#### SECTION I. APPLICATION SUMMARY:

- A. Name of Applicant: City and County of San Francisco Mayor's Office of Housing
- B. Applicant Address: 1 S Van Ness Avenue, 5<sup>th</sup> Floor  
City: San Francisco Zip Code: 94103
- C. Chief Executive Name and Title: Olson Lee, Director
- D. Contact Person Name and Title: Brian Cheu, Director of Community Development
- E. Phone Number: (415) 701-5500 FAX: (415) 701-5501 E-Mail: brian.cheu@sfgov.org
- F. Proposed Activity:

You may apply for one or two program activities, the aggregate amount of both activities may not exceed the maximum application amount, and the amount for any one activity may not be less than the minimum activity amount, as specified in the NOFA. The maximum amount is \$1 Million for most jurisdictions or \$1.5 Million for High Population Areas. Only apply for the amount that you know you can use. Recipients who do not use at least 95% of their funds will be penalized in future funding rounds for not meeting performance goals. Localities shall only be eligible to apply for an award of CalHome funds for a local program within its jurisdictional boundaries. A nonprofit corporation may propose programs in a county or counties in which they have operated a housing program within the past 4 years, or in a county or counties for which the nonprofit corporation has an existing 523 technical assistance services agreement with the United States Department of Agriculture.

Activity: Submit Appropriate Attachment Number	No. of CalHome Assisted Units Proposed	County or Counties of Activity	Census Tracts if Proposing 100% Rural Activity*
1. FTHB Mortgage Assistance Program	19	San Francisco	N/A
2. Owner-Occupied Rehabilitation Program	13	San Francisco	N/A
<b>Total</b>	<b>32</b>		

\* If your activity is located entirely within a rural census tract or non-metro county as defined in the CalHome Program Regulations and you want to receive consideration for the rural set-aside, you must provide the census tract or tracts or list the non-metro county information in the table above. If the proposed area is rural, applicants must indicate census tract numbers in order to receive consideration under the rural set-aside. Programs in rural census tracts must document that their program is located in a rural area. Follow the steps outlined below to determine if your proposed program is located in a rural area, and to document this rural area status. Programs located in the following counties do not have to provide documentation of their rural status, and will be considered rural applicants:

Alpine, Amador, Calaveras, Colusa, Del Norte, Glenn, Humboldt, Inyo, Lake, Lassen, Mariposa, Mendocino, Modoc, Mono, Nevada, Plumas, Sierra, Siskiyou, Tehama, Trinity and Tuolumne.

If your site is not located within one of the listed counties, below are two alternate ways to qualify:

**Alternative 1: Rural Housing Services (RHS) Eligible Area** – With an established address, go to the USDA Rural Development website to qualify if the site is RHS-eligible: <http://www.rurdev.usda.gov/rhs/>.

Once on the website, look to the right hand side of this page and click on "Income and Property Eligibility". On the page that follows, under "Property Eligibility", click on your program type (single family) and follow the instructions so that you may enter your program address. If your program is RHS-eligible, you will be able to print a map indicating that the program is eligible. Submit this documentation with your application.

If your program is not listed as RHS eligible, or if you do not yet have a site address, go to Step 2.

**Alternative 2, Step 1: Small City Status** - Is your program located within or adjoining a city with a population of 40,000 or less that is not part of a Census-designated urbanized area?

Go to the State Department of Finance website to verify the city's population estimate:

<http://www.dof.ca.gov/HTML/DEMOGRAP/ReportsPapers/Estimates/E1/E-1text.asp>

If the city has a population of 40,000 or less, print the page of Table E-1 which indicates this, and go to Step 3. If the city is more than 40,000, STOP. Your program may not be located in a rural area. Proceed to Step 2 to confirm if your area is rural or not.

**Step 2: Census Map** - If the proposed program is located in an incorporated city of 40,000 or less, or in the unincorporated area adjoining that small city, the program may be considered rural if the program's census tract is not designated "as an urbanized area" or "part of an urbanized area."

- Go to the Census Bureau's 201000 Census website at: <http://www.census.gov/main/www/cen2000.html>
- Under "Access Data by Geography" select the "street address" link (regardless of whether the program has an established address).
- On the subsequent screen, enter the program's address or that of another nearby property located within the same census tract (as close to the program as possible). Select "Go" and additional information will display at the bottom of the page.
- Select "Census Tract" in the Geographies section of the enhanced screen and select "Map It."

e) Print the census tract map provided and your jurisdiction's population estimate from Table E-1, (see Step 1 above), and submit these two documents with the application. The map may show the census tract as "urban" according to the legend provided with the map. However, the census tract will only be considered urban if the map includes bold face type with a "UA" designation. If the map includes no such designation, or shows the census tract as urban but has a "UC" designation, the census tract is still considered rural.

**Activities without an identified site at time of application (a.k.a. "Programs")**

Program-activities for the following jurisdictions do not have to provide documentation of their rural status. These counties are automatically considered rural: Alpine, Amador, Calaveras, Colusa, Del Norte, Glenn, Humboldt, Inyo, Lake, Lassen, Mariposa, Mendocino, Modoc, Mono, Nevada, Plumas, Sierra, Siskiyou, Tehama, Trinity and Tuolumne.

If your program activity is not located in one of the above counties, follow the processes below to document that the project is located in a rural area.

1) Go to the State Department of Finance website at:  
[http://www.dof.ca.gov/research/demographic/reports/estimates/e-1/documents/E-1\\_2011\\_Internet\\_Version.xls](http://www.dof.ca.gov/research/demographic/reports/estimates/e-1/documents/E-1_2011_Internet_Version.xls) to verify the jurisdiction's population estimates for 2011. (If you are asked for a username and password, click "cancel" until the file comes up.) If your program activity is for a city of more than 40,000, stop. Your program activity is not located in a rural area. If your program is located in a city of 40,000 or less or in an unincorporated area, print the page of Table E-1 which shows this population figure, and go to Step 2.

2) Go to the NEW American FactFinder at the US Census Bureau website:

<http://factfinder2.census.gov/main.html>

- a) Select "Topics" in the left-hand menu
- b) At the bottom of the "Topics" drop-down menu click "Dataset" to reveal this drop-down menu
- c) Select "2000 SF1 100% Data" under "Dataset"
- d) Above "Dataset", click on "Product Type" to reveal this drop-down menu
- e) Select "Detailed Table" under "Product Type" ("2000 SF.1 100% Data" and "Detailed Table" should now be listed in the "Your Selections" box (top left))
- f) Select "Geographies" in the left-hand menu
- g) Under "Geography Filter Options" click on "Within Census Tract".(You will need to do this twice.)
- h) Type in the Census tract number and click "Go"
- i) On the next screen, click the box for that census tract (Make sure County and State name are correct). Click "Add" to add this census tract number to your Geography Filters.
- j) Repeat steps f) through i) until all census tracts to be served by your program are listed in the Your Selections box in the upper-left corner of the screen
- j) Once all Census tracts for your program are listed, scroll up to select "Topics" again (left-hand side of screen)
- k) Click the "Urban and Rural" link in the list on the right, then click "View"

If you tried all three of these alternatives and the end result shows that your program is not classified as rural, but you believe that it should be considered rural, or if you have other questions, problems, or concerns in determining rural designation pursuant to the above process, please contact Christina DiFrancesco at (916) 322-0918.

**G. Proposed Grant Amount:**

**\*\$1,500,000**

\* If the grant request is over \$1,000,000 (up to \$1,500,000), the city, county or nonprofit will need to provide the following: The name of the city or unincorporated areas of counties with a population of over 400,000. If a County operates their programs in the small cities within the county as well as the unincorporated areas, we will allow the aggregate population of the unincorporated areas plus these small cities to be combined for determining the maximum award amount only where we have letters/resolutions from the included small cities

verifying the County's authority to operate with the cities. A list of cities and unincorporated areas of counties in California with population over 400,000 is included in this application labeled **Exhibit D**. Please provide the required documentation as **Attachment 3**.

#### H. Brief Description of Each Program Activity Applied for:

The Mayor's Office of Housing will utilize this Mortgage Assistance Program award to provide down-payment and closing cost assistance to loans towards the purchasers of Below Market Rate (BMR) units. The Mortgage Assistance loans will be payment deferred, accrue 0% interest and will be due with share of appreciation upon resale or in 30 years. BMR units are priced as affordable to households earning 90% of the Area Median Income. Loans from this CalHome award will be made available to households earning at or below 80% of the HCD low income limits, thus filling a substantial affordability gap and making the dream of homeownership available to lower income households. The maximum loan amount will be \$36,000. This is especially important in the Latino, African American and the Asian communities in San Francisco, where the average household income is lower than that of the median for the entire population.

The owner-occupied rehabilitation loans will be payment deferred, 3% interest and due in 30 years or upon sale of the property, transfer of title, or non-occupancy, whichever comes first. Loans from this CalHome award will be made available to households earning 80% of AMI or below, thus providing affordable financing to households who would otherwise not be able to afford property rehabilitation healthy homes retrofits. The maximum loan amount will be \$60,000 and will not exceed a 105% post-work loan to value (LTV). This type of financing is especially important to low-income homeowners whose properties are dilapidated and faced with health and safety issues and sanctions from local building inspection and health departments. The CalHome loan will address minor to intermediate rehabilitation work and will most likely be coupled with existing programs to address a more holistic rehabilitation, including healthy home and energy efficiency retrofits.

EXHIBIT 1-1

FIRST TIME HOMEBUYER  
MORTGAGE ASSISTANCE

**PROGRAM NARRATIVE**

---

### **History and Experience with Homeownership activities**

The Mayor's Office of Housing (MOH) is the Housing Finance Agency for the City and County of San Francisco. MOH consists of three primary program units: Housing Development, Single Family Housing and Planning and Monitoring. The first-time homebuyer programs are administered through the Single Family Housing Programs. Six FTE staff positions are dedicated to the homeownership program activities — 2 full-time program managers and 1 full-time loan officer and underwriter, 1 full-time program coordinator and underwriter, 2 processors.

MOH has over 20 years experience administering the homeownership programs, which includes the following programs that offer financial assistance: City Second Loan Program, Downpayment Assistance Loan Program (DALP), the American Dream Downpayment Initiative (ADDI), Extra Credit Home Purchase Program (ECHPP), Mortgage Revenue Bond Program (MRB) with mortgage assistance, and Below Market Rate CalHome Downpayment Assistance Loan Program (BMR DALP). We also administer non-financial assistance homeownership programs, which include the Inclusionary Below Market Rate (BMR), Mortgage Credit Certificate (MCC) and Condominium Conversion BMR Programs. Although BMR program purchases do not involve a transfer of funds from the City, there is a lien on the individual BMR units for the difference between the restricted (BMR) price and the appraised market value of the property. This difference is substantial in the current market climate, and the City underwrites the liens utilizing the same criteria and underwriting guidelines as the downpayment assistance programs.

### **Community Need**

San Francisco has one of the highest percentages of households overpaying for housing in California. For homeowners, the percentage of households earning less than 80% of the AMI with a housing cost burden was 60% and the percentage with severe housing cost burden was 42%. The homeownership rate for households with incomes below 80% of AMI is 26%.

### **Feasibility**

The City of San Francisco will use this funding allocation to assist first time homebuyers of BMR units. These units are priced by the San Francisco planning code section 415 to be affordable for households earning 90% of AMI. The CalHome funds will allow the City to subsidize these units to make them affordable to families at 80% of AMI.

### **City Second Loan Program**

The Mayor's Office of Housing offers second loans to eligible first-time homebuyers with deferred payments for 40 years or due on sale, rental or title transfer. This program is offered to first-time homebuyers of certain townhouses that were fully or partially developed with public funds in various neighborhoods throughout the city. The maximum loan is \$100,000 or 20% of the purchase price; whichever is less. The amount of subsidy awarded depends on the household's income: the higher subsidy amount is given to those households who earn lower incomes compared to the area median (AMI). The City loan is in second position on title after the first mortgage and can be repaid at any time without penalty. Repayment includes the principal and proportional share of appreciation of the value of the property at time of resale.

### **Downpayment Assistance Loan Program (DALP)**

The Downpayment Assistance Loan Program (DALP) assists eligible buyers purchase their first home, defined as any single-family detached residential, condominium or townhouse unit throughout the City and County of San Francisco. The maximum loan amount is \$100,000 or 20% of the purchase price; whichever is less. As with the City Second Loan Program, the maximum subsidy is awarded to those households who earn lower incomes when compared to the AMI. The loan is deferred for 40 years, or due on sale, rental or title transfer. Repayment includes the principal and proportional share of the appreciation of the value of the property at the time of resale.

**The American Dream Downpayment Initiative Program (ADDI)**

The American Dream Downpayment Initiative Program (ADDI) is created to provide financial assistance to low-income, first-time homebuyers by providing assistance on downpayment and closing costs on home purchases within the City and County of San Francisco. The Mayor's Office of Housing (MOH) received three entitlement allocations for the American Dream Downpayment Initiative Program (ADDI). ADDI is available to first-time homebuyers whose annual incomes fit within HUD low-income limits and are purchasing their first home in the City and County of San Francisco.

**Below Market Rate Downpayment Assistance Loan Program (BMR DALP)** – The purpose of the CalHome BMR DALP is to support existing homeownership programs targeted at lower and very-low income households. The Mayor's Office of Housing administers several programs to assist low-income first time homebuyers. The BMR DALP will be used to provide downpayment assistance loans to households at or below 80% of the HCD low income Limits to purchase below market rate (BMR) condominium units.

**Below Market Rate (BMR) Inclusionary Housing Program** - Section 415 of the San Francisco Planning code allows qualifying developers to build on or off-site below market rate units instead of paying a required affordable housing fee. The code requires that 15% of all newly constructed dwellings (with 5 or more units) be reserved as affordable to middle-income households. Developers may also fulfill this obligation by building affordable units off-site, in which case they must build 20% of their market-priced units. BMR units are priced to be affordable to households earning 90% of the area median income. Three full time staff members at MOH administer the program, calculating the obligations of the developers for each site, approving marketing plans for the units, working closely with the homeownership counseling agencies to advertise among qualified households, overseeing the lottery to distribute the units, reviewing household applications and underwriting the transactions for the purchase of the individual units.

**Police In The Community Program (PIC)** - A downpayment assistance loan program for San Francisco police officers purchasing a first home in San Francisco. Borrowers must provide verification of employment with the SFPD as an officer in good standing.

**Teacher Next Door Program (TND)** - A loan program to assist teachers employed with the San Francisco Unified School District in purchasing a first home in San Francisco. This loan is forgiven after 10 years provided all program requirements are met.

**Mortgage Credit Certificate (MCC)**

MCC is a tax credit which reduces the amount of federal income taxes due from the homebuyer. Lenders use this information to qualify homebuyers for a larger mortgage amount than the buyer could normally afford with the same income. The tax credit represents 15% of the mortgage interest paid annually on a dollar for dollar basis.

**Loan Servicing Experience:**

The Planning and Monitoring unit of the Mayor's Office of Housing carries out monitoring of deferred first time homebuyer loans originated by the office. The properties are monitored annually to ensure that owner-occupancy and other program requirements are being met. If homeowners are found to be out of compliance, the Planning and Monitoring unit will issue notices of default and take other steps to bring the borrowers into compliance. The Planning and Monitoring unit also responds to requests for subordinations, demands, prepare loan payoffs, execute reconveyance instructions, and generally service all loans. MOH currently has 2 full time staff members performing servicing and monitoring functions for single family loans.

REHABILITATION PROGRAM

**PROGRAM NARRATIVE**

---

**History and Experience with Property Rehabilitation activities**

The Mayor's Office of Housing (MOH) is the Housing Finance Agency for the City and County of San Francisco. MOH consists of three primary program units: Housing Development, Single Family Housing and Planning and Monitoring. MOH's Housing Rehabilitation Program, which addresses substandard and deferred maintenance housing conditions, is an integral part of the Single Family Housing unit and includes programs to address lead remediation, correct housing and building code deficiencies, accessibility modifications, major and minor property rehabilitation.

MOH's mission in providing these property rehabilitation programs is to preserve San Francisco's existing housing stock and to provide low-income homeowners with decent, safe and sanitary housing. Participants in the program typically are not able to secure home rehabilitation financing from commercial lenders and rely on the City as a lender of last resort. Three FTE staff positions are dedicated to the housing rehabilitation program activities—1 full time program manager, 1 full time underwriter, and 1 construction manager.

MOH has over 20 years of experience providing affordable financing to low-income homeowners to address deferred property maintenance. The following table provides information on programs that MOH has offered in the past.

Loans are available to rehabilitate owner-occupied residential properties of up to four units. The program provides 3% interest, deferred loans to one- to four-unit residences. Payments of principal and accrued interest are deferred until a change of title through sale or transfer, rental of property, non-occupancy of property by the Homeowner, or thirty (30) years from the date of the loan closing, whichever comes first.

**Loan Qualifications**

The property must be free of all liens not approved by MOH. These are often negative liens such as for delinquent taxes, judgments, mechanics liens or any other liens that could jeopardize the City's loan security. More specifically;

- . The property must be a permanent structure within the City and County of San Francisco.
- . The property must be one (1) to four (4) attached unit dwelling units.
- . The property must be the Homeowner's primary residence.

Rehabilitation work must address:

1. Corrections of current code violations of the City and County of San Francisco Housing Codes and/or Building Codes

2. Corrections to meet HUD Section 8 Housing Quality Standards (HQS)
3. Accessibility modifications for owners
4. Lead based paint hazard control and removal of environmental hazards such as asbestos, mold, and mildew
5. General improvements may be included for up to 20% of the total rehabilitation costs after all required work has been identified in the scope of work

#### Applicant Qualifications

1. The owner must be the legal owner of the property to be rehabilitated and must occupy the property. Each Homeowner must be named on the property's title.
2. Homeowners can retain up to \$25,000 of liquid assets and still qualify for a loan. For the purpose of the asset test, the Homeowner's primary residence and marital possessions are not considered liquid assets. Retirement funds held in a pension account, retirement fund, 401k plan, 403b plan, trust fund, or similar asset that is not available for liquidation are exempt from the asset test.
3. All property must carry hazard insurance and the City and County of San Francisco must, at the time of the loan, be listed as loss payee.
4. The household gross income must meet the income guidelines. MOH's property rehabilitation loans vary by funding. The majority of the loans are available to households with a combined income of no more than HUD's Low-Income mark. The amounts are adjusted on an annual basis by household size.

Each loan is carefully underwritten and approved in order to balance the client's needs and MOH's security. At closing, the following documents are thoroughly explained to the borrower to ensure fully understanding of the borrower's obligations under the loan agreement and Promissory Note.

Loan Agreement – An agreement that details the parameters and conditions of the loan.

Promissory Note – A note that promises to repay the loan at certain interest rate within the term of the loan.

Deed of Trust – The deed is used to record the lien against the property. Any future liens against the property that jeopardize the City's security and interest in the property are subject to the approval of the Mayor's Office of Housing.

Notice of Default – A notice of default is recorded for each existing lien against the property. The Mayor's Office of Housing will be notified should any of the existing liens default.

Escrow Instructions – The escrow instructions provide the MOH Fiscal Department with information about the loan and its expenses. These instructions are used to set up the loan and all disbursements are made from this escrow account. All funds remaining in the account once the property rehabilitation work has been completed will be used to make a principal payment on your Property Rehabilitation Loan.

Truth in Lending – The truth in lending statement provides information on the actual cost of the loan when interest is taken into account.

Notice of Right to Cancel – The notice of right to cancel provides the borrower a three (3) day window in which to cancel the loan.

#### Loan Servicing Experience

The Planning and Monitoring unit of the Mayor's Office of Housing carries out monitoring of deferred first-time homebuyer loans originated by the office. The properties are monitored annually to ensure that owner-occupancy and other program requirements are being met. If homeowners are found to be out of compliance, the Planning and Monitoring unit will issue notices of default and take other steps to bring the borrowers into compliance. The Planning and Monitoring unit also responds to requests for demand, prepare loan payoffs, execute reconveyance

instructions, and generally service the deferred rehabilitation loans. MOH currently has one full time staff member performing servicing and monitoring functions for single family loans.

**Community Needs**

San Francisco has a large number of individuals living at or below the federal poverty level. An estimated 87,771 (or 11.3%) of the population live at or below the federal poverty level and 12.4% or 50,488 live in overcrowded housing. Given these circumstances, the Mayor's Office of Housing rehabilitation loans are in high demand often exceeding annual allocations.

**Feasibility**

The City and County of San Francisco has 346,527 housing units of which 81% or 282,341 were built prior to 1980, making San Francisco a prime market for housing rehabilitation services.

**In Development**

MOH is actively working with other City agencies to incorporate green building techniques and materials in our housing rehabilitation loan projects. Additionally, MOH is exploring possible acquisition and rehab programs of recently foreclosed properties.
