Dear Supervisors,

On behalf of the Hotel Council of San Francisco, and our Board of Directors, I am writing to recognize the significant progress, to date, that the San Francisco Police Department has made toward the reforms that have been required of them. We support the important work that the department has been doing and thank Chief Scott and the entire department for their commitment to delivering reform. While there will continue to be room for improvement, it is apparent that the department is committed to the important work that has been requested from them.

We must rebuild trust between our peace officers and the citizens they are sworn to protect. One of the best ways to do that is to increase local foot beat patrol officers in high traffic areas so they are

part of the community. A greater neighborhood police presence will ensure greater mutual understanding and safety. San Francisco has long been a leader in understanding the importance of diversity, equity, and inclusion in its police force. We can always do better, but we appreciate Chief Scott's vision and leadership on rooting out systemic racism and unrealized bias.

Again, we thank and recognize the SFPD's efforts to deliver on reform.

Sincerely,

Kevin
