14 Section 1. Environmental and General Findings.

15 (a) The Planning Department has determined that the actions contemplated in this

16 ordinance comply with the California Environmental Quality Act (California Public Resources

- 17 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
- 18 Supervisors in File No. 250592 and is incorporated herein by reference. The Board affirms
- 19 this determination.
- 20 (b) On \_\_\_\_\_, at a duly noticed public hearing, the Building Inspection

21 Commission considered this ordinance in accordance with Charter Section 4.121 and Building

- 22 Code Section 104A.2.11.1.1. A copy of a letter from the Secretary of the Building Inspection
- 23 Commission regarding the Commission's recommendation is on file with the Clerk of the
- 24 Board of Supervisors in File No. \_\_\_\_\_.
- 25

(c) No local findings are required under California Health and Safety Code Section
 17958.7 because the amendments to the Building Code contained in this ordinance do not
 regulate materials or manner of construction or repair, and instead relate in their entirety to
 administrative procedures for implementing the Code, which are expressly excluded from the
 definition of a "building standard" by California Health and Safety Code Section 18909(c).

6 (d) The Department of Building Inspection submitted a report describing the basis for
7 modifying various fees in the Building Code. Said report is on file with the Clerk of the Board
8 of Supervisors in File No. 250592.

1 Director, in his or her discretion, may require an applicant or permittee to pay a sum in excess 2 of the subject fee amounts. This additional sum shall be sufficient to recover actual costs that 3 the Department incurs and shall be charged on a time and materials basis. The Director also may charge for any time and materials costs that other agencies, boards, commissions, or 4 5 departments of the City, including the City Attorney's Office, incur in connection with the 6 processing or administration of a particular application, action, or procedure. Whenever 7 additional fees are or will be charged, the Director, upon request of the applicant or permittee, 8 shall provide in writing the basis for the additional fees or an estimate of the additional fees to 9 be charged.

 13 separately at the time of application.

14 (f) Beginning with fiscal year 2006-2007, the fees which are established herein may 15 be adjusted each year, without further action by the Board of Supervisors, to reflect changes 16 in the relevant Consumer Price Index, as determined by the Controller. No later than April 17 15th of each year, the Director shall submit the Department's current fee schedule to the 18 Controller, who shall apply the price index adjustment to produce a new fee schedule for the 19 following year. No later than May 15th of each year, the Controller shall file a report with the 20 Board of Supervisors reporting the new fee schedule and certifying that: (a) the fees produce 21 sufficient revenue to support the costs of providing the services for which the fee is charged and (b) the fees do not produce revenue that exceeds the costs of providing the services for 22 23 which each permit fee is charged. Notwithstanding the procedures set forth in this Section, the Board of Supervisors, in its discretion, may modify the fees at any time. 24
