My name is Jacob Norda and I have lived in San Francisco for 10+ years. I live in the pacific heights neighborhood.

I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe. We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

My name is Paul Allen. I live in the Corbett Heights Neighborhood, and have lived in San Francisco itself for more than 30 years. I urge you to provide the financial resources needed for our police department to recruit new officers and increase staffing - substantially.

To my eyes and ears, the City has never been in such sad shape, with crime and the perception of same an obvious manifestation. We all know that, per external counsel, the city is down 500 officers. Personally and via my neighborhood organization, I have have enjoyed excellent relations and service from the Park District and Capt. Pedrini specifically. However, it is obvious to me and other residents, not only an external advisor, that the City desperately needs more officers. Wishing for the return of tourists and workers is not a strategy; we first need to see results on the streets. That can only be accomplished with more officers and prosecutions.

I supported funding of less coercive approaches to public safety in circumstances where these are warranted, such as the Crisis Response Teams. But that is not enough. We desperately need adequate police funding. Please help.

Thank you,
Sincerely,
Paul Allen

My name is Rachel Podlishevsky— and I have lived in San Francisco for 40 years. I live in the Marina neighborhood. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy.

Tourists are down who wants to visit San Francisco? After hearing about all the crimes that is going on now in once beautiful city.

We need the police to actively enforce current variants laws, and laws prohibiting vehicles/RVs from setting up living quarters on City streets.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Sincerely,
Rachel

They are needed to better protect our residents of color, Asians, and the elderly who are disproportionately victims of crime in San Francisco. Also, there are far too many people dying of fentanyl.

Hello

My name is Sharon Owsley and I have lived in Pacific Heights since 1976. I join with “Stop Crime SF” in asking you to provide the resources needed for our police department to properly recruit new officers and to increase the staff.

I am very familiar with the law enforcement needs of the city. I served as a SF Assistant District Attorney for 6 years, a Deputy Atty. General at CADOJ for 6 years, and most recently served as the Director of Mediation for the SF Department of Police Accountability for 3 years.

Each of these positions, and my own experience as a SF resident, confirm the need for more officers to keep SF a safe and vibrant city.

Thank you for your attention to this much needed issue.

Sincerely,

Sharon Owsley

My name is Chuck Farrugia and I have lived in San Francisco for 54 years. I also run a very successful non-profit called Help McLaren Park which I am very proud of. I have lived in the Portola District which is flanked on its sides by three housing developments all my life. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. Actually I am begging you.

San Francisco's crime is out of control. I have witnessed many robberies first hand. We are losing our beautiful city and the quality of life we all love most about it to senseless, unpunished crimes. We need community policing and street cops again. Its so out of control currently it feels hopeless. We're not only fighting the bad guys but the lawyers and judges who empower them to continue in their ways. We need a new system and it's starts with policing and enforcement or else nothing will change.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Sincerely,

Chuck Farrugia

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Andrew Vik and I have lived in San Francisco for 49 years - my entire life. I live in the Castro neighborhood. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Sincerely,
Andrew Vik

Our city is plagued by crime, to the point that I don't feel at all safe going downtown, shopping in my area or even in my own home. It has never been like this before! If new recruits will be hard to find or train, maybe you can find an alternative (National Guard) to keep us safe!!!

Respectfully yours,
Ingrid Arden

Subject: Support for Public Safety Resources hearing

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Ellen Haude, and I have lived in San Francisco for almost 25 years. I currently live in the Pacific Heights neighborhood and have been the victim of more crime in the last two years than in all my life's prior 49 years combined.

I frequently hear neighbors and local business owners say that they have stopped reporting crime because they have seen, through first-hand experience, that SFPD does not have the resources to respond. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers, a shortfall of approximately 20%. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. As an example, I have personally stopped shopping on and around Union Square out of safety concerns. And many of my out of town friends and family refuse to come to San Francisco due to fear of crime.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. Please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve. Better policing, not less policing, for a safer San Francisco. PLEASE.

Thank you,
Ellen Haude

My name is EA Kline.

I have lived in San Francisco for 31 years. I have lived in the Richmond and Pacific Heights and Marina neighborhoods.

After eight years working as a senior investigator at the city attorneys office at City Hall, I went through the entire process of applying to become a police officer in 2005, in Group E121. I successfully completed the application process, but was disqualified at the final stage due to hearing loss.

I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

In my 45 years here, I have never experienced the general feeling of insecurity that I and those I know feel. There should be no need to live with this insecurity if our city was doing its job on policing and prosecuting. Please address our concerns.

Thank you.

I was born in San Francisco, am a Bay Area Native and have lived in San Francisco for the last 28 years. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. I live near a tourist area that is one of the most notorious car break in zones in SF. Our neighbors, tourists and businesses are being absolutely terrorized by organized crime that is stealing our possessions and any sense of safety. These criminals are fully armed and are flashing guns at victims. It's only a matter of time before innocent people are killed. The only solution that has helped is 24/7 police support with a parked SFPD in our neighborhood.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully-staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

We are (Dr) David Nolley and (Dr) Nancy Zajac and, after completing our undergraduate years here in the San Francisco Bay Area back in the 1960's, we then went on to study for careers that poised us to then return to San Francisco as to be useful in human services since 1984. We bought a home in the Outer Sunset and completed raising our offspring, who attended (then) fine San Francisco Public Schools while paying off a 30-year mortgage several years ago that has allowed us to remain here. Along the way we funded San Francisco's return from the '89 quake (e.g., Palace of Fine Arts, Exploratorium, etc) while we both worked full time. Our experience is evidence of our long-term investment in this (used to be) fine city. But, now in our latter-70's we are fearful of being downtown after dark and so we resigned from entities such as the Commonwealth Club and we gave up our season tickets to the San Francisco Ballet; we ceased attending theater presentations. We join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. San Francisco is currently down 500 police officers. We need more officers to keep us and our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe. We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve. Thank you from a couple of old people who helped to make this city what it used to be. David n Nancy

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Donna Hurowitz. I have lived in San Francisco for 45 years. I live in the Outer Sunset neighborhood. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Donna Hurowitz

Subject: Increase Staffing Levels of Police to Improve Public Safety

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I join GrowSF and RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

I urge the Board of Supervisors NOT to increase staffing levels for the San Francisco Police Department (SFPD).

We need more alternatives to policing and the carceral punishment system— not more of that same violent system. Any money that might be spent on more policing or more police would be far better spent on harm reduction programs and programs that reduce inequality.

I live in the Mission District (grew up here, in fact), and my whole life I've seen the kind of crime that news outlets are clutching their pearls over. Crime is never acceptable, but if your goal is to stop it, you should ask if police are actually the solution they claim themselves to be. I was mugged several times when I was still young enough to be an easy target, and no police ever helped me— not even the ones sitting in their car ten feet away while it was happening. My own anecdotal evidence aside, [we know that we have been spending more on policing and getting less in return](#). Please do not throw more money into this harmful system!

My family and my neighbors do not benefit when police speed through our neighborhood in their oversize SUVs. Our lives are not improved by police who park across the sidewalks and bike lanes— forcing my three-year-old into fast-moving traffic. The people of San Francisco need a safe, healthy environment, but more police will not get us there.

Thank you for your support.

Subject: Increase Staffing Levels of Police to Improve Public Safety

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I join GrowSF and RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

The crime in this city is intolerable. The lack of uniformed police has created an untenable situation. We need better resources for the SFPD

Thank you for your support.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi all,

Since we do not have the proper level of safety officers in San Francisco, my staff members and myself are forced to do this job. Every day, we are harassed and exposed to violent, demeaning and unhealthy conditions for which we must defend ourselves and our business. San Francisco is like the wild West and if we don't urgently improve our conditions, my business will be another empty storefront.

Recently, we had to call 911 twice within one week on life-threatening behavior towards my staff and customers. No police ever showed up - either time.

This is not the San Francisco that I fell in love with many years ago. I hold my breath on a daily basis when I walk up to my business as I never know what I will find or what will unfold.

I am tired of not being able to protect my staff, my customers and at times myself. I have been followed home from work on several occasions and threatened every time my staff members ask me to confront bad behavior going on at our door step. Enough is enough.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

I condemn GrowSF and RescueSF for urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

We have enough police to keep residents of our city safe if they would be serious about stopping and preventing crime, instead of acting as private security to elected officials and their cronies. We urgently need to increase staffing of the Health department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD threatens public safety. The incidents of blatant lawlessness in every police station, the Tenderloin, and elsewhere show that SFPD does not have control of their officers. Residents do not feel safe when they need to call a police officer, leading to victimization and vigilantism.

We urgently request that City leaders provide the oversight needed to reign in the lack of discipline and outright lawlessness in the SFPD.

Thank you for your support.

My name is Erin and I have lived in San Francisco for over 20years. I live in the Mission neighborhood. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime - I say this as someone who feels that there is no police presence in my neighborhood and have seen the repercussions - more vandalism, car break ins, bike theft, reckless driving, and excessive late night noise (fireworks especially). It has made me looking to move to be honest it's gotten so bad.

SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Sincerely,
Erin Coull

My name is Diana Chow and I have lived in the City for 30+ years. I currently live in the Upper Market Street neighborhood. I recently discovered that SF has 500+ police officer vacancies. This is unacceptable.

The City has a fiduciary duty to keep its residents, visitors and others safe. Some of my friends and family members are making plans to move out of the City. The ones that are left living here are going to San Mateo County to shop and eat out because it's safer over there.

We shouldn't have to leave the City to feel safe. We should be able to go shopping or eat out in the City where we live. I shouldn't have to arm myself with pepper spray every time I leave the house and constantly scan the street for danger signs.

We have actually seen car break-ins occurring at Fisherman's Wharf. I call 9-11 and get diverted to 3-11. But it's not my car so I can't make a police report. You never see a police car driving around on patrol in the City anymore.

Are they still patrolling? It really seems like a hopeless situation living in this city. I have my home here and pay taxes here. We are still going to live in the City despite the danger we face on the streets. But if we don't see improvement in our safety we definitely have to change the way we vote and who we will support in the next election.

Thank you for your time and attention to this matter.

Diana Chow

Subject: Public Comment Submission to discuss District 6 Intervention Initiatives

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello Supervisor Haney and Alisa Somera,

I'd like to inquire about the best way to bring to light public comment about Public Safety in District 6.

Specifically are in the following areas:

- Block 700-500 Eddy
- Block 600 Polk
- Block 500 Turk
- Block 500 - 400 Larkin

Numerous efforts have been made by residents in the area to call the non-emergency line as well as the local police department as a result of drug activity and public safety concerns, including not being able to enter a residence, vandalism, public urination/defecation, and indecent exposure,

There is an elderly community on the 700 Eddy block who have been painfully affected by the lack of oversight from city officials.

The city has an obligation to all residents to reach out to those in need and truly meet them where they are by providing outreach - ongoing outreach and encouragement to seek out resources while also providing better spaces that don't put at risk the well being of all residents - specifically those living in government-subsidized elderly facilities.

Please advise on the best course of action to support residents of this area.

Sincerely,

Alina Bekkerman

Granddaughter and concerned citizen, on behalf of the community at 711 Eddy - Eastern Park Apartments

My name is Richard Dill and I have lived in San Francisco for 50 years. I live in the Mission — neighborhood. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Dear San Francisco Board of Supervisors,

I work at IndieBio, a startup accelerator program located at 479 Jessie Street in San Francisco.

I join the Mid Market Community Benefit District in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department. An independent staffing study concluded that San Francisco needs upwards of 2,176 uniformed officers. We urgently need to increase staffing of SFPD in order to keep our workers, residents and visitors safe. As an employer in the city, I have seen how understaffing of the SFPD threatens public safety. Many residents, workers, and visitors do not feel safe. Our location has been repeatedly broken into and my colleagues have been harrassed. We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department. Thank you for your support. - Ned Desmond

Good afternoon Public Safety & Neighborhood Services Committee,

I live in District 10, Dogpatch Neighborhood, board member of Dogpatch Neighborhood Association (DNA) as well as a native San Franciscan. I commute to work on public transportation, BART, CALTRAIN, & MUNI. There are many times I believe I should work for SFPD as I see so many different activities on public transportation and in the city on a daily basis. I use the SF311 app as well as BART Watch to submit reports when I witness disruptive behavior, a wellness check on drugged out individuals, and/or encampments in my neighborhood and city.

I joined RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Please INCREASE SFPD staffing levels. I've lived in Cow Hollow for 40 years. It has become unsafe. Realistic police reforms will only be possible if there is adequate staffing.
Thank you for your consideration.

Dear Supervisors,

The Castro Community Benefit District (CBD) Board of Directors is writing to urge you to increase staffing levels for the San Francisco Police Department (SFPD).

The Castro CBD hears from merchants, residents, and property owners that there are not enough police to respond to their emergencies. We have heard more than once from different merchants that they have called 911 to report a crime in progress and police just never showed up.

As a community serving organization, out on the streets 12 hours a day, we have seen firsthand how SFPD understaffing threatens public safety. In the Castro, we have experienced how understaffing has led our businesses to close by 7 or 8 pm because their employees don't feel safe walking to the bus or to their cars after dark, we have heard from numerous residents that they don't feel safe walking to the Castro commercial corridor or Upper Market and instead drive to Diamond Heights or Daly City. And we have heard from tour guides who have been verbally and/or physically threatened while they are giving tours, of the historic Castro, to tourists from around the globe.

This is not sustainable and these scenarios are happening every day across the city. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

We request that City leaders provide the resources necessary for SFPD can act as a crime deterrent and respond to incidences in a timely manner.

On behalf of the Castro CBD Board of Directors, I thank you for your support.

Sincerely,
Andrea Aiello
Executive Director

Board Members,

I am writing to urge the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD). As someone who was personally accosted by a mentally disturbed person on Saturday, I see the role of the SFPD in assuring the safety of our residents and businesses more important than ever as we struggle to recover from the pandemic. We need to do more to recruit and retain officers, as well as increasing funding to the Crisis Response Team. While a police officer did respond to my 911 call, his calls to the Crisis Response Team were unbelievably met with "We are unavailable." Unavailable to assist someone clearly in crisis who had been pepper sprayed by Safeway staff hours earlier.

This is beyond unacceptable. This understaffing has created an environment where the officers we do have feel helpless and the lawless feel empowered.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

My name is Robert Gee and I am the Acting President of the Miraloma Park Improvement Club (MPIC). Miraloma Park is a community of 2,200 homes along Mt. Davidson and located within the Ingleside Police District. The MPIC has been a long time member of the Ingleside Station Community Police Advisory Board. Since early 2000, members of our MPIC Safety Committee have engaged with the Chiefs of Police, the command staff, the Ingleside Station captains and officers on a wide variety of Miraloma Park neighborhood safety and community policing concerns. A concern that keeps coming up is the lack of staffing and low recruitment.

Presently, hundreds of officers are nearing retirement and the SFPD isn't meeting its annual recruitment goals and retaining new officers. Home burglaries, hot prowls, car thefts and break-ins and traffic violations (speeding, stop signs and failure to yield to pedestrians) continue to be a problem in Miraloma Park.

The MPIC joins Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. San Francisco is currently down 500 police officers based on a City commissioned study. The study stated current police staffing is "severely inadequate". In Miraloma Park, we have requested very targeted traffic enforcement at key intersections given the increased vehicle and pedestrian traffic as businesses and schools open up. There was never a problem in the past requesting enforcement. Now, the response we consistently receive is that our district station doesn't have the resources. It's also evident more so now that there are less police patrols in the Miraloma Park neighborhood as well as less police now visibly traversing through Miraloma Park as police cars usually go to our local Starbucks.

City Hall needs to commit the resources needed for recruitment, training and retention of a properly sized police force in San Francisco. We can replenish our police force with a new generation who embraces police reforms, are well trained in de-escalation and are truly committed to serving their communities. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe. We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Thank you,

Robert Gee

Acting President

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Hello,

My name is Noah Beito, and I have lived in San Francisco for four years. I live in Cow Hollow and work in the Tenderloin. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Thank you!

Noah

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

David Dea & family

My name is Luis Perez-Cordero and I have lived in San Francisco for 45 years.

I live in the Eureka Valley neighborhood and sadly enough the safety in my neighborhood keeps deteriorating year after year.

I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe.

A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform.

If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Please make San Francisco Streets and Neighborhoods safe again.

Luis Perez-Cordero

My name is Margaret Shamlan. I was born in San Francisco and I have lived here for 73— years. I deeply love my city. I live in the Golden Gate Heights— neighborhood. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve. I still remember our neighborhood beat officer, Officer Calhoun, who used to help the children in our public school cross the streets before and after school.

Please make funding the police department a priority!

Very sincerely,
Margaret Shamlan

I volunteer in different organizations, like City Impact in the Tenderloin and Self-Help in the Richmond. I traveled by Muni around the city frequenting small businesses. I would feel safer with police officers walking the beat in our neighborhoods Thank you in advance for providing police protection for all San Franciscans.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Justin, and I have lived in San Francisco for 10 years. I live in Lower Nob Hill, also affectionately referred to as the Tenderloin. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. As someone who is forced to interact with our police regularly, I know first hand how poorly staffed, how overworked, and how demoralized they are. As someone who is constantly accosted with criminal behavior, I also know how vitally important they are to ensuring the safety of hardworking and vulnerable citizens. Two weeks ago, my building was broken into 3 times in 3 days. With so few police available at the Northern Station to watch our neighborhood, they were unable to protect us despite repeated warnings that we knew we were being targeted.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe. I have family and friends out of state, and I can assure you that they do not feel safe coming here. I am constantly on the defensive about why we allow such rampant crime in our beautiful city.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve. Residents in my neighborhood are desperate for a visible, active and engaged police force.

Myself and everyone I know want a well funded, fully staffed police force. We want visible and durable reductions in theft, burglary, vandalism, and drug crimes. I've lost 5 of 6 neighbors in my building in the past two years alone - every single one left because they did not feel safe in their own homes. Please, please help us feel safe again by providing the funding our police need.

Best regards,
Justin Erfort

Re: Support for Public Safety Hearing April 14th File #211245 Police Department Staffing Levels, Demand for Service, Recruitment and Retention

Dear Supervisors,

On behalf of the Hotel Council of San Francisco, UNITE Here Local 2, Trades Council, and I.A.T.S.E Local 16 we are writing to ask for your support in protecting the safety of our hotel employees, residents. Our hotel employees, many of whom live in San Francisco, continue to experience acts of violence while traveling on our streets to and from work. Our employees and our industry rely on our police department having the full support they need to protect our city. It is imperative for the recovery of our industry that the City of San Francisco is safe, and employees, residents and visitors feel protected.

On April 14, there will be a hearing on police staffing and demand for service at the Public Safety and Neighborhood Services Committee, and that hearing will highlight the dire state of staffing at the San Francisco Police Department. Your support to fully fund the resources need by the San Francisco Police Department is needed now more than ever. With the current number officers being about 500 short, we are urgently requesting that City leaders fund the resources needed to achieve the full staffing levels that have been outlined for the department.

Again, we are requesting your support for the SFPD resources needed to restore staffing levels and to protect our employees, residents, and visitors.

Sincerely,

Kevin Carroll

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear City Representatives.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD). In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

I have lived in San Francisco for decades. My sons are the fifth generation to be born on the property which my great grandparents purchased. In addition to my full time paid labor force work, I volunteer to help our City by adopting drains in my neighborhood and cleaning them before and during the rains, by cleaning up trash on the street in monthly neighborhood clean ups, by serving on my neighborhood board, and serving on two boards that support the GGNRA as it seeks to welcome more visitors from within our City and the greater community outside of San Francisco.

I am deeply concerned about the decrease in police officers in training, the decrease in officers on the job, and the increase in officers about to retire. We need a strong, well trained, supported police force to ensure safety in our communities. As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in my neighborhood, downtown San Francisco, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Dear Public Safety Committee Members -

I am writing to request you increase funding for our San Francisco Police Department. We need to build a safer city, and our Police Department needs more staff.

I know first hand as a resident since 1995 and as a charter member of Southern District's Police Advisory Board that San Francisco's force works hard to make this a safe place to live and work. But they cannot do this without sufficient staff to do so.

The current gap of 546 officers is just too big; we are not doing a good job of supporting our city, our citizens, or our police force.

Please make funding available to our outstanding Police Department so that they can add more staff and do the job they want to do.

Thank you.

Regards,
Katy Liddell

RE: Support for Police Department Staffing

Dear Supervisors,

The Civic Center Community Benefit District urges the Board of Supervisors to increase staffing levels for the San Francisco Police Department.

An independent staffing study concluded that San Francisco needs upwards of 2,176 uniformed officers. We urgently need to increase staffing of SFPD in order to keep our workers, residents and visitors safe.

Our management and field staff often hears from businesses, residents, workers, visitors and other area stakeholders that the presence of SFPD officers on our sidewalks and plazas make a positive difference and increase their feeling of safety.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Best regards,

A handwritten signature in blue ink, appearing to read "Tracy Everwine".

Hello to you all,

After coming back to San Francisco after some years away. I have never seen the city in such a state. Please tell me that you have not forgotten about the normal hard working people in the city. We are the ones who stayed during the most recent COVID epidemic and paid our rents and stay at work no matter what was required. Now are only asking for the return of our safe and beautiful city. I join the Mid-Market Community Benefit District in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department. An independent staffing study concluded that San Francisco needs upwards of 2,176 uniformed officers. We urgently need to increase staffing of SFPD in order to keep our workers, residents and visitors safe. As a resident of this city, I have seen how understaffing of the SFPD threatens public safety and creates a sense of unrest among citizens like me. Many residents, workers, and visitors do not feel safe. I urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

I join the voters of San Francisco and RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

I have been involved in many community meetings in Bernal Heights, the Castro, and the Lower Haight where I now live. YES there are terrible problems of bias in the police department and other areas of our society. YES the police need more help with mental health and homelessness-centered social workers. and YES YES, we need more police! lots more!! Most of my interactions with the SF Police and have been very positive.

WE NEED MORE !!
LOTS MORE!!

As a 4th generation San Franciscan, I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

We all know we've been understaffed for years. In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a Haight Ashbury resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for understanding and responding to this entreaty.

Subject: Increase Staffing Levels of Police to Improve Public Safety

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD), specifically in the Twin Peaks and Panorama Drive area.

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. My vehicles have been broken into right in front of my home, and three houses on my block were victims of burglary over the past two years.

Residents do not feel safe. We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department. Thank you for your support.

Subject: Support for Public Safety Resources hearing - more resources needed

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Donna Crowder and I have lived in San Francisco for 50 years most of the time in district 7. I ask that you provide the necessary resources needed for our police department to recruit new officers and increase staffing. From my own personal experiences there is clearly a difference between present day staffing and the past staffing levels with the resultant negative effect that has had for residents and businesses.

San Francisco is currently understaffed by 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit and be safer. Just recently an international film crew was robbed at gun point at the top of Twin Peaks. Neighbors have warned the board about police being spread too thinly to be effective in preventing crime in this location.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Thank you for your consideration.

Donna Crowder

Clarendon Heights, Twin Peaks Improvement Association

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Dear Friends and Leaders,

I ask that the Board of Supervisors fund an increase to staffing levels for the San Francisco Police Department (SFPD). This is only one of many steps i hope the City will take in order to increase the safety for everyone on our streets. Some others I support are better housing opportunities for the homeless and near homeless.

As a resident of Midtown Terrace, I appreciate the new presence of police on Twin Peaks. I hope this can continue going forward.

Thank you for your support.

Jane Baker,
Midtown Terrace Resident

RE: Support for Initiatives for Recruiting and Retaining Police Officers

Dear Members of the Public Safety and Neighborhood Services Committee,

The San Francisco Travel Association supports initiatives for recruitment and retention of new and existing police officers so that our police department can meet the public safety needs of the tourism and business community. In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers. However, our city only has 1,630 – a gap of 546 officers. We urgently need to recruit, retain, and increase staffing of the police department.

Recent high-profile theft and burglary incidents have tarnished San Francisco's reputation as a safe and welcoming place for all. In 2019, San Francisco welcomed over 25 million visitors who spent over \$11 Billion during their stay and generated over \$770 Million in taxes and fees for our City's General Fund. For San Francisco and its tourism industry to recover to pre-pandemic levels, we need to ensure visitors and employees feel safe and our city needs to do everything it can to recruit and retain police officers.

We hope you support new initiatives to recruit and train police officers to meet the safety needs of the community. We look forward to continuing to partner with the city to improve public safety in San Francisco.

Thank you,

Joe D'Alessandro
President and CEO

Re: Support for Resources to Meet Adequate SFPD Staffing Levels

Dear Chair Stefani, Supervisor Haney, and Supervisor Mar,

On behalf of the Building Owners and Managers Association (BOMA) San Francisco, I write to request the allocation of appropriate resources to allow the San Francisco Police Department (SFPD) to recruit new officers and meet sufficient staffing levels.

Proper police staffing levels are at the heart of our public safety efforts. As Chief Scott has noted, the need for officers to meet service demand has grown to nearly 500 officers. Our association supports non-police interventions such as ambassadors and crisis response teams, but without the proper resources to recruit and retain the officers that supplement these efforts, our collective public safety suffers. Unfortunately, it is our residents, office workers, and local businesses that bear the brunt of these challenges.

The inability to meet service demand doesn't just undermine preventative measures such as foot beat patrols and community policing. It directly jeopardizes the recovery of our city's economy. We must continue to address negative perceptions around public safety in San Francisco and doing so requires a fully staffed SFPD. If we cannot address this issue, we risk losing the future of our downtown core as a center for culture, innovation, and business.

In closing, I ask you again to support the resources that will ensure SFPD is fully staffed. It is imperative for the recovery of our industry that the City of San Francisco is safe, and that our residents, office workers, and commercial real estate professionals feel protected. Thank you for your attention to this important matter.

Sincerely,

John R. Bryant
CEO, BOMA San Francisco

Very nice hearing.

Real issues not mentioned.

Lack of respect.

Blamed for the bad policies of the board of supes.

No power to do their jobs properly.

Being attacked and singled out and prosecuted by our DA.

The insane " NO CASH BAIL" pouring dangerous repeat offenders back out with the message to resist arrest and do whatever they like without consequences.

I could go on but you catch my drift.

Mayor Breed and Board of Supervisors:

I urge the Board of Supervisors to increase staffing levels for the San Francisco Police Department.

San Francisco needs upwards of 2,176 uniformed officers. I've lived in San Francisco since 1972 and know personally that an understaffed SFPD threatens public safety.

I also serve on the Northern District CPAB (Community Police Advisory Board) and have been privileged to learn about the complicated issues that police officers and captains deal with regularly.

We urgently need to increase staffing of SFPD in order to keep our workers, residents and visitors safe.

Thank you for your support.

My name is Nancy Zajac and I have lived in San Francisco for 33 years. I live in the Outer Sunset neighborhood. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

I remember a time of walking around the Haight, Outer Sunset and downtown both in the daytime as well as in the evenings. Can you imagine doing that now? I can't. I haven't been in the Haight area for years because it's unsafe, as is the downtown area more recently. In my opinion, the main contributing factors are the druggies and the homeless wandering around, with both groups yelling out profanities, threatening comments, asking for money and being more "assertive" than in past years.

San Francisco used to be among the top places to live. Now, it's a crime filled, unsafe and filthy city. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city. Tourists will visit if they feel safe. We need police officers on the street engaging in community policing and addressing crime. The only logical action is to give SFPD the funding it needs to hire a new generation of officers from the community they will serve.

Respectfully submitted,
Nancy Zajac

Dear City Representatives.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD). In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

I have lived in San Francisco for decades. My sons are the fifth generation to be born on the property which my great grandparents purchased. In addition to my full time paid labor force work, I volunteer to help our City by adopting drains in my neighborhood and cleaning them before and during the rains, by cleaning up trash on the street in monthly neighborhood clean ups, by serving on my neighborhood board, and serving on two boards that support the GGNRA as it seeks to welcome more visitors from within our City and the greater community outside of San Francisco.

I am deeply concerned about the decrease in police officers in training, the decrease in officers on the job, and the increase in officers about to retire. We need a strong, well trained, supported police force to ensure safety in our communities. As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in my neighborhood, downtown San Francisco, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Dear Public Safety & Neighborhood Services Committee Members ,

I am writing on behalf of YOTEL San Francisco, 1095 Market Street to ask your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, to keep our workers, residents, and visitors safe. I am also a resident of San Francisco and live in district 8, Rafael Mandelman.

I feel that it is important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy.

We are a great addition to the Mid Market area, but it's hard to keep our guests coming back when they have comments like the ones below.

This is what our guests have to say on Trip Advisor, let alone all the other booking sites, like Expedia, Booking.com etc.

- The room was small, cool, and efficient. Also, coworking space. **But step outside and you're in a zombie zone of drug addicts, criminals, and crazy people. There were literally 100 people on the street all night and the area is NOT safe - even as a 6'3" man I felt very unsafe and was confronted by some people.** Could have easily gotten ugly.
 - From the first day of staying the hotel, it was amazing! my gf and me stayed there for 3 nights and every different staffs there were so nice, they hospitalized us and helped in every way to have sweet time in the hotel. As other review said, **the surrounding could be overwhelmed by homeless and drugged people,** but they didn't even talk to us nor never picked a fight. Actually, there are some great and popular restaurants in 5-10 mins by walk. There wasn't too much noise around at night at all, and securities always there, so we felt so safe. Also, the room could be small to some people, shown in the reviews, but I believe that other hotels are also same because of San Francisco's expensive rate of housing market. and ofc, here cleans absolutely every day, which was the main reason I chose here
-

- Stayed here on a couple's getaway. Although market street was a bit scary at night there was security at the door and it felt like a peaceful oasis when we got inside. The whole experience was very cool although I wish there were a mini fridge and another table in the room
- Super dangerous neighborhood. Almost attacked twice outside front door! I'd NEVER consider staying there again. Super dangerous neighborhood with zombie drug addicts all around after dark. Super unsafe.
- Great rooms, location is in a neighborhood with drug use outside The hotel itself is very nice, with great cabins and modern feel. The common workspace and gym are great additions to the hotel. The neighborhood outside has many people loitering at night and doing drugs out on the streets. Be aware of both sides to the hotel experience.
- Very comfortable city center hotel with an excellent and friendly team to assist you with all your needs. I booked the corner room, which has an amazing view! The whole area is full of homeless people - never seen so many - but it is a good base for discovering SF

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department. Thank you for your support.

Dear Public Safety & Neighborhood Services
Committee Members ,

I am writing (*if representing an organization include that name*) to ask your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe. *I'm a resident of San Francisco and live in soma district 6.*

I feel that it is important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy.

Im an immigrant and moved here in 2000 and brought my parents with me to live to have children and to find better opportunities. I'm afraid of my parents safety and mine. I seen the city change and is not safe.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Karen McDonald and I have lived in San Francisco all my life. I live in the Parkside neighborhood and own a small business in West Portal Village. I have seen first hand how much slower police response has become to helping victims of crime (which has significantly increased). My shop has been burgled, damaged, and over the last few years, drug addicts have left trash, needles and vomit on my front entrance. Fellow business owners have been brazenly robbed during the day. This was once a quiet, safe, clean neighborhood shopping corridor. I join Stop Crime SF in asking, begging, that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe. Tourists and residents alike no longer feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Respectfully,

Karen J McDonald

Subject: Support for Public Safety Resources

-

Dear Public Safety & Neighborhood Services Committee Members ,

I am writing, as a colleague of Fairmont San Francisco Hotel, to ask your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe. I also write this to you on behalf of my personal interest as a resident of the Nob Hill neighborhood for the past 3 years.

I feel that it is important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy. It is imperative that we as a community, find a way to fund the resources we need to put our best foot forward for every industry based in San Francisco. The travel & tourism industry thrives on the safety of the city and the image we are able to portray to both foreign and domestic travelers.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Dear Public Safety & Neighborhood Services Committee Members ,
I am implore your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe.

It is my job to lease vacant ground floor spaces and thereby create entry level jobs for retail and restaurant workers, and contractors too.

Often these entry level retail positions are held by minority workers.

I cannot do my job to fill the vacant spaces because businesses are fearful of operating in downtown San Francisco. They are worried their employees and customers will be attacked, and in the current environment this is likely to occur. I have a number of friends who have been physically attacked during the DAY on the streets of both the financial district and Union Square. I know many more who have been frightened and harassed.

Most of my friends will no longer come downtown. My entire office tower that used to have 1500 daily workers now has only 180-200 in the building each day. My co workers stay home because they feel downtown is too dangerous.

It is my job to cold call retailers to encourage them to come to Union Square. I have been doing this work for over 30 years. When I contact retailers, they tell me they want to 'stay far away' from San Francisco, they tell me they wont come back until the city is safe again.

Meanwhile, another and another store closes.

The only stores who can survive in this environment have armed guards at the door. This is not the San Francisco that I used to know. I don't

feel safe, and I carry pepper spray in my hand. My friends and I don't wear our wedding rings, and we wear shoes we can run in.

It is critically important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is completely dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Sincerely

Julie Taylor

Subject: Increase Staffing Levels of Police to Improve Public Safety
Date: Tuesday, April 12, 2022 3:32:19 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD). In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe. As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe. We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department. Thank you for your support.

April 12th, 2022

Dear Board of Supervisors,

We are writing on behalf of the Golden Gate Restaurant Association (GGRA) to ask for your support for securing the necessary resources to allow the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe.

The GGRA represents hundreds of local independent restaurants and cafes in San Francisco. Safety of our employees and our customers is a real need and a concern. We urge you to please support this request.

We believe it is very important to have police officers out on the street engaging in community policing and addressing crime. If our customers, both locals and tourists, and our employees do not feel safe in the city, our businesses will suffer. The recovery of our industry and the city as a whole is dependent on safety and a fully staffed SFPD will play an important role protecting not only our citizens but also our economy.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Subject: Fwd: 14 April Safety Hearing
Date: Tuesday, April 12, 2022 10:58:39 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I have lived in San Francisco since the mid 1970's.

Although I currently serve as an officer of the neighborhood association which encompasses my residence, my workplace is in a different part of San Francisco than my residence. In addition, I am fortunate enough to be able to walk all through the city, which I do frequently. Therefore, in the last several months, I have seen most parts of the city, in full view.

Much of our City appears overrun by tents and collections of belongings lining our streets and sidewalks. Many individuals, including me, have sustained losses when our homes and/or vehicles have been broken into. Additionally, many of the City's retail businesses struggle with crime and increasing costs and appear to be boarded up or able to provide only limited hours of service to our residents and visitors.

I understand the effects that the viral pandemic had on our City. However, if our city could sparkle, as it once did, it would attract the hordes of tourists and suburban visitors that it once did, thereby increasing revenue to the City's businesses and to the City.

I am writing this email as my recommendation that the City provide more money and resources so that the San Francisco Police can recruit new officers and increase staffing. The homeless situation and the Crime situation appear to be worse currently than they have been in the past. Additional Police could help, I believe, in taming both of these serious problems. (I have not even mentioned the Fetanyl issues in the Tenderloin and other parts of the City, which also require Police presence to get under control)

My residence is near the Park Station of the San Francisco Police, and Captain Pedrini there has been extremely responsive and helpful to the individuals in my neighborhood, including me. I know that Captain Pedrini is very busy. I am fairly certain that he and the other individuals charged with staffing the City's Police stations could use a lot of help, so that law abiding residents of our city could feel less helpless in light of property crimes, homeless individuals and their belongings at the front doors of their residences, individuals injecting themselves in plain view during the day on busy business streets, and worse.

Once again, I urge you to do whatever is necessary so that more Police staff can be funded for San Francisco

Dear Public Safety & Neighborhood Services Committee Members ,

I am writing on behalf of Taj Campton Place to ask your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe. Not only do I work in District 3, I also live there and I usually walk to and from work, so this is also important for me for my own safety.

I feel that it is important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy.

Our hotel is right on Campton Alley and we always had some challenges with cars being broken into and such but recently the level of aggressiveness and violence seems to have increased and one of our employees was attacked and beaten while taking his 10-minute break right at our door to the alley. I am sure you can imagine how unsettling this was for the entire team. Many of our employees are not feeling safe coming to work and one of our housekeeping employees even resigned because of it.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Dear Supervisors and Mayor Breed,
More police don't make us safer. Instead, we should be investing in alternatives to incarceration, so troubled people get the support and supervision they need to move away from crime. This applies to homeless people too. Help, not policing. Although having a few cops as backup is necessary, they can't solve social problems.

Subject: Increase Staffing Levels of Police to Improve Public Safety
Date: Saturday, April 9, 2022 6:33:57 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello,

I am a voter and resident of District 2 who joins GrowSF and RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD). In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Dear Public Safety & Neighborhood Services Committee Members ,

I am writing to ask your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe. I am a resident of San Francisco, District 2.

I feel that it is important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy.

I own several stores on Pier 39 (one has been in operation since the opening of the Pier in 1978) and crime prevention is of utmost importance to us and indeed the entire Pier 39 community. Tourists are just not interested in visiting San Francisco when they feel that they will not enjoy a fun and safe experience. On a personal level, I have lived in San Francisco since 1967 and have never seen the conditions in this city as dirty and dangerous as they are today. I believe that increased and improved police protection is a very vital aspect in saving San Francisco.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I am writing to represent our cart business at Pier 39 and to ask for your support in securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe. We have worked with the Port authorities and the Police, who have not been able to implement their fair plan that deals with the growing number of unlicensed vendors.

My husband and I were born here and live in San Francisco district 2 and are heartbroken to see what has happened in the last few years here. I see tourists and locals scared away when they have to walk by people occupying tents and using drugs on Van Ness Street and North Point street. These people are set up right across from Galileo High School and have a very bad influence on the students waiting for the bus. There is much fighting and screaming coming from their sidewalk homes. Many need mental and addiction help.

I see many unlicensed vendors selling open grilled hot dogs and alcohol in the evenings and blocking sidewalks from tourists and locals in front of Pier 39. Our employees and the Security staff are afraid and have been threatened with violence from the hot dog vendors. They are afraid to speak out lest they put their lives and their family members' lives in danger. Our cart business is being challenged beyond belief.

Our hopes were restored as we see the Trollies running again, Cruise ships docking, and hotels needing taxi service once again. We cannot let people be afraid to travel here. Many believe they are helping these vendors by supporting their sales, yet we have been informed by authorities that it is a growing organized crime Cartell that is operating and to not endanger anyone. Is this not extortion?

We are so grateful to the City of San Francisco along with the Federal government and our generous Landlord, for helping us stay in business and enabling us to climb back after this very stressful pandemic. We have been here at our business since 1981 and hate to think that their help was all for naught. We urge you to increase staffing levels and recruit new officers as soon as possible.

Thank you for your support!
Yours truly,
Maureen Hayes

Subject: SF needs to hire more police
Date: Monday, April 11, 2022 7:03:48 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Breed and the Board of Supervisors,

I have worked and lived in San Francisco since 2001, and since that time, I have been the victim of several property crimes including:

2007 car broken into in the Inner Sunset
2013 front gate of house broken into in the Sunset and bicycle stolen
2015 car tires slashed in the Sunset.
2015 my husband was mugged while in Union Square
2016 attempted motorcycle theft by drilling out ignition while parked in Parnassus parking garage
2021 my downstairs neighbors car was stolen

I've directly witnessed shoplifters brazenly walk out of stores carrying whatever they can. Sometimes it's candy bars and cans of soda, and sometimes it's an armful of brooms/mops. It's easy to see how a "hero" could intervene and try to stop them. It's the law abiding consumer that ends up paying higher prices or seeing their favorite stores close.

Frequently I witness cars just running red lights or stop signs without even slowing down. I'm thankful I wasn't in their path, but I'm scared of what happens next time?

Many neighbors are complaining about "smash and grabs" happening near the Moraga Steps.

Multiple friends have had their cars broken into and bicycles stolen.

I've visited most major cities in the United States, and the presence of local police is obvious. I rarely see SFPD anywhere.

Please, crime is out of control, and you need to do something to decrease the amount of property crime in The City.

Hire more police!

Thank you,
James (Jamie) Hiltabidel, RN

Dear Public Safety & Neighborhood Services Committee Members ,

I am writing on behalf of our 5 hotels and all the staff that work there and all our visitors, to ask your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe. **I personally live in the heart of SOMA, in District 6**, and I see our street conditions every time I set foot out of my front door.

I feel that it is very important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy. Both as a resident, and as a manager of multiple hotels in the heart of San Francisco, it is critical for our visitors and staff to feel safe. Just last week, I had someone try to force their way into my building when I was getting home. My husband and I had to push the person away and forcefully pull our front door closed in order to protect ourselves and our dog. **It was a very scary moment!** I continue to see way too many crimes committed in broad daylight, as there is no concern about anyone doing anything. It feels like a free-for-all on our city streets, that anyone can steal anything they want and commit any crime they wish. I receive hotel guest surveys daily that mention the poor conditions on our streets, and saying they won't return again due to feeling unsafe. As you know, this hurts our city in so many ways. As a resident and hopeful future parent, I want to be able to walk our streets and feel safe to raise

children; and right now I do not.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

My name is Andrea Nachtigall and I have lived in San Francisco for 45 years. I live in the Twin Peaks neighborhood. I support Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. My neighborhood has been besieged by criminals targeting homes, cars, and tourists. Much of this was exacerbated by the closure of Twin Peaks Blvd.

In the past 2 years, it has become abundantly clear that the police department's lack of much needed officers has made it impossible for them to do the job that people like Captain Pedrini obviously want to do. He and his colleagues need your support.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe.

We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

In addition and more specific to "Clarendon Heights"

What distinguishes this residential neighborhood from others in the city, in fact, is the significant presence of city infrastructure.

The following about Palo Alto Avenue alone :

- 2 City Reservoirs – Summit Reservoir and Twin Peaks Reservoir
- Adjacent city owned and managed Open Spaces
- SFPUC Pump Station across the street from 230 and 240 Palo Alto Avenue at La Avanzada
- SFPUC AWSS (Alternative Water Supply System) Clarendon Supply Project serving the west side of San Francisco in emergencies – construction to commence imminently on La Avanzada at Palo Alto
- Sutro Tower
- Caltrans Communication hub (shed) across the street from 160 and 166 Palo Alto Avenue near Marview

And of course,

- Twin Peaks Christmas Tree Point Lookout – a major tourist attraction with rampant and persistent issues of crime that have now trickled down to our

Driving in San Francisco has become very dangerous as there are no police traffic patrols. I live by a four way stop intersection by an elementary school and city playground where random cars constantly fly through the stops signs without stopping. I have seen children nearly killed. Pets on leashes have been hit and/or killed as hit and run drivers speed off. We need to make San Francisco safe for the RESIDENTS, and not the gangs from across the border with their meth and fentanyl.

I have signed the petition to oust the D.A. After he's gone, there is NO EXCUSE anymore for what's been happening.

Dear Public Safety & Neighborhood Services Committee Members,

I am writing from the Axiom Hotel to ask for your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe. I am also writing on behalf of myself as a resident of almost 9 year in SoMa at 3rd & Folsom.

I feel that it is important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a fully staffed SFPD will play an important role protecting not only our citizens (and visitors) but also our economy. Having been the victim of a crime here in the city I personally know how important a police presence is within our community. I believe had there been more of a police presence that I would not have been the victim of a mugging just to get my I-Phone. I was injured, thankfully not seriously, but the mental scars continue.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for reading and your support.

Dear Public Safety & Neighborhood Services Committee Members,

I am writing *on behalf of Nany Fullmore, General Manager of The Clancy, Autograph Collection Hotel* to ask your support for securing the necessary resources to allow for the SFPD to increase staffing levels and recruit new officers, in order to keep our workers, residents, and visitors safe.

I feel that it is important to have police officers out on the street engaging in community policing and addressing crime. The recovery of our city is dependent on safety and a full staffed SFPD will play an important role protecting not only our citizens but also our economy.

I have worked in the beautiful, vibrant city of San Francisco for the last decade as many of my friends, family and colleagues have. We all take great pride in the sense of safety and community we have here. The hospitality industry is rapidly recovering and keeping the streets of our city safe will ensure the return of tourism to San Francisco & will allow everyone to enjoy the city by the bay and all of its glory.

San Francisco is currently down 500 police officers. We are urgently requesting city leaders to fund the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Best,

DinitaJo Thomas

Executive Assistant

O: 415-486-6433

We are 500 Police officers short.

Ahead of your meeting I thought you should know this is simply unacceptable.

Looking forward for you to remedy this issue.

Thank you.

I have lived in San Francisco for 52 years. The damage to the City daily by unchecked crime means we need more police. Rather than giving the money to some program that would be over budget and out of control, please give money to help with police hiring and with educational programs for the police to enforce the law correctly. In the current environment good people are attacked, robbed, burglarized and there's nothing we can do without a strong police presence. Everyone in San Francisco has been impacted, so do your job.

We are one of the richest cities in the US- how about paying fewer salaries for the burgeoning buerocracy(?) with more and more useless committees who meet and meet and do nothing and using the funds for something useful! More police in the streets!!!!!!

My name is Eric Huang and I have lived in San Francisco for over 20 years. I live in the Westwood neighborhood.

I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing. San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe. We need police officers on the street engaging in community policing and addressing crime. SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse officers from the community they will serve.

Respectfully,
Eric Huang

As a concerned citizen and home owner in SF for 30 years, I write on behalf of all those who implore you to increase police staffing.

Safety is a fundamental need, and this city is failing. We read and see every day that a.) the dept is short staffed, and b.) police response to crime is materially hampered by this shortage.

Further, there is no reason to make adequate policing and just policing mutually exclusive. No excuse for our low police officer per citizen ratio in comparison to other cities around the country. When a city doesn't have enough officers walking the neighborhoods getting to know citizens and building relationships, when there aren't enough officers to fight crime in one area without effectively neglecting another, that's when crime increases AND when citizenry don't trust in police protection... which erodes rather than improves trust and collaboration between the community and law enforcement.

It is appalling that officer staffing is 500 short of an already truncated staff.
Thank you,

Sam Michaels, MD

Hi,

My name is Steve Monty and I've lived near the Panhandle since 2002. I'm alarmed by the attrition we've seen in the SFPD and hope you will make it a priority to provide the budget resources to address the significant shortage of officers with stronger recruiting and retention practices.

Thanks

Steve

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Drug dealers hang outside our place to sell drugs in front of the playground. The SoMa has turned into the Tenderloin. We don't know who starts the small garbage fires next to our place. We've lost almost half of our tenants due to the safety issues. They were long term tenants (10 yrs or more) with rent controlled apartments and yet they felt so unsafe they wanted to move to better areas of San Francisco or to other states.

Thank you for your support.

Crime in San Francisco is out of control. I feel unsafe for the first time in the city I have lived in for 34 years. We need more police to respond quickly to incidents, for foot patrols and to investigate the criminals so they can be prosecuted once we have a new DA.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

Subject: More Police Officers in District 6 - Increase Staffing Levels of Police to Improve Public Safety

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello,

I joined RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD). I am a resident of District 6 and sadly, I have to carry a taser from my building at 7th/Howard to my parking lot located SOMA Grand on Mission Street due to how unsafe the area is from transients, drug dealers, and drugged up people on the streets.

Another example of why we need more police officers is of a homeless, mentally ill/drugged up, woman who broke into our building on 7th Street, went to our backyard, turned on our gas burner to the outside stove, and tried to break into our townhomes which are located on the back level of the property. SF Police Dept Case # 220 218 415.

I strongly support more police officers being hired to help our area.

Thank you for your consideration and timely response.

Warm regards,
Gina Blancarte

For the love of G-d, hire some cops. Enforce some laws. Do something. This city is an embarrassment.

"Law enforcement" and "police brutality" are not synonyms. Hire people ***from the community*** and train them and support them properly.
