Department Budget Presentation

Board of Supervisors Budget and Finance Committee June 13, 2024

Vision, Mission, and Objectives

VISION

Every child in San Francisco has the best start in life and our City is a great place to raise a family.

MISSION

To weave together family, community, and system supports so that all children who grow up in San Francisco have a strong foundation of nurturing, health, and learning.

IMPACT

All San Francisco children enjoy a solid foundation to support future success.

CORE STRATEGIES

Early Learning

We support teacher preparation and compensation, enhance program quality, and improve affordability and access.

Child Health

We ensure universal developmental screening and promote access to health and mental health services for children and their families.

Family Strength

We ensure that families have opportunities for social and professional connections, linkage to resources, and information on parenting and child development.

STRATEGIC PRIORITIES 2023–2028

Advance racial equity in policy, planning, and service delivery across the early childhood network of care.

Amplify parent voice and influence in shaping policy and programs.

Increase cultural responsiveness of all early childhood development services.

Increase transparency in communications and open access to information and services.

OUTCOMES

Children enter kindergarten with the cognitive, social/emotional, and physical skills that support school success.

Children are in excellent physical and mental health or have reliable access to quality health providers to address concerns.

Parents have the information, resources, and connections to peers and professionals to successfully raise their children in San Francisco.

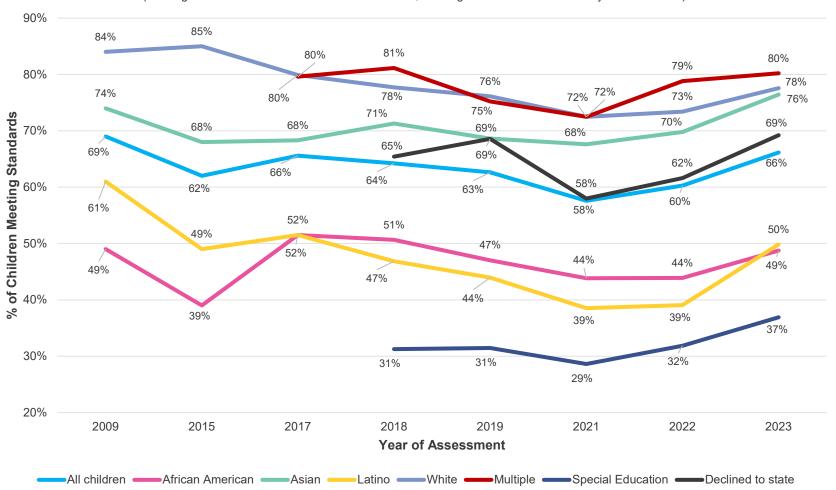

And race is not a predictor for achieving these outcomes.

Recent progress is encouraging for K readiness

ECE Roadmap: Fueling Future Growth

Through \$75 million allocated from the fund balance, DEC will fund the training and recruitment of over 400 new educators and launch exciting initiatives for education pathways, apprenticeships, residencies, and incentives for continuing education.

Early Educator Workforce Development

Quality Improvement & **Expansion**

Building 1,600 new spaces with \$117 million allocated from fund **balance** to focus on infant and toddler care facility expansion.

New Childcare Facilities

Improving the quality of existing sites to expand DEC's network to **over** 500 ECE sites. adding 1,000 additional **spaces** in the next 5 years

Child Health & Family Well-being Innovations

- Early Identification and Intervention
 - \$3.7 million to fund Universal Screening, Early Intervention, and Specialized Services to improve early childhood outcomes.
 - Promote city-wide universal screening and play through mobile technology that directly engages parents as child's first teacher and connects them with a system of care.

- Child Health Cross-Sector Strategies
 - \$2 million for expanding inclusive practices across multiple early childhood settings for thousands of San Francisco children with identified disabilities
 - Leverage Medi-Cal reforms to secure new funds, simplify services, increase access to covered benefits, and better serve young children and their families.

Child Health & Family Well-being Innovations

Early Childhood Mental Health

- \$5 million to fund Early Childhood Mental Health Consultation (ECMHCI).
- DEC assumed oversight of the initiative from DPH to align ECMHC with family resource centers and early care and education programming to expand the early intervention system.

Family Resource Centers

• \$18 million for 27 family resource centers citywide, bolstering families through supportive relationships and systems, reducing social isolation, and enhancing social support for healthy, happy families. Jointly funded initiative with DCYF and HSA.

Mayor's Budget Instructions

- DEC's general fund reductions exceeded the 10% budget instructions (\$13.6 M in FY24-25 and \$25.1M in FY25-26). Through the trailing legislation, DEC will substitute fund sources without programmatic reductions.
- To support the substantive programmatic expansion of Early Learning San Francisco from (0-110% AMI to 0-150% AMI), TEMP FTEs were requested, and FY23-24 savings were achieved through attrition.
- DEC's expansion of Early Learning San Francisco is projected to enroll 5,700 more children, supporting the city's economic vitality. By offering substantial childcare savings to low- and middle-income families, more residents can join the workforce, boosting the local economy and securing a brighter future for all.
