4 **Utilities Commission (SFPUC), pursuant to San Francisco Administrative Code, Section**
5 **6.60, to replace and repair fences on SFPUC watershed land in Alameda damaged by**
6 **the SCU Lightning Complex Fire, increasing the total not to exceed cost from**
7 **\$4,250,000 to \$10,900,000.**

8
9 WHEREAS, The San Francisco Public Utilities Commission's (SFPUC) watershed
10 lands located in Santa Clara and Alameda County are critical assets for providing continuous
11 delivery of high-quality water to the 2.7 million water customers in the Bay Area; any inability
12 to use these assets poses a threat to water quality and deliveries, a basic service affecting the
13 lives, property and welfare of the SFPUC water customers in San Francisco, San Mateo,
14 Santa Clara and Alameda Counties; and

15 WHEREAS, Beginning on August 16, 2020, numerous lightning strikes ignited the SCU
16 Lightning Complex Fire (SCU Fire) that ultimately burned 396,624 acres, including
17 approximately 10,500 acres of SFPUC Alameda watershed property; and

18 WHEREAS, The SCU Fire damaged or destroyed approximately 60 miles of SFPUC-
19 owned security and grazing operation fencing located on SFPUC Alameda watershed
20 property; and

21 WHEREAS, The damaged fencing needs to be repaired and/or replaced immediately
22 to re-establish the security barrier to protect SFPUC Alameda watershed lands and regional
23 water system infrastructure from trespass, vandalism, and contamination of drinking water
24 sources (e.g., the Calaveras and San Antonio Reservoirs); and
25

1 WHEREAS, The fencing also ensures that cattle from SFPUC grazing tenants remain
2 separated from public roadways, drinking water sources, and sensitive environmental
3 resources; and

4 WHEREAS, Any delay to replacing and repairing the approximately 60 miles of fences
5 damaged in the SCU Lightning Complex Fire poses a risk to the security and quality of water
6 supply for the 2.7 million SFPUC regional water system customers relying on the water
7 deliveries; and

8 WHEREAS, As we are living in a global pandemic, COVID-19, water quality is an
9 essential service that will impact public health and safety for our 2.7 million water customers;
10 and

11 WHEREAS, Administrative Code, Chapter 6, Article IV, Section 6.60, authorizes
12 department heads to declare an emergency and award a public work contract, exempt from
13 the competitive bidding process, in the event of an actual emergency, which is defined to
14 include, "...[t]he breakdown or imminent breakdown of any plant, equipment, structure, street
15 or public work necessitating immediate emergency repair or reconditioning to safeguard the
16 lives or property of the citizens, or the property of the City and County, or to maintain the
17 public health and welfare..."; and

18 WHEREAS, On October 19, 2020, the SFPUC General Manager declared an
19 emergency, approved by the President of the SFPUC, to replace and repair the fences
20 damaged in the SCU Fire in order to re-establish the security barrier to protect SFPUC
21 Alameda watershed lands; and

22 WHEREAS, Administrative Code, Section 6.60(d) requires the SFPUC General
23 Manager to seek the Board of Supervisors' approval in all cases where the estimated cost of
24 the emergency work exceeds \$250,000; and

25

1 WHEREAS, The SFPUC General Manager originally estimated that replacing and
2 repairing the fences damaged in the SCU Fire would not exceed \$4,500,000; and

3 WHEREAS, On February 2, 2021, by its Resolution No. 45-21, this Board of
4 Supervisors approved, the SFPUC General Manager's October 19, 2020, emergency
5 declaration to replace and repair the fences damaged in the SCU Lightning Complex Fire, and
6 amended the total not to exceed cost from \$4,500,000 to \$4,250,000; and

7 WHEREAS, The SFPUC reached out to eight vendors with the appropriate C-13
8 fencing contractor licenses to request quotes for the emergency work, and awarded two
9 contracts for the construction work to the two vendors with the lowest quotes, All Commercial
10 Fence, Inc. and Ranch Fence, Inc.; and

11 WHEREAS, On April 16, 2021, the SFPUC awarded Agreement No. WD-2881(E).A,
12 2020 SCU Lightning Complex Fire Impacted Fencing Replacement and Repair, to Ranch
13 Fence, Inc., in the amount of \$1,897,000, to replace and repair fences on SFPUC watershed
14 land damaged by the SCU Lightning Complex Fires; and

15 WHEREAS, On March 15, 2021, the SFPUC awarded Agreement No. WD-2881(E).B,
16 2020 SCU Lightning Complex Fire Impacted Fencing Replacement and Repair, to All
17 Commercial Fence, Inc., in the amount of \$1,897,000, to replace and repair fences on SFPUC
18 watershed land damaged by the SCU Lightning Complex Fires; and

19 WHEREAS, SFPUC staff have determined that the estimated quantities and length of
20 replacement and repair required are more substantial than initially estimated based on further
21 site investigations, including field-confirmed measurement of damaged fencing that was
22 documented after the first sections were built compared to the original estimate used to
23 determine the initial quantities; consequently, staff have updated the budget to reflect an
24 increase of approximately 10 miles of fencing in addition to the original 50 miles estimated, for
25 a total of 60 miles; these increased costs and quantities are due to the topographical realities

1 of these rugged environments, and costs associated with working in these remote locations;
2 and

3 WHEREAS, The SFPUC needs to hire a construction management firm to supervise
4 the vendors that are performing the fence repairs and replacements, as increased
5 construction work requires increased supervision, which the SFPUC General Manager
6 estimates will not exceed \$2,000,000; and

7 WHEREAS, On July 27, 2021, the SFPUC General Manager issued an updated
8 emergency declaration, approved by the President of the SFPUC, to reflect this increase in
9 cost due to the previously mentioned factors; and

10 WHEREAS, The Controller has certified funds are available for this emergency work
11 and contract; now, therefore, be it

12 RESOLVED, That the Board of Supervisors approves, under Administrative Code,
13 Section 6.60, the updated emergency declaration of the San Francisco Public Utilities
14 Commission, dated July 27, 2021, to replace and repair the fences damaged in the SCU
15 Lightning Complex Fire, including construction management services, for a new total cost not
16 to exceed \$10,900,000; and be it

17 FURTHER RESOLVED, That the Board of Supervisors ratifies actions taken to date by
18 the San Francisco Public Utilities Commission to address such emergency work and resolve

Item 2 File 21-0915	Department: Public Utilities Commission (PUC)
EXECUTIVE SUMMARY	
<p>Legislative Objectives</p> <ul style="list-style-type: none"> • The proposed resolution would approve an updated emergency declaration of the San Francisco Public Utilities Commission (SFPUC) to replace and repair fences on SFPUC watershed land in the Alameda watershed damaged by the SCU Lightning Complex Fire, increasing the total not to exceed amount from \$4,250,000 to \$11,000,000. <p>Key Points</p> <ul style="list-style-type: none"> • In August 2020, the SCU Lightning Complex Fire in the Alameda Watershed burned nearly 400,000 acres including 10,500 acres of SFPUC watershed property located in Alameda and Santa Clara Counties. Approximately 60 miles of SFPUC-owned security and grazing operation fencing was destroyed. In February 2021 the Board of Supervisors approved the SFPUC’s emergency declaration to replace and repair the fences for a total not-to-exceed amount of \$4.25 million (File 21-0008). • Following a Request for Quotes process, SFPUC selected two vendors to complete the fence repair work: Ranch Fence and All Commercial Fence. Over the past six months approximately 13 miles of fencing has been completed, and 47 miles remain. The total cost of fencing that has been built is \$1,339,969, or 32 percent of the original not to exceed emergency declaration amount of \$4.25 million. • Since the original approval of the emergency declaration, SFPUC staff have completed field inspections and have determined that 60 miles of fencing are required with additional posts and gates to ensure the fencing is sufficiently strong to contain cattle and properly secure the watershed lands. In addition, SFPUC determined that the complexity of the work requires hiring a construction management firm to oversee the two repair contractors. SFPUC expects that all the work will be completed by the end of 2023. <p>Fiscal Impact</p> <ul style="list-style-type: none"> • Fencing located in Santa Clara County will be eligible for reimbursement under FEMA’s Fire Management Assistance Grant (FMAG), which amounts to \$7.48 million will be reimbursed. The remaining \$3.52 million in costs will be funded by SFPUC Water Enterprise funds. <p>Recommendations</p> <ul style="list-style-type: none"> • Reduce the proposed total not-to-exceed-amount by \$100,000, from \$11,000,000 to \$10,900,000 to reflect the revised budget with updated staffing costs provided by SFPUC. • Approve the proposed resolution. 	

MANDATE STATEMENT

Administrative Code Section 6.60 provides that City contracts entered into for emergency work may be executed in the most expeditious manner. However, declarations of emergencies where the repair work is anticipated to be \$250,000 or more are subject to Board of Supervisors approval. Section 6.60(d) also states that if the emergency does not permit Board of Supervisors approval of the emergency before work is commenced or the contract(s) entered into, such approvals from the Board of Supervisors shall be obtained as soon as possible, with the proposed resolution approving the emergency determination submitted to the Board of Supervisors within 60 days of the department head's emergency declaration.

BACKGROUND

The San Francisco Public Utilities Commission (SFPUC) provides retail drinking water and wastewater services to San Francisco and wholesale water to three Bay Area counties. SFPUC's surface water sources are located in three watersheds: 1) Hetch Hetchy Watershed in Yosemite National Park, 2) Alameda Watershed near Sunol, and 3) the Peninsula Watershed, south of San Francisco.

In August 2020, the SCU Lightning Complex Fire in the Alameda Watershed burned nearly 400,000 acres including 10,500 acres of SFPUC watershed property located in Alameda and Santa Clara Counties. Approximately 60 miles of SFPUC-owned security and grazing operation fencing was destroyed before the fire was 100 percent contained in early October 2020. The SFPUC fencing provided a security barrier to protect SFPUC Alameda watershed lands and regional water system infrastructure from trespass, vandalism and contamination of drinking water sources. On February 2, 2021 the Board of Supervisors approved the SFPUC's emergency declaration to replace and repair the fences for a total not-to-exceed amount of \$4.25 million (File No. 21-0008).

Following a Request for Quotes process, SFPUC selected two vendors to complete the fence repair and replacement work. On March 18, 2021, SFPUC awarded a contract to All Commercial Fence, Inc., and on April 16, 2021, SFPUC awarded a contract to Ranch Fence, Inc. Work is assigned by task order and payment is based on actual material quantities installed. SFPUC does not anticipate additional solicitations.

Work Completed

All Commercial Fence started work on March 1, 2021 and so far has built approximately 6.5 miles of fencing. All Commercial Fence has completed sections A1, B3, B1, and 75 percent of A4 (See attached Map). Following Board approval of the pending resolution, All Commercial Fence would continue working on sections A4 and B4.

Ranch Fence started work on July 1, 2021, but since has paused work due to staffing shortages, and anticipates beginning work again in October. Ranch Fence has built approximately 6.5 miles so far, including the completion of section A3 and the east-west portion of B2. Their next work would be the remaining north-south portion of B2.

Between the two contractors, over the past six months approximately 13 miles of fencing has been completed, and 47 miles remain. The total cost of fencing that has been built is \$1,339,969, or 32 percent of the original not to exceed emergency declaration amount of \$4.25 million.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve an updated emergency declaration of the San Francisco Public Utilities Commission (SFPUC) to replace and repair fences on SFPUC watershed land in the Alameda watershed damaged by the SCU Lightning Complex Fire, increasing the total not to exceed amount from \$4,250,000 to \$11,000,000.

Change in Estimated Repair Needs

The original repair estimate of 50 miles of fencing was based on inspection of a limited number sites and conversation with ranch tenants. Since the original approval of the emergency declaration, SFPUC staff have completed field inspections of the entire affected property and have determined that 60 miles of fencing are required with additional posts and gates to ensure the fencing is sufficiently strong to contain cattle and properly secure the watershed lands. In addition, SFPUC determined that the complexity of the work requires hiring a construction management firm to oversee the two repair contractors. SFPUC estimates that all the work will be completed by the end of 2023.

Construction Management Firm

SFPUC determined that in-house staffing was insufficient to manage the construction project, and that contracted construction management services were needed. Included in the proposed new, not to exceed amount is a contract for \$1,953,000 between the SFPUC and the construction management consultant Townsend Management, Inc./CM Pros JV for a duration of 31 months. The emergency construction management contract was awarded in June 2021 following a Request for Proposals process in which Townsend Management, Inc./CM Pros JV received the highest score out of the three proposals submitted and reviewed by a panel of subject matter experts. The primary role of the consultant is to provide construction administration, change management and construction inspection (i.e. quality control).¹

FISCAL IMPACT

Exhibit 1 below details the costs of the proposed emergency work.

¹ Request For Proposals: Emergency CM Services for the SCU Complex Fire Fence, Agreement No. PUC.PRO.0201, February 23, 2021. SFPUC Manager John Scarpulla said that although the RFP states the contract duration was to be for 18 months, the RFP was prepared and the agreement was executed before additional time could be spent evaluating the difficulties associated with the rugged terrain and remote work locations and experience based on the initial invoicing could be applied to the update cost estimate, which is for 31 months.

Exhibit 1: Estimated Total Budget to Replace Fire Impacted SFPUC Fencing

Description	Quantity	Unit Price	Total Cost

Total Construction Costs			\$8,938,600
Construction Management	31 months	\$63,000	\$1,953,000
Total			\$10,891,600

Source: SFPUC

The unit prices used for the budget estimate are the rates per the contract with All Commercial Fence. This firm may be required to build the rest of the fencing, if Ranch Fence does not return to the project, or stops work again.

Because the projected costs are \$10.9 million, we recommend reducing the proposed resolution’s not-to-exceed amount to \$10.9 million.

Sources of Funding

Fencing located in Santa Clara County will be eligible for reimbursement under FEMA’s Fire Management Assistance Grant (FMAG). Alameda County is not currently considered eligible for FMAG funding. SFPUC estimates that since approximately 68 percent of the damaged fencing is in Santa Clara County, therefore \$7.48 million is expected be reimbursed. The remaining \$3.52 million in costs will be funded by SFPUC Water Enterprise funds.

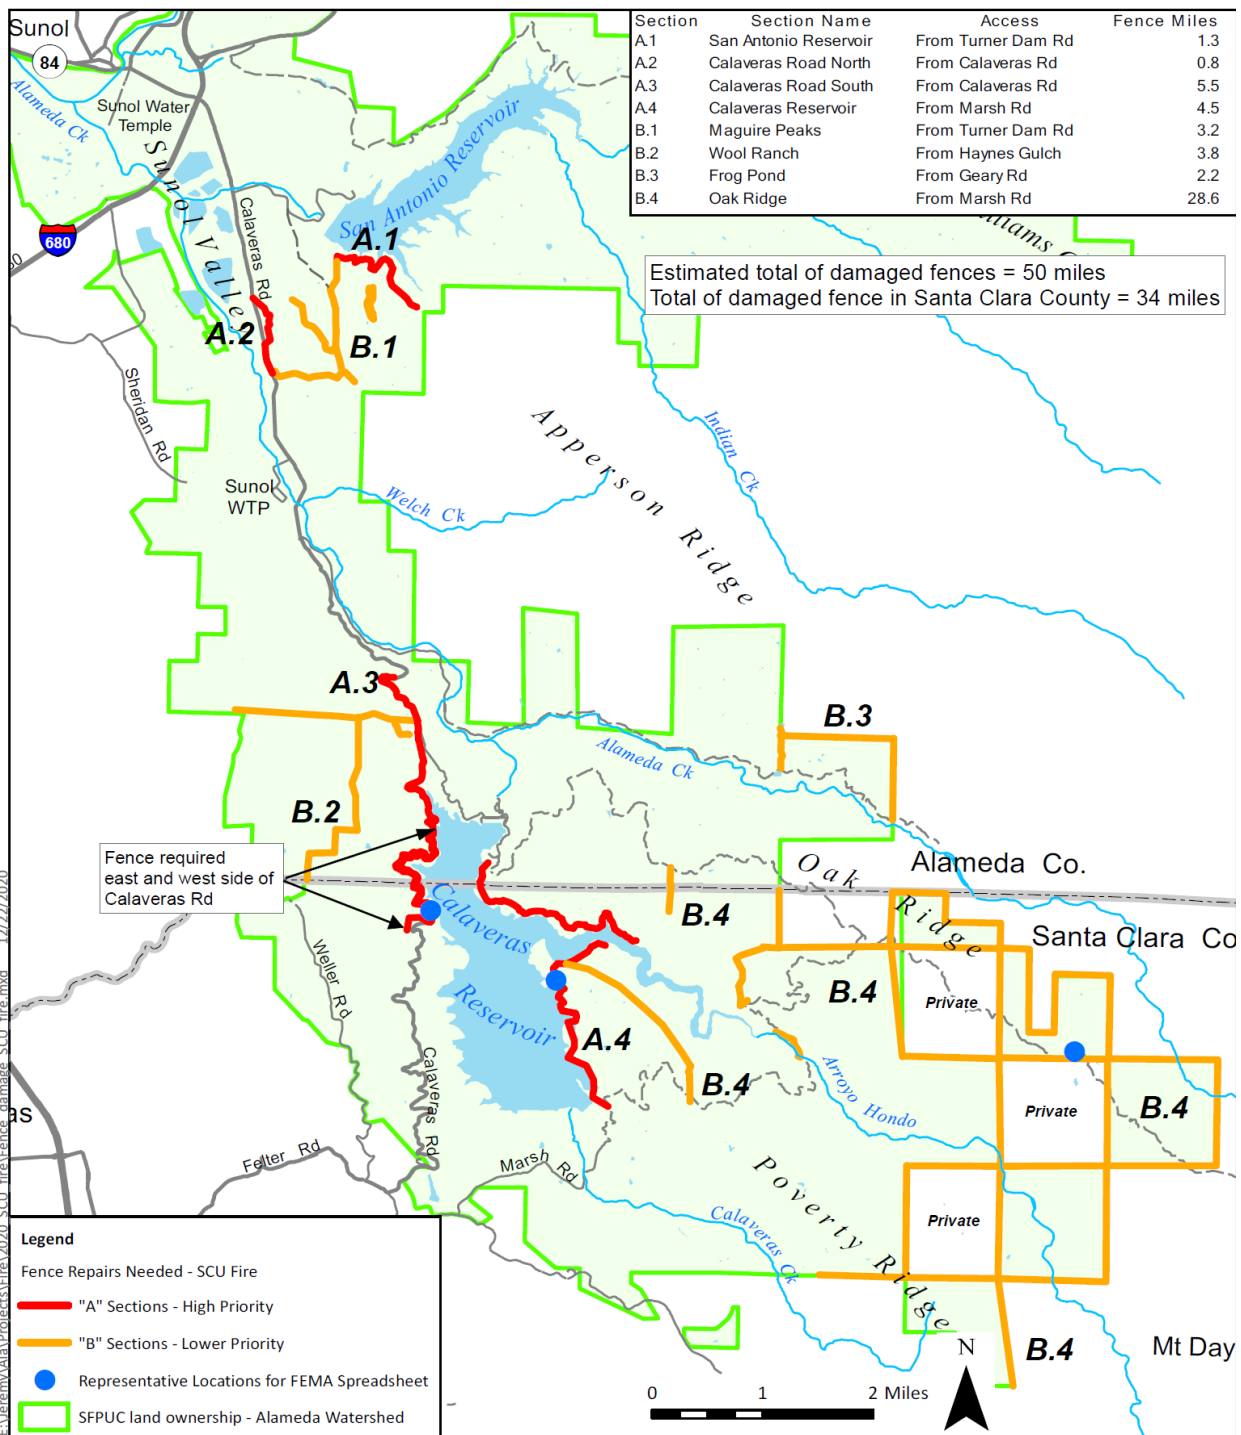

POLICY CONSIDERATIONS

In approving the emergency work, the Board granted SFPUC exemption from requirements of Chapter 6 of the Administrative Code which contains policies and procedures for the City’s public works contracting; Chapters 12A, 12B and 12C of the Administrative Code which contain policies related to nondiscrimination in contracts; and Chapter 14B of the Administrative Code which contains policies for local hiring in the City’s contracting process.

RECOMMENDATIONS

1. Reduce the proposed total not-to-exceed-amount by \$100,000, from \$11,000,000 to \$10,900,000 to reflect a revised budget with updated staffing costs provided by SFPUC.
2. Approve the proposed resolution.

INTER-OFFICE MEMORANDUM

Date: July 27, 2021

To: Commissioner Sophie Maxwell
President, San Francisco Public Utilities Commission

From: Michael Carlin *(MURC)*
Acting General Manager

Subject: **Revised Declaration of Emergency – Replacement and Repair of Fences damaged in the SCU Lightning Complex Fire**

Beginning on August 16, 2020, numerous lightning strikes ignited the SCU Lightning Complex Fire (SCU Fire) that burned approximately 10,500 acres of SFPUC Alameda watershed property and damaged or destroyed approximately 50 miles of security and grazing operation fencing.

In a memorandum addressed to you dated October 19, 2020, Harlan L. Kelly declared an emergency due to the destruction of, and need to repair, fencing at the SFPUC Alameda watershed lands, with an amount not anticipated to exceed \$4.5 million. You provided your written concurrence and approval.

He declared the emergency pursuant to Chapter 6.60 of the Administrative Code of the City and County of San Francisco, which pertains to emergency contracting for public works.

Staff have now collected additional information about the actual costs of replacing and repairing the damaged fencing based on the bids and initial invoicing that SFPUC received for the emergency fencing (WD-2881.E 2020 SCU Lightning Complex Fire Impacted Fencing Replacement and Repair) contracts. Staff have determined that the estimated quantities and length of replacement and repair required are more substantial than initially estimated based on further site investigations, including field-confirmed measurement of damaged fencing that was documented after the first sections were built compared to the original estimate used to determine the initial quantities. Consequently, staff have updated the budget to reflect an increase of approximately 10 miles of fencing in addition to the original 50 miles estimated, for a total of 60 miles. These increased costs and quantities are due to topographical realities of these rugged environments, and costs associated with working in these remote locations. work is required and will utilize contracted construction management services. The initial oversight and inspection work in the rugged terrain and the large amount of fence replacement and repair necessary was used to estimate construction management services costs. With this additional information, staff believe that the anticipated cost of the work will be substantially more than the initial \$4.5 million estimate. Staff now estimate the cost of the work beyond the capabilities of City forces is not anticipated to exceed \$11 million.

I am therefore updating the October 19, 2020 declaration of an emergency to reflect this change - an increase in the anticipated not to exceed cost from \$4.5 million to \$11 million. I trust that this meets with your concurrence and approval.

INTER-OFFICE MEMORANDUM

Date: October 19, 2020

To: Commissioner Sophie Maxwell
 President, San Francisco Public Utilities Commission

From: Harlan L. Kelly, Jr. 
 General Manager

Subject: **Declaration of Emergency – Replacement and Repair of Fences damaged in the SCU Lightning Complex Fire**

In accordance with Chapter 6, Article IV, Section 6.60(d) of the Administrative Code of the City and County of San Francisco, I am declaring an emergency on behalf of the San Francisco Public Utilities Commission (SFPUC).

Beginning on August 16, numerous lightning strikes ignited what was eventually labeled the SCU Lightning Complex Fire (SCU Fire) that ultimately burned 396,624 acres, including approximately 10,500 acres of SFPUC Alameda watershed property. On SFPUC property, the SCU Fire damaged or destroyed approximately 50 miles of security and grazing operation fencing. This fencing needs to be repaired and/or replaced immediately to reestablish the security barrier to protect SFPUC Alameda watershed lands and regional water system infrastructure from trespass, vandalism, and contamination of drinking water sources (e.g., Calaveras and San Antonio Reservoirs). The fencing ensures that cattle from SFPUC grazing tenants remain separated from public roadways, drinking water sources, and sensitive environmental resources.

According to Chapter 6.60 of the Administrative Code, an "actual emergency" means a sudden, unforeseeable and unexpected occurrence involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of or damage to, life, health, property or essential public services. Unrestrained cattle and the risk of trespass at the facilities have created a clear and imminent danger to the safety of drivers, the integrity of infrastructure, and the quality of drinking water. The prompt erection of replacement fencing is needed to prevent such dangers.

This request for emergency declaration is for contract resources to repair and/or replace approximately 50 miles of security and grazing operation fencing. The work needs to occur as soon as possible and is beyond the capabilities of City forces. The estimated cost of this emergency work exceeds the threshold amount of \$250,000 which requires Board of Supervisors' review and approval. The actual estimate for the work is not anticipated to exceed \$4.5 million.

I am therefore declaring the existence of an emergency. I trust that this meets with your concurrence and approval.

00 52 00 AGREEMENT APPENDIX 1
FEMA EMERGENCY & EXIGENCY CONTRACTS REQUIREMENTS

- 1. Contract Requirements.** This contract may be eligible for FEMA funding. FEMA requires inclusion of the following contract provisions for procurement under exigent or emergency circumstances. The Parties must comply with these provisions as a minimum. In the event of a conflict with other provisions in this contract that address the same or a similar requirement, the provisions that are stricter and impose the greater duties upon Contractor shall apply.
- 2. Remedies for Breach.** In addition to all other remedies included in this contract, Contractor shall, at a minimum, be liable to the City for all foreseeable damages it incurs as a result of Contractor violation or breach of the terms of this contract. This includes without limitation any costs incurred to remediate defects in Contractor's services and/or the additional expenses to complete Contractor's services beyond the amounts agreed to in this contract, after Contractor has had a reasonable opportunity to remediate and/or complete its services as otherwise set for in this contract. All remedies provided for in this contract may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.
- 3. Termination for Convenience.** City shall have the option, in its sole discretion, to terminate this Contract, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective. In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs reasonably necessary to effectuate demobilization from the work.
- 4. Termination for Cause.** On and after any event of default, City shall have the right to exercise its legal and equitable remedies, including without limitation, the right to terminate this contract for cause or to seek specific performance of all or any part of this contract. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any event of default. Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this contract or any other contract between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such event of default and any liquidated damages due from Contractor pursuant to the terms of this contract or any other contract.
- 5. Equal Employment Opportunity.** If this contract constitutes a "federally assisted construction contract" as defined in 41 C.F.R. §60-1.3, during the performance of this contract, Contractor agrees as follows:

A. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national

origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

B. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

C. The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

D. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

E. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

F. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

G. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and

such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

H. The Contractor will include the provisions of this section 5 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The City further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the City is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The City agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The City further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the City agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

B. **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (A) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, Contractor and subcontractor(s) shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (A) of this section, in the sum of \$26 for each calendar day on which such individual was required or

permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (A) of this section.

C. **Withholding for unpaid wages and liquidated damages.** The City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (B) of this section.

D. **Subcontracts.** The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs (A) through (D) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. (Temporary Substitute Auto Physical Damage)

A. TEMPORARY SUBSTITUTE AUTO PHYSICAL DAMAGE

SECTION I – COVERED AUTOS, paragraph C. **Certain Trailers, Mobile Equipment and Temporary Substitute Autos** is amended by adding the following at the end of the existing language:

If Physical Damage Coverage is provided under this Coverage form for an "auto" you own, the Physical Damage coverages provided for that owned "auto" are extended to any "auto" you do not own while used with the permission of its owner as a temporary substitute for the covered "auto" you own that is out of service because of its breakdown, repair, servicing, "loss", or destruction

B. BROADENED LIABILITY COVERAGES

SECTION II – LIABILITY COVERAGE in Paragraph A. **Coverage at 1. Who Is An Insured** is amended to include the following:

(Broad Form Insured)

- d. Any legally incorporated subsidiary in which you own more than 50% of the voting stock on the effective date of the Coverage Form. However, the Named Insured does not include any subsidiary that is an "insured" under any other automobile policy or would be an "insured" under such a policy but for its termination or the exhaustion of its Limit of Insurance.
- e. Any organization that is acquired or formed by you, during the term of this policy and over which you maintain majority ownership. However, the Named Insured does not include any newly formed or acquired organization:
 - (1) That is a joint venture or partnership,
 - (2) That is an "insured" under any other policy,
 - (3) That has exhausted its Limits of Insurance under any other policy, or
 - (4) 180 days or more after its acquisition or formation by you, unless you have given us notice of the acquisition or formation

Coverage does not apply to "bodily injury" or "property damage" that results from an accident that occurred before you formed or acquired the organization.

(Employee as Insureds)

- f. Any employee of yours while acting in the course of your business or your personal affairs while using a covered "auto" you do not own, hire or borrow.

(Additional Insured Status by Contract, Agreement or Permit)

 - (1) Currently in effect or becoming effective during the term of this policy; and
 - (2) Executed prior to the "bodily injury" or "property damage."

The additional insured status will apply only with respect to your liability for "bodily injury" or "property damage" which may be imputed to that person(s) or organization(s) directly arising out of the ownership, maintenance or use of the covered "autos" at the location(s) designated, if any.

Coverage provided by this endorsement will not exceed the limits of liability required by the written contract or written agreement even if the limits of liability stated in the policy exceed those limits. This endorsement shall not increase the limits stated in **Section II. C. Limits of Insurance**.

For any covered "auto" you own this Coverage Form provides primary coverage.

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s):

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expenses caused by accidents under Section I – Coverage C, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
 - 1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 - 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage A, except damages because of "bodily injury " or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage C regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 - 3. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 - 4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

- B.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expenses caused by accidents under Section I – Coverage C, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C.** When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.
- D.** If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E.** The provisions of Section III – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

INTER-OFFICE MEMORANDUM

Date: October 19, 2020
To: Commissioner Sophie Maxwell
President, San Francisco Public Utilities Commission
From: Harlan L. Kelly, Jr. 
General Manager
Subject: Declaration of Emergency – Replacement and Repair of
Fences damaged in the SCU Lightning Complex Fire

In accordance with Chapter 6, Article IV, Section 6.60(d) of the Administrative Code of the City and County of San Francisco, I am declaring an emergency on behalf of the San Francisco Public Utilities Commission (SFPUC).

Beginning on August 16, numerous lightning strikes ignited what was eventually labeled the SCU Lightning Complex Fire (SCU Fire) that ultimately burned 396,624 acres, including approximately 10,500 acres of SFPUC Alameda watershed property. On SFPUC property, the SCU Fire damaged or destroyed approximately 50 miles of security and grazing operation fencing. This fencing needs to be repaired and/or replaced immediately to reestablish the security barrier to protect SFPUC Alameda watershed lands and regional water system infrastructure from trespass, vandalism, and contamination of drinking water sources (e.g., Calaveras and San Antonio Reservoirs). The fencing ensures that cattle from SFPUC grazing tenants remain separated from public roadways, drinking water sources, and sensitive environmental resources.

According to Chapter 6.60 of the Administrative Code, an "actual emergency" means a sudden, unforeseeable and unexpected occurrence involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of or damage to, life, health, property or essential public services. Unrestrained cattle and the risk of trespass at the facilities have created a clear and imminent danger to the safety of drivers, the integrity of infrastructure, and the quality of drinking water. The prompt erection of replacement fencing is needed to prevent such dangers.

Services of the San Francisco Public Utilities Commission

OUR MISSION: To provide our customers with high-quality, efficient and reliable water, power and sewer services in a manner that values environmental and community interests and sustains the resources entrusted to our care.

This request for emergency declaration is for contract resources to repair and/or replace approximately 50 miles of security and grazing operation fencing. The work needs to occur as soon as possible and is beyond the capabilities of City forces. The estimated cost of this emergency work exceeds the threshold amount of \$250,000 which requires Board of Supervisors' review and approval. The actual estimate for the work is not anticipated to exceed \$4.5 million.

I am therefore declaring the existence of an emergency. I trust that this meets with your concurrence and approval.

12 property and welfare of the SFPUC water customers in San Francisco, San Mateo, Santa
13 Clara and Alameda Counties; and

14 WHEREAS, Beginning on August 16, 2020, numerous lightning strikes ignited the SCU

2 separated from public roadways, drinking water sources, and sensitive environmental
3 resources; and

4 WHEREAS, Any delay to replacing and repairing the approximately 50 miles of fences
5 damaged in the SCU Lightning Complex Fire poses a risk to the security and quality of water

7 deliveries; and

8 WHEREAS, While living in the global pandemic, COVID-19, water quality is an
9 essential service that will impact public health and safety for 2.7 million water customers; and

13 include, “ ... [t]he breakdown or imminent breakdown of any plant, equipment, structure, street
14 or public work necessitating immediate emergency repair or reconditioning to safeguard the
15 lives or property of the citizens, or the property of the City and County, or to maintain the
16 public health and welfare ...”; and

17 WHEREAS, On October 19, 2020, the SFPUC General Manager declared an
18 emergency, approved by the President of the San Francisco Public Utilities Commission, to
19 replace and repair the fences damaged in the SCU Fire in order reestablish the security
20 barrier to protect SFPUC Alameda watershed lands; and

21 WHEREAS, Administrative Code, Section 6.60(d), requires the SFPUC General
22 Manager to seek the Board of Supervisors’ approval in all cases where the estimated cost of
23 the emergency work exceeds \$250,000; and

24 WHEREAS, The SFPUC General Manager estimates that replacing and repairing the
25 fences damaged in the SCU Fire will not exceed \$4,250,000; and

1 WHEREAS, The SFPUC has reached out to vendors with the appropriate C-13 fencing
2 contractor licenses to request quotes for the emergency work, with the intention to award
3 multiple emergency contracts with a total cumulative amount not to exceed \$4,250,000; and

4 WHEREAS, The Controller has certified that funds are available for this emergency
5 work and contract; now, therefore, be it

6 RESOLVED, That the Board of Supervisors approves, under Administrative Code,
7 Section 6.60, the SFPUC General Manager’s emergency determination dated October 19,
8 2020, to replace and repair the fences damaged in the SCU Lightning Complex Fire for a total
9 cost not to exceed \$4,250,000, and be it

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, CCSF - 5 (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

00 52 00 AGREEMENT APPENDIX 1
FEMA EMERGENCY & EXIGENCY CONTRACTS REQUIREMENTS

- 1. Contract Requirements.** This contract may be eligible for FEMA funding. FEMA requires inclusion of the following contract provisions for procurement under exigent or emergency circumstances. The Parties must comply with these provisions as a minimum. In the event of a conflict with other provisions in this contract that address the same or a similar requirement, the provisions that are stricter and impose the greater duties upon Contractor shall apply.
- 2. Remedies for Breach.** In addition to all other remedies included in this contract, Contractor shall, at a minimum, be liable to the City for all foreseeable damages it incurs as a result of Contractor violation or breach of the terms of this contract. This includes without limitation any costs incurred to remediate defects in Contractor's services and/or the additional expenses to complete Contractor's services beyond the amounts agreed to in this contract, after Contractor has had a reasonable opportunity to remediate and/or complete its services as otherwise set for in this contract. All remedies provided for in this contract may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.
- 3. Termination for Convenience.** City shall have the option, in its sole discretion, to terminate this Contract, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective. In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs reasonably necessary to effectuate demobilization from the work.
- 4. Termination for Cause.** On and after any event of default, City shall have the right to exercise its legal and equitable remedies, including without limitation, the right to terminate this contract for cause or to seek specific performance of all or any part of this contract. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any event of default. Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this contract or any other contract between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such event of default and any liquidated damages due from Contractor pursuant to the terms of this contract or any other contract.
- 5. Equal Employment Opportunity.** If this contract constitutes a "federally assisted construction contract" as defined in 41 C.F.R. §60-1.3, during the performance of this contract, Contractor agrees as follows:

A. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national

origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

B. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

C. The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

D. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

E. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

F. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

G. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and

such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

H. The Contractor will include the provisions of this section 5 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The City further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the City is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The City agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The City further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the City agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

B. **Subcontracts.** The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

C. **Breach.** A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

B. **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (A) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, Contractor and subcontractor(s) shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (A) of this section, in the sum of \$26 for each calendar day on which such individual was required or

permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (A) of this section.

C. **Withholding for unpaid wages and liquidated damages.** The City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (B) of this section.

D. **Subcontracts.** The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs (A) through (D) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (A) through (D) of this section.
