Mission Bay School Solar Project

Funding & License Agreement

October 15, 2025

Jamie Seidel
Distributed Energy Resources Projects Manager,
SFPUC -- Power Enterprise

Distributed Energy Resources (DER) Projects

Project Types

- Renewable Energy
- Energy Efficiency
- Electrification

Renewable Energy Portfolio

- 30 Project Locations
- 3.5 MW Solar Capacity
- 550kWh Energy Storage

Project Overview

San Francisco Unified School District (SFUSD) is building a new elementary school in the Mission Bay Neighborhood -- \$129 M.

SFPUC to partner with SFUSD on a solar electric project

Ninth SFPUC solar project with SFUSD

Funding & License Agreement (FLA)

SFPUC funds design & installation of 112kW solar electric system.

- Project Cost – \$653,000
- Work performed under a SFUSD construction contract

30 Year Agreement

- Requires Board of Supervisors Approval per Charter Section 9.118

Solar electric asset will be owned and operated by SFPUC

Environmental Impact Report (EIR) – Approved June 2022

Project Status

- Mission Bay School building construction started October 2022
- Solar construction started February 2025 – 100% complete
- Solar interconnection permission to operate – complete (July 2025)
- Solar asset is operational
