At the beginning of each calendar month of service, Contractor shall provide an invoice to the SFMTA for the fixed monthly management fee for the same service month in the amount of \$665,356. Within 10 days after the end of each calendar month of service, Contractor shall provide an invoice to the SFMTA for Services completed in the immediately preceding month for the following per-unit fees:

Each year, **on the first calendar day of the month following the anniversary** of the Effective Date of the Agreement, fees listed in this Appendix B shall be adjusted: 1) in direct proportion to the percentage increase in the current Consumer Price Index for Urban Wage Earners for the San Francisco Bay Area ("CPI") for the month immediately preceding the applicable anniversary date ("Current Index") over the CPI for the month of February 2016 ("Base Index"), or 2) by 3%, whichever is lower. If the Current Index has increased over the Base Index, the adjusted fee amount shall be calculated by multiplying the current fee amount by a fraction, the numerator of which is the Current Index and the denominator of which is the Base Index, as follows:

$$\frac{\text{Current index}}{\text{Base index}} \times \text{Current Fee Amount} = \text{Adjusted Fee Amount}$$
