12 Be it ordained by the People of the City and County of San Francisco:

13

14 Section 1. Purpose and Findings.

15 (a) The San Francisco Marina is supported by its own operating revenues within a  
16 special revenue Marina Yacht Harbor Fund. Every year, the City assumes various costs to  
17 operate the Marina West Harbor, including the costs to dredge the Entry Channel to the West  
18 Harbor which is necessary to keep the West Harbor operable. But the operating revenue has  
19 been insufficient to cover the full cost of these activities, and the General Fund has had to  
20 provide a subsidy to cover the dredging costs every year for at least the last four fiscal years.  
21 This ordinance would impose a surcharge on the berthing license fees at the West Marina, to  
22 cover the reasonable cost of the dredging activities, which are necessary to maintain service  
23 within the existing service area for those berthholders. The funds would be used solely for  
24 annual West Marina dredging. It is reasonable to require berthholders to pay these operating  
25 costs in exchange for granting them permission to berth their vessels at the Marina.

1 (b) The Planning Department has determined that the actions contemplated in this  
2 ordinance comply with the California Environmental Quality Act (California Public Resources  
3 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of  
4 Supervisors in File No. 220687 and is incorporated herein by reference. The Board affirms  
5 this determination.

6  
7 Section 2. The Park Code is hereby amended by revising Sections, to read as follows:
