San Francisco's New Frontier

"The Port of San Francisco"

Born out of the Gold Rush, today's Port of San Francisco is a public agency responsible for managing the 7 1/2 miles of San Francisco Bay shoreline stretching from Hyde Street Pier in the north to India Basin in the south with more than 1,000 acres under its jurisdiction.

Please support Mel Murphy's appointment to the Port Commission

Mel came to live in San Francisco in 1976 and qualified with a license in General Contracting and he continues to manage a successful and highly respected development and property management company – Pattani Construction with a strong portfolio of buildings throughout San Francisco. His entrepreneurial instincts also led him to study for his Real Estate Broker's License. He co-founded Murphy & O'Brien Real Estate Investments in 2004 where he currently serves as Director and Chief Executive Officer of the company.

A combination of strong leadership, demonstrated business expertise, professional and personal integrity and talent ensures that Mel Murphy is well placed to take on the Port's public trust responsibilities and their financial requirements, including Port properties for expansion of maritime operations, recreation and open space along the Bay, identifying sites for compatible new commercial development, and to help stem the continuing deterioration of Port property.

Some of Mel's other Achievements:

From 2006 – 2012 Mel served with distinction on the Building Inspection Commission

- 2009 – appointed for a 2nd term and elected Vice President
- 2010 – elected President
- 2011 – re-elected President
- 2012 – elected Vice President

For over 35 years Mel has personally counseled individuals and at risk youths with alcohol and substance abuse problems throughout the greater Bay Area and Nationwide.

Mr

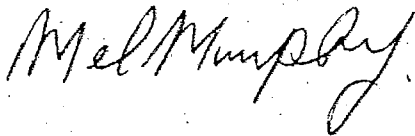

Dear Supervisor,

Thank you for your consideration of my candidacy for the Port Commission.

In response to recent concerns raised related to a project of mine, I would like to take this opportunity to share with you a letter I submitted to the DBI on January 8th, 2013. This letter was followed up with an extensive report authored by an independent 3rd party which was received, accepted and approved by the Department of Building Inspection.

As always, I am available, and would welcome the chance to meet you in person to further discuss this matter and my candidacy for the Port Commission.

Yours Sincerely,

Mel Murphy

Subject: NOV Response

Dear Acting Director Hui,

I am writing in response to the NOV (Complaint #201383312) that was recently issued on a property I own, which is located at 3418 26th Street. As a past President of the Building Inspection Commission, I feel that I should be held to a higher standard, and therefore it is important for me to explain how this NOV came to be issued and how I have responded to it.

Specifically, this NOV was issued for "No evidence of building inspection available", on a new eleven unit building that is currently under construction. In short, work began before the appropriate addenda were issued. This is a result of an oversight internal to my design team, for which I am deeply embarrassed and remorseful. I became aware of this issue on December 31st, 2012, while I was out of town with my family for the New Year's holiday. Upon my return, I immediately paid all pending fees and picked up the addenda for Foundation and Structural and Superstructure. That was on January 3rd, 2013.

Because I am a past President of the Building Inspection Commission, I feel that my actions will be scrutinized, and it is therefore important to demonstrate that this NOV was simply the result of an oversight on the part of my team, and not evidence of any preferential treatment by DBI. A review of the on-line permit tracking system shows that my application for this building was originally submitted on June 20th, 2007. The site permit (PA#2007-0620-4573) was approved and issued in March of 2012 – five years after the initial application. Following issuance of the site permit, my design team submitted the following addenda:

- Foundation (Filed 4-5-12, issued 1-3-13)
- Structural and superstructure (Filed 6-12-12, issued 1-3-13)
- Architectural (Pending approval)
- Mechanical and final (Pending approval)

In addition, my design team also submitted applications for the followings:

- Excavation and shoring (PA#2012-1024-2727, issued 10-26-12)
- Fire alarm (PA#2012-1115-4321, issued 11-15-12)
- Fire sprinkler system (Pending)

Clearly, my project has been winding its way through the permitting process, without any indication of preferential treatment. All addenda were filed on a customary timeline, and absolutely no addenda were filed after the commencement of construction. As it turns out, the addenda were not pulled as I had understood. The particular member whose responsibility it was to do this was preoccupied with personal matters and flew home to Ireland in December to support an elderly member of his family suffering deteriorating health. He is still there. In short, the permitting for my project has been "by the book", with the one, albeit considerable exception that construction began prior to the issuance of the proper addenda, and commenced without the benefit of DBI inspections.

The lack of DBI inspections remains as a significant issue to be resolved. The project is currently stopped in response to the NOV, and I await a determination from DBI about how to resolve the gaps in the inspection records. At this stage of the project, the foundation and the concrete podium are complete, and the building is framed. The superstructure is not yet due for inspection, but the inspection record for all of the concrete work is incomplete without DBI inspection. However, construction *did not* take place without any inspections. As required by the building code, structural observations and concrete testing were done, in this case by a third-party testing agency, A1 Inspection Services. I will make all of the records associated with these inspections available, and will happily submit to any additional testing deemed necessary by the DBI engineers to verify that all concrete work was performed according to the approved plans and in accordance with the San Francisco Building Code.

While I do not manage the day-to-day activities of such a large construction project, as the owner I understand that I am ultimately responsible for what happens with my project. For this reason, I take full responsibility for the commencement of construction prior to the issuance of the appropriate addenda. This NOV is the result of an unfortunate oversight on the part of my team – nothing more, nothing less. Needless to say however, I deeply regret this turn of events, and I am eager to resolve this issue promptly. To that end, I will cooperate fully with DBI staff, and with the BIC if necessary, to resolve this issue. I will respond promptly to any and all requests for information or additional testing that may be deemed necessary to resolve the gaps in the inspection record. In closing, please allow me to say once again how deeply sorry I am to have thrust DBI into such an unnecessary exercise. I humbly await direction from you and your staff.

Sincerely,

Mel Murphy

Dear Supervisors:

I moved to San Francisco in 1969 to work for a privately held company. Besides investing in that company, I purchased real estate and became a San Francisco Housing Provider. Along the way, I met a very honest, capable, talented man who supplied contractor services to property owners. That man was Mel Murphy.

Besides furnishing services to property owners in our community, he contributed services to the City of San Francisco. He worked on the Department of Building Inspection Commission, improving the efficiency of that department and rising to the top position on the Commission.

Mel Murphy has all the necessary qualifications to be a member of the Port Commission. His business background in construction, meeting payrolls, managing and living within budgets, integrity, honesty, and commitment to the City of San Francisco is exactly what we need to correct problems, enhance growth and meet the needs of this treasure we call The Port of San Francisco.

I urge you to support and appoint a San Francisco asset, Mel Murphy, a valuable, talented person, to the Port Commission.

Thank you,

John J. McArdle
