinance put forth by Supervisor Chan amending the Administrative Code which would allow SFMTA to bypass important rules and best practices for entering into contracts is unconscionable.

The rules set forth in the Administrative Code governing contracts include competitive bidding, the Environmental Code, equal benefits, local business enterprise utilization and other important safeguards against corruption, fraud, and waste. The provisions in the Administrative Code should not be waivable or optional; they exist to protect the taxpayer, local business, local talent and presumably the environment.

Amending the Administrative Code is a drastic step towards granting an incompetent agency power they should not have. SFMTA simply is not an agency that can or should be trusted to enter into contracts without oversight or rules to guide the process and ensure best practice.

We are all currently feeling the consequences of unprecedented fiscal irresponsibility by our City government with a deficit that is threatening the operations of almost every department in the city.

Now is not the time to allow an agency with a known track record for shoddy data and over-budget projects to enter into contracts with no accountability and fewer protections to the process.

This ordinance's built in expiration date of 3 years provides little comfort to taxpayers as SFMTA has a habit of making things that are "temporary" permanent. It would be better not to go down this path of AMENDING a code then to try to re-establish it in the future. Once SFMTA can ignore all sensible elements to negotiating and entering into a contract it is safe to say it will remain that way indefinitely.

The failure of SFMTA to achieve its Vision Zero goals has less to do with streamlining a contract process and everything to do with their poor planning, lack of interest in community feedback, and little understanding of the city streets and how they are used. Vision Zero requires more than knee-jerk reactions and piecemeal projects, and until competence and data replaces ideology and fiction, no amount of streamlining any process will bring us closer to achieving safer streets or the goals of vision zero.

I urge you to abandon this ordinance and require SFMTA to continue to respect and adhere to the very necessary protections in our Administrative Code. Taxpayers, small businesses, and local workers can no longer bear the brunt of SFMTA's unproductive and community damaging projects.

I Oppose the proposed Ordinance Allowing SFMTA to Bypass Current Rules/Regulations in entering Contracts for City Contracting

Message: Dear Supervisors.

I attended the June 4th SFMTA meeting today. It was illuminating and somewhat disappointing. The discussion about the # of sole source contracts was painful and should have been taken offline. This was the primarily due to the staff presenting the issue, but the request to move the contract limits from \$1M to \$2M was ridiculous. If the staff thought it needed to be changed, then it have been by \$100k or 10pct. Thankfully, it looked like the board members were not inclined to accept thus proposal. BUT, our West Portal neighbors are now alert and watching closely. And our very active group will continue to be engaged.

The ordinance put forth by Supervisor Chan amending the Administrative Code which would allow SFMTA to bypass important rules and best practices for entering into contracts is unconscionable.

The rules set forth in the Administrative Code governing contracts include competitive bidding, the Environmental Code, equal benefits, local business enterprise utilization and other important safeguards against corruption, fraud, and waste. I Oppose the proposed Ordinance Allowing SFMTA to Bypass Current Rules/Regulations in entering Contracts for City Contracting

Message: Dear Supervisors.

The ordinance put forth by Supervisor Chan amending the Administrative Code which would allow SFMTA to bypass important rules and best practices for entering into contracts is unconscionable.

The rules set forth in the Administrative Code governing contracts include competitive bidding, the Environmental Code, equal benefits, local business enterprise utilization and other important safeguards against corruption, fraud, and waste. The provisions in the Administrative Code should not be waivable or optional; they exist to protect the taxpayer, local business, local talent and presumably the environment.

Amending the Administrative Code is a drastic step towards granting an incompetent agency power they should not have. SFMTA simply is not an agency that can or should be trusted to enter into contracts without oversight or rules to guide the process and ensure best practice.

We are all currently feeling the consequences of unprecedented fiscal irresponsibility by our City government with a deficit that is threatening the operations of almost every department in the city.

Now is not the time to allow an agency with a known track record for shoddy data and over-budget projects to enter into contracts with no accountability and fewer protections to the process.

This ordinance's built in expiration date of 3 years provides little comfort to taxpayers as SFMTA has a habit of making things that are "temporary" permanent. It would be better not to go down this path of AMENDING a code then to try to re-establish it in the future. Once SFMTA can ignore all sensible elements to negotiating and entering into a contract it is safe to say it will remain that way indefinitely.

The failure of SFMTA to achieve its Vision Zero goals has less to do with streamlining a contract process and everything to do with their poor planning, lack of interest in community feedback, and little understanding of the city streets and how they are used. Vision Zero requires more than knee-jerk reactions and piecemeal projects, and until competence and data replaces ideology and fiction, no amount of streamlining any process will bring us closer to achieving safer streets or the goals of vision zero.

I urge you to abandon this ordinance and require SFMTA to continue to respect and adhere to the very necessary protections in our Administrative Code. Taxpayers, small businesses, and local workers can no longer bear the brunt of SFMTA's unproductive and community damaging projects.

Start using Apple Card right away.¹¹

See your credit limit and interest rate offer for Apple Card — all without impacting your credit score.

Apply now

1. Accepting an Apple Card after your application is approved will result in a hard inquiry, which may impact your credit score.

2. To access Savings, Apple Card Owners and Co-Owners must open a Savings account. Savings accounts are provided by Goldman Sachs Bank USA, Salt Lake City Branch. Member FDIC. Apple Card Owners and Co-Owners may individually apply for a Savings account and are subject to eligibility requirements. By opening a Savings account, Apple Card Owners and Co-Owners are affirmatively electing to have all future Daily Cash automatically deposited into their respective Savings account. Daily Cash may not be divided between Apple Cash Card and Savings accounts. Owners and Co-Owners may individually change where their Daily Cash is deposited at any time. Savings accounts are not available in American Samoa, Guam, Northern Mariana Islands, or US Minor Outlying Islands. To set up Savings, you must add Apple Card to Wallet on an iPhone or iPad that supports and has the latest version of iOS or iPadOS.

3. You can choose to direct Daily Cash to a Savings account or to an Apple Cash card. If you do not have either set up to receive your Daily Cash, it can be applied as statement credit. Apple Card and Savings accounts are issued or provided by Goldman Sachs Bank USA, Salt Lake City Branch, Member FDIC. The Apple Cash card is issued by Green Dot Bank, Member FDIC. Daily Cash is earned on purchases after the transaction posts to your account. Actual posting times vary by merchant. Daily Cash is subject to exclusions, and additional details apply. See the [Apple Card Customer Agreement](#) for more information.

4. Annual Percentage Yield as of April 3, 2024. APY may change at any time before or after account is opened. Maximum balance limits apply. See the [Deposit Account Agreement](#) for more information regarding balance limits.

5. Variable APRs for Apple Card range from 19.24% to 29.49% based on creditworthiness. Rates as of February 1, 2024. Existing customers can view their variable APR in the Wallet app or [card.apple.com](#). Late or missed payments will result in additional interest accumulating toward your balance.

6. Apple Cash services are provided by Green Dot Bank, Member FDIC. Learn more about the [Terms and Conditions](#). Only available in the U.S. on eligible devices. To send and receive money with an Apple Cash account, you must be 18 and a U.S. resident. If you're under 18, your family organizer can set up Apple Cash for you as part of their Apple Cash Family account, but you may not be able to access features that require a supported payment card. Security checks may require more time to make funds available. Apple Cash Family accounts can send up to \$2,000 per transaction and receive up to \$2,000 within a seven-day period. To access and use all Apple Cash features, you must have an eligible device with Wallet that supports and has the latest version of iOS.

7. Transfers may be subject to limitations; please see the [Deposit Account Agreement](#) for more information.

8. Maximum balance limits apply. See the [Deposit Account Agreement](#) for more information regarding balance limits.

9. Savings accounts are provided by Goldman Sachs Bank USA, Salt Lake City Branch. Member FDIC. Savings accounts are FDIC insured up to the maximum allowed by law, per individual

depositor, per institution. FDIC insurance limits are based on all accounts in which a depositor has ownership at Goldman Sachs Bank USA. For more information, visit the FDIC's website at www.fdic.gov/deposit/deposits.

10. Apple Card Monthly Installments (ACMI) is a 0% APR payment option that is only available if you select it at checkout in the U.S. for eligible products purchased at Apple Store locations, apple.com, the Apple Store app, or by calling 1-800-MY-APPLE, and is subject to credit approval and credit limit. See <https://support.apple.com/kb/HT211204> for more information about eligible products. APR ranges may vary based on when you accepted an Apple Card. Cardholders who accept an Apple Card on and/or after February 1, 2024: Variable APRs for Apple Card, other than ACMI, range from 19.24% to 29.49% based on creditworthiness. Rates as of February 1, 2024. Existing cardholders: See your Customer Agreement for applicable rates and fee. If you buy an ACMI-eligible product by choosing to pay in full with Apple Card (instead of using ACMI), that purchase is subject to the Apple Card variable APR, not 0% APR. Taxes and shipping on ACMI purchases are subject to the variable APR, not 0% APR. When you buy an iPhone with ACMI, you'll need to select AT&T, T-Mobile, or Verizon as your carrier when you check out. An iPhone purchased with ACMI is always unlocked, so you can switch carriers at any time. ACMI is not available for purchases made online at the following special stores: Apple Employee Purchase Plan; participating corporate Employee Purchase Programs; Apple at Work for small businesses; Government and Veterans and Military Purchase Programs; or on refurbished devices. The last month's payment for each product will be the product's purchase price, less all other payments at the monthly payment amount. ACMI financing is subject to change at any time for any reason, including but not limited to installment term lengths and eligible products. See <https://support.apple.com/kb/HT211204> for information about upcoming changes to ACMI financing. See the [Apple Card Customer Agreement](#) for more information about ACMI financing.

11. Subject to credit approval.

To access and use all Apple Card features and products available only to Apple Card users, you must add Apple Card to Wallet on an iPhone or iPad that supports and has the latest version of iOS or iPadOS. Apple Card is subject to credit approval, available only for qualifying applicants in the United States, and issued by Goldman Sachs Bank USA, Salt Lake City Branch.

If you reside in the U.S. territories, please call Goldman Sachs at 877-255-5923 with questions about Apple Card.

I Oppose the proposed Ordinance Allowing SFMTA to Bypass Current Rules/Regulations in entering Contracts for City Contracting

Message: Dear Supervisors.

The ordinance put forth by Supervisor Chan amending the Administrative Code which would allow SFMTA to bypass important rules and best practices for entering into contracts is unconscionable.

The rules set forth in the Administrative Code governing contracts include competitive bidding, the Environmental Code, equal benefits, local business enterprise utilization and other important safeguards against corruption, fraud, and waste. The provisions in the Administrative Code should not be waivable or optional; they exist to protect the taxpayer, local business, local talent and presumably the environment.

Amending the Administrative Code is a drastic step towards granting an incompetent agency power they should not have. SFMTA simply is not an agency that can or should be trusted to enter into contracts without oversight or rules to guide the process and ensure best practice.

We are all currently feeling the consequences of unprecedented fiscal irresponsibility by our City government with a deficit that is threatening the operations of almost every department in the city.

Now is not the time to allow an agency with a known track record for shoddy data and over-budget projects to enter into contracts with no accountability and fewer protections to the process.

This ordinance's built in expiration date of 3 years provides little comfort to taxpayers as SFMTA has a habit of making things that are "temporary" permanent. It would be better not to go down this path of AMENDING a code then to try to re-establish it in the future. Once SFMTA can ignore all sensible elements to negotiating and entering into a contract it is safe to say it will remain that way indefinitely.

The failure of SFMTA to achieve its Vision Zero goals has less to do with streamlining a contract process and everything to do with their poor planning, lack of interest in community feedback, and little understanding of the city streets and how they are used. Vision Zero requires more than knee-jerk reactions and piecemeal projects, and until competence and data replaces ideology and fiction, no amount of streamlining any process will bring us closer to achieving safer streets or the goals of vision zero.

I urge you to abandon this ordinance and require SFMTA to continue to respect and adhere to the very necessary protections in our Administrative Code. Taxpayers, small businesses, and local workers can no longer bear the brunt of SFMTA's unproductive and community damaging projects.

Now is not the time to allow an agency with a known track record for shoddy data and over-budget projects to enter into contracts with no accountability and fewer protections to the process.

This ordinance's built in expiration date of 3 years provides little comfort to taxpayers as SFMTA has a habit of making things that are "temporary" permanent. It would be better not to go down this path of AMENDING a code then to try to re-establish it in the future. Once SFMTA can ignore all sensible elements to negotiating and entering into a contract it is safe to say it will remain that way indefinitely.

The failure of SFMTA to achieve its Vision Zero goals has less to do with streamlining a contract process and everything to do with their poor planning, lack of interest in community feedback, and little understanding of the city streets and how they are used. Vision Zero requires more than knee-jerk reactions and piecemeal projects, and until competence and data replaces ideology and fiction, no amount of streamlining any process will bring us closer to achieving safer streets or the goals of vision zero.

I urge you to abandon this ordinance and require SFMTA to continue to respect and adhere to the very necessary protections in our Administrative Code. Taxpayers, small businesses, and local workers can no longer bear the brunt of SFMTA's unproductive and community damaging projects.

I Oppose the proposed Ordinance Allowing SFMTA to Bypass Current Rules/Regulations in entering Contracts for City Contracting

Message: Dear Supervisors.

The ordinance put forth by Supervisor Chan amending the Administrative Code which would allow SFMTA to bypass important rules and best practices for entering into contracts is unconscionable.

The rules set forth in the Administrative Code governing contracts include competitive bidding, the Environmental Code, equal benefits, local business enterprise utilization and other important safeguards against corruption, fraud, and waste. The provisions in the Administrative Code should not be waivable or optional; they exist to protect the taxpayer, local business, local talent and presumably the environment.

Amending the Administrative Code is a drastic step towards granting an incompetent agency power they should not have. SFMTA simply is not an agency that can or should be trusted to enter into contracts without oversight or rules to guide the process and ensure best practice.

We are all currently feeling the consequences of unprecedented fiscal irresponsibility by our City government with a deficit that is threatening the operations of almost every department in the city.

Now is not the time to allow an agency with a known track record for shoddy data and over-budget projects to enter into contracts with no accountability and fewer protections to the process.

This ordinance's built in expiration date of 3 years provides little comfort to taxpayers as SFMTA has a habit of making things that are "temporary" permanent. So what's the use of 311 or customer feedback when the noise from civic center is heard over in mission bay?

Nothing against the artists or their music just concerned the mayor thinks noise pollution is aok for the entire city when she feels it's needed.

Perhaps we should blast music at her residence at high decibels for hours at a time when she wants to get work done? Maybe at city hall in front of her office?

A bit ignoring of community

Ag

So KLM will shut down what's the plan for delays 45 min 2 hours downtown? What service is there when there is NO a service from the developments planned to any other district??????

The 19th ave transit study was just a study it had no TEETH to ensure adequate transit shovel ready projects on the westside.

Tunneling is too expensive what's the next best thing blocking up west portal more???

Think above the weeds and what system changes are needed to improve the west side quickly and efficiently.

L taraval up sloat to west portal or south to Daly City with a leg trackless up sunset Blvd?

A zoo tram ? What other ideas can solve for the density maps shown by planners and politicians when they have zero concept of any transit changes besides micro fixes and a single tunnel

Link the D7-D11-D10

It's not rocket science... connect the dots shortest distance is a straight line..

Aaron Goodman

MAY 16, 2024

106-year-old SF tunnel will shut down for more than a week

Muni Metro riders beware: The Twin Peaks Tunnel is scheduled to be shut down for more than a week in August when the SF Municipal Transportation Agency conducts a major project to retrofit the 106-year-old bore to San Francisco's west side.

During the closure, train service on the K, L and M lines will be suspended west of Castro Street station and will be replaced by bus shuttles. Trains will continue to operate in the Market Street subway between Castro and Embarcadero stations, and service on the J, N and T lines will be unaffected...

Dear San Francisco Board of Supervisors and Mayor Breed,

I am writing to voice my fervent endorsement for the reappointment of Debra Walker to the San Francisco Police Commission. Debra's steadfast dedication to our city's safety and well-being, her unwavering advocacy for justice and accountability, and her adeptness in fostering trust between law enforcement and our diverse communities exemplify her invaluable contribution to the Police Commission.

Debra has played a pivotal role in advancing the 272 reform recommendations outlined by the Department of Justice, ensuring that our Police Department operates with transparency and efficacy. Her leadership is indispensable in upholding the progress we have achieved in public safety initiatives, thereby safeguarding San Francisco's status as a safe, inclusive, and vibrant city for all its residents.

I implore you to transcend political considerations and acknowledge the profound value that Debra Walker brings to the Police Commission. Her reappointment is imperative for sustaining the momentum of our collective efforts toward public safety.

Thank you for your consideration of this matter. I wholeheartedly endorse Debra Walker's reappointment and trust that the Board of Supervisors will do the same.

Sincerely,
Jonathan Nuila

Dear Mayor Breed and Members of the Board of Supervisors,

As a long-time resident of San Francisco, I am writing to express my strong support for Debra Walker's reappointment to the San Francisco Police Commission. Over the years, I have witnessed Debra's unwavering commitment to our city's safety, justice, and accountability. Her ability to build trust between the police and our diverse communities makes her an indispensable member of the Police Commission.

Debra has played a pivotal role in advancing the 272 reform recommendations made by the Department of Justice, ensuring our Police Department operates with transparency and effectiveness. Her leadership has been crucial in driving significant progress in our public safety initiatives, helping to make San Francisco a safer, more inclusive, and vibrant city.

It is essential to look beyond politics and acknowledge the immense value that Debra Walker brings to the Police Commission. Her reappointment is vital to sustain the momentum of our public safety efforts and continue the positive changes she has helped implement.

Thank you for considering this important matter. I firmly support Debra Walker's reappointment and trust that the Board of Supervisors will recognize her invaluable contributions to our city.

Sincerely,

Dear Mayor Breed and Members of the Board of Supervisors,

I'm writing to show my support for Debra Walker's reappointment to the San Francisco Police Commission. Debra really cares about our city's safety and well-being. She's always fighting for justice and making sure the police are accountable. She's great at building trust between the police and our different communities, which is super important.

Debra has been key in pushing forward the many reform recommendations from the Department of Justice making sure our Police Department is transparent and effective. Her leadership is crucial for keeping up the progress we've made in public safety, making sure San Francisco stays safe, inclusive, and vibrant for everyone. At this time in our city's history, it could not be more important to do whatever is possible to improve our city and its image, one that I love and care deeply about.

I hope you can see past politics and appreciate how much Debra brings to the Police Commission. Her reappointment is really important for keeping our public safety efforts moving forward.

Thanks for listening. I strongly support Debra Walker's reappointment and hope the Board of Supervisors does too.

Dear San Francisco Board of Supervisors:

I am writing to express my unwavering support for Debra Walker's reappointment to the San Francisco Police Commission. As a close friend and dedicated supporter of Debra, I have seen firsthand her deep commitment to the safety and well-being of our city and its diverse communities.

Debra's work on the Police Commission has been nothing short of exemplary. Her dedication to implementing meaningful reforms and ensuring that our police officers have the tools they need to protect our city has contributed significantly to the decline in crime rates. Debra's relentless advocacy for justice, accountability, and community engagement embodies the very principles that San Franciscans value.

As a proud member of San Francisco's LGBTQ community, Debra has been a steadfast ally and advocate for all marginalized communities. Her ability to foster trust and strengthen relationships between the police and the communities they serve is crucial, especially in these challenging times. Debra's leadership has been instrumental in advancing the 272 reform recommendations made by the Department of Justice, ensuring that our Police Department operates with transparency and effectiveness.

The recent rejection of Debra's reappointment by the Board of Supervisors' Rules Committee is a disheartening setback for our city. It is imperative that we prioritize public safety and continue the progress we have made. Debra's experience, dedication, and proven track record make her the ideal candidate to further this mission.

I urge the Board of Supervisors to look beyond politics and recognize the immense value that Debra Walker brings to the Police Commission. Her reappointment is vital for maintaining the momentum of our public safety initiatives and ensuring that San Francisco remains a safe, inclusive, and vibrant city for all its residents.

Thank you for your attention to this matter. I strongly support Debra Walker's reappointment and hope that the Board of Supervisors will do the same.

Sincerely,

--

Kevin Reed

Subject: Please support the proposed e-bike purchase/lease incentive program to help families, workers, and all people shift trips to bikes, reduce car traffic, demand for parking, noise, air pollution, climate emissions, and fatalities/injuries, while increa...
Date: Wednesday, June 5, 2024 11:26:32 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.lavanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHZyOmE6bzpIN2E0YjZnNTMyNjE1YjhiY2U3MWUyNzE0MGESMTBmzo2OjRjYjg6YzUzNWNhYThYmZhoGUyNDM3NjBIM2RmYWVjZj0ZGJjOWUyZDA0ZQ2Y2TU3NThkODg4YWMzOTRmRW0xMmZmOTp0OjQ.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Date: Tuesday, June 4, 2024 3:47:04 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

Hi! There's a big form e-mail below, which is all well and good, and I agree with everything in it, but y'know... on a personal note...

I live in the Inner Richmond, and our family just purchased an e-Bike. It's a real life changer, and has allowed us to replace a lot of car trips with much more pleasant bike rides. I also hate parking - it's a necessary evil, but I hate even looking for it. It's much more pleasant to just park directly in front of the opera house, or the grocery store.

This could make a huge difference to folks in the city! I hope you dig it.

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHQyOmE6bz1YmNNDI9jNlY2E1NDQ0NDYwYThkMDc2N2U5MmRjNj0k1Yzc6OTQxNmYyYjY5Y2g2NGQ5MjMjZjBjYWE5M2FZTEY0WlM1ZmMxYTdnWU4NTjY2Q5Y2YxNTlwOTkxZGZkZjBjY2p0OjQ.

The Board of Supervisors,

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at [eBikeSF.org](#), which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at <https://eBikeSF.org>.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at [eBikeSF.org](#), which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and

By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHqYOmE6bzpKZTKxNTQyZTYxMGNKYjYwYzYhMDQjNTVIMTNmMmZkNDc2OjNhZTA6NzE5MDU4MzRjMzFhMTVhYmE0OWY4OTcyZDYSNzMSM2JKOTk1MGU5MGU3NDkyNG11MWNlMjRlZjg3N2E0YWNkOTp0OjI0.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposal to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other funding sources.

Thank you.

The Board of Supervisors,

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/https://eBikeSF.org___YXAzOnNmZHQyOmE6bz01ZTM4M2MyNmVlOWFkZDZlZmVhZjNiYmQwMzgzZjVlODo2OmMwN2Y6NDgwMzhYzJmJjVjNTQwMzdlZjVlY2ZkMDU5MGZyYjY05OGZkZTc5ZjE3YmJINzY5ZmRINDEzYjA1M2FNGJlODp0OjI0.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. The Board of Supervisors,

My name is Nayeli and three years ago my family and I sold our van and used the money to buy an e-bike so we can help address the climate crisis we're all in. It has fundamentally changed our lives! We have two kids, and have been able to rely on our e-bike and public transit for three years now.

But not everyone has the options we had, not everyone has a van to sell.

That's why I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/____https://eBikeSF.org____YXAzOnNmZHQyOmE6bz0NzANODAA0NGNhMTc2ZDJNTjNDY2ZmRjOTc1MmWU5ZDc0MmXmNwY6MmlwYmI2YjRkYTMxY2JkNjM5NTNiZDh0ZDM2MzE2NmZmOWY1MDE3NDE0MmQzODVlOTMwZTRFY2E0ZTAwNj00IQ.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposal to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other funding sources.

Thank you.

The Board of Supervisors,

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposal to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other funding sources.

Thank you.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOhNmZHQyOmE6BzpmM2JYzZmMGRmZDQyMGZlOGU5ZTNmODI4YmI0YjI1MDI0A3YTc6NmUzYzgwYmQ5YmJlYjA2ZmJmZyY1NDA1MDY0MGYxZWU1YTQ1NzZkZWNYTnNmNmMzZGQ4YTE1ODM2MmU4YzpoOjQ.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHQyOmE6bzpjYtJmNmEhN2JmN2EwZDA3YmRlN2FhNjE2NmlyZmY5ZTc2OjI2YzY6YQwMGU3NTg2NDcyNDYONTE2OGFIzjk1YzYyNjUzMjc4ZjhmYTY3YWVzZT4ZGNiNjg2NmU5YWU3ZmQ1MTg1NTp0OjQ.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHQyOmE6bzoxY2E5NTM1MWlyOGRkZW5mE3M0QxZmYyN2I4MGE2NTc0JmZDg0N2Q4MzFjMjE2TU5Njg5NDEyYmNjZDZlMjE2ZGMzNmQ3MmYwNjBhYThmNzNkYjBjM0QwZWMyNTc0ODp0OjQ.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Subject: E-bikes fight climate change, please support a purchase/lease program in SF
Date: Monday, June 3, 2024 2:56:49 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

Hello, my name is Simone Manganelli and I'm a resident of District 8 in San Francisco. I'm writing in support of a purchase/lease program for e-bikes in SF. Climate change is happening now, and SF will not be spared the consequences, with increasing wildfires, increasing heatwaves, and sea level rise already affecting San Francisco. And one of the best ways to combat climate change is with e-bikes.

One of the biggest producer of greenhouse gases is cars, and San Francisco has the largest concentration of cars per square mile than any other city in the country. Therefore, it's our duty to reduce our dependence on cars. E-bikes provide the solution.

Along with dedicated infrastructure like a connected network of protected bike lanes, e-bikes and e-cargo bikes can replace car trips entirely for trips around the city. Imagine quieter, cleaner streets, with wider sidewalks and infrastructure to support safe e-biking. It would be a dream! As a resident of San Francisco, that is what I hope we can transform the city into.

The e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHQyOmE6bzpmNWNkOGFmMmVhYzJmNDNhYjRlMWU5ODE3MzNiYjRkMDo2OjpxOGI6NDZMzk1OTk1MzA5MmZmNjE3YzJmZmOWQxMjBmZmRhMDg4ZDM0Y2Q2MzI6Zjc5OTMyNTBmNmUJZGY1OTQ3MzpzOjOjOj.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposal to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other funding sources.

Thank you.

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at [eBikeSF.org](#), which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at <https://url.lavanan.click/v2/https://eBikeSF.org...YXAzOnNmZHQyOmE6bz2OGZhYJQ0MDJMzM1OTk1NjY4YzhOWJjZTNkMTM3Yz2OjY5ZjE6NzEY2YwNmE1Y2Q5MzQxODUyMTY5ZjIM2ZlMmZlYjUxOWI2MmUyY2JlMjRmZWFKNWxhNDQ4YmY5ODU3NzM5ODp0OIG>.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at [eBikeSF.org](#), which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. The Board of Supervisors,

Hi SF leadership! I'm writing to support the e-bike purchase/lease incentive program detailed by advocates at [eBikeSF.org](#).

Getting an e-bike a few years ago totally opened up the city to me. I use it (and now also an e-scooter) constantly to get between work, coffeeshops, restaurants, fitness activities, and more, and there's nothing like being outside in beautiful SF weather every day to make you love the city.

I'd love everyone else to experience that too. And it's better for the environment, businesses, city beauty, and more. Let's lead the way for all US cities with this!

Thank you,
Alex

The Board of Supervisors,

We need to encourage transportation alternatives to cars, and ebikes are one of the best. Auto drivers are killing and maiming our residents, destroying our lungs, bodies, planet with tire, brake, exhaust pollution. City needs to lead on making non-car travel safe, efficient, easy, accessible. Future generations will look back on our leaders and wonder why they never had any good ideas and actions.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHQyOmE6bzpmZGJmZjQ2YTlwZjlxOTIhMzVjMzBhZjE4ZmYzYzVmNjQ2OmQ4MDE6MDcwM2JkN2ZzMDAwNjQ4M2RhNDg4ZGJjOGUyYjYwMWRlNmI5OTY5MGM2Zk1MDVhNjA2M2Y1MTRmNDkyNGYwNTp0OjI

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. I am writing to urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which would help more families, workers, and other people shift trips to bikes, increasing safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposed program to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other eligible funding sources.

The proposed e-bike purchase/lease incentive program — inspired by, and modeled off, effective programs in Denver, Colorado, Austin, Texas, and Atlanta, Georgia — would reduce the financial burden for families, workers, and other people who want to use bikes for transportation, with a larger incentive for low-income individuals and families who qualify. By helping more people purchase or lease e-bikes, you will decrease car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries while increasing economic activity, revenue for local businesses, community connectedness, public health, and public land available for trees, seating, parks, playgrounds, housing, and other more effective land uses. Due to the cost-saving effect of increased bike ridership and bike infrastructure, the e-bike incentive program may well net cost savings for the City, County, and state, something that is especially needed and beneficial given the budget deficit and crisis.

You can find more information about the proposed program and related grassroots campaign at https://url.avanan.click/v2/___https://eBikeSF.org___YXAzOnNmZHQyOmE6bzpkNTM1Y2YSNzZzIjNTE3MzU5ZGFjZg5Yz02OmU5OTU6ZTk3MDc1ODcwNTgzMGVlOGYmZWVMSYwYwMDZmJmFmZVhZjMOMGM2ZjEjZGVlZTA5Njk4NzA1NWZmN2YzNDp0OjQ.

In order for this proposed program to become a reality, we need you to publicly voice your support for the program, secure funding for the program, and legislate the program. Will you commit to doing everything in your power to make this program a reality?

I urge you to support and approve the e-bike purchase/lease incentive program detailed by advocates at eBikeSF.org, which will help more families, workers, and other people shift trips to bikes, increase safety, affordability, and equity, and reduce car traffic, demand for parking, costs related to roadway construction/maintenance, noise, air pollution, climate emissions, and road fatalities/injuries. Please publicly support the proposed program and work with the advocates behind the proposal to create, approve, and launch the program as soon as possible, ideally within 2024 with funding from the City, SFCTA, MTC, state, federal government, and/or other funding sources.

Subject: Make Fulton Safe
Date: Tuesday, June 4, 2024 2:44:59 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisor Board of Supervisors,

Dear Mayor London Breed and Board of Supervisors; Directors Jeffrey Tumlin and Carla Short, and City Traffic Engineer Ricardo Olea,

The letter below was drafted after a January 31 death at the intersection of Fulton and Arguello. This morning, another pedestrian was struck in the same place.

In the months since the January death, what action have you taken to make Fulton safer? Have you begun traffic calming measure or intersection redesign -- some plan that isn't yet visible to the public? Or have you done nothing?

I commute along Fulton every day -- and every day, the traffic frightens me.

The January letter follows:

An elderly man was killed in the crosswalk in the morning of January 31 at Fulton and Arguello. We all know that both Fulton and Arguello, like the rest of San Francisco's High Injury Network, are streets that have killed and injured before and will do so again. I'm writing to urge SFMTA to immediately implement improvements at the Fulton and Arguello intersection, create a safer and slower Fulton, and proactively prioritize safety-forward measures citywide.

The Fulton Street Safety and Transit Project failed to lower speeds, or introduce significant vehicle calming measures. While the project introduced bus bulbs, the other main safety measure was painted safety zones. The planned transit bulb-out at the north-west corner of Fulton and Arguello (which very well may have helped the pedestrian in this case) has yet to be installed, nearly four years after it was approved. Paint does not protect. Concrete, slower speeds, and narrower lanes do. Therefore:

We urge the Department of Public Works and SFMTA to prioritize the completion of the transit-bulb-out on the north-west corner on Fulton and Arguello.

We know that speed kills. So let's lower the speed limit on Fulton from 30 to 25 mph between Arguello to the Great Highway. This matches the 25 mph limit east of Arguello.

We know that this intersection is heavily used by cyclists and transit riders accessing stops on Fulton and Arguello. The intersection needs an automatic pedestrian cycle with a leading pedestrian interval accommodating a walking speed of 2.5 feet/second or less.

Because other Fulton crossings are likewise crucial entrances to Golden Gate Park for people

of all ages and abilities, let's make sure every signalized intersection on Fulton from Stanyan to the Great Highway has these same signal improvements. Lastly, please expedite the protected bike lanes project on Arguello Boulevard from Fulton to the Presidio.

These are basic safety features that will make Fulton, and access to Golden Gate Park, safer for all road users.

To our elected leaders: I also urge you to remember our neighbor who was killed as you weigh the costs and benefits of future Muni Forward, Active Community Plan, and Vision Zero Quick Build projects. For example, building a transit-only lane on Fulton would allow us to put both transit and safety first, by making the bus faster and more convenient, while discouraging dangerous speeding. And there will be other projects that arise, offering safety, transit, and economic benefits—making it easier for San Franciscans to shift more trips to sustainable modes of travel to meet our city's climate goals—at the cost of some parking. Please consider the lives that you will save as you approve these projects.

Thank you, and please take care.

Subject: Laboratory Uses in the Urban Mixed Use Zoning District
Date: Thursday, June 6, 2024 11:09:49 AM
Attachments: [UMU & Labs.pdf](#)

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

Please see the attached letter from our Potrero Hill neighborhood group, *Save The Hill*, regarding our support of legislation to eliminate laboratory uses in Urban Mixed Use (UMU) zones.

Thank you for your time and attention to this important matter.

Best,
Rod Minott, on behalf of Save The Hill

SAVE THE HILL

Dedicated to the health, culture, heritage, and scenic beauty of Potrero Hill

6/6/24

Dear Board Members,

My name is Rod Minott, and I am the co-founder of Save The Hill, a grassroots community organization in Potrero Hill established in 2012. Our group has the support of hundreds of local residents. I have been a resident of Potrero Hill for many years.

On behalf of Save the Hill, I am writing to express our strong support for the legislation that prohibits "Laboratory" uses in Urban Mixed Use (UMU) zones.

This zoning change will promote housing and community-focused developments while steering laboratory facilities to more appropriate areas. Presently, the Planning Code bans Life Science uses in UMU zones but allows Laboratory uses, creating confusion as most Laboratory uses today are related to biotechnology. This ambiguity has created a sizeable loophole, leading to biotech and laboratory developments that undermine residential growth. The proposed legislation will clarify this issue and prevent misuse.

Given the ambitious housing goals set forth by both the City and State, and the limited land available for development in the Eastern Neighborhoods, it is crucial to preserve opportunities for new housing. Our neighborhood needs more affordable housing, not laboratories.

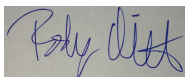

Laboratory uses in UMU zones also present additional problems. Among them:

- **Safety Concerns:** Labs often create inactive and isolated street frontages, particularly at night, which reduces street safety due to the lack of activity and surveillance.
- **Impact on Community Services and Small Businesses:** Laboratory developments tend to drive up costs, making it difficult for essential community services and small businesses to operate.
- **Toxic Risks:** The use of biohazards and hazardous chemicals in labs poses dangers in residential areas. Labeling laboratories as "non-life science" while permitting biotech may lead to insufficient regulation and oversight.

While I acknowledge the benefits of biotech innovation and the need for laboratory and Life Science facilities, UMU-zoned areas are not suitable for them. There are better locations for these facilities, such as Pier 70, the Power Station, and Candlestick Point, which are designed to accommodate such developments.

I urge you to approve the legislation that will eliminate laboratory uses in UMU zones.

Sincerely,

Rod Minott
On behalf of Save The Hill

Subject: Stop the Biotech Creep
Date: Thursday, June 6, 2024 8:27:17 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Board Members,

I am Rachel Leibman and live in District 9. I am writing in support of the legislation eliminating LABORATORY uses in UMU zoned areas. Allowing biotech labs in the Mission would utterly destroy its character and displace small shops and restaurants. There are plenty of appropriate non-UMU zoned places for biotech development.

Sincerely,
Rachel Leibman

Subject: Letter of support: Eliminating lab uses in UMU
Date: Wednesday, June 5, 2024 3:21:21 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Board Members,

I have lived and worked in Dogpatch for 11 years. I own a home and a business in the neighborhood and have seen it undergo monumental and exciting change over time. I thank you for your work supporting, growing and evolving our neighborhood as the city has changed.

I am writing in support of the legislation you are considering that would eliminate Laboratory uses in Urban Mixed Use (UMU). This zoning clarification will encourage housing and community serving uses, while propelling Lab uses in more appropriate locations. Planning Code currently prohibits any Life Science uses in Urban Mixed Use (UMU) zoning while allowing Laboratory uses. The distinction is unclear considering that nearly all current Laboratory uses involve biotechnology. Rather than assigning some murky analysis to distinguish between biotech and Life Science, the proposed legislation will eliminate any confusion or opportunity for misinterpretation.

Remaining opportunities for new housing must be protected, especially when considering the ambitious goals set in the Housing Element and relatively little land still available for development in the Eastern Neighborhoods.

I am generally in support of the construction of Laboratories and Life Science facilities and recognize the groundbreaking benefits of biotech innovation, but not in UMU-zoned parcels. Pier 70, the Power Station and Candlestick Point, along with ample PDR (Production Distribution Repair) land offer thousands of square feet of purpose-built opportunities for laboratory and biotechnology development. As a community we have supported and greatly look forward to these large planned developments coming to fruition as they will also provide much needed public benefits to our neighborhood.

Here is why Lab Use should be disallowed in UMU:

- **Housing is critical:** We need more housing in UMU, not labs.
- **Safety:** The insularity of lab buildings create unsafe dead zones on street frontage, particularly at night with no eyes on the street.
- **Noise:** 24/7 compressors and backup generator noise in labs are not compatible with residential uses.
- **Dead ground floors:** Labs are opaque with no public sidewalk interface and no public access, essentially killing the sidewalks.
- **Pricing out community and small businesses:** Lab spec buildings price out desperately needed neighborhood-serving uses.
- **Toxic:** Biohazards & hazardous chemicals used in labs are dangerous in residential

areas. Identifying laboratories as “non life science” while allowing biotech may mean that projects may evade regulation and proper oversight.

- Preserving mixed use zoning ensures **economic diversity and resilience** through economic downturns
- Encourage Lab uses at the Power Station, Pier 70 and Candlestick Park where they will help pay for affordable housing, open space and other public benefits

Thank you for taking the time considering this, and for your work on behalf of our communities.

Sincerely,
Nataly Gattegno

Subject: Support Letter for Lab prohibition in UMU
Date: Wednesday, June 5, 2024 1:41:40 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Board Members,

I live in the Dogpatch area of San Francisco and I am writing in support of the legislation eliminating LABORATORY Uses in Urban Mixed Use (UMU).

This zoning clarification will encourage housing and community serving uses, while propelling Lab uses *in appropriate locations*. Planning Code currently prohibits any Life Science uses in Urban Mixed Use (UMU) zoning at the same time it allows Laboratory uses. The distinction is unclear considering that nearly all current Laboratory uses involve biotechnology. Rather than assigning some murky analysis to distinguish between biotech and Life Science, the proposed legislation will eliminate any confusion or opportunity for misinterpretation.

Considering the ambitious goals in the Housing Element and relatively little land still available for development in the Eastern Neighborhoods, remaining opportunities for new housing must be protected. So many examples in San Francisco where streets only have offices, for example many blocks in Mission Bay are dead zones before and after business hours and in the weekend, resembling ghost streets.

I am generally in support of the construction of Laboratories and Life Science facilities and recognize the benefit to all of biotech innovation, but NOT in UMU-zoned parcels. Pier 70, the Power Station and Candlestick Point, along with ample PDR (Production Distribution Repair) land **offer thousands of square feet of purpose-built opportunities for laboratory and biotechnology development.** As a community we have supported and greatly look forward to these large planned developments coming to fruition as they will also provide much needed public benefits to our neighborhood.

Lab use must be disallowed in UMU. Here's why:

- HOUSING in CRITICAL NOW: We need housing in UMU NOT labs.
- SAFETY: The insularity of Labs create unsafe dead zones on street frontage, particularly at night, no eyes on the street
- NOISE: 24/7 compressors and backup generator noise in Labs are not compatible with residential uses.

- UNFRIENDLY: ground floor uses in UMU are pedestrian friendly; Labs fail as they are opaque with no public sidewalk interface and no public access
- OPPORTUNITY COST TO COMMUNITY SERVICES & SMALL NEIGHBORHOOD BUSINESSES: Lab spec builds price out desperately needed neighborhood-serving uses.
- TOXIC: Biohazards & hazardous chemicals used in labs are dangerous in residential areas. Identifying laboratories as “non life science” while allowing biotech may mean that projects may evade regulation and proper oversight.
- Preserving mixed use zoning ensures ECONOMIC DIVERSITY AND RESILIENCE through economic downturns
- Encourage Lab uses at the Power Station, Pier 70 and Candlestick Park where they will help pay for affordable housing, open space and other PUBLIC BENEFITS

Sincerely,
An Van de Moortel

Dear Supervisors,

Please support the legislation eliminating "Laboratory Uses" in Urban Mixed Use (UMU) areas. We need more housing, not biotech companies that store biohazards, in Urban Mixed Use zones. Redirect these laboratories to areas of San Francisco that are zoned for these purposes - one example is Pier 70.

This legislation reduces risk to public safety by allowing labs (housing hazardous materials) to be built near schools, playgrounds and residences. The Eastern Neighborhoods already have so many housing challenges amid hasty and greedy development.

This is a fantastic amendment to the Planning Code! I am hoping the public will see a unanimous vote next week.

Thank you,
Emily Block

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Board Members,

I live on Potrero Hill at the corner of Missouri and 18th Streets.. I am writing in support of the legislation eliminating LABORATORY Uses in Urban Mixed Use (UMU).

This zoning clarification will encourage housing and community serving uses, while propelling Lab uses *in appropriate locations*. Planning Code currently prohibits any Life Science uses in Urban Mixed Use (UMU) zoning at the same time it allows Laboratory uses. The distinction is unclear considering that nearly all current Laboratory uses involve biotechnology. Rather than assigning some murky analysis to distinguish between biotech and Life Science, the proposed legislation will eliminate any confusion or opportunity for misinterpretation.

Considering the ambitious goals in the Housing Element and relatively little land still available for development in the Eastern Neighborhoods, remaining opportunities for new housing must be protected.

I am generally in support of the construction of Laboratories and Life Science facilities and recognize the benefit to all of biotech innovation, but NOT in UMU-zoned parcels. Pier 70, the Power Station and Candlestick Point, along with ample PDR (Production Distribution Repair) land offer thousands of square feet of purpose-built opportunities for laboratory and biotechnology development. As a community we have supported and greatly look forward to these large planned developments coming to fruition as they will also provide much needed public benefits to our neighborhood.

Put simply, we are being overwhelmed by laboratories and this is not positive in many ways, but the main thing is that neighborhood character and vitality are negatively impacted. Please help stop this erosion.

Sincerely,

Philip Anasovich, Architect

298 Missouri St.

San Francisco, CA 94107

Subject: Amend the Planning Code - Laboratory Uses in UMU Zoning Districts
Date: Wednesday, June 5, 2024 9:16:28 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

First, a sincere thank you for working tirelessly to maintain and evolve our great city.

I write in to support the legislation eliminating Laboratory Uses in Urban Mixed Use (UMU) areas.

This zoning clarification will encourage housing and community serving uses, while promoting Lab uses in safer locations. The Planning Code currently prohibits any Life Science uses in Urban Mixed Use (UMU) zoning yet at the same time it allows Laboratory uses. The distinction is unclear considering that the vast majority of current Laboratory uses involve biotechnology. Rather than assigning an equivocal analysis to distinguish between biotech and Life Science, which can lead to future misinterpretation, *this proposed legislation will provide clarity and prevent abuse.*

I recently worked in a leadership capacity at a Bay Area biotech company and recognize the need for biotech innovation. However, I do NOT support it in UMU-zoned parcels. I am particularly concerned about safety (e.g. dead zones at night) and the potential escape of hazardous chemicals in residential areas where people live and children go to school. Facilities such as this one belong in more appropriate places that are zoned for such use. Consider other places such as Pier 70, the Power Station or Candlestick Point.

Finally, the goals of the General Plan to prioritizing housing must be factored here: Eastern Neighborhoods already have very little land left for desperately needed housing.

Please vote in favor of this much needed clarification to the Planning Code.

Sasha Gala
D10 Homeowner

Subject: Amending Planning Code - Laboratory Uses in UMU Zoning Districts
Date: Tuesday, June 4, 2024 10:06:20 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Board of Supervisors,

I live in District 10 in Potrero Hill. I write to support the legislation eliminating Laboratory Uses in Urban Mixed Use (UMU). A special thank you to Supervisor Walton for introducing it.

I am a research scientist who has worked in public health in the Bay Area for my entire career. I wholeheartedly support life sciences for biotech innovation (and their necessary facilities) when they are built in appropriate places, not in UMU zoned areas. This legislation will have the secondary benefit of upholding the Housing Element's goals for preserving space for housing which is already scarce in the Eastern Neighborhoods.

California requires SF to build 80,000 Housing Units by 2030 which means we're likely to lose all local planning control on residential development. We need AFFORDABLE HOUSING, not labs, in our mixed use neighborhood.

Please redirect such facilities to places appropriate for such uses, such as Pier 70, the Power Station or Candlestick Point. Biohazards & hazardous chemicals used in labs are dangerous in residential areas. Identifying laboratories as "non life science" while allowing biotech may mean that projects may evade regulation and proper oversight.

I urge the Board to vote for this legislation in the interest of public safety and the need to preserve land for building homes during this housing crisis.

Sincerely,

Matt Boden

Message to the Board of Supervisors, Mayor and SFMTA

From your constituent Margaret Barry
Email sfpbarry@comcast.net

I live in District

Enough is enough: Fire Jeff Tumlin

Message: Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San

Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street
and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Subject: Urgent: Opposition to San Francisco Upzoning Proposal
Date: Wednesday, June 5, 2024 8:17:51 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to express my strong opposition to the proposed upzoning in San Francisco. While the intent may be to address the affordable housing shortage, the current plan risks exacerbating issues and compromising the unique character of our neighborhoods.

The anticipated increase in luxury condos not only jeopardizes the topography and well-established, often historic and iconic, features of our neighborhoods but also raises concerns about the potential 'Manhattanization' of our residential communities. The added risk of increased traffic and strain on our infrastructure compounds these concerns.

I support Neighborhoods United SF and urge you to reconsider the current upzoning proposal. Exploring alternative solutions is crucial to genuinely addressing the affordable housing shortage without compromising our communities' integrity.

Thank you for your attention to this critical matter, and I appreciate your continued dedication to the well-being of our city.

Sincerely,
Christina McGovern
San Francisco, CA 94127

Date: Wednesday, June 5, 2024 5:34:20 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am a resident of District 1, a senior and am writing to express my strong opposition to the proposed upzoning in San Francisco. The stated intent may be to address the affordable housing shortage, but the reality of the plan is there will only be more profits for developers and reduced housing for renters. The unique character of our neighborhoods will be lost.

this plan also puts the horse before the MUNI, to borrow a turn of phrase. There is not enough public transportation to the west side as it is--increased density without the advance expansion of MUNI will be a big mess. As a result, the added risk of increased traffic and strain on our infrastructure compounds these concerns.

I support Neighborhoods United SF and urge you to reconsider the current upzoning proposal.

Thank you for your anticipated attention to this critical matter, and I appreciate your continued dedication to the well-being of our city.

Sincerely,
Renee Richards
San Francisco, CA 94121
