24 (b) **Requirements.**

1 (1) **Underlying Uses incorporated into Flexible Retail.** Flexible Retail, as
2 defined in Section 102, incorporates two or more specific uses. Each such use must be
3 Principally Permitted in the underlying zoning district. If a use requires a Conditional Use
4 Authorization in the underlying zoning district, then a Conditional Use Authorization must be
5 obtained before such use may be permitted as part of a Flexible Retail Use.

6 (2) **Minimum of two Uses.** A Flexible Retail Use must operate with at least
7 two Uses at any given time.

8 (c) **Abandonment.** A Flexible Retail Use must operate with at least two uses at any
9 given time. A Flexible Retail Use that operates only one Use for a period of 90 days or more
10 shall be deemed abandoned, and no new Flexible Retail Use shall be restored without the
11 issuance of a new building permit. However, based on a good faith showing that the operator
12 has diligently attempted to locate and establish a second permitted Use within the Flexible
13 Retail Use, the Zoning Administrator may grant a 90-day extension. If such extension passes
14 without a second permitted Use established within the Flexible Retail Use, then the Flexible
15 Retail Use shall be deemed abandoned.

18 * * * *

19 **RH-2 Districts: Two-Family.** These Districts are devoted to one-family and two-family
20 houses, with the latter commonly consisting of two large flats, one occupied by the owner and
21 the other available for rental. Structures are finely scaled and usually do not exceed 25 feet in
22 width or 40 feet in height. Building styles are often more varied than in historically single-
23 family areas, but certain streets and tracts are quite uniform. Considerable ground-level open
24 space is available, and it frequently is private for each unit. The Districts may have easy
25

1 access to shopping facilities and transit lines. In ~~the~~ some cases, Group Housing and
 2 institutions are found in these areas, although nonresidential uses tend to be quite limited.

SEC. 209.4. RTO (RESIDENTIAL TRANSIT ORIENTED) DISTRICTS.

These Districts are intended to recognize, protect, conserve, and enhance areas characterized by a mixture of houses and apartment buildings, covering a range of densities and building forms. RTO and RTO-M (Residential Transit Oriented, Mission) Districts are composed of multi-family moderate-density areas, primarily areas formerly designated RM and RH-3, and are well served within short walking distance, generally less than one-quarter mile, of transit and neighborhood commercial areas. Transit available on nearby streets is frequent and/or provides multiple lines serving different parts of the City or region. Limited small-scale neighborhood-oriented retail and services is common and permitted throughout the neighborhood on Corner Lots only to provide goods and services to residents within walking distance, but the districts are otherwise residential. Only retail compatible with housing, generally those permitted in NC-1 Districts, is permitted and auto-oriented uses are not permitted. Hours of operation are restricted and off-street parking is not permitted for these very locally-oriented uses.

4 **SEC. 231. LIMITED CORNER COMMERCIAL USES IN RH, RTO, AND RM DISTRICTS.**

5 (a) **Purpose.** Corner stores enhance and support the character and traditional pattern of
6 development in San Francisco RTO and RM Districts. These small neighborhood-oriented
7 establishments provide convenience goods and services on a retail basis to meet the frequent
8 and recurring needs of neighborhood residents within a short walking distance of their homes.
9 These uses tend to be small in scale, to serve primarily walk-in trade, and cause minimum
10 interference with nearby streets and properties. These uses are permitted only on the ground
11 floor of corner buildings, and their intensity and operating hours are limited to ensure
12 compatibility with the predominantly residential character of the district. Accessory off-street
13 parking is prohibited for these uses to maintain the local neighborhood walk-in character of
14 the uses.

15 (b) **Location.** Uses permitted under this section must be located:

16 (1) completely within an RH, RTO, RTO-M, or ~~RM-3, or RM-4~~ District;

17 (2) on or below the ground floor; ~~and~~

18 (3) in RH, RM-1, RM-2, and RTO Districts, on a Corner Lot, with no part of the use
19 extending more than 50 feet in depth from said corner, as illustrated in Figure 231; and

20 (4) in a space that would not require the Residential Conversion of a Residential Unit or
21 Unauthorized Unit under Planning Code Section 317, unless the space proposed for
22 conversion is occupied by a garage or storage space located in the Basement or First Story.

23 * * * *

24 ~~(4)~~(5) in RM-3, RM-4, and RTO-M Districts, on a Corner Lot, with no part of the use
25 extending more than 100 feet in depth from said corner.

1 (c) **Permitted Uses.** Any use is permitted which complies with the use limitations for the
2 First Story and below of an NC-1 District, as set forth in Section 710 of this Code.

3 (d) **Use Size.** No more than 1,200 square feet of Occupied Floor Area of commercial area
4 in a RTO, RH, RM-1, or RM 2 District and no more than 2,500 occupied square feet of
5 Commercial Use in a RM-3, RM-4 or RTO-M District shall be allowed per Corner Lot, except
6 those lots which occupy more than one corner on a given block and which may provide an
7 additional 1,200 square feet of Occupied Floor Area of Commercial Use per additional corner,
8 so long as the commercial space is distributed equitably throughout appropriate parts of the
9 parcel or project.

10 (e) **Formula Retail Uses.** All uses meeting the definition of "formula retail" use per Section
11 303.1 shall not be permitted except by Conditional Use through the procedures of Section 303
12 for RTO and RTO-M Districts and shall not be permitted in RH, RM-1, RM-2, RM-3, and RM-4
13 Districts.

14 * * * *

15 (j) **Awnings.** Awnings are permitted, subject to the standards in Section 136.1(a) of this
16 Code. Canopies and marquees are not permitted.

17 ~~(k) **Outdoor Activity Area.** An Outdoor Activity Area is principally permitted if it is located~~
18 ~~at the front of the building. An Outdoor Activity Area that is located at the rear of the building is~~
19 ~~principally permitted only if it complies with the operating restrictions in Section 202.2(a)(7).~~
20 ~~Operation of an Outdoor Activity Area beyond the limitations set in 202.2(a)(7) is not~~

3 **SEC. 714. BROADWAY NEIGHBORHOOD COMMERCIAL DISTRICT.**

4 * * * *

5 The Broadway District controls are designed to encourage development that is
6 compatible with the existing moderate building scale and mixed-use character, and maintain
7 the district's balance of entertainment uses, restaurants, and small-scale retail stores. New
8 buildings exceeding 40 feet in height will be carefully reviewed and rear yards at residential
9 levels are protected. Most commercial uses in new buildings are permitted at the first two
10 stories. Neighborhood-serving businesses are strongly encouraged. In order to protect the
11 livability of the area, limitations apply to new ~~fast-food~~formula retail restaurants and adult
12 entertainment uses at the first and second stories, as well as late-night activity. Financial
13 services are allowed on the ground story subject to certain limitations. Nonretail offices are
14 ~~limited~~prohibited~~prohibited on the first story and above the second story~~ in order to prevent
15 encroachment of the adjoining downtown office uses. Due to the high traffic volume on
16 Broadway, most automobile and drive-up uses are prohibited in order to prevent further traffic
17 congestion. Parking garages are permitted if their ingress and egress do not disrupt the traffic
18 flow on Broadway.

SEC. 716. INNER CLEMENT STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

* * * *

The Inner Clement Street District controls are designed to promote development that is consistent with its existing land use patterns and to maintain a harmony of uses that supports the district’s vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and protect adjacent residential livability. These controls ~~limit~~ *prohibit* additional financial service ~~uses, and~~ *limit* additional eating and drinking establishments, and late-night commercial uses. In order to maintain the street’s active retail frontage, controls also prohibit most new automobile and drive-up uses.

SEC. 719. HAIGHT STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

* * * *

The Haight Street District controls are designed to protect the existing building scale and promote new mixed-use development which is in character with adjacent buildings. The building standards regulate large-lot and use development and protect rear yards above the ground story and at residential levels. To promote the prevailing mixed-use character, most commercial uses are directed primarily to the ground story with some upper-story restrictions in new buildings. In order to maintain the balanced mix and variety of neighborhood-serving commercial uses and regulate the more intensive commercial uses which can generate congestion and nuisance problems, special controls ~~limit~~prohibit additional drinking uses and

1 tourist hotels. Prohibitions of most automobile and drive-up uses protect the district's
 2 continuous retail frontage.

SEC. 724. SACRAMENTO STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

* * * *

The Sacramento Street District controls are designed to promote adequate growth opportunities for development that is compatible with the surrounding low-density residential neighborhood. The building standards monitor large-scale development and protect rear yards at the grade level and above. Most new commercial development is permitted at the first story; general retail uses are permitted at the second story only if such use would not involve conversion of any existing housing units. Special controls are designed to protect existing neighborhood-serving ground-story retail uses. ~~New Health Service uses, whether Principal or Accessory, require a Conditional Use authorization on the ground story and are permitted~~

1 ~~above the ground story.~~ Limits on financial service uses are intended to minimize the
 2 environmental impacts generated by the growth of such uses. The daytime orientation of the
 3 district is encouraged by requiring conditional use authorization for ~~prohibiting~~ bars and
 4 restricting late-night commercial activity. New hotels and parking facilities are limited in scale
 5 and operation to minimize disruption to the neighborhood. Most new automobile and drive-up
 6 uses are prohibited to promote continuous retail frontage.

10 **SEC. 725. UNION STREET NEIGHBORHOOD COMMERCIAL DISTRICT.**

11 * * * *

12 The Union Street District controls are designed to provide sufficient growth
13 opportunities for commercial development that is in keeping with the existing scale and
14 character, promote continuous retail frontage, and protect adjacent residential livability. Small-
15 scale buildings and neighborhood-serving uses are promoted, and rear yards above the
16 ground story and at all residential levels are protected. Most commercial development is
17 permitted at the first two stories of new buildings, while retail service uses are monitored at
18 the third story and above. Controls are necessary to preserve the remaining convenience
19 businesses and to reduce the cumulative impacts which the growth of certain uses have on
20 neighborhood residents. Such controls require Conditional Use authorization for ~~prohibit~~
21 additional drinking establishments and limit additional entertainment, and financial service
22 uses. Most automobile and drive-up uses are prohibited in order to maintain continuous retail
23 frontage and minimize further traffic congestion.

SEC. 729. WEST PORTAL AVENUE NEIGHBORHOOD COMMERCIAL DISTRICT.

* * * *

Special controls on commercial uses are designed to protect the existing mix of ground-story retail uses and prevent further intensification and congestion in the district. ~~No new financial services are permitted.~~ Because the district and surrounding neighborhoods are well served by the existing number of eating and drinking establishments, new bars are discouraged: any proposed new establishment should be carefully reviewed to ensure that it is neighborhood-serving and family-oriented, and will not generate traffic, parking, or litter

1 problems. Medical, business or professional services are permitted at the first two stories, but
 2 additional ground-story locations are to be closely monitored to ensure that the current
 3 balance between retail and office uses is maintained. Existing service stations are
 4 encouraged to continue operating, but changes in their size, operation, or location are subject
 5 to review. Other automotive uses are prohibited. The neighborhood-oriented, retail character
 6 of the district is further protected by prohibiting hotels and *limiting* nonretail uses. The daytime
 7 orientation of the district is maintained by prohibition of late-night commercial operating hours.

23 **SEC. 762. VALENCIA STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.**

24 * * * *

1 The Valencia Street District has a pattern of large lots and businesses, as well as a
 2 sizable number of upper-story residential units. Controls are designed to permit moderate-
 3 scale buildings and uses, protecting rear yards above the ground story and at residential
 4 levels. New neighborhood-serving commercial development is encouraged mainly at the
 5 ground story. While offices and general retail sales uses may locate at the second story of
 6 new buildings under certain circumstances, most commercial uses are prohibited above the
 7 second story. Continuous retail frontage is promoted by prohibiting drive-up facilities *and*-
 8 some automobile uses, and *limiting* new nonretail commercial uses. Parking is not required,
 9 and any new parking is required to be set back or below ground. Active, pedestrian-oriented
 10 ground floor uses are required.

SEC. 763. 24TH STREET – MISSION NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

* * * *

The 24th Street – Mission Neighborhood Commercial Transit District controls are designed to provide potential for new development consistent with the existing scale and character. Small-scale buildings and neighborhood-serving uses are encouraged, and rear yard corridors above the ground story and at residential levels are protected. Most commercial uses are encouraged at the ground story, while service uses are permitted with some limitations at the second story. Special controls are necessary to preserve the unique mix of convenience and specialty commercial uses. In order to maintain convenience stores and protect adjacent livability, new bars are ~~limited~~*prohibited*, and limitations apply to the development and operation of ground-story restaurants and entertainment uses. Continuous retail frontage along 24th Street is maintained and encouraged by prohibiting most automobile and drive-up uses, banning curb cuts, and requiring active, pedestrian-oriented ground floor uses. Parking is not required, and any new parking required to be set back or below ground.
