

**LEGISLATIVE DIGEST**

[Administrative Code - Small Business Commission Duties]

**Ordinance amending the Administrative Code to revise the duties of the Small Business Commission by replacing the duty to coordinate an application and selection process to recognize outstanding contributions by small businesses during Small Business Month with a duty to coordinate activities to encourage the general public to support San Francisco small businesses during Small Business Month.**

Existing Law

Currently, the Administrative Code requires the Small Business Commission to perform a number of duties, including a duty to establish an application and selection process to provide recognition during at least one public event during Small Business Month to outstanding local small businesses that contribute to the vitality of San Francisco.

Amendments to Current Law

The proposed ordinance would replace the duty to coordinate an application and selection process for small business recognition with a duty to coordinate activities to encourage general public support for Small businesses during Small Business Month.
