Clinical Trial Indicator: No

This award does not support any NIH-defined Clinical Trials. See the NIH Grants Policy Statement Section 1.2 for NIH definition of Clinical Trial.

AWARD NOTICE:

This award has been made in response to the application submitted under the Funding Opportunity Announcement PA-20-144 which can be referenced at: <https://grants.nih.gov/grants/guide/pa-files/PA-20-144.html>.

DELAYED AWARD:

The budget period start date of this award has been delayed due to the late submission of an acceptable other support document. Allowable pre-award costs may be charged in accordance with the conditions outlined in the NIH Grants Policy Statement

(<http://grants.nih.gov/grants/policy/nihgps/index.htm>) and in accordance with recipient organizational requirements for prior approval.

CONTINUING RESOLUTION:

NIH is currently operating under a Continuing Resolution (<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-24-039.html>). Therefore, this noncompeting award has been made at 90% of the amount committed for FY24 in the previous Notice of Award. If the final appropriation permits, adjustments may be made up to the FY24 funding plan level.

OTHER SUPPORT TIME COMMITMENT:

Commitment overlap is not permitted and occurs when an individual's time commitment exceeds 100 percent (i.e., 12 person months), whether or not salary is requested. Therefore, no individual's time commitment may exceed 100 percent. Reductions in NIH support due to commitment overlap must be made in accordance with NIH policy as outlined in the NIH Grants Policy Statement.

CONSORTIUM / CONTRACTUAL COSTS:

This award includes funds for consortium activity with **University of Colorado Denver, University of California San Francisco, Lyon Martin Community Health Services, and City and County of San Francisco (San Francisco Department of Public Health)**. Each consortium is to be established and administered in accordance with the NIH Grants Policy Statement (<http://grants.nih.gov/grants/policy/nihgps/index.htm>). No foreign performance site may be added to this project without the written prior approval of the National Institute of Mental Health.

PARTICIPANT RECRUITMENT - MILESTONES:

Future NIMH support for this study is contingent upon adequate participant recruitment based on projected milestones as approved in the Recruitment Milestone Reporting system (RMR) on 03/01/2023. It is expected that **32** of the **200** total projected participants will be recruited by **12/01/2024**. This tri-yearly recruitment report should be submitted electronically to NIMH after each milestone period of April 1, August 1 and December 1 at: <http://wwwapps.nimh.nih.gov/rmr/displayHome.action>. In the event that actual recruitment falls significantly below projected milestones, NIMH may consider withholding future support and/or negotiating an orderly phase-out of this study. Information regarding the NIMH Policy for the Recruitment of Participants in Clinical Research is available at: <https://grants.nih.gov/grants/guide/notice-files/NOT-MH-19-027.html>.

DATA AND SAFETY MONITORING:

This grant is subject to the clinical research policies outlined in NOT-MH-19-027. The recipient will adhere to the NIH (NIH GPS 4.1.15) and NIMH policies (NOT-MH-19-027) including appropriately providing adequate data and safety monitoring and timely reporting of key events as defined in the NIMH Reportable Events Policy.
