## Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. **DO NOT** use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened.** **DO NOT** send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do **NOT** reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

## Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. **DO NOT** use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened.** **DO NOT** send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do **NOT** reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

This policy does not apply to the proposed subdivision. The proposed subdivision will allow for the construction of a residential home and will not adversely impact or displace any existing neighborhood-serving retail uses.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhood;

The proposed subdivision is consistent with Priority Policy No. 2 because it does not adversely impact the existing housing and neighborhood character. Additionally, the proposed residential project will only add one-single family home to the neighborhood and will include off-street parking so as to not overburden neighborhood streets or parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

This policy does not apply to the proposed subdivision as the subdivision will not displace any industrial and service sector uses due to commercial office development.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed subdivision is consistent with Priority Policy No. 6 because any new residential building built on site will be built to meet structural and seismic safety requirements of the City Building Code.

7. That landmarks and historic buildings be preserved; and

The proposed subdivision will have no effect on landmarks or historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

The proposed subdivision is consistent with Priority Policy No. 8 because the site does not adversely affect any park or open space as it will not cast shadows on any park or public open space. No public view or vista will be impacted.

## Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. **DO NOT** use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened.** **DO NOT** send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do **NOT** reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

Date: March 31, 2021

City Planning Case No. (if available)

Address 2556 Filbert Street

Assessor's Block 0944 Lot(s) 025-026

Proposal:

EIGHT PRIORITY GENERAL PLAN POLICIES

As a result of the passage of Proposition M (Section 101.1 of the San Francisco Planning Code), findings that demonstrate consistency with the eight priority policies of Section 101.1 must be presented to the Department of City Planning as part of your project application review for general conformity with San Francisco's General Plan.

Photographs of the subject property are required for priority policy review and must be submitted as part of the application.

INSTRUCTIONS TO APPLICANTS: Please present information in detail about how your application relates to each of the eight priority policies listed below. The application will be found to be incomplete if the responses are not thorough. Use a separate document and attach if more space is needed.

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

This policy does not apply to the proposed subdivision. The proposed subdivision will allow for the construction of a residential home and will not adversely impact or displace any existing neighborhood-serving retail uses.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhood;

The proposed subdivision is consistent with Priority Policy No. 2 because it does not adversely impact the existing housing and neighborhood character. The design of the proposed residential project will respect the scale of the existing neighborhood and be consistent with the neighborhood's established height, size and mid-block pattern, while making the most of buildable area on the project site.

3. That the City's supply of affordable housing be preserved and enhanced;

The proposed subdivision does not propose to remove or add any affordable housing units, nor are any required under the Planning Code.

4. That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking;

The proposed subdivision is consistent with Priority Policy No. 4 because it will not adversely or significantly impact commuter traffic, and it will not impede MUNI transit service. Additionally, the proposed residential project will only add one-single family home to the neighborhood and will include off-street parking so as to not overburden neighborhood streets or parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

This policy does not apply to the proposed subdivision as the subdivision will not displace any industrial and service sector uses due to commercial office development.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed subdivision is consistent with Priority Policy No. 6 because any new residential building built on site will be built to meet structural and seismic safety requirements of the City Building Code.

7. That landmarks and historic buildings be preserved; and

The proposed subdivision will have no effect on landmarks or historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

The proposed subdivision is consistent with Priority Policy No. 8 because the site does not adversely affect any park or open space as it will not cast shadows on any park or public open space. No public view or vista will be impacted.
