Resolution to uphold San Francisco's values and support for residents with Temporary Protected Status (TPS), recognizing their invaluable contributions to our community, and urging the California federal delegation to urge the United States Congress to establish a permanent pathway for TPS holders.

WHEREAS, San Francisco is a city that celebrates its diversity and cultural richness, where we uphold our values of inclusion and welcoming residents from all backgrounds, ethnicities, genders, beliefs, and nationalities, and with a long history of embracing individuals who flee violence, persecution, and economic hardship from various countries, religions, and cultures seeking refuge; and

WHEREAS, Temporary Protected Status (TPS) is a long-established program granted by the United States government, granting a protected designation to individuals from specific countries who cannot return to their country-of-origin due circumstances that pose a threat to their lives and physical safety, such as ongoing armed conflict, the repercussions of natural and environmental disasters, political violence, and

WHEREAS, TPS has been granted to groups of eligible individuals for over several decades, and currently encompasses 16 countries and approximately 1,095,115, (calculated as of September 30, 2024), from El Salvador, Haiti, Honduras, Nepal, Nicaragua, Somalia, South Sudan, Sudan, Syria, Yemen, Venezuela, Ukraine, Afghanistan, Ethiopia, Cameroon, and Burma, who have established their lives in the United States (U.S.), and built families with now U.S. citizen spouses, children and grandchildren; and

WHEREAS, A termination of these programs will cause irreparable harm to recipient individuals and their families, many of whom have children who are United States citizens,

and would be detrimental to the communities where they live, are woven into the fabric of everyday life, and relied upon as vital members of society; and

WHEREAS, TPS beneficiaries have lived in the U.S. for an average of 27 years; and WHEREAS, California has the fourth-largest population of TPS beneficiaries in the nation, totaling approximately 73,000 individuals; and

WHEREAS, The Trump Administration, through the Department of Homeland Security (DHS), has issued orders successively from February through July 2025 to terminate TPS for immigrants from Haiti, Venezuela, Honduras, Nicaragua, Nepal, Afghanistan, and Cameroon, with more terminations for additional countries expected in the future; and

WHEREAS, These terminations will impact hundreds of thousands of individuals and their families, who have built lives and families in the U.S. for over two decades, many of whom are essential workers, and who contribute significantly to the economy as tax paying residents; and

WHEREAS, There are multiple lawsuits against the Trump Administration regarding TPS, alleging the termination of TPS countries is racially motivated and discriminatory, given multiple statements by officials of the administration, disparaging TPS holders as "criminals", "terrorists," "murderers," and prohibited by the Equal Protection Clause of the Fifth Amendment; and

WHEREAS, The San Francisco City Attorney has filed amicus briefs in support of Plaintiffs in TPS lawsuits; and

WHEREAS, The most recent pending lawsuits at minimum request extensions for TPS holders from Haiti, Honduras, Nicaragua, Nepal, to allow families to prepare, which might include submitting petitions to adjust their status, or make arrangements to mitigate the harms to their families, in the event the rescission of their TPS forces them to leave; and

WHEREAS, Plaintiffs also seek a preliminary order postponing the effective date of the terminations while the litigation moves forward in court, and if granted, the order would prevent the terminations from taking effect until the court reaches a final decision in the case, allowing people from Nepal, Honduras, and Nicaragua with TPS to continue to be protected against detention and deportation, and have work authorization, while the case is litigated; and

WHEREAS, Plaintiffs are ultimately seeking an order setting aside the terminations as unlawful, and if granted, would mean the challenged terminations can never take effect, and only DHS would be able to make new decisions, following proper procedures and based on objective country conditions, about whether to extend or terminate TPS; and

WHEREAS, The countries involved in these many lawsuits, Venezuela, Haiti, Honduras, Nicaragua, and Nepal, continue to demonstrate unstable in-country conditions that threaten the safety of TPS holders, and the remaining countries also continue to experience dangerous circumstances; and

WHEREAS, The City and County of San Francisco has a long history as a Sanctuary City, and has recently reaffirmed its commitment to its robust immigrant community, recognizing that our local laws upholding Sanctuary make our entire city stronger and safer for everyone; and

WHEREAS, The contributions of our immigrant families are innumerable, including, but not limited to, a strong, essential, tax-paying workforce that pays-in approximately \$21 billion annually to the U.S. economy, in addition to paying \$5.2 billion in combined federal, payroll, state, and local taxes; and

WHEREAS, TPS beneficiaries and their families have strong connections to San Francisco, the Bay Area, and other communities throughout the country, and have started businesses, built community bonds, purchased homes, and made significant contributions to

the social, cultural, and economic fabric of cities and the nation as a whole; now, therefore, be it

RESOLVED, That the San Francisco Board of Supervisors fully upholds San Francisco's values and support for residents with TPS, recognizing their invaluable contributions to our community; and, be it

FURTHER RESOLVED, To urge the California federal delegation, including Congresswoman Speaker Emerita Nancy Pelosi, and Senators Alex Padilla, and Adam Schiff, and the United States Congress, to work to keep families together and establish a permanent pathway for TPS holders, and in the meantime, allow for TPS extensions until there are options for over 1 million TPS holders to adjust their legal status.
