		Deny purchase of three new SUVs. The Department requests a total of four new SUVs in FY 2024-25, and four new SUVs in FY 2025-26. According to the Department, an SUV has exceeded its useful life at 96,000 miles; currently, the Department's fleet of SUVs includes five exceeding 80,000 miles, and these five may need to be replaced sooner. This reduction will still enable the Department to replace these five older SUVs. The park ranger fleet is comprised of SUVs (of which there are currently 16 per the Department's equipment inventory) and light trucks (of which there are currently 111 in the Department's equipment inventory). Aside from the new SUVs, we note that the proposed budget includes 13 other new pieces of equipment, including two new trucks, two new mini trucks, and two new mowers.

		<p>The Department proposes an upward substitution from a 1.0 FTE 0953 Deputy Director III to a 1.0 FTE 0954 Deputy Director IV. According to the Department, the position will develop and implement public policy and legislation and works directly with counterparts at MTA and PUC, whose positions are classified at a similar level. Over the last three years, growth in manager, deputy director, and director positions across the City has outpaced total position growth by more than double (13.4% vs. 5.7%). Although staff in these classifications play an important role, they are more expensive per position than front line workers and generally do not provide direct services.
