From: Supervisor Alioto-Pier

To: Director, Port

To: Director, Public Utilities Commission

Requesting/Inquiring: Trans Bay Cable LLC has agreed to make a Public Trust Benefit Payment to the City and County of San Francisco as part of the Trans Bay Cable Agreement. According to Port Commission Resolution 07-23, the Port Commission will expend \$5,500,000 to promote access to the waterfront and to implement energy efficiency and renewable energy policies and projects on Port Commission property. Additionally, the Public Utilities Commission will expend \$20,000,000 over ten years to advance or promote projects that support the City's energy policies, the most significant of which is electricity reliability.

Supervisor Alioto-Pier inquires:

- 1. How will the Port expend the \$5,500,000 benefits payment?*
- 2. How will the PUC expend the \$20,000,000 benefits payment?*

From: Supervisor Daly

To: Chief, Police Department

Requesting/Inquiring: Requesting information regarding the following: Homicides in the Tenderloin, Aggressive Assaults in the Tenderloin, Vandalism in the Tenderloin, Robberies in the Tenderloin, and Drug and Narcotic arrests in the Tenderloin - Which of these crimes does your department report on, which of these crimes does your department investigate and how many of these crimes are solved? And also, would it be possible to receive the "Quality of Life" statistics for the month of March 01, 2007 until June 24, 2007.

From: Supervisor Elsbernd

To: Director, Public Utilities Commission

Requesting/Inquiring: Please provide a written response to the following:

Costs vs. Allowable Costs

- 1) Would all of the "costs" embedded in the water and wastewater rates adopted June 12, 2007 by the SFPUC be considered "Allowable costs" under the standard CPUC model for private investor-owned water utilities?*

Water Rates

- 2) Please explain who will pay the \$0.42 per unit subsidy which will enable the 25,914 single family households currently using less than 3 units of water per month to pay only \$2.08 per unit, when the cost of service to them is \$2.50 per unit. Please explain why this subsidy is not in violation of Prop 218.*

Wastewater Rates

- 3) What is the true cost of service to collect, treat and discharge one unit of residential wastewater?*
- 4) Are single-person households using 3 units or less of sewer service per month paying less than the cost of service for those units? Are these households being subsidized by ratepayers in Tiers 2 and 3? Does this violate Prop 218?*
- 5) Why are the tiers for water rates different from the tiers for sewer rates?*
- 6) How can the SFPUC justify the huge cost differential between the Tier 1 sewer rate and the Tier 2 sewer rates?*

General Fund Departments

- 7) What is the current amount projected to be recovered from the General Fund departments? Annually?*
- 8) Will the SF ratepayers receive a reduction in their bills to reflect the additional revenue collected from the General Fund departments?*

Low-Income Assistance Programs

9) What is the dollar amount of regular ratepayer subsidies to the low-income assistance programs for FY05, FY 06, and FY 07?

10) Will SF ratepayers receive a reduction in their bills, reflecting the abolition of ratepayer subsidies to the low-income programs?
