BOARD of SUPERVISORS

City Hall
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco 94102-4689
Tel. No. (415) 554-5184
Fax No. (415) 554-5163
TDD/TTY No. (415) 554-5227

Application for Boards / Commissions / Committees / Task Forces
INSTRUCTIONS AND APPLICATION

San Francisco is a diverse City and County with a wide range of people and issues affecting it. In order to take advantage of the extensive experience and knowledge available throughout our communities, various Boards/Commissions/Committees/Task Forces have been established to bring that knowledge together. These groups and their membership requirements are established by legislation approved through the local, state, and/or federal government.

In addition to setting up the purpose and goals of the various groups, the governing legislation outlines the type of person - in terms of desirable skills and/or knowledge - who can contribute their knowledge and perspective. In this manner, a group of San Franciscans, who are representative of the City and County, can be active participants in addressing issues affecting the entire City and County.

If you are interested in serving the City and County of San Francisco, the following procedures are provided:

1. A list of vacancies and expected vacancies, with their qualifications, can be found at the Office of the Clerk of the Board of Supervisors, at the San Francisco Main Public Library, and online on the Board of Supervisors' website (<http://www.sfbos.org/vacancy>). Please review this list for positions of interest.
2. Submit an application ([http://www.sfbos.org/vacancy application](http://www.sfbos.org/vacancy_application))
(List all of the appropriate seat number(s) and/or category/categories for which you qualify. We request applications be received ten (10) days before the scheduled hearing.)

Applicants may also need to submit a Form 700, Statement of Economic Interests (<https://www.fppc.ca.gov/Form700.html>), along with their application for all bodies listed in [Campaign and Governmental Conduct Code, Section 3.1-103\(a\)\(1\)](#).

3. If the seat(s) you are applying for is vacant and requires the Board of Supervisors' confirmation, the Rules Committee may schedule your application for review. Applicants should expect to appear before the Rules Committee to speak on their qualifications and answer questions during a public hearing.
(There are no set instructions on what you are expected to present to the Rules Committee; however, a brief description of how your qualifications distinguish you from other applicants, reasons for your interest in the subject, and/or a short summarization on why you would make a good candidate is appropriate.)
4. The Rules Committee may or may not make a recommendation for appointment. If a recommendation is made by the Rules Committee, the recommendation is forwarded to the Board of Supervisors for approval. It generally takes approximately 15 days from the date the Rules Committee makes their recommendation, for the individual to become officially appointed.
5. Depending on the type of organization, a new appointee may need to take an Oath of Office.

If there are no vacancies, your application will be retained for one year. If any openings occur during this time, your application will be submitted to the Rules Committee for review.

If you have any further questions, please contact the Rules Committee Clerk at (415) 554-5184. If you require detailed information concerning the operations of a particular Board/Commission/Committee/Task Force, please contact the administering department directly.

(Applications must be submitted to BOS-Appointments@sfgov.org or to the mailing address listed above.)

BOARD of SUPERVISORS

City Hall
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco 94102-4689

Business Address: 222 Sutter St #500, San Francisco, CA Zip Code: 4108

Business Email: eball@hga.com

Home Email:

Pursuant to Charter, Section 4.101(a)(2), Boards and Commissions established by the Charter must consist of residents of the City and County of San Francisco who are 18 years of age or older (unless otherwise stated in the code authority). For certain appointments, the Board of Supervisors may waive the residency requirement.

Resident of San Francisco: Yes ☒ No ☐

If No, place of residence: _____

18 Years of Age or Older: Yes ☒ No ☐

Pursuant to Charter, Section 4.101(a)(1), please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

I bring a perspective as a California native who moved to San Francisco at the age of 18, drawn to the city as a beacon of hope for acceptance and community. As an openly gay individual, I deeply value public safety, community activation, and exclusivity. My academic background, with dual degrees in Urban Studies and Planning and Geography from San Francisco State University and a master's degree in Landscape Architecture from Cornell University, has shaped my commitment to creating spaces that serve the diverse and evolving needs of San Francisco's communities. As a designer and planner, community engagement is key to my approach. I understand the importance of fostering spaces where everyone, regardless of sexual orientation, gender identity, age, ethnicity, or background, feels safe and valued. My commitment to advocacy in open spaces and neighborhood revitalization reflects my dedication to ensuring exclusivity and equitable access for all. Additionally, I have personally experienced the challenges of feeling unsafe in public spaces, having been assaulted twice in San Francisco, which has further fueled my dedication to creating spaces where safety, inclusivity, and accessibility are top priorities.

Business and/or Professional Experience:

I have experience in urban design, landscape architecture, and campus planning. I have guided high-impact projects, from conceptualization to schematic design, including urban plazas, waterfront parks, and streetscapes, ensuring each project thoughtfully integrates with its surrounding environment while balancing functionality, aesthetic quality, and environmental sustainability. One of my most significant contributions was developing and implementing public engagement strategies, where I created presentations and interactive boards to facilitate meaningful collaboration with stakeholders. This approach was designed to ensure that designs truly reflected the local voices and the needs of the community. I also conducted a comprehensive city-wide park assessment and developed a scoring framework for the City of Roseville and the City of Tulare, California. This data-driven approach was instrumental in helping both cities prioritize future park investments, ultimately leading to equitable decisions that support the sustainable growth of public parks and recreational spaces. Additionally, I contributed to the design and documentation of the Estuary Park Renovation and Expansion Project for the City of Oakland, played a key role in the Mariposa Plaza in Fresno, and the Zocalo Park in Ashland, California, focusing on public plaza design. These projects all involved collaborating with multidisciplinary teams to promote sustainability and enhance the public experience. As a campus planner, I was a key player in the University of North Carolina at Charlotte's 2025 master plan update, where my advocacy for improving outdoor spaces directly spurred the university's open space and activation study. Throughout my campus design work, accessibility and equitable access have been core principles, ensuring that all users, including students, faculty, and visitors, can access and engage with the spaces. With my background as a landscape designer, urban designer, and campus planner, I am equipped to contribute to the development of inclusive, vibrant, and sustainable public spaces.

Civic Activities:

I am involved in civic engagement through several leadership roles. As a board member of the Lower Nob Hill Neighborhood Alliance, I am actively engaged in their Open Space Working Group, advocating for better open spaces and improvements in the Lower Nob Hill neighborhood, including the Green Lower Nob Hill initiative. I serve as the Field Co-Chair of the Alice B. Toklas Democratic Club, the oldest LGBT Democratic club in the nation, focusing on outreach and community engagement to advance policies around inclusivity and LGBTQ+ rights. In my role as District 3 Director on the San Francisco Eastern Neighborhoods Democratic Club's Board, I organized and facilitated public forums on critical issues such as the SFMTA Fiscal Cliff and the North Beach Historic District designation, addressing urban infrastructure and historic preservation concerns. Additionally, I serve on the Cornell University Landscape Architecture Department's Advisory Council, helping shape the department's strategic direction. These roles have allowed me to build strong relationships within the community, advocate for urban issues, and contribute to positive change in San Francisco's neighborhoods. I would be honored to be a part of the Park, Recreation, and Open Space Advisory Committee (PROSAC).

Have you attended any meetings of the body to which you are applying? Yes ☐ No ☒

An appearance before the Rules Committee may be required at a scheduled public hearing, prior to the Board of Supervisors considering the recommended appointment. Applications should be received ten (10) days prior to the scheduled public hearing.

Date: 8/11/2025

Applicant's Signature (required):

24	BOS President	VACANT	9/1/27	Appointed by the President of the Board of Supervisors, subject to approval by the Board of Supervisors. Term: 2-years

Note: The Committee members shall all be City residents and shall have relevant experience with park, environmental, recreational, cultural, sports, youth, disability, racial equity, or senior citizen issues.

BOARD OF SUPERVISORS (BOS) APPLICATION FORMS AVAILABLE HERE

- English - https://sfbos.org/sites/default/files/vacancy_application.pdf
- 中文 - https://sfbos.org/sites/default/files/vacancy_application_CHI.pdf
- Español - https://sfbos.org/sites/default/files/vacancy_application_SPA.pdf
- Filipino - https://sfbos.org/sites/default/files/vacancy_application_FIL.pdf

(For seats appointed by other Authorities please contact the Board / Commission / Committee / Task Force (see below) or the appointing authority directly.)

Please Note: Depending upon the posting date, a vacancy may have already been filled. To determine if a vacancy for this Commission is still available, or if you require additional information, please call the Rules Committee Clerk at (415) 554-5184.

Applications and other documents may be submitted to BOS-Appointments@sfgov.org

Next Steps: Applicants who meet minimum qualifications will be contacted by the Rules Committee Clerk once the Rules Committee Chair determines the date of the hearing. Members of the Rules Committee will consider the appointment(s) at the meeting and applicant(s) may be asked to state their qualifications. The appointment of the individual(s) who is recommended by the Rules Committee will be forwarded to the Board of Supervisors for final approval.

The Park, Recreation and Open Space Advisory Committee ("Committee") shall be comprised of 13 voting members. Eleven members shall be appointed by the members of the Board of Supervisors and approved by the full Board, with one member appointed by each Supervisor from their supervisorial district; and each Supervisor shall also appoint from their supervisorial district a specific alternate for the regular voting member, subject to approval by the full Board. The alternates shall not be seated on the Committee, but if a regular voting member is unavailable to

attend or unable to vote as a result of recusal, then that regular voting member's specific alternate shall be seated and shall act in the place of the regular voting member. Alternates are expected to attend and participate as nonvoting members in meetings of the Committee. The Mayor shall appoint one member of the Committee. The President of the Board of Supervisors shall appoint one additional member of the Committee, subject to approval by the Board of Supervisors. The Committee members shall all be City residents and shall have relevant experience with park, environmental, recreational, cultural, sports, youth, disability, racial equity, or senior citizen issues. Where a voting seat that is subject to appointment by a Supervisor is vacant for more than 30 days, **the** Committee shall advise the appointing Supervisor of the vacancy. If the vacancy is not filled within 30 days of transmission of the notice of vacancy to the appointing Supervisor, the President shall appoint a member to the vacant seat, subject to approval by the Board of Supervisors, and shall become the member's appointing authority for the remainder of the member's term, at the end of which the authority to appoint a member to the seat shall revert back to the appointing Supervisor.

Transition Period. *Prior to September 1, 2023, the Committee shall adopt a transition roster that identifies which of the current Board-appointed members shall serve as regular voting members versus as alternates. Where there are already two members appointed by the same Supervisor, those members shall attempt to reach agreement as to which of them shall be the regular voting member and which of them shall be the alternate, before September 1, 2023, subject to approval of the Committee; but if they do not agree, then the Committee may designate their assignments by lot. The Committee's adoption of a transition roster shall not impact the authority of the Mayor or Board of Supervisors to fill vacancies or reassign which members serve as regular voting members and alternates. The term of the Presidential appointee shall begin on September 1, 2023.*

The Committee members shall serve at the pleasure of their appointing authority for terms of two-years.

The Advisory Committee shall assist the Planning Commission and Recreation and Park Commission in the implementation of Charter, Section 16.107. They shall assist the General Manager of the Recreation and Park Department and the Director of the Planning Department in establishing priorities for renovation, acquisition, development and maintenance of properties in accordance with the Recreation and Open Space Programs to implement the recreation and open space element of the Master Plan.

Reports: Input into the Strategic Plan updated annually, the Capital Plan updated annually, and the Operational Plan updated annually.

Holdover Limit: None

Authority: Park Code, Article 13, and Charter, Section 16.107 (Ordinance No. 118-00; and Resolution Nos. 168-01, and 391-13) (Ordinance No. 194-23)

Sunset Date: None

Gender Analysis
San Francisco Commissions and Boards
FY 2020-2021

London N. Breed
Mayor

City and County of San Francisco
Department on the Status of Women

Dear Honorable Mayor London N. Breed and Board of Supervisors:

Please find attached the 2021 Gender Analysis of Commissions and Boards Report. We are pleased to share that under Mayor Breed's leadership, representation of women, people of color, and women of color on policy bodies continues to increase. Mayoral appointments are more diverse based on gender and race compared to both supervisorial appointments and appointments in general.

Overall, policy bodies have a larger percentage of women, members of the LGBTQIA+ community, and Veterans¹ than the general San Francisco population. The percentage of women of color and people with disabilities appointed to policy bodies is near equal to the general population. Fiscal year 2020-2021 saw the largest increase in representation of women on policy bodies since the Department on the Status of Women started collecting data in 2009. Women of color have the highest representation of appointees to date.

Black and African American women and men are notably well-represented on San Francisco policy bodies. Black women are 8 percent of appointees compared to 2.4 percent of the general San Francisco population, and Black men are 4 percent of appointees compared to 2.5 percent of the general San Francisco population. Additionally, almost 1-in-4 appointees who responded to the survey question identify as a member of the LGBTQIA+ community.

Commissions that oversee the largest budgets have members of the LGBTQIA+ community, people with disabilities, and Veterans represented at higher percentages than the general population.

While San Francisco continues to make strides in diversity, there is still work to do in achieving parity of representation for Latinx and Asian groups in appointed positions overall, as well as women, people of color, and women of color on Commissions overseeing the largest budgets. The Department applauds Mayor Breed for remaining committed to diversifying policy body appointments across all diversity categories, including for positions of influence and authority.

Thank you to Department staff who worked on this report and to members of the Commission on the Status of Women for their ongoing advocacy for intersectional gender equity efforts.

Kimberly Ellis, Director of the Department on the Status of Women

A handwritten signature in black ink, appearing to read "Kim Ellis".

¹ "Veterans" refers to people who have served and/or have an immediate family member who has served in the military.

Executive Summary

In 2008, San Francisco voters approved a City Charter Amendment (section 4.101) establishing as City policy for the membership of Commissions and Boards to reflect the diversity of San Francisco's population and appointing officials be urged to support the nomination, appointment, and confirmation of these candidates. Additionally, it requires the San Francisco Department on the Status of Women to conduct and publish a gender analysis of Commissions and Boards every two years.

The 2021 Gender Analysis of Commissions and Boards Report (2021 Gender Analysis Report) evaluates representation of the following groups across appointments to San Francisco policy bodies:

- Women
- People of color
- LGBTQIA+ individuals
- People with disabilities
- Veterans (or people who have immediate family members that have served)
- Various religious affiliations

The report includes policy bodies such as task forces, committees, and Advisory Bodies, in addition to Commissions and Boards.

This year, data was collected from 92 policy bodies and from a total of 349 members, mostly appointed by the Mayor and Board of Supervisors. The policy bodies surveyed for the 2021 Gender Analysis Report fall under two categories designated by the San Francisco Office of the City Attorney.² The first category, referred to as "Commissions and Boards," are policy bodies with decision-making authority and whose members are required to submit financial disclosures to the Ethics Commission. The second category, referred to as "Advisory Bodies," are policy bodies with advisory function whose members do not submit financial disclosures to the Ethics Commission. The report examines policy bodies and appointees both comprehensively as a whole and separately by the two categories.

Several changes were made to the survey questions for the 2021 Gender Analysis Report. Sexual Orientation and Gender Identity (SOGI) categories were aligned with the latest classifications used by the Office of Transgender Initiatives. The classification of Veteran Status was also expanded to include individuals with close family members that have served in the military and armed forces. This addition to Veteran Status was adopted based on feedback from previous reports.

While the overall number of policy bodies that submitted data increased compared to 2019, the total number of individual members who participated in the survey was dramatically less than the number who participated in 2019. Due to the pandemic, data collection methods

² "Sec. 3.1-103. Filing Officers." *American Legal Publishing Corporation*, https://codelibrary.amlegal.com/codes/san_francisco/latest/sf_campaign/0-0-0-979.

were limited compared to previous years, including the ability to conduct paper surveys and in-person meetings. Reliance on online surveying significantly reduced the level of participation, despite three to five direct contact efforts with policy bodies via phone and email. Moving forward, in addition to collecting data through paper/in-person surveys, when possible, the Department on the Status of Women recommends that all policy body appointees be required to take a training on the Gender Analysis survey process, alongside the required Ethics training, to guarantee participation.

Similarly, due to census data not being collected during COVID-19, updated demographic information on the general population of San Francisco was not available for years more recent than 2019. In this report, data on the San Francisco population references data from previous years (2015-2019) populations.

Key Findings

Gender

- Women's representation on policy bodies is 55%, above parity with the San Francisco female population of 49%.
- FY 2021 oversaw the largest increase in the representation of women on San Francisco policy bodies since 2009.

Race and Ethnicity

- The representation of people of color on policy bodies is 54%. Comparatively, in San Francisco, 62% of the population identifies with a race other than white.
- While the overall representation of people of color has increased since the 2019 report at 50%, representation has still decreased compared to 57% in 2015.
- As found in previous reports, Latinx and Asian groups are underrepresented on San Francisco policy bodies as compared to the population. Latinx individuals are 15% of the population but make up only 9% of appointees. Asian individuals are 36% of the population but make up only 26% of appointees.

Race and Ethnicity by Gender

- On the whole, women of color are 32% of the San Francisco population and 32% of appointees. This 4% increase is the highest representation of women of color appointees to date.
- Meanwhile, men of color are underrepresented at 21% of appointees compared to 31% of the San Francisco population.

- Both white women and men are overrepresented on San Francisco policy bodies. White women are 25% of appointees compared to 17% of the San Francisco population. White men are 21% of appointees compared to 20% of the population.
- Black and African American women and men are well-represented on San Francisco policy bodies. Black women are 8% of appointees compared to 2.4% of the population, and Black men are 4% of appointees compared to 2.5% of the population.
- Latinx women are 7% of the San Francisco population but 4% of appointees, and Latinx men are 7% of the population but 4% of appointees.
- Asian women are 17% of the San Francisco population but 15% of appointees, and Asian men are 15% of the population but 11% of appointees.

Additional Demographics

- Out of the 74% of appointees who responded to the survey question on LGBTQIA+ identity, 23% identify as lesbian, gay, bisexual, transgender, nonbinary, queer, or questioning, and 77% of appointees identify as straight/heterosexual.
- Out of the 70% of appointees who responded to the question on Disability Status, 12.6% identify as having one or more disabilities, which is just above parity of the 12% of the adult population with a Disability Status in San Francisco.
- Out of the 67% of appointees who responded to the question on Veteran Status, 22% have served in the military (or have an immediate family member who has served) compared to 3% of the San Francisco population (census data on military service does not include immediate family members who have served).

Proxies for Influence: Budget and Authority

- Although women are half of all appointees, those Commissions and Boards with the largest budgets have fewer women, and especially fewer women of color. Meanwhile, representation of women on Boards and Commissions with the smallest budgets are just below parity with the San Francisco population.
- Although still underrepresented relative to the San Francisco population, there is a larger percentage of people of color on Commissions and Boards with both the largest and smallest budgets compared to overall appointees.
- The percentage of total women is greater on Advisory Bodies than Commissions and Boards. Women are 60% of appointees on Advisory Bodies and 53% of appointees on Commissions and Boards. The percentage of women of color on Advisory Bodies is also higher than on Commissions and Boards.

Appointing Authorities

- Mayoral appointments include 60% women, 59% people of color, and 37% women of color, which is more diverse by gender and race compared to both Supervisorial appointments and total appointments.

Demographics of Appointees Compared to the San Francisco Population

	Women	People of Color	Women of Color	LGBTQIA+	Disability Status	Veteran Status
San Francisco Population**	49%	62%	32%	6%-15%*	12%	2.7%
Total Appointees	55%	54%	32%	23%	13%	22%
10 Largest Budgeted Commissions and Boards	43%	44%	21%	16%	15%	20%
10 Smallest Budgeted Commissions and Boards	48%	43%	29%	17%	9%	12%
Commissions and Boards	53%	53%	30%	18%	11%	21%
Advisory Bodies	60%	53%	33%	31%	15%	20%

San Francisco population estimates come from the 2017 and 2018 American Community Survey 5-Year Estimates, SF DOSW Data Collection and Analysis Report, 2021.

**Note: Estimates vary by source. See page 16 for a detailed breakdown.*

***Due to the COVID-19 pandemic, updated data is unavailable for race/ethnicity, LGBTQIA+ status, Disability Status, and Veteran Status in 2021. Therefore, the data used to represent the San Francisco population is from the 2019 Gender Analysis Report.*

I. Introduction

Inspired by the fourth U.N. World Conference on Women in Beijing, San Francisco became the first city in the world to adopt a local ordinance reflecting the principles of the U.N. Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW), an international bill of rights for women. The CEDAW Ordinance was passed unanimously by the San Francisco Board of Supervisors and signed into law by Mayor Willie L. Brown, Jr. on April 13, 1998.³ In 2002, the CEDAW Ordinance was revised to address the intersection of race and gender and incorporate reference to the U.N. Convention on the Elimination of all Forms of Race Discrimination. The Ordinance requires the City to take proactive steps to ensure gender equity and specifies "gender analysis" as a preventive tool to identify and address discrimination. Since 1998, the Department on the Status of Women has employed this tool to analyze the operations of 10 City Departments using a gender lens.

In 2007, the Department on the Status of Women conducted the first gender analysis to evaluate the number of women appointed to City Commissions and Boards. The findings of this analysis informed a City Charter Amendment developed by the Board of Supervisors for the June 2008 Election. This City Charter Amendment (section 4.101) was overwhelmingly approved by voters and made it City policy that:

- The membership of Commissions and Boards are to reflect the diversity of San Francisco's population,
- Appointing officials are to be urged to support the nomination, appointment, and confirmation of these candidates, and
- The Department on the Status of Women is required to conduct and publish a gender analysis of Commissions and Boards every two years.

The 2021 Gender Analysis Report examines the representation of women, people of color, LGBTQIA+ individuals, people with disabilities, Veterans, and religious affiliations of appointees on San Francisco policy bodies. As was the case for the 2019 Gender Analysis Report, this year's analysis involved increased outreach to policy bodies as compared to previous analyses that were limited to Commissions and Boards. As a result, the data collection and analysis examine a more diverse and expansive layout of City policy bodies. These policy bodies fall under two categories designated by the San Francisco Office of the City Attorney. The first category, referred to as "Commissions and Boards," are policy bodies with decision-making authority and whose members are required to submit financial disclosures to the Ethics Commission. The second category, referred to as "Advisory Bodies," are policy bodies with advisory function whose members do not submit financial disclosures to the Ethics Commission. A detailed description of methodology and limitations can be found on page 27.

II. Findings

Many aspects of San Francisco's diversity are reflected in the overall population of appointees on San Francisco policy bodies. The analysis includes data from 92 policy bodies, of which 788 of the 979 seats are filled, leaving 20% vacant. As outlined below in Figure 1, slightly more than half of appointees are women and people of color, 32% are women of color, 23% identify as LGBTQIA+, 13% have a disability, and 22% are Veterans.

Figure 1: Summary Data of Policy Body Demographics, 2021

Appointee Demographics	Percentage of Appointees
Women (n=349)	55%
People of Color (n=341)	54%
Women of Color (n=341)	32%
LGBTQIA+ Identifying (n=334)	23%
People with Disabilities (n=349)	13%
Veteran Status (n=349)	22%

However, further analysis reveals underrepresentation of particular groups. Subsequent sections present comprehensive data analysis providing comparison to previous years, detailing the variables of gender, race/ethnicity, LGBTQIA+ identity, Disability Status, Veteran Status, religious affiliations, and policy body characteristics of budget size, decision-making authority, and appointment authority.

A. Gender

On San Francisco policy bodies, 55% of appointees identify as women, which is above parity compared to the San Francisco female population of 49%. The representation of women remained stable at 49% from 2013 until 2017, with a slight increase to 51% in 2019. This increase could be partly due to the larger sample size used in the 2019 analysis compared to previous years. A 12-year comparison shows that the representation of women appointees has gradually increased since 2009 by a total of ten percentage points.

Figure 2: 12-year Comparison of Representation of Women on Policy Bodies

Figures 3 and 4 analyze Commissions and Boards. Figure 3 showcases the five Commissions and Boards with the highest representation of women appointees as compared to 2017 and 2019. The Commission on the Status of Women is currently comprised of all women appointees. This finding has been consistent for the Commission on the Status of Women since 2015. The Aging and Adult Services Commission, Health Commission, and Library Commission are all at 71%, respectively.

Figure 3: Commissions and Boards with the Highest Percentages of Women, 2021 Compared to 2017 and 2019

Policy Body	Percent of Women	Response Rate	2019 Percent	2017 Percent
Commission on the Status of Women	100%	100%	100%	100%
Arts Commission	79%	100%	67%	60%
Children and Families (First 5) Commission	75%	75%	100%	100%
Aging and Adult Services Commission	71%	86%	57%	40%
Health Commission	71%	100%	43%	29%
Library Commission	71%	100%	71%	80%

Out of the Commissions and Boards in this section, 6 have 40% or less women. The Commissions and Boards with the lowest representation of women are displayed in Figure 4. The lowest percentage is found on the Board of Examiners, which has 90% of responses from the Board, but 0 members identifying as women. Unfortunately, demographic data is unavailable for the Board of Examiners for 2017, however there was 0% of female representation in 2019 as well. The Police Commission, Human Services Commission, and Access Appeals Commission all have entirely completed the demographics survey at 100%, yet still have some of the lowest percentages of women at 20%. It should be noted that policy bodies with a small number of members, such as the Residential Users Appeal Board (which currently has two members), means that minimal changes in its demographic composition greatly impacts percentages. Additionally, several policy bodies had low response rates to the demographics survey, ultimately impacting the representation for their respective policy body accordingly.

Figure 4: Commissions and Boards with Lowest Percentage of Women, 2021 Compared to 2017 and 2019

Policy Body	Percent of Women	Response Rate	2019 Percent	2017 Percent
Residential Users Appeal Board	0%	50%	0%	N/A
Board of Examiners	0%	90%	0%	N/A
Assessment Appeals Board No. 3	0%	67%	50%	N/A
Assessment Appeals Board No. 2	0%	100%	50%	N/A
Rent Board Commission	10%	60%	44%	30%
Small Business Commission	14%	43%	43%	43%
Retirement System Board	14%	57%	43%	43%
Health Service Board	14%	43%	33%	29%
Children, Youth, and Their Families Oversight and Advisory Committee	14%	14%	50%	N/A
Treasure Island Development Authority	17%	50%	50%	43%
Public Utilities Commission	20%	60%	67%	40%
Police Commission	20%	100%	43%	29%

Figure 4: Commissions and Boards with Lowest Percentage of Women, 2021 Compared to 2017 and 2019, Continued

Policy Body	Percent of Women	Response Rate	2019 Percent	2017 Percent
Human Services Commission	20%	100%	40%	20%
Access Appeals Commission	20%	100%	N/A	N/A
Public Utilities Rate Fairness Board	25%	75%	33%	33%
Ethics Commission	25%	25%	100%	33%

**Commission and Boards with 70% response rates or higher are highlighted in grey.*

In addition to Commissions and Boards, Advisory Bodies were examined for the highest and lowest percentages of women. This is the second year such bodies have been included, thus comparison to previous years before 2019 is unavailable. Figure 5 below displays the five Advisory Bodies with the highest representations of women. Due to a lack of survey responses from several Advisory Bodies, analysis on the five lowest representations of women is unavailable. The Office of Early Care and Education Citizens' Advisory Committee has the greatest representation of women at 67%, followed closely by the Citizen's Committee on Community Development at 63%.

Figure 5: Advisory Bodies with the Highest Percentage of Women, 2021

Policy Body	Percent of Women	Response Rate	2019 Percent
Office of Early Care and Education Citizens' Advisory Committee	67%	78%	89%
Citizens' Committee on Community Development	63%	63%	75%
Ballot Simplification Committee	50%	75%	75%
Immigrant Rights Commission	43%	57%	54%
Municipal Green Building Task Force	43%	67%	50%

B. Race and Ethnicity

Data on racial and ethnic identity was collected from 341 participants, or 98% of the surveyed appointees. Although half of appointees identify as a race or ethnicity other than white or Caucasian, people of color are still underrepresented compared to the San Francisco population of 62%. The representation of people of color has increased since 2009 but has decreased following 2015. The number of appointees analyzed increased substantially in 2017 and 2019, as compared to 2015. These larger data samples have coincided with smaller percentages of people of color.

Figure 6: 12-year Comparison of Representation of People of Color on Policy Bodies

The racial and ethnic breakdown of policy body members compared to the San Francisco population is shown in Figure 7. This analysis reveals underrepresentation and overrepresentation in San Francisco policy bodies for certain racial and ethnic groups. Nearly half of all appointees are white, an overrepresentation by 6 percentage points. The Black community is represented on appointed policy bodies at 11% compared to 6% of the population of San Francisco.⁴ This is a decrease of representation compared to the 14% representation in 2019. Characterizing these as overrepresentations is inaccurate given the representation of Black or African American people on policy bodies has been consistent over the years, while the San Francisco population has declined over the same period.⁵

⁴ US Census Bureau, 2018, Retrieved from <https://www.census.gov/quickfacts/fact/table/US/PST045218>.

⁵ Samir Gambhir and Stephen Menendian, "Racial Segregation in the Bay Area, Part 2," Haas Institute for a Fair and Inclusive Society (2018).

Considerably underrepresented racial and ethnic groups on San Francisco policy bodies compared to the San Francisco population are individuals who identify as Asian or Latinx. While the Asian population is 36% of the San Francisco population, they make up 26% of appointees. While the Latinx population of San Francisco is 15%, 9% of appointees are Latinx. Although there is a small population of Native Americans and Alaska Natives in San Francisco of 0.4%, only one (0.3%) surveyed appointee identified themselves as such. The San Francisco population of Native Hawaiians and Pacific Islanders is 0.3%, which slightly less than the 0.6% of identifying appointees.

Figure 7: Race and Ethnicity of Appointees Compared to San Francisco Population, 2021

Note: Due to the COVID-19 pandemic, updated data is unavailable for race/ethnicity in 2021. Therefore, the data used to represent the San Francisco population is from the 2019 Gender Analysis Report.

The next two figures illustrate Commissions and Boards with the highest and lowest percentages of people of color. As shown in Figure 8, the Commission on the Status of Women holds the highest representation of people of color at 86%, with a 100% response rate. Both the Health Commission and Juvenile Probation Commission have decreased their percentages of people of color since 2019 and 2017.

Figure 8: Commission and Boards with Highest Percentage of People of Color, 2021 Compared to 2019 and 2017

Policy Body	Percent of POC	Response Rate	2019 Percent	2017 Percent
Commission on the Status of Women	86%	100%	71%	71%
Police Commission	80%	100%	71%	71%
Arts Commission	71%	100%	60%	53%
Health Commission	71%	100%	86%	86%
Library Commission	71%	100%	57%	60%
Juvenile Probation Commission	67%	83%	100%	86%
Board of Appeals	60%	100%	40%	40%
Fire Commission	60%	100%	40%	60%
Human Services Commission	60%	100%	40%	60%
Asian Art Commission	54%	81%	59%	59%
Assessment Appeals Board No.2	50%	100%	63%	N/A
Children and Families (First 5) Commission	50%	75%	75%	63%

There are 28 Commissions and Boards that have 40% or less appointees who identified a racial and ethnic category other than white. None of the current appointees of the Access Appeals Commission identified as people of color. Additionally, the Historic Preservation Commission remains at 14% representation since 2019. The Citizens General Obligation Bond Oversight Committee and Assessment Appeals Board No.1 are both at 17% representation for people of color. Lastly, the Public Utilities Rate Fairness Board had a large drop in representation of people of color going from 67% in 2019 to 25% this year.

Figure 9: Commissions and Boards with Lowest Percentage of People of Color, 2021 Compared to 2019 and 2017

Policy Body	Percent of POC	Response Rate*	2019 Percent	2017 Percent
Residential Users Appeal Board	0%	50%	50%	N/A
Children, Youth, and Their Families Oversight and Advisory Committee	0%	14%	75%	N/A
Building Inspection Commission	0%	50%	14%	14%
Access Appeals Commission	0%	100%	N/A	N/A
Small Business Commission	14%	43%	43%	50%
Historic Preservation Commission	14%	71%	14%	17%
Health Service Board	14%	43%	50%	29%
Citizens General Obligation Bond Oversight Committee	17%	100%	N/A	N/A
Assessment Appeals Board No.1	17%	100%	20%	N/A
War Memorial Board of Trustees	18%	45%	18%	18%
Public Utilities Commission	20%	60%	0%	33%
Public Utilities Rate Fairness Board	25%	75%	67%	67%

Figure 9: Commissions and Boards with Lowest Percentage of People of Color, 2021 Compared to 2019 and 2017, Continued

Policy Body	Percent of POC	Response Rate*	2019 Percent	2017 Percent
Ethics Commission	25%	25%	50%	67%
Retirement System Board	29%	57%	29%	29%
Recreation and Park Commission	29%	43%	43%	43%
Rent Board Commission	30%	60%	33%	50%

Commission and Boards with 70% response rates or higher are highlighted in grey.

C. Race and Ethnicity by Gender

Both white men and women are overrepresented on San Francisco policy bodies, while Asian and Latinx men and women are underrepresented. The representation of women of color at 32% is equal to the San Francisco population of 32%, which is a notable increase compared to the 2019 percentage of 28%. Meanwhile, men of color are 21% of appointees compared to 31% of the San Francisco population.

Figure 10: 12-Year Comparison of Representation of Women of Color on Policy Bodies

The following figures present the breakdown for appointees and the San Francisco population by race, ethnicity, and gender. Both white men and women are overrepresented, holding 24% and 20% of appointments, respectively, compared to 20% and 17% of the population. Asian men and women are slightly underrepresented with Asian women making up 15% of appointees compared to 17% of the population, while Asian men comprise 11% of appointees and 15% of the population. Latinx men and women are also slightly underrepresented, with Latinx men and women comprising 4% of appointees each and 7% of the population each. Black men and women are well-represented with Black women comprising 8% of appointees, compared to 2.4% of the general San Francisco population, and Black men comprising 4% of appointees,

compared to 2.5% of the general San Francisco population. Native Hawaiian and Pacific Islander men and women, and multiracial women are below parity with the population. Similarly, although Native American and Alaska Native men and women make up only 0.4% of San Francisco's population, only one (0.3%) of the surveyed appointees identified as such.

Figure 11: Appointees by Race/Ethnicity and Gender, 2021

Figure 12: San Francisco Population by Race/Ethnicity

D. LGBTQIA+ Identity

LGBTQIA+ identity data was collected from 334 participants, or 96% of the surveyed appointees. This is a notable increase in data on LGBTQIA+ identity compared to previous reports. Due to limited and outdated information on the population of the LGBTQIA+ community in San Francisco, it is difficult to adequately assess the representation of the LGBTQIA+ community. However, compared to available San Francisco, greater Bay Area, and national data, the LGBTQIA+ community is well represented on San Francisco policy bodies. Recent research estimates the California LGBTQIA+ population is 5.3%⁶. The LGBTQIA+ population of the San Francisco and greater Bay Area is estimated to rank the highest of U.S. cities at 6.2%,⁷ while a 2006 survey found that 15.4% of adults in San Francisco identify as LGBTQIA+⁸.

Of the appointees who responded to this question, 23% identify as LGBTQIA+ and 77% identify as straight or heterosexual. Of the LGBTQIA+ appointees, 56% identify as gay/lesbian, 20% as bisexual, 9% as queer, 9% as transgender, 2% as questioning, and 4% as other LGBTQIA+ identities. Data on LGBTQIA+ identity by race was not captured. Efforts to capture data on LGBTQIA+ identity by race for future reports would enable more intersectional analysis.

Figure 13: LGBTQIA+ Identity of Appointees, 2021

Figure 14: LGBTQIA+ Population of Appointees, 2021

E. Disability Status

Overall, more than one in twenty adults in San Francisco live with one or more disabilities. Data on Disability Status was obtained from nearly 100% of the appointees who participated in the survey. 12.6% of participating appointees reported to have one or more disabilities. Of these appointees with one or more disabilities, 56% are women, 30% are men, 2% are trans women, 5% are trans men, and 7% are nonbinary individuals.

Figure 15: Disability Status of Appointees, 2021

Figure 16: Appointees with One or More Disabilities by Gender Identity, 2021

F. Veteran Status

Overall, 2.7% of the adult population in San Francisco have served in the military. Data on Veteran status was obtained from 334 appointees who participated in the survey. Of the 334 appointees who responded to this question, 22% served in the military. Men comprise 47.2% and women make up 51.4% of the total number of Veteran appointees. Of participating appointees, 1.4% are nonbinary individuals. Veteran status data on transgender and gender-nonconforming individuals in San Francisco is currently unavailable. The vast increase of appointees with military service compared to 2019's 7.1% of appointees is likely due to the change in wording in the 2021 Gender Analysis Report from previous years, which defines an appointee with Veteran status as someone with a spouse or direct family member who has served, as opposed to only oneself or their spouse. This change was implemented based on feedback from prior reports. Future analyses may want to ask separate questions regarding one's personal experience with military service and one's familial ties to military service, in order to distinguish the most accurate and aggregated data results.

Figure 17: San Francisco Adult Population with Military Service by Gender*

**This graph is from the 2019 Gender Analysis Report. Due to the COVID-19 pandemic, updated data on the gendered population of Veterans in San Francisco is unavailable. This graph fails to identify nonbinary individuals with military experience. However, this graph highlights the gender disparity amongst male and female Veterans, with only 0.2% identifying as women.*

Figure 18: Appointees with Military Service, 2021

Figure 19: Appointees with Military Service by Gender, 2021

G. Policy Bodies by Budget

This 2021 Gender Analysis Report examines the demographic representativeness of policy bodies by budget size. Budget size is used as a proxy for influence. Although this report has expanded the scope of analysis to include more policy bodies compared to previous reports, this section of analysis was limited to Commissions and Boards with decision-making authority and whose members file financial disclosures with the Ethics Commission.

Overall, appointees from the 10 **largest** budgeted Commissions and Boards are 44% people of color, 43% women, and 21% women of color. Appointees from the 10 **smallest** budgeted Commissions and Boards are 43% people of color, 48% women, and 29% women of color.

Representation for women, women of color, and overall people of color is below parity with the population on both the 10 smallest and 10 largest budgeted bodies. The representation of women and women of color is greater on smaller budgeted policy bodies by 5% and 8%, respectively. The representation of people of color is 1% higher on Commissions and Boards with the largest budgets.

Figure 20: Percent of Women, Women of Color, and People of Color on Commissions and Boards with Largest and Smallest Budgets in Fiscal Year 2020-2021

Figure 21: Demographics of Commissions and Boards with Largest Budgets, 2021

Policy Body	FY20-21 Budget	Total Seats	Filled Seats	Response Rate	Women	Women of Color	People of Color
Health Commission	\$2.7B	7	7	100%	71%	43%	71%
Public Utilities Commission	\$1.43B	5	5	60%	20%	20%	20%

Sunshine Ordinance Task Force	\$172,373	11	9	89%	56%	44%	44%
Total	\$25.5M	73	65	86%	56%	35%	51%

H. Comparison of Advisory Body and Commission and Board Demographics

The comparison of the two policy body categories in this section provides another proxy for influence. Commissions and Boards whose members file disclosures of economic interest have greater decision-making authority in San Francisco than Advisory Bodies whose members do not file economic interest disclosures. The percentages of total women, LGBTQIA+ people, people with disabilities, and women of color are larger for total appointees on Advisory Bodies. However, the percentages of Veterans on Commissions and Boards slightly exceeds the percentage on Advisory Bodies, and both Commissions and Boards and Advisory Bodies have 53% people of color.

Figure 23: Demographics of Appointees on Commission and Boards and Advisory Bodies, 2021

I. Demographics of Mayoral, Supervisorial, and Total Appointees

Figure 24 compares the representation of women, women of color, and people of color for appointments made by the Mayor, Board of Supervisors, and by the total of all approving authorities combined. Mayoral appointments are more diverse, and consist of more women, women of color, and people of color compared to Supervisorial appointments. Mayoral appointments include 60% women, 37% women of color, and 59% people of color, while Supervisorial appointments are 56% women, 36% women of color, and 58% people of color. The total of all approving authorities combined average out at 55% women, 32% women of color, and 54% people of color. This disparity in diversity between Mayoral and Supervisorial appointments may be due in part to the appointment selection process for each authority. The 11-member Board of Supervisors only sees applicants for specific bodies through the 3- member Rules Committee or by designees, stipulated in legislation (e.g., "renter," "landlord," "consumer advocate"), whereas the Mayor typically has the ability to take total appointments into account during selections, and can therefore better address gaps in diversity.

Figure 24: Demographics of Mayoral, Supervisorial, and Total Appointees, 2021

J. Religious Affiliations

The 2021 Gender Analysis Report collected data on religious affiliations to fully examine the demographics and representation of appointees. This is the first-year religious affiliations have been examined. Figure 25 illustrates the religious demographics of appointees, with the largest number of appointees identifying as Christian (30%), and the smallest number of appointees identifying as Hindu (1%) or Muslim (1%).

Figure 25: Religious Affiliations of Appointees, 2021

III. Methodology and Limitations

This report focuses on City and County of San Francisco Commissions, Boards, task forces, councils, and committees that have the majority of members appointed by the Mayor and Board of Supervisors and have jurisdiction limited to the City. The 2021 Gender Analysis Report reflects data from the policy bodies that provided information to the Department on the Status of Women through digital survey. Due to the COVID-19 pandemic, the normal outreach method of paper surveys and in-person meetings was unavailable, ultimately leaving all survey outreach and correspondence to be conducted online. Unfortunately, obtaining the data strictly online had a significant negative impact on participation rates. Following initial email outreach, policy bodies were contacted three to five times via email and phone, including two emails to Department Heads from Department on the Status of Women Director, Kimberly Ellis. All possible measures were taken to obtain accurate and complete data. While participation rates are lower than the 2019 Gender Analysis Report, this report features the most diverse individual responses, as well as participation of the largest number of Commission and Boards and Advisory Bodies to date.

Data was requested from 109 policy bodies and acquired from 92 of those bodies, a total of 349 appointees. Comparatively, the 2019 Gender Analysis Report received data from 84 policy bodies (380 Commission and Boards and 389 Advisory Bodies), a total of 741 total appointees. A Commissioner or Board member's gender identity, race/ethnicity, sexual orientation, Disability Status, Veteran Status, or religious affiliations were among data elements collected on a *voluntary* basis. Therefore, responses were incomplete or unavailable for some appointees but are included to the extent possible.

As the fundamental objective of this report is to surface patterns of underrepresentation, every attempt has been made to reflect accurate and complete information in this report. Data for some policy bodies was incomplete, and all appointees who responded were included in the total demographic categories. Only policy bodies with full data on gender and race for all appointees were included in sections comparing demographics of individual bodies. It should be noted that for policy bodies with a small number of members, the change of a single individual greatly impacts the percentages of demographic categories. This should be kept in mind when interpreting these percentages.

Several changes were made to the survey questions since the 2019 Gender Analysis Report with the goal of distinguishing all possible areas of underrepresentation. In addition to updating SOGI (sexual orientation and gender identity) categories to align with the latest classifications used by the Office of Transgender Initiatives, the 2021 Gender Analysis Report expanded its classification of Veteran Status to include individuals with close family members that have served, as opposed to only oneself or their spouse. This addition to Veteran Status was adopted based on feedback from previous reports.

As acquiring data was the biggest limitation of this report, ensuring participation from all policy bodies could significantly improve or further efforts to address underrepresentation. Some methods of guaranteeing participation include surveying all appointees during their initial onboarding training with the City, as well as relying on paper/in-person survey outreach for future reports.

The surveyed policy bodies fall under two categories designated by the San Francisco Office of the City Attorney document entitled List of City Boards, Commissions, and Advisory Bodies Created by Charter, Ordinance, or Statute.⁹ This document separates San Francisco policy bodies into two different categories. The first category includes Commissions and Boards with decision-making authority and whose members are required to submit financial disclosures with the Ethics Commission. The second category encompasses Advisory Bodies whose members do not submit financial disclosures with the Ethics Commission. Depending on the analysis criteria in each section of this report, the surveyed policy bodies and appointees are either examined comprehensively as a whole or examined separately in the two categories designated by the Office of the City Attorney.

Data from the U.S. Census American Community Survey 5-Year Estimates provides a comparison to the San Francisco population. Due to census data not being collected during COVID-19, updated demographic information on the general population of San Francisco was not available for years more recent than 2019. Comparisons of 2021 demographic data to data on the San Francisco population reference population data from previous years (2015-2019) and will be noted as such. Figures 26 and 27 in the Appendix display these population estimates by race/ethnicity and gender.

⁹"List of City Boards, Commissions, and Advisory Bodies Created by Charter, Ordinance, or Statute," Office of the City Attorney, <https://www.sfcityattorney.org/wp-content/uploads/2016/01/Commission-List-08252017.pdf>, (August 25, 2017).

IV. Conclusion

Since the first Gender Analysis of Commissions and Boards in 2007, the representation of women appointees on San Francisco policy bodies has gradually increased. The 2021 Gender Analysis Report finds the percentage of women appointees is 55%, which exceeds the population of women in San Francisco.

When appointee demographics are analyzed by gender and race, the representation of women of color has increased to 32%, which is 4% higher than 2019 representation, matching the San Francisco population. Most notably, underrepresented are individuals identifying as Asian, making up 36% of the San Francisco population but only 26% of appointees, and Latinx-identifying individuals who make up 15% of the population but only 9% of appointees. Additionally, men of color are underrepresented at 21% of appointees relative to their San Francisco population, 31%.

Furthermore, when analyzing the demographic composition of larger and smaller budgeted Commissions and Boards, women of color are underrepresented on Commission and Boards with both the largest and smallest budgets. Women comprise 43% of total appointees on the largest budgeted policy bodies compared to the population of 49%, and women of color comprise 21% of total appointees on the largest budgeted policy bodies, with the San Francisco population at 32%. Comparatively, women are 48% of total appointees on the smallest budgeted policy bodies, and women of color are 29% of appointees. However, the representation of people of color is higher on larger budgeted policy bodies by 1%. People of color make up 44% of appointees on the largest budgeted policy bodies and 43% of appointees on the smallest budgeted policy bodies compared to 54% of total appointees. The San Francisco population of people of color exceeds these percentages at 62%.

In addition to using budget size as a proxy for influence, this report analyzed demographic characteristics of appointees on Commissions and Boards who file disclosures of economic interest and have decision-making authority and appointees on Advisory Bodies who do not file economic interest disclosures. Over half (60%) of appointees on Advisory Bodies are women, while 53% of appointees on Commissions and Boards are women. Ultimately, women comprise a higher percentage of appointees on Advisory Bodies compared to Commissions and Boards.

The 2021 Gender Analysis Report found a relatively high representation of LGBTQIA+ individuals on San Francisco policy bodies. For the appointees that provided LGBTQIA+ identity information, 23% identify as LGBTQIA+ with the largest subset identifying as gay or lesbian (56%), 16% of appointees from the largest budgeted policy bodies identify as LGBTQIA+, and 17% from the smallest budgeted bodies. However, there is a significant difference of LGBTQIA+ representation when comparing Commissions and Boards (18%) and Advisory Bodies (31%). The representation of appointees with disabilities is 13%, slightly exceeding the 12% population. Veterans are highly represented on San Francisco policy bodies at 22% compared to the Veteran population of 2.7%, which could be due to differences in each source's classification of Veteran Status.

Additionally, this report evaluates and compares the representation of women, women of color, and people of color appointees by the Mayor, Board of Supervisors, and by the total of

all approving authorities combined. Mayoral appointees include 60% women, 37% women of color, and 59% people of color, which overall is more diverse by gender and race compared to both Supervisorial appointees and total appointees.

This report is intended to advise the Mayor, Board of Supervisors, and other appointing authorities, as they select appointments to policy bodies for the City and County of San Francisco. In the spirit of the 2008 City Charter Amendment that establishes this biennial Gender Analysis Report requirement and the importance of diversity on San Francisco policy bodies, efforts to address gaps in diversity and inclusion should remain at the forefront when making appointments, in order to accurately reflect the population of San Francisco.

The San Francisco Department on the Status of Women would like to thank the various Policy Body members, Commission secretaries, and Department staff who graciously assisted in collecting demographic data and providing information about their respective policy bodies, particularly Department Interns Charly De Nocker and Brooklynn McPherson for the data collection and analysis of this report.
