Background Information

Planned Parenthood NC is a nonprofit organization that provides critical reproductive healthcare services and maintains healthcare centers in San Francisco and other locations in Northern California and is affiliated with other Planned Parenthood clinics nationwide. Planned Parenthood NC’s primary location, in San Francisco, provides expert comprehensive sexual and reproductive healthcare. Abortion and reproductive healthcare providers, such as Planned Parenthood, and people who use their services are the targets of anti-abortion threats, disruption, and violence. Absent adequately trained security personnel, patients seeking care may be deterred from doing so by threats of intimidation and violence and may be subject to harassment, intimidation, or violence if they choose to come to a provider.
