RE: Appointments to Treasure Island Development Authority

Date: November 4, 2010

Colleagues,

I would like to take this opportunity to echo the concerns of many of my constituents on Treasure Island. Simply put, the appointees for the Authority, items 5-13 on your agenda today, have no TI resident representation and, on the whole, are unacceptable.

As you know the TIDA Board of Directors make policy decisions critical to the future and ongoing operations of Treasure Island. They approve large contracts and TIDA's annual budget and acts as both the redevelopment agency and the trustee of the Tideland Trust for Treasure Island. I believe that it is critical to have one or more TI residents on this Board to ensure that Island resident concerns are adequately heard and addressed.

In 2006 the Board of Supervisors deliberated this issue at the Rules Committee, rejected an appointee, and asked the Mayor to appoint an island resident. The Mayor appointed Owen Stephens, who was unanimously approved by the Board. Commissioner Stephens has been widely praised for his work on TIDA and now serves as its Chair.

The Board of Supervisors received notification from the Office of the Mayor dated October 12, 2010 in regards to TIDA appointments in front of you today. For some reason, Mr. Stephens was not recommended for reappointment. After significant push-back from TI residents, the Office of the Mayor emailed a press release inviting Treasure Island residents to apply for TIDA Board. Given the Office of the Mayor selected its current appointments prior to inviting Treasure Island residents to apply and that this notice has only been out for 2 weeks, I respectfully request that the Rules Committee strongly consider the lack of resident representation with the current applicants before you and reject all of the applicants until the Mayor bothers to forward an appointment of an island resident to TIDA.

While I have other issues with several of the appointments in front of you, I am unable to address them until this defining issue is dealt with.

Thank you,
Chris Daly
