EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolution (File 24-1171) would authorize the issuance and sale of not to exceed \$40,000,000 in Taxable General Obligation Bonds (Series 2025E) and approve associated transaction documents. The proposed ordinance (File 24-1170) would appropriate \$40,000,000 of Series 2025E bond proceeds to the Mayor's Office of Housing and Community Development (MOHCD) to acquire, improve and rehabilitate, and to convert residential buildings to permanent affordable housing, and placing these funds on Controller's Reserve pending the sale of General Obligation Bonds in FY 2024-25.

Key Points

- In 1992, San Francisco voters approved Proposition A, which authorized \$350 million of general obligation bonds to provide loans for seismic improvements of buildings. In 2016, San Francisco voters approved Proposition C, which amended this authorization to add the eligibility to finance the cost to acquire, improve, and rehabilitate and to convert at-risk multi-unit residential buildings to affordable housing and to perform needed safety upgrades for habitability. The program is now known as the Preservation and Seismic Safety (PASS) bond program and is administered by MOHCD. Of the \$350 million bond authorization, \$85,684,550 remains available for future bond issuances.
- MOHCD has announced two projects that would receive PASS financing from the proposed bond sale proceeds: (1) Larkin Pine Senior Housing (rehabilitation of 63 units, adding five units, and converting existing units from SROs to studios), and (2) 2901 16th Street (acquisition and rehabilitation of 55 studios, two SROs, and eight commercial units for affordable housing). MOHCD reports that additional loans are currently under negotiation.

Fiscal Impact

- Based on an estimated 6.88 percent true interest cost and an anticipated par amount of \$38.3 million, the total debt service paid over the estimated 40-year term of the bonds is approximately \$109.7 million, or approximately \$2.7 million per year.
- OPF estimates that the increase in property tax rates from the bonds would range from \$0.05 to \$0.75 per \$100,000 of assessed valuation over the 40-year term of the bonds.

Recommendations

- Amend the proposed ordinance in File 24-1170 to correctly state that the funds would be placed on Controller's Reserve pending the sale of general obligation bonds.
- Approve the proposed resolution and ordinance as amended.

MANDATE STATEMENT

City Charter Section 9.106 states that the Board of Supervisors approves the issuance of general obligation bonds. Section 9.106 also limits outstanding general obligation bond indebtedness to three percent of the assessed value of all taxable real and personal property located within the City.

City Charter Section 9.105 states that amendments to the Annual Appropriation Ordinance are subject to Board of Supervisors approval by ordinance after the Controller certifies the availability of funds.

BACKGROUND

In 1992, San Francisco voters approved Proposition A, which authorized \$350 million of general obligation bonds for the Seismic Safety Loan Program (SSLP), to provide loans for seismic improvements of buildings. Of this amount, \$150 million was allocated for affordable housing buildings and \$200 million was allocated for commercial or other buildings.

In 2016, San Francisco voters approved Proposition C, which amended the Proposition A authorization to add the eligibility to finance the cost to acquire, improve, and rehabilitate and to convert at-risk multi-unit residential buildings to affordable housing and to perform needed safety upgrades for habitability. The program is now known as the Preservation and Seismic Safety (PASS) bond program and is administered by the Mayor’s Office of Housing and Community Development (MOHCD).

Under the PASS program, the City may provide loans at market rate or below market. Borrowers of below-market rate loans pay back the borrowed principal and one third of the City’s interest cost, leaving a net impact to the property tax levy of two-thirds of the interest cost. Additionally, for \$60 million of the \$150 million allocated for below-market rate loans, repayment of principal and interest is deferred for up to 55 years, which increases the property tax levy in the short term. Borrowers of market rate loans pay back the borrowed principal with an interest rate one percent greater than the City’s interest rate. MOHCD typically provides PASS loans to projects with both market rate and below market rate loan terms, which extends the below market rate lending pool to a broader set of borrowers while also providing them blended financing costs.

In February 2019, the Board of Supervisors approved the issuance and sale of \$260,684,550 in general obligation bonds for the PASS program, which was the remaining financing authority available under Proposition A. Of this authorization, \$175,000,000 in bonds have been issued to date, leaving \$85,684,550 of the financing authority available for future bond issuances.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution (File 24-1171) would authorize the issuance and sale of not to exceed \$40,000,000 in taxable general obligation bonds (Series 2025E) and approve associated transaction documents. The proposed ordinance (File 24-1170) would appropriate \$40,000,000 of Series 2025E general obligation bond proceeds to MOHCD to acquire, improve and rehabilitate, and convert at-risk multi-unit residential buildings to permanent affordable housing,

and placing these funds on Controller’s Reserve pending the receipt of general obligation bond proceeds in FY 2024-25.¹

MOHCD has announced two projects that would receive PASS loans from the proposed bond sale proceeds:

- **Larkin Pine Senior Housing:** Rehabilitation project of 63 units of senior housing owned by Chinatown Community Development Center for seismic safety, adding five units, and converting existing units from single-room occupancy (SROs) to studios. Estimated PASS budget of \$10,861,360.
- **2901 16th Street:** Acquisition and rehabilitation of 55 studios, two SROs, and eight commercial units by Mission Economic Development Agency for affordable housing. Estimated PASS budget of \$9,509,000.

MOHCD reports that additional loans are currently under negotiation.

FISCAL IMPACT

The proposed legislation would authorize the issuance and sale of general obligation bonds in an amount not to exceed \$40,000,000. The bond proceeds would be appropriated to MOHCD for the PASS program and placed on Controller’s Reserve. The sources and uses of bond proceeds are shown in Exhibit 1 below.

Exhibit 1: Estimated Sources and Uses of Bond Proceeds

Sources	Amount
Estimated Par	\$38,255,000
Reserve for Market Uncertainty	1,745,000
Total Sources	\$40,000,000

Uses	Amount
Project Fund	\$37,398,360
Cost of Issuance	627,110
General Obligation Bond Oversight Committee Fee (0.1% of Proceeds)	38,255
Underwriter’s Discount	191,275

Total Uses	\$40,000,000

Source: Office of Public Finance

Debt Service

The estimates above are based on good faith estimates provided to the Office of Public Finance (OPF) by Public Resources Advisory Group. Based on an estimated 6.88 percent true interest cost

¹ The proposed ordinance in File 24-1170 erroneously states that the funds would be placed on Controller’s Reserve pending the sale of Certificates of Participation. The Budget and Legislative Analyst recommends correcting this error to state that the funds would be placed on Controller’s Reserve pending the sale of general obligation bonds.

and an anticipated par amount of \$38.3 million, the total debt service paid over the estimated 40-year term of the bonds is approximately \$109.7 million, or approximately \$2.7 million per year. OPF and MOHCD believe that a 40-year term most closely aligns with the loan repayment term. The bond maturity date would be approximately June 2065.

Property Tax Impact

Repayment of debt service on general obligation bonds is recovered by increases to the property tax rate. As noted above, borrowers of PASS loans for below-market rate loans pay back the borrowed principal and one third of the City’s interest cost, leaving a net impact to the property tax levy of two-thirds of the interest cost. Borrowers of market rate loans pay back the borrowed principal with an interest rate one percent greater than the City’s interest rate. OPF estimates that the increase in property tax rates from the bonds would range from \$0.05 to \$0.75 per \$100,000 of assessed valuation over the anticipated 40-year term of the bonds. The owner of a property with an assessed valuation of \$600,000, assuming a homeowner’s exemption of \$7,000, would pay additional property taxes ranging from \$0.31 to \$4.52 per year if the \$38,255,000 in bonds are sold.

Debt Limit

Section 9.106 of the City Charter limits general obligation bond debt to three percent of the assessed value of the property in the City. As of November 1, 2024, the City had approximately \$2.23 billion in outstanding aggregate principal amount of general obligation bonds, equal to approximately 0.63 percent of the net assessed valuation for FY 2024-25. If all of the City’s authorized and unissued bonds were issued, the total general obligation bond debt would be 1.19 percent of the net assessed value in the City. If the proposed bond issuance is approved, the debt ratio would increase from 0.63 percent to approximately 0.65 percent.

Capital Plan

Under financial constraints adopted by the City’s Capital Planning Committee, debt service on approved and issued general obligation bonds may not increase property owners’ long-term property tax rates above FY 2005-06 levels. The FY 2005-06 property tax rate for the general obligation bond fund was \$120.13 per \$100,000 of assessed value. If the proposed bond issuance is approved, the property tax rate for general obligation bonds for FY 2024-25 would be maintained below the FY 2005-06 rate and within the Capital Planning Committee’s approved financial constraint.

RECOMMENDATIONS

1. Amend the proposed ordinance in File 24-1170 to correctly state that the funds would be placed on Controller’s Reserve pending the sale of general obligation bonds.
2. Approve the proposed resolution and ordinance as amended.

Hello Clerks,

Attached is an Ordinance appropriating \$40,000,000 of GO Bond proceeds from Series 2025E Affordable Housing to the Mayor's Office of Housing and Community Development (MOHCD) to acquire, improve and rehabilitate and to convert at-risk multi-unit residential buildings to permanent affordable housing; and placing these funds on Controller's Reserve pending the sale of the Certificates of Participation in Fiscal Year (FY) 2024-2025.

Please note, Supervisor Dorsey is a cosponsor of this item.

Best regards,

Sara Trejo
