16 Be it ordained by the People of the City and County of San Francisco:

17 Section 1. Findings. The Board of Supervisors of the City and County of San
18 Francisco hereby finds and declares as follows:

19 a. The legislation will affect property located in Japantown, which generally is bounded
20 by Bush Street, Geary Boulevard, Laguna Street, and Fillmore Street.

21 b. In response to various historic, social, and economic events, Japantown, at one
22 time, had been the center of a highly concentrated Japanese-American residential population.
23 However, changing social, economic, and urban patterns led to a decline in Japantown's size
24 and identity as a neighborhood center for the population it once served. Nonetheless,
25 Japantown continues to play an important local and regional role to many Japanese-

1 Japantown continues to play an important local and regional role to many Japanese-
2 Americans as a place to visit for cultural, educational, commercial, and entertainment
3 reasons. Japantown also plays an important local, regional, national, and international role for
4 San Francisco residents and tourists seeking Japanese and Pan-Asian goods and services
5 and the unique cultural opportunities that Japantown provides.

6 c. Japantown is a city within a city with an identifiable main street on Post Street; major
7 public gathering places, such as Peace Plaza; a commercial core found at the Japantown
8 Center; areas with a high concentration of community cultural facilities, such as Sutter Street
9 and the Buchanan Mall; entertainment and cinematic venues; and quiet residential districts.

10 d. Japantown, established shortly after the 1906 earthquake, currently is
11 commemorating its centennial anniversary, and is one of three remaining Japantowns in the
12 United States. Consequently, Japantown has iconic and historical significance at a local,
13 statewide, and national level.

14 e. The goal of this legislation is to strengthen Japantown's identity as the cultural,
15 spiritual, recreational, and commercial center of the region's Japanese and Japanese-
16 American community. Through zoning and urban design principles, the City intends to
17 reposition Japan Center as a unique resource for Japanese and Pan-Asian goods and
18 services; preserve Japantown as a focus for Japanese American cultural and educational
19 institutions; rekindle Japantown's historical and spiritual connection to the Japanese American
20 community; and enhance Japantown's character as a unique experience for the City's
21 residents and tourists.

22 f. An additional goal of this legislation is to stabilize change in Japantown and preserve
23 its existing character so that the City and stakeholders have an opportunity to work
24 collaboratively on an anticipated community planning process, which may result in additional
25 Planning Code amendments. Part of this community planning process will be discussion and

1 evaluation of the Concepts for the Japantown Community Plan prepared for the Japantown
2 Planning Preservation and Development Task Force. A copy of this report is on file with the
3 Clerk of the Board of Supervisors in File No. 060266 and is incorporated herein by reference.

4 Section 2. Environmental Findings, General Plan Findings, and Other Required
5 Findings.

6 a. The Planning Department has determined that the actions contemplated in this
7 Ordinance are in compliance with the California Environmental Quality Act (California Public
8 Resources Code sections 21000 et seq.). Said determination is on file with the Clerk of the
9 Board of Supervisors in File No. 060266 and is incorporated herein by reference. The Board
10 adopts, as though fully set forth herein, the environmental findings and affirms the conclusion
11 of the Planning Commission in its Resolution No. 17248, adopted after a duly noticed public
12 hearing on May 25, 2006. A copy of which said Planning Commission Resolution is on file
13 with the Clerk of the Board of Supervisors in File No. 060266, and is incorporated by
14 reference herein.

15 b. On May 25, 2006, the Planning Commission, in Resolution No. 17248 approved and
16 recommended for adoption by the Board, the Japantown Special Use District, and adopted
17 findings that the legislation is consistent, on balance, with the City's General Plan and eight
18 priority policies of Planning Code Section 101.1. The Board adopts these findings as its own.
19 A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No.
20 060266, and is incorporated by reference herein.

21 c. Pursuant to Planning Code Section 302, this Board of Supervisors finds that this
22 Special Use District will serve the public necessity, convenience and welfare for the reasons
23 set forth in Planning Commission Resolution No. 17248, and incorporates such reasons by
24 reference herein.

9 Commission shall make the following additional findings:

13 Special Use District.

4 Section 4. The San Francisco Planning Code is hereby amended by amending Section
5 703.3 as follows:

6 SEC. 703.3. FORMULA RETAIL USES.

7 (a) Findings.

8 (1) San Francisco is a city of diverse and distinct neighborhoods identified in large
9 part by the character of their commercial areas.

10 (2) San Francisco needs to protect its vibrant small business sector and create a
11 supportive environment for new small business innovations. One of the eight Priority Policies
12 of the City's General Plan resolves that "existing neighborhood-serving retail uses be
13 preserved and enhanced and future opportunities for resident employment in and ownership
14 of such businesses enhanced."

15 (3) Retail uses are the land uses most critical to the success of the City's
16 commercial districts.

17 (4) Formula retail businesses are increasing in number in San Francisco, as they
18 are in cities and towns across the country.

19 (5) Money earned by independent businesses is more likely to circulate within the
20 local neighborhood and City economy than the money earned by formula retail businesses
21 which often have corporate offices and vendors located outside of San Francisco.

22 (6) Formula retail businesses can have a competitive advantage over independent
23 operators because they are typically better capitalized and can absorb larger startup costs,
24 pay more for lease space, and commit to longer lease contracts. This can put pressure on
25 existing businesses and potentially price out new startup independent businesses.

1 (7) San Francisco is one of a very few major urban centers in the state in which
2 housing, shops, work places, schools, parks and civic facilities intimately co-exist to create
3 strong identifiable neighborhoods. The neighborhood streets invite walking and bicycling and
4 the City's mix of architecture contributes to a strong sense of neighborhood community within
5 the larger City community.

6 (8) Notwithstanding the marketability of a retailer's goods or services or the visual
7 attractiveness of the storefront, the standardized architecture, color schemes, decor and
8 signage of many formula retail businesses can detract from the distinctive character of certain
9 neighborhood commercial districts.

10 (9) The increase of formula retail businesses in the City's neighborhood commercial
11 areas, if not monitored and regulated, will hamper the City's goal of a diverse retail base with
12 distinct neighborhood retailing personalities comprised of a mix of businesses. Specifically,
13 the unregulated and unmonitored establishment of additional formula retail uses may unduly
14 limit or eliminate business establishment opportunities for smaller or medium-sized
15 businesses, many of which tend to be non-traditional or unique, and unduly skew the mix of
16 businesses towards national retailers in lieu of local or regional retailers, thereby decreasing
17 the diversity of merchandise available to residents and visitors and the diversity of purveyors
18 of merchandise.

19 (10) If, in the future, neighborhoods determine that the needs of their neighborhood
20 commercial districts are better served by eliminating the notice requirements for proposed
21 formula retail uses, by converting formula retail uses into conditional uses in their district, or
22 by prohibiting formula retail uses in their district, they can propose legislation to do so.

23 (b) Formula Retail Use. Formula retail use is hereby defined as a type of retail
24 sales activity or retail sales establishment which, along with eleven or more other retail sales
25 establishments located in the United States, maintains two or more of the following features:

1 a standardized array of merchandise, a standardized façade, a standardized décor and color
2 scheme, a uniform apparel, standardized signage, a trademark or a servicemark.

3 (1) Standardized array of merchandise shall be defined as 50% or more of in-stock
4 merchandise from a single distributor bearing uniform markings.

5 (2) Trademark shall be defined as a word, phrase, symbol or design, or a
6 combination of words, phrases, symbols or designs that identifies and distinguishes the
7 source of the goods from one party from those of others.

8 (3) Servicemark shall be defined as word, phrase, symbol or design, or a
9 combination of words, phrases, symbols or designs that identifies and distinguishes the
10 source of a service from one party from those of others.

11 (4) Décor shall be defined as the style of interior finishings, which may include but is
12 not limited to, style of furniture, wallcoverings or permanent fixtures.

13 (5) Color Scheme shall be defined as selection of colors used throughout, such as
14 on the furnishings, permanent fixtures, and wallcoverings, or as used on the façade.

15 (6) Façade shall be defined as the face or front of a building, including awnings,
16 looking onto a street or an open space.

17 (7) Uniform Apparel shall be defined as standardized items of clothing including but
18 not limited to standardized aprons, pants, shirts, smocks or dresses, hat, and pins (other than
19 name tags) as well as standardized colors of clothing.

20 (8) Signage shall be defined as business sign pursuant to Section 602.3 of the
21 Planning Code.

22 (c) "Retail sales activity or retail sales establishment" shall include the following
23 uses, as defined in Article 7 of this code: "bar," "drive-up facility," "eating and drinking use,"
24 "liquor store," "restaurant, large fast-food," "restaurant, small self-service," "restaurant, full-

1 service," "sales and service, other retail," "sales and service, retail," "movie theatre," "video
2 store," "amusement and game arcade," and "take-out food."

3 (d) Formula Retail Uses Permitted. Any use permitted in a Neighborhood
4 Commercial District, which is all a "formula retail use" as defined in this section, is hereby
5 permitted.

6 (e) Formula Retail Use Prohibited. Notwithstanding subsection (d), any use
7 permitted in the Hayes-Gough Neighborhood Commercial District, or the North Beach
8 Neighborhood Commercial District, which is also a "formula retail use" as defined in this
9 section, is hereby prohibited.

10 (f) Conditional Uses. Notwithstanding subsections (d) or (e), any use permitted in
11 the Haight Street Neighborhood Commercial District, the Japantown Special Use District as
12 defined in Section 249.31, or in the Small-Scale Neighborhood Commercial District along
13 Divisadero Street, bounded by Haight Street to the south and Turk Street to the north (Block

21 Lots 21 - 27, Block 1239, Lot 27, Block 1240, Lot 1), or in the Neighborhood Commercial
22 Cluster Districts located at Cole and Carl Streets (Block 1267, Lot 9, Block 1268, Lots 26, 27,
23 28 and 29, Block 1271, Lots 24, 24A, 24B, 25 and 26, Block 1272, Lots 1, 2, 3, 4, and 5, Block
24 1278, Lot 22), and at Parnassus and Stanyan Streets (Block 1276, Lot 21), which is also a
25 "formula retail use" as defined in this section, is hereby permitted only as a conditional use.

1 Additional criteria to be used by the Planning Commission when considering granting
2 conditional use permits to formula retail uses in these districts are listed in Section 303(i).

3 (g) Neighborhood Commercial Notification and Design Review. After the effective
4 date of this ordinance, any building permit application for a use permitted in a Neighborhood
5 Commercial District which is also a "formula retail use" as defined in this section shall be
6 subject to the neighborhood commercial notification and design review procedures of Section
7 312 of this Code.

8 (h) Discretionary Review Guidelines. The Planning Commission shall develop and
9 adopt guidelines which it shall employ when considering any request for discretionary review
10 made pursuant to this section. These guidelines shall include but are not limited to
11 consideration of the following factors:

12 (1) Existing concentrations of formula retail uses within the neighborhood
13 commercial district.

14 (2) Availability of other similar retail uses within the neighborhood commercial
15 district.

16 (3) Compatibility of the proposed formula retail use with the existing architectural
17 and aesthetic character of the neighborhood commercial district.

18 (4) Existing retail vacancy rates within the neighborhood commercial district.

19 (5) Existing mix of Citywide-serving retail uses and neighborhood-serving retail uses
20 within the neighborhood commercial district.

21 (i) Determination of Formula Retail Use. After the effective date of this ordinance,
22 in those areas in which "formula retail uses" are prohibited, any building permit application
23 determined by the City to be for a "formula retail use" that does not identify the use as a
24 "formula retail use" is incomplete and cannot be processed until the omission is corrected.
25 Any building permit approved after the effective date of this ordinance that is determined by

1 the City to have been, at the time of application, for a "formula retail use" that did not identify
2 the use as a "formula retail use" is subject to revocation at any time.

3 After the effective date of this ordinance, in those areas in which "formula retail uses"
4 are subject to the Neighborhood Commercial Notification and Design Review provisions of
5 subsection (e), any building permit application determined by the City to be for a "formula
6 retail use" that does not identify the use as a "formula retail use" is incomplete and cannot be
7 processed until the omission is corrected. After the effective date of this ordinance, any
8 building permit approved that is determined by the City to be for a "formula retail use" that
9 does not identify the use as a "formula retail use" must complete the Neighborhood
10 Commercial Notification and Design Review required in subsection (e).

11 If the City determines that a building permit application or building permit subject to this
12 section of the Code is for a "formula retail use," the building permit applicant or holder bears
13 the burden of proving to the City that the proposed or existing use is not a "formula retail use."

14 Section 5. Pursuant to Sections 106 and 302(c) of the Planning Code, the following
15 change is hereby adopted as an amendment to the Zoning Map of the City and County of San
16 Francisco, Sectional Map 2SU as follows:

17 Description of Property

20 Section 6. This Section is uncodified. Within 2 years of the effective date of this
21 Ordinance, the Planning Department shall transmit to the Clerk of the Board of Supervisors a
22 report that summarizes statistics relating to the implementation of the Special Use District,
23 which may be the basis for subsequent amendments to Planning Code Section 249.31.
24 Those statistics shall include, but are not necessarily limited to, filings of Conditional Use
25 authorization and use of the Commission's Discretionary Review powers with respect to the

1 following: (1) how many applications have been filed, (2) outcome of such filings, and (3)
2 whether those filings were made based on (a) one or more requirements contained in Section
