Pursuant to Charter section 4.101 (a)1, please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

I am a sixth generation San Franciscan who has worked to build relationships, coalitions and alliances throughout the diverse neighborhoods of the City. I worked as a youth advocate and organizer in the Excelsior, in an after school program in the Richmond, and as a community organizer in the Tenderloin. I have a strong record of speaking on behalf of the communities I have worked directly with to help shape public policy in order to address social inequities. I have worked with some of San Francisco's most vulnerable populations in order to help them address issues they see as directly impacting their lives. I am familiar with the needs of such diverse communities and have strong relationships with a number of community based organizations and city agencies working on behalf of San Francisco's vulnerable population.

**Business and/or professional experience:**

For almost four years I have been working as a community organizer with Tenderloin Neighborhood Development Corporation to develop a comprehensive food justice program. As the Co-Coordinator of the Tenderloin Healthy Corner Store Coalition I have assisted with developing local leadership of 7 resident Food Justice Leaders to assess over 50 of the corner stores in the Tenderloin over the past 3 years. We have worked collaboratively with the Food Guardians in the Bayview to develop the Healthy Retail SF Program that has eight healthy corner stores throughout San Francisco. We have also converted 5 stores in the Tenderloin and 8 stores city-wide into healthy retailers. I have a strong history of civic engagement and leadership development. I have worked with city officials to develop policies that promote food access and equity for under-served communities.

**Civic Activities:**

In 2014 I worked with Supervisor Mar in shaping the 'soda tax' ballot measure to ensure health equity. I have organized hundreds of our residents to become connected to a local food system by developing urban gardens on the rooftops on four of our buildings. I have distributed close to a hundred thousand pounds of fresh produce to Tenderloin residents from donations by the Heart of the City Farmers Market as with regular harvests of our five urban gardens. I am currently attending the University of San Francisco as a Master in Urban Affairs. I hope to use my education to explore opportunities to develop a local food system that creates economic development opportunities for low-income communities to improve access to healthy food.
