3 **Resolution declaring the intention of the Board of Supervisors to renew and expand a**
4 **property-based business improvement district known as the “Civic Center Community**
5 **Benefit District” and levy a multi-year assessment on all parcels in the District;**
6 **approving the management district plan, engineer’s report, and proposed boundaries**
7 **map for the District; ordering and setting a time and place for a public hearing of the**
8 **Board of Supervisors, sitting as a Committee of the Whole, on July 16, 2019, at 3:00**
9 **p.m.; approving the form of the Notice of Public Hearing and Assessment Ballot**
10 **Proceeding, and Assessment Ballot; directing environmental findings; and directing**
11 **the Clerk of the Board of Supervisors to give notice of the public hearing and balloting,**
12 **as required by law.**

13
14 WHEREAS, The Property and Business Improvement District Law of 1994 (California
15 Streets and Highways Code, Sections 36600 et seq., “1994 Act”), authorizes cities to
16 establish property and business improvement districts within business districts to promote the
17 economic revitalization and physical maintenance of such business districts; and

18 WHEREAS, Section 36603 of the 1994 Act recognizes the authority of Charter cities to
19 adopt ordinances providing for different methods of levying assessments for similar or
20 additional purposes from those set forth in the 1994 Act; and

21 WHEREAS, Article 15 of the San Francisco Business and Tax Regulations Code
22 (“Article 15”) augments certain procedural and substantive requirements relating to the
23 formation of property and business improvement districts and the assessments on real
24 property or businesses within such districts; and

1 WHEREAS, The 1994 Act and Article 15 authorize the City to levy and collect
2 assessments on real property within such districts for the purpose of providing improvements
3 and promoting activities and property-related services that specially benefit parcels of real
4 property located within such districts; and

5 WHEREAS, Article XIII D of the California Constitution and Section 53753 of the
6 California Government Code impose certain procedural and substantive requirements relating
7 to assessments on real property; and

8 WHEREAS, The 1994 Act and Article 15 impose additional procedural and substantive
9 requirements relating to assessments on real property within a proposed property and
10 business improvement district, also known as a community benefit district ("CBD"); and

11 WHEREAS, The Board of Supervisors finds that the property-related services, activities
12 and improvements to be funded with assessments on real property within the proposed district
13 will confer special benefits on the assessed properties over and above the general benefit to
14 the public at large from such services, activities and improvements; and

15 WHEREAS, The property owners who will pay 30% or more of the total amount of
16 assessments on properties within the proposed district signed and submitted to the Clerk of
17 the Board of Supervisors a petition ("Petition") requesting that the Board of Supervisors renew
18 and expand the property-based community benefit district known as the "Civic Center
19 Community Benefit District," and levy assessments on properties located in the proposed
20 district to fund property-related services, activities, and improvements within the district; and

21 WHEREAS, A Management District Plan entitled "Civic Center Community Benefit
22 District Management Plan" ("Management District Plan") containing information about the
23 proposed district and assessments required by Section 36622 of the 1994 Act, including but
24 not limited to a map showing all parcels located in the district, a description of the boundaries
25 of the district, the name of the district, the amount of the proposed assessment for each

1 parcel, the total annual amount chargeable to the entire district, the duration of the payments,
2 the property-related services, activities and improvements to be funded by the assessments
3 for each year and the maximum cost thereof, the method and basis upon which the
4 assessments are calculated in sufficient detail to allow each property owner to calculate the
5 amount of the assessment to be levied against his or her property, a statement that no bonds
6 will be issued, the time and manner of collecting the assessments, and a list of the properties
7 to be assessed (including assessor parcel numbers), is on file with the Clerk of the Board of
8 Supervisors in File No. 190467, which is hereby declared to be a part of this Resolution as if
9 set forth fully herein; and

10 WHEREAS, A detailed engineer's report supporting the assessments within the
11 proposed district, prepared by John G. Egan, California Registered Professional Engineer No.
12 14853, entitled "Civic Center Community Benefit District Engineer's Report" ("Engineer's
13 Report") is on file with the Clerk of the Board of Supervisors in File No. 190467, which is
14 hereby declared to be a part of this Resolution as if set forth fully herein; and

15 WHEREAS, A Proposed Boundaries Map, submitted pursuant to California Streets and
16 Highways Code, Section 3110, is on file with the Clerk of the Board of Supervisors in File No.
17 190467, which is hereby declared to be a part of this Resolution as if set forth fully herein;
18 now, therefore, be it

19 RESOLVED, That the Board of Supervisors declares as follows:

20 Section 1. Pursuant to Section 36621(a) of the 1994 Act and Article 15, the Board of
21 Supervisors declares its intention to renew and expand the property and business
22 improvement district known as the "Civic Center Community Benefit" ("District") for a period of
23 fifteen and one half (15 1/2) years, and to levy and collect assessments against all parcels of
24 real property in the District for fifteen of those years, commencing with fiscal year ("FY") 2019-
25 2020, subject to approval by a majority of the property owners in the District who cast

1 assessment ballots, which ballots shall be weighted according to the proportional financial
2 obligations of the affected properties. No bonds will be issued. District operations are
3 expected to commence on or about January 1, 2020, following collection of the assessments
4 for FY2019-2020 and disbursement of the assessment proceeds to the nonprofit owners'
5 association that will administer the property-related services, activities and improvements in
6 the District pursuant to Section 36651 of the 1994 Act and a written agreement with the City.

7 Section 2. Nonpayment of assessments will have the same lien priority and delinquent
8 payment penalties and be subject to the same enforcement procedures and remedies as the
9 ad valorem property tax. All delinquent payment of assessments will be subject to interest
10 and penalties. The City Treasurer and Tax Collector will enforce imposition of interest and
11 penalties and collection of assessments pursuant to the 1994 Act, Article 15 and the San
12 Francisco Business and Tax Regulation Code Article 6, as each may be amended from time
13 to time.

14 Section 3. The Board of Supervisors hereby approves the Management District Plan
15 and Engineer's Report, including the estimates of the costs of the property-related services,
16 activities and improvements set forth in the plan, and the assessment of said costs on the
17 properties that will specially benefit from such services, activities and improvements. The
18 Clerk of the Board shall make the Management District Plan, Engineer's Report and other
19 documents related to the District and included in the record before the Board of Supervisors
20 available to the public for review during normal business hours, Monday through Friday 8:00
21 a.m. through 5:00 p.m., excluding legal holidays.

22 Section 4. The Board of Supervisors hereby approves the Proposed Boundaries Map
23 showing the boundaries of the District. The proposed District contains approximately 773
24 identified parcels located on approximately 43 whole or partial blocks.

25 Specifically, the exterior District boundaries are:

- 1 • Golden Gate Avenue and Turk Street to the North
- 2 • Market Street to the South
- 3 • 7th Street to the East
- 4 • Gough Street to the West

5 Reference should be made to the detailed maps and the lists of parcels identified by
6 Assessor Parcel Number that are contained in the Management District Plan, in order to
7 determine which specific parcels are included in the Civic Center Community Benefit District.

8 Section 5. A public hearing on the renewal and expansion of the District, and the levy
9 and collection of assessments starting with FY2019-2020 and continuing through
10 FY2033-2034, shall be conducted before the Board of Supervisors sitting as a Committee of
11 the Whole on July 16, 2019 at 3:00 p.m., or as soon thereafter as the matter may be heard in
12 the Board's Legislative Chamber, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place,
13 San Francisco, California, 94102. At this public hearing, the Board of Supervisors will hear
14 public testimony regarding the proposed formation of the District, assessments, and
15 boundaries of the District, including testimony from all interested persons for or against
16 renewal and expansion of the District, the extent of the District, the levy of the assessments,
17 the furnishing of specific types of property-related services, improvements and activities, and
18 other matters related to the District. The Board of Supervisors may waive any irregularity in
19 the form or content of any written protest, and at the public hearing may correct minor defects
20 in the proceedings. All protests submitted by affected property owners and received prior to
21 the conclusion of the public testimony portion of the public hearing shall be tabulated to
22 determine whether a majority protest exists.

23 Section 6. The Board of Supervisors hereby approves the form of the Notice of Public
24 Hearing and Assessment Ballot Proceeding, and Assessment Ballot, which are on file with the
25

1 Clerk of the Board of Supervisors in File No. 190467; which are hereby declared to be a part
2 of this Resolution as if set forth fully herein.

3 Section 7. The proposed property-related services, improvements and activities for the
4 District include a Clean and Safe program, a Marketing program, and Administration.

5 **Clean, Safe, Activation:** Clean, Safe, Activation includes, but is not limited to sidewalk
6 cleaning, sidewalk pressure washing, trash collection, graffiti removal, landscape maintenance,
7 a safe team, a security camera program, oversight of the Civic Center Plaza café kiosk, daily
8 setup tables, chares, and games in Civic Center Commons, and programs and events such as
9 markets, public art installations, musical performances, block parties, recreational activities, and
10 the annual Holiday Tree Lighting.

11 **Marketing/Communication:** Marketing includes, but is not limited to, destination
12 marketing, branding, events, media relations, website, district stakeholder outreach, and
13 social media.

14 **Administration/Contingency/City Fees:** Administration/Contingency/City Fees
15 includes, but is not limited to, a professional staff to properly manage programs, communicate
16 with stakeholders, to provide leadership, and represent the community with one clear voice.
17 Also included are office expenses, professional services, organizational expenses such as
18 insurance, the cost to conduct a yearly financial review, and other services related to
19 organizational activities.

20 Section 8. Within the area encompassed by the proposed District, the City currently
21 provides services at the same level provided to other similar areas of the City. It is the intent
22 of the Board of Supervisors to continue to provide the area encompassed by the District with
23 the same level of services provided to other similar areas of the City; formation of the District
24 will not affect the City's policy to continue to provide the same level of service to the areas
25

1 encompassed by the District as it provides to other similar areas of the City during the term of
2 the District.

3 Section 9. The annual total assessments proposed to be levied and collected for the
4 first year of the District (FY2019-2020) is estimated to be \$3,240,387.14. The amount of the
5 total annual assessments to be levied and collected for years two through fifteen
6 (FYs 2020-2021 through 2033-2034) may be increased from one year to the next by 5%.
7 Assessments may also increase based on development in the District. The determination of
8 annual adjustments in assessment rates will be subject to the approval of the Civic Center
9 Community Benefit District Owners' Association.

10 Section 10. Environmental Findings. Following the approval of this Resolution, the
11 Planning Department shall determine whether the actions contemplated in this Resolution are
12 in compliance with the California Environmental Quality Act (California Public Resources
13 Code, Sections 21000 et seq.), and respond in writing to the Clerk of the Board of Supervisors
14 prior to the Board's public hearing on the renewal and expansion of the District on July 16,
15 2019 at 3:00 p.m.

16 Section 11. The Clerk of the Board is directed to give notice of the public hearing as
17 provided in California Streets and Highways Code, Section 36623, California Government
18 Code, Section 53753, California Constitution Article XIII D, Section 4, San Francisco Charter,
19 Section 16.112, and San Francisco Administrative Code, Section 67.7-1.

Section 1 Management District Plan Summary

The name of the property-based Community Benefit District is the Civic Center Community Benefit District ("Civic Center CBD"). The Civic Center CBD is being renewed and expanded pursuant to the California Constitution and the Property and Business Improvement District Law of 1994, as amended and augmented by Article 15 of the San Francisco Business and Tax Regulations Code.

Developed by the Civic Center Renewal Steering Committee, the Civic Center CBD Management District Plan describes how the renewed and expanded Civic Center CBD will improve and convey special benefits to assessed parcels located within the Civic Center CBD area. The Civic Center CBD will provide activities consisting of Clean/Safe/Activation/Beautification, Marketing/Communication, and Administration. Each of these programs is designed to meet the goals of the Civic Center CBD; to improve the safety of each individual assessed parcel within the Civic Center CBD, to increase building occupancy and lease rates, to encourage new business development, and attract ancillary businesses and services for assessed parcels within the Civic Center CBD.

Location	The District will be located in the Civic Center area of the City. The Civic Center CBD consists of approximately 43 whole or partial blocks and approximately 773 parcels. The District will generally be bounded by Golden Gate Avenue and Turk Street to the North, Market Street to the South, 7 th Street to the East, and Gough Street to the West. A boundary map is provided in Section 2 of this report, which shows the specific boundaries and parcel frontages to be included in the District.
Boundary	See Section 2, page 7 and map, page 8.
Improvements, Activities, Services	<p>The Civic Center CBD will finance activities and improvements that will be provided directly to the assessed parcels, to improve the District's environment in the following ways:</p> <p><u>Clean, Safe, Activation</u></p> <p>Clean Program to implement programs that may consist of, but are not limited to, the following:</p> <ul style="list-style-type: none"> - Sidewalk & gutter sweeping - Sidewalk pressure washing - Graffiti & handbill removal - Trash Cans - Trash removal <p>A Civic Center CBD Safe Program to implement programs that may consist of, but are not limited to, the following:</p> <ul style="list-style-type: none"> - Stewards & Ambassadors - Garage Greeter Program

- Security Camera Program
- Public Space Activation
- Improved District Amenities

An Activation Program to increase the use and feeling of safety in the District that may consist of, but not limited to the following:

- Market Vending Programs
- Art Programs
- Performance Programs
- Games
- Food Vending Program

Marketing/Communication

Programs may consist of, but are not limited to, the following:

- Destination Marketing
- Branding
- Events
- Media Relations
- Website
- Social Media
- District Stakeholder Outreach

Administration/Contingency

Administrative staff oversees the Civic Center CBD's services, which are delivered seven days a week.

An operating reserve is budgeted as a contingency for any payment of delinquencies, uncollectible assessments, Community Benefit District establishment and/or renewal efforts, and/or unforeseen budget adjustments.

Budget

EXPENDITURES	TOTAL BUDGET	% of Budget
Clean/Safe/Activation	\$2,583,768.00	75.91%
Marketing/Communication	\$250,000.00	7.34%
Administration/Contingency	\$570,000.00	16.75%
Total Expenditures	\$3,403,768.00	100.00%

	REVENUES		
	Assessment Revenues	\$3,240,387.14	95.20%
	Other Revenues (1)	\$163,380.86	4.80%
	Total Revenues	\$3,403,768.00	100.00%

Method of Financing

Levy of assessments upon real property that specially benefit from improvements and activities.

Assessments

The costs are funded through annual assessments that are allocated among the parcels based on the special benefit to each parcel. Three property assessment variables, lot square footage, building square footage, and linear front footage, will be used in the calculation. Additionally, three land use considerations are also factored in as assessment variables, commercial/office/cultural, residential, and educational/religious. Estimated annual maximum assessment rates for the first year of the district follow:

Zone 1

Land Use Type (1)	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$15.24399	\$0.05217	\$0.21773
Residential	\$15.24399	\$0.05217	\$0.21773
Educational, Philanthropic, Religious, Charitable	\$10.16266	\$0.03478	\$0.14515

Zone 2

Land Use Type (1)	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$36.12826	\$0.12364	\$0.51601
Residential	\$36.12826	\$0.12364	\$0.51601
Educational, Philanthropic, Religious, Charitable	\$24.08550	\$0.08243	\$0.34401

Benefit Zones	In addition to parcel characteristics and land use types, location also plays a role in determining special benefit. Two distinct areas within the proposed boundary of the District have been identified that will experience the Improvements to differing degrees and therefore will receive different levels of special benefit.
Assessment Increases	Assessment rates may increase by up to 5% per year. The determination of annual adjustments in assessment rates will be subject to the approval of the Civic Center CBD Owners' Association. In addition, individual parcel assessments may be updated as those parcels change (e.g., increased square footage due to development).
City Services	The City and County of San Francisco has established and documented the base level of pre-existing City services. The Civic Center CBD will not replace any pre-existing general City services.
Collection	District assessments appear as a separate line item on the San Francisco City and County property tax bills.
District Governance	The City may contract with the existing Civic Center CBD Owners' Association or another non-profit Owners' Association to provide the day-to-day operations and carry out the services as provided for in this Management District Plan.
District Formation	District formation requires submission of favorable petitions signed by property owners representing at least 30% of total assessments to be paid. Petitions are submitted to the San Francisco Board of Supervisors. If the 30% threshold is met, the City will conduct further hearings and mail ballots to all District property owners and 50% of ballots returned, as weighted by assessments to be paid, must be in favor of the District in order for the Board of Supervisors to consider approval.
Duration	The Civic Center CBD will have a 15-year life beginning January 1, 2020 and ending December 31, 2034.

Section 2 Civic Center CBD Boundaries

The District will be located in the Civic Center area of the City. The Civic Center CBD consists of approximately 43 whole or partial blocks and approximately 773 parcels. The District will generally be bounded by:

- Golden Gate Avenue and Turk Street to the North,
- Market Street to the South,
- 7th Street to the East, and
- Gough Street to the West.

A boundary map is provided on page 8 of this report, which shows the specific boundaries and parcel frontages to be included in the District.

The Civic Center CBD boundaries are illustrated by the map on page 8

Section 3 Improvements

Process to Establish the Improvement and Activity Plan

In the summer and fall of 2018, the Renewal Steering Committee initiated a series of meetings to discuss renewing the Community Benefit District so that the City could levy further assessments to fund enhanced improvements and activities. The primary needs as determined by the parcel owners were: cleaning, safety, activation/beautification, marketing/communication, and administration. All of the services to be provided, such as the cleaning work provided by the Clean Team, are services that are over and above the City's baseline of services and are not provided by the City.

Due to their unique nature of focusing on the particular needs of each assessed parcel within the Civic Center CBD, these special services provide particular and distinct benefits to each of the assessed parcels within the Civic Center CBD. Each of the services provided by the Civic Center CBD are designed to meet the needs of the retail, residential, education, parking, non-profit, publicly-owned, office, and mixed-use parcels that make up the Civic Center CBD and provide special benefit to each of the assessed parcels. The services are provided only to the assessed parcels and are not provided to parcels outside the Civic Center CBD.

The total improvement and activity plan budget for the Civic Center CBD in 2020 is projected at \$3,403,768. Of the total budget, \$3,240,387.14 is attributable to providing special benefits and is therefore funded by property assessments. General benefit from the Civic Center CBD budget is calculated to be \$163,380.86 and is not funded by assessment revenue from Civic Center CBD parcels. The costs of providing each of the budget components were developed from actual experience obtained in providing these services to Civic Center CBD properties for the past 7 years. Actual service hours and frequency may vary in order to match varying District needs over the fifteen-year life of the Civic Center CBD. A detailed operation deployment for 2020 is available from the property owner's association. The budget is made up of the following components:

Clean, Safe, Activation

Clean Program

In order to consistently deal with cleaning issues, a Clean Program will provide a multi-dimensional approach consisting of the following elements. These services are a form of special benefit because they will be provided directly to the assessed parcels. By receiving these special benefits, the parcels are expected to enjoy increased commercial activity, which directly relates to increases in lease rates and customer usage. The services may include, but are not limited to, the following:

- **Sidewalk Cleaning:** Uniformed, radio-equipped personnel sweep litter, debris and refuse from sidewalks and gutters of the Civic Center CBD. Paper signs and handbills that are taped or glued on property, utility boxes, poles and telephones are removed. Clean sidewalks support an increase in commerce and provides a special benefit to each individually assessed parcel in the Civic Center CBD.

- **Sidewalk Pressure Washing:** Civic Center CBD personnel may pressure wash the sidewalks. Clean sidewalks support an increase in commerce and provide a special benefit to each individually assessed parcel in the Civic Center CBD.
- **Trash Collection:** Collector truck personnel collect trash from sidewalks as needed. They are also dispatched to collect large bulky items illegally dumped in the Civic Center CBD. The District may also facilitate the installation of additional trash receptacles to enhance trash collection and cleanliness.
- **Graffiti Removal:** Painters remove graffiti by painting, using solvent and pressure washing. The Civic Center CBD maintains a zero-tolerance graffiti policy. An effort is made to remove all tags within 24 hours on weekdays.
- **Landscape Maintenance:** Weeding of District tree wells and sidewalk cracks. In addition, Civic Center CBD personnel may provide landscape maintenance to decorative planters.

The Clean Team will only operate within Civic Center CBD boundaries. By receiving these special benefits, the parcels are expected to enjoy increased commercial activity, which directly relates to increases in lease rates and customer usage. Dirty and unclean sidewalks deter pedestrians and commercial activity.

Safe Program

The Safe Program will provide safety services for the individual parcels located within the Civic Center CBD in the form of the Safe Team program, a security camera program, and an increased sidewalk/open space activation program. The Safe Team Program will only provide its services within the Civic Center CBD boundaries. Providing these services directly to the parcels within the Civic Center CBD boundaries is expected to result in increased commercial activity which directly relates to increased building occupancy and customer usage. A District that is perceived as unsafe deters pedestrian and commercial activity.

- **Safe Team:** A Safe Team made up of safety ambassadors and safety stewards may both rove through the District as well as maintain fixed post safety locations in order to provide a multifaceted approach to safety.
- **Security Camera Program:** A security camera program may be explored.
- **Sidewalk/Open Space Activation:** A program to activate sidewalks and open spaces in the Civic Center CBD may be developed.

Activation

Activation may include, but is not limited to, oversight of the Civic Center Plaza café kiosk, the daily setup of tables, chairs, and games in Civic Center Commons. Additional Activation may include programs and events such as markets, public art installations, musical performances, block parties, recreational activities, and the annual Holiday Tree Lighting. All activation programs are designed to increase use of the District in order to

increase both the perception and reality of safety due to that increased use.

Marketing/Communication

In order to communicate the changes that are taking place in the Civic Center CBD and to enhance the positive perception of the assessed parcels, a professionally developed marketing and communication program will be created. The program will help parcel owners in their efforts to attract tenants and support local commerce and investment and work to improve the positive perception of the Civic Center CBD. Decisions on where to shop, eat, work, and live are largely based on a perception of the place. These special benefits will result in increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

The programs being considered include, but are not limited to, the following:

- Destination Marketing
- Branding
- Events
- Media Relations
- Website
- District Stakeholder Outreach
- Social Media

Administration/Contingency/City Fees

The improvements and activities are managed by a professional staff that requires centralized administrative support. Administration staff oversees the Civic Center CBD's services, which are delivered seven days a week. Administration staff actively works on behalf of the Civic Center CBD parcels to ensure that City and County services and policies support the Civic Center CBD. Included in this item are office expenses, professional services, organizational expenses such as insurance, and the cost to conduct a yearly financial review. Civic Center CBD funds from Administration may be used for renewing the Civic Center CBD.

A well-managed Civic Center CBD provides necessary Civic Center CBD program oversight and guidance that produces higher quality and more efficient programs. Administration staff implement the programs and services of the Civic Center CBD. The special benefit to assessed parcels from these services is increased commercial activity, which directly relates to increased building occupancy and enhanced commerce.

An operating reserve is budgeted as a contingency for any payment of delinquencies, uncollectible assessments, Civic Center CBD renewal efforts, and/or unforeseen budget adjustments. District funds from Contingency/Reserve/City Fees may be used for renewing the District.

Section 4 Civic Center CBD Assessment Budget

Fifteen-Year Operating Budget

A projected fifteen-year operating budget for the Civic Center CBD is provided below. The projections are based upon the following assumptions:

Annual assessments may increase each year in an amount from zero (0) to 5%. In any case assessment annual increases may not exceed 5%. Annual adjustments in assessment rates will be subject to the approval of the Civic Center CBD Owners' Association. In addition, individual parcel assessments may also increase based on development in the Civic Center CBD. The projections below illustrate a 5% annual increase as an example for all budget items for the purpose of this Management District Plan, assuming the district's current development status.

The cost of providing programs and services also may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. The Owners' Association shall have the right to reallocate up to 10% by line item of the budget allocation within the budgeted categories. Any change beyond 10% will be subject to approval by the Owners' Association board of directors and submitted to the City and County of San Francisco within the CBD's annual planning report, pursuant to Section 36650 of the California Streets and Highways Code. The overall budget shall remain consistent with this Management District Plan. Each assessed parcel's assessment shall be no greater than its proportionate share of the special benefits received.

	2020	2021	2022	2023	2024

* Other non-assessment funding to cover the cost associated with general benefit.

Budget Adjustments

Any annual budget surplus will be rolled into the following year's Civic Center CBD budget. The budget will be set accordingly, within the constraints of the Management Civic Center CBD Plan to adjust for surpluses that are carried forward. Civic Center CBD funds may also be used for renewal of the Civic Center CBD. Funds from an expired Civic Center CBD shall be rolled over into the new Civic Center CBD if one is established, or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

If an error is discovered on a parcel's assessed square footages or building square footages, the Civic Center CBD may investigate and correct the assessed footages after confirming the correction with the San Francisco City and County Assessor Data. The correction will be made in accordance with the assessment methodology and may result in an increase or decrease to the parcel's assessment. (See section 5, **Appeals**, for detail on correction process)

Future Development

The above table is based on the Civic Center CBD's current development status and does not account for possible increases to assessments due to changes in parcel characteristics that are used to allocate special benefits (e.g., building square footage). The amount of each parcel's assessment will depend on the existing assessment rates as well as the specific characteristics of the parcel, as explained in further detail in Section 4 of the Engineer's Report. Each parcel will be assessed on a prorated basis from the date it receives a temporary and/or permanent certificate of occupancy. Thus, changes to a parcel may result in corresponding revisions to the assessments. Over time the total assessments levied in the Civic Center CBD likely will increase as parcels are developed. Parcels may also see assessments change as a result of changes to land use type. Parcels that experience a change in building square footage need to notify the Civic Center CBD of changes.

Assessment Roll Corrections

See Section 5 **Appeals**

Time and Manner for Collecting Assessments

The assessments will be collected annually on the County Treasurer & Tax Collector's ("Treasurer") secured property tax roll. The assessments will be subject to the Treasurer's assigned due dates and late penalties. However, the City may choose to collect the assessments in an alternate manner (including directly billing the property owner) as may be deemed appropriate or necessary by the City.

Disestablishment

Each year that the Civic Center CBD is in existence, there will be a 30-day period during which property owners will have the opportunity to request disestablishment of the CBD. This 30-day period begins each year on the anniversary of the date the CBD was established. Within that 30-day period, if a written petition is submitted by the owners of real property who pay 50% or more of the assessments levied, the Board of Supervisors shall convene a hearing on whether to disestablish the Civic Center CBD by:

A majority of the Board of Supervisors (six members) may initiate disestablishment at any time based on misappropriation of funds, malfeasance, or violation of law in connection with management of the Civic Center CBD.

A supermajority (eight members) of the Board of Supervisors may initiate disestablishment proceedings for any reason. All outstanding bonds, financing leases, or similar obligations of the City payable from or secured by the CBD assessment must be paid prior to disestablishment of the CBD.

Bond Issuance

The Civic Center CBD will not issue Bonds.

Public Property Assessments

Proposition 218 provides that no parcel can be assessed for more than its fair share of special benefits, including public property. All publicly-owned parcels, including parcels owned by the State of California and City and County of San Francisco, will pay their proportional share of costs based on the special benefits conferred to those individual parcels. These parcels specially benefit from Civic Center CBD programs that provide an enhanced sense of safety and cleanliness, which makes employees and visitors, feel safe and increased use which translates into fulfilling their public service mission. Publicly-owned parcels also benefit from Civic Center CBD programs which increase exposure and awareness of Civic Center CBD amenities which in turn work to provide greater pedestrian traffic and increased use. The publicly-owned parcels and their assessments within the Civic Center CBD boundary are listed below.

Section 5 Assessment Methodology

This Management District Plan provides for the levy of assessments to fund services and activities that specially benefit real property in the Civic Center CBD. These assessments are not taxes for the general benefit of the City, but are assessments on the parcels in the Civic Center CBD that are receiving special benefits. The following section is a summary of the detailed assessment methodology and benefit analysis that is included in the Engineer's Report which is an exhibit of this Management Plan. See the Engineer's Report for a more complete and detailed analysis.

Initial Maximum Assessment Rates

The rates below represent the maximum assessment rates for Fiscal Year 2019/20:

Zone 1			
Land Use Type (1)	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$15.24399	\$0.05217	\$0.21773
Residential	15.24399	0.05217	0.21773
Educational, Philanthropic/Religious/Charitable	10.16266	0.03478	0.14515

Zone 2			
Land Use Type (1)	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$36.12826	\$0.12364	\$0.51601
Residential	36.12826	0.12364	0.51601
Educational, Philanthropic/Religious/Charitable	24.08550	0.08243	0.34401

(1) Land use types are defined in Section 5.2 of engineer's report

Based on the most recent parcel characteristics, these rates are expected to generate approximately \$3,240,387 in revenue during the first year of levy (2019/20). This assessment revenue will be supplemented by non-assessment funds of \$163,381, to meet the total estimated 2019/20 budget of \$3,403,768. Non-assessment funds represent 4.8% of the total budget, which corresponds to the general benefit percentage identified in the Separation and Quantification of General Benefits section of this report.

Future changes to parcel characteristics (lot, building, frontage, and land use) may cause changes in the total assessment revenue. The assessment revenue for any given year will be the product of the District's parcel characteristics and the budget in effect for such fiscal year. Development within the District that increases the overall building square footage, for example, will lead to increased assessment revenue, even if assessment rates are not

increased.

Maximum Annual Assessment Adjustments

Annual adjustments in assessment rates will be subject to the approval of the Civic Center CBD Owners' Association and may range from zero (0) to a maximum of 5% in any given year. Any change will be approved by the Owners' Association Board of Directors and submitted to the City within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code.

As an example, the projections below illustrate the maximum 5% annual increase for all assessment rates.

Rate Development

The rates are the product of a detailed analysis presented in Sections 5 through 8 of this report.

Data for Annual Assessment Calculations

Each year, as part of the assessment calculation procedures, the CBD shall determine the land use type for each parcel based on the County Assessor's use code or other appropriate supplementary information. The parcel characteristics of lot square footage and building square footage shall similarly be based on the County Assessor's secured rolled data for the applicable year and may be supplemented with other reliable data sources. The frontage of each parcel shall be determined by reference to County Assessor's parcel maps or, if necessary, to GIS data.

Assessment amounts may change over time in accordance with changes to parcel characteristics including land use type and building square footage.

Mixed Use

Parcels in the District may have multiple land uses and could be categorized as having more than one of the identified land use types. If the CBD is made aware of a parcel with more than one land use type, the following shall apply:

If there are multiple land use types on one parcel, but those land use types all have the same assessment rate, the CBD shall select the most appropriate land use type designation and levy the applicable assessment rates.

If there are multiple land use types on one parcel, and those land use types have different assessment rates, the CBD shall attempt to separate out the land use types by actual building square footage. The CBD shall then pro-rate the total underlying lot square footage and frontage feet proportion to the building square footage assigned to each land use type. After each land use type is assigned lot square feet, building square feet, and frontage feet, the CBD shall calculate the applicable assessment rates for the respective land use types.

For example, if a parcel has both Educational and Office uses; the Educational land use represents 40% of the total building square footage, and the Office land use represents 60% of the total building square footage, the underlying lot's frontage and lot square footage shall be assigned 40% to the Educational land use and 60% to the Office land use. Those characteristics assigned to the Educational land use shall be used to calculate an assessment at the Educational rates, and those characteristics assigned to the Office land use shall be used to calculate the remaining portion of the assessment at the Office rates. If there are multiple land use types on one parcel and those land use types have different assessment rates, but data sufficient to delineate the building square footages is not available, the CBD shall choose the most appropriate land use type and the assessment shall be calculated according to those rates.

Appeals

If a property owner believes the data used to calculate their assessment is inaccurate or that the identified land use type is incorrect, the property owner may submit, in writing, a request for review to the CBD. The property owner shall provide documentation needed to support the request for review. The CBD shall review the request and provide a response to the property owner. The property owner must be current in the payment of all assessments when filing the request for review and must remain current during the review process. The property owner should continue to pay all amounts owed according to the County's due dates.

If the review results in changes to any parcel characteristics used to compute the assessment, the CBD shall recalculate the assessment. When recalculating the assessments, the assessment rates actually applied in such fiscal year shall be used. Only the assessment for the parcel or parcels subject to review shall be recalculated.

If the recalculated assessment is less than the amount submitted to the County on the secured property tax roll, the difference shall be credited back to the property owner. This credit shall be limited to the current fiscal year and the prior fiscal year, if applicable. The "fiscal year" shall follow the County's fiscal year for property taxes, from July 1 to June 30. The applicable fiscal year shall be determined by the date the request for review is submitted to the CBD.

For example, if a request for review is submitted to the CBD during Fiscal Year 2020/21, the Fiscal Year 2020/21 and 2019/20 assessments will be reviewed. The property owner credit shall be limited to any difference calculated for Fiscal Year 2020/21 (the current fiscal year) and Fiscal Year 2019/20 (the prior fiscal year).

The credit may be provided in the form of a check to the property owner, an adjustment to the current year's property tax roll (if possible), or a credit to the succeeding year's assessment thereby reducing the amount placed on the secured property tax roll for such year.

If the recalculated assessment is greater than the amount submitted to the County on the secured property tax roll, the CBD shall apply the recalculated assessment to the succeeding year's property tax roll and no adjustments shall be made to the prior or current fiscal years' assessments.

If a property owner is dissatisfied with the CBD's decision on their appeal, the property owner may appeal the matter further to the City (OEWD), who shall make a conclusive determination and whose decision shall be final.

Method of Collection

The assessments will be collected annually on the County Treasurer & Tax Collector's ("Treasurer") secured property tax roll. The assessments will be subject to the Treasurer's assigned due dates and late penalties. However, the City may choose to collect the assessments in an alternate manner (including directly billing the property owner) as may be deemed appropriate or necessary by the City.

SPECIAL BENEFITS

The Improvements will confer special benefits upon certain parcels within the proposed District. This section provides a description of those special benefits.

Improved Aesthetics

Several of the proposed services will confer aesthetic benefits. The cleaning and maintenance services are designed to improve the visual appearance immediately surrounding properties within the District. It is believed a cleaner environment is more aesthetically pleasing. Research shows that when areas where consumers conduct business are more aesthetically pleasing, they are also more desirable (Vilnai-Yavetz 2010). Therefore, the Improvements will confer aesthetic benefits.

Increased Safety

Research has shown vandalism, such as graffiti, is a key factor in determining attitudes about safety (Austin 2007). The perception of neighborhood problems has a stronger effect on the fear of crime than demographic factors (Dowler 2003). If this research holds true, the proposed District's graffiti removal services should have a positive effect on reducing fear of crime.

Research has shown that business improvement districts that provide services such as the stewards and ambassadors proposed within the District have been successful in reducing crime rates (Brooks 2005). The increased safety should be experienced by both residential and non-residential properties. Research shows there are safety benefits related to living in or near a commercial area managed by a business improvement district (Hoyt 2005). Therefore, the Improvements will confer safety benefits.

Increased Promotional Activity

The Improvements will confer promotional benefits upon certain parcels within the proposed District. Certain land use types are interested in attracting customers, tenants, patrons, or visitors, or a combination thereof. The Improvements will promote the area, thereby helping to attract these groups. These groups, whether customers, tenants, patrons, or visitors, are interested in utilizing each property for its intended design. Although these groups vary according to their intended use of the property, the commonality can be found in each land use type's advantage gained by attracting their specific group. Therefore, the Improvements will confer promotional benefits.

Improved Livability

Livability can have a wide range of meanings but as used in this analysis it represents the desirability to reside in an area based on the characteristics of urban environments that make them more attractive places to live (Throsby 2005). The proposed Improvements will positively impact the urban environment by creating a sense of place and local identity and improving feelings of security, all of which can influence livability. Therefore, the Improvements will confer livability benefits.

SPECIAL BENEFIT DISTRIBUTION

As described in the Introduction, once special benefits are identified, those special benefits must then be assigned based on the estimated proportionate special benefit derived by each parcel. This section describes the assignment of special benefit to each parcel.

Parcel Characteristics

The following parcel characteristics are used to determine each parcel's proportionate special benefit:

- Lot square footage
- Building square footage
- Linear frontage

Parcels of the same land use type will experience different degrees of special benefit in relation to differences in their lot size, building size, and linear frontage. For example, a parcel with a large building will experience greater special benefit than a parcel with a small building. Accordingly, as lot size, building size, and linear frontage increase, parcels are considered to receive proportionately greater special benefit. Therefore, these parcel characteristics are deemed appropriate factors for determining proportional special benefit.

In order to relate differing parcel characteristics to one another, a relative factor is determined for each.

Lot Factor

The average lot size in the proposed District is approximately 4,620 square feet. Each parcel's actual lot size was divided by the District's average lot size to determine a Lot Factor.

$$\text{Parcel's Lot Sq Ft} / \text{District's Average Lot Sq Ft} = \text{Parcel's Lot Factor}$$

Building Factor

The average building size in the proposed District is approximately 19,280 square feet. Each parcel's actual building size was divided by the District's average building size to determine a Building Factor.

$$\text{Parcel's Building Sq Ft} / \text{District's Average Building Sq Ft} = \text{Parcel's Building Factor}$$

Frontage Factor

The average linear frontage in the proposed District is approximately 66 feet. Each parcel's actual linear frontage was divided by the District's average linear frontage to determine a Frontage Factor.

$$\text{Parcel's Frontage Ft} / \text{District's Average Frontage Ft} = \text{Parcel's Frontage Factor}$$

Land Use Types

In addition to lot size, building size, and linear frontage, a parcel's land use type will also affect the special benefits received. Following the calculation of each parcel characteristic factor, Land Use Benefit Points were assigned. These benefit points correspond to the special benefits described in Section 4 in the Engineer's Report.

Each parcel within the proposed District is assigned a land use type for purposes of determining the special benefits received. Below is a description of the land use type categories to be assessed within the proposed District.

Commercial land use types include parcels used for a commercial purpose including, but not limited to, retail, restaurants, parking lots, parking garages, hotels/motels, and hospitals.

Office land use types include parcels used as administrative workplaces whether privately or publicly owned including courthouses, administration offices of educational institutions, and governmental administration (including, but not limited to, the Public Utilities Commission, SFMTA, and City Hall).

Cultural land use types include parcels used for cultural or entertainment purposes such as museums, theaters, and libraries as well as artistic performance venues (including Civic Center Plaza) and auditoriums, whether publicly or privately owned.

Residential land use types include parcels used as residential dwellings including condominiums and for-rent multi-unit parcels such as duplexes, triplexes, and apartments of four or more units.

Educational land use types include parcels used for instructive purposes whether privately or publicly owned including SFUSD school sites, the Chris Hellman Center for Dance (SF Ballet school), SF Conservatory of Music, City College of SF, and the Boys & Girls Club.

Philanthropic/Religious/Charitable land use types include parcels used for humanitarian assistance, faith-based meetings, or benevolent social organization meetings, and are operated by non-profit entities not otherwise included in the definition of Cultural.

As described below, some special benefits are conferred upon all land use types, and others are conferred only upon certain land use types.

Apportioning Aesthetic Benefit

The aesthetic benefits conferred by the Improvements will be enjoyed by all assessable land use types. The benefit of visual appeal is not restricted to any particular land use. A more attractive public environment can be enjoyed by all parcels irrespective of land use type. Accordingly, each assessable land use type will be assigned one Aesthetic Benefit

Point.

Apportioning Safety Benefit

The aesthetic benefits conferred by the Improvements will be enjoyed by all assessable land use types. The benefit of visual appeal is not restricted to any particular land use. A more attractive public environment can be enjoyed by all parcels irrespective of land use type. Accordingly, each assessable land use type will be assigned one Aesthetic Benefit Point.

Apportioning Promotional Benefit

The Improvements are designed to engage customers, patrons, and visitors by attracting them to the area, encouraging them to stay longer, and creating an enjoyable experience such that they wish to return and convey a positive message about the area through referral.

Those land use types interested in attracting customers benefit from increased revenues. The proposed services will create a more aesthetically pleasing environment, which has been shown to *"increase consumer's intentions to spend money"* (Vilnai-Yavetz 2010). In addition, the City's Office of Economic and Workforce Development ("OEWD"), in its 2012 report "Impact Analysis of San Francisco's Property & Business Improvement Districts (CBDs/BIDs)" ("CBD Analysis") found that during the recession of 2007 to 2009, CBDs *"saw less significant reductions in sales tax revenues"* than other areas of the City.

Those land use types interested in attracting tenants benefit from improved economics and lower vacancy rates. The OEWD, in its CBD Analysis, found that CBDs *"maintained lower commercial vacancy rates than what was experienced across San Francisco"* during the recession of 2007 to 2009.

Those land use types interested in attracting patrons and visitors benefit from the District being marketed and promoted as a cultural and entertainment destination. This marketing and promotion is designed to increase awareness of the area and highlight events and performances with the ultimate goal of bringing more potential patrons and visitors to the area.

Therefore, all land use types engaged in activities that are concerned with the experience of customers, tenants, patrons, and visitors will receive this Promotional Benefit. Parcels designated as Commercial, Office, or Cultural will be assigned one Promotional Benefit Point. All other land use types receive no Promotional Benefit Points.

Apportioning Livability Benefit

The Improvements are designed to positively impact the urban environment. These impacts influence local identity and feelings of security, which affect Livability. Livability represents the desirability to reside in an area and as such is unique to parcels used as residences. Therefore, parcels designated as Residential will receive one Livability Benefit Point and all non-residential land uses will receive no Livability Benefit Points.

Land Use Benefit Point Summary

The table below summarizes the Land Use Benefit Points:

Land Use Type	Aesthetic Benefit Points	Safety Benefit Points	Promotional Benefit Points	Livability Benefit Points	Total Land Use Benefit Points
Commercial, Office, Cultural	1.00	1.00	1.00	0.00	3.00
Residential	1.00	1.00	0.00	1.00	3.00
Educational, Philanthropic/Religious/Charitable	1.00	1.00	0.00	0.00	2.00

Zones of Benefit

In addition to parcel characteristics and land use types, location also plays a role in determining special benefit. The District will provide two different levels of service across two distinct areas within the proposed boundary of the District. Therefore, it is important to distinguish the differing improvement levels between the two zones to assign an appropriate Zone Benefit Factor to the parcels within each Zone.

Service/Activity	Zone 1 Factor	Zone 2 Factor
Cleaning and Maintenance	2.00	6.81
Safety and Activation	2.00	6.30
Marketing and Communications	1.00	1.47
Administration	2.00	2.00
Factor Totals	7.00	16.59
Zone Factors	1.00	2.37

Based on this analysis, a Zone Benefit Factor of 1.00 is assigned to parcels in Zone 1, and a Zone Benefit Factor of 2.37 is assigned to parcels in Zone 2. A detailed breakdown of the Zone Benefit Factor calculations is provided in Appendix A in the Engineer's Report.

Total Special Benefit Points

The calculation of Special Benefit Points for each parcel takes into account each component analyzed and described above, Parcel Characteristics, Land Use, and Zone. The formula for determining each parcel's Special Benefit Points is as follows:

$$\left(\text{Lot Factor} + \text{Building Factor} + \text{Frontage Factor} \right) \times \text{Land Use Benefit Points} \times \text{Zone Factor} = \text{Special Benefit Points}$$

The Special Benefit Points were computed for each parcel in the proposed District and summed. Based on the most current data available at the time of writing this report, the sum of Special Benefit Points for the entire District is 9,664.84. This total was used to determine the 2019/20 Assessment per Special Benefit Point shown in Section 7 in the Engineer's Report.

SEPARATION AND QUANTIFICATION OF GENERAL BENEFITS

Only special benefits are assessable and in order to assess only special benefits, the general benefits resulting from the Improvements must be separated and quantified. This section describes the process used to separate and quantify the general benefits. We rely on a “multi-perspective average approach” (MPAA), which entails analyzing the general benefits in totality by taking an average across multiple perspectives, to account for the overlap across services and to ensure that any single approach does not dominate the District’s general benefit percentage.

Summary

As detailed below, it is estimated the Improvements will confer 4.8% general benefit.

Detailed Analysis

The subsections below provide the detailed analysis of two approaches to quantifying general benefits.

Peripheral Parcel Approach

One approach is to define general benefit as the benefit that accrues to properties on the periphery of the District. Parcels with frontage adjacent to or across from District parcels are referred to as peripheral parcels. The Improvements will be provided solely within the District, but for purposes of this analysis, we assume a certain level of benefit will be conferred on peripheral parcels.

Peripheral parcels may receive some ancillary benefit from the presence of the stewards and ambassadors and the adjacent, cleaner streets. It is possible the stewards and ambassadors will report suspicious or criminal activity they witness outside the District, as long as it is close enough to see from their position within the District boundary. Likewise, the marketing activities could draw consumers to the District who might also explore the broader area and patronize businesses on the periphery of the District.

To calculate the benefit accruing to peripheral parcels as a result of the Improvements, the total Benefit Points were recalculated by including peripheral parcels. The following figures represent the adjusted parcel characteristic averages resulting from the inclusion of the peripheral parcels:

- Average lot square footage: 2,882.02
- Average building square footage: 12,106.73
- Average linear frontage: 40.55

The methodology described in Section 6 was applied to all parcels, including the peripheral parcels. Adjustments were made to the characteristics of certain peripheral parcels by determining the proportion of frontage adjacent to the District boundary as compared to frontage not adjacent to the District boundary. If this proportion was less than one (i.e. the peripheral parcel has a portion of its frontage not adjacent to the District boundary), the parcel’s building and lot square footages were modified by the frontage proportion.

This resulted in a total of 3,098 benefit points for those parcels outside the District and a total of 18,633 benefit points for all parcels. This equates to approximately 16.6% of the total benefit points assigned to peripheral parcels. This preliminary figure would be an appropriate measure of the benefit conferred to peripheral parcels if they received the full benefit of the Improvements. However, the peripheral parcels do not directly receive any cleaning or maintenance services, ambassadors and stewards do not specifically patrol the areas beyond the District boundary, and the promotional efforts are not focused on these parcels. Therefore, it is necessary to reduce the initial figure in order to reflect the reduced benefit.

Because the general benefits are conferred by multiple benefit types, it was necessary to calculate a blended reduction factor in order to estimate the reduced benefit conferred upon peripheral parcels. The table below shows the reduction factors for each benefit type:

Benefit Type	Reduction Factor
Improved Aesthetics ⁽¹⁾	0.82
Increased Safety ⁽²⁾	0.86
Increased Promotional Activity ⁽³⁾	0.50
Improved Livability ⁽³⁾	0.50
Average Reduction	0.70

- (1) The Improvements are physically separated from peripheral parcels. The Improvements will be located within close physical proximity to parcels within the District. The cleaning services are largely provided along parcel frontages which, given the City's typical sidewalk width of 12 feet, should be approximately 12 feet from any parcel within the District. Distances greater than 12 feet will see diminishing benefit as distance increases. Distances between parcels in the District and peripheral parcels were computed using GIS data. This showed an average distance of 67.9 feet from the Improvements. This is a reduction of approximately 82% from the typical distance to Improvements for a parcel within the District.
- (2) The ambassador and steward services are provided only along frontages of District property. The total street length within the District is approximately 6.8 miles. The net street length fronting peripheral parcels is approximately 0.95 miles. This is a reduction of approximately 86% for the estimated time peripheral parcels may expect to receive ancillary safety benefits.
- (3) Reduction estimated to be half.

Accordingly, the initial percentage derived through the application of benefit points was reduced by a factor of 0.7. This results in a general benefit of 5% using the peripheral parcel approach.

Pedestrian Traffic Approach

Given the observed volume of pedestrian traffic within the District, it was appropriate to also estimate the overall general benefit by analyzing benefits to the general public through a pedestrian traffic analysis.

Benefits to pedestrians who live within the District, work within the District, and to tourists, consumers, and patrons visiting the District are all related to the special benefits conferred by the Improvements and are all related to properties receiving special benefits. This

general benefits analysis therefore only focuses on pedestrians passing through the District.

Because the pedestrian traffic generated by and for specially benefiting parcels represents the special benefit itself, the general benefits enjoyed by pass-through pedestrian traffic must be averaged along with the peripheral property approach, which also analyzed overall general benefits.

Both approaches attempt to analyze the overall general benefit, and as such taking two separate approaches to quantifying the same overall general benefit should prevent either approach from skewing the estimate too far one way.

The first step was to estimate pedestrian traffic generated by parcels within the District. To do this, Average Daily Trips (ADT) were computed for each parcel based on the trip generation rates from the Institute for Transportation Engineers (ITE) Trip Generation Manual (9th Edition). The ADT used in this analysis are shown below:

Land Use Type	ADT ⁽¹⁾	ADT per
Commercial	54.3	1,000 sq ft of building
Office	16.7	1,000 sq ft of building
Cultural	56	1,000 sq ft of building
BART	19,402.0	BART station
Residential	5.2	dwelling unit
Educational	17.4	1,000 sq ft of building
Charitable/Religious	9.9	1,000 sq ft of building

(1) ADT values are detailed in Appendix B

The ADT was computed for each parcel. However, this figure represents vehicles trips, and the goal in this analysis was to estimate pedestrian traffic. In order to estimate the equivalent pedestrian traffic, an average of 1.54 persons per vehicle (Davis 2019) was multiplied by the total ADT and resulted in a figure of approximately 682,796 for the entire district. For purposes of this analysis, this figure represents the total estimated pedestrian traffic generated by specially benefiting parcels.

The next step was to estimate the total pedestrian traffic in the district, including traffic generated by parcels as well as pedestrian traffic simply passing through the district. To do this, the average of observed pedestrian traffic at specific intersections was determined using SFCTA data for eight District-related intersections (Van Ness BRT 2013). This data showed an average of 18,834 daily pedestrian crossings per intersection. Data was not available for all intersections within the District and therefore the averages were applied throughout the District.

There are approximately 65 intersections within the District, but 18 were considered to be minor streets and therefore wholly excluded from the count. Further, there are approximately 18 additional intersections that are split, one side of the street having frontage within the District, and one side not having District frontage. These intersections were reduced by half to account for this split. Therefore, the result was a net total of 38 intersections used to estimate the total pedestrian traffic within the District. Multiplying the average daily pedestrian crossings per intersection (18,834) by the net intersections (38) yields an initial estimate of 715,703 total pedestrians.

Therefore, of the total estimated pedestrian trips (715,703), approximately 95.4% (682,796) were estimated to be related to District parcels. This leaves an estimated 32,906 pass-through pedestrian trips, which equates to approximately 4.6%. This figure represents the overall general benefits as measured by the pedestrian traffic approach.

Overall General Benefit

As noted earlier, the analyses above represent two approaches to quantifying the overall general benefit within the District. The pedestrians generated by properties within the District are directly linked to the property-related benefits described in this report. Therefore, because these two approaches seek to quantify the same District general benefit, but from two different perspectives, the figures were averaged to determine a single, overall general benefit percentage. The table below presents the overall general benefit calculation:

General Benefit Quantification Approach	General Benefit Percentage
Peripheral Parcels	5.0%
Pedestrian Traffic	4.6%
Average, Overall General Benefit	4.8%

Therefore, 4.8% of the estimated total budget must be funded from sources other than assessments.

Section 6 Governance

The City and County of San Francisco may contract with a non-profit organization to provide the day-to-day operations of the Civic Center CBD. The non-profit organization will act, as the Owners' Association and governing board for the Civic Center CBD. The role of the Owners' Association is consistent with similar Community Benefit Districts and management organizations throughout California. The Owners' Association determines budgets, assessment adjustments, and monitors service delivery.

The Civic Center CBD Owners' Association Board of Directors will represent a cross section of property owners found throughout the Civic Center CBD. The goal and spirit of the board's composition is to have a majority of property owners that pay Community Benefit District assessments, but also include representatives from businesses and residents. At least 50% of the Board members will be property owners that pay an assessment and, per City requirements, at least 20% of the members be non-property-owning business owners within the Civic Center CBD boundary. A nominating committee develops an annual slate of board nominations, and nominations are voted on at an annual meeting of Civic Center CBD property owners.

Section 7 Implementation Timetable

The Civic Center CBD is expected to be established and begin implementation of the Management District Plan on January 1, 2020. The Civic Center CBD will have a fifteen-year life through December 31, 2034.

In order for the Civic Center CBD to meet the service begin date of January 1, 2020, the formation need to adhere to the following schedule:

<u>Formation Schedule</u>	<u>Dates</u>
Petitions distributed to property owners	March 2019
Petition Drive concludes	April 2019
Board of Supervisors accepts petition results/sets public hearing date	April 2019
Ballots mailed to property owners	April 2019
Board of Supervisors holds public hearing and tabulates ballots	June 2019

Section 8 Assessment Roll

1. ENGINEER'S STATEMENT

The assessments described in this Report have been prepared pursuant to Article XIII D of the California Constitution and the Property and Business Improvement District Law of 1994 as augmented and modified by Article 15 of the San Francisco Business and Tax Regulations Code (collectively, the "Assessment Law"). In preparing these assessments:

1. I have identified all parcels that will have a special benefit conferred upon them by the Improvements described in Section 2 of this Report (the "Specially Benefited Parcels").
 - a. For particulars as to the identification of these parcels, reference is made to the Assessment Diagram, a copy of which is included in Section 10 of this Report.
2. I have assessed the estimated costs and expenses of the Improvements upon the Specially Benefited Parcels. In making such assessment:
 - a. The proportionate special benefit derived from the Improvements by each Specially Benefited Parcel was determined in relationship to the total special benefits derived by all Specially Benefited Parcels;
 - b. No assessment has been imposed on any Specially Benefited Parcel which exceeds the reasonable cost of the proportional special benefit conferred on such parcel by the Improvements; and
 - c. The general benefits have been separated from the special benefits and only special benefits have been assessed.

I, the undersigned, respectfully submit this Engineer's Report and, to the best of my knowledge, information and belief, this Report, the assessments, and the Assessment Diagram herein have been prepared and computed in accordance with the Assessment Law.

By: 
John G. Egan
Assessment Engineer
R.C.E. 14853
3/22/19

2. INTRODUCTION

2.1 District History

The Board of Directors for the Civic Center Community Benefit District (CBD) desires that the City levy an assessment to fund certain services and activities (the “Improvements”) as described in Section 2 of this Report. The proposed assessment is subject to the substantive and procedural requirements described in Section 4, Article XIII D of the California Constitution (“Article XIII D”).

The City is authorized to levy an assessment pursuant to the Property and Business Improvement District Law of 1994 as augmented and modified by Article 15 of the San Francisco Business and Tax Regulations Code (collectively, the “PBID Law”).

The proposed assessment district will be known as the “Civic Center Property and Business Improvement District” (“District”). The City formed an assessment district in the Civic Center area in 2010 with a ten-year term. The City desires to renew the assessment district and expand the boundary through the proposed formation of the District. The City’s Board of Supervisors will act as the legislative body for the District. The CBD is the non-profit owners’ association that will represent the interests of the property owners. The CBD will make recommendations to the City regarding the budget, services to be provided, and assessment rates.

2.2 Proposed Duration

Assessments for the proposed District will be levied upon renewal of the District, to fund District Improvements over the next 15 years. The first levy of assessments for improvements will be Fiscal Year 2019/20 and the final levy will be Fiscal Year 2033/34.

2.3 Location

The District will be located in the Civic Center area of the City. The District will generally be bounded by Golden Gate Avenue and Turk Street to the North, Market Street to the South, 7th Street to the East, and Gough Street to the West. A boundary map is provided in Section 10 of this report, which shows the specific boundaries and parcel frontages to be included in the District.

2.4 Legislative Context

This Engineer’s Report is intended to comply with the requirements of Article XIII D and the PBID Law. The following is a description of the legislative context within which this report is written.

In 1996, California Voters adopted Proposition 218, the “Right to Vote on Taxes Act” which added Articles XIII C and XIII D to the California Constitution. Article XIII D imposes certain substantive and procedural requirements on any agency that wishes to levy special assessments.

The substantive requirements are twofold: (1) assessments can only be imposed for a “special benefit” conferred on an assessed parcel, and (2) assessments must be no greater than the reasonable cost of the proportionate special benefit conferred on an assessed parcel.

The special benefit and proportionality requirements are described in Section 4, Subdivision (a) of Article XIII D: *“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. ...”*

In addition to its substantive requirements, Article XIII D imposes certain procedural requirements, which include preparing an engineer’s report, providing written notice to property owners, providing assessment protest ballots to property owners, holding a public hearing, and tabulating the assessment protest ballots.

2.5 Court Rulings

Since the initial passage of Proposition 218, several court rulings have helped provide context and direction on the practical implementation procedures and requirements for levying assessments. Several of the key concepts from these rulings are summarized below.

2.5.1 GENERAL BENEFIT

Article XIII D requires an agency to separate the general benefits from the special benefits conferred because only special benefits are assessable.

The Court of Appeal in *Golden Hills Neighborhood Assn., Inc. v. City of San Diego* (2011) (*Golden Hills*) clarified this concept by stating, *“Separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits.”*

The Court of Appeal in *Beutz v. County of Riverside* (2010) (*Beutz*) quoted from the Legislative Analyst’s Office pamphlet titled “Understanding Proposition 218” which states an agency must, *“estimate the amount of special benefit landowners would receive from the project or service, as well as the amount of ‘general benefit.’ This step is needed because Proposition 218 allows local government to recoup from assessments only the proportionate share of cost to provide the special benefit.”*

The Court in *Beutz* further stated, *“Separating the general from the special benefits of a public improvement project and estimating the quantity of each in relation to the other is essential if an assessment is to be limited to the special benefits.”*

2.5.2 BENEFIT-BASED NOT COST-BASED

In *Bonander v. Town of Tiburon* (2009) (*Tiburon*), the Court of Appeal clarified the idea that assessments must be apportioned based upon benefit rather than cost. The Court stated, *“Proportionate special benefit is the basis upon which a project’s total assessable costs are apportioned among parcels within an assessment district.”*

The assessment on a particular property cannot be based on the relative cost of the improvements, but rather the special benefit conferred on such property. The Court in *Tiburon* also stated, *“an assessment*

represents the entirety of the cost of the improvement or property-related service, less any amount attributable to general benefits (which may not be assessed), allocated to individual properties in proportion to the relative special benefit conferred on the property."

2.5.3 PUBLIC PROPERTY

Section 4, Subdivision (a) of Article XIII D states, in part, *"Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit."* Historically, there were differing opinions about the application of this requirement. The language in Article XIII D seemed clear that publicly owned property could not be exempted, but it was unclear whether the language required publicly owned property to be assessed.

The Court of Appeal in *Manteca Unified School District v. Reclamation District No. 17 et al* (2017) (*Manteca*) clarified this issue by stating, *"section 4, subdivision (a) of article XIII D of the California Constitution unambiguously conditions any continuing benefit assessment exemption on a showing by clear and convincing evidence of no special benefit."*

2.5.4 IMPRECISION

The Court in *Tiburon* acknowledged the difficulty of trying to precisely assign and measure special benefit, stating, *"Any attempt to classify special benefits conferred on particular properties and to assign relative weights to those benefits will necessarily involve some degree of imprecision."*

The Court in *Tiburon* went on to say that a formula assigning equal weight to different special benefits *"may be a legally justifiable approach to measuring and apportioning special benefits, [but] it is not necessarily the only valid approach. Whichever approach is taken to measuring and apportioning special benefits, however, it must be both defensible and consistently applied."*

3. IMPROVEMENTS

The proposed District will fund the following services and activities (the “Improvements”):

- Cleaning and Maintenance
- Safety and Activation
- Marketing and Communications

The Improvements to be funded are those currently desired by District stakeholders and believed to be of benefit to District properties. Every effort will be made to provide the services and activities according to the estimates provided. Below is a description of the anticipated Improvements for the first year of the District.

3.1 Cleaning and Maintenance

Cleaning and maintenance services including sidewalk sweeping, graffiti removal, and landscape maintenance will be provided along the frontages of property within the District from 6 a.m. to 6 p.m. seven days per week.

Zones 1 and 2 will each receive 40 hours of pressure washing per week. Workforce Development Cleaners, or similar, will also provide an enhanced level of cleaning and maintenance services in Zone 2, Monday through Friday.

3.2 Safety and Activation

Ambassadors will provide information, referrals, and support for pedestrians in Zone 1 from 7 a.m. to 7 p.m. seven days per week, and from 6 p.m. to 11 p.m. Tuesday through Saturday.

Stewards providing information, referrals, and support for pedestrians will serve Zone 2 from 7 a.m. to 7 p.m. seven days per week.

A Garage Greeter will be stationed at the Civic Center Garage in Zone 2 street-level elevators and pay stations for pedestrian/customer service from 6 p.m. to 11 p.m., five nights per week (Tuesday through Saturday).

Activation may include, but is not limited to, oversight of the Civic Center Plaza café kiosk (which the CBD owns), and the daily setup of tables, chairs and games in Civic Center Commons. Additional Activation may include programs and events such as markets, public art installations, musical performances, block parties, recreational activities, and the annual Holiday Tree Lighting.

3.3 Marketing and Communications

The District will provide the following marketing and communications services to improve the District's image and visibility, communicate with District stakeholders, and to communicate activities taking place within the District. Work may include, but is not limited to, the following:

- District Stakeholder Outreach
- Website & Social Media
- Service Presentations
- General Benefit Fundraising
- Branding
- Events
- Media Relations
- Destination Marketing

3.4 Administration and Contingency

Administration includes daily oversight and operation of the District, adherence to the Management District Plan, and compliance with audit/reporting requirements. The Improvements will be managed by a professional staff that will oversee the District's services, which will be delivered seven days per week. Administration includes efforts to actively work on behalf of the District to ensure City and County services and policies support the District. Also included in this category are administrative expenses necessary to manage the District services. District funds for Administration may be used to establish and/or renew the District. A well-managed District provides necessary oversight and guidance that produces higher quality and more efficient programs.

The assessments will also fund a contingency reserve that may be used to cover possible unforeseen future expenses and help to smooth out cash flows, which are affected by the timing of property owner payments.

4. ASSESSMENTS

4.1 Initial Maximum Assessment Rates

The rates below represent the maximum assessment rates for Fiscal Year 2019/20:

Land Use Type (1)	Zone 1		
	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$15.24399	\$0.05217	\$0.21773
Residential	15.24399	0.05217	0.21773
Educational, Philanthropic/Religious/Charitable	10.16266	0.03478	0.14515

Land Use Type (1)	Zone 2		
	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$36.12826	\$0.12364	\$0.51601
Residential	36.12826	0.12364	0.51601
Educational, Philanthropic/Religious/Charitable	24.08550	0.08243	0.34401

(1) Land use types are defined in Section 5.2

Based on the most recent parcel characteristics, these rates are expected to generate approximately \$3,240,387 in revenue during the first year of levy (2019/20). This assessment revenue will be supplemented by non-assessment funds of \$163,381, to meet the total estimated 2019/20 budget of \$3,403,768. Non-assessment funds represent 4.8% of the total budget, which corresponds to the general benefit percentage identified in the Separation and Quantification of General Benefits section of this report.

Future changes to parcel characteristics (lot, building, frontage, and land use) may cause changes in the total assessment revenue. The assessment revenue for any given year will be the product of the District's parcel characteristics and the budget in effect for such fiscal year. Development within the District that increases the overall building square footage, for example, will lead to increased assessment revenue, even if assessment rates are not increased.

4.2 Annual Assessment Rate Increases

Each year the maximum assessment rates may be increased by up to 5% per year. Each year, prior to the annual levy of assessments, the CBD shall estimate the cost to fund the Improvements for the upcoming year. The assessment rates shall be levied at amounts necessary to generate sufficient revenue to meet the estimated costs to fund the Improvements. However, except for increases due to development as set forth in Section 4.1, annual assessment rate increases cannot exceed 5%.

4.3 Rate Development

The rates in Section 4.1 are the product of a detailed analysis presented in Sections 6 through 9 of this report.

4.4 Data for Annual Assessment Calculations

Each year, as part of the assessment calculation procedures, the CBD shall determine the land use type for each parcel based on the County Assessor's use code or other appropriate supplementary information. The parcel characteristics of lot square footage and building square footage shall similarly be based on the County Assessor's secured rolled data for the applicable year and may be supplemented with other reliable data sources. The frontage of each parcel shall be determined by reference to County Assessor's parcel maps or, if necessary, to GIS data.

Assessment amounts may change over time in accordance with changes to parcel characteristics including land use type and building square footage.

4.4.1 MIXED USE

Parcels in the District may have multiple land uses and could be categorized as having more than one of the identified land use types. If the CBD is made aware of a parcel with more than one land use type, the following shall apply:

If there are multiple land use types on one parcel, but those land use types all have the same assessment rate, the CBD shall select the most appropriate land use type designation and levy the applicable assessment rates.

If there are multiple land use types on one parcel, and those land use types have different assessment rates, the CBD shall attempt to separate out the land use types by actual building square footage. The CBD shall then pro-rate the total underlying lot square footage and frontage feet proportion to the building square footage assigned to each land use type. After each land use type is assigned lot square feet, building square feet, and frontage feet, the CBD shall calculate the applicable assessment rates for the respective land use types.

For example, if a parcel has both Educational and Office uses, the Educational land use represents 40% of the total building square footage, and the Office land use represents 60% of the total building square footage, the underlying lot's frontage and lot square footage shall be assigned 40% to the Educational land use and 60% to the Office land use. Those characteristics assigned to the Educational land use shall be used to calculate an assessment at the Educational rates, and those characteristics assigned to the Office land use shall be used to calculate the remaining portion of the assessment at the Office rates.

If there are multiple land use types on one parcel and those land use types have different assessment rates, but data sufficient to delineate the building square footages is not available, the CBD shall choose the most appropriate land use type and the assessment shall be calculated according to those rates:

4.5 Appeals

If a property owner believes the data used to calculate their assessment is inaccurate or that the identified land use type is incorrect, the property owner may submit, in writing, a request for review to the CBD. The property owner shall provide documentation needed to support the request for review. The CBD shall review the request and provide a response to the property owner. The property owner must be current in the payment of all assessments when filing the request for review and must remain current during the review process. The property owner should continue to pay all amounts owed according to the County's due dates.

If the review results in changes to any parcel characteristics used to compute the assessment, the CBD shall recalculate the assessment. When recalculating the assessments, the assessment rates actually applied in such fiscal year shall be used. Only the assessment for the parcel or parcels subject to review shall be recalculated.

If the recalculated assessment is less than the amount submitted to the County on the secured property tax roll, the difference shall be credited back to the property owner. This credit shall be limited to the current fiscal year and the prior fiscal year, if applicable. The "fiscal year" shall follow the County's fiscal year for property taxes, from July 1 to June 30. The applicable fiscal year shall be determined by the date the request for review is submitted to the CBD.

For example, if a request for review is submitted to the CBD during Fiscal Year 2020/21, the Fiscal Year 2020/21 and 2019/20 assessments will be reviewed. The property owner credit shall be limited to any difference calculated for Fiscal Year 2020/21 (the current fiscal year) and Fiscal Year 2019/20 (the prior fiscal year).

The credit may be provided in the form of a check to the property owner, an adjustment to the current year's property tax roll (if possible), or a credit to the succeeding year's assessment thereby reducing the amount placed on the secured property tax roll for such year.

If the recalculated assessment is greater than the amount submitted to the County on the secured property tax roll, the CBD shall apply the recalculated assessment to the succeeding year's property tax roll and no adjustments shall be made to the prior or current fiscal years' assessments.

If a property owner is dissatisfied with the CBD's decision on their appeal, the property owner may appeal the matter further to the City (OEWD), who shall make a conclusive determination and whose decision shall be final.

4.6 Method of Collection

The assessments will be collected annually on the County Treasurer & Tax Collector's ("Treasurer") secured property tax roll. The assessments will be subject to the Treasurer's assigned due dates and late penalties. However, the City may choose to collect the assessments in an alternate manner (including directly billing the property owner) as may be deemed appropriate or necessary by the City.

5. SPECIAL BENEFITS

The Improvements will confer special benefits upon certain parcels within the proposed District. This section provides a description of those special benefits.

5.1 Improved Aesthetics

Several of the proposed services will confer aesthetic benefits. The cleaning and maintenance services are designed to improve the visual appearance immediately surrounding properties within the District. It is believed a cleaner environment is more aesthetically pleasing. Research shows that when areas where consumers conduct business are more aesthetically pleasing, they are also more desirable (Vilnai-Yavetz 2010). Therefore, the Improvements will confer aesthetic benefits.

5.2 Increased Safety

Research has shown vandalism, such as graffiti, is a key factor in determining attitudes about safety (Austin 2007). The perception of neighborhood problems has a stronger effect on the fear of crime than demographic factors (Dowler 2003). If this research holds true, the proposed District's graffiti removal services should have a positive effect on reducing fear of crime.

Research has shown that business improvement districts that provide services such as the stewards and ambassadors proposed within the District have been successful in reducing crime rates (Brooks 2005). The increased safety should be experienced by both residential and non-residential properties. Research shows there are safety benefits related to living in or near a commercial area managed by a business improvement district (Hoyt 2005). Therefore, the Improvements will confer safety benefits.

5.3 Increased Promotional Activity

The Improvements will confer promotional benefits upon certain parcels within the proposed District. Certain land use types are interested in attracting customers, tenants, patrons, or visitors, or a combination thereof. The Improvements will promote the area, thereby helping to attract these groups. These groups, whether customers, tenants, patrons, or visitors, are interested in utilizing each property for its intended design. Although these groups vary according to their intended use of the property, the commonality can be found in each land use type's advantage gained by attracting their specific group. Therefore, the Improvements will confer promotional benefits.

5.4 Improved Livability

Livability can have a wide range of meanings but as used in this analysis it represents the desirability to reside in an area based on the characteristics of urban environments that make them more attractive places to live (Throsby 2005). The proposed Improvements will positively impact the urban environment by creating a sense of place and local identity and improving feelings of security, all of which can influence livability. Therefore, the Improvements will confer livability benefits.

6. SPECIAL BENEFIT DISTRIBUTION

As described in the Introduction, once special benefits are identified, those special benefits must then be assigned based on the estimated proportionate special benefit derived by each parcel. This section describes the assignment of special benefit to each parcel.

6.1 Parcel Characteristics

The following parcel characteristics are used to determine each parcel's proportionate special benefit:

- Lot square footage
- Building square footage
- Linear frontage

Parcels of the same land use type will experience different degrees of special benefit in relation to differences in their lot size, building size, and linear frontage. For example, a parcel with a large building will experience greater special benefit than a parcel with a small building. Accordingly, as lot size, building size, and linear frontage increase, parcels are considered to receive proportionately greater special benefit. Therefore, these parcel characteristics are deemed appropriate factors for determining proportional special benefit.

In order to relate differing parcel characteristics to one another, a relative factor is determined for each.

6.1.1 LOT FACTOR

The average lot size in the proposed District is approximately 4,620 square feet. Each parcel's actual lot size was divided by the District's average lot size to determine a Lot Factor.

$$\frac{\text{Parcel's Lot Sq Ft}}{\text{District's Average Lot Sq Ft}} = \text{Parcel's Lot Factor}$$

6.1.2 BUILDING FACTOR

The average building size in the proposed District is approximately 19,280 square feet. Each parcel's actual building size was divided by the District's average building size to determine a Building Factor.

$$\frac{\text{Parcel's Building Sq Ft}}{\text{District's Average Building Sq Ft}} = \text{Parcel's Building Factor}$$

6.1.3 FRONTAGE FACTOR

The average linear frontage in the proposed District is approximately 66 feet. Each parcel's actual linear frontage was divided by the District's average linear frontage to determine a Frontage Factor.

$$\frac{\text{Parcel's Frontage Ft}}{\text{District's Average Frontage Ft}} = \text{Parcel's Frontage Factor}$$

6.2 Land Use Types

In addition to lot size, building size, and linear frontage, a parcel's land use type will also affect the special benefits received. Following the calculation of each parcel characteristic factor, Land Use Benefit Points were assigned. These benefit points correspond to the special benefits described in Section 4.

Each parcel within the proposed District is assigned a land use type for purposes of determining the special benefits received. Below is a description of the land use type categories to be assessed within the proposed District.

Commercial land use types include parcels used for a commercial purpose including, but not limited to, retail, restaurants, parking lots, parking garages, hotels/motels, and hospitals.

Office land use types include parcels used as administrative workplaces whether privately or publicly owned including courthouses, administration offices of educational institutions, and governmental administration (including, but not limited to, the Public Utilities Commission, SFMTA, and City Hall).

Cultural land use types include parcels used for cultural or entertainment purposes such as museums, theaters, and libraries as well as artistic performance venues (including Civic Center Plaza) and auditoriums, whether publicly or privately owned.

Residential land use types include parcels used as residential dwellings including condominiums and for-rent multi-unit parcels such as duplexes, triplexes, and apartments of four or more units.

Educational land use types include parcels used for instructive purposes whether privately or publicly owned including SFUSD school sites, the Chris Hellman Center for Dance (SF Ballet school), SF Conservatory of Music, City College of SF, and the Boys & Girls Club.

Philanthropic/Religious/Charitable land use types include parcels used for humanitarian assistance, faith-based meetings, or benevolent social organization meetings, and are operated by non-profit entities not otherwise included in the definition of Cultural.

As described below, some special benefits are conferred upon all land use types, and others are conferred only upon certain land use types.

6.2.1 APPORTIONING AESTHETIC BENEFITS

The aesthetic benefits conferred by the Improvements will be enjoyed by all assessable land use types. The benefit of visual appeal is not restricted to any particular land use. A more attractive public environment can be enjoyed by all parcels irrespective of land use type. Accordingly, each assessable land use type will be assigned one Aesthetic Benefit Point.

6.2.2 APPORTIONING SAFETY BENEFITS

Similarly, the safety benefits conferred by the Improvements will be enjoyed by all assessable land use types. Safety can be thought of as a universal need. Its importance can be seen in the fact that everyone desires to live and work in safe, crime-free areas (Lau Leby 2010). Therefore, because levels of safety affect all land uses, it follows that an increase in safety will benefit all land use types. Accordingly, each assessable land use type will be assigned one Safety Benefit Point.

6.2.3 APPORTIONING PROMOTIONAL BENEFITS

The Improvements are designed to engage customers, patrons, and visitors by attracting them to the area, encouraging them to stay longer, and creating an enjoyable experience such that they wish to return and convey a positive message about the area through referral.

Those land use types interested in attracting customers benefit from increased revenues. The proposed services will create a more aesthetically pleasing environment, which has been shown to *“increase consumer’s intentions to spend money”* (Vilnai-Yavetz 2010). In addition, the City’s Office of Economic and Workforce Development (“OEWD”), in its 2012 report *“Impact Analysis of San Francisco’s Property & Business Improvement Districts (CBDs/BIDs)”* (“CBD Analysis”) found that during the recession of 2007 to 2009, CBDs *“saw less significant reductions in sales tax revenues”* than other areas of the City.

Those land use types interested in attracting tenants benefit from improved economics and lower vacancy rates. The OEWD, in its CBD Analysis, found that CBDs *“maintained lower commercial vacancy rates than what was experienced across San Francisco”* during the recession of 2007 to 2009.

Those land use types interested in attracting patrons and visitors benefit from the District being marketed and promoted as a cultural and entertainment destination. This marketing and promotion is designed to increase awareness of the area and highlight events and performances with the ultimate goal of bringing more potential patrons and visitors to the area.

Therefore, all land use types engaged in activities that are concerned with the experience of customers, tenants, patrons, and visitors will receive this Promotional Benefit. Parcels designated as Commercial, Office, or Cultural will be assigned one Promotional Benefit Point. All other land use types receive no Promotional Benefit Points.

6.2.4 APPORTIONING LIVABILITY BENEFITS

The Improvements are designed to positively impact the urban environment. These impacts influence local identity and feelings of security, which affect Livability. Livability represents the desirability to reside in an area and as such is unique to parcels used as residences. Therefore, parcels designated as Residential will receive one Livability Benefit Point and all non-residential land uses will receive no Livability Benefit Points.

6.2.5 LAND USE BENEFIT POINT SUMMARY

The table below summarizes the Land Use Benefit Points:

Land Use Type	Aesthetic Benefit Points	Safety Benefit Points	Promotional Benefit Points	Livability Benefit Points	Total Land Use Benefit Points
Commercial, Office, Cultural	1.00	1.00	1.00	0.00	3.00
Residential	1.00	1.00	0.00	1.00	3.00
Educational, Philanthropic/Religious/Charitable	1.00	1.00	0.00	0.00	2.00

6.3 Zones of Benefit

In addition to parcel characteristics and land use types, location also plays a role in determining special benefit. The District will provide two different levels of service across two distinct areas within the proposed boundary of the District. Therefore, it is important to distinguish the differing improvement levels between the two zones to assign an appropriate Zone Benefit Factor to the parcels within each Zone.

Service/Activity	Zone 1 Factor	Zone 2 Factor
Cleaning and Maintenance	2.00	6.81
Safety and Activation	2.00	6.30
Marketing and Communications	1.00	1.47
Administration	2.00	2.00
Factor Totals	7.00	16.59
Zone Factors	1.00	2.37

Based on this analysis, a Zone Benefit Factor of 1.00 is assigned to parcels in Zone 1, and a Zone Benefit Factor of 2.37 is assigned to parcels in Zone 2. A detailed breakdown of the Zone Benefit Factor calculations is provided in Appendix A.

6.4 Total Special Benefit Points

The calculation of Special Benefit Points for each parcel takes into account each component analyzed and described above, Parcel Characteristics, Land Use, and Zone. The formula for determining each parcel's Special Benefit Points is as follows:

$$\left(\text{Lot Factor} + \text{Building Factor} + \text{Frontage Factor} \right) \times \text{Land Use Benefit Points} \times \text{Zone Factor} = \text{Special Benefit Points}$$

The Special Benefit Points were computed for each parcel in the proposed District and summed. Based on the most current data available at the time of writing this report, the sum of Special Benefit Points for the entire District is 9,664.84. This total was used to determine the 2019/20 Assessment per Special Benefit Point shown in Section 7.

7. SEPARATION AND QUANTIFICATION OF GENERAL BENEFITS

As described in the Introduction, only special benefits are assessable and in order to assess only special benefits, the general benefits resulting from the Improvements must be separated and quantified. This section describes the process used to separate and quantify the general benefits. We rely on a “multi-perspective average approach” (MPAA), which entails analyzing the general benefits in totality by taking an average across multiple perspectives, to account for the overlap across services and to ensure that any single approach does not dominate the District’s general benefit percentage.

7.1 Summary

As detailed below, it is estimated the Improvements will confer 4.8% general benefit.

7.2 Detailed Analysis

The subsections below provide the detailed analysis of two approaches to quantifying general benefits.

7.2.1 PERIPHERAL PARCEL APPROACH

One approach is to define general benefit as the benefit that accrues to properties on the periphery of the District. Parcels with frontage adjacent to or across from District parcels are referred to as peripheral parcels. The Improvements will be provided solely within the District, but for purposes of this analysis, we assume a certain level of benefit will be conferred on peripheral parcels.

Peripheral parcels may receive some ancillary benefit from the presence of the stewards and ambassadors and the adjacent, cleaner streets. It is possible the stewards and ambassadors will report suspicious or criminal activity they witness outside the District, as long as it is close enough to see from their position within the District boundary. Likewise, the marketing activities could draw consumers to the District who might also explore the broader area and patronize businesses on the periphery of the District.

To calculate the benefit accruing to peripheral parcels as a result of the Improvements, the total Benefit Points were recalculated by including peripheral parcels. The following figures represent the adjusted parcel characteristic averages resulting from the inclusion of the peripheral parcels:

- Average lot square footage: 2,882.02
- Average building square footage: 12,106.73
- Average linear frontage: 40.55

The methodology described in Section 6 was applied to all parcels, including the peripheral parcels. Adjustments were made to the characteristics of certain peripheral parcels by determining the proportion of frontage adjacent to the District boundary as compared to frontage not adjacent to the District boundary. If this proportion was less than one (i.e. the peripheral parcel has a portion of its frontage not adjacent to the District boundary), the parcel’s building and lot square footages were modified by the frontage proportion.

This resulted in a total of 3,098 benefit points for those parcels outside the District and a total of 18,633 benefit points for all parcels. This equates to approximately 16.6% of the total benefit points assigned to peripheral parcels. This preliminary figure would be an appropriate measure of the benefit conferred to peripheral parcels if they received the full benefit of the Improvements. However, the peripheral parcels do not directly receive any cleaning or maintenance services, ambassadors and stewards do not specifically patrol the areas beyond the District boundary, and the promotional efforts are not focused on these parcels. Therefore, it is necessary to reduce the initial figure in order to reflect the reduced benefit.

Because the general benefits are conferred by multiple benefit types, it was necessary to calculate a blended reduction factor in order to estimate the reduced benefit conferred upon peripheral parcels. The table below shows the reduction factors for each benefit type:

Benefit Type	Reduction Factor
Improved Aesthetics ⁽¹⁾	0.82
Increased Safety ⁽²⁾	0.86
Increased Promotional Activity ⁽³⁾	0.50
Improved Livability ⁽³⁾	0.50
Average Reduction	0.70

- (1) The Improvements are physically separated from peripheral parcels. The Improvements will be located within close physical proximity to parcels within the District. The cleaning services are largely provided along parcel frontages which, given the City's typical sidewalk width of 12 feet, should be approximately 12 feet from any parcel within the District. Distances greater than 12 feet will see diminishing benefit as distance increases. Distances between parcels in the District and peripheral parcels were computed using GIS data. This showed an average distance of 67.9 feet from the Improvements. This is a reduction of approximately 82% from the typical distance to Improvements for a parcel within the District.
- (2) The ambassador and steward services are provided only along frontages of District property. The total street length within the District is approximately 6.8 miles. The net street length fronting peripheral parcels is approximately 0.95 miles. This is a reduction of approximately 86% for the estimated time peripheral parcels may expect to receive ancillary safety benefits.
- (3) Reduction estimated to be half.

Accordingly, the initial percentage derived through the application of benefit points was reduced by a factor of 0.7. This results in a general benefit of 5% using the peripheral parcel approach.

7.2.2 PEDESTRIAN TRAFFIC APPROACH

Given the observed volume of pedestrian traffic within the District, it was appropriate to also estimate the overall general benefit by analyzing benefits to the general public through a pedestrian traffic analysis.

Benefits to pedestrians who live within the District, work within the District, and to tourists, consumers, and patrons visiting the District are all related to the special benefits conferred by the Improvements and are all related to properties receiving special benefits. This general benefits analysis therefore only focuses on pedestrians passing through the District.

Because the pedestrian traffic generated by and for specially benefiting parcels represents the special benefit itself, the general benefits enjoyed by pass-through pedestrian traffic must be averaged along with the peripheral property approach, which also analyzed overall general benefits.

Both approaches attempt to analyze the overall general benefit, and as such taking two separate approaches to quantifying the same overall general benefit should prevent either approach from skewing the estimate too far one way.

The first step was to estimate pedestrian traffic generated by parcels within the District. To do this, Average Daily Trips (ADT) were computed for each parcel based on the trip generation rates from the Institute for Transportation Engineers (ITE) Trip Generation Manual (9th Edition). The ADT used in this analysis are shown below:

Land Use Type	ADT ⁽¹⁾	ADT per
Commercial	54.3	1,000 sq ft of building
Office	16.7	1,000 sq ft of building
Cultural	56.0	1,000 sq ft of building
BART	19,402.0	BART station
Residential	5.2	dwelling unit
Educational	17.4	1,000 sq ft of building
Charitable/Religious	9.9	1,000 sq ft of building

(1) ADT values are detailed in Appendix B

The ADT was computed for each parcel. However, this figure represents vehicles trips, and the goal in this analysis was to estimate pedestrian traffic. In order to estimate the equivalent pedestrian traffic, an average of 1.54 persons per vehicle (Davis 2019) was multiplied by the total ADT and resulted in a figure of approximately 683,006 for the entire district. For purposes of this analysis, this figure represents the total estimated pedestrian traffic generated by specially benefiting parcels.

The next step was to estimate the total pedestrian traffic in the district, including traffic generated by parcels as well as pedestrian traffic simply passing through the district. To do this, the average of observed pedestrian traffic at specific intersections was determined using SFCTA data for eight District-related intersections (Van Ness BRT 2013). This data showed an average of 18,834 daily pedestrian crossings per intersection. Data was not available for all intersections within the District and therefore the averages were applied throughout the District.

There are approximately 65 intersections within the District, but 18 were considered to be minor streets and therefore wholly excluded from the count. Further, there are approximately 18 additional intersections that are split, one side of the street having frontage within the District, and one side not having District frontage. These intersections were reduced by half to account for this split. Therefore, the result was a net total of 38 intersections used to estimate the total pedestrian traffic within the District. Multiplying the average daily pedestrian crossings per intersection (18,834) by the net intersections (38) yields an initial estimate of 715,703 total pedestrians.

Therefore, of the total estimated pedestrian trips (715,703), approximately 95.4% (683,006) were estimated to be related to District parcels. This leaves an estimated 32,697 pass-through pedestrian trips, which

equates to approximately 4.6%. This figure represents the overall general benefits as measured by the pedestrian traffic approach.

7.2.3 OVERALL GENERAL BENEFIT

As noted earlier, the analyses above represent two approaches to quantifying the overall general benefit within the District. The pedestrians generated by properties within the District are directly linked to the property-related benefits described in this report. Therefore, because these two approaches seek to quantify the same District general benefit, but from two different perspectives, the figures were averaged to determine a single, overall general benefit percentage. The table below presents the overall general benefit calculation:

General Benefit Quantification Approach	General Benefit Percentage
Peripheral Parcels	5.0%
Pedestrian Traffic	4.6%
Average, Overall General Benefit	4.8%

Therefore, 4.8% of the estimated total budget must be funded from sources other than assessments.

8. BUDGET

The following table is a summary of the estimated annual costs to fund the Improvements for Fiscal Year 2019/20:

Budget Items	FY 2019/20 Estimated Budget
Cleaning, Maintenance, Safety, & Activation	\$2,583,768.00
Marketing and Communications	250,000.00
Administration and Contingency	570,000.00
Total Estimated Costs (2019/20)	\$3,403,768.00

8.1 Balance to Be Assessed

The total amount to be assessed upon the specially benefitting parcels is the total cost of the Improvements, as detailed above, less the portion attributable to General Benefit as detailed in the Separation and Quantification of General Benefits section.

The calculation of the balance to be assessed is shown below:

Description	Amount
Total Estimated Costs (2019/20)	\$3,403,768.00
Less General Benefit Portion (4.8%)	163,380.86
Balance to Be Assessed	\$3,240,387.14

Each year the estimated budget may change, which will cause a corresponding change in the dollar amount of general benefit. However, the general benefit percentage will remain at 4.8% in future years.

9. ASSESSMENT RATE DEVELOPMENT

9.1 Assessment per Special Benefit Point

The Assessment per Special Benefit Point was determined by dividing the Balance to Be Assessed (from Section 7.1) by the 2019/20 Total District Special Benefit Points (from Section 5.4).

The calculation of the 2019/20 Assessment per Special Benefit Point is shown below:

Description	Amount
Balance to Be Assessed	\$3,240,387.14
Total District Special Benefit Points	9,664.84
Assessment per Special Benefit Point (2019/20)	\$335.28

The Assessment per Special Benefit Point computed above was used to determine the 2019/20 assessment rates per parcel characteristic shown in Section 3.1 as well as in Section 8.3. Future changes to a parcel's characteristics (lot, building, frontage, and land use) will cause changes in the assessment amount. The assessment amounts for any given year will be the product of each parcel's characteristics and the District budget in effect for such fiscal year.

Development within the District that increases the overall building square footage, for example, will lead to a greater total levy, even if assessment rates are not increased.

9.2 Component Values

The 2019/20 levy for each component of the assessment (lot, building, and frontage) can be broken down as follows:

$$\begin{array}{l}
 \text{Lot Factor} \times \text{Land Use Benefit Points} \times \text{Zone Factor} \times \text{Assessment per Special Benefit Point} = \text{Lot Levy} \\
 \text{Building Factor} \times \text{Land Use Benefit Points} \times \text{Zone Factor} \times \text{Assessment per Special Benefit Point} = \text{Building Levy} \\
 \text{Frontage Factor} \times \text{Land Use Benefit Points} \times \text{Zone Factor} \times \text{Assessment per Special Benefit Point} = \text{Frontage Levy}
 \end{array}$$

The determination of the 2019/20 value for each component of the assessment is the component's levy divided by the component value.

For example, the total estimated Lot Levy for Commercial parcels in Zone 1 is \$188,809.04, and the total Lot Square Footage for those same Commercial parcels in Zone 1 is 867,189.67 square feet. Therefore, the equivalent 2019/20 rate per lot square foot for Commercial parcels in Zone 1 is \$0.21773.

$$\begin{array}{l} \text{Lot Levy of} \\ \text{Commercial} \\ \text{Parcels in} \\ \text{Zone 1} \end{array} / \begin{array}{l} \text{Lot Sq Ft of} \\ \text{Commercial} \\ \text{Parcels in} \\ \text{Zone 1} \end{array} = \begin{array}{l} \text{Assessment Rate} \\ \text{per Lot Sq Ft of} \\ \text{Commercial} \\ \text{Parcels in} \\ \text{Zone 1} \end{array}$$

This same process was used for each component of the assessment and each unique combination of land use and zone. The final, summarized results of these calculations are shown below as well as in Section 3.1. The rates below represent the maximum assessment rates for Fiscal Year 2019/20. These rates are subject to annual increase as described in Section 3.2.

Land Use Type	Zone 1		
	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$15.24399	\$0.05217	\$0.21773
Residential	15.24399	0.05217	0.21773
Educational, Philanthropic/Religious/Charitable	10.16266	0.03478	0.14515

Land Use Type	Zone 2		
	Rate per Front ft	Rate per Bldg sq ft	Rate per Lot sq ft
Commercial, Office, Cultural	\$36.12826	\$0.12364	\$0.51601
Residential	36.12826	0.12364	0.51601
Educational, Philanthropic/Religious/Charitable	24.08550	0.08243	0.34401

13. APPENDICES

The following pages contain the appendices referenced in this report.

APPENDIX A

The following is a detailed breakdown of the Zone Factor calculations.

Service/Activity	Zone 1 Factor	Zone 2 Factor
Sidewalk Sweeping (1)	1.00	1.28
Pressure Washing (2)	1.00	2.56
Workforce Development Cleaners (3)	0.00	2.98
Ambassadors/Stewards/Garage Greeter (4)	1.00	2.09
Project Director (5)	1.00	1.00
Communications & Marketing (6)	1.00	1.47
Programming Manager (7)	0.00	1.00
Operations Manager (7)	0.00	1.00
Activation (8)	1.00	2.21
Executive Director (9)	1.00	1.00
Factor Totals	7.00	16.59

Zone Factors	1.00	2.37
---------------------	-------------	-------------

- (1) Sidewalk sweeping is planned for 224 hours in Zone 1 and 112 hours in Zone 2 weekly. The total frontage of Zones 1 and 2 is 36,658 and 14,345 respectively. This equates to 1.28 times greater frequency in Zone 2.
- (2) Sidewalk pressure washing is planned for 40 hours per week in Zone 1 and 40 hours per week in Zone 2. However, but because the frontage of Zone 2 is much less than Zone 1, this equates to approximately 2.56 times greater frequency in Zone 2.
- (3) Workforce Development Cleaners (or similar) will service Zone 2 only. The total combined hours of cleaning per frontage foot for street sweeping and pressure washing, including Workforce Development Cleaners, is 264 hours in Zone 1 and 472 hours in Zone 2 weekly. This equates to approximately 3.4 times greater cleaning frequency in Zone 2. The frequencies of street sweeping and pressure washing are separately analyzed. Therefore, it is necessary to assign the appropriate value to Zone 2 Workforce Development Cleaners to bring the aggregate cleaning ratio to 3.4:1 in favor of Zone 2. This necessitates a factor of 2.98 for Workforce Development Cleaners in Zone 2.
- (4) Day and evening Ambassadors and Stewards are planned for 324 hours in Zone 1 and 265 hours in Zone 2 weekly (including the garage greeter for Zone 2 hours). The total frontage of Zones 1 and 2 is 36,658 and 14,345 respectively. This equates to 2.09 times greater intensity in Zone 2.
- (5) Zone 1 and Zone 2 will each have a dedicated Project Director.
- (6) Marketing and Communications efforts will be split between Zones 1 and 2. However, assuming substantially equal effort between the zones, a factor of 1.47 is assigned to Zone 2

to reflect the differences in total square footage. In other words, equal effort between the zones will result in a greater intensity for Zone 2 because of the smaller, aggregate lot and building square footage. The total lot and building square footage is 7,986,678 for Zone 1 and 5,420,039 for Zone 2.

- (7) The Programming and Operations Managers are dedicated to Zone 2.
- (8) Activation will be provided periodically throughout the year and during the holidays in Zone 1. Activation will be provided daily (along with additional holiday events) in Zone 2. The additional Activation provided in Zone 2, combined with the differences in total square footage (as noted above), will result in a greater intensity for Zone 2 estimated to be 2.21 times greater than Zone 1.
- (9) The Executive Director oversees the organization.

APPENDIX B

The following shows the details of the ADT figures used in Section 7.2.2.

Description / ITE Code	ADT per 1,000 sq ft of Building
Racquet Club 491	14.03
Health Club 492	32.93
Bowling Alley 437	33.33
Government Office Building 730	68.93
Free-Standing Discount Superstore 813	50.75
Free-Standing Discount Store 815	57.24
Hardware/Paint Store 816	51.29
Shopping Center 820	42.70
Factory Outlet Center 823	26.59
Quality Restaurant 931	89.95
High Turnover/Sit Down Rest 932	127.15
Automobile Care Center 942	17.80
New Car Sales 841	32.30
Automobile Parts Sales 843	61.91
Tire Store 848	24.87
Supermarket 850	102.24
Discount Supermarket 854	90.86
Wholesale Market 860	6.73
Discount Club 857	41.80
Home Improvement Store 862	30.74
Electronics Superstore 863	45.04
Apparel Store 876	66.40
Drugstore without Drive-Thru 880	90.06
Furniture Store 890	5.06
Drive-in Bank 912	148.15
Average Commercial	54.35

Description / ITE Code	ADT per 1,000 sq ft of Building
Movie Theater without matinee 443	78.06
Recreational Community Center 495	33.82
Library 590	56.24
Average Cultural	56.04

Description / ITE Code	ADT per 1,000 sq ft of Building
General Office 710	11.03
Corporate Headquarters 714	7.98
Single Tenant Office Bldg 715	11.65
Medical Dental Office 720	36.13
Average Office	16.70

Description / ITE Code	ADT per 1,000 sq ft of Building
Elementary School 520	15.43
Middle/ JR. High School 522	13.78
High School 530	12.89
Junior/ Comm. College 540	27.49
Average Educational	17.40

Description / ITE Code	ADT per 1,000 sq ft of Building
Church 560	9.11
Synagogue 561	10.64
Average Philanthropic/Religious/Charitable	9.88

Description / ITE Code	ADT per Dwelling Unit
Apartment 220	6.65
High Rise Apartment 222	4.20
Residential Condo/Townhouse 230	5.81
High Rise Residential Condo 232	4.18
Average Residential	5.21

BART Station

The daily pedestrian traffic assigned to the Civic Center BART Station was estimated using the 2018 Monthly Ridership Reports accessed via www.bart.gov. The entrances and exits from the Civic Center Station were summed for each month, the monthly totals were divided by 30, and the results were averaged.

AFFIDAVIT of Identification (Property Owner)

I, _____, the undersigned, declare that I am authorized to cast a ballot for the following parcel identified as:

_____, as either (1) the sole owner or agent, or (2) co-owner or agent to payment of the assessment which will be levied for the proposed Property and Business Improvement District to be known as the "Civic Center Community Benefit District."

I declare under penalty of perjury under the laws of the State of California that this declaration made this ____ the day of _____, 20 __, in the City and County of San Francisco, is true and correct.

Signature Property Owner/Co-Property Owner/Authorized Agent

Print Name Business Owner/Co-Owner/Authorized Agent

**Ballot on Assessment for the renewal and expansion of the
property-based business improvement district known as the
“Civic Center Community Benefit District”**

«Barcode»

Assessor’s Parcel Number: _____ Address of Parcel: _____

Property Owner’s Name: _____

Property Owner’s Address: _____

Proposed Assessment for this Parcel Beginning 2019-2020 Fiscal Year: _____ of Total: \$ _____

Proposed Range or Inflation Adjustment Formula: The City will calculate each parcel’s assessment using a formula based on the following parcel characteristics: parcel square footage, building square footage, linear street frontage, and land use. The assessment may be updated if the parcel characteristics change. In addition, assessments may also increase by up to 5% per year.

Instructions for Completing and Delivering this Ballot

*To express your view on the proposed assessment and the proposed range or inflation adjustment, check above the line before the word “YES” or “NO” below, then sign and date the ballot.

_____ Yes, I approve the proposed annual assessment described above on the parcel identified in this ballot, and I understand that my assessment could be subject to the inflation adjustment formula described above.

_____ No, I do not approve the proposed annual assessment, on the parcel identified in this ballot, nor the inflation adjustment formula described above.

I hereby declare by penalty of perjury that I am a record owner or authorized agent for the record owner of the parcel listed above.

Signature of Owner of Record, or Authorized Agent Date

Print Name of Owner or Authorized Agent: If Agent of Owner, State Authorization

*After completing your ballot, please mail to:
Director
Department of Elections
P.O. Box _____
San Francisco, CA 94142-2189

To hand deliver, please use the following address:
Director
Department of Elections
City Hall
1 Dr. Carlton B. Goodlett Place, Room 48
San Francisco, CA 94102

Ballots may also be delivered to the Director at the Public Hearing prior to the close of public testimony.

*Ballots may be sent or delivered to the Director at any time, but MUST be received in the mail not later than 12 P.M. (noontime) on the day of the public hearing or in person before the conclusion of the public testimony portion of the public hearing on the proposed assessment and assessment range. That hearing is set for 3:00 p.m. on July 16, 2019. Ballots received after that time will only be counted if the Board elects to continue public comment until a later date.

NOTICE OF PUBLIC HEARING
AND ASSESSMENT BALLOT PROCEEDING

TO: «Name»
 Assessor's Parcel No. «BlockLot»
 «Situs»
 «No»

FROM: John Arntz, Director
 Department of Elections
 City and County of San Francisco

SUBJECT: Notice of Public Hearing and Assessment Ballot Proceeding to consider renewal and expansion of the property-based special assessment district, to be known as the "Civic Center Community Benefit District"

The purpose of this notice is to provide you with information about an assessment ballot proceeding and public hearing being conducted by the Board of Supervisors, and its effect on real property that you own. This notice is being sent to you in accordance with Resolution No. ___ - ___, passed by the Board of Supervisors (a copy of which is enclosed), California Government Code Section 53753, and California Constitution Article XIID Section 4(c).

Please be advised of the following:

- The Board of Supervisors will hold a public hearing on the proposed assessment at 3:00 p.m. on July 16, 2019 or as soon thereafter as the matter may be heard, in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. At this hearing, the Board will hear testimony regarding the proposed assessment. The reason for the assessment is to fund the property-based business improvement district (community benefit district) to be known as the "Civic Center Community Benefit District". The annual assessments would last for 15 years (July 1, 2019 – June 30, 2034) the services, activities, and improvements will be implemented through December 31, 2034. The boundaries of Civic Center Community Benefit District are described in the enclosed Resolution passed by the Board of Supervisors.
- The Civic Center Community Benefit District will fund the following services, activities, and improvements:
 - 1) Clean, Safe, Activation
 - 2) Marketing/Communication
 - 3) Administration/Contingency/City Fees
- Examples of services, activities, and improvements to be funded under the budget category "Clean, Safe, Activation" include, but is not limited to: sidewalk cleaning, sidewalk pressure washing, trash collection, graffiti removal, landscape maintenance, a safe team, a security camera program, oversight of the Civic Center Plaza café kiosk,

daily setup tables, chares, and games in Civic Center Commons, and programs and events such as markets, public art installations, musical performances, block parties, recreational activities, and the annual Holiday Tree Lighting.

- Examples of services, activities, and improvements to be funded under the budget category “Marketing/Communication” include, but is not limited to: destination marketing, branding, events, media relations, website, district stakeholder outreach, and social media..
- Examples of services, activities, and improvements to be funded under the budget category “Administration/Contingency/City Fees” include, but is not limited to: a professional staff to properly manage programs, communicate with stakeholders, to provide leadership, and represent the community with one clear voice. Also included are office expenses, professional services, organizational expenses such as insurance, the cost to conduct a yearly financial review, and other services related to organizational activities..

The proposed fiscal year 2019-2020 assessment for your parcel is «Voter_Proportional».

The duration of the assessment district is 15 ½ years, the authority to levy assessments on your property would be fifteen (15) years (July 1, 2019 – June 30, 2034) with services to be implemented January 1, 2019 through December 31, 2034. The Civic Center Community Benefit District assessment will appear as a separate line item on the property tax bill. The final assessment would be collected on your property tax bill for fiscal year 2033-2034. The City will directly bill any Assessor’s Parcels which do not regularly receive a property tax bill from the City. The amount of the annual assessment for years 2 through 15 would be subject to annual adjustment by an amount not to exceed 5%. The amount of your assessment could also be reduced in a subsequent fiscal year if the amount collected during the prior fiscal year exceeded the costs incurred of providing authorized services in the district. In such a case, your assessment for the subsequent year would be reduced by the share of the excess funds collected that is allocable to your property.

The maximum amount chargeable to the entire assessment district would be a maximum of \$ 3,240,387.14 in the first year. The maximum amount assessed to the entire assessment district over the life of the district (*assuming an annual CPI adjustment of 5% in years 2 through 15*) would be a maximum of \$6,415,744.89. The maximum amount assessed to the entire assessment district for each of the fifteen fiscal years is set forth in the following table.

TOTAL MAXIMUM AMOUNT OF ASSESSMENTS ON ALL PARCELS INCLUDED IN THE PROPOSED DISTRICT FOR EACH FISCAL YEAR, ASSUMING AN ANNUAL INCREASE OF 5% IN YEARS 2 THROUGH 15 ONLY.

YEAR	FISCAL YEAR	MAXIMUM ANNUAL ASSESSMENT
1	FY 2019-2020	\$3,240,387.14
2	FY 2020-2021	\$3,402,406.50
3	FY 2021-2022	\$3,572,526.82
4	FY 2022-2023	\$3,751,153.16
5	FY 2023-2024	\$3,938,710.82
6	FY 2024-2025	\$4,135,646.36
7	FY 2025-2026	\$4,342,428.68
8	FY 2026-2027	\$4,559,550.11
9	FY 2027-2028	\$4,787,527.62
10	FY 2028-2029	\$5,026,904.00
11	FY 2029-2030	\$5,278,249.20
12	FY 2030 - 2031	\$5,542,161.66
13	FY 2031 - 2032	\$5,819,269.74
14	FY 2032-2033	\$6,110,233.23
15	FY 2033 - 2034	\$6,415,744.89

- The first year annual assessment rate for each parcel is calculated at:

Step 1) Calculate Lot Factor

Parcel Lot Square Footage (SF) / District Average Lot SF (4,620 sf) = **Parcel Lot Factor**

Step 2) Calculate Building Factor

Parcel Building SF / District Average Building SF (19,280 sf) = **Parcel Building Factor**

Step 3) Calculate Footage Factor

Parcel's Linear Frontage in Feet / District's Average Linear Frontage in Feet (66 feet) = **Parcel's Frontage Factor**

Step 4) Determine Land Use Benefit Points

<u>Land Use Type</u>	<u>Aesthetic Benefit Points</u>	<u>Safety Benefit Points</u>	<u>Promotional Benefit Points</u>	<u>Livability Benefit Points</u>	<u>Total Land Use Benefit Points</u>
Commercial, Office, Cultural	1.00	1.00	1.00	0.00	3.00
Residential	1.00	1.00	0.00	1.00	3.00
Educational, Philanthropic, Religious, Charitable	1.00	1.00	0.00	0.00	2.00

Step 5) Determine Zone Factor

<u>Service/Activity</u>	<u>Zone 1 Factor</u>	<u>Zone 2 Factor</u>
Cleaning and Maintenance	2.00	6.81
Safety and Activation	2.00	6.30
Marketing and Communications	1.00	1.47
Administration	2.00	2.00
Factor Totals	7.00	16.59
Zone Factor	1.00	2.37

Step 6) Add Lot Factor + Building Factor + Footage Factor

Step 7) Multiply result of Step 6 by Land Use Benefit Points

Step 8) Multiply result of Step 7 by Zone Factor to determine Special Benefit Points

Step 9) Multiply Parcel Special Benefit Points by \$335.28 to determine assessment

In accordance with Section 67.7-1 of the San Francisco Administrative Code, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made a part of the official public record in this matter, and shall be brought to the attention of the Board of Supervisors. Written comments should be addressed to Angela Calvillo, Clerk of the Board, San Francisco Board of Supervisors, Room 244, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102.

ASSESSMENT BALLOT PROCEDURES

Enclosed with this notice, you will find an assessment ballot. Please follow the directions on the assessment ballot to express your view on the proposed assessment. The following is a summary of the procedures governing the return and tabulation of ballots. More detailed information

concerning the ballot procedures is set forth in the enclosed "Procedures for the Completion, Return and Tabulation of Ballots," which is also available on the City's website at www.sfelections.org.

1. You may mail or deliver your ballot to the Director of Elections at the Post Office Box location shown on the ballot, or submit the ballot in person at the Department of Elections, located at City Hall Room 48.
2. Ballots may be sent or delivered to the Director of Elections at any time, but MUST be received by the Director of Elections not later than the conclusion of the public input portion of the public hearing on July 16, 2019 in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102, scheduled to commence at 3 p.m. or as soon thereafter as the matter may be heard. Depending on the nature and extent of public testimony, the public input portion of the hearing may not be concluded on that date, but may instead be continued to a later date. At any time prior to the conclusion of the public input portion of the hearing, you may withdraw your ballot and submit a new or changed ballot in place of the ballot previously submitted. If the public input portion of the hearing is continued to a later date, the deadline for submission of ballots will likewise be extended until the close of public input on that date.
3. The Director of Elections will pick up mailed ballots at 12 o'clock noon from the designated Department of Elections Post Office box on the date scheduled for the public hearing. To ensure that mailed ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing, mailed ballots must be received by the Director of Elections by 12 o'clock noon on July 16, 2019. Mailed ballots received after 12 o'clock noon on the date scheduled for the public hearing will only be counted if the public input portion of the hearing is continued to a later date and the ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing.
4. Only ballots with original signatures - not photocopies of signatures - will be accepted.
5. The Director of Elections will not accept or tabulate a ballot:
 - which is a photocopy without an original signature;
 - which is unsigned;
 - which lacks an identifiable "yes" or "no" vote; or
 - which appears to have been tampered with based upon its appearance or method of delivery.
6. The assessment ballot shall be treated as a disclosable public record during and after the tabulation of the assessment ballots.

7. At the conclusion of the public input portion of the public hearing, the Director of Elections will tabulate the ballots, including those received during the public input portion of the public hearing. If the number of ballots received at the hearing is such that it is not feasible to accurately tabulate the ballots that day, the Board of Supervisors may continue the meeting to a later date for the purpose of obtaining the final tabulation.
8. The Board of Supervisors will not impose the assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. Ballots shall be weighted according to the proposed financial obligation of the affected property.

Should you have any questions, please call or write to: Mr. Cuong Quach, Department of Elections, Room 48, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. Telephone: (415) 554-4342.

MEMO

TO: Angela Calvillo, Clerk of the Board
FROM: Chris Corgas, Senior Program Manager
DATE: April 30, 2019
RE: Civic Center Community Benefit District – Proposed Renewal and Expansion

Enclosed please find the petitions representing 38.07% weighted support for the renewal and expansion of the Civic Center Community Benefit District (Civic Center CBD). The petitions enclosed are consistent with the requirements of the City.

MEMORANDUM

Date: 4.26.19
To: City of San Francisco
From: Aaron Aulenta, Urban Place Consulting Group
Regarding: Civic Center Community Benefit District Renewal

This memo is to serve as the findings from the review of petitions attributable to the proposed renewal of the Civic Center Community Benefit District ("District"). The District includes 773 parcels for a total assessment of \$3,240,387.11. Urban Place Consulting Group has reviewed 113 parcel petitions related to the proposed renewal of the District in the amount of \$1,564,593.65 representing 48.28% of the District assessment were executed in favor of the proposed renewal of the District.

Description	Number of Parcels	Assessment Amount	% of Total Assessment
Petitions in favor of District Formation	113	\$1,564,593.65	48.28%
Petitions opposed to District Formation	27	\$61,478.98	1.90%
Total Executed Petitions	140	\$1,626,072.63	50.18%

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

Legal Owner: 10 SVN LLC

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

CIVIC CENTER COMMUNITY BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

**PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan");
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

"Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO RENEW AND EXPAND THE
CIVIC CENTER COMMUNITY BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "Civic Center Community Benefit District" (hereafter "Civic Center CBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Civic Center CBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the services, improvements and activities as described in the Plan. If the proposed District is established by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2019 – June 30, 2034). Expenditure of those collected assessments for up to 6 months after the end of the assessment collection period (December 31, 2034), at which point the District would terminate if not renewed.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et sq. "Property and Business Improvement District Law of 1994" as augmented by the City and County of San Francisco Business and Tax Regulation Code Article 15 "Business Improvement District Procedure Code").
4. We understand that upon receipt of this petition signed by property owners (or authorized representative of property owners) who will pay more than thirty percent (30%) of the proposed assessments, the Board of Supervisors may initiate proceedings to renew and expand the District. These proceedings will include balloting of property owners under which majority of weighted property owners who return a ballot may authorize the Board of Supervisors to renew and expand the District. This petition does not represent a final decision.

OFFICE OF THE MAYOR
SAN FRANCISCO

LONDON N. BREED
MAYOR

TO: Angela Calvillo, Clerk of the Board of Supervisors
FROM: Sophia Kittler
RE: Resolution of Intention - Renewal and Expansion - Civic Center
Community Benefit District
DATE: April 30, 2019

SK

Resolution declaring the intention of the Board of Supervisors to renew and expand a property-based business improvement district known as the "Civic Center Community Benefit District" and levy a multi-year assessment on all parcels in the district; approving the management district plan and engineer's report and proposed boundaries map for the district; ordering and setting a time and place for a public hearing of the Board of Supervisors, sitting as a Committee of the Whole, on July 16, 2019 at 3:00 p.m.; approving the form of the Notice of Public Hearing and Assessment Ballot Proceeding, and Assessment Ballot; directing environmental findings; and directing the Clerk of the Board of Supervisors to give notice of the public hearing and balloting, as required by law.

Please note that Supervisors Haney and Brown are co-sponsors of this legislation.

Should you have any questions, please contact Sophia Kittler at 415-554-6153.
