20 (a) The Planning Department has determined that the actions contemplated in this
21 ordinance comply with the California Environmental Quality Act (California Public Resources
22 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

23 spaces, driveways and maneuvering areas within buildings shall be screened from view and
24 confined by solid building walls-, except that driveways used for off-street parking as permitted in
25 Section 136(c)(30) of this Code are not subject to this subsection (a)(2).

3 **SEC. 145.1. STREET FRONTAGES IN NEIGHBORHOOD COMMERCIAL,**
4 **RESIDENTIAL-COMMERCIAL, COMMERCIAL, AND MIXED USE DISTRICTS.**

6 (b) **Definitions.**

7 (1) **Development Lot.** A "development lot" shall mean:

8 (A) Any lot containing a proposal for new construction; or

9 (B) Building alterations that would increase the gross square footage of a
10 structure by 20 percent or more; or

11 (C) In a building containing parking, a change of more than 50 percent of the
12 building's gross floor area to or from residential uses, excluding residential accessory off-
13 street parking.

14 * * * *

15 (c) **Controls.** The following requirements shall generally apply, except for those
16 controls listed in subsections (c)(1) Above Grade Parking Setback and (c)(4) Ground Floor
17 Ceiling Height, which only apply to a "development lot" as defined above and except as
18 specified in subsection (d).

19 * * * *

20 (1) **Above-Grade Parking Setback.** Off-street parking at street grade on a
21 development lot must be set back at least 25 feet on the ground floor and at least 15 feet on
22 floors above, from any facade facing a street at least 30 feet in width. Parking above the
23 ground level shall be entirely screened from all public rights-of-way in a manner that
24 accentuates ground floor uses, minimizes mechanical features and is in keeping with the
25 overall massing and architectural vocabulary of the building. In C-3 Districts, parking above

1 the ground level, where permitted, shall also be designed to facilitate conversion to other uses
2 by maintaining level floors and a clear ceiling height of nine feet or equal to that of the
3 adjacent street-fronting active uses, whichever is greater. Removable parking ramps and off-
4 street parking in driveways permitted under Section 136(c)(30) of this Code are excluded from this
5 requirement.

7
8 **SEC. 151.1. SCHEDULE OF PERMITTED OFF-STREET PARKING SPACES IN**
9 **SPECIFIED DISTRICTS.**

10 * * * *

11 (b) **Controls.** Off-street accessory parking shall not be required for any use, and the
12 quantities of off-street parking specified in Table 151.1 shall serve as the maximum amount of
13 off-street parking that may be provided as accessory to the uses specified. Variances from
14 accessory off-street parking limits, as described in this Section 151.1, may not be granted.
15 Where off-street parking is provided that exceeds the quantities specified in Table 151.1 or as
16 explicitly permitted by this Section, such parking shall be classified not as accessory parking
17 but as either a principally permitted or Conditional Use, depending upon the use provisions
18 applicable to the district in which the parking is located. Off-street parking in driveways permitted
19 under Section 136(c)(30) of this Code shall not count toward any maximum quantities specified in
20 Table 151.1. In considering an application for a Conditional Use for any such parking due to the
21 amount being provided, the Planning Commission shall consider the criteria set forth in
22 Sections 303(t) or 303(u) of this Code.
