19 Section 1.

20 (a) The Planning Department has determined that the actions contemplated in this
 21 ordinance comply with the California Environmental Quality Act (California Public Resources
 22 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
 23 Supervisors in File No. 160668 and is incorporated herein by reference. The Board affirms
 24 this determination.

25 (b) On June 30, 2016, the Planning Commission, in Resolution No. 19686, adopted
 findings that the actions contemplated in this ordinance are consistent, on balance, with the

1 City’s General Plan and eight priority policies of Planning Code Section 101.1. The Board
2 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the
3 Board of Supervisors in File No. 160668, and is incorporated herein by reference.

4 (c) Pursuant to Planning Code Section 302, this Board finds that this Planning Code
5 Amendment will serve the public necessity, convenience, and welfare for the reasons set forth
6 in Planning Commission Resolution No. 19686, and the Board incorporates such reasons
7 herein by reference.

8
9 Section 2. The Planning Code is hereby amended by adding Sections 206 through
10 206.4 to read as follows:

11 **SEC. 206. DENSITY DONE RIGHT; DEVELOPMENT WITHOUT DISPLACEMENT**
12 **PROGRAM.**

13 *This section shall be known as the Density Done Right; Development Without Displacement*
14 *Program.*

15 **SEC. 206.1. PURPOSE AND FINDINGS.**

16 *(a) The purpose of the Density Done Right; Development Without Displacement Program is to*
17 *facilitate the development and construction of affordable housing in San Francisco. Affordable*
18 *housing is of paramount statewide concern, and the California State legislature has declared that local*
19 *and state governments have a responsibility to use the powers vested in them to facilitate the*
20 *improvement and development of housing to make adequate provision for the housing needs of all*
21 *economic segments of the community. The State Legislature has found that local governments must*
22 *encourage the development of a variety of types of housing for all income levels, including multifamily*
23 *rental housing and assist in the development of adequate housing to meet the needs of low- and*
24 *moderate-income households.*

1 (b) Affordable housing is an especially paramount concern in San Francisco. San Francisco
2 has one of the highest housing costs in the nation, but San Francisco’s economy and culture rely on a
3 diverse workforce at all income levels. It is the policy of the Board of Supervisors to provide housing
4 to these workers and ensure that they pay a proportionate share of their incomes to live in adequate
5 housing and to not commute ever-increasing distances to their jobs. The Association of Bay Area
6 Governments determined that San Francisco’s share of the Regional Housing Need for January 2015
7 to June 2022 was provision of 28,870 new housing units, with 6,234 (or 21.6%) as very low, 4,639 (or
8 16.1%) as low, and 5,460 (or 18.9%) as moderate income units. This does not account for replacement
9 of units removed from rent control.

10 (c) This Board of Supervisors, and the voters in San Francisco, have long recognized the need
11 for the production of affordable housing. The voters, or this Board have adopted measures such as the
12 establishment of the mandatory Inclusionary Affordable Housing Ordinance in Planning Code section
13 415; the San Francisco Housing Trust Fund, adopted in 2012, which established a fund to create,
14 support and rehabilitate affordable housing, and set aside \$20 million in its first year, with increasing
15 allocations to reach \$50 million a year for affordable housing; the adoption of Proposition K in 2014
16 which established as City policy that the City, by 2020, will help construct or rehabilitate at least
17 30,000 homes, with at least 33% as affordable for low-and moderate income households; and the
18 multiple programs that rely on Federal, State and local funding sources as identified in the Mayor’s
19 Office of Housing and Community Development Comprehensive Plan.

20 (d) Development bonuses are a long standing zoning tool that enable cities to encourage
21 development projects to provide public benefits including affordable housing. By offering increased
22 development potential, the Density Done Right; Development Without Displacement Program provides
23 incentives for developers of 100% affordable housing projects, thereby reducing the overall cost of
24 such developments on a per unit basis.

1 (e) A key objective of the Density Done Right; Development Without Displacement Program is
2 to facilitate affordable housing projects while protecting existing uses.

3
4 **SEC. 206.2 DEFINITIONS.**

5 This Section applies to Sections 206 through 206.4. The definitions of Section 102 and the
6 definitions in Section 401 for “household of low income”, “household of moderate income”, “Housing
7 Project” and “MOHCD” shall generally apply. For purposes of this Section 206 et seq., the following

18 whether it is a rental or ownership opportunity.

19 (b) “Neighborhood Median Income” means the median income levels derived from the
20 Department of Housing and Urban Development (“HUD”) adjusted on an annual basis for
21 neighborhood areas within San Francisco, adjusted for household size, but not high housing cost area.
22 MOHCD shall determine a methodology for and publish a table of Neighborhood Median Income by
23 neighborhood area in the Program Report under Section 206.4, and shall publish a table of
24 Neighborhood Median Incomes annually thereafter. Until MOHCD establishes a methodology for

1 Neighborhood Median Income by neighborhood area, Neighborhood Median Income shall be
