[An exemption to the FMMP designation](#) may be allowed for applications that submit documentation that substantiates a description of an Infill Site.
- Applications requesting AHSC Program funding for Affordable Housing Developments and Housing Related Infrastructure Capital Projects must also demonstrate to the satisfaction of the Department all the following:
- Applicant(s) certifies the Affordable Housing Development, Housing Related Infrastructure, or both are infeasible without AHSC Program funds, and other committed funds are not and will not be supplanted by AHSC Program funds.
- Proposed Projects involving new construction or Substantial Rehabilitation and requiring the demolition of existing residential units are eligible only if the number of bedrooms in the new Project is at least equal to the number of bedrooms in the demolished structures, with equal or greater affordability. The new Affordable Units may exist on separate parcels provided all parcels are part of the same Project meeting the requirements of the UMRs Section 8303 (b).
- The Department may approve Projects involving new construction or Substantial Rehabilitation and requiring the demolition of existing residential units that result in a number of bedrooms less than the number in the demolished structures where it determines that such approvals will substantially improve the livability of the remaining units, or serve some other compelling public policy objective, as long as the reduction does not result in more than 25 percent fewer units upon Project completion.
- Will the proposed Project involve new construction or Substantial Rehabilitation and requiring the demolition of existing residential units?
- Will the proposed Project involve new construction or Substantial Rehabilitation and requiring the demolition of existing residential units that result in a number of bedrooms less than the number in the demolished structures?

- [affirmatively further fair housing](#)
- Applicants must affirm that the proposed Affordable Housing Development, or Mixed Use Development in the case that non-residential uses are included, are powered entirely through electricity with no connections to natural gas infrastructure. Only zero-emission generators are AHSC Eligible Costs. Projects required to include fossil fuel-based backup power by regulation or code should consider the cleanest and most renewable technology first, starting with gaseous fuel (e.g., RNG, NG, LPG), and then tier 4 compliant diesel. If a fossil fuel-based generator is installed, be advised that procurement, site preparation, installation, or operation of such units is not an AHSC Eligible Cost.

(A) Affordable Housing Development and Housing Related Infrastructure components must provide a conduit from the public right of way or property line and provide pathways, wiring, cables, and other necessary infrastructure extended to each unit and public common space to provide a broadband internet connection.

(B) For some rural areas, other technologies like fixed wireless, might offer the highest caliber connection. All Applicants should consult with their local jurisdictions about their broadband internet infrastructure planning, as well as existing broadband internet service providers in the area.

The following is a summary of each section:

(a) Community Benefits & Engagement §107(a) - 6 Points Maximum

Community involvement and leadership are crucial to ensuring that both the principal objectives and co-benefits of the project respond to the true needs of the community. Taken together, the responses to the prompts will explain how local residents and community-based organizations were meaningfully engaged in developing the Project, especially those from Disadvantaged and Low-income Communities, and how the project addresses community-identified needs and promotes community health and well-being. **The prompts will ask applicants to address two main components: (1) Community Engagement and Leadership and (2) how the AHSC Project addresses community needs.**

File Name	Community Tracker	Provide a completed AHSC Round 7 Community Engagement Tracker.	Uploaded to HCD?	
File Name	Community Needs	Letter of support from local community-based, grassroots organization describing the community engagement process and how feedback from local residents was incorporated into the Project.	Uploaded to HCD?	

(b) Climate Adaptation & Community Resiliency §107(b) - 5 Points Maximum

Communities will continue to experience effects of climate change in many ways, including increased likelihood of droughts, flooding, heatwaves, sea level rise, severe weather, and wildfires. Due to these effects, climate resiliency is a key part of planning and project implementation. The prompts will ask applicants to address how the risks posed from climate change and other environmental exposures will be reduced by strategies listed in the Climate Adaptation Assessment Matrix. The prompts will also ask how the Project will reduce the health risks of climate change and other environmental exposures including extreme heat, wildfires and smoke, air pollution from vehicle emissions, and more. Under this section applicants will fill out the Climate Adaptation Assessment Matrix.

Note: If available, use localized climate impact projections.

SUBJECT: **Affordable Housing and Sustainable Communities
Notice of Funding Availability (Round 7)**

The California Strategic Growth Council (SGC) and the California Department of Housing and Community Development (Department or HCD) are pleased to announce the release of this Notice of Funding Availability (NOFA) with **approximately \$750 million** in funds for the Affordable Housing and Sustainable Communities (AHSC or Program) program. This funding provides loans and grants to Localities, Developers, public housing authorities, transit agencies, transit operators, Program Operators, Tribal Entities, and others as identified in the Guidelines.

AHSC furthers the purposes of [AB 32](#) (Chapter 488, Statutes of 2006), [SB 375](#) (Chapter 728, Statutes of 2008), and [SB 32](#) (Chapter 249, Statutes of 2016) in that the purpose of AHSC is to reduce greenhouse gas (GHG) emissions through projects implementing land-use, housing, and transportation improvements to support infill and compact development, while supporting related and coordinated public policy objectives. Funding for AHSC is provided from the Greenhouse Gas Reduction Fund (GGRF), an account established to receive Cap-and-Trade auction proceeds.

AHSC is part of California Climate Investments, a statewide program funded through the GGRF that puts billions of Cap-and-Trade dollars to work, reducing GHG emissions, strengthening the economy, and improving public health and the environment – particularly in Disadvantaged Communities.

Application materials must be submitted electronically via HCD's Affordable Housing and Sustainable Communities Portal (AHSC Portal) no later than 4:00 p.m. Pacific Time on April 4, 2023. The Department will no longer accept hardcopy submittals.

AHSC application forms, detailed instructions, webinar details, and related Program information are posted on the Department's AHSC website at <https://www.hcd.ca.gov/grants-and-funding/programs-active/affordable-housing-and-sustainable-communities> Additional Program information may be found at SGC's AHSC website: <https://sgc.ca.gov/programs/ahsc/resources/>.

I. Overview

A. Notice of Funding Availability

The Strategic Growth Council (SGC) and the California Department of Housing and Community Development (Department or HCD) hereby announce the availability of approximately \$750 million in funding for the Affordable Housing and Sustainable Communities (AHSC) program. AHSC is administered by SGC and implemented by the Department. The California Air Resources Board (CARB) provides the quantification methodology for determining the greenhouse gas (GHG) emissions reductions for AHSC.

These AHSC funds will be used for loans or grants, or a combination thereof, to projects that will achieve GHG emissions reductions to benefit communities throughout California, particularly through increasing accessibility to affordable housing and Key Destinations via low-carbon transportation, resulting in fewer vehicle miles traveled through shortened or reduced trip length or mode shift from single occupancy vehicle use to transit, bicycling, or walking.

Applications submitted under this NOFA and available funds are subject to the AHSC Guidelines approved by the SGC on December 15, 2022, and as published on the SGC's AHSC website at <https://sgc.ca.gov/programs/ahsc/resources/guidelines.html>

The Guidelines include detailed information on eligibility requirements, application selection criteria, established terms, conditions, and procedures for funds awarded under AHSC. Applicants are encouraged to carefully review the Guidelines and information contained in this NOFA before submitting applications.

II. Program Requirements

The following is provided as a summary and is not to be considered a complete representation of the entirety of the eligibility, threshold, or other requirements or terms and conditions of the AHSC program. Please note that capitalized words in this NOFA are either defined herein or in the Program Guidelines. Please refer to the Guidelines for complete information.

A. Eligible Applicants

Applicants must be eligible pursuant to Guidelines Section 105, Eligible Applicants.

B. Eligible Projects

Eligible Projects must fall into one of the following three eligible Project Area Types:

- Transit Oriented Development (TOD) Project Area Type
- Integrated Connectivity Project (ICP) Area Type
- Rural Innovation Project Area (RIPA) Type

For a detailed list of all eligible costs, please refer to Guidelines Section 103, Eligible Costs.

C. Program Funding Amounts and Terms

1. **AHSC funding award maximum:** For projects without other HCD awards, the maximum AHSC loan or grant award, or combination thereof, is \$50 million, with a minimum award of \$10 million. For these projects, the maximum Affordable Housing Development loan amount is \$35 million, and the maximum cumulative per Project grant amount is \$15 million.

Additionally, for Projects that have or will have other HCD funding, the maximum cumulative per-project award of all HCD loan sources for housing development is \$35 million.

2. **AHSC funding award maximum:** A single Developer may receive no more than \$100 million per NOFA funding cycle. This limitation may be waived by SGC, if necessary, to meet statutory requirements referenced in Guidelines Section 108, Application Process.
3. **Terms of assistance:** Assistance terms and limits are set forth in Guidelines Section 104, Assistance Terms and Limits. Loans for rental Affordable Housing Developments (AHD) are subject to requirements set forth in Guidelines Section 104(b). Grants are subject to the terms and requirements set forth in Guidelines Section 104(c).

D. Transition Reserve

Projects having or proposing project-based rental assistance shall comply with the Department's Pooled Transition Reserve Policy set forth in HCD's Administrative Notice No. 23-01: <https://www.hcd.ca.gov/sites/default/files/docs/grants-and-funding/hcd-administrative-memo-transition-reserve-policy.pdf>

E. Funding Goals, Geographic Distribution of Funds, and Set-Asides

The Project Area Type funding goals, geographic goals, Tribal Entity goals, Affordable Housing statutory requirements, funding targets, and AHSC statutory funding set-asides are set forth in Guidelines Section 108(h). Additional policies that may impact the final decision of Project awards are set forth in Guidelines Section 108(i).

F. Funding Limits

Use of multiple HCD funding sources on the same Assisted Units is permitted, subject to the following limitations. (For the purpose of identifying funding limits, Units used in the calculation of AHSC grant amounts will be considered assisted):

1. Notwithstanding any conflicts with the AHSC Guidelines or NOFA, the HCD Repeal of Stacking Prohibition of Multiple Department Funding Sources Memorandum, dated August 20, 2021, is applicable. In the event of a conflict, the NOFA or Guidelines will prevail.
2. Total HCD funding per Project, including funds awarded under this NOFA, shall not exceed the following percentages of the total development cost (TDC):
 - < 40 percent of TDCs for Projects utilizing 9 percent tax credits
 - < 50 percent of TDCs for Projects utilizing 4 percent tax credits
 - < 80 percent of TDCs for Projects not utilizing tax credits

For purposes of calculating total HCD funding, all AHD and Housing Related Infrastructure (HRI) funding shall be considered. Additionally, prior awards made to the Project or any component of the Project, any funds awarded pursuant to this NOFA, and any applicable future HCD awards subsequent to any award made pursuant to this NOFA shall be considered. Note that total HCD funding, for these purposes, does not include STI, TRA, or PGM grants.

All Department funding sources listed in the HCD Repeal of Stacking Prohibition of Multiple Department Funding Sources Memorandum https://www.hcd.ca.gov/grants-funding/docs/admin_memo21-06_stacking_prohibition_repeal.pdf dated August 20, 2021, are applicable to the percentages of total development cost listed above. For AHSC, these sources

include AHD loans and HRI grants, but not STI, TRA or PGM grants. This HCD-wide Department funding cap applies not only to AHSC Round 7 awards, but to all Department awards.

At the sole discretion of the SGC's Executive Director, funding levels in excess of the percentages above may be approved as exceptions to the limits if they uniquely advance state policy priorities. Examples include large development Projects that include transformative community investments and advance climate goals through infill development, high density construction and proximity to transit.

To request an exception, the Applicant must submit justification prior to their application under this NOFA. It is in the Applicant's interest to submit justification as early as possible. After justifications are submitted, a recommendation from staff will be made based upon the strength of evidence and submitted to the SGC Executive Director for consideration. If approved, Applicants must submit documentation of approval with any subsequent Department applications for the applicable Project. A form for outlining the justification of the exception request will be provided by the Department.

G. Cost Limitations and Developer Fee

Developer fee limits specified in UMR Section 8312 shall apply, except that:

1. UMR Section 8312(d) shall not apply.
2. For non-tax credit new construction Projects, the total developer fee shall not exceed the following:
 - a. For Projects with 49 or fewer Restricted Units (excluding Units restricted at levels above 60 percent of AMI): the greater of \$40,000 per Restricted/manager's Unit or \$1,200,000.
 - b. For Projects with between 50 and 100 Restricted Units (excluding Units restricted at levels above 60 percent of AMI): \$2,200,000; and
 - c. For Projects with more than 100 Restricted Units (excluding Units restricted at levels above 60 percent of AMI): \$2,200,000 plus \$20,000 per Restricted Unit in excess of 100 up to a maximum of \$3,500,000. The developer fee in excess of \$2,200,000 must be deferred. Payment of deferred developer fee shall be in compliance with UMR Section 8314.
3. For Projects utilizing 4 percent tax credits, developer fee payments shall not exceed the amount that may be included in Project costs pursuant to Title 4 California Code of Regulations (CCR), Section 10327(c)(2)(B); and

4. Projects that include a Tribal Entity that relies on a partner to meet the experience requirements of an eligible Developer shall have their allowable total developer fee increased according to the following:
 - a. For non-tax credit Projects, an increase of \$300,000 over the limits set forth in (b)(2) (a)-(c) above. Additionally, for Projects with more than 100 Units as defined above in (b)(2)(c), the developer fee paid from sources may increase up to \$2,640,000.
 - b. For Projects utilizing 4 percent tax credits, an increase consistent with Title 4 CCR, Section 10327(c)(2)(E), if eligible pursuant to that section.

H. Threshold

In addition to meeting the requirements of the Guidelines, as described in paragraphs A, B, and C above, Applicants and Projects are also required to meet the Program threshold requirements established in Section 106, Program Threshold Requirements of the Guidelines.

1. For projects secured by leasehold security, leases must meet the requirements of UMR §8316, and both the Borrower and the fee owner of the property must execute the Department's form template lease rider without modification. The lease rider amends the lease and must be recorded on the fee estate.

I. Scoring and Ranking

Applications will be scored according to Guidelines Section 107, Scoring Criteria. AHSC funds will be allocated through a competitive process, based on the merits of the application, as detailed in Section 108, Application Process.

J. Negative Points and Disencumbrance Policies

The Department's Negative Points Policy ([Administrative Notice Number 2022-01](#)) and Disencumbrance Policy ([Administrative Notice Number 2022-02](#)), dated March 30, 2022 and published on the Department's AHSC website at <https://www.hcd.ca.gov/sites/default/files/2022-03/Disencumbrance-Policy-FINAL-03-31-22.pdf> are hereby incorporated by this reference to this NOFA. The Department shall apply the Negative Points Policy with equal force as all other provisions set forth herein. The Department shall implement the Negative Points Policy with reasonable and necessary discretion to advance AHSC policy and funding goals.

If the Applicant is subject to a negative points assessment based on the criteria outlined in the Department's Negative Points Policy or is determined to be ineligible for funding, HCD shall notify the Applicant in writing in the initial point score letter.

III. **Application Submission and Review Procedures**

Applications must meet eligibility requirements upon submission (except as expressly indicated in the Guidelines or Application Workbook). Modification of the application forms by the Applicant is prohibited. It is the Applicant's responsibility to ensure the application is clear, complete, and accurate. After the application deadline, Department staff may request clarifying information, provided such information does not affect the competitive rating of the application. No information, whether written or oral, will be solicited or accepted if this information would result in a competitive advantage to an Applicant or a disadvantage to other Applicants. No Applicant may appeal the evaluation of another Applicant's application.

A. HCD's AHSC Portal Application Components

Complete applications must include the following components:

1. AHSC Application Workbook

All Applicants must complete and submit the AHSC Application Workbook and supporting documentation.

2. AHSC Benefits Calculator Tool

All Applicants must complete and submit the AHSC Benefits Calculator Tool to meet requirements referenced in Guidelines Section 106, Program Threshold Requirements and Estimated GHG Reduction Scoring in Section 107, Scoring Criteria.

3. Electronic AHSC Portal Submission

Application materials must be submitted electronically via HCD's AHSC Portal no later than 4:00 p.m. Pacific Time on **April 4, 2023**. Requirements for uploading the AHSC Application Workbook, required supporting documentation, and identified naming conventions are described in the application instructions that will be available when the application is posted to the AHSC website.

Personal deliveries will not be accepted. The Department will no longer accept hardcopy submittals. No facsimiles, incomplete applications, application revisions, or walk-in application packages will be accepted.

B. Application Review

1. Phase One

Application completeness and satisfaction of threshold criteria described in the Guidelines will be confirmed. Please note, the threshold review for financial feasibility criteria in this phase consists of only verification of documentation completeness, not an evaluation of the material facts.

The complete financial feasibility review will take place in Phase Three. Phase One is a pass/fail stage and Applicants will receive notification of their status upon completion of threshold reviews with a five-day opportunity to appeal the findings of the reviews.

2. Phase Two

Quantitative policy criteria and AHSC Greenhouse Gas Quantification Methodology (GHG QM) will be evaluated for proposals that have met the requirements of Phase One. An initial score letter will be provided to Applicants with a five-day opportunity to appeal the findings of the reviews. AHSC staff will review appeal responses and revise scores where appropriate. Applications with a final combined quantitative policy criteria and Greenhouse Gas Quantification Methodology point score of fewer than 41 points will not be eligible for award and will not be assigned a narrative score. The final score letter will include notification of application status.

3. Phase Three

An interagency team will review the narrative section of eligible applications. During Phase Three, an in- depth evaluation of the Project's financial feasibility will be performed.

C. Application Workshops

AHSC staff will conduct application webinars and pre-application consultations for the Round 7 application submissions. AHSC webinar details and appointment slots for the pre-application consultations will be posted on the SGC website:

<https://sgc.ca.gov/programs/ahsc/resources/guidelines.html> [sgc.ca.gov] and announced through the SGC AHSC [E-Mail list](#)

D. Disclosure of Application

Information provided in the application will become a public record available for review by the public, pursuant to the California Public Records Act (Government Code Sections 6250-6276.48). As such, any materials provided are subject to disclosure to any person making a request under this Act. The Department cautions Applicants to use discretion in providing information not specifically requested, including but not limited to, bank account numbers, social security numbers, personal phone numbers, and home addresses. By providing this information to the Department, the Applicant is waiving any claim of confidentiality and consents to the disclosure of submitted material upon request.

E. Concurrent Applications

The Department will allow Applicants under this NOFA to pursue more than one funding scenario. This means that a separate, concurrent application to other HCD program funding sources is permitted. All applications under review and anticipated applications must be disclosed in the AHSC application workbook. In instances where such Applicants are competitive for an award, the Department will consult with Applicants to discern which funding scenarios are optimal for Project feasibility while balancing cost containment.

Submission of two concurrent AHSC applications proposing 4 percent and 9 percent tax credit is prohibited. Submitting an AHSC application proposing 4 percent tax credits to the Department and submitting a concurrent 9 percent TCAC application is prohibited without prior approval from the Department.

If switching from a 4 percent to 9 percent project after receiving an AHSC award, the award will be resized and the award letter reissued to reflect the reduced award amount using the unit mix as originally submitted in the application. Please note that the 24-month disencumbrance deadline, however, will continue to be tied to the date of the original award letter. The Sponsor must demonstrate that any resulting gap from the resizing of the loan has been covered through an alternative funding source.

If switching from a 9 percent to a 4 percent project, the award will NOT be resized

Under both circumstances, the Department will only allow a switch between 4 percent and 9 percent one time per project. The Department MUST be notified and, if required, an amended award letter be issued in advance of application submittal to CDLAC or TCAC.

No final determination can be made on whether a specific project may swap from 4 percent to 9 percent, or vice-versa, until updated application materials indicating changes to the project's budget have been submitted, reviewed, and approved by AHSC program staff.

F. Prior Awards

Applicants must disclose all awards of loans and grants for the project at the time of application submittal. Applicants seeking to substitute previously awarded HCD funds, including but not limited to substitutions to increase the amount of an award, must first withdraw their previous award in writing and provide reasonable justification that the substitution is necessary to ensure Project feasibility. A consultation with Department Program staff is required at the time of the withdrawal. Substitutions based solely upon

Applicant preference or convenience will not be permitted. However, it is allowable for Applicants that wish to retain their previous award to apply for another funding source available within this NOFA, so long as the previous award is unmodified.

In general, no changes to unit mix or other Project-specific criteria as represented for a previous award will be allowed if it would have negatively impacted competitiveness under that program. However, the Department will allow previously awarded Projects to lower their proposed income targets from one application to the next, so long as the total unit count remains the same. The Department will restrict units to the lowest targeting across all awarded funds and will require Projects awarded from a program with prioritized target populations to maintain the special population units (increasing target population and/or Restricted Units is permitted). For Projects proposing a reduction to Area Median Income (AMI) levels on the unit mix, prior to application the Recipient must engage with Program staff of their existing award and confirm the change does not impact Project feasibility and would not cause a reduction in awarded funds pursuant to an existing award program's requirement.

G. Significant Changes in Project After Application

The Department will review, and score based on information provided in the application. If there is a significant departure from the application, the Department may re-evaluate the Project's score, reduce loan or grant amount, or assign negative points to the Developer/Recipient.

IV. Appeals

A. Basis of Appeals

1. Upon receipt of the Department's written notice that an application is incomplete, has failed threshold review, or has otherwise been determined to provide an insufficient basis for an award, Applicants under this NOFA may appeal such decision(s) to the Branch Chief or their designee pursuant to this section.
2. No Applicant shall have the right to appeal a decision of the Department relating to another Applicant's application (e.g., eligibility, award). Any request to appeal HCD's decision regarding an application shall be reviewed for compliance with the AHSC Guidelines and this NOFA. All decisions rendered shall be made by the Branch Chief or their designee. The decision shall be final, binding, and conclusive, and shall constitute the final action of the Department.
3. The appeal process provided herein applies solely to the decision of the Department made in this Program NOFA. For greater specificity, Applicants may refer to the appeal procedure set forth in section "V. Appeals" in the Multifamily Finance Super Notice of Funding Availability dated March 30, 2022, Amended June

10, 2022, which is incorporated hereto by this reference, and which the Department shall, to the extent not contrary to this NOFA and feasible, substantially follow.

B. Appeal Process and Deadlines

1. Process: To file an appeal, Applicants must submit to the Branch Chief or their designee, by the deadline set forth below, a written appeal which states all relevant facts, arguments, and evidence upon which the appeal is based. Furthermore, the Applicant must provide a detailed reference to the area or areas of the application that provide clarification and substantiation for the basis of the appeal. No new or additional information will be considered if this information would result in a competitive advantage to an Applicant. Once the written appeal is submitted to the Department, no further information or materials will be accepted or considered thereafter. Appeals must be submitted to the Department at ahsc@hcd.ca.gov and SGC at ahsc@sgc.ca.gov according to the deadline set forth in Department review letters.
2. Filing deadline: Appeals must be received by the Department no later than five business days from the date of the Department's threshold review, or initial score letters, as applicable, representing the Department's decision made in response to the application.

C. Decision

Any request to appeal the Department's decision regarding an application shall be reviewed for compliance with the AHSC Guidelines and this NOFA. All decisions rendered shall be final, binding, and conclusive, and shall constitute the final action of the Department.

V. Award Announcements and Contracts

A. Award Announcements

Award recommendations will be posted with SGC meeting materials on the SGC's AHSC website at <http://www.sgc.ca.gov/meetings> 10 days prior to the SGC public meeting.

B. Contracts

Successful Applicants (Recipients) will enter into one or more Standard Agreements with the Department. The Standard Agreement contains relevant state and federal requirements, as well as specific information about the award and work to be performed.

A condition of award will be that a Standard Agreement must be executed by the

Recipient within 90 days (contracting period) of HCD's issuance of the award letter. Failure to execute the Standard Agreement(s) within the contracting period may result in award cancellation. The Recipient shall remain a party to the Standard Agreement for the entire term of the Standard Agreement; removal of the Recipient without prior HCD consent is prohibited and will result in a default. Once a Project is awarded HCD funds, the Developer/Recipient is acknowledging the Project as submitted and approved is the Project that is to be funded and built. Any bifurcation would make that award null and void, as the awarded Project is no longer feasible as originally submitted and awarded funds are unable to be assumed or assigned.

C. AHSC Cross-Default Provision

Awards are based on the total points awarded to the application during a highly competitive process. The Standard Agreements set forth requirements for timely completion of Affordable Housing Development (AHD), Housing Related Infrastructure (HRI), Sustainable Transportation Infrastructure (STI), Transportation Related Infrastructure (TRA), or Program (PGM) components. If all components are not timely completed pursuant to Program requirements, the entire award may be disencumbered, and disbursed funds recaptured. The Standard Agreements will expressly cross-default all components of the award to one another.

The Department recognizes the Recipient may enter into separate side agreements to address individual Developer responsibilities with respect to each other and with regard to Program funds; provided, however, in no event shall any such agreement alter or amend the respective obligations of the Recipient to the Department under the applicable loan or grant documents.

D. Departmental Cross-Default Provision

In the event the Project is or has been awarded additional Department funding, any and all such funding, including the award of AHSC Program funds, will be cross defaulted to and among one another in the respective loan or, where applicable, grant documents. A default under one source of Departmental funding shall be default under any and all other sources of Department funding in the Project.

VI. Other State Requirements

A. Article XXXIV

All Projects shall comply with Article XXXIV, Section 1 of the California Constitution, as clarified by the Public Housing Election Implementation Law (Health and Safety Code Sections 37000 - 37002). Article XXXIV documentation for loans underwritten by the Department shall be subject to review and approval by the Department prior to the announcement of award recommendations.

Article XXXIV requires local voter approval before any state public body can develop, construct, or acquire a low-rent housing project in any manner. However, the Public Housing Election Implementation Law (Health and Safety Code Sections 37000 – 37002) provides clarification as to when Article XXXIV is applicable. Health and Safety Code Section 37001, for example, identifies project types that are not considered “low-rent housing projects.”

Applicants must submit documentation substantiating compliance with or exemption from Article XXXIV. If a project is subject to Article XXXIV, the Department requires an allocation letter from the Locality that demonstrates Article XXXIV authority for the project. A local government official with authority must prepare the allocation letter, and it must include the following:

1. The name and date of the proposition and the number of units that were approved;
2. A copy of the referendum and a certified vote tally;
3. The number of units that remain in the Locality’s “bank” of Article XXXIV authority (i.e., the number of units that are still available for allocation); and
4. The number of units that the Locality will commit to this project, including the manager unit.

If a Project is statutorily exempt from Article XXXIV, the Department requires an Article XXXIV opinion letter from the Applicant’s legal counsel.

The Article XXXIV opinion letter must demonstrate that the Applicant has considered both the legal requirements of Article XXXIV and the relevant facts of the Project (e.g., all funding provided by public bodies, including state, county, or city sources, the number of low-income Restricted Units, and the general content of any regulatory restrictions). Any conclusion that a Project is exempt from Article XXXIV must be supported by facts and a specific legal theory for exemption that itself is supported by the Constitution, statute, and/or case law.

B. Relocation

The Applicant must comply with Government Code Section 7260 et seq., the California Code of Regulations, Title 25, Section 6000 et seq., and, if applicable, 49 CFR Part 24 of the Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs (URA) (collectively referred to herein as Relocation or Relocation Law).

Failure to comply with applicable relocation requirements will result in rejection of the application and disencumbrance of any awards made to the Project.

C. Pet Friendly Housing Act of 2017

Housing funded through AHSC is subject to the Pet Friendly Housing Act of 2017 (Health and Safety Code Section 50466). Each Recipient is required to submit a signed and dated certification that residents of the AHSC funded housing development will be authorized to own or otherwise maintain one or more common household pets.

VII. Other Terms and Conditions

A. Right to Modify or Suspend

The Department reserves the right, at its sole discretion, to suspend, amend, or modify the provisions of this NOFA at any time, including without limitation, the amount of funds available hereunder. If such an action occurs, the Department will notify all interested parties through the Department's email list and will post the revisions to HCD's AHSC website. Please subscribe to HCD's email list at [Email Signup](#).

B. Conflicts

It is the duty and responsibility of the Applicant to review any funding source they obtain for a Project to ensure each of the requirements for those funding sources are compatible with the Department program requirements.

In the event of any conflict between the terms of this NOFA and AHSC Guidelines and either applicable state or federal law or regulation, the terms of the applicable state or federal law or regulation shall control. Applicants are deemed to have fully read and understand all applicable state and federal laws, regulations, and guidelines pertaining to the relevant program, and understand and agree that the Department shall not be responsible for any errors or omissions in the preparation of this NOFA.

Article I. AHSC General Overview

Section 100. Purpose and Scope

- (a) The purpose of these Program Guidelines is to implement Division 44, Part 1 of the Public Resources Code (PRC) (commencing with Section 75200), which establishes the Affordable Housing and Sustainable Communities (AHSC) Program, hereinafter referred to as the **AHSC Program**
- (b) The purpose of the **AHSC Program** is to reduce greenhouse gas (GHG) emissions through projects that implement land-use, housing, transportation, and agricultural land preservation practices to support infill and compact development, and that support related and coordinated public policy objectives, including the following:
 - (1) reducing air pollution;
 - (2) improving conditions in disadvantaged communities;
 - (3) supporting or improving public health and other co-benefits as defined in Section 39712 of the Health and Safety Code;
 - (4) improving connectivity and accessibility to jobs, housing, and services;
 - (5) increasing options for mobility, including the implementation of the Active Transportation Program established pursuant to Section 2380 of the Streets and Highway Code;
 - (6) increasing transit ridership;
 - (7) preserving and developing affordable housing for lower income households, as defined in Section 50079.5 of the Health and Safety Code; and
 - (8) protecting agricultural lands to support infill development.
- (c) This document will serve as the primary document related to eligibility, scoring, and the application process for Round 7 of the **AHSC Program**. Unless stated in this document, previous versions of AHSC Guidelines, attachments, Quantification Methodologies, Question and Answer (“Q&A”) documents, or personal communications with staff from previous rounds are superseded by this document and no longer in effect for projects applying to Round 7.
- (d) Severability: If any provision of these Guidelines are found to be unlawful, unenforceable, or invalid in whole or in part for any reason, such provisions will be severed without affecting any other provision of this document. The validity and enforceability of the remaining provisions, or portions of those provisions, will not be affected.

Section 101. AHSC Program Overview

The **AHSC Program** furthers the purposes of [AB 32](#) (Chapter 488, Statutes of 2006), [SB 375](#) (Chapter 728, Statutes of 2008), and SB 32 (Chapter 249, Statutes of 2016) by investing in projects that reduce GHG emissions by supporting more compact, infill development patterns, encouraging active transportation and transit usage, and protecting **Agricultural Land** from sprawl development. The Greenhouse Gas Reduction Fund (GGRF), an account established to receive proceeds from Cap-and-Trade auctions, provides funding for the **AHSC Program**. The Cap-and-Trade Program, a key strategy for achieving the GHG emission reduction goals of AB 32, issues a limited number of GHG emissions permits (called allowances) each year. A portion of these allowances can be purchased from the State at quarterly auctions, thereby generating auction proceeds. These State auction proceeds are then deposited in the GGRF, where they become available for appropriation by the Legislature to further the purposes of AB 32.

The **AHSC Program** is administered by the **California Strategic Growth Council (Council or SGC)**. The **Department of Housing and Community Development (Department)** will implement the transportation, housing, and infrastructure components of the **AHSC Program**. The **Council** staff will coordinate efforts with **Department** staff, working with the **California Air Resources Board (CARB)** and the **Council** to administer the broader **AHSC Program**, including developing program guidelines, evaluating applications, preparing agreements, monitoring agreement implementation, and program reporting.

The **Council** will coordinate with **CARB** to develop and incorporate consistent guidance in the following areas, which will apply to all GGRF programs, including the **AHSC Program**:

- Expenditure records to ensure investments further the goals of AB 32.
- SB 535 (Chapter 830, Statutes 2012) and AB 1550 requirements to maximize benefits to **Disadvantaged Communities, Low-Income Communities, and Low-Income Households**.
- Consistent methodologies for quantifying GHG reductions and other economic, environmental, and public health co-benefits.
- Project tracking and reporting.

The **AHSC Program** provides grants and/or loans to projects that achieve GHG emission reductions and benefit **Disadvantaged Communities, Low-Income Communities, and Low-Income Households** through increasing accessibility of affordable housing, employment centers and **Key Destinations** via low-carbon transportation resulting in fewer vehicle miles traveled (VMT) through shortened or reduced vehicle trip length or mode shift to transit, bicycling or walking.

The **AHSC Program** supports the Climate-Friendly, Climate-Ready Housing goals as outlined by [Governor Gavin Newsom's letter to CARB dated July 22, 2022](#). AHSC is funding infill projects that are dense, affordable, and located in transit-rich areas to reduce Vehicle Miles Traveled (VMT). **AHSC Projects** also promote carbon neutrality by funding all electric design and green building techniques, **Urban Greening**, and purchase of **Zero Emission Vehicles (ZEV)**.

Three **Project Area Types** have been identified to implement this strategy: 1) **Transit-Oriented Development (TOD) Project Areas**, 2) **Integrated Connectivity Project (ICP) Project Areas**, or 3) **Rural Innovation Project Areas (RIPA)**.

AHSC award funds will be allocated through a competitive process, based on the merits of applications submitted and the proposed use of funds within the identified **Project Area**.

The threshold requirements and application selection criteria focus on the extent to which developments realize the **AHSC Program's** objectives of reducing GHG emissions, benefiting **Disadvantaged Communities**, **Low-Income Communities**, and **Low-Income Households**, providing affordable housing, demonstrating project readiness, and meeting other policy considerations.

Disadvantaged Community Benefits

As a part of California Climate Investments, AHSC will use the updated [Disadvantaged Communities](#) (DAC) designation and the updated low-income community and household threshold collectively referred to as [Priority Populations](#) for Round 7. The updated designation includes:

- Census tracts receiving the highest 25 percent of overall scores in [CalEnviroScreen 4.0](#) (1,984 tracts).
- Census tracts lacking overall scores in [CalEnviroScreen 4.0](#) due to data gaps but receiving the highest 5 percent of [CalEnviroScreen 4.0](#) cumulative pollution burden scores (19 tracts).
- Census tracts identified in the 2017 DAC designation as disadvantaged, regardless of their scores in [CalEnviroScreen 4.0](#) (305 tracts).
- Lands under the control of federally recognized Tribes. For purposes of this designation, a Tribe may establish that a particular area of land is under its control even if not represented as such on CalEPA's DAC map and therefore should be considered a DAC by requesting a consultation with the CalEPA Deputy Secretary for Environmental Justice, Tribal Affairs and Border Relations at TribalAffairs@calepa.ca.gov.

AB 1550 has also created investment requirements for **Low-Income Communities** and **Low-Income Households**. In July 2018, CARB approved the *Funding Guidelines for Agencies Administering California Climate Investments* that will provide criteria to evaluate whether a project provides a benefit to a **Disadvantaged Community**, **Low-Income Community**, or **Low-Income Household**. These guidelines can be found [here](#).

A **Project** that is located in, and provides benefits to, a **Disadvantaged Community**, **Low-Income Community**, or **Low-Income Households** may receive priority for funding in order to meet the AHSC Program **Disadvantaged Community** and **Low-Income Community** funding requirements. **Projects' Disadvantaged Community** and **Low-Income Community** status is based upon the location of their AHSC-funded **Affordable Housing Development**.

Article II. Program Requirements and Procedures

Section 102. Eligible Projects

The **AHSC Program** is designed to implement GHG emission reductions through a reduction of vehicle miles traveled (VMT), or fewer and shorter auto-trips. The **AHSC Program** will fund integrated land use and transportation projects supporting low-carbon transportation options. Promoting mode shift to low-carbon transportation requires strategies that link residential areas, major employment centers and other **Key Destinations** to accessible, reliable, affordable, safe and comfortable transit and active transportation options.

- (a) The **Project Area** is the area which encompasses transit, housing and destinations and is the area in which **Project** funds will be primarily focused. Each **Project Area** must:
 - (1) Be a contiguous area with no greater than a one (1.0) mile radius from any single point inside the parcel of the **Affordable Housing Development**. Projects that are made up of **Scattered Sites** must choose one point in one of the parcels of the applicant's choice.
 - (2) Include at least one **Transit Station/Stop** consistent with the requirements set forth in (c) or (d) below; and
 - (3) Include all AHSC-funded **Sustainable Transportation Improvements** and **Transportation Related Amenities**. AHSC-funded **STI** components (e.g., a bus-only lane, **Transit Signal Priority**, a bikeway, or sidewalk) may extend beyond the boundaries of the **Project Area**, but a pedestrian entrance to the facility must be located inside the **Project Area**. If making an **STI** improvement to a fixed route transit route, there must be a **Transit Station/Stop** of that route within the **Project Area**. If making an **STI** improvement to a **Flexible Transit Service**, the service area must include the **AHD**.
- (b) The **AHSC Program** includes three eligible **Project Area Types**: 1) **Transit-Oriented Development (TOD) Project Areas**; 2) **Integrated Connectivity Project (ICP) Project Areas**, and 3) **Rural Innovation Project Areas (RIPA)**.

All projects, regardless of **Project Area Type**, must demonstrate VMT reduction through fewer or shorter vehicle trips or through mode shift to transit use, bicycling or walking within transit areas, with an emphasis on integrating or developing affordable housing, and with an emphasis on providing benefits to **Disadvantaged Communities** or **Low-Income Communities**. There are several differentiating requirements between each **Project Area Type**, as described below.

- (c) **TOD Project Areas** must demonstrate all the following:
 - (1) Include at least one (1) **Transit Station/Stop** that is served by **High Quality Transit** at the time of application submittal which is located no farther than one-half (0.50) mile from the **Affordable Housing Development** along a pedestrian access route. If the pedestrian access route is not already in place at the time of application, the route must be in place by the time a certificate of occupancy is provided; and

- (2) Include **Capital Projects** or **Program Costs**:
 - (A) At least one of the following: **Affordable Housing Development (AHD)**; **Housing Related Infrastructure (HRI)**; AND
 - (B) At least one of the following: **Sustainable Transportation Infrastructure (STI)**; **Transportation Related Amenities (TRA)**; **Program Costs (PGM)**
- (d) **ICP Project Areas** must demonstrate all the following:
 - (1) Include at least one (1) **Transit Station/Stop** that is served by the **Qualifying Transit** at the time of application submittal which is located no farther than one-half (0.50) mile from the **Affordable Housing Development** along a pedestrian access route. If the pedestrian access route is not already in place at the time of application, the route must be in place by the time a certificate of occupancy is provided; and
 - (2) Does not include a **Transit Station/Stop** that is served by **High Quality Transit** at the time of application submittal which is located within one-half (0.50) mile from the **Affordable Housing Development** along a pedestrian access route; and
 - (3) Include **Capital Projects** or **Program Costs**:
 - (A) At least one of the following: **Affordable Housing Development (AHD)**; **Housing Related Infrastructure (HRI)**; AND
 - (B) At least one of the following: **Sustainable Transportation Infrastructure (STI)**; **Transportation Related Amenities (TRA)**; or **Program Costs (PGM)**
- (e) **RIPAs** must demonstrate all the following:
 - (1) Include at least one (1) existing or planned **Transit Station/Stop** that is served by the **Qualifying Transit** that is located no farther than one-half (0.50) mile from the **Affordable Housing Development** along a pedestrian access route. If the pedestrian access route is not already in place at the time of application, the route and **Transit Station/Stop** must be in place by the time a certificate of occupancy is provided.
 - (2) Meet all the requirements detailed in Section 102(d)(2) and Section 102(d)(3) above; and
 - (3) Must be located within a **Rural Area**, as defined in California Health and Safety Code 50199.21.

Section 103. Eligible Costs

The **AHSC Program** funds **Capital Projects** and eligible **Program Costs** within **TOD, ICP** and **RIPA Project Areas** consistent with requirements of Section 102(c), (d), and (e) as follows:

- **Affordable Housing Development (AHD)**
- **Housing Related Infrastructure (HRI)**
- **Sustainable Transportation Infrastructure (STI)**
- **Transportation Related Amenities (TRA)**
- **Community Education and Other Program Costs (PGM)**

Each **Capital Project** or **Program Cost** must be unique to a single application and cannot be split over multiple applications.

Examples of **Eligible Costs** within each category of eligible **Capital Projects** and **Program Costs** are identified in Figure 2 below. Note that these are examples and not an exhaustive list. (a) **Capital Projects**

(1) **Affordable Housing Development Capital Projects**

(A) **Affordable Housing Development Capital Projects** must:

- (i) Consist of one or more of the following:
 - a. New Construction
 - b. Acquisition and **Substantial Rehabilitation** (including preservation of affordable housing at-risk of conversion to market rate). The acquisition must be made through a bona fide sale or transfer from the existing ownership entity to the new ownership entity comprised of a completely disparate ownership structure, which contains no common entity interest at any level of the organizational structure. Re-syndication of an **Affordable Housing Development** is not an eligible **Capital Project**.
 - c. Conversion of one or more nonresidential structures to residential dwelling units.
- (ii) Be located within one-half (0.50) mile from a **Transit Station/Stop** that meets the **Project Area** transit requirements as defined in Section 102(c) or (d). The one-half (0.50) mile is to be measured from any edge of the **AHD** parcel to the bus stop or pedestrian entrance to a **Transit Station/Stop** along a pedestrian access route. If the route is not already in place at the time of application, the route must be in place by the time a certificate of occupancy is provided. The **STI/TRA** components of the **Project** can fund this improvement. If the pedestrian access route is not clearly demonstrated in the submitted supporting documentation, additional clarification may be requested to substantiate compliance with requirements.
- (iii) Rental and Homeownership **Affordable Housing Developments** must include at least 20 percent of the total residential units as **Affordable Units**. Rental **AHD Projects** must have an overall **Project** average affordability of all **Restricted Units** within the **Project** no greater than 50 percent represented by **Area Median Income (AMI)**. There is no requirement regarding overall **Project** average affordability of all **Restricted Units** for homeownership **AHDs**. Average affordability means the total number of **Restricted Units** multiplied by each restricted affordability level divided by the total **Restricted Units**. For example, for a 30-unit **Project** with 10 units restricted to 40 percent and 10 units restricted to 60 percent **AMI** the calculation of the average affordability would be as follows:
 - a. 10 units @ 40% **AMI** is $10 \times 40 = 400$
 - b. 10 units @ 60% **AMI** is $10 \times 60 = 600$
 - c. $400 + 600 = 1,000$;
 - d. $1,000/20$ total **Restricted Units** = average affordability of 50%.And;

- (iv) The **Affordable Housing Development** must demonstrate a minimum **Net Density** not less than that shown below in Section 103(a)(1)(A)(iv)(a.) or (b.)

*Note: While applicants may choose which **Net Density** formula they wish to use for **Project Eligibility**, **Applicants** must use the Un-Adjusted Minimum **Net Density** (Figure 3) for quantification of GHG reductions*

- a. For the total number of dwelling units in the project to be used in the calculation of **Net Density**, the **Applicant** may use either the un-adjusted total number of dwelling units in the project (Figure 3) or a number adjusted for unit size as described in Section 103(a)(1)(A)(iv)(b.).

Figure 3: Un-Adjusted Minimum Net Density

Project Area Type	Residential Only Projects	Mixed Use Developments (Floor Area Ratio)
TOD	30 units per acre	> 2.0
ICP	20 units per acre	> 1.5
RIPA	15 units per acre	> 0.75

- b. For the total number of dwelling units in the project to be used in the calculation of **Net Density**, the **Applicant** may use either the un-adjusted total number of dwelling units in the project (Figure 3) or a number adjusted for unit size by multiplying the factors shown below by the total number of units in each unit size category, then summing the resulting products:
- 0 Bedroom = 0.7 factor
 - 1 Bedroom = 0.9 factor
 - 2 Bedroom = 1.5 factor
 - 3 Bedroom = 1.6 factor
 - 4 Bedroom = 1.8 factor
- c. **Mixed Use Affordable Housing Developments** may demonstrate consistency with the **Net Density** requirements through either the unit per acre or **Floor Area Ratio** requirements detailed in Figure 3.
- d. Acquisition and **Substantial Rehabilitation** (including preservation of affordable housing at-risk of conversion to market rate housing) are exempt from the above minimum density requirements but shall not result in fewer units or lower percentage of total affordability than currently exists except where reductions in unit count are required to meet building code requirements.
- (v) Must supply at least one (1) **Secure Overnight Bicycle Parking** spot that is not publicly accessible and is completely enclosed for every two residential units. Bicycle parking at the **Affordable Housing Development** will be considered an eligible cost but may not be used to meet required **Project Area** components as outlined in Section 102.

- (B) **Affordable Housing Development Capital Projects** may:
- (i) Include residential units that are rental or homeownership, or a combination of both;
 - (ii) Consist of a **Scattered Site** constituting a single, integrated **Affordable Housing Development**. Rental **Affordable Housing Developments** on a **Scattered Site** must meet all the requirements set forth by Section 8303(b) of the Uniform Multifamily Regulations (UMRs). For Homeownership **Affordable Housing Developments** on **Scattered Sites**, the individual sites must have a single owner at the time of execution of the AHSC grant agreement;
 - (iii) Include nonresidential uses that are compatible under local zoning.
- (C) **Eligible costs** for **Affordable Housing Development Capital Projects** are limited to:
- (i) Loans for rental **Affordable Housing Development**. Eligible loan costs for a **Housing Development**, as specified in Section 7304 and 7305 of the **MHP** Guidelines.
 - (ii) Grants for homeownership **Affordable Housing Development**. Eligible grant costs as specified in Section 7747 of the [CalHome Guidelines dated November 27, 2019](#). Construction and **Substantial Rehabilitation** work is also an **Eligible Cost**.
 - (iii) Soft costs such as those incidentally but directly related to construction or other pre-development components including, but not limited to, planning, engineering, construction management, architectural, and other design work, required mitigation expenses, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed 10 percent of costs associated with the funding request for the **AHD Capital Project**.
 - (iv) Each AHSC application may budget up to 2 percent of their total funding request for **Employment Benefits and Outcomes Reporting**. This amount will scale with the size of the **Applicant's** funding request. **Applicants** should consider the size of their loan and grant funded project components when allocating this item into capital cost budgets. **Employment Benefits and Outcomes Reporting** costs are not included within the soft costs cap.
- (D) **Affordable Housing Development** and **Housing Related Infrastructure Capital Project Eligible Costs** must comprise *at least* fifty percent (50.0%) of total AHSC funds requested.
- (E) A **Project** may not contain more than one **Affordable Housing Development Capital Project**. A single **Affordable Housing Development Capital Project** may not include more than one **Affordable Housing Development**, nor may it include an **Affordable Housing Development** that contains multiple development sites when one development site is receiving 4 percent low-income housing tax credits, and another is receiving 9 percent low-income housing tax credits, or when the multiple development

sites are each receiving separate 4 percent low-income housing tax credits. An application proposing an **Affordable Housing Development** with both 4 percent low-income housing tax credits and 9 percent low-income housing tax credits, or with multiple 4 percent low-income housing tax credits, will be disqualified on the grounds that it is not proposing a **Project** within the meaning and design of the **AHSC Program**. To the extent such tax credit scenarios are contemplated, they shall constitute two separate and independent **Projects**, each of which must submit an entirely separate application and qualify independently of the other.

- (i) The purpose of this subsection is to clarify which types of **Project** structures are eligible within a single AHSC application and award. This reinforces AHSC's directive to SGC, HCD, and CARB to identify and fund unified, cohesive **Projects** which interdependent components truly work together to create reductions in VMTs and ultimately GHG emissions. Any **Project** that represents at application as a single **Affordable Housing Development** for scoring purposes, but after receiving an award letter attempts to split its single **Affordable Housing Development** into multiple **Affordable Housing Developments** with separate ownership structures or separate financing structures will be disencumbered as it no longer meets the requirements of AHSC.

(2) **Housing Related Infrastructure Capital Projects**

(A) **Eligible costs** for **Housing Related Infrastructure Capital Projects** are limited to any of the following:

- (i) Capital improvements required by a **Locality**, transit agency, or special district as a condition to the approval of the **Affordable Housing Development**.
- (ii) Soft costs such as those incidentally but directly related to construction or other pre-development components including, but not limited to, planning, engineering, construction management, architectural, and other design work, required mitigation expenses, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed 10 percent of costs associated with the **HRI Capital Project**.
- (iii) Each AHSC application may budget up to 2 percent of their total funding request for **Employment Benefits and Outcomes Reporting**. This amount will scale with the size of the **Applicant's** funding request. **Applicants** should consider the size of their loan and grant funded project components when allocating this item into capital cost budgets. **Employment Benefits and Outcomes Reporting** costs are not included within the soft costs cap.
- (iv) Required environmental remediation necessary for the **HRI Capital Project** where the cost of the remediation does not exceed 50 percent of **AHSC Program** grant funds.
- (v) Real property acquisition (not inclusive of the **AHD** site) of the **Housing Related Infrastructure** project site and associated fees

and costs (not to exceed 10 percent of the total **AHSC Program** award). Real estate commissions for purchase or acquisition are not an eligible expenditure.

- (vi) Impact fees required by local ordinance are eligible for funding only if used for the identified eligible **HRI Capital Project** not to exceed 15 percent of the **AHSC Program** award up to \$300,000.
- (vii) The purchase and installation of on-site energy storage in the form of battery arrays, as certified by an energy consultant or architect.

(B) **Affordable Housing Development and Housing Related Infrastructure Capital Projects** must comprise *at least* fifty percent (50.0%) of total AHSC funds requested.

(3) **Sustainable Transportation Infrastructure Capital Projects** (including **Active Transportation** and transit infrastructure)

(A) **Eligible costs for Sustainable Transportation Infrastructure Capital Projects** are limited to:

- (i) Capital improvements that result in the improvement or addition of infrastructure that encourages mode-shift by enhancing: 1) public transit access; 2) pedestrian network; or 3) bicycle network (includes public bike-share infrastructure and fleet) within the defined **Project Area** meeting the transit requirements detailed in Section 102 (c) or (d).

STI Capital Projects may extend beyond the boundaries of the **Project Area**, but a pedestrian entrance to the facility must be located inside the **Project Area**. If making an **STI** improvement to a fixed transit route, there must be a **Transit Station/Stop** of that route within the **Project Area**. If making an **STI** improvement to a **Flexible Transit Service**, the service area must include the **AHD**.

- (ii) Soft costs such as those incidentally but directly related to construction or project plans, specifications and estimates including, but not limited to, planning, engineering, construction management, architectural, and other design work, environmental impact reports and assessments, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed thirty (30.0) percent of costs associated with the **STI Capital Project**.
- (iii) Each AHSC application may budget up to 2 percent of their total funding request for **Employment Benefits and Outcomes Reporting**. This amount will scale the size of the **Applicant's** funding request. **Applicants** should consider the size of their loan and grant funded project components when allocating this item into capital cost budgets. **Employment Benefits and Outcomes Reporting** are not included within the soft costs cap.
- (iv) **Activity Delivery Costs** that are associated with the implementation of the **STI Capital project** not to exceed 10 percent of the costs associated with the **STI Capital Project**.

- (v) Transit operations expenditures for up to 10 years that directly expand fixed route, flexible and paratransit transit service, by supporting new, restored, or expanded routes and may include wages, fueling, maintenance, and other costs to operate those services.
- (vi) All vehicles purchased using **AHSC Program** funds must be **Zero Emission Vehicles (ZEV)**. Transit types that do not have an approved zero emission passenger locomotive for use, must provide documentation stating so, and purchase vehicles that meet EPA Tier 4 emission standards.
- (vii) Other **STI Capital Project** costs required as a condition of local approval for the **STI Capital Project**, as approved by the **Department**.
- (B) The total combined grant amount for **Sustainable Transportation Infrastructure Capital Projects** and **Transportation Related Amenities Capital Projects** that are part of the AHSC funds requested shall not exceed \$15,000,000.
- (4) **Transportation Related Amenities Capital Projects**
 - (A) **Transportation Related Amenities** must be publicly accessible.
 - (B) **Eligible costs** for **Transportation Related Amenities Capital Projects** are limited to:
 - (i) Capital improvements that are publicly accessible and provide supportive amenities to cyclists, pedestrians, and transit riders (e.g., bike parking, bus shelter, benches, street trees, etc.) within the defined **Project Area** meeting the transit requirements detailed in Section 102 (c) or (d).
 - (ii) Soft costs such as those incidentally but directly related to construction project plans, specifications, and estimates including, but not limited to, planning, engineering, construction management, architectural, and other design work, environmental impact reports and assessments, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed 10 percent of costs associated with the **TRA Capital Project**.
 - (iii) Each AHSC application may budget up to 2 percent of their total funding request for **Employment Benefits and Outcomes Reporting**. This amount will scale with the size of the **Applicant's** funding request. **Applicants** should consider the size of their loan and grant funded project components when allocating this item into capital cost budgets. **Employment Benefits and Outcomes Reporting** costs are not included within the soft costs cap.
 - (iv) **Activity Delivery Costs** that are associated with the implementation of the **TRA Capital Project** not to exceed 10 percent of the costs associated with the **TRA Capital Project**.
 - (v) Other **TRA Capital Project** costs required as a condition of local approval for the **TRA Capital Project**, as approved by the **Department**.

- (C) The total combined grant amount for **Sustainable Transportation Infrastructure Capital Projects** and **Transportation Related Amenities Capital Projects** that are part of the AHSC funds requested shall not exceed \$15,000,000.
- (b) **Program Costs**
- (1) **Program Costs** include those costs typically associated with 1) program creation or 2) expansion of existing programs to serve new populations or offer new program service and implementation. Eligible costs may include operational costs for programs for the term of the grant (3 years). Programs include education, outreach and training programs for **Active Transportation** or transit ridership; air pollution exposure reduction; workforce development partnerships; tenant legal counseling services; and outreach, education, and subsidy to low-income residents for **ZEV** car sharing. Access and availability of **Programs** may be limited to **AHD** residents or may be offered to the greater community. Additionally, costs and fees associated with the ongoing provision of broadband internet service, as defined in Section 106, provided free of charge to the **AHD** residents are an eligible **Program Cost**.
 - (A) Tenant legal counseling services cannot be provided by the **Developer**, building manager, or related entity and must be offered through a third party.
 - (2) The total grant amount for **Program Costs** within a **Project Area** shall not exceed 30 percent of the funding request for the overall **Project** up to \$600,000. Costs incurred for required transit passes or cards described in Section 106 (4) will not contribute to this cap.
- (c) Ineligible costs include, but are not limited to, all the following:
- (1) Costs are not eligible for funding if there is another feasible, available source of committed funding for the **Project** portion thereof to be funded by the **AHSC Program** or if the cost is incurred prior to **AHSC Program** award;
 - (2) Routine maintenance or operations of transportation infrastructure unrelated to AHSC-funded transit service, including the general transit fleet;
 - (3) In lieu fees for local inclusionary housing programs;
 - (4) Ongoing operational costs beyond the term of the grant (three years) for **Program Costs**; and
 - (5) Costs associated with automobile or motorcycle parking (excluding electric vehicle charging infrastructure);
 - (6) Costs associated with fossil fuel-based backup power.

Section 104. Assistance Terms and Limits

- (a) The maximum **AHSC Program** loan or grant award, or combination thereof, for a **TOD, ICP, and RIPA Project** is \$50 million with a minimum award of \$10 million.
- (b) Loans for rental **Affordable Housing Developments**, or the rental portions of an **Affordable Housing Development**, are subject to the following terms:
 - (1) **AHSC Program** funds will be provided as a loan for permanent financing by the **Department** to the owner of the **Affordable Housing Development**, with the same terms as the **Department's MHP** Program financing as set forth in Section 7308 of the **MHP Guidelines**.
 - (2) The maximum loan amount shall be calculated pursuant to Section 7307 of the **MHP Guidelines** based on the number of **Restricted Units** in the **Affordable Housing Development**, affordability, unit sizes, and location in addition to the base amount for loan calculation as follows:

The initial base loan amount shall be:

- (A) \$150,000 per **Assisted Unit** utilizing 9 percent tax credits;
- (B) \$200,000 per **Assisted Unit** utilizing 4 percent tax credits; or
- (C) \$300,000 per **Assisted Unit** utilizing no tax credit

The base per **Restricted Unit** loan limit is inclusive of all requested **AHD** loan funds and all **Department** loan awards made prior to the application close date. A manager's unit will be considered a **Restricted Unit** for the purpose of allocating **Affordable Housing Development** costs and may qualify for a loan amount up to the amount applicable to the 60 percent **AMI** level.

Total **Department** loan and grant funding, including all AHSC funds, shall not exceed the following percentages of the total development cost.

- 40 percent for **Projects** utilizing 9 percent tax credits
- 50 percent for **Projects** utilizing 4 percent tax credits
- 80 percent for **Projects** not utilizing tax credits

In calculating percentage of total development cost, total **Department** funding shall be inclusive of both loan and grant awards received at any point in time. Thus, total **Department** funding will include prior loan and grant awards, AHSC awards, and shall also be applicable to future **Department** awards subsequent to any AHSC award. Only the **Department** funding sources listed in Administrative Notice Number: 21-06, are applicable to the percentages of total development cost listed above and the total **Department** funding.

- (3) Unless expressly contradicted by any other provision expressly set forth herein, the currently adopted and applicable UMRs as may be amended from time to time, all as set forth in the CCR, Title 25, commencing with Section 8300 ("UMRs") are hereby incorporated by reference in their totality into these Guidelines.
- (4) Use of multiple **Department** funding sources on the same **Assisted Unit(s)** (subsidy stacking) is permitted, subject to the **Department's** Repeal of Stacking

Prohibition of Multiple Department Funding Sources Memo. Additional limitations on the use of multiple **Department** funding sources may be specified in the **NOFA**. Limits on **Department** funding, including loan or grant funds on a per unit, per project, and/or per **Developer** basis may be further specified in the **NOFA**.

- (c) Grants shall be subject to the following terms:
 - (1) The applicant must demonstrate that the grant will not result in a profit that exceeds the commercially reasonable range for other developments of similar size and level of risk.
 - (2) **AHSC Program** grant funds will be disbursed as reimbursed progress payments only after the execution of the Standard Agreement in the amount not to exceed the **AHSC Program** award of funds.
 - (3) Eligible costs incurred after the award date are eligible for reimbursement once the Standard Agreement is executed. Costs incurred prior to award are not eligible for reimbursement.
 - (4) For **Housing Related Infrastructure Capital Project** grants:
 - (A) The total **Housing Related Infrastructure Capital Project** grant amount is \$35,000 per residential unit in the proposed **Affordable Housing Development**, or \$50,000 per **Restricted Unit**.
 - (B) Conditions precedent to the first disbursement of **AHSC Program** funds shall include receipt of all required **Public Agency** entitlements and all construction funding commitments for the **Affordable Housing Development** supported by the **Housing Related Infrastructure Capital Project**.
 - (C) Rental **Affordable Housing Developments** supported by the **Housing- Related Infrastructure Capital Project** shall be subject to a recorded covenant ensuring affordability for duration of at least 55 years, recorded on the fee interest of the real property on which the rental **Affordable Housing Development** is to be located.
 - (D) Homeownership **Affordable Housing Developments** supported by the **Housing Related Infrastructure Capital Project** shall be subject to a recorded covenant with a duration of at least 30 years that includes either a resale restriction or equity sharing upon resale, recorded on the fee interest of the real property on which the homeownership **Affordable Housing Development** is to be located.
 - (5) For homeownership **Affordable Housing Developments** grants:

 - (B) All **Restricted Units** must be made available for sale to qualified **First-time homebuyers**.
 - (C) The maximum grant amount per **Restricted Unit** is calculated pursuant to Section 7307 of the **MHP** Guidelines based on the number of **Restricted Units** in the **Affordable Housing Development**, affordability, unit sizes, and location in addition to the base amount of \$200,000 except that the

maximum grant amount per **Restricted Unit** for a given homeownership **AMI** tier shall equal the maximum loan amount per **Restricted Unit** for a given rental **AMI** tier as follows:

- (i) For homeownership **AMI** tier of 55-85%

Homeownership AMI	85%	80%	75%	70%	65%	60%	55%

 - (A) Single purpose entities not meeting the requirements of a special purpose entity pursuant to UMR 8313.2, whether serving as an intermediate entity within the ultimate borrower structure or not, are not **Eligible Applicants**. Such single purpose entities will not be included as a separate party on any **AHSC Program** legal documents, including but not limited to, Standard Agreements, nor are they eligible to be **Recipients** or payees of **AHSC Program** funds.
- (3) Where a **Public Agency** has a real property interest in the proposed **Project**, the application must include the **Public Agency** as a joint **Applicant** or otherwise include a commitment to enter into a contractual agreement to develop the **Project**, if it is awarded.

 - (A) A **Recipient** of **Department** funds must remain liable for performing all requirements of the award of funds as set forth in the Standard Agreement. Where there are multiple **Recipients**, all such **Recipients** must remain jointly and severally liable to the **Department** for that performance. Notwithstanding the foregoing, **Recipients** may indemnify each other by entering into agreements with one another as to individual **Capital Projects**. In no event will any such agreement alter, amend, or revoke each individual **Recipient's** obligations to the **Department**, including the joint and several liability.

Section 106. Program Threshold Requirements

- (a) Application Threshold Requirements: In addition to requirements detailed in Sections 102 through 105, to be eligible for **AHSC Program** funding, an application shall demonstrate to the **Department** all the following:
- (1) The proposed **Project** will achieve a reduction in GHG emissions through fewer vehicle miles travelled (VMT), pursuant to the most recent **AHSC Program** Quantification Methodology, available on the California Air Resources Board's [Climate Change Investments \(CCI\) Quantification, Benefits and Reporting Materials webpage](#). This must be evidenced by a completed GHG Benefits Calculator tool, described in the AHSC Application, displaying VMT and GHG reductions for each **Project** component.
 - (2) The proposed **Project** supports the implementation of the applicable Sustainable Community Strategy (SCS), as confirmed by the Metropolitan Planning Organization (MPO), or equivalent sustainable planning document in non-MPO regions, as required by Public Resources code section 75210 et seq. The application must be consistent with activities or strategies identified in the regional SCS, or similar planning document that demonstrate a per capita reduction in VMT and GHG.
 - (3) The proposed **Project** must be consistent with the State Planning Priorities established pursuant to Section 65041.1 of the Government Code.
 - (4) All proposed **Affordable Housing Developments** located in a jurisdiction that has fare-based transit must provide at least one (1) transit pass or card to each **Restricted Unit** for at least 3 years. If the transit agency does not provide passes with unlimited rides, the card or pass should have a minimum value of 40 average commute length rides a month as determined by the transit agency. These passes or cards may be paid for with AHSC funding pursuant to Section 103(b)(2).
 - (5) **Applicants** of all proposed rental **Affordable Housing Developments** must certify that the development will be smoke free and demonstrate compliance by submitting a draft of the development's **Smoke Free Housing** lease addendum.
 - (6) The AHSC-funded components of the **Project** must:
 - (A) Incorporate more than one **Urban Greening** feature with dedicated maintenance for at least two years. The grantee is ultimately responsible for the maintenance of the **Urban Greening** features in the **Project**, even if municipal ordinance assigns responsibility for their maintenance to adjacent property owners. **Applicants** must propose at least \$200,000 in reasonable direct **Urban Greening** costs.
 - (B) Include adequate lighting in accordance with local, state, and federal design standards and requirements for all publicly accessible components of the **Project** including active transportation routes and transit stations or stops.
 - (7) Completion and approval or adoption of all necessary environmental clearances including those required under the California Environmental Quality Act (CEQA) and if applicable, the National Environmental Policy Act (NEPA). All applicable time periods for filing appeals or lawsuits have lapsed within 30 days after the

application due date with lawsuits or appeals resolved. Proof of NEPA clearance is shown through an Authority to Use Grant Funds document.

- (A) **STI** or **TRA** components of a **Project** are not required to certify completion and demonstration of approval of environmental clearances (NEPA or CEQA) as stated in Section 106(7) above until prior to the initial disbursement of grant funds.
- (B) Applicants are not required to complete any necessary environmental clearances prompted exclusively by rental and/or operating subsidies prior to the AHSC application deadline.
- (8) Applications must demonstrate that all necessary discretionary local land use approvals, excluding design review, have been granted.
- (9) The application must be sufficiently complete to assess the feasibility of the proposed project and its compliance with **AHSC Program** and application requirements.
- (10) The applicant must demonstrate that the **Project** is financially feasible as evidenced by documentation including, but not limited to, **Enforceable Funding Commitments**, a market study which meets the requirements specified in the **TCAC** Regulations Section 10322(h)(10), project pro-forma, sources and uses statement, proposed operating budget, multi-year pro-forma, or other feasibility documentation that is standard industry practice for the type of proposed **Affordable Housing Development**.
- (11) The **Eligible Applicant** or **Locality** serving as the **Developer** of a particular component of the **Project** must demonstrate site control of the property on which that **Project** component will be located as set forth at UMR Sections 8303 and 8316 with the additional requirement that the **Applicant** shall maintain site control through the award date.
 - (A) The following shall apply to **Capital Projects**:
 - (i) Where site control is in the name of another entity, the **Applicant** shall provide documentation, in form and substance reasonably satisfactory to the **Department** (e.g., a purchase and sale agreement, an option, a leasehold interest/option, a disposition and development agreement, an exclusive right to negotiate with a public agency for the acquisition of the site), which clearly demonstrates that the **Applicant** has some form of right to acquire or lease the **Project** property.
 - (ii) Where site control will be satisfied by a long-term ground lease, the **Department** will require the execution and recordation of the **Department's** form lease rider at the time of closing, which shall be entered into by and among the ground lessor, the ground lessee, the **Department**, and any other applicable parties. In all cases, the lease rider shall be recorded against the fee interest in the **Project** property.
 - (B) For **Capital Projects** developed in **Indian country**, the following exceptions apply:
 - (i) Where site control is a ground lease, the lease agreement between the **Tribal Entity** and the **Project** owner is for a period not less than 50 years; and

- (ii) An attorney's opinion regarding chain of title and current title status is acceptable in lieu of a title report
- (12) **Applicants** must demonstrate experience by providing evidence of at least two projects that are similar to each proposed AHSC **Capital Project (AHD, HRI, STI, and TRA)** in scope and size, which have been completed by the **Applicant** serving as the **Developer** of that **Project** component, during the ten years preceding the application due date. If an **Applicant** relies upon the experience of its **Principal** to meet the **Applicant** experience requirements, documentation of the **Principal's** experience is required as set forth in the application, in addition to recent project evidence described in the previous sentence.
 - (A) For **STI** or **TRA** components only, an **Applicant** may demonstrate the requisite experience (as detailed above) by using the past experience of work completed of a **Locality** or transportation agency non-applicant so long as the **Applicant** can provide an executed agreement with that specific **Locality** or transportation agency non-applicant for the completion of the **STI** or **TRA** components of the AHSC **Project** for which funding is sought, thereby demonstrating that the **Locality** or transportation agency will be serving as the **STI** or **TRA Developer** for that **Capital Project**.
- (13) As of the date of application, the **Applicant(s)**, the **Project**, or the real property on which the **Project** is proposed may not be party to or the subject of any claim or action in the state or federal courts that affects or potentially affects the feasibility of the **Project**. Further, the **Applicant(s)** shall disclose and describe any claim or action undertaken by or against the **Applicant(s)**, the **Project** or the Property which affects or potentially affects the feasibility of the **Project**.
- (14) Construction of the **Project** has not commenced as of the application deadline set forth in the **NOFA**. Any demolition operation conducted under a written order issued by a state or local governmental agency because a facility is structurally unsound and in danger of imminent collapse is exempt from this requirement.
- (15) For **TOD** and **ICP** projects, the **High Quality Transit** or **Qualifying Transit**, respectively, must be serving the **Transit Station/Stop** at the time of application submittal. For **RIPA** projects, the **Qualifying Transit** must be serving the **Transit Station/Stop** by the time a certificate of occupancy is provided. For all **Project Area Types**, the **AHD** and **Qualifying Transit's Transit Station/Stop** must be connected by a pedestrian access route no greater than 0.50 miles at the time of certificate of occupancy. Improvements to complete the pedestrian access route between the **AHD** and the **Transit Station/Stop** may be included as part of the project **STI/TRA** components so long as they are completed by the time a certificate of occupancy is provided.
- (16) Demonstrate consistency with State Relocation Assistance Law (CA Gov Code Sec. 7260-7277).

- (17) The Housing Element for the jurisdiction in which the **Project** is located must be in substantial compliance by the date of award recommendation. Housing Element in substantial compliance means the local public entity's adopted housing element is in substantial compliance as demonstrated by a letter from the **Department** which sets forth findings that the housing element adopted within the time frames required by Section 65588 of the Government Code includes that substance essential to every requirement of Article 10.6, commencing with Section 65580, of Chapter 3 of Division I of Title VII of the Government Code. A jurisdiction's current housing element compliance status can be obtained by referencing the [Department's website](#). **Projects** located on Trust Land, as defined under **Indian country**, are exempt from this requirement.
- (A) For the purposes of this section alone, jurisdictions that are undergoing **Department** review of their housing element at the time of award and jurisdictions which are receiving **Department** technical assistance to bring their housing element into compliance at the time of award, shall both be deemed to be in a presumptive state of substantial compliance by the **Department**. All awards premised on presumptive substantial compliance shall include conditions in their respective standard agreements requiring that prior to funds disbursement the subject jurisdiction must have received a final housing element certification letter from the **Department**.
- (18) **Applicants** that are a City, County, or City and County must at the time of application, have submitted their housing element annual progress reports as required by Government Code section 65400 to the State of California for the current and prior year.
- (19) Applications must integrate applicable climate adaptation measures as described in Section 107 Narrative Based Policy Scoring (b).
- (20) The **Applicant** must demonstrate that costs for any **Project** or component thereof will not result in loss or conversion of agricultural or other working lands or natural resource lands for other uses. The **Project** site must not be designated as **Agricultural Land** according to the California Department of Conservation's Farmland Mapping and Monitoring Program (FMMP) Tool ([California Important Farmland Finder](#)). An exemption to the FMMP designation may be allowed for applications that submit documentation that substantiates a description of an **Infill Site**.
- (21) Applications requesting **AHSC Program** funding for **Affordable Housing Developments** and **Housing Related Infrastructure Capital Projects** must also demonstrate to the satisfaction of the **Department** all the following:
- (A) Rental **Affordable Housing Developments** must meet the underwriting standards in the UMRs and **MHP Guidelines** Section 7312.
- (B) The **Affordable Housing Development, Housing Related Infrastructure**, or both are infeasible without **AHSC Program** funds, and other committed funds are not and will not be supplanted by **AHSC Program** funds.

- (C) Proposed **Projects** involving new construction or **Substantial Rehabilitation** and requiring the demolition of existing residential units are eligible only if the number of bedrooms in the new **Project** is at least equal to the number of bedrooms in the demolished structures, with equal or greater affordability. The new **Affordable Units** may exist on separate parcels provided all parcels are part of the same **Project** meeting the requirements of the UMRs Section 8303 (b).
- (i) The Department may approve **Projects** involving new construction or **Substantial Rehabilitation** and requiring the demolition of existing residential units that result in a number of bedrooms less than the number in the demolished structures where it determines that such approvals will substantially improve the livability of the remaining units, or serve some other compelling public policy objective, as long as the reduction does not result in more than 25 percent fewer units upon Project completion
- (D) If the **Affordable Housing Development, Housing Related Infrastructure, or both Capital Project(s)** involves the demolition of existing units that are affordable to lower-income households, the application must demonstrate the replacement of demolished units, comparable in size, of equal or greater affordability and equal to or greater than the number of the demolished **Affordable Units** located within comparable access to transit and include first right of return to displaced residents.
- (E) Applicants must demonstrate the proposed **Affordable Housing Development** is consistent with State and Federal Fair Housing requirements including duties to [affirmatively further fair housing](#).
- (F) Where approval by a local public works department, or other responsible local agency, is required for the **Housing Related Infrastructure Capital Project**, the application must include a statement from that department indicating that the **Housing Related Infrastructure Capital Project** is consistent with all applicable local rules, regulations, codes, policies and plans enforced or implemented by that **Department**.
- (22) Applicants must affirm that the proposed **Affordable Housing Development, or Mixed Use Development** in the case that non-residential uses are included, are powered entirely through electricity with no connections to natural gas infrastructure. Only zero-emission generators are AHSC **Eligible Costs**. **Projects** required to include fossil fuel-based backup power by regulation or code should consider the cleanest and most renewable technology first, starting with gaseous fuel (e.g., RNG, NG, LPG), and then tier 4 compliant diesel. If a fossil fuel-based generator is installed, be advised that procurement, site preparation, installation, or operation of such units is not an AHSC **Eligible Cost**.

- (23) Applications requesting **AHSC Program** funding for **Sustainable Transportation Infrastructure, Transportation Related Amenities**, or both must satisfy all the following:
- (A) Where approval by a local public works department, or other responsible local agency, is required for the **Project**, the application must include a statement from that entity indicating that the **Sustainable Transportation Infrastructure and/or Transportation Related Amenities Capital Project(s)** is consistent with all applicable local rules, regulations, codes, policies, and plans enforced or implemented by that entity.
 - (B) If the **Sustainable Transportation Infrastructure and/or Transportation Related Amenities Capital Project(s)** involves the demolition of existing units that are affordable to lower-income households, the application must demonstrate the replacement of demolished units, comparable in size, of equal or greater affordability and equal to or greater than the number of the demolished **Affordable Units** located within comparable access to transit and include first right of return to displaced residents.
 - (i) The no net loss requirements contained in Section 106(a)(21)(C) of these Guidelines apply to **Sustainable Transportation Infrastructure or Transportation Related Amenities Capital Projects** occurring on a property which includes a parcel, or any portion of a parcel, on which (1) residential dwelling units affordable to lower income households currently exist, or (2) there have been dwelling units restricted to lower-income households that have been vacated or demolished within the five year period preceding the application
- (24) Applications requesting **AHSC Program** funding for **Program Costs** must also demonstrate to the satisfaction of the **Department** all the following:
- (A) The **Program Costs** are infeasible without **AHSC Program** funds, and other committed funds are not being supplanted by **AHSC Program** funds.
- (25) All proposed **AHSC Project** components are subject to all applicable codes, including the California Building Standards Code (**CCR**, Title 24).
- (26) The application must demonstrate that outreach and education on reducing potential health impacts of air pollution will be provided to residents of **Affordable Housing Developments**.
- (27) **Affordable Housing Developments** must meet the Americans with Disabilities Act (ADA), fair housing, nondiscrimination, Pet Friendly Housing Act, physical accessibility, and Violence Against Women Act (VAWA), requirements pursuant to **MHP** Guidelines Section 7314 (a)-(d). Projects must also provide a preference for accessible units to persons with disabilities requiring the features of the accessible units in accordance with **TCAC** regulations (California Code of Regulations (**CCR**), Title 4, Section 10337(b)(2), as may be amended and renumbered from time to time). The

- Applicant** or **Developer** of the **Project** must ensure that any other applicable federal, state, and local accessibility requirements are met.
- (28) **Affordable Housing Development** and **Housing Related Infrastructure** components involving new construction, acquisition and **Substantial Rehabilitation**, or conversion of nonresidential structures to residential, dwelling units must be capable of accommodating broadband internet service with at least a speed of 100 megabits (50 megabits for rural) per second for downloading and 20 megabits (10 megabits for rural) per second for uploading.
- (A) **Affordable Housing Development** and **Housing Related Infrastructure** components must provide a conduit from the public right of way or property line and provide pathways, wiring, cables, and other necessary infrastructure extended to each unit and public common space to provide a broadband internet connection.
- (B) For some rural areas, other technologies like fixed wireless, might offer the highest caliber connection. All **Applicants** should consult with their local jurisdictions about their broadband internet infrastructure planning, as well as existing broadband internet service providers in the area.
- (C) High speed broadband internet service, with speeds listed above must be made available to each **Restricted Unit** for a minimum of 5 years, free of charge to the tenants, and available within 6 months of the **AHD's** placed-in-service date.

Section 107. Scoring Criteria

AHSC Program funds will be allocated through a competitive process, based on the merits of the application to support a sustainable housing development that expands and improves transit, walking, and biking infrastructure, providing opportunities to reduce VMT by supporting connectivity between housing and destinations to bring about reduction of GHG emissions.

The scoring criteria is divided by three broad categories, with additional subcategories, for a total of 100 points. Scoring elements are detailed in Figure 4. It is the intent of the **AHSC Program** to use scoring to differentiate projects for ranking, so it is not expected that any project will score the full 100 points.

Projects will be reviewed and scored only after meeting threshold requirements as detailed in Section 106. Projects that are not scored are not eligible for award. All the scoring criteria will be applied to every **Project**, regardless of the project components present in each specific **Project**.

Figure 4: AHSC Scoring Elements and Criteria

Estimated GHG Reductions Scoring (30 points)

- Transit and Shared Mobility GHG (5 points)
- Project Area GHG (10 points)
- GHG Efficiency (15 points)

Quantitative Policy Scoring (52 points)

- Active Transportation and Transit Improvements (14 points)
- Green Buildings and Renewable Energy (3 points)
- Housing and Transportation Collaboration (10 points)
- Location Efficiency and Access to Destinations (3 points)
- Funds Committed (4 points)
- Prohousing Designation (3 points)
- Anti-Displacement Activities (4 points)
- Local Workforce Development and Hiring Practices (3 points)
- Housing Affordability (5 points)
- Programs (3 points)

Narrative-Based Policy Scoring (18 points)

- Community Benefit & Engagement (6 points)
- Climate Adaptation & Community Resiliency (5 points)
- Collaboration & Planning (4 points)
- Equity & Transformation (3 points)

To receive points related to a specific **Project** component, the **Applicant** must request a portion of the costs through AHSC (e.g., an **Applicant** can only receive points related to an **Affordable Housing Development** when requesting **AHD** or **HRI** funds).

In all scoring categories, it is the responsibility of the **Applicant** to provide accurate, complete, and clear descriptions of their proposed **Project**. The **Department** and **Council** staff will use the required supporting documentation provided in the submitted application to verify claims, and cannot accept, nor rely on, additional or alternate materials provided after the application deadline. Applicants shall not provide intentionally unclear or vague answers

to avoid disclosing relevant or material details of a **Project** and are instead required to be forthcoming in their application and respond clearly in the spirit and intent of the program. The **Department** and **Council** staff reserve the right to withhold all points in any scoring categories if applicant-submitted documentation is determined to be unclear or incomplete. **Project** details not disclosed to the **Department** that are later discovered or disclosed, and which are determined to be inconsistent with the requirements of AHSC, will result in disencumbrance of the awarded funds and negative points, if applicable.

Estimated GHG Emission Reductions – 30 Points Maximum

For this section, applications will be scored on the GHG emission reductions of proposed project components, for a total of 30 points. Applicants are required to adhere to quantification requirements and guidance published by California Air Resources Board (CARB) and SGC regarding GHG emission reduction estimates and should refer to the AHSC Quantification Methodology and the AHSC User Guide available on the CARB CCI Quantification, Benefits, and Reporting Materials webpage.

Applicants should refer to Table 3 of the AHSC User Guide for a complete list of quantifiable project components. The GHG emission reductions attributable to AHSC will be scored in the following GHG categories:

- Transit and Shared Mobility GHG: Transit and shared mobility project component(s) for a maximum of 5 points;
- Project Area GHG: Affordable housing, active transportation, and/or grid-connected solar PV project component(s) for a maximum of 10 points; and
- GHG Efficiency: Total GHG emission reductions per AHSC dollar for a maximum of 15 points

(a) Estimated GHG Emission Reductions Scoring Process:

- (1) Applicants will estimate GHG emission reductions of each quantifiable project component using the most recent AHSC Benefits Calculator Tool, available on the [CARB CCI Quantification, Benefits, and Reporting Materials webpage](#).

(A) Each application requesting GGRF funding must include at least one of the project components listed in Table 3 of the AHSC User Guide. Applications are not required to estimate the benefits of all quantifiable project components. Also note that the AHSC Benefits Calculator Tool will prorate GHG reductions according to the share of GGRF funding from AHSC and other programs. GGRF Funding from other programs should be specified by the applicant in the Project Info Tab and prorated GHG emission reductions will appear in the GHG Summary Tab.

(B) Applications that include a single **ZEV** transit vehicle purchase as a project component, must use AHSC dollars to fund more than 50 percent of the vehicle cost to be eligible for GHG quantification. In the case that multiple **ZEV** transit vehicles of a single mode type are purchased, all but one vehicle must be funded entirely by AHSC while the additional vehicle shall have more than 50 percent funded by AHSC to be eligible for quantification.

(C) Applications quantifying solar PV electricity generation will only receive credit for electricity generation above state code requirements. Applicants should refer to the applicable energy code at the time of project building permit application submittal.

(D) Phased projects should only quantify the project components for the phase seeking AHSC funding in the current application cycle. Previously funded or future phases are not included in the GHG calculation.

- (2) The GHG emission reductions of each application will be ranked from highest to lowest within each GHG category. Each application will be

assigned to one of five bins in ranked order. Each bin will receive an assigned point score as follows:

FIGURE 5. GHG Scoring Categories

GHG Scoring Category	Bin 1	Bin 2	Bin 3	Bin 4	Bin 5
Transit and Shared Mobility GHG	5 points	4 points	3 points	2 points	1 point*
Project Area GHG	10 points	8 points	6 points	4 points	2 points
GHG Efficiency	15 points	12 points	9 points	6 points	3 points

* Note: **Projects** that do not include a transit component or include transit components that result in a net increase in emissions will be placed in Bin 5 but receive 0 points for the Transit and Shared Mobility GHG Category.

- (3) The score of each GHG category will be combined to determine the **Project's** Total GHG Score.
- (4) Please note that while all projects are scored together, independent of **Project Area Type**, **Projects** will only compete within their **Project Area Type** for the first 80 percent of funding available in the **NOFA** per Section 108.

Quantitative Policy Scoring – 52 Points Maximum

(a) **Active Transportation and Transit Improvements – 14 Points Maximum**

- (1) Up to 3 points for the total length (in **Lane Miles**) of AHSC-funded **Context Sensitive Bikeways**. as follows:
 - (A) 3 points for at least one (1.0) lane mile
 - (B) 1 point for at least one half (0.50) lane mile

AHSC funds may be used to install new or improved bikeways, even if they are not a **Context Sensitive Bikeway**; however, points will only be awarded for **Context Sensitive Bikeways**. Improved bikeways must be facility enhancements that allow an upgrade from Class II to Class I or IV; or Class III to a facility that creates dedicated bicycle space (Class I, II, or IV). A project that converts a temporary Class IV bikeway (e.g., paint, plastic bollards, and/or K-rail) to a permanent Class IV bikeway using permanent physical barriers (e.g., poured concrete and/or plantings) is an eligible cost and eligible **Context Sensitive Bikeway**, but would not be eligible for GHG Quantification since it is not a new bikeway.

- (2) 2 points for **Projects** that expand an existing bicycle network. The new **Context Sensitive Bikeway** funded by AHSC must have an entry point within the **Project Area** and directly intersect with an existing bikeway as a way to connect to the existing bike network. The existing bikeway and bikeway network does not have to be comprised of **Context Sensitive Bikeways**.
- (3) Up to 3 points for the length of AHSC-funded **Safe and Accessible Walkways** as follows:

- (A) 3 points for repairing or constructing sections of sidewalks, walkways, or ramps that create more than 2,000 feet of continuous **Safe and Accessible Walkway**.
- (B) 1 point for repairing or constructing sections of sidewalks, walkways, or ramps that create more than 1,000 but at or less than 2,000 feet of continuous **Safe and Accessible Walkway**.

STI improvements that will make walkways safe and accessible (e.g., through new or repaired sidewalks, crosswalks, or curb ramps) will be measured for the distance of the entire block face on which the infrastructure improvement will be made so long as the entire distance of its walkway will then meet the definition of **Safe and Accessible Walkway**. Crosswalk improvements, which are eligible **STI** components, can be measured for the crosswalk distance plus the distance of one block face to which it connects, so long as the block face already is or will be a **Safe and Accessible Walkway** at the completion of the project.

- (4) 2 points for **Projects** that create at least 1,000 continuous linear feet of new pedestrian facilities where none exist at the time of application submission. Examples include new overpasses or underpasses, and new Class 1 path or sidewalk where no walkway currently exists so long as these facilities meet the definition of **Safe and Accessible Walkway**. Curb ramps or other wheelchair-accessible entry points are required for any crossings in this new facility but would not be sufficient in and of themselves to be eligible for this point. For Narrative-Based Policy Scoring, applicants must provide responses to the questions and prompts outlined in the Narrative Prompts document. Please reference the Narrative Prompts document and rubric at the SGC **AHSC Program** Website for instructions, the specific questions to answer, and necessary application materials. The following is a summary of each section:

(a) **Community Benefits & Engagement - 6 Points Maximum:**

Community involvement and leadership are crucial to ensuring that both the principal objectives and co-benefits of the project respond to the true needs of the community. Taken together, the responses to the prompts will explain how local residents and community-based organizations were meaningfully engaged in developing the **Project**, especially those from **Disadvantaged** and **Low-income Communities**, and how the project addresses community-identified needs and promotes community health and well-being. The prompts will ask applicants to address two main components: (1) Community Engagement and Leadership and (2) how the AHSC **Project** addresses community needs.

(b) **Climate Adaptation & Community Resiliency - 5 Points Maximum**

Communities will continue to experience effects of climate change in many ways, including increased likelihood of droughts, flooding, heatwaves, sea level rise, severe weather, and wildfires. Due to these effects, climate resiliency is a key part of planning and project implementation. The prompts will ask applicants to address how the risks posed from climate change and other environmental exposures will be reduced by strategies listed in the Climate Adaptation Assessment Matrix. The prompts will also ask how the **Project** will reduce the health risks of climate change and other environmental exposures including extreme heat, wildfires and smoke, air pollution from vehicle emissions, and more. Under this section applicants will fill out the Climate Adaptation Assessment Matrix.

Note: If available, use localized climate impact projections. For tools to help assess general climate impacts, please visit [Cal-Adapt's Local Climate Snapshot tool](#).^{} For adaptation tools, resources, strategies and case studies visit the [state's Adaptation Clearinghouse](#).*

(c) **Collaboration & Planning - 4 Points Maximum**

Collaboration between local governments and housing and transportation providers is critical to create a project that ensures connectivity and responds to the day to day needs of the community. Taken together, the responses to the prompts of this section should outline how the proposed project brings together the efforts of local government, including housing and transportation agencies to achieve projects that improve efforts related to climate adaptation, health, housing, mobility, and safety. The prompts will ask applicants to address two components of this: (1) Local Planning Efforts and (2) Housing and Transportation Collaboration.

(d) **Equity & Transformation – 3 Points Maximum**

As stated in the **AHSC Program** Overview, SGC is committed to achieving racial equity in its operations, investments, and policy initiatives and to achieving its vision that: All people in California live in healthy, thriving, and resilient communities regardless of race (read more in the [SGC Racial Equity Action Plan](#)). The **AHSC Program** encourages a holistic approach to community development and broader investments in neighborhoods. Under this section, the prompts will ask applicants to describe how the **Project**: 1) advances equity and 2) is either piloting new or innovative approaches or policies, leveraging existing resources in a new way, or shaping future projects in the nearby communities.

Section 108. Application Process

- (a) Pursuant to direction of the **Council**, the **Department** shall offer funds through a **NOFA** and applications will be reviewed based on the steps detailed below.
- (b) The **Department** will schedule optional pre-application consultations as detailed in the **NOFA** to provide assistance to applicants regarding minimum threshold eligibility and other requirements.
- (c) Applications will be made available through the **Department**, and complete applications and supporting documentation must be submitted to the **Department** by the deadline detailed in the **NOFA**. An application workbook will be developed by SGC and the **Department** in accordance with these Guidelines, and will outline the required documentation and methods by which compliance with the Guidelines is demonstrated.
- (d) The **Department** may elect to not evaluate compliance with some or all threshold requirements for applications that are not within a fundable range.
- (e) Applications will be reviewed, and negative points assessed, consistent with the **Department's** Negative Points Policy. The Negative Points Policy, Administrative Notice Number 2022-01 dated March 30, 2022, and as [published on the Department's website](#), is hereby incorporated by this reference to these Guidelines as if set in full herein and shall apply with equal force as all other provisions set forth herein.
- (f) Applications recommended for funding and approved by the **Council** are subject to conditions specified by the **Department**. Applicants will receive an official letter of award after funding recommendations are approved by the **Council**.
- (g) Applications will be treated in accordance with Public Records Act. Certain information, in accordance with the Public Records Act, may be publicly disclosed.
- (h) The highest scoring applications that meet all threshold requirements as determined by the **Department**, based on criteria set forth in these guidelines, shall be recommended to the **Council** for funding as specified in the **NOFA**. If there are insufficient **Projects** that have scored 70 points or more, the **Council** may make adjustments in this procedure to meet the following objectives:
 - (1) **Project Area Type** funding goals: The goals are as follows:
 - (A) At least thirty-five (35.0) percent of funds as designated in the **NOFA** to **TOD Project Area** applications;
 - (B) At least thirty-five (35.0) percent of funds as designated in the **NOFA** to **ICP Project Areas** applications;
 - (C) At least ten (10.0) percent of funds as designated in the **NOFA** to **RIPA** applications; and
 - (D) **Remaining Funds**: After designating funds to **Projects** that meet the **Project Area Type** funding targets, remaining available funds may be awarded to any eligible **Project Area Type** that meets the goals detailed below.

- (2) **Geographic Goal:** The **Council** strives to achieve a diverse distribution of resources and recognizes that in order to meet the State's environmental commitments, GHG emission reductions must be made in all parts of the State. The **Council** will use **Remaining Funds**, as described in (D), above, to ensure a distribution of total AHSC funds that allows for all geographic areas with a competitive application to receive funds, with a minimum of one (1) per geographic area to be awarded.

The **AHSC Program** defines the eight geographic areas as follows (listed by geographic area followed by counties pertaining to each area):

- (A) Central Coast: Monterey, San Benito, San Luis Obispo, Santa Barbara, Santa Cruz, Ventura
 - (B) Coastal Southern California: Los Angeles, Orange
 - (C) Inland Southern California: Imperial, Riverside, San Bernardino
 - (D) North State & Sierras: Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, Glenn, Humboldt, Inyo, Lake, Lassen, Mariposa, Mendocino, Modoc, Mono, Nevada, Plumas, Shasta, Sierra, Siskiyou, Tehama, Trinity, Tuolumne

 - (F) San Diego Area: San Diego
 - (G) San Francisco Bay Area: Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, Sonoma
 - (H) San Joaquin Valley: Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, Tulare
- (3) **Tribal Entity Goal:** Regardless of **Project Area Type**, and to the extent qualifying **Projects** are received, the **Council** will seek to fund one project per funding cycle to a **Tribal Entity**. To be considered for the Tribal funding target, a **Tribal Entity** must be the **Developer** for the **AHD** and/or **HRI** components, or the project partner responsible for **STI** and/or **TRA** components. Projects where the only involvement of a **Tribal Entity** is as an applicant for **Program Costs**, the **Project** will not be considered for the Tribal funding target. The **Project** must meet the requirements laid out in Appendix B to qualify for the Tribal funding target. Unless stated otherwise, the **Project** must meet all **AHSC Program** requirements. If multiple **Tribal Entities** apply for **Projects** but are not awarded through the **Project Area Types** goals, the **Council** will apply the scoring criteria from these Guidelines to rank the **Projects** and may take into consideration the level of Tribal involvement and leadership in a **Project** before awarding the **Project** that will meet the Council's Tribal target. Any remaining **Project(s)** involving a **Tribal Entity** will compete for the **Remaining Funds** along with all other projects.
- (4) **Priority Populations Statutory Requirement:** At least fifty (50.0) percent of **AHSC Program** expenditure for **Projects** must benefit **Disadvantaged Communities**. In addition to this requirement, **AHSC Program** funds must be spent in accordance with the goals for **Low-Income Communities** as identified

in the CARB [Funding Guidelines for Agencies Administering California Climate Investments](#). **Projects' Disadvantaged Community and Low-Income Community** status are based upon the location of their AHSC-funded **Affordable Housing Development**.

- (5) Affordable Housing Statutory Requirement: At least fifty (50.0) percent of the annual proceeds appropriated for the **AHSC Program** shall be expended for **Affordable Housing Development(s)**. For the purposes of this set-aside, expenditures related to **Affordable Housing Development** and **Housing Related Infrastructure Capital Projects** shall count toward this requirement.
- (6) A single **Project** may count toward any or all the requirements and targets in Section 108(h)(1)-(5).
- (7) After all the requirements and targets in Section 108(h)(1)-(5) are achieved, any **Remaining Funds** will be awarded to the highest scoring applications. In the event of two or more applications have the same final score, the **Project** with the total highest GHG reductions (MTCO₂e), after appeals and verification, will take precedence.
- (8) To the extent applications received are insufficient to meet any of the targets detailed above, the **Council** reserves the right to waive these targets at their discretion.
- (i) The following additional policies will inform the final decision of **Project** awards:
 - (1) A single **AHD Developer** may not be awarded more than \$100 million per **NOFA** funding cycle, however this limitation may be waived if necessary to meet AHSC statutory funding set-asides.
 - (2) **Projects** will not be partially funded. 18
19 Section 3. The General Plan is hereby amended by revising the Balboa Park Station
20 Area Plan, as follows:

21 The Plan Area

22 * * * *

23 • Balboa Reservoir is located on the west side of Frida Kahlo Way~~Phelan Avenue~~. It
24 is bounded by Riordan High School and the Westwood Park residential neighborhoods to the
25 north, and the Ocean Avenue Neighborhood Commercial District to the south. The reservoir is

north, and the Ocean Avenue Neighborhood Commercial District to the south. The reservoir is divided into two basins. The San Francisco Public Utilities Commission (SFPUC) owns the ~~Westnorth Basin~~~~basin~~, while CCSF owns the ~~Eastsouth-Basin~~~~basin~~. Should the SFPUC decide that the West Basin is not needed for water storage, it can be transferred to a different ownership to facilitate the development of the site.

* * * *

Map 2: (Plan Subareas), Remove the horizontal dotted line across “Balboa Reservoir Subarea” and remove the labels “PUC Portion” and “City College Portion.”

* * * *

OBJECTIVE 1.4

Develop the reservoirs in a manner that will best benefit the neighborhood, the city, and the region as a whole.

The Balboa Reservoir site represents one of the largest remaining undeveloped sites in San Francisco. The ~~Reservoir~~~~reservoir~~, which has never been used for water storage purposes contained water, is approximately 1725 acres in size, and currently forms an unpleasant void in the neighborhood. After a multi-year year outreach, visioning, and selection process, the City chose a group of developers as partners ~~This Plan encourages the owners of this site to~~ develop the ~~reservoir~~Reservoir in a manner that will best benefit the neighborhood, the city, and even the region as a whole, through mixed-income housing, public open space and community amenities.

* * * *

Map 3: (Land Use Districts), Retitle the map “Generalized Land Use Districts” and consolidate all RH and RM Districts into a Residential District and all NCT Districts into a Neighborhood Commercial District. Change Public (P) designation of the Balboa Reservoir project site to Residential/Balboa Reservoir Special Use District.

* * * *

1 POLICY 1.4.2

2 Develop the ~~Westwest Basin~~ basin of the Reservoir to provide the greatest benefit ~~to~~ of the
3 city as a whole as well as for the surrounding neighborhoods.

4 The development of the West Basin should include mixed-income housing, public open space
5 and community amenities ~~If the PUC should decide that the west basin is not needed for water storage,~~
6 ~~it should consider facilitating the development of a mixed use residential neighborhood on part of the~~
7 ~~site~~ to address the city-wide demand for housing. The development on the site should
8 recognize the opportunity to knit the surrounding neighborhoods together through the creation
9 of ~~a~~ community open spaces, and new public street and pedestrian connections. ~~If the PUC does~~
10 ~~move ahead to use the west basin for water storage, it should provide a roof structure on top of the new~~
11 ~~water tank, to allow the development of a community park or open space~~

12 * * * *

13 Map 4 (Bicycle Improvements & Transit Preferential Streets): Update map to show new
14 bike network as depicted in the “Balboa Reservoir Design Standards and Guidelines,” which
15 may be amended from time to time, and add a boundary around the Balboa Reservoir project
16 site and language that states: Refer to the Balboa Reservoir Design Standards and Guidelines.

17 * * * *

18 Policy 2.4.4

19 The City should coordinate with the City College of San Francisco to create new sustainable
20 transportation opportunities for City College students, faculty, and staff

21 The development of the Reservoir site provides an opportunity to coordinate transportation
22 goals with the City College community. The development project should consider improving pedestrian
23 access to the City College through the project site. The City also should coordinate with City College
24 on bike facilities and related amenities, and developing an appropriate parking and transportation
25 demand management strategy.

1 * * * *

2 *POLICY 3.4.3*

3 ~~*Explore the potential for merchants and their employees to park in the reservoir.*~~

4 ~~*City College currently offers hundreds of parking spaces every day at the reservoir for \$1 a day.*~~

5 ~~*There is a large number of surplus spaces that could be used to accommodate longer term parking by*~~
6 ~~*merchants and their employees; freeing up more curbside spaces for customers. Though both City*~~
7 ~~*College and the Public Utilities Commission (PUC) have plans for using the reservoir in the future,*~~
8 ~~*they are unlikely to move forward for several years. In the meantime, the merchants association should*~~
9 ~~*explore whether City College would offer a monthly permit to local merchants and their employees. In*~~
10 ~~*addition, City College and the PUC should explore creating a pedestrian pathway that would connect*~~
11 ~~*the reservoir parking directly to Ocean Avenue.*~~

12 * * * *

13 OBJECTIVE 4.4

14 CONSIDER HOUSING AS A PRIMARY COMPONENT TO ANY DEVELOPMENT ON
15 THE RESERVOIR.

16 The Balboa Reservoir represents one of the largest remaining undeveloped sites in
17 San Francisco and currently forms an unpleasant void in the neighborhood. *The site presents*
18 *an opportunity for mixed-income housing that will* ~~*Developing housing on this site would help fill this*~~
19 ~~*void in two ways. First, housing here would*~~ add more people to the area, enlivening the
20 commercial district and increasing ridership levels on the nearby public transportation
21 services. *This site also will* ~~*Second, new housing development would*~~ fill the void between the
22 commercial district and the surrounding neighborhoods, enticing residents to walk to the
23 commercial district and use alternative modes of transportation

24 * * * *

25 ///

POLICY 4.4.1

Develop housing on the West ~~Basin~~^{basin} if it is not needed for water storage.

If the PUC should decide that the west basin is not needed for water storage, it should consider development of a mixed-use residential neighborhood on part of the site to address the city-wide demand for housing. Affordable ~~housing~~^{housing} should be considered a high priority per Policy 4.5.1. In 2014, the Mayor's Office, the Planning Department, and the San Francisco Public Utilities Commission identified the Balboa Reservoir site as one of the sites slated for San Francisco's Public Land for Housing Program, which utilizes City-owned land to address the City's pressing housing needs. After a multi-year public outreach, visioning, and selection process, the City chose a development team as a partner to develop the Balboa Reservoir site. Given the size and location of the Reservoir site, any project at this site should be a mixed-income housing neighborhood with public open space and community amenities.

* * * *

POLICY 5.1.1

Create a variety of new public open spaces.

* * * *

A number of open spaces are proposed in the plan area, including the ~~Phelan Loop~~^{Unity} Plaza, the Geneva Plaza, open space associated with the proposed freeway deck, Brighton Avenue, the Library playground, and the proposed Balboa Reservoir open space. In particular, the Balboa Reservoir project should create an approximately 2-acre central park, an approximately 1-acre open space parallel with Ocean Avenue at its gateway, and several plazas and paseos. See the Balboa Reservoir Design Standards and Guidelines document, as may be amended from time to time, for detailed concept designs for these opens spaces.

Design Guidelines for ~~three~~^{four} key open spaces are articulated below.

* * * *

Design Guidelines for the Open Space on the Balboa Reservoir

1. Develop a combination of active and passive recreational facilities that would serve residents of the neighborhood as well as others.

2. Provide a well-defined eastern entrance to the open space to provide access from Phelan Avenue through the proposed new campus on the east basin of the reservoir. The entrance should provide a visual terminus for the east to west axis leading through the new development on the eastern half of the reservoir to City College's main building atop the hill. The entrance should have a special landscaping treatment.

3. Develop clearly marked access gates, pedestrian pathways, and visual site lines aligned with the streets of adjoining neighborhoods. Create trails, small open spaces or plazas to form useful transitions and opportunities for connection between destination points. Stairs and ramps should connect the open space atop the west basin to Ocean Avenue via an extension of Brighton Avenue. A proposed neighborhood green within the Brighton Avenue right-of-way would become the primary gateway into the park from Ocean Avenue and the neighborhoods to the south.

4. Provide a visual buffer between the park and the houses that abut the reservoir site to the west.

5. Pay careful attention to the design of edges between the open space and surrounding neighborhoods as well as Riordon High School. It is important to provide access into the park from the surrounding neighborhoods while respecting the privacy of adjacent homes. Trees and shrubs should be planted to provide a buffer between the houses that abut the reservoir site to the west. Entrances to the park should align with existing streets for direct pedestrian access and to extend clear views into the park from public streets.

* * * *

///

///

POLICY 5.1.3

Ensure that new open spaces are linked to and serve as an extension of the street system

The plan calls to extend streets in the plan area, enhancing the existing grid system. Extensions of the street grid for new development can serve as a means for linking open space to neighborhoods. The development of the Reservoir should extend the existing street grid, including Brighton Avenue, Lee Avenue, and San Ramon Way, to link the site with open spaces, as well as to improve access to the commercial district and transit stops. Brighton Avenue and San Ramon Way should be designed as paseos and a segment of Lee Avenue extension shall include protected bicycle lanes. The southern end of the Reservoir site shall remain under PUC ownership and be designed as open space that links the site to Unity Plaza.~~The creation of a path to the open space parcel on the reservoir should be explored when extending Brighton Avenue. The Lee Avenue extension should link the street with the proposed Phelan Loop plaza.~~

* * * *

Map 5: (Open Space Improvements), Revise the open space designation on the Balboa Reservoir as depicted in the “Balboa Reservoir Special Use District, Section 249.88 of the Planning Code” and add a boundary around the Balboa Reservoir project site and language that states: Refer to the Balboa Reservoir Design Standards and Guidelines.

* * * *

Map 6: (Height Districts) Remove the “40-X” designation of the Balboa Reservoir and update the map with a boundary around the Balboa Reservoir project site and language that states: Refer to the Balboa Reservoir Special Use District, Section 249.88 of the Planning Code.

Section 4. The General Plan is hereby amended by revising Map 3 of the Recreation and Open Space Element (“Existing & Proposed Open Space”), as follows:

1 Revise proposed open space depicted in the “Balboa Reservoir Special Use District,
2 Section 249.88 of the Planning Code.”

3
4 Section 5. The Land Use Index shall be updated as necessary to reflect the
5 amendments set forth in Sections 3 and 4 above.

6
7 Section 6. The General Plan is hereby amended by revising the Housing Element, as
8 follows:

10 I. SUMMARY OF OBJECTIVES & POLICIES

11 * * * *

12 Issue 3:

13 EQUAL HOUSING OPPORTUNITIES

14 **Objective 4**

15 **FOSTER A HOUSING STOCK THAT MEETS THE NEEDS OF ALL RESIDENTS ACROSS**
16 **LIFECYCLES.**

17 POLICY 4.1

18 Promote housing for families with children in new development by locating multi-bedroom units near
19 common open space and amenities or with easy access to the street; and by incorporating child-
20 friendly amenities into common open and indoor spaces.

21 POLICY 4.~~1~~2

22 Develop new housing, and encourage the remodeling of existing housing, for families with
23 children.

24 ///

25 ///

POLICY 4.23

Provide a range of housing options for residents with special needs for housing support and services.

POLICY 4.34

Create housing for people with disabilities and aging adults by including universal design principles in new and rehabilitated housing units.

POLICY 4.45

Encourage sufficient and suitable rental housing opportunities, emphasizing permanently affordable rental units wherever possible.

POLICY 4.56

Ensure that new permanently affordable housing is located in all of the city's neighborhoods, and encourage integrated neighborhoods, with a diversity of unit types provided at a range of income levels.

POLICY 4.67

Encourage an equitable distribution of growth according to infrastructure and site capacity.

POLICY 4.78

Consider environmental justice issues when planning for new housing, especially affordable housing.

* * * *

Issue 3:

Equal Housing Opportunities

Objective 4

Foster a housing stock that meets the needs of all residents across lifecycles.

Population diversity is one of San Francisco's most important assets; San Francisco's residents span ethnicities, income levels, household types and sizes. Supporting household

diversity requires the City support a variety of housing opportunities, so that everyone has the opportunity to live in a suitable home that they can afford.

* * * *

POLICY 4.1

Promote housing for families with children in new development by locating multi-bedroom units near common open space and amenities or with easy access to the street; and by incorporating child-friendly amenities into common open and indoor spaces.

Since 1990 the number of households with children in San Francisco declined slightly, while the region continued to gain these households. While the Bay Area has gained both households with one child and households with two or more children, San Francisco lost households with two or more children, perhaps indicating the difficulty of securing housing that is large enough to accommodate the needs of these households.

Citywide, development projects of a certain size are required to provide a minimum of two and/or three bedroom units. Additional design features could help make these larger units more appealing to families with children. Locating these large units adjacent to each other would encourage socializing and community. Providing easy access to common open areas from those units, either directly where possible, or accessible by stairs up to three stories, would provide children easy access to play space. Creating overlooks from those units to the common open space would provide parents better opportunities for informal supervision. Designing open spaces and indoor spaces, such as community rooms or lobby space, with child-friendly features and programing those spaces with children-oriented activities and amenities would provide engaging opportunities for children and further appeal to families with children.
