 20 **Board amendment deletions** are in ~~strikethrough Arial font~~.
 21 **Asterisks (* * * *)** indicate the omission of unchanged Code
 22 subsections or parts of tables.

23 Be it ordained by the People of the City and County of San Francisco:

24 Section 1. Background and Findings.

25 (a) The City and County of San Francisco (the "City") created the Treasure Island
 Development Authority (the "Authority") in 1997 to serve as the entity responsible for the

1 reuse and development of Naval Station Treasure Island, which encompasses Treasure
2 Island (also referred to as “TI”) and portions of Yerba Buena Island (also referred to as “YBI”).

3 (b) On June 28, 2011, the Authority and Treasure Island Community Development,
4 LLC (the “Developer”) entered into the Treasure Island/Yerba Buena Island Disposition and
5 Development Agreement (the “DDA”). On the same date, the City and the Developer entered
6 into a Development Agreement (the “DA”). The Board of Supervisors approved the DA in
7 Ordinance No. 95-11. Ordinance No. 95-11 and related DA documents and approvals are on
8 file with the Clerk of the Board in File No. 110226 and incorporated herein by reference.

9 (c) The DA, DDA, and the Treasure Island/Yerba Buena Island Special Use District in
10 Planning Code Section 249.52 contemplate a project on Treasure Island and Yerba Buena
11 Island (the “Project”) that includes up to 8,000 units of housing, 140,000 square feet of
12 commercial and retail space, 100,000 square feet of office space, and up to approximately
13 300 acres of parks and open space, a ferry terminal, new and upgraded streets, and
14 extensive bicycle, pedestrian, and transit facilities. Under the DA, the DDA, the Special Use
15 District, and related Project approvals, the Developer is responsible for construction of public
16 improvements within the Project, and the Authority or the City, as applicable, will accept and
17 maintain the public improvements when the Developer completes them in accordance with
18 City-approved plans and specifications.

19 (d) As part of implementation of the Project, the Board of Supervisors has approved
20 several final subdivision maps to allow the development of portions of the Project site. Each
21 subdivision map was accompanied by a specific Public Improvement Agreement (“PIA”) under
22 which the Developer or its assigns agreed to construct public improvement infrastructure
23 required by the DDA, such as roads and park and open space facilities (the “Required
24 Infrastructure”), and to offer this Infrastructure to the Authority or the City, as applicable. The
25 Board approved these final maps and the accompanying PIAs in Motion Nos. M18-046 (YBI

1 Final Map – No. 9228); M18-115 (TI Final Map No. 9235); and M20-082 (Second YBI Final
2 Map No. 9856). Copies of these Final Maps and PIAs are on file with the Clerk of the Board
3 of Supervisors in File Nos. 180312, 180835, and 200671, respectively, and are incorporated
4 herein by reference. All of the public improvements addressed in this ordinance will be City
5 assets (the “City Assets”).

6 (e) This ordinance addresses the Board of Supervisors acceptance and other official
7 acts for City Assets associated with Sub-Phases 1B, 1C, 1E, 1YA, and 1YB of the Project,
8 including the Bruton Sanitary Sewer Pump Station on Bruton Street and the Cravath Sanitary
9 Sewer Pump Station on Cravath Street, both on Treasure Island; and the Macalla Sanitary
10 Sewer Pump Station on Macalla Road and the North Gate Sanitary Sewer Pump Station on
11 North Gate Road, both on Yerba Buena Island. These specific public improvements, including
12 associated power generators (collectively, the “Pump Stations”) are components of the
13 Required Infrastructure that will be City Assets. Public Works approved the construction of
14 the Pump Stations under Street Improvement Permit Nos. 19IE-00636 and 18IE-00680 along
15 with related permits from the Department of Building Inspection.

16 (f) In a letter dated December 6, 2024, the Planning Department found that the
17 acceptance of the Required Infrastructure and other actions set forth in this ordinance are
18 within the scope of the Project’s final environmental impact report prepared under the
19 California Environmental Quality Act (California Public Resources Code Sections 21000 et
20 seq.) and are, on balance, in conformance with the General Plan and the eight priority policies
21 of Planning Code Section 101.1. A copy of the Planning Department letter is on file with the
22 Clerk of the Board of Supervisors in File No. 250098.

23 (g) In Public Works Order No. 211409, dated February 7, 2025 (the “PW Order”), the
24 Public Works Director (the “PW Director”) determined and the City Engineer certified that: (1)
25 Treasure Island Series 1, LLC, a Delaware limited liability company and Treasure Island

1 Series 2, LLC, a Delaware limited liability company (collectively “Subdividers”) have
2 irrevocably offered the Pump Stations to the City as set forth in four Irrevocable Offers of
3 Improvements (two related to Treasure Island and recorded on September 13, 2018 and two
4 related to Yerba Buena Island and recorded on April 19, 2018) (collectively, the “Offers”); (2)
5 on or before September 16, 2024, Public Works inspected the Pump Stations and determined
6 that all of the Required Infrastructure was complete; (3) the Pump Stations have been
7 constructed in accordance with the Plans and Specifications and all City codes, regulations,
8 and standards governing the Required Infrastructure; and (4) the Pump Stations are ready for
9 their intended use. The PW Director and City Engineer also acknowledged that the
10 Department of Building Inspection provided specific review and approval of power generators
11 associated with the Pump Stations under Permit Nos. 202211297332, 202211297342, and
12 202211307357. Copies of the PW Order No. 211409 and the Offers are on file with the Clerk
13 of the Board of Supervisors in File No. 250098 and incorporated herein by reference.

14 (h) In this PW Order, the PW Director and City Engineer recommended to the Board of
15 Supervisors that it accept the Pump Stations as public; dedicate them for public use;
16 designate them for utility purposes; and accept them for City maintenance and liability
17 purposes, subject to certain exceptions. The City will access and maintain three of the pump
18 stations through exclusive utility easements in favor of the City that the Real Estate Division
19 previously approved and recorded in conjunction with final subdivision maps. The Macalla
20 Sanitary Sewer Pump Station is located on real property that the Developer has offered to the
21 City in the form of a grant deed, the approval of which is conferred by this ordinance.
22 Consequently, the PW Director and City Engineer also recommended that the Board of
23 Supervisors acceptance of the Pump Stations be subject to the following conditions: (1) the
24 Real Estate Division amendment of the easement boundaries for the three pump stations if
25 necessary based on final as-built conditions; (2) the Real Estate Division approval and

1 recordation of the grant deed for the real property associated with the Macalla Sanitary Sewer
2 Pump Station; (3) the acceptance of the Pump Stations does not obviate, amend, alter, or in
3 any way affect existing maintenance agreements between the City and parties to such
4 agreements; and (4) the Subdividers' conditional assignment of all warranties and guaranties
5 to the City related to the construction of the Pump Stations and their warranty obligations
6 under Street Improvement Permit Nos. 19IE-00636 and 18IE-00680, as well as under
7 Department of Building Inspection Permit Nos. 202211297332, 202211297342,
8 and 202211307357. The easements and grant deed are on file with the Clerk of the Board of
9 Supervisors in File No. 250098 and are incorporated herein by reference.

10 (i) On February 12, 2025, at a duly noticed public hearing, the Authority, in Resolution
11 No. 25-03-0212, recommended that the Board of Supervisors: (1) accept the Subdividers'
12 Offers for the Pump Stations located on both Yerba Buena Island and Treasure Island; (2)
13 approve a grant deed for real property at the site of the Macalla Sanitary Sewer Pump Station;
14 and (3) accept the Pump Stations as public, dedicate them for public use, designate them for
15 utility purposes, and accept them for maintenance and liability. The Authority Resolution is on
16 file with the Clerk of the Board of Supervisors in File No. 250098 and is incorporated herein by
17 reference.

18
19 Section 2. Adoptions and Approvals.

20 (a) The Board of Supervisors adopts as its own the environmental findings and the
21 General Plan and Planning Code Section 101.1 consistency findings in the Planning
22 Department letter, as referenced in Section 1(f) of this ordinance, in connection with the
23 acceptance of the Pump Stations and other actions specified in this ordinance.

24 (b) The Board of Supervisors has reviewed and approves PW Order No. 211409,
25 including the City Engineer's certification and PW Director's recommendation, as referenced

1 in Sections 1(g) and (h) of this ordinance, concerning the acceptance of Pump Stations, and
2 other actions set forth in the PW Order No. 211409.

3 (c) The Board of Supervisors has reviewed and acknowledges the recommendation of
4 the Authority in its Resolution No. 25-03-0212 in regard to the Pump Stations.

5
6 Section 3. Approving a Grant Deed for the Macalla Sanitary Sewer Pump Station;
7 Accepting Four Sanitary Sewer Pump Stations and Assuming Maintenance and Liability
8 Responsibilities.

9 (a) The Board of Supervisors approves the grant deed associated with the Macalla
10 Sanitary Sewer Pump Station located on Macalla Road. The Board of Supervisors requests
11 that the Director of Real Estate sign and record such grant deed.

12 (b) Pursuant to Administrative Code Sections 1.51 et seq., and PW Order No. 211409,
13 the Board of Supervisors hereby accepts the Pump Stations as public; dedicates them for
14 public use, and designates them for utility purposes.

15 (c) The Board of Supervisors also accepts the Pump Stations for City maintenance
16 and liability purposes, subject to the conditions listed in Section 3(d) below.

17 (d) The Pump Stations accepted pursuant to Sections 3(b) and (c) above are subject
18 to the following conditions: (1) the Pump Stations to be dedicated and accepted are located
19 within public utility easements that the Real Estate Division previously approved and
20 recorded, and such easements shall be amended, if necessary, based on final as-built
21 conditions; (2) the Real Estate Division shall sign and record the grant deed for the real
22 property associated with the Macalla Sanitary Sewer Pump Station; (3) the acceptance of the
23 Pump Stations does not obviate, amend, alter, or in any way affect existing maintenance
24 agreements between the City and parties to such agreements; and (4) the Subdividers'

1 conditional assignment of all warranties and guaranties to the City related to the construction
2 of the Pump Stations and their warranty obligations.

3
4 Section 4. Authorization for Implementation. The Mayor, Clerk of the Board of
5 Supervisors, Director of Real Estate, and PW Director are hereby authorized and directed to
6 take any and all actions which they or the City Attorney may deem necessary or advisable in
7 order to effectuate the purpose and intent of this ordinance, including, but not limited to,
8 approving any amended easements based on as-built conditions, recording the grant deed for
9 the Macalla Sanitary Sewer Pump Station, and filing of the ordinance in the Official Records of
10 the City and County of San Francisco.

11
12 Section 5. Effective Date. This ordinance shall become effective 30 days after
13 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
14 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
15 of Supervisors overrides the Mayor's veto of the ordinance.

16
17 APPROVED AS TO FORM:
18 DAVID CHIU, City Attorney

19 By: /s/ JOHN D. MALAMUT
20 JOHN D. MALAMUT
21 Deputy City Attorney
